One of the acts which delighted local crowds last week today commences a 40-week vaudeville engagement.

It was seen at only two exhibitions, the Canadian National and the local fair.

Another of the acts leaves shortly to play a winter's engagement in London, England.

These facts are mentioned to show the high class nature of the Peterborough Industrial's vaudeville programme, which was booked by Mr. Turner early in the year and which scored an impressive hit during the week

SNAILS OF THE HIGHWAY.

Motorists are being warned against "cutting in", says The Star Weekly. They are being warned against dodging out from behind a car when another is coming in the opposite direction if there is a chance that they will not be able to dodge over in front of it again in time to avoid a collision with the oncoming vehicle. The motorist who attempts this maneuver in a line of cars on the highway finds himself in a perilous plight if the space in front proves too small, or if the space which he occupied is eliminated when he moves out of it on to the left side of the road, so that he cannot fall back into his original position.

There can be little sympathy for the motorist who thus endangers his own life and that of others in order to maintain an excessive speed. Speeders who make a practice of weaving in and out of traffic are punishable and should be punished. But there is another side to it. When two lines of vehicles are moving in opposite directions on a narrow highway, and one of the lines is headed by a loiterer who cares not how long his journey may take, there is no way to get past him except by dodging into danger and out again if possible. He is a menace to highway safety.

The prime purpose of paved highways is to get people from one place to another at reasonable speed. When the highways are crowded, one leisurely or love-making driver can defeat the purpose for which the roads were constructed by making it impossible for others to get on expeditiously towards their goal except at peril of their lives.

YOUTH, OLD AGE, AND WAR.

The writer St. John Ervine has an article in the London Spectator dealing with the charge that old men make the wars which young men have to fight. He puts it in an exaggerated form. "The old and the middle-aged, in short, are malignant muddlers, tyrannical and stupid, and possessed of a lust for the blood of young men." Young gentlemen now in Oxford and Cambridge say that their lives have been wrecked and ruined by the old. The writer does not think that people ought to be thus separated into two rigid and contending groups. He points out that the stoutest supporters of Mussolini, who declare freedom to be a fetish, are young men, and his most resolute opponents old or middle-aged. "When the British ultimatum to the German Government expired at midnight on August 4, 1914, it was not the old Mr. Asquith who walked across the passage with a look of pleasure on his face, but the young Mr. Churchill, and it was the aged John Morley and the elderly John Burns who resigned their salaries rather than consent to be responsible for the war." The young poet Rupert Brooke was glad of the opportunity offered by war, while the old poet, Thomas Hardy, was sorrowful and stern in his denunciation of the makers of war. Bernard Shaw championed the right of free speech.

It must be admitted that St. John Ervine has turned the tables cleverly, but he does it by taking advantage of exaggerated charges against old age. The solid fact which he does not meet is that wars are fought mainly by men under thirty, and that men under that age have little to do with the making of the policies out of which wars arise. It is not necessary to allege that old and middle-aged men deliberately plan wars. A very considerable number of them do what they can to prevent those calamities. But it does immensely increase their responsibility when it is recognized that the debt must be paid largely by youth, which has had no voice in the making of peace or war.

War profiteering is inevitable unless and until wealth is conscripted as well as manhood, and most of the profiteering is done by men who are too old to fight, at least who are not found in the firing-line. In fact, it is not possible to fight and profiteer at the same time. —London Advertiser.

DISTURBING THE BALANCE OF NATURE.

Among the different lines of research work which the Empire Marketing Board is aiding, none, perhaps, is of more importance than the study of insect pests which, it has been calculated, consume ten per cent. of the world's crops and twenty per cent. of the crops grown in the tropics. In this connection the report of the Marketing Board says:

"Among the most effective means known to science of keeping down insects pests is the enlargement upon them of their natural parasitic enemies. Such a remedy can never be employed until exhaustive precautions have been taken to ensure that the parasite will not in its turn do more damage than the insect it was meant to destroy; but striking results have already been obtained in various parts of the world by the release of 'beneficial' parasites. For the development of such work the Empire Marketing Board has approved a grant to the Imperial Bureau of Entomology for the creation of a central laboratory in England for parasite breeding and testing. From this 'Parasite Zoo' consignments will be sent wherever they are required to wage war upon insects devouring the Empire's crops."

The danger referred to in this paragraph of the Empire Marketing Board's report is of the highest importance in any attempt to disturb the balance of nature by introducing insects or animals into localities for the purpose of destroying others which have become a source of peril or loss to a community or country.

A striking illustration of this occurred some years ago in an island of the West Indies. St. Lucia had become infested with a very poisonous snake—the fer de lance. Deaths were occurring very frequently, and the natives were afraid to go into the bush or jungle for fear of being fatally bitten by these poisonous reptiles. It was known that a little animal called the mongoose, about the size of a ferret, common in India, was the deadly enemy of poisonous snakes, and that it possessed the power of neutralizing their poison, so that it could attack and destroy them without injury to itself. A number of these animals were imported into St. Lucia; and they proved very successful in greatly diminishing the numbers of the fer de lance. But a worse evil followed this disturbance of the balance of nature. The mongoose, not satisfied with destroying the poisonous snakes of the Island, began their depredations upon the nests of birds, devouring the eggs of useful and harmless birds, so that soon the numbers of birds began to decrease. This was followed by a plague of ticks, which the birds had been keeping in check, and which infected not only the cattle and sheep, but even the inhabitants of St. Lucia. This, of course, was not anticipated, and the problem then became, how to get rid of the mongoose and to get back the birds.

A similar result may follow the introduction of parasitic enemies of insect pests which are destroying the crops in various Dominions of the Empire if the proper precautions are not taken. The practical value, therefore, of the work contemplated in a central labratory in England for parasitic breeding and testing becomes very apparent. It may, in time, benefit Empire producers to the extent of hundreds of millions of dollars. To carry on this work, only one line of which we have referred to, an Imperial Agricultural Research Conference has been arranged for the coming autumn, the expenses of which will be borne by the Empire Marketing Board.—The New Outlook.

EDITORIAL NOTES AND COMMENT.

Peterborough's Industrial Exhibition has a new attendance record at which to shoot next year.

The Senior Ball Club is following the example of the Senior Hockey Team in giving Peterborough plenty of publicity.

So far the Kiwanis musical competition does not include a class for performers on the bagpipes. But it might be premature to rejoice.

Peterborough lawyers are beginning to make holes in one on the golf links, which is a much more desirable practice than to have them holes in one's pocket book.

September supplied its finest brand of weather for the Peterborough Industrial Exhibition. Never were conditions better for Peterborough's big fair.

We are informed by weekly paper that the skin of the hippopotamus is two inches thick, but then he wants it with a face like that.—Punch.

The United States is establishing a Government rabbit farm in California. All one needs to start a rabbit farm is two rabbits.—Sault Daily Star.

Princess Mary recently christened the navy's "newest and queerest" battleship. We bet she didn't do it with buttermilk either.—Kitchener Daily Record.

It is doubtful if the broadcasting of bagpipe music at Banff will be a success. They can't broadcast the swagger and saucy strut of the pipers.—Hamilton Herald.

No man can serve two masters; yes-men can serve hundreds!—Life.

CATTLE GRAIN, AND PRODUCE

MONTREAL GRAIN AND PRODUCE.

MONTREAL, Sept. 19 (Canadian Press).—A moderate amount of business was done in wheat and barley by Montreal exporters on Saturday with the United Kingdom and the Continent and, in consequence of which there was some demand from them for grain in the local market, sales of Tough No. 3 Northern wheat on spot were made at one cent per bushel over the Winnipeg October option and No. 2 Canadian Western rye at 12½c per bushel over the same option, c.i.f. Montreal.

In sympathy with the break in the future oat market at Winnipeg, local cash prices for Canadian Western oats were reduced two cents per bushel.

The export and local trade in Spring wheat grades of flour was quiet and prices were unchanged. Business in Winter wheat flour was also of a very limited character but values were steady.

A fairly active business was done in all lines of millfeed and prices were firmly maintained. There was no change in standard grades of rolled oats for which the demand was again somewhat limited.

There was some demand from Manchester buyers for Canadian baled hay on Saturday, and some business was done at 82s 6d per ton.

A feature of the egg trade on Saturday was the further strength that developed for strictly fresh extras and prices were advanced two cents per dozen. This was attributed to the good demand and the small supplies available. Other grades were steady. The receipts were 745 cases.

Extreme dullness marked the butter trade and the undertone was inclined to be easier but there was no change in prices. The receipts were 2322 packages.

The cheese trade was quiet on Saturday but prices were firm. The receipts were 7,062 packages.

CHICAGO GRAIN.

CHICAGO, Sept. 19 (Canadian Press).—Crop news from Canada that was contrary to bullish predictions which had been circulated, gave a sharp setback to wheat prices on Saturday. An important unofficial report issued at Winnipeg said the yield of wheat this season in the Canadian Prairie provinces would total only 8,000,000 bushels less than the latest Government estimate.

Closing quotations on wheat were heavy, 1¾c to 2¼cc net lower, corn 1¼ to 2¼c down, oats ½ to ¾c and ¾c off, and provisions varying from 25c decline to a rise of 10c.

Inasmuch as general trade expectation was that the new Canadian crop figures would be curtailed 24,000,000 bushels instead of only 8,000,000 bushels, sellers became numerous, and buyers were relatively scarce. The fresh unofficial estimate was generally regarded here as a virtual confirmation of the Canadian Government forecast the accuracy of which has been much in question. In the face of these developments, word of unwelcome rains and of probable frost in Canada failed to rally the market except for a brief transient interval.

December wheat here closed at the lowest price of the day, and also at the lowest point which that delivery has touched this season. Temporary rallies were more than offset by talk of an impending big movement of Canadian wheat down the Lakes the next few months. Besides, arrivals of new wheat Saturday at Minneapolis and Duluth were more than twice as large as the total a year ago. Meanwhile, export demand for North American wheat Saturday was only fair, with sales of but 400,000 bushels, in all position.

Corn values declined chiefly as a result of fine weather and owing to likelihood of seasonable temperatures ahead. Indications were also for quite liberal receipts of corn next week. Oats were firm early, but weakened later with other grain. Expected buying on bullish reports about the Canadian oats crop turned out to be chiefly a myth.

For the most part, provisions were easier, sympathizing with the action of the corn market and of hog values.

STERLING EXCHANGE

MONTREAL, Sept. 19 (Canadian Press).—Sterling rates were quoted here Saturday as follows:

Demand $4.85¼.
Cables $4.86¾.

ADVERTISE IN THE EXAMINER

WISE AND OTHERWISE.

Gasoline at ten cents a gallon is possible through a German process of reducing coal, bought by American capitalists. If our oil supplies run out in about fifty years, maybe they'll sell us some.

A Parisian proposes to take five days out of the calendar and give them names, leaving 12 months of 30 days each. Fine, if he can think up a rhyme so we can remember when the five days come.

A writer in a medical magazine suggests that patients who undergo operations be told exactly what has been done to them. We thought they could read that in their bank statements.

A Thought For To-day

SELF ASSURANCE

No matter what other merits you possess, they will get you nothing if you haven't the entrails to put them to practice. Until a fellow tries, he doesn't know what he can do. The beginning of all self-confidence is bluff. Men may think they can do things, but they don't know that they can until they try; and therefore the first effort is really a bluff.

Self-assurance means this:

It means that you have confidence in yourself to try.

That you are not afraid to try.

That you will try even in the face of fear or failure.

That you will not let fear and uncertainty hold you back.

Self-assurance is the foundation upon which every successful outcome is begun.

A man must believe in himself to get anything useful out of himself.

But even the man who believes in himself may lack assurance.

The taint of doubt of himself is sometimes man's greatest sin toward himself.

When a man feels "I believe in myself, but there's no use, I can't do it", he never tries.

Self-assurance is the element of human make-up which leads us to try.

And no man knows his worth until he tries, and tries hard.

When a man feels and believes that by trying he can succeed, he tries.

Otherwise he never begins. — T. P. A. Magazine.

VOICE OF PEOPLE

A CORRECTION

Peterborough, Sept. 17, 1927.
The Peterborough Examiner,
Peterborough, Ont.
Dear Sirs,
Re Foster vs. Pammett

Your issue of Friday contained a very erroneous statement with reference to the judgment given in the case of Foster vs. Pammett, a Division Court case, with reference to potatoes.

Your informant appears to have advised you that Mr. Foster won his case, when the facts are that, after hearing the evidence on both sides, His Honor, Judge Huycke, dismissed Mr. Foster's claim, the Judge intimating that as the dispute was for a small amount he would award no costs to either side.

In fairness to myself as the successful defendant in the action I would ask you to insert this correction, so that my friends at the Auburn Woollen Mills and elsewhere will know the real facts.

Yours truly,
Mr. W. JAMES PAMMETT.

Plain Mr. York has a growing audience—growing fast!

Every day more people are exclaiming at the unusual quality of Plain York chocolate.

Triumph of 200 years' experience in fine chocolate making, this delicious, new, velvety smooth Rowntree bar has a chocolate taste that realizes your dream of what chocolate should be. Not too bitter, not too sweet, just right—enjoy it yourself and you'll become enthusiastic too.

Sold everywhere 5c.

IMMUNIZATION CAMPAIGN HAS FIRM SUPPORT

Medical Men Endorse Plan To Protect Children From Diphtheria.

SURE AND HARMLESS.

Dr. McPherson Explains Campaign To Members of Rotary Club.

Details of the campaign by which the children of pre-school age are to be immunized against diphtheria, were explained to the Peterborough Rotary Club to-day by Rotarian Dr. A. W. MacPherson, and the movement was heartily endorsed by Rotarian Alex. Mowat, Inspector of Public Schools, Rotarian Dr. A. Moir, and Rotarian Dr. Bruce Marshall of Montreal.

Rotarian Dr. MacPherson pleaded for the support of Rotarians in educating people to the necessity of protecting children against diphtheria, and overcoming the prejudice that existed in some quarters to such treatment. The disease, he explained, was most prevalent among, and claimed its most victims, from children to young to go to school, and it was proposed to have such children brought to the schools, and given given immunization, free of charge. The use of toxoid as a preventive against diphtheria, Dr. MacPherson said, was a guarantee of protection, and its administration was harmless to the child. In fact the speaker had immunized some one thousand school children without any disturbance being set up.

Dr. MacPherson said that his services would be available to deal with children of pre-school age, and he urged Rotarians to get behind the movement.

Rotarian Alex. Mowat strongly endorsed the campaign, declaring that Peterborough was on the verge of an epidemic of diphtheria. In one school there was diphtheria in the families of ex-pupils, among children too young to go to school.

Rotarian Dr. A. Moir remarked that in the case of diphtheria medical men knew that they had an efficient preventive in the use of toxoid. A comparison of the death rate from disease during the last war as compared with that of earlier wars surely would convince anybody of the progress made in preventive medicine and the protection that was available against diphtheria was more effective than those against other diseases. Dr. Moir related his own experineces in the Sick Children's Hospital when in three years before anto-toxine was used the diphtheria ward was never closed, while in the two years that followed its introduction the ward was open but four weeks.

Rotarian Dr. Bruce Marshall of Montreal, who was a guest to-day, also strongly supported the movement. He pointed out that if similar measures had been taken in Montreal many lives would have been saved during the recent typhoid epidemic. While at one time osteopaths had been opposed to vaccination, they had now come out whole-heartedly in favour of such protection.

At to-day's meeting Rotarian A. L. Killaly gave an interesting report of the District Conference of Rotary Presidents and Secretaries at Bath, N.Y., which he attended. He ran over the programme for the benefit of his fellow members and pointed out that the most important matter discussed was the revision of Rotary's by-laws by which a ways and objects committee was to be chosen by each club to work under the heads (1 club) service, (2) vocational service and (3) community service.

A meeting of the directors and chairmen of committees is to be held to-morrow night to discuss these changes.

18-Year-Old Atheist Plans To Spread Views

NEW YORK, N.Y., Sept. 19.—(United Press.)—An 18 year old Pennsylvania village girl has arrived in New York to save the younger generation from going to hell by abolishing both hell and heaven. She is Miss Christine Walker, national secretary of the Junior Atheist League. Miss Walker is devoting four days of her vacation to conferring with officials of the American Association campaign for bigger and better skepticism in the High schools and colleges of the nation. Her plans for winning over the youth of the land are simple

"We shall organize the young people of this country into an active group," she said in an exhortary, throaty voice. "I have never really studied the Bible, but I have read enough of it to feel that it is false and I want to enlighten the people.

"We shall make a poll of the schools and institutions of the country to determine how many atheists and agnostics there already are and then send Literature to them, showing what religion really is."

GALE DIES DOWN AT LAKE WINNIPEG

Food Supply Is Being Taken To Marooned Cottagers To-day.

WINNIPEG, Sept. 19.—(Canadian Press.)—Reports received from Grand and Victoria Beaches early to-day indicated that the gale which lashed Lake Winnpeg on Saturday and Sunday and marooned nearly four hundred persons at the Canadian National Railway summer resorts was dying down. Cut off from the outside world, it was feared that the people, mainly residents of Winnipeg who were taking a final week end at their summer homes, might run short of food, but moderation of the gale gives promise of early relief. Early to-day a train carrying provisions left Winnipeg for Beaconia, from which it will be conveyed to the cottagers by boat.

Canadian National railway tracks at Beaconia, two miles south of Grand Beach, are under three feet of water, while at Alfred, between Victoria and Grand Beaches, the tracks are also inundated, cutting off temporarily the eastern shore of the summer colony from railway communication.

CANADIAN LADIES IN U.S. GOLF FINAL

Miss Ada Mackenzie Leads in Qualifying Round.

GARDEN CITY, September 19 (Canadian Press). — Mrs. W. G. Fraser, of the Royal Ottawa Golf Club, was safely in the thirty-two qualifiers in the United States women's open golf championship to-day with a card of 82 for the eighteen-hole qualifying round. Mlle. Simone Theon de Lachaume, champion of Great Britain and France, was also assured of a place among the select thirty-two when she turned in a score of 87. Miss Ada Mackenzie, of Toronto, went into the lead with a score of 77. Miss Maureen Orcutt and Mrs. M. Burns are tied for second at 78.

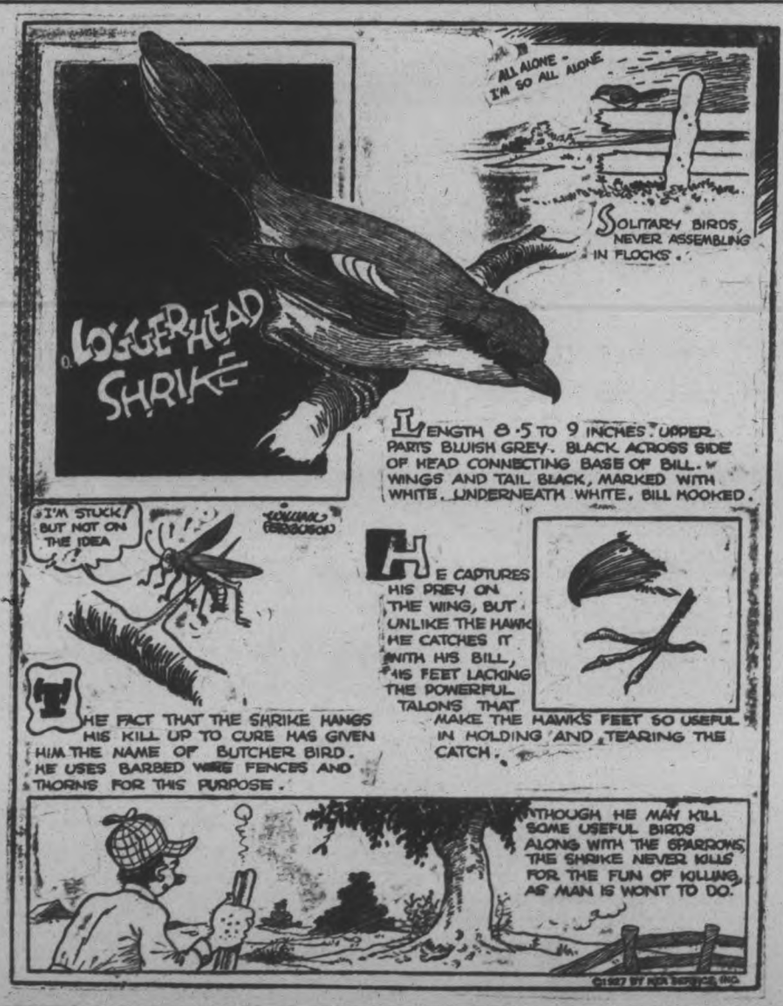
Feathered Facts And Fancies



VOTING SYSTEM TROUBLES IRISH

Can't Get Real Majority For Any Party at Present.

CAN'T MAKE CHANGE.

LONDON, Sept 19.—(United Press.)—The question of abolishing proportional representation in the Irish Free State will come up for serious discussion. It is now obvious that the election must result in a deadlock or so near a deadlock that it does not make a great deal of difference.

Meanwhile the government is in a strange dilemma. Unless it can secure a real majority, it will be unable to change the system and until there is a change in the system it is believed that no government will ever get a real majority.

This may be typical of Irish politics but it is causing some anxiety to those really desiring to see the government of the Free State placed on a basis which would ensure stable rule for the peace of Irish life and Irish industry.

PILES GO QUICK

No Cutting or Salves Needed.

External treatments seldom banish Piles.

The cause is inside—bad circulation.

The blood is stagnant, the veins flabby.

The bowel walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles you must free the circulation—send fresh, healthy blood to the raw, sensitive membranes. Internal treatment is one safe method. Ointments and other external treatments can't give lasting relief.

J. S. Leonhardt, M.D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription HEM-ROID, and tried it in hundreds of cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at McDermid & Jury, McDermid Drug Co., who will gladly refund the purchase prices to any dissatisfied customer.

WEEK'S WORK FACES SYNOD

To-day's Meeting Devoted To Report On Religious Education.

KINGSTON, Sept. 19.—(Canadian Press.)—To-day the General Synod of the Church of England in Canada entered upon the fifth day of its session. Prospects of an early conclusion are rapidly fading as the volume of work still to be covered is large. From present appearances the session will be likely occupied the whole of this week.

The greater part of to-day's meeting will be devoted to the report of the General Board of Religious Education. It is a bulky treatise and covers all phases of the work, Sunday Schools, Public and Private Schools and Colleges. This report, according to the canons, takes precedence at the fifth day of the session. If any time is left it will be devoted to the treasurer's report and the election of the treasurer.

Other items on the agenda are the report of registrar, a motion by Archdeacon Scott, of Quebec, to change the name of the General Synod to "The National Assembly of the Church of England in Canada," and the report of the Commission on Faith and Order.

CARS CRASH; LITTLE HARM

Dinted Fender and Broken Bumper All Damage Caused.

There was a collision on the corner of George and Hunter streets on Saturday night when a north-bound car on George street struck the rear of a west bound car on Hunter, doing little damage except denting the fender.

A car turning short at the C. P. R. station on Saturday at 7.50 p.m., hooked the front bumper of an exhibition-bound bus and tore it loose.

KING GEORGE LENDS A HAND ON THE ROPES

King George apparently is not content to be merely a spectator on his yacht Britannia entered in a race at Cowes. He actually sails her and this picture shows him pulling on a rope with others of the crew just before the start of one of the races.

ROBBERY CLUE TO FUGITIVES

Police Suspect Five Jail Breakers of Robbing Village Bakery.

NEAR LONDON.

LONDON, September 19 (Canadian Press). — Robbery of a bakery at Lambeth, near here, has given the police a possible clue in their search for the five men who broke from the Middlesex County Jail last night. The bakery was cleaned out of a fairly large supply of bread and cakes, and it is thought the fugitives may have replenished their larder for the run to the border.

Turnkeys Hall and Last are recovering rapidly from their injuries. Last's hands were badly torn when the keyring was wrenched from him. The escaping prisoners took the keys with them.

MAN IDENTIFIED FOR EXTRADITION

Charles M. Slayton, 22, Held at Butte, Wanted in Quebec.

BUTTE, Mont., Sept. 19 (Canadian Press).—Identification of Charles M. Slayton, 22, who has been held in jail here since August 23 on a charge of forgery, as one of the three alleged to have murdered Adelard Bouchard, Lachine, Que., taxi driver, last July 17, was said to-day to have been established. Slayton's alleged accomplices, Mr. and Mrs. Harry Carter, are held in Denver, pending extradition to Canada.

Prevent Corroded Battery Terminals

Have you a car? or a radio using a wet "A" Battery? Then wash the terminal connections with a quart of water containing a teaspoonful of Gillex. Do this about every third month and you will never have corroded connections. Gillex, besides being a grease-and-dirt-remover, gives metal the power to resist the corroding influence of battery acids. Naturally, your battery will give better service and last longer.

* * *

On Friday evening, Mrs. D. Carmichael entertained at three tables for bridge for her daughter-in-law, Mrs. Hugh Carmichael, who is leaving to join her husband, Dr. Carmichael, at the Mayo Brothers' Clinic in Rochester, Minn.

* * *

Miss Maxwell Hamilton of Lakefield leaves this week to enroll at Compton College, Quebec.

* * *

Miss F. Dixon has returned to the city after spending some weeks at Kawartha Park.

* * *

Mr. and Mrs. H. O. Fisk have returned home from Stoney Lake.

* * *

The engagement is announced of Kathleen Elizabeth, daughter of the late Mrs. M. J. Nixon, Sault Ste. Marie, Ont, to Mr. A. Gordon Skinner, New Liskeard, son of Mr. and Mrs. Alexander W. Skinner, Cobourg. The marriage to take place during the latter part of this month.

* * *

Miss Laura Lambe, R.N., of Ottawa, is the guest of her aunts, the Misses Rubidge, Stewart Street.

* * *

Mr. and Mrs. M. B. Kennedy of Perth, Ontario, announce the engagement of their daughter, Marion Bell, to Mr. Albert Ernest Batten of Lakefield, Ontario, son of Mr. and Mrs. Richard Batten of Peterborough. The marriage to take place early in October.

* * *

Mr. and Mrs. Gerald Rackham are spending their honeymoon at Mr. Rackham's cottage at Stoney Lake.

DRESS
By MARY MARSHALL

The new airplane turban has a wire ribbon wing effect at the front and a rhinestone pin in the shape of a propeller.

Milliners seem to be particularly sensitive to the trend of current events, and while the dress makers and the shoemakers and the rest are still considering possible ways of showing in their wares their recognition of certain popular public events the milliners have their tricks not only thought out but already incorporated in the shape of a new turban or the trimming of a new hat.

No sooner had Lindbergh landed in France than the French milliners set to work to make airplane hats, and we can imagine that while the rest of Paris was out celebrating the happy event in true French manner, the millinery designers were back in their workrooms feverishly working at wires and frames, silks and velvets to celebrate the event in their own particular way. At least it would seem so, judging from the results.

American milliners were not far behind those of France, and now that we have settled down to a season of airplane adventure the passing fad of the airplane hat seems to have become a settled fashion.

I have seen a number of striking airplane hats, some of the first of them perhaps a little too striking, but one—which is shown in the sketch today—strikes me as being as smart as it is timely.

I wonder if you would like a pattern for cutting the petals needed in making the rag flowers that dressmakers are using so effectively as shoulder decorations on the new frocks? If you send me a self-addressed, stamped envelope I will gladly send you the pattern with directions for making the flowers and a sketch showing the latest way of arranging them. Usually they are made from scraps of the material from which the frock is made—and this is easy enough if you are making a frock at home. But often they are made of contrasting material and if you have a bit of silk of attractive color or figure you may turn it to account by making one or two of these posies to wear on some frock of a harmonizing color.

There is an interesting new evening bandeau that any girl could make. It consists of a piece of four or five-inch wide ribbon—long enough to go across the bust at the front and under the arms. The ends of the ribbon are laid in folds and attached to bands of garter elastic—and the elastic, covered with a narrow ribbon case like a fancy garter, fits across the back and holds the bandeau securely in position. You just slip the bandeau over your head and shoulders, put it in position and there you are with a bandeau of the sort you like to wear under a dainty evening frock.

MARY MARSHALL.

HOROSCOPE

The Stars Incline, but do not Compel.

(Copyright, 1927, McClure Syndicate.)
TUESDAY, SEPTEMBER 20, 1927

Benefic aspects dominate today, according to astrology, which finds it most stimulating for certain of Earth's activities.

This should be a fortunate rule for all sorts of trade and appears to presage for merchants and manufacturers great profits.

The seers prophesy that cheap commodities will give way to those that are more costly, the period of bargain-hunting being on the wane.

This is read as a fortunate sway under which to consult physicians or to begin health culture.

There is a promising sign for those who would collect debts, or set their business affairs in order.

Appendicitis is to be more prevalent than usual, it is forecast and there should be quick recognition of symptoms.

Science is to make tremendous progress in the study of the human body, attention being directed to phenomena associated with the functioning of the mind, astrologers foretell.

Occultism is to flourish and to intrude its claims on territory not previously invaded, the seers prognosticate.

Again the stars smile on cooks and cooking. Women and men, too, will be greatly concerned about the chemical aspects of food, it is forecast.

Increase in the number of forgeries and embezzlements will be a matter of great concern in the next few months, the astrologers are to be believed.

Great extravagances will be indulged in by the wealthy in the coming winter, it is foretold, and this is always a sign to be read gravely since it presages some national calamity.

Persons whose birthdate it is have the augury of a year good in all respects.

Children born on this day usually will succeed best in public offices. Many soldiers are born under this sign.

MAIL ORDERS ARE BEING ACCEPTED

Rush To Obtain Seats For Edward Johnson Concert is Phenomenal.

Mail orders for the Edward Johnson Concert, to be given under Kiwanis Club auspices on September 29, are being rapidly filled, and there are indications that the Grand Opera House may not hold all who wish to hear the world's greatest tenor.

For the convenience of those who wish to make certain of having seats, the following information is given:

Requests for seats should be sent to the Grand Opera House, with price enclosed. The prices, including tax, are $2.20, $1.65, and $1.10. A stamped addressed envelope should be included for the return of tickets.

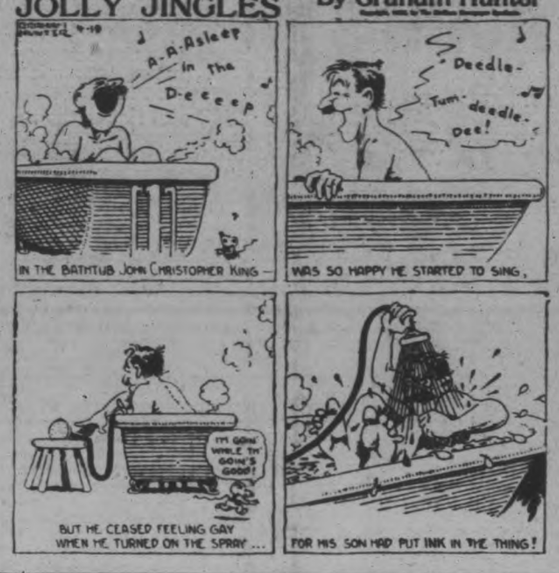
FALL TRIMMINGS

A stunning black kasha dress with a touch of cream lace at the throat takes the pin-tucked road to chic by having almost an all-over goemetric design made by pin tucks.

MISSIONARY NURSE.

Miss B. R. Terry, R.N., Toronto, Ontario, nurse, left recently to begin work at the new medical outpost All Saints' hospital, Aklavik, North West Territory, which has been opened under the auspices of the Mackenzie River diocese of the Anglican church.

JOLLY JINGLES
By Graham Hunter



SAINT and SINNER
By ANNE AUSTIN

(Continued from yesterday.)

After her painful but ultimately satisfactory interview with Mrs. Lundy, which had resulted in Faith's giving her almost perfect cook-housekeeper a two weeks' notice, Faith dressed herself hurriedly, telephoned to her sister-in-law, Fay Lane, to make sure that her brother and her father would both be at the Myrtle Street house for lunch, then set out by street car for her brother's house.

The shabby, rambling old house in which she had passed her childhood and girlhood was so changed, inside and out, that if Faith had not watched the transformation slowly take place she would not have known it. Junior, her twenty-two-year-old brother, who had been so "wild" before his marriage, had painted the bluish-gray old house a soft, rich yellow, trimmed with the crisp cool green of mid-summer grass. Fay had planted and tended a multitude of flowers, so that, even in September, the yard was riotous with blooms. Jim Lane himself had taken great pride in putting in new cement walks and a driveway for the lumbering, fantastically decorated motor truck in which "Long" Lane peddled his automobile accessories and supplies.

She found pretty little Fay serving luncheon, "Long" and his father, Jim Lane, seated at the dining table, laid with a hand-embroidered linen cloth of Fay's making. Faith regarded the scene for a moment with envious eyes, which took in not only the daintiness of her sister-in-law's table, but the fond, happy expression on "Long's" face, the contentment of her father. He had not looked that way at her table!

"Tickled to death to have you, Sis!" Junior told her sincerely. "Fay loves to have a chance to show off her cooking. Best little cook in seven counties."

In spite of Faith's rather strained quietness, for she loathed that which she had come to do, the meal was a gay affair, made so by Junior's constant, fond teasing of his demure little wife. Again the ache of envy throbbed in Faith's heart. If only Bob treated her as her brother treated his wife—as a beloved companion, a sort of child-woman whom he adored and could not praise enough. Why were "Long" and Fay so happy? What was the secret of the success of their marriage, for which dire failure had been predicted by both Fay's family and his own? Surely that quiet, demure little person was not capable of loving Junior as deeply, as tenderly, as passionately as she loved Bob! And Junior himself was not half the man that Bob Hathaway was. The boy boasted of no greater ambition than to make a lot of money selling automobile accessories, that he had no "higher nature," that he was perfectly content to eat, sleep, make love, and work. Not like Bob, who wanted to create beautiful buildings, who was a real "highbrow" when it came to books, pictures and music. But Junior and Fay were as happy as a pair of irresponsible children, apparently more in love with each other than when they were married. What was the answer?

"You wanted to see me, Sis?" Junior grinned at her, as he pushed back his chair. "I've got to beat it in a minute. Gotta see a man," and he chuckled as he used the phrase which had once so exasperated his father and mother, when they had tried to pry into his outside activities.

"It's not a secret, Fay," Faith forced herself to include her sister-in-law, as Fay was slipping away to the kitchen. "The fact is, Dad—Junior— I need a hundred and fifty dollars. Bob mustn't know. It's—I've been extravagant. But I'll pay you back out of my housekeeping allowance, each week." Her cheeks were scarlet, but her eyes defied them to suspect the truth, to censure her adored husband.

(To be continued.)

WOOLER NEWS

WOOLER, Sept. 19.—Mr. and Mrs Robert Cummings of Peterborough, spent the week end with Mr. and Mrs. S. L. Terrill.

Mr. and Mrs. D. W. Terrill, Lindsay, spent the week end with Mr. and Mrs. C. R. Terrill.

Helen McColl, had her tonsils removed ten days ago and on Saturday was stricken with hemorrhage of the nose.

Mr. and Mrs. W. A. McColl left for Kingston on Monday morning, to attend the Exhibition.

Mr. and Mrs. J. R. McColl entertained Mr. and Mrs. Fred Peister, Codrington, Mr. and Mrs. Irvine Scott and Mr. and Mrs. Warrington Scott in honor of the thirty-eighth wedding anniversary of Mr. and Mrs. Scott, on Sunday.

Mr. and Mrs. Frank Morgan and Mrs. Alice Gunter of York Road called on Mr. and Mrs. L. H. Rowe on Sunday.

On Saturday a large number of people gathered at the home of Miss Bernice Sharpe for the Mission Circle Meeting.

Miss Jean Walker, nurse in Boston, is spending her holidays with her parents, Mr. and Mrs. Walker.

Mrs. Henry Curry and Mrs. Clara Terrill spent Sunday in Frankford with Mrs. Etta Weaver and daughter, Marjorie.

Mission Band was held at the stone school house, on Sunday afternoon.

Mr. and Mrs. John McIntyre were the guest of Mr. and Mrs. George Kilbanks on Sunday.

Mr. and Mrs. Putnam, of Brighton, are the guests of their son, Mr. and Mrs. Roy Putnam.

Mrs. E. McConnell returned home after spending two weeks in Toronto.

Mr. and Mrs. Wilfred Simpson, of Detroit are spending a holiday with their parents, Mr. and Mrs. L. C. McColl.

Mr. John S. Stacey, contractor, is finishing the 28 by 80 upper addition to the school in the village, which is now one of the finest schools in the district, and the formal official opening will take place on Friday evening.

The regular meeting of the Murray Council was held in Council chamber at 1 p.m., with the members all present and the Reeve in the chair.

L. C. McColl, Constable, was appointed an officer under the Ontario Liquor Control Act by by-law No. 967.

William Ashley was appointed Noxious Weed Inspector for the Township of Murray at a salary of fifty dollars per annum.

W. H. Crews, tax collector at a salary of two hundred dollars for 1927, providing the bonds are satisfactory. The Council fixed rates as follows: County rate, 10 8-10 mills; township rate 8 ½ mills; and special 6 5-10 mills.

The W.F.M.S. meeting was held on Saturday afternoon at the home of Miss Edith Valentine.

Mrs. William Aruis returned home after spending a few days in Bloomfield.

Mrs. Lydia Nelson, accompanied her son, Sterling, to Newmarket, where he will attend school, under the supervision of the "Friends" Society.

Much sympathy is being extended to Mrs. Willet Simpson, and family in their sad bereavement.

Mr. and Mrs. Arthur Nelson and family spent Friday evening with Mrs. Lydia Nelson.

LADIES' AID MEETS

Arranges To Serve Meals at Gathering of Presbytery.

NORHAM, Sept. 19.—On Wednesday afternoon, a special meeting of the Norham Ladies' Aid was held in the church hall. Plans were made for serving meals at the Cobourg Presbytery meeting which is to be held in the Norham church, next Thursday.

TRADE MARK

RADIO MERGER IS EFFECTED

Erla and McLagan Companies United To Canadian Trade.

OBTAIN LICENSES.

CHICAGO, Sept. 19.—Prominent Canadian and American radio and cabinet manufacturing interests were joined in an operating merger concluded between the McLagan Furniture Company, of Stratford, Ontario, Canada's largest manufacturers of phonographs and quality furniture, and the Electrical Research Laboratories (Erla) of Chicago.

A new company, to be known as McLagan-Erla, Limited, has been formed, with headquarters and plant at Stratford, Ontario, to take over manufacture of Erla receivers, phono-radio combinations, power units, reproducers and accessories for all Canadian provinces.

Officials of the new company are D. M. Wright, president, G. A. Pearson, vice-president, and L. J. Salter, Secretary-Treasurer. Messrs. Wright and Salter are president and secretary-treasurer, respectively, of the McLagan Furniture Company, while Mr. Pearson is president of the Electrical Research Laboratories.

License has been granted the new concern to operate under all Canadian radio patents controlled by Canadian Radio Patents Limited, corresponding to patents held in the United States by Radio Corporation of America. In addition, the concern is licensed under patent applications of Radio Frequency Laboratories covering the bridge balanced circuit used exclusively in Erla models.

Through manufacturing in Canada, the firm will escape both the duty and other import costs heretofore assessed upon Erla receivers in Canada, and also the limitation upon imports prescribed in licenses granted by Canadian Radio Patents Limited to concerns manufacturing outside the Dominion.

Both the prestige of the McLagan Furniture Company and the good will earned by Erla products during previous years in the Canadian market assure the McLagan-Erla combination a Canadian trade following of highest order, especially now that license restrictions imposed by Canadian Radio Patents Limited have reduced the number of radio manufacturers operating in Canada from fifty to not more than fifteen.

Volume of business already scheduled by Canadian Erla distributors before the conclusion of the merger totalled well over $250,000. Advantages resulting from the merger are certain to increase this volume many times over, officials of the company state.

BOOK REVIEW

RELIGION IN THE SCHOOL CURRICULUM.

(By Rev. John Bleadon Myer, D.D., formerly at St. John's Church in 1922-23.)

The underlying idea of the whole book is the relation of the seen to the unseen world of thought, ideal, aspiration, moral or religious life.

This relation is applied to the various subjects of the school curriculum in the successive chapters of the book, as language, physics, natural law, physiology, etc.

In physics, for example, light means truth, water means purity of thought and newness of life, as blood, i.e., physical life, means moral life or love while sound can speak of peace and harmony as well as of discord and chaos.

These relations are not alone an evidence that the mind of man has always been seeking for outward analogies to its inner experiences. The relations are fixed in the nature of things because the Creator created in order to express these very spiritual truths. This is God's way of speaking. Creative acts are the words of God. When He would say "truth" he makes light: when He would express strength or majesty, He forms mountains; when He would express freshness, purity and renewal of life, He does so in a river, or when he would reveal the beauty of moral-worth he makes a flower.

Man's mind is so constituted as to seek out these analogies because it is the offspring of God's mind, made in the image thereof, a little particle of the divine light (divinæ particula auræ).

The concluding chapters of the book give the last word on the general relation of God to the world and the problem of pain and suffering. Accepting the immanence of God as meaning that He is present in thought and act in every chemical change and biological experience, so as to struggle Himself where there is struggling and to suffer Himself where there is suffering, and accepting evolution as an evidence of the continually operative energy and purpose of God toward the production of moral-worth in free persons, the attainment of valued moral ends; it is shown that the individual's struggle and suffering should be patiently and courageously, or even thankfully, borne as bound up in this beneficent process, as a partnership with God in that well worthwhile effort, which alone gives meaning to the history of the universe, as the only road to the production of those moral values which man as human has always really most valued, just because they are ultimately the highest or the distinctively human values, love and truth, which lift man above the brute; which also are the divine values, for God is Light and God is Love.

The book includes a chapter on the teacher, i.e., methods in teaching, and on the use of acts and analogical stories in teaching, parable and pantomine.

UNLINED COATS

Unlined velveteen, crepe and georgette coats are the mid-season's most characteristic contribution to style.

SPOOL CUFFS

The spool cuff is very new. It is a tight six inch cuff of self material with ruffs of fur around both edges, giving it a spool shape.

3 Hygienic Worries
Women Formerly Experienced
Uniquely Overcome

By ELLEN J. BUCKLAND
Registered Nurse

OLD-TIME "sanitary pads" are largely being supplanted now. They lacked efficiency in three embarrassing ways. 8 in 10 better-class women now employ a new way called KOTEX.

Kotex ends the fear of light frocks and long hours under the most severe hygienic situation. Filled with *Cellucotton* wadding, the world's super-absorbent, it is *5 times as absorbent* as the ordinary cotton pad.

It ends also another worry—*it deodorizes completely as it acts.* And it ends forever the embarrassment of disposal. It discards like tissue; *no laundry.*

Get Kotex at any store. 12 in box. Look for name "Kotex" on box. If not there, watch out; it isn't genuine Kotex.

KOTEX
No laundry—discard like tissue

Uncle Wiggily
By Howard R. Garis

To-day's Bedtime Story

(Copyright, 1927, McClure Syndicate.)

UNCLE WIGGILY AND THE PIRATE CAVE

Jackie and Peetie Bow Wow, with Johnnie and Billie Bushytail and Billie Wagtail, had come down to the ocean beach to visit some of Uncle Wiggily's forty 'leven little rabbit boys.

"This is a fine place here!" bleated Billie the goat. "You can go in swimming and everything; can't you?"

"Sure!" answered Stumble Longears, falling over a wisp of seaweed.

"Have you got any Pirate caves here?" barked Jackie Bow Wow.

"What's a Pirate cave?" Bumble Longears wanted to know.

"A Pirate cave," explained Jackie, "is a hole in a side hill, near the ocean, where Pirates go in and hide and they capture ships and make the crew give

up all their gold and jewels and have a fine time."

"I shouldn't think," said Baby Bunty, who ran down the beach to hear what the boys were talking about, "I shouldn't think the crew of a ship would have a fine time after they gave their gold and jewels to the Pirates in the cave."

"The crew doesn't have the fine times, it's the Pirates, silly!" laughed Jackie.

"Sure, Pirates have fun!" barked Peetie.

"Then let's be Pirates—if we can find a cave," suggested Johnnie Bushytail.

"There ought to be plenty of caves along here," chattered his brother Billie "Let's look for one."

So the visiting boys and the rabbit lads, who had been staying at the seashore some time, together with Baby Bunty, ran along the sand until, in the side of a hill on which grew long, sedge grass, they found a hole, or cavern, or, as Jackie called it, a "Pirate Cave."

"Oh, I wouldn't go in there!" cried Baby Bunty when she had seen how dark it was. "It's black and scary and you don't know who's inside."

"There's nobody in there," declared Jackie. "Maybe Pirates used to be in there, but they're gone now and we'll go in and get their gold and jewels that they took off crews of ships."

So the boys ran into the cave, shouting and laughing, and after a while, finding that nothing happened, Baby Bunty followed. But all there was in the cave seemed to be sand and old sea shells.

"No gold or jewels at all!" sighed Jackie.

"I'll tell you what we can do!" bleated Billie the goat. "Let's invite somebody in here that has gold and jewels and ask them please to let us have enough to buy some lollypops."

"That's right!" barked Peetie. "We'll turn Pirates ourselves and get somebody in this cave. They'll like to come. Maybe they'd even pay to look at the cave same as you pay to look at a moving picture."

"Sure!" cried all the other boys. And then, as if the same thought had come to each one, they all exclaimed: "Uncle Wiggily!"

"We'll get Uncle Wiggily to come in this Pirate cave," said Jackie, "and he will give us gold and jewels enough to buy a lot of lollypops."

"How will we get him here?" asked Johnnie Bushytail.

"Invite him, of course," answered Peetie. "Where's Baby Bunty?" he went on. And when she came timidly into the cave the boys asked her if she would find Uncle Wiggily and ask him to come to the Pirate den to give up his gold and jewels so the Pirates could have lollypops.

"I'll ask him, but I don't believe he'll come," said Bunty. "It's too scary in there." However, away she hopped and soon she found Uncle Wiggily on the hot sands taking a nap.

"Ho! So the Pirates want my gold and jewels, do they?" chuckled the rabbit gentleman with a twinkle of his pink nose. "Well, I think I will play a little trick on them, Bunty."

"What sort of a trick?" asked the little orphan rabbit.

"I'll get the Police Dog to lend me his brass buttons, uniform, cap and stock," said Mr. Longears. "I'll dress up like a Police Dog and go to the cave and make believe I have come to arrest the Pirates."

"Oh, what fun that will be!" laughed Bunty, clapping her paws. "How scared those boys will be! Come on; let's play the trick!"

A little later Uncle Wiggily, dressed as a Police Dog, and followed by Baby Bunty, hopped slowly toward the Pirate cave. But, as they neared it instead of jolly shouts and laughter coming out were heard cries of:

"Help! Help! Oh, he's going to bite us! Oh, help us!"

"There is trouble here!" shouted Mr. Longears. "The boy Pirates must be in a terrible fix! I must help them!" And how he did and what sort of a fix the boy Pirates were in you shall hear in the next story, which will be about Uncle Wiggily saving the Pirates.

FASHION NOTES.

DISTENDED SKIRT

A rose satin dinner gown has fitted bodice and swathed nipline with the distended skirt flaring surprisingly below the hips.

SUNBURST TUCKS

A stunning camel's-hair coat for winter uses sunburst tucks to give a yoke effect with ensuing fullness belted in smartly by a suede belt.

BLACK LACE

A black lace gown has a sweet beading of silver at neck and armholes with the skirt flounced in silver lace embroidered in colors.

GLITTERING MATERIALS

Instead of garish metal designs, winter materials take new richness by having the gold woven into the materials so it just gleams through.

GODETS RETURN

The godet skirt and coat has returned. A blue satin frock emphasizes this feature by using the dull side of the material for the godets.

WIDE SLEEVES

A black faille dress with laced bodice effect over cream lace, has old-fashioned sleeves that hug the arm to the elbow and then flare.

NEW HAIR-CUTS

The new bobs grow more and more feminine—curls and swirls, if possible, but at least irregular ends which give a fringed hairline.

PARASOL TRIMMING

Snakeskin has graduated into the realm of parasols. Colored silk ones take bandings of the skin and handle straps, to match purses.

SLUMBER KING

Steel ribbon and coil construction conforms to your body and supports two people in same comfort as one.

$12

Smooth ends and sides. Nothing to tear the bedclothes. Slumber King is noiseless, easy to keep clean.

Reed Work.

Reed lamp: Mrs. M. Dobson. Reed tray: Mrs. Puttick, Mrs. Dobson. Reed sandwich tray: Mrs. Dobson. Reed flower basket: Mrs. Dobson.

Work Done by Old Ladies.

Knitted quilt: M. Lancaster, A. Carl. Cotton piecework quilt: A. Carl, M. Lancaster. Silk piecework quilt: W. Brackenridge. Knitted socks: Mrs. Hurry, Mrs. H. Armstrong. Crochet work: Mrs. Welsh. Embroidery work: Mrs. Hurry. Piece of plain hand sewing: Mrs. Hurry. Best darning: Mrs. Hurry.

Hall's special prize for embroidery work, Mrs. Puttick.

SIR ARTHUR CURRIE

(Continued from page one.)

participate in such an occasion. To march again at the head of the men who had been his comrades for four years of war was a pleasure not soon to be forgotten.

The unveiling of the memorial at this time of year was particularly touching, since no other time could have filled the memories of the Canadian people with remembrances of those who would never return as could September. In that month were fought some of the bloodiest battles of the war, Somme, Courcellette, Cambrai, Bourlon Wood, and many other engagements.

Sir Arthur pointed out that the country dare not forget its dead. Theirs is a story immortal of courage, devotion to duty, determination. A tale which time can never efface, of valorous deeds and stirring scenes which memory oftimes recalls. He pointed out the fact that while the memorial brought sorrow to the bereaved, there was yet another point of view. Death, he said, comes to every man. It is the end of everything for each and every one of us sooner or later. But while ti comes to every man, few are privileged to die a glorious death as did those who fell on Flanders' Fields.

Wars Useless

With the passing of time, said Sir Arthur, people have become disillusioned. War as a solution to world problems is useless. It is never worth the cost, but for sound principles and the right of their native land, men are still willing to die that posterity may prosper. They were of the same material as the Fathers of Confederation. The gallant stand of the Canadians made victory certain when they held the line in the name of their native land and Mother Country. Be not afraid, oh dead, said Sir Arthur, and quoted several verses of the poem beginning with those lines. Then, grasping the line attached to the huge flags draped over the memorial, General Sir Arthur Currie, G.M.C.G., K.C.B., LL.D., in the name of the glorious dead, pronounced the Benediction as the flags fell away, revealing a four-sided pyramidal fountain of concrete structure with the names of the Brighton men on a bronze plate.

While the motionless crowd stood bareheaded, the guard of honor presented arms and the trumpet sounded "Last Post" and "Reveille." The wreaths from various branches of the legion were placed at the foot.

The Glorious Dead.

The names on the monument are John Benter, Sidney Betts, William Briggs, William Carr, Clarence Coulter, Stanley Hare, Cecil Darkins, Clarence La Danvern, William La Danvern, William E. Fitzgerald, William Cosgrave, Arthur Hennesey, Harry F. Hutchins, Robert Johnson, Donald Young-Leslie, Allan McMaster, Wellington R. Metcalf, Alexander Patterson, Frank D. Richardson, William H. Rittwage, Geo. Rowley, Walter Taylor, John Tough, George Waite, Frank Wannamaker, C. Burton Wilkins, Edward Wilson, Frank Wilson, and William Windover.

Above the bronze plate bearing the names is a stone square with the names, Ypres, Amiens, Hill 70, Arras. On the next side is a similar group: St. Eloi, Cambrai, Somme, Mons. The block on the third side reads: Dardanelles, Zeebruge, Jutland, while the fourth group reads Passchendaele, Courcellete, Vimy, St. Julien.

The massed choirs were from the churches of Smithfield, Hilton, Orland, Colborne and Brighton. Their singing of the hymns was splendid. The firing party and guard of honor were selected from the Campbellford company of the 40th Regiment.

Bandsman Lowe, himself a veteran, sounded the Last Post and Reveille. The notes from his trumpet rang clear as they had man a time in other parts of the world when on active service.

After the ceremony, Sir Arthur Currie spent some time in renewing acquaintances with friends in the crowd.

The Brighton War Memorial is a splendid structure of concrete. It stands in a prominent position in Memorial Park, on the north side of the highway which forms the main street of Brighton. The citizens of the town are proud of the stately structure which will remain long after they themselves, a silent tribute to the men who paid the supreme sacrifice.

Silk is the cheapest of all fabrics in Madagascar and women of all ranks wear it.

NOT WORRIED!

The above letter, written by Vera M. Haist of Seaforth, Ontario, is an indication of the favor LUX has found with millions of women.

Women praise LUX because it can always be depended upon to do its work well — and without danger to fabrics.

And, moreover, women everywhere, who use LUX for many purposes say that it is the height of economy.

L736

49 MAGAZINES LIABLE TO DUTY

Revenue Department Puts All Fiction Periodicals in Novel Class.

PAY 25 PER CENT.

OTTAWA, Sept. 19.—The Canadian Department of National Revenue has declared forty-nine American periodicals, containing for the most part fiction writing to be subject to a duty of 25 per cent. These publications are: Ace High Magazine, Action Stories, Adventure, Argosy-All Story Weekly, Amazing Stories, Best Stories, Black Mask, The Blue Book Magazine, Clues, Complete Novel Magazine, Complete Stories, Cowboy Stories, Cupid's Diary, The Danger Trail; Detective Stories Magazine, Dream World, Flynn's Weekly, Frontier Stories, The Golden Magazine, Golden West Magazine, Lariat Stories Magazine, Love Story Magazine, Live Stories, Love Romances, Moving Picture Magazine, Mystery Magazine, North West Stories, The Popular Magazine, The Premier Magazine, Ranch Romances, Real Detective Tales, Secrets, Short Stories, Smart Set, Sport Story Magazine, Sweetheart Stories, Thrilling Tales, Thrills, Topnotch Magazine, Triplex Magazine, True Detective Mysteries, True Experiences, True Marriage Stories, True Romance, True Story Magazine, The Underworld, War Stories, Western Story Magazine, Weird Tales.

Hitherto these publications have been entering Canada free of customs duty as magazines. The periodicals run the whole gamut of thrill, romance and adventure from stories of the underworld to stories of the screen. They tell tales of the dream world and unravel the mysteries of crime. The decision in its formal language holds that "periodical publications, consisting almost wholly of fiction and not containing a reasonable amount of critical and descriptive articles, news items or articles relative thereto or to current topics declared to be not entitled to entry under tariff item 184 as magazines."

Tariff item 184 provides for free entry of magazines. Periodicals held not to be so classified will come under dutiable items. The forty-nine specified under the department's ruling will probably all now be classified as unbound novels and be dutiable under the general tariff—which is applicable to the United States—at 25 per cent.

An Italian woman, named Toffana, who lived in the 17th century, was the world's most famous poisoner. She had more than 600 victims to her credit before she was apprehended and executed.

Lewis Wakeman, a teacher in a school near Troy, Kansas, offered a stick of gum to the pupils for each mouse caught in the schoolhouse. The children responded with seventy-five mice.

What is Irene telling the Atlantic Ace?

THE PUZZLE EXPLAINED

Delos, the "Fighting Ace", is leaving by air to conquer the Atlantic. Disappointed at not being able to take his sweetheart, Irene, on the perilous journey, he tells her to look for a gift from Paris —What is Irene's answer?

There are nine words in Irene's reply—each group of numbers represents a word—number the alphabet from A to Z—A is No. 1—B is No. 2, and so on—the first word, "DON'T", is spelled properly, but the remaining words are jumbled, with the first letter of each word in its proper place. Figure out the answer to the puzzle and send your answer today.

WHY PRIZES ARE GIVEN

We are an old-established, "Direct-to-Wearer" Mail Order House and, to arouse public interest in this Wonderful, Money-Saving method of buying, and to advertise our famous "Lady Ledon" Lingerie, Hosiery and other knitted apparel, these remarkable cash prizes are offered. If you want to win $500.00 Cash, spend a few minutes right now on the puzzle and send your answer in today. Follow the rules carefully to be sure of a prize.

FOLLOW THESE RULES TO WIN!

1—Write your answer with pen and ink NEATLY and PLAINLY in the middle of a square sheet of paper. 2—Place your name and full address in top right hand corner of sheet. State whether Mr., Mrs. or Miss. 3—Place name and date of this paper in lower left hand corner. 4—Only the above should appear on your entry: Further remarks, if any, should be made on a separate sheet. 5—Employees or relatives of persons connected with Ledon Knitting Mills Co. are barred from this contest. 6—Entries will be judged according to points gained by a committee of prominent Toronto business men in no way connected with this company, and their decision shall be final.

Every contestant who solves five or more words of the puzzle correctly receives an immediate award (value $1.00) in addition to any other prize.

NOT A SELLING CONTEST

You do not have to sell anything to win any of the prizes. You have the same chance to win $500.00 as anybody else.

When your entry reaches us you will be advised the number of points gained and asked to purchase a small sample order to introduce our goods. Rush your answer—you have MUCH TO GAIN and no obligation.

Mail your answer today — THIS ADVERTISEMENT MAY NOT APPEAR AGAIN!

$1,100.00 CASH

IN PRIZES
26 Prizes in all
1st PRIZE
$500 Cash
2nd PRIZE
$200.00 CASH
3rd—$100.00 CASH
4th—$50.00 CASH
TEN $10.00 PRIZES
TEN $5.00 PRIZES
Two Special
$50 PRIZES

Miss ——, Schumacher, Ont., winner of First Prize of $600.00 in our last contest. Names and addresses of 19 other prize winners on request.

RUSH YOUR ANSWER TO-DAY—PLEASE ENCLOSE STAMP FOR REPLY.

Petes Lose Out in Second Game of Series

DESPITE HARDILL'S GREAT WORK PETES LOSE SECOND GAME OF SERIES WITH TORONTO CHAMPS

St. George's Win 3 to 2, Although Held to Four Hits, Two of Them Scratchy, By Petes' Clever Young Twirler.

MISJUDGED FLY CAUSES THE LOSS.

Hardill, On Top of His Pitching, Leads Both Teams With the Willow and is Individual Star of the Game.

(By F .D. C.)

Outlucked rather than outplayed the Petes were beaten 3 run to 2 in the second game of the Senior O.B. A.A. semi-finals with St. George's at the Leafs' Stadium in Toronto Saturday and the series is now tied with one each with the third and deciding game to be played at the Stadium on Saturday.

Jeff Hardill, the Petes' young right-hander, proved the sensation of the ball game and only the toughest kind of breaks kept the laurels of victory from the brow of the big youngster. Showing speed and stuff that amazed the crowd of 4,000 fans in the stands Hardill baffled the Saints inning after inning. He mixed a fast ball that had plenty of smoke with a sharp breaking hook and a puzzling cross fire that had the Toronto champs bewildered, and during the first six frames but one safe hit was registered against him. The Saints got only four altogether and one was a gift.

The Petes had picked up two runs on their own account in the third and with this lead the ball game looked to be on ice as Hardill mowed down the batters. St. George's, however, staged a rally in the seventh when, after Sniderman had walked and had been forced at second on O'Driscoll's bounder to Johnston, Boyd caught a wide hook on the end of his bat and shot a double down the left field foul line. Younder drove a slow roller to Holyman, who made a beautiful throw to get the batter at first, O'Driscoll scoring The Saints sent Evans, a left-handed batter in to hit for Swan and the move was justified when the pinch hitter cut a single through short sending Boyd in with the tieing run.

And then came the first of the tough breaks that cost the Petes the game.

Gillespie, the Saints' pitcher, was the next batter and raised a weak fly to right field that should have been the third out. Batten did not muff the short lift—had he done so no damage would have resulted as Fraser, the next batter, rolled out—but he did worse than drop the ball: he ran in too far and the soft fly fell behind him and rolled away while Evans carried the winning run home from first and Gillespie galloped round to third. It was a fluke triple, but it won the verdict.

The Hectic Ninth.

Break No. 2 came in the ninth when once more the Petes had the game almost in their grasp and let it slip out. Heckman was sent in to bat for Holyman, the first batter up, and drew a walk. Hardill who had already come through with two clean hits contributed a third at this timely moment, singling through short, and then Ray Rose hoisted a fly to short right field which Younder dropped, and the bases were filled with nobody out.

You couldn't ask for anything better than that. The Petes' bench was in an uproar and the Saints' rooters in the stands sat silent waiting for the final blow.

It looked as if Harvey Gillespie, unbeaten pitcher of the T.A.B.A. winners, was to be defeated at last.

Almost anything would tie the score, a fly to the outfield, an error, a walk or a hit—in fact any kind of a clean hit would probably send in two counters.

Johnston was the first batter and he rapped a grounder at Yank Boyd, who shot the ball to the plate in time to force Heckman.

Not so good.

Max Swanston whose sharp single had driven in the Petes' two runs in the third next faced Gillespie.

This time he tapped one at Radke and the Saints' third sacker came up with the ball and tossed to O'Driscoll in time to nip Hardill at the plate.

Much worse.

It was all up to Fred Ash, who had already singled twice. There was still hope until Ash lifted a fly high in the air over the infield and Gillespie made the put out himself to wind up the battle.

A Great Game.

It was a great ball game, enhanced by a perfect field, splendid weather, a large and sporting crowd, and good umpiring.

Hardill's pitching overshadowed the work of Gillespie as much as the Petes' pitcher towered over the Saints' star physically, and the Petes outhit and outfielded their rivals throughout but the vagaries of fortune decided the issue.

Gillespie worked steadily and was at his best when in a tight corner. He was in trouble in four or five innings and Verrall was warming up in the bull pen all afternoon, ready to go to the rescue, but Gillespie weathered the storm in every inning but the third. Twice Hap Harrison came up with a couple of teammates on the runways but the Saints' ace forced him to roll weakly to Fraser on the first occasion and on the second struck him out. As a matter of fact the Petes had ten men left on the bases as against four Saints and Gillespie must be given credit for steadiness under fire all through the game and particularly in that hectic ninth inning that had the crowd wild with excitement.

It was Hardill's day all round for on top of his great pitching he led the batters of both teams, cracking out a ringing double and two singles in four times up. Swanston and Ash with a pair of singles each were the only other players to get more than one hit, none of the Saints managing to do so.

The Petes outhit their rivals 8 to 4 and had but one error as against four by the winners, the team making a fine impression upon the Toronto fans. Rose did some great fielding at second and several plays by Tommy Holyman were outstanding. Boyd contributed the feature play for the Saints when he dived after Swanston's roller and, stretched out on the ground, tossed the ball to Younder starting a double killing.

First Inning.

Peterboro—Rose out to Fraser. Johnston went out, Boyd to Fraser. Swanston safe on a hard chance to short. Ash safe on Boyd's wild heave but Fraser got the rebounding ball off the cement wall and caught Swanston at third on a perfect throw to Radke. 0 runs, 1 hit, 1 error.

St. George's—Fraser fanned weakly. Swing was thrown out by Rose. Radke flied to deep left. 0 runs, 0 hits, 0 errors.

Second Inning.

Peterboro—Harrison flied out to Swing in left. Jim Hall was thrown out by Younder. Batten fanned on three of Gillespie's drops. 0 runs, 0 hits, 0 errors.

St. George's—Sniderman safe when Harrison lost Hardill's low throw. O'Driscoll sacrificed Sniderman along, Hardill to Harrison. Boyd walked. Younder hit into a double killing to Rose, who touched second and thre wto Harrison. 0 runs, 0 hits, 1 error.

Third Inning.

Peterboro—Holyman fouled out to Fraser. Hardill doubled to right. Rose was hit by Gillespie's pitch. Johnston went out when Gillespie grabbed his roller and threw to Fraser while kneeling down. Swanston singled to left, scoring Hardill and Rose. Ash beat a hit to Boyd. Harrison rolled out to Fraser. 2 runs, 3 hits, 0 errors.

St. George's—Swan rolled out to short. Gillespie was thrown out by Rose. Fraser fanned for the second time. 0 runs, 0 hits, 0 errors.

Fourth Inning.

Peterboro—Jim Hall bounced out to Gillespie. Boyd threw out Batten. Holyman was safe when Radke booted his roller. Hardill singled hard to right, sending Holyman to third. Rose went out, Gillespie to Fraser. 0 runs, 1 hit, 1 error.

St. George's—Swing out, Rose to Harrison. Radke rolled out to Harrison. Sniderman doubled to centre, making second by fast running. O'Driscoll was thrown out by Holyman. 0 runs, 1 hit, 0 errors.

Fifth Inning.

Peterboro—Johnson fouled out to O'Driscoll. Swanston safe on Younder's muff. Ash singled to short left. Harrison fanned, swinging hard. Jim Hall was thrown out by Younder. 0 runs, 1 hit, 1 error.

St. George's—Boyd walked again. Younder sacrificed. Swan fouled to Harrison. Gillespie out, pitcher to first on a close play. 0 runs, 0 hits, 0 errors.

Sixth Inning.

Peterboro—Batten flied out to Boyd. Holyman lifted to Younder. Hardill got a big hand when he came to the plate. Hardill flied to left. 0 runs, 0 hits, 0 errors.

St. George's—Fraser was thrown out by Johnston. Swing was called out on strikes. Radke skied to left. 0 runs, 0 hits, 0 errors.

Seventh Inning.

Peterboro—Rose fouled out to Fraser. Johnston walked. Swanston hit into a double play, Boyd to Younder to Fraser. Boyd made the stop of a hard grounder and threw to second while lying at full length. 0 runs, 0 hits, 0 errors.

St. George's—The stand was in an uproar when Sniderman came up. Sniderman drew a walk. O'Driscoll forced Sniderman at second, Johnston to Rose. Boyd doubled down left foul line. Younder hit hard to short, scoring O'Driscoll. After bluffing a throw, Holyman threw Younder out. Evans, batting for Swan, singled through short, scoring Boyd. Gillespie got a fluke triple to right, scoring Evans, when Batten misjudged a short lift. Jack Hall replaced Batten. Fraser was thrown out by Holyman. 3 runs, 3 hits, 0 errors.

Evans went to right field in place of Swan.

Eighth Inning.

Peterboro—Ash was tossed out by Younder. Harrison lifted out, Sniderman running away in for his high hoist. Jim Hall was safe on a hard chance to deep short, though Boyd made a fine barehanded stop but drew Fraser off the bag with his long throw. Jack Hall struck cut. 0 runs, 1 hit, 0 errors.

St. George's—Swing fanned. Radke bounced out to Harrison. Sniderman flied to right. 0 runs, 0 hits, 0 errors.

Ninth Inning.

Peterboro—Heckman, batting for Holyman, walked. Hardill crashed a single through short. Rose safe, filling the bases, when Younder lost the lift behind first. Johnston roiled to Boyd, forcing Heckman at the plate. Swanston rolled to Radke, forcing Hardill at the plate. Ash popped up to Gillespie. 0 runs, 1 hit, 1 error.

Peterboro:	AB	R	H	PO	A	E
Rose, 2b	4	1	0	2	4	0

Score by innings:
Peterborough ..... 00200000—2
St. George's ..... 00000030x—3

Summary: Two-base hits—Hardill, Sniderman, Boyd. Three-base hit—Gillespie. Sacrifice hits—O'Driscoll, Younder. Double plays—Boyd to Younder to Fraser, Rose to Harrison. Struck out—by Gillespie 3, by Hardill 4. Bases on balls—off Gillespie 2, off Hardill 3. Hit by pitcher—by Gillespie (Rose). Left on bases—Peterboro 10, St. George's 4. Time of game—1 hour and 45 minutes. Attendance—4,000. Umpires—Sheppard and Burridge.

But two of the four hits registered against Hardill were clean. The big boy turned in a great card and was easily the individual star of the performance.

Saturday's game attracted a lot of baseball celebrities from near and far. Among those who called on the Petes were Nip Dwan, the old Hillcrest manager, and Duke Hennessey, hit catcher, Mickey Murray down from Galt for the battle, and Hank Morrison, the Oshawa third baseman. Scout Knotty Lee looked the game over from a box seat.

The Saints got a break in the opening frame. After Swanston had singled with two out, Boyd made a high throw to first on Ash's roller. On the local field ground rules would have sent Swanston to third and Ash to second but at the Stadium the ball remains in play and in this case it rebounded off the wall into Fraser's hands in time to nip Swanston at third.

Jack Hall could not get off work in time to accompany the Petes but motored up and was just too late to get into the starting line up. That made it necessary to use Batten in right field and, as he is the only utility infielder the Petes have, he was left in the game to be ready to go to short in the event of Holyman's injured side not standing the strain.

For the second time in the series the winning pitcher has made the hit that won his own game. Al Heckman did the trick here last Wednesday and Gillespie duplicated the stunt Saturday, although his puny fly should have been an easy out.

Next Saturday's game is expected to attract a record crowd. Nobody who was there Saturday would think of missing it.

Baseball is a funny old game. On Wednesday Fraser, the Saints' captain, made three hits in four times. He was moved up to lead-off position Saturday and failed to reach first base; in fact he struck out twice.

Sniderman, the Saints' centre fielder, has given the Petes more trouble than any other of the Toronto crew. He has been up nine times and has reached first on seven occasions, while one of his outs was a sacrifice fly.

The strike out victims Saturday were Fraser twice and Swing twice for Saints, and Batten, Jack Hall and Harrison for the Petes.

So far in the series the Petes have outhit the St. George's 18 to 14 and have made only 3 errors as against 7 by the Saints. The Peterboro pitchers have struck out 9 men while Verrall and Gillespie have fanned five. In runs the teams are equal with six each. The Petes lead in double plays two to one.

In Saturday's game the Petes had men on base in every innings but the second and sixth. St. George's failed to get a man on in four innings.

Sniderman's double with two on in the fourth was the only hit off Hardill until Boyd doubled with one gone in the seventh.

Hardill made more clean hits himself than the Saints collected off his delivery and yet he lost. The Petes' battery was responsible for five of the eight hits made by the Lake Shore champs and their hitting accounted for the Petes' two runs.

"'Twas a lucky win" said a headline in The Toronto Star, and even Bunny Morganson of The Telegram will have to agree with that.

CAMPBELLFORD WINS TOURNEY

Take Five Out of Seven Events in the Tennis Tournament.

AGAINST PETERBOROUGH.

CAMPBELLFORD, September 19.—The Campbellford Lawn Tennis Club continued to win fame on Friday afternoon when they won five out of the seven events played in a tournament against Peterborough. The scores were: Weston, Campbellford, won from Jackson, Peterborough, 7-5, 6-0. Harry Free lost to Dr. Hewitt, 8-6, 6-4, and 8-6. In the ladies' singles, Josephine Longmore won from Mrs. Jackson, 6-0, 6-2. In the ladies' doubles, Misses Dorothy Linton and Verna Shore won from Mrs. Vernon and Miss Hayes, 9-7, 3-6, 6-0. Miss Jessie Weston and Dr H. B. Longmore won their mixed double event against Mr. Langley and Mrs. Hewitt, 6-0, 6-2. Mr. Vernon and Mrs. Cranfield gave J. M. Bell and Miss L. Smith a closer contest, 7-5, 6-4, 7-5. Peterborough's other victory came in the men's doubles, when Hilton Beatty and Wilbert Kingston lost their event, 6-4, 4-6, 3-6.

Campbellford won 5 and lost 2.
Peterborough won 2 and lost 5.

JUMPING CONTESTS AT THE EXHIBITION

Three Exhibitions Given By Horses From Toronto Stables.

Three exhibitions were given by the horses from the Toronto stables at the Exhibition on Saturday. The jumping surpassed that of Friday and was witnessed by the largest crowd that ever packed the grandstand. Jim, owned by Alfred Rogers, won the ladies 'event, having three points scored against him; Black Douglass, owned and ridden by Miss Kay Bredin was second, and Black Fox third. In the race Miss Jean White, riding Captain B. from the O'Connor stables made a very creditable showing. It was Miss White's first attempt to ride a hunter and in the eight jumps she had only a few points marked against her.

In Class four 12 horses entered with Cameron from the Sifton stables making a perfect record. Uplands owned by A. Rogers was second and Limerick from the O'Connor stables third. At the end of the eight jumps Uplands and Limerick were tied with one point each marked against them but in the jump off Uplands was the winner by four points.

In the touch and cut class Cameron again made a perfect score when he cleared the eight bars. Capt. B. and Uplands both went out in the fifth jump and in the jump-off Uplands went out in the third, and Captain B. in the second.

Alfred Rogers, F. J. O'Connors, Sir Clifford Sifton, The Toronto Hunt Club officials, and Miss Kay Bredin expressed themselves as greatly surprised with the fair, and said that it ought to be in A Class. They all promised to come back next year, when they would give a better jumping exhibition than ever.

GIANTS SPLIT DOUBLE BILL

Cincinnati Reds Win the First Game 7-0, Losing Second 4-2.

PIRATES LOSE OUT.

NEW YORK, Sept. 19 (Canadian Press).—Cincinnati and New York divided a double header at Cincinnati yesterday 7 to 0, and 4 to 2.

In the first game Lucas put a temporary stop to the pennant aspirations of the Giants, holding them to three hits while the Reds made merry with three Giant pitchers.

In the second game New York Jumped on Jakie May before he got his bearings and ran up a lead that the Reds could not overcome.

New York only got two men as far as second base in the first game.

New York got an early start in the final game, as they scored three in the first inning. Taylor's double and Lindstrom's single were responsible for the fourth and last run.

The Phillies were polished off in both games of a twin bill by the Cardinals at St. Louis, 7 to 3, and 8 to 3, giving the world's champions three straight victories in the series.

In their clean sweep of yesterday's double header the Cardinals gained a game on Pittsburgh and New York, working up to within a half game of the latter.

Bottomly, the Cardinal first baseman, swatted a homer in both games, while Williams, the Philly right fielder, shoved his home run tally up to 27 with a circuit drive in the opening game. Grover Cleveland Alexander, veteran Cardinal twirler, pitched his twentieth victory in the first game.

Neither team unloosened anything but ordinary ball playing, both games being described by sport scribes as "just two ball games."

Boston Wins 11—7

Boston finally broke its losing streak after 15 straight defeats, in a wild free-for-all all game at Chicago, defeating the Cubs 11 to 7.

Chicago started off with a two-run lead in the first inning, but the Braves came back in the third, pushing over three runs on a scratch hit and four successive wild throws. The Cubs regained the lead in the fifth by bunching hits for three more tallies, only to have Boston go ahead again in the eighth inning by driving Sheriff Blake from the mound by a shower of hits and an error for four runs. The Cubs' eighth inning rally fell one run short of tying it up. Boston went out against Charley Root, the Cubs' mound star, in the ninth, and hammered him freely for three more runs to clinch the victory. When the Cubs went out in order in the ninth, the happy Braves hoisted Bob Smith to their shoulders.

Sets New Record In Hurdle Race

STOCKHOLM, Sweden, Sept. 19. — Canadian Press Cable via Reuters. — Running in the 110 meters hurdle race at the Stadium here yesterday, Sten Petterson established what is claimed to be a world's record, when he completed the distance in 14 7-10 seconds.

The official world's record is held by Earl Thomson of Prince Albert, Saskatchewan, who won this event at the Antwerp Olympiad, on August 18, 1920, doing the distance in 14 4-5 seconds. Thomson is a former Dartmouth College, N. H., star.

JUST JACK WINS HONORS

Captures First Money in Classified Race at Exhibition on Saturday.

LU GRATTAN SECOND.

Just Jack, owned by R. Elmhurst, of Lang, and driven by H. Elmhurst, captured first money in the classified race at the Exhibition on Saturday afternoon. This was the only race of the day, and the whole four heats were very closely contested. Charles Schooley's Lu Grattan took second money, and gave Just Jack a hard race in each of the three heats. Doris Patch, owned by N. Langstaff, of Campbellcroft, was third, and Hal E., from A. Elmhurst's stables, was fourth.

The racing programme was not as large as had been expected by the Exhibitnon Board, as several of the local race horse owners had taken their horses to other fairs.

E. E. Labarr, of Belleville, was the presiding judge, and starter. This was the first year Mr. LaBarr has ever handled the bell at the Peterborough Exhibition, and in the three days' racing he showed that he could get large fields of horses off in a way that deserved nothing but favourable comment. On Friday he started the largest field of horses to ever enter a race on the local track, and on Saturday the horses went off practically every time with no scoring. The last heat was one of the finest starts four horses on a clay track have ever been given.

Classified Race—Purse $300.

Just Jack, R. Elmhurst, Lang	1	1	1
Lu Grattan, C. Schooley	2	2	2
Doris Patch, N. Langstaff, Campbellcroft	3	3	3
Hal E., A. Elmhurst, Indian River	4	4	4

Time—2.18, 2.17¼, 2.17¼.

Officials.

Presiding judge and starter—E. E. Labarr, Belleville.

Judges—Merton Storey and J. M. Brooks.

Timers—Gus White and Lou Ferguson.

YANKEES WIN DOUBLE HEADER

Within Two Games of Setting New American League Record.

DEFEAT WHITE SOX.

NEW YORK Sept. 19.—(Canadian Press.) — The Yankees took both games of yesterday's double header from the Chicago White Sox, 2 to 1, and 5 to 1, and now are within two games of setting a new American League record for games won during a season. The Hugmen have won 104 contests and the League mark is 105 games, established by the Boston Red Sox in 1912.

Babe Ruth poled out his 54th home run of the season in the fifth inning of the second game. Ted Lyons was pitching and Koenig was on base. The Babe is now only five home runs behind his 1921 record.

Pipgras bested Thomas in the first game, allowing the Sox only four hits. A double by Falk and a triple by Kemm saved Chicago from a shutout. Gehrig's triple and Lazzeri's sacrifice fly in the sixth sent across the winning run for the Yanks.

Waite Hoyt registered his 22nd victory of the season in the second contest. The contest was marked by six double plays, both infields turning in three. The champions bunched their hits in the third and fifth innings for the victory.

Cleveland scored a 10 inning victory over the Senators at Washington, 6 to 4. Burns' double brought home Richrodt, who had walked, and Summa who had been hit by a pitched ball with the winning runs.

Only games scheduled.

Sets New Mark For Running Broad Jump

CINCINNATI, Ohio, Sept. 19 (Canadian Press.) — De-Hart Hubbard, Cincinnati negro athlete and holder of the world's record for running broad jump, set a new mark when he cleared 26 feet 2¼ inches at a municipal track meet here Saturday. His former mark was 25 feet 10⅝ inches. This record was made by Hubbard when he was a student at the University of Michigan, several years ago.

Hubbard also equalled the world's record of 9 3-5 seconds for the hundred yard dash in yesterday's meet, held under the sponsorship of the Public Recreation Commission.

STAGE RALLY IN THE NINTH TO DEFEAT LOCAL JUVENILES

Ottawa Qualified to Enter the Finals for O.B.A.A. Championship.

CLOSE CONTEST.

Petes Unable to Hold the Early Lead Obtained in the First.

KINGSTON, Ont., September 19.—Staging a great rally in the last of the ninth, when they scored four runs to tie up the game, Ottawa Juveniles followed it up with the winning run in their play-off game with Peterborough here this afternoon, and qualified to enter the finals for the O.B.A.A. championship with the winners of the Toronto-Guelph play-off. It was one of the best-played games seen here this year, and was one of those battles in which the under dogs came to the front right at the very end. Only an unsurpassable gameness allowed the Capital boys to romp home in front in the tenth inning, for it looked like a certain Peterborough victory when the last of the ninth came around and two men were out.

Peterborough lost because they were unable to hold a lead, and because Cripps cracked at the crucial stages. Just as he had victory within his grasp, four straight hits drove him to the showers, and two more in the tenth ended the fray.

Ottawa scored first, grabbing off a run in the third inning on two singles and a couple of stolen bases. In the fifth, three singles, a stolen base, a hit batsman, and a sacrifice gave Peterborough three runs, and a lead which they maintained until the ninth. In their share of the fifth, Ottawa shoved in another counter. It looked like the "curtain" for Ottawa in the seventh when Peterborough fell on Taylor for three more runs, making the score six to two. Two singles and a double and a sacrifice did the work. For the seventh and eighth, Peterborough played bang-up ball and it seemed like an easy victory. In the last of the ninth Blanford started what seemed like a forlorn hope when he dropped a single down the third base line. The next two men went out though Blanford was advanced to third. Then started a heavy barrage, singles being made by Sharp, Collins, and Bennett, along with a triple by Switzer, and when Taylor fanned for the third out, the game was tied.

In the last of the tenth, Purdy started with a single. Blanford popped to Hartley, but McGill won the game when he drove Purdy home with a long two-bagger to centre. The box score was:

Peterboro.	AB	R	H	PO	A	E

NOW PLAYING

DELORO TAKES OPENING GAME FROM KINGSTON

Beats Circle Six in First Game of Intermediate Semi-Finals.

SCORE 5 TO 1.

Champions Hit Buck Hard, While Wood Turns Back Visitors.

Favored with sunny weather and a good crowd Deloro played the Circle Six of Kingston on the home diamond on Saturday afternoon in the third round of the O.B.A.A. semi-finals, the game going to Deloro by score of 5 to 1.

Wood, pitching for Deloro, turned in one of the best games of his career. The ex-Peterborough boy struck out five and walked six as against two struck out and five walker by his rival, Buck.

After a scoreless first in which Boudreau hit into a double play, loud was the cheering when Jack opened Deloro's half of the 2nd with a splendid triple to left; Regan's double scoring the captain. Bond popped out, and Hughes singled. Brown tripled to centre, scoring two. Wood and J. Quinn popped out to second.

Tight play by both teams arrested further scoring until the sixth, though Deloro had the bases filled in the fifth when A. Quinn and Beaudreau worked a double steal.

In the sixth, with two men out, Brown singled off Jerry Arniel's shins. Wood bunted safe, advancing Brown. J. Quinn brought both home with a neat double to centre.

The last run of the game went to Kingston in the seventh. Reid fanned. McPherson, hit by a pitched ball, reached third on a overthrow by catcher to first. Jimmy Arniel walked. Buck hit towards right, Arniel being hit by the batted ball. Jerry Arneil singled, McPherson crossing the plate. Buck took third and Arniel second on a passed ball. Tetro walked, filled the bases. Elliott grounded out to Wood.

Spectacular play marked the first half of the eighth. A. Quinn went back into right field to get Purvis' fly. Joyce grounded out to Hughes. Reid doubled to centre. Jack fielded the ball and with an ideal peg threw Reid out at plate.

The game was one of the best seen on the home diamond, and evidence was not wanting that Kingston will not say good-bye to championship prospects without a stern struggle. The second game at Kingston on Wednesday is an attraction which will draw hundreds from intermediate points as well as the many from the districts of the contending teams.

Kingston—Jerry Arniel, ss; Tetro, rf; Elliott, 3b; Purvis, 1b; Joyce, lf; Reid, cf; McPherson, 2b; Jimmy Arneil, c; Buck, p.

Deloro.—J. Quinn, c; A. Quinn, 2b; Boudreau, rf; Jack, ss; Regan, 3b; Bond, cf; Hughes, 3b; Brown, lf; Wood, p.

Umpires—Collings at the plate; Gerow on bases.

THISTLE WON PECK TROPHY FROM MASSEYS

The Losers Had Only Nine Men Against Thistle's Full Team.

SCORE 4 TO 2.

Masseys Cracked Ten Minutes Before the Finish of the Game.

The luckiest win during the season gave the Thistle possession of the E. A. Peck Soccer Cup on Saturday afternoon from the Masseys, who put up a wonderful display with nine men against the winners' full team, by the score of four goals to two, at King Edward Park.

Cup Presented

At the conclusion of the game, E. A. Peck, M.P., presented the cup to Captain Bromley of the Thistle, who made a suitable reply. It was in 1912 that the C.G.E. won the trophy first; Owls in 1922; Canadian Woollens, 1923; Canadian Woollens, 1924, and Quakers in 1925. This will be the first time that the Thistle will have their name engraved upon the trophy.

Hanson Surprise Goal

After three minutes play, Willis inaugurated a movement along the wing that had the Thistle defence bewildered when he shot across into goal. Griffin did not see Hanson standing close by until the latter put his nine-men team ahead of the opposing full eleven, when his left footer found the net. The Thistle replied with a spirited attack against a strong defence of the Masseys, who gave no latitude around the goal area, which compelled the attacking forwards to miss the desired citadel. Two flag-kicks in favor of the Thistle failed to gain any result. Blowers cleared up-field to his left winger that finally forced them to be on the alert to prevent the versatile Geo. Logan from scoring.

Logan Always Brilliant

With only two players on each side of him, Willis and Hanson, the centre-man had the defence upset many a time through mis-judgment and mis-kicking.

Poor Attempts at Goal

Throughout the first half, the Thistle made repeated attacks to try and get the equalizer, but it never materialized before half time. Masseys 1, Thistle 0.

Half Time

The second half opened up at a fast pace, with the Masseys taking the initiative to keep the Jags busy saving their goal from a downfall. In fact, it was Willis' brilliant effort from the extreme wing that made Griffin throw himself up-in-the-air to give away a fruitless corner-kick.

McPhate-Dawson Goal

On mid-field, Binks beat two opponents in clever tackles and left McPhate on a empty wing, a chance to make progress towards goal. He drew the two full-backs close to his play and lifted the ball into mid-air to Dawson, who lobbed it into the net past Fowler.

Logan's Individual Play

Repeated manoeuvres for position while in possession of the ball by Logan upset the Thistle defence time and again, but he made them look easy when he jumped in between them to hold the ball at his foot and touching it into the net for a two to one lead. After many exchanges on mid-field play, McPhate eventually brought success to his team when he banged a low grounder into the net.

Masseys Cracked

With the two teams again on an even basis, they battled away until ten minutes before the finish when the nine men cracked against the full eleven, when Tait scored from 20-yard range. His shot rose up in the air as his right foot connected on the run, and Fowler saved inside the goal crossbar to make the ball bulge the net inside the crossbar. With only four minutes to go, Dawson made it four goals to two. Thistle 4, Massey 2.

Goal scorers.—Thistle: Dawson 2, McPhate and Tait. Masseys: Hanson and George Logan.

Masseys—Fowler, goal; Buchan and Wade, backs; Laidler, Mann and Blowers, halves; Willis, George Logan and Hanson, forwards.

Thistle.—Griffin, goal; McLeod and Turner, backs; Burgess, Binks and Bromley, halves; McKenzie, Tait, Dawson, Cameron and McPhate, forwards.

Referee.—Alex. Mitchell.

KIWANIS KIDS LOSE OPENER

Beaten 11-9 in Bantam Final at Toronto, By Moss Park.

CUT DOWN LEAD.

Kiwanis Bantams journeyed to Riverdale Park Saturday afternoon for the O.B.A.A. bantam final, losing to Moss Park, T.A.B.A. champions by 11 to 9, but the winners will have to trot out a better brand of ball to win here. The Moss Park boys had them on the run from the second innings but Peterborough crept up in the last four frames, until they had Moss Park looking for the lights to save them, and only smart fielding in the last inning won the game for Hirst. Hirst pitched a nice game, making 14 Petes strike out, while Woods' slow curve just fitted the Toronto bats, and it was showers for him in the third. Braund took up the burden and after the fourth inning was invincible. The score:

Peterboro.

Wild pitches—Braund 1. Passed ball—Murphy. Hit by pitcher—Murphy, O'Brien, Foley.

SYRACUSE WINS SECOND PLACE

Wind Up League Campaign at Home By Defeating Bisons 9-5.

HALTED IN SEVENTH.

NEW YORK, September 19. Canadian Press. — Syracuse wound up its International League campaign yesterday at home by beating Buffalo 9 to 3 in a game halted by rain in the seventh. The Stars finished second to Buffalo in the pennant chase but won the distinction of being the only team in the league to take the season's series from the herd winning 14 games from the Bisons as against 10 losses to them. The Stars took two series from Buffalo and broke even in four others. Joe Brown, the second baseman, was chosen by a committee of five fans and three baseball writers, as the most valuable player on the Syracuse team, and received a check for $100, and an emblem worth $50.

Brown was purchased from Newark last winter and participated in 164 of 169 games played, hitting for an average of .293. Brown received 23 of a possible 24 votes.

Syracuse played one more game than the scheduled 168, engaging in a draw game with Rochester here in mid-season.

Manager Burt Shotton and Pitcher Bill Hallahan were also honored by the fans. Shotton received a shotgun and Hallahan flowers.

Newark closed the season at home by defeating Jersey City 3 to 1, and thus finished the race in third place.

A home run in the eighth by Hep Meyer, with one on, settled the issue. Sheehan's single, followed by Moore's triple gave the Skeeters their run.

It was the 25th victory of the season for Al Mamaux. Jocke Conlan crashed his 200th hit of the season in the eighth and Kingdon, by contributing two singles, finished with an average of .300 for the year.

After the League game the two teams played a seven inning exhibition which the Skeeters won 4 to 1.

Rochester and Toronto closed their International League season at Rochester, the Canadians celebrating by taking both ends of a double-header 6 to 2 and 9 to 2. Steamer Lucas and Vic Horrell were the winning hurlers.

Reading divided a double header with Baltimore at Reading. The Keyes won the first game 7 to 3 but lost the abbreviated nightcap 4 to 3. English, a rookie, held the Keyes safely in the second game, until the seventh, but Reading rallied for three runs and John Ogden was called on to stop the uprising.

PETERBOROUGH C.C. BEATS EAST CITY

Wins Exhibition Game on Saturday by 50 Runs.

The Peterborough Cricket Club defeated an East City XII at the Oval on Saturday, Sept. 17th, by 50 runs. The detailed score was as follows:

East City.

Calladine st. R. Dyer, b Elliott	1
Hamilton, b Elliott	1
Langley, b F. Dyer	0
Coleman, c Dyer, b Elliott	11
Armstrong, c and b Elliott	3
Lee, b Elliott	0
Immings, b Elliott	0

FLAG RACES REACH CRUX

Yankees Clinching American Pennant—Pirates Strengthening Hold on National.

GIANTS SECOND.

NEW YORK Sept. 19 (Canadian Press).—The flag races of both major leagues reached the crux last week, with the New York Yankees clinching the American League pennant for the second year in succession and the Pittsburgh Pirates tightening their hold on the National League crest as their challengers all faltered.

The week's record of the Yankees was surpassed by both Washington and the Philadelphia Athletics. Connie Mack's club now in the form that the veteran manager vainly hoped it would maintain through the season, just about assured itself of second place with another good run of six victories in seven starts. Washington captured five out of six games while the Yankees took six out of eight. The Chicago White Sox had a disastrous week, losing all of their seven games. The Athletics topped the American League in runs and hits with 49 and 85, respectively.

Pittsburgh continued on a determined winning streak, playing nine games during the week, took all of them with the stand out performance for both circuits. Donie Bush's club is now playing about the best baseball in the majors, and baseball men have just about conceded the Corsairs the pennant.

Hurt Both Teams

The seven-game series at St. Louis between the Cordinals and the Giants hurt the flag chances of both teams. The Giants had to take the last game to win the series, and while this cut-throat competition was going on the Pirates were distancing their pursuers. The Chicago Cubs, who won only three out of seven games, dropped out of the race. McCarthy's outfit still has a mathematical chance of coming through, but it is so slight as to merit little consideration.

The Giants established the major league record for the week in hits and runs, largely through their mighty clouting in St. Louis. McGraw's outfit scored 73 runs and 119 hits, but still was third in the week's standing with seven victories and four defeats. The Cincinnati Reds won six out of eight and the Cardinals won six out of 10.

The worst showing during the seven-day period was made by the Boston Braves. Bancroft's team, in a disastrous slump, lost every one of its 12 games.

LAWN BOWLING

The bowling in the finals of the singles will be held to-night and all those in the draw must be on hand, or their games will be defaulted as it is necessary to get this schedule closed immediately.

The seven o'clock draw is as follows:

E. Hotson vs. E. Taylor.
N. Routley vs. D. Hill.
G. Cullen vs. V. Johnston.

Eight o'clock draw:

Livingstone vs. Wyllie.
Dr. Allen vs. George Taylor.
B. Chesler vs. winner of Hotson-Taylor.
T. Curvin vs. winner of Routley-Hill.
G. Johnston vs. winner of G. Cullen and V. Johnston.

The nine o'clock draw will be announced at the completion of the eight o'clock play.

Regent Theatre

MONDAY—TUESDAY—WEDNESDAY

REGENT ORCHESTRA — under direction of Mr. Yokom, Pianist of Chemong Park Orchestra.

Regent Theatre will have a direct wire from Soldiers' Field Ringside, Chicago. Dick Lush announcing.

THEATRES

AT THE GRAND

The visit of Canada's famous tenor, Edward Johnson, successor to Caruso, has caused a stir in Peterborough, since it is seldom indeed that such an artist visits the city. The advance sale of tickets has been phenomenal, though the concert is not to be given until September 29.

The following press excerpts explain the great artist's popularity:

"His is the same great voice that Chicago heard several years ago when our own opera claimed him as one of its members, except that his interpretations are even more refined than they were then.

"It is a voice of velvety smoothness in the softer passages, of ringing beauty in the climaxes, and the texture is exquisite throughout."

—Chicago Journal, May 25, 1927.

"Edward Johnson, one of this city's pet tenors, was that singer. Mr. Johnson did what was expected of him. There were loud high notes for those who love only high notes; there was pure, vibrant tone for the tone lover; there was style, enunciation, imagination, for those enamored of such subtleties. He of the singer complex was happy."—Chicago Tribune, May 25, 1927.

"Edward Johnson sang 'Andrea Chenier' with the impassioned utterance of the poet. It had fire and the people felt its meaning. His voice was resonant and he colored it expressively to suit the meaning of the words. The hearers gave such insistent applause that he finally had to sing an encore."—Chicago Post, May 25, 1927.

"Mr. Johnson sang the aria with musical feeling, also with emotional warmth and with vocal artistry, which was especially apparent in the higher ranges of his voice, where the tones rang out with volume and power. He made a big success."—Chicago News, May 25, 1927.

"Edward Johnson, tenor, yesterday displayed one of those rare musical models that was excellent in its proportion and finished in all its parts."—Chicago News, May 21, 1927.

"EDWARD JOHNSON THRILLS HEARERS IN RECITAL HERE—Edward Johnson, described by John McCormack as the greatest of tenors, was still singing encores when I left the Palmer House yesterday afternoon. This great artist who left our opera to sing for the Metropolitan, and who comes to us again at Ravinia, is master of the art of the concert singer. The brief drama of each song is completely realized by this master of lyric declamation. The art of vocal display, also complete and finished in Johnson's presentation, is nevertheless, a secondary consideration, and though I have never admired the warmth, flexibility and power of his voice more than on this occasion, I never have been less conscious of it.

"Johnson set forth songs of Italy, Germany, France, England and America, representing this country with a song of that splendid Chicago composer, Louis Campbell-Tipton. Each was perfect in type and in style, each a model of vocal beauty each a drama in miniature. I have but one fault to find with this fine artist. He comes to us too seldom. I hope Mr. Eckstein keeps him busy this Summer."—Chicago Herald-Examiner, May 21, 1927.

"The Keene (N.H.) musical festival was a success both artistically and financially. Edward Johnson, Metropolitan Opera tenor was the big attraction and he proved a superb artist. Johnson combines a lovely voice with consummate artistry."—Evening Union, Springfield, Mass., May 21.

Incense or scented paper burned in the house will keep it free from midges and mosquitoes.

AT THE REGENT.

AERIAL TRICKS IN "ROOKIES" THRILL

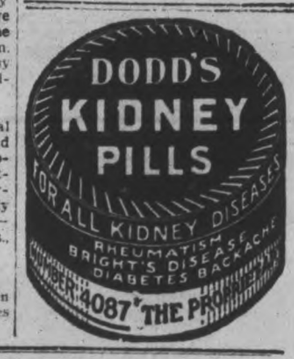
Scenes Above Clouds Lend Laughter and Terror to This Comedy

World-War aces who think they know the last word in hazardous flying, may be able to learn some new aerial tricks with the showing of "Rookies," Metro-Goldwyn-Mayer's best farce comedy now playing at Regent Theatre.

During the filming of the air sequences the director called upon the fliers to "do their darndest," and was rewarded by a series of thrills that almost stopped the battery of cameras and forced the cameramen to take refuge in flight.

Planes swooped from the sky directly at the camera lenses, banking when less than forty feet away, while travelling at almost eighty miles an hour. That they did not mow down the cameras is all the more remarkable when the fact is considered that the planes had a wing spread of more than thirty feet.

The picture was produced with the co-operation of the government and many officers detailed to the training camps appeared in the production and acted as technical advisors.



171 Men's Overcoats

To be Sold TUESDAY in Meredith's Adjuster's Sale

SUN IS SHRINKING ASTRONOMER FINDS

Reduces 800 Miles in Three Years; Upsets Radio and Weather.

Your radio set picks up a distant station you never heard before. The barometer outside your window jumps to "Fair"; another 300 miles away suddenly indicates "Rain." A swarm of mosquitoes buzzes about your screens. These would seem to be a set of unrelated coincidences. Yet all have sprung from the same cause—the sun has slacked up momentarily on its job of supplying the earth with heat and light.

Startling new discoveries that link up the sun's brilliance, sun-spots, the weather, and radio, have just been announced by Dr. C. G. Abbot of the Smithsonian Institution at Washington, D. C. They are the achievement of the men who have watched the sun daily from the observation stations that the Smithsonian Institution maintains at scattered points on the globe—at Table Mountain, California, in the desert of Calama, Chile, and on desolate Mt. Brukkaros in Southwest Africa.

When the sun "flickers" from day to day, they have discovered, so does weather change and radio misbehave. Sunspots, too, appear and disappear with these flickerings. And the biggest solar commotions occur every twenty-two months—well within the eleven-year "sunspot cycle" already known. This means that in a little less than two years to-day's weather is likely to repeat itself.

Long-distance weather forecasting soon may follow, writes Arthur A. Stuart in the September "Popular Science Monthly." H. H. Clayton, weather forecaster, for the Argentine Government, already has been using the Smithsonian reports of the sun's flickerings to prepare weather predictions a week in advance. Sold to Argentine farmers and business men, they have proved strikingly accurate.

Fast as scientists are learning how the sun behaves, the "why" of it is still a mystery. Down where the sun's heat comes from, in its incandescent interior, is some dense substance twelve times as heavy as the radioactive metal uranium—that has the heaviest atoms known on earth. Dr. J. H. Jeans, English astronomer, suggests it is a new substance of monster atoms which are continually breaking down like radium and loosing the energy that the sun hurls toward the earth. Dr. Abbot, thinks the opposite may be true. Perhaps, he suggests, small atoms are combining and sacrificing some of their mass as electric energy. This might explain the discovery by Prof. Giuseppe Armellini, Italian astronomer, that the sun has shrunk more than eight hundred miles in diameter since 1924. It waxes and wanes in size, and every time it gets smaller sunspots increase, he says

PULSE SHOWS HEALTH.

NEW YORK, Sept. 17. —Medical examiners, who have long sought a simple test that will show a person's general condition, have found the answer in the human pulse. Comparison of the pulse rate, before and after exercise, is the surest single test, according to Dr. James F. Rogers, physical education chief of the Federal Bureau of Education.

CANADIAN NATIONAL GET GOLD MEDAL

Advice has been received at headquarters of the Canadian National Railways that they have been awarded by the jury of awards at the Toronto Exhibition, the gold medal for their exhibit, which was installed in the Railways Building. This exhibit was a novel and attractive display of the progress made in Canada since Confederation, and was acclaimed one of the best attractions at the Exhibition.

QUIET NECKING O. K.

ARKANSAS CITY, Kan., Sept. 17. —"Necking" so long as it is carried on quietly enough not to disturb the peace, is quite within the law, according to Harry V. Howard, County Attorney. The roadside is public property, he says, and if people wish to park along it in their own cars they are violating no statute, he declared.

For Prettier Eyes, Use Murine

A few drops of Harmless Murine Night and Morning will keep Eyes always Clean, Clear and Bright. At all drug stores.

SISTER MARY'S KITCHEN.

By Sister Mary.

BREAKFAST—Sliced pineapple,—browned rice with bacon curls, berry pancakes, honey, crisp toast, milk, coffee.

LUNCHEON — Toasted Luncheon sandwiches, cress salad, sliced peaches with cream, vanilla cookies, milk, tea.

DINNER — Broiled porterhouse steak, French fried potatoes, creamed corn, tomato and pepper salad, apple sauce and ginger bread with whipped cream, milk, coffee.

The apple sauce and ginger bread are served sandwich fashion and the whole masked with whipped cream slightly sweetened, and flavored with vanilla. The ginger bread can be used warm or cold but the apple sauce should be cooled.

Toasted Luncheon Sandwiches.

Allow three slices of bread for each sandwich. Toast bread and spread one side of each slice with butter while hot. Spread one buttered side with a rather thick layer of pimento cheese, cover with a second piece of toast and cover with apple jelly. Top with the third slice of toast, buttered side down, and serve on a hot plate. All sorts of combinations can be worked out, making the sandwiches as hearty as desired. One filling may be of meat and the other of tomato cut in thin slices and seasoned with mayonnaise or French dressing. Peanut butter and various kinds of cheese can be used.

Friday —6.30 p.m., W. A. Junior Branch.

Y.W.C.A. WEEK'S ACTIVITIES.

Swimming is an attractive recreation at the Y.W.C.A. pool, and every afternoon and evening many swimmers enjoy the clear, warm filtered water. The Pool will remain open for swimmers until November. Special tickets good for one month $1.00.

Reports of those taking swimming lessons have been very encouraging. One tiny tot of 5 years swam across the Pool with splendid stroke last Saturday morning, and many others were diving and performing difficult stunts. Swimming lessons will be continued until the end of September, and pupils may take single lessons or tickets of 3 or 6 lessons.

The Life-Saving Classes are all practising regularly for the coming examinations, and good results are promised by the year's classes. The weekly Swimming Meet will be held this Friday at 8 o'clock. All swimmers are invited to compete.

The Y.W.C.A. Fall Rally will be held on September 30th, when a good programme will be presented and a complete outline of Fall and Winter activities will be shown. The Junior Rally will be held on Saturday, October 1st.

The Gymnasium Classes will all commence the First Week in October. Full information will be given at the Office. The Tuesday Senior Gymnasium Class and the Senior Dancing Class are asked to meet Tuesday at 7 o'clock in connection with the Ball Rally and the Made-in-Peterborough Fair.

The Babies' Rhythmic Class will meet on Wednesday at 4.30 o'clock for special practice.

Swimming Lesson Schedule.

MAY PROSECUTE OWNER OF PLANE

Attorney Awaits Expert's Report on Crash That Killed Seven.

NEW BRUNSWICK, N.J., Sept. 19.—(Canadian Press.)—The possibility of an action against the Reynolds Airways, Inc., owners of the Fokker monoplane which crashed at Newmarket on Saturday resulting in the death of seven persons and injury to five to-day depended in large measure upon the report of the expert of the United States' Department of Commerce. While Fred Davis, chief of Middlesex detectives, conducting the investigation for Prosecutor John Toolan, voiced suspicion of the haste of the Reynolds employees in burning the wreckage of the plane, the prosecutor found himself in a "peculiar position because of the technical problems involved." He said he would be guided more or less by the findings of Ralph Lockwood, supervising inspector of the Department of Commerce. Lockwood wrote out a volumious report before his return but declines to comment.

Physicians at Plainfield Hospital, where the injured were taken, reported there was little chance for the recovery of four of the five survivors.

Of course you want fresh, fragrant tea. Then see that it is put up in Aluminum. Aluminum does not absorb dampness, or cause loss of flavor and pungency. Red Rose Tea is packed in Aluminum and every package carries a "money-back" guarantee of satisfaction. 97

Wedding Gifts

A BEAUTIFUL LINE of SILVERWARE now on display in our Store. All the Newest Creations and high quality pieces at Very Moderate Prices. We will be pleased to show you these if you have to buy a Wedding Present.

Each piece is nicely boxed for presentation. Here are a few of our leaders, which are useful and best quality:

WEDDING BELLS.

WAPSHAW—WARD

NORHAM, Sept. 19.—At the home of Mr. and Mrs. R. Bateson, Myersburg, Friday evening, a very pretty wedding took place, when Mr. Harry Wapshaw, Delhi, and Miss Florence Ward Myersburg, were united in the bonds of matrimony by Rev. D. R. Clare, of Norham. The bride and groom were unattended. The bride was charmingly gowned, in white silk. The colour scheme of the room was pink and white. After the ceremony, a delectable lunch was served. The guests from a distance were, Mrs. Fallis, of Millbrook; Mrs. Jones, of Peterborough and Mrs. Bateson, of Campbellford.

The happy couple spent the week end with Mr. and Mrs. Bateson, Myersburg, after which they planned to journey to their home in Delhi, Ontario.

RACKHAM—RATHBUN.

The marriage of Miss Ruth Rathbun, daughter of Mrs. W. B. Rathbun, Powell avenue, to Mr. Gerald Kennin Rackham, took place quietly at 12 o'clock on Saturday at the Rosedale Presbyterian church. Rev. J. B. Paulin, of St. Paul's Presbyterian church, officiated, assisted by the rector, the Rev. Mr. Lewis. Mr. Crane, of Peterborough, played the wedding march. The church was decorated with palms and ferns. The bride, who was given away by her brother, Mr. Bryan Rathbun, looked smart in a French frock of bottle green shot velvet, the upper part of steel metal cloth. She wore grey shoes and a hat of green felt embroidered in color. Bronze roses were carried. Mr. Douglas Clarkson was best man. The bride was unattended. Following the ceremony a reception for the relatives and intimate friends was held at the home of the bride's mother on Powell avenue. Mrs. Rathbun wore a smart black georgette and lace gown, with black hat and corsage of white flowers. The house was decorated with zinnias and gladioli. The bride's table was done with autumn flowers. The cake was topped with lillies. The bride's presents were on view in an upstairs sitting room. Mr. and Mrs. Rackham left later by motor for Peterborough, and will later go to Stoney Lake. The bride's going away frock was a two-piece peach-colored crepe, with hat of peach-colored velvet. She also wore a fur-trimmed green coat. On their return Mr. and Mrs. Rackham will live at 28 Bernard avenue.

OBITUARY.

MRS. JAMES HAMILTON.

The death occurred this morning of Anne Irwin Hamilton beloved wife of James Hamilton, and eldest daughter of Mr. and Mrs. William Irwin.

The funeral, which will be private, will be held on Tuesday, September 20th, at three o'clock, from the family residence, at 438 Sheridan street. Please omit flowers.

ALFRED J. BOLWELL.

Alfred J. Bolwell, for almost a quarter of a century employed as a compositor, a former citizen of Peterborough, at one time on the mechanical staff of the Peterborough Review, died suddenly at his home on Saturday morning of a heart attack. He resided at 641 Rhodes Avenue, Toronto. Mr. Bolwell had not been in good health for some time, and was just preparing to leave for work when he was stricken. He was born in England, and is survived by his widow and three sons.

Mrs. Bolwell is a daughter of Mr. John Corrin and the late Mrs. Corrin of this city.

AROUND THE CITY

At St. Peter's Cathedral yesterday, Rev. P. Costello announced the returns of the recent campaign in aid of St. Alphonsus' Lyceum, as being in the neighborhood of $1700. The announcement was also made of a bazaar to be held this fall by the Catholic parishes of the city, in aid of St. Joseph's Hospital. A meeting of the ladies to arrange for this will be held at the Lyceum on Wednesday evening at eight o'clock.

VOLCANIC DUST SPOILS SUMMER

British Scientist Says It Has Obscured Skies For Months.

LONDON, Sept. 19 (United Press).—Great Britain's unhappy summer is blamed on volcanic dust which has been obscuring the blue skies, according to Sir Napier Shaw. Shaw says that some foreign substance is in the sky, perhaps connected with a great but unrecorded volcanic upheaval in some remote part of the world.

Particles of dust around which rain forms, have created a film in the sky which has made it pale blue for the last eighteen months.

FROST AND SNOW IN SASKATCHEWAN

Weather Variable On Prairies —Cold Winds

WINNIPEG, Sept. 19 (Canadian Press).—Some parts of Manitoba and Saskatchewan shivered this morning in temperatures that hovered around freezing mark. Last night and early this morning there were light snow flurries in Regina and Saskatoon districts, a biting wind freezing the melted snow on the city streets. The weather is variable, squalls and gloomy periods being interspersed with moments of bright sunshine.

RULES FOR WIVES AS IMMIGRANTS

Seniors Apt to Be Too Set in Old Country Ways.

NEW YORK, Sept. 19.—The Alimony Payers' Protective Association, most of whose members are in jail for non-payment of it, feels that wives need their advice. Through its secretary, Robert G. Ecob, the club has issued ten suggestions.

"They're not commandments or rules," said Mr. Ecob sadly, "because you can't command a woman." The list, which, according to Mr. Ecob, has no ax to grind, follows:

(1) Keep away from lawyers. They make bitter enemies of your husbands. They make profits and cause trouble. Your husband will give you more money voluntarily than you will ever get in court.

(2) Do not have your husband arrested. He will never give you any money voluntarily after arrest and will never have anything to do with you if he can possibly avoid it.

(3) Avoid making your husband jealous.

(4) You are your husband's wife and not your parents' daughter. Keep the in-laws subdued or at least in the background.

(5) Do not run off with the children, move the furniture out, and take all the money you can lay your hands on. Your husband is sure to resent such treatment and will never forgive it.

(6) Do not prevent your husband from seeing the children. It precludes the possibility of any reconciliation.

(7) Do not shirk your duty. Just because you are married does not mean you can fold your hands in idleness the rest of your life.

(8) Give your husband consideration. He selected you from all other women, gave you two rings, has provided a home and supports you, has insured his life to provide for you when he is dead, and is doing his best to provide you with luxury.

(9) Do not attempt to secure legal separation thinking you will be better off and that you can bring your husband to terms.

(1) Do not kill the goose that lays the golden egg. Your husband cannot succeed at anything without your active co-operation.

LOS ANGELES, Sept. 19.—(Canadian Press.)—Overcome with a "mad desire" to slay his child, Matt Minarich, 46, on Saturday admitted he had strangled his eleven year old son John.

After the killing, Minarich called the neighbors and led them to where he had thrown the body. "I can't tell why I killed him," he said. "I had no reason to harm him. He had not done a thing for which he would have been punished. A mad desire suddenly came over me to slay my child. I ask no favor, I must pay the penalty for my act."

The treaty existing between the United States government and the Six Nations Indians gives the latter the right to have their own government and to collect taxes from white men who come to live within their borders. Under this treaty the city of Salamanca, N.Y., pays rent on its site to the Indians. The taxes range from about $5 for the average small householder to $150 for the owners of larger business houses. The lease runs for 99 years, when it must be renewed.

Rickard Finds Room For 11,000 More Seats

CHICAGO, Sept. 19 (Canadian Press).—The Completion today of arrangements for handling the record-breaking crowd expected to witness the Dempsey-Tunney heavyweight championship battle on Thursday revealed a recount of the seats that boosts the originally figured total of a hundred and sixty thousand to 170,950. Of this number, forty-two thousand are of the "ringside" variety, priced at forty dollars each. Tex Rickard does not expect a sell out, but the promoter still is confident that the gate receipts will reach his estimated figure of three million dollars. He promised to disclose today definite figures of the advance sale.

Wall Street Weakness Is Reflected In Toronto

TORONTO, Ont., September 19 (Canadian Press). — Weakness on the Wall Street Stock Exchange was reflected in the trading this morning on the local market, declines, ranging from small fractions to 3½ points, being general throughout the list. There were a number of notable exceptions, however, and some of the stocks most active in the heavy markets last week retained their gains. Brazilian was the weakest issue on the board, losing 3½ points at 191, while Canada Cement was two points down at 240. Other stocks to record recessions were Seagrams, down 1½ at 22, Dominion Stores off 1½ at 80, Gooderham & Worts two at 48, and Walker's and Alberta Pacific Grain each off 1¼ at 53 and 23¾ respectively. International Nickel declined one point at 65¾.

Despite the wave of selling, Canada Bread was in demand, recovering the loss sustained by profit-taking sales on Saturday, and selling at 145, up 9½, with the noon close two points lower, Laura Secord Preferred, another strong spot, advanced three points to 135. Bank stocks were strong, all recording gains with the exception of Toronto, which lost one at 386. Standard registered the best advance, selling up six points at 238. Montreal moved up three at 345.

Reaction in New York Offsets Many Recent Gains

NEW YORK, Sept. 19 (Canadian Press).—Drastic reaction took place in today's stock market. The prices of many of the recent favorites broke five to nearly fifteen points in a wave of selling which engulfed the general list and caused the first serious setback to the upward movement in more than a month. Industrials were hardest hit, but several of the so-called investment rails were carried down two to three points in the mad scramble of traders to get out of the stocks.

The decline, which had been widely predicted as a result of the weakened technical position of the market, was stimulated by the marking up of the call money rate to four per cent, coincident with the calling of about $15,000,000 in loans. The stiffer money rates reflected operations of the banks to strengthen their reserve position and the character of the collateral behind outstanding brokers' loans. General Motors Old, which touched a new high of 277¼ on Saturday, sold down as low as 262½ today. National Tea broke thirteen points below Saturday's close, Dupont 9, and United States Steel Common, General Motors New, General Electric, Woolworth, United States Cast Iron Pipe, and several others sold down four to nearly seven points. Among the rails, Union Pacific, Atchison, and New York Central sold down two to three points.

Extensive liquidation developed through commission houses as a result of advices to lighten up on long committments. The further advance in sterling to within 1-16 cent of parity suggested the possibility of early withdrawals of gold for shipment to England and further stiffening of money rates.

Corn and Wheat Gain On Bad Weather Reports

CHICAGO, Sept. 19 (Canadian Press). — Cold weather suddenly overspreading the corn belt brought about an early rush to buy in the corn market today and gave prices a big lift. Wheat was also stronger, owing largely to the unexpected firmness of Liverpool quotations and to southern hemisphere complaints of drought. Opening at 1¼c to 3¾c advance, corn held much of the gain. Wheat started unchanged to ¾c up and continued to average higher. Oats were firm. Provisions likewise tended upward.

Opening prices were: Wheat, September 125¾, December 129¼. Corn September 93, December 95. Oats, September unquoted, December 47¾.

Two Million Shares Sold On Standard Mine Market

TORONTO, Sept. 19 (Canadian Press).—Prices on the Standard Stock and Mining Exchange this morning were firm. Trading was extremely heavy, practically two million shares changing hands. Argonaut Consolidated firmed two at 47 on an exchange of nearly 400,000 shares, while Amulet showed the biggest advance by going up 19 to 6.55. Area eased 3¼ to 73 and Barry Hollinger was steady at 75. Corona gained ½ at 17½ and Cap Rouyn added ¼ at 17¾. Kirkland Lake was down three at 230 and Gold Hill Mines, Laval Quebec, and Howey Gold each eased one. The rest of the leading issues remained firm.

INSURANCE COMPANY CANCELS CITY'S ACCIDENT PROTECTION; MUCH HIGHER RATE IS QUOTED

New Company Willing To Take Risk at 150 Per Cent. Increase.

TOO MANY ACCIDENTS.

Company Paid Out Large Sums in Settling Claims—Special Council Meeting.

Finding the City's risk too costly to carry, because of the large number of accidents, the Zurich Insurance Company has cancelled the policy from the second of October. The company stated in its letter, which was read at a special meeting of the Council last night, that it has paid out in the neighborhood of six thousand dollars in claims, a sum much in excess of the premium charged. The premium from October to February was returned.

The situation caused by this sudden throwing of the City on its own resources and the increased rate (two and one half times the former) now set by the casualty underwriters for the City's business, will be discussed at a meeting of the Legal Committee of the Council.

Mr. Hewson, representing the Wilson Company, insurance brokers, addressed the Council regarding the risk. He proposed the Globe Indemnity Company but said that the underwriters had named a much higher rate, namely, $30 per hundred of population. The rate on the cancelled policy was only $8, the increase being due to the large number of accidents. They had, however, later consented to a rate of $20. None of the non-tariff companies would accept the risk at all. The underwriters might consider a reduction later if the accidents warrant.

The Mayor replied that the Council would consider carrying its own risk but would not decide the matter last night.

Ald. Greene asked about the rates for other cities of about the same size but Mr. Hewson could not give these figures. He mentioned, however, that Belleville had had a similar experience.

The Mayor suggested to the Aldermen that they consider letting a sanding contract next winter.

Ald. Stocker said he had discussed the matter with Toronto officials who had told him that it was when there was a shower or thaw and the streets were covered in a few minutes with sheets of ice that the most trouble occurred. He believed that in such cases the city could not be held negligent.

Ald. Phelan suggested that someone see the underwriters and tell them that there had been a by-law passed calling for all householders to shovel their walks in front of their homes and that another would be passed to cover the sanding of the streets.

Ald. Fife, pointing out that the increase in the rate will amount to about $2,500 a year; asserted that the expenditure of $1,000 on sanding the streets last winter, when most of the accidents occurred, would have saved the city this expense. Ald. Denne, recalled, however, that last winter was remarkable for the number of slippery days, which might not occur again. Other of the aldermen charged that no efforts had been made to correct the icy conditions.

The new ladder truck was accepted by the Council.

Traffic Signals.

Ald. Cotton, who had been called away by the death of a relative, left a letter endorsing quotations on five sets of traffic signs, to be installed at Charlotte and Alymer, Charlotte and George, George and Simcoe, George and Hunter, and Hunter and Water.

Ald. Stocker asked from what committee's appropriation the money could be taken, and Ald. Greene inquired if Ald Cotton intimated, when he mentioned an overdraft, that he had no money in his own committee.

That a by-law covering traffic laws had already been killed during the meeting, and referred for consideration in committee, and this proposal should be taken up at the same time was the suggestion of Ald. Denne, while Ald. McIntyre urged that nothing be done until the estimates are struck next year.

"Will this installation save a policeman's salary?" was Ald Greene's inquiry, to which Ald. Hancock countered the remark that an extra policeman would have to be hired to operate it. The Mayor pointed out that most of the city employees work an eight-hour day but with the present police force of a chief and twelve men, this would mean only four on duty at a time, so that he could not see where the force could be cut, even with this saving in traffic regulation.

"The heavy traffic is over for now", replied Ald. Greene. "Our famous exhibition is over"—Ald. Denne: "Thank you."—"The tourist season is over. Next year we will be sitting around the board making the estimates and can consider it then.

Husband Kills Wife Then Shoots Himself

NEW BEDFORD, Mass., Sept. 20.—(Canadian Press).—As his wife bent over a trunk to get some photographs which he demanded that she return to him after they had quarreled yesterday, Jaoquim Fortes, 32, fired three bullets into her body. He then turned the gun on himself and put two bullets into his abdomen. Both died within a few minutes. The shooting was witnessed by Mrs. Fortes' sister, Mrs. Manuel Correida, to whose home she had gone after her husband drove her from the house Friday after a row.

THREE CAUGHT NEAR LONDON

Ring Leaders of London Jail Break Are Still at Large.

ONCE CLOSE TO POLICE.

LONDON, Ont., Sept. 20.—Ernest Alexander Brown, George Ross McLeod and Roy Agnew, three of the party of five who escaped Sunday evening from Middlesex Jail, were captured early this morning near Crumlin, about five miles east of the city.

They were sleeping in a barn when taken into custody by city police, who were given information by a farmer.

It developed after their capture that on Sunday night the three men were in a ditch not ten feet from where police were searching for them.

Edward Harlton, charged with the murder of County Motorcycle Officer Waddell on September 12, 1925, and Frank Martron, charged with assault, and alleged ringleader in the escape, are still at large.

No Excitement

The capture of the three men was devoid of excitement. The police, guided by the farmer who gave them the information, surrounded the barn, and when they entered they found the three asleep in the hay mow.

When called upon to surrender the men did so without any question, and did not offer any resistance. They were immediately lodged in the police car and brought back to the city, where they are now under heavy guard in separate cells and will be delivered to county authorities in time for court hearing this morning.

The men were not prepared to make any statement at all and would not say where they had spent the hours of daylight but it is believed that they made their way to the barn Sunday night and remained there up till the time of their capture.

Inspector A. A. McPherson, from the Provincial Secretary's Department at Queen's Park, is expected up immediately to conduct an investigation into the escape of the five men, and before the investigation is over there will likely be a report made to the government as to the condition of the jail.

Guards not Blamed.

When Sheriff Graham was interviewed he stated that no word had been heard of the prisoners. He places no blame on the two guards, and both of the latter, Fred Last and Thomas Hall, bear the marks of the fight they had with the prisoners. Both of them were pretty badly beaten up and one of them has one eye bandaged at present.

According to the Sheriff, Guard Last and Night Watchman Hall went into the ward No. 1, where Roy Agnew, Ernest Brown, Edward Harlton and Frank Morton, were confined. There were some seven or eight in the ward altogether.

Following the rules of the jail, Guard Last went to go into the ward while Hall stayed in the corridor outside. Last had only got the door from the corridor partly opened when Harlton sprang on him and put him out of business. The other officer had no time to close the door on the men before they all sprang on him, and had him down and out. Then the road to liberty was open to them.

Lock already Picked.

Harlton, the most dangerous man of the crowd, had been confined in a steel cell in the far corner of the ward. It is now stated that he was ready to come out immediately the coast was clear. In fact it is said that the lock on the door of his cage had been already picked before Last entered or tried to enter the ward.

Once the two guards were knocked out, the four men went out into the

TWO MEN DIE WHEN SECOND GROUP STARTS

First Plane in Class A. Flight Crashes Few Miles From Field.

FIRST ACCIDENT.

Only 13 of 15 Starters Now in Air—One Returns To Roosevelt Field.

ROOSEVELT FIELD, Sept. 20. — (Canadian Press).—Richard E. Hudson, Marysville, Mich., the first pilot to start in to-day's Class 'A' 2,272-mile airplane race to Spokane, Washington, and Jay Radike, Marysville, were killed to-day when their plane crashed in the woods two miles west of Long Valley, N.Y. Radike, who was Hudson's mechanic, had spent the night sleeping in the plane and tuning up the motor so that he could have it in readiness for the start promptly at six o'clock.

The tragic elimination of Hudson's plane from the race left but thirteen of the fifteen starters roaring westward towards Cleveland. Emil Burgin of Mineola, N.Y., was forced to fly back shortly after the start because of oil pump trouble.

The crash of Hudson's plane was the first known serious accident marring the Air Derby which started yesterday with the departure of twenty-five light commercial planes on a three-day race to Spokane. Tex Lagrone, of Kansas City, is believed to have been forced down after starting in yesterday's race, as he never reached Bellefonte, Penn., the first stop.

Witnesses of the crash of Hudson's plane said the aviator was apparently trying to gain altitude to pass over Schooley's Mountain when the plane turned over. Hudson righted the machine once but it faltered and dropped, turning over several times.

Good Take-Off.

The fifteen commercial planes set off between six and six-fifteen Eastern Standard time to-day for Spokane, Washington, in the second of three transcontinental races being held in connection with the National air races at Spokane.

The planes made perfect take-offs, despite the softness of the field due to the heavy rain last night. The race was competed in by planes capable of carrying two passengers as well as a pilot. The pilots were allowed to carry ballast instead of passengers if they chose but Tex Rankin, of Portland, Ore., was the only one to start alone.

First Flight Away.

CHICAGO, Sept. 20. Canadian Press. — As the cold drizzling rain, which had soaked the municipal airfield here stopped falling, and the first rays of the early morning sun drooped over the assembled line-up of planes, the New York to Spokane Class B Air Derby, was resumed at 5.39 this morning, Central Standard time, when Leslie Miller, Des Monies, Iowa, leader of the race to date, hopped off for St. Paul.

Lagrone Forced Down.

KANSAS CITY, Mo., Sept. 20. — Tex Lagrone, Kansas City Flier reported missing in the New York-Spokane Class B air derby, landed at Ashland, Penn., yesterday, he informed his wife here by telephone to-day. Forced down by bad weather, his ship struck a rock in landing and broke the propeller, he said. Neither Lagrone nor his passenger, J. D. Brock, was hurt.

ESCAPED MEN AT HAMILTON

Harlton and Martin Reported Walking Toward Toronto.

POLICE NOTIFIED.

HAMILTON, Sept. 20 (Canadian Press).—George Harlton and Frank Martion, two of the quintet who escaped from London County Jail on Sunday, were seen here to-day by a railwayman, he informed the police. Later, the two men were seen walking out toward the Toronto highway and the police in neighboring towns were notified.

en off Hall. They locked him in corridor with the keys they had taken and then went toward 3 and released Ross McLeod. They had one more door to pass and they were out in the woman's courtyard. Before they went out they took a bench from the shower baths, ten feet long. This was just the height of the wall on the inside so they had no difficulty in scaling that. From the top of the wall on to Thames street is a drop of 25 feet, and this was negotiated apparently without anyone being injured.

Before leaving the yard the keys were dropped in the courtyard and were picked up by officers later.

French and U.S. Flags Are Torn Down In Anti-American Red Demonstration

PARIS, September 20 (Canadian Press). — French and United States flags were torn down, several shots fired, and a lot of noses punched in an anti-American Legion demonstration at Clichy yesterday. The extremists had gathered at this place outside the city because of the police precautions taken to prevent any demonstration in Paris. Clichy is a Communist community, and the place where the Reds gather regularly on Sunday, and police only interfere when trouble starts.

The extremists as a protest against the American Legion parade, re-christened a small square "Place Sacco-Vanzetti." They paraded with Red flags and wearing mourning bands. The Communist deputy, Vaillant-Couturier, and others of their leaders, addressed them and spent nearly four hours expressing themselves against "the Fascist troops" of the Legion and against "the Sacco-Vanzetti executioners."

The French and United States flags were torn down from stores where they were hung and others were taken from passing taxicabs, many of which have displayed them ever since the Legionnaires came to France.

The Communist crowd ran foul of the police in front of a flag-bedecked store and one revolver shot was fired through a window. There was no one to identify the culprits in any of these cases for the police, but four alleed ringleaders were jailed.

Three small riots occurred, but the police promptly squelched them. Their strong-arm squads rushed out of the side streets, where they had been held in readiness for an emergency. Three were many cracked heads and bloody noses, but the police policy in such affairs is always to allow the rioters to get away when they show a disposition to run and are able to run, unless some definite charge can be preferred against them.

GERMAN PLANE FLYING TO U. S. ACROSS ORIENT

Otto Koennecke Has Given Up Plans For Trans-Atlantic Flight.

STARTS EASTWARD.

Hops Off To-day From Cologne For Angora in Biplane Germania.

COLOGNE, Germany, Sept. 20. — (Canadian Press.)—Otto Koennecke, German aviator who recently gave up his plan to make a trans-Atlantic flight to the United States, started on a long distance flight to the Far East at 2.42 p.m. this afternoon. The German aviators plan is to fly to the United States by way of the Orient, making long hops in between. He took a running start of about 450 yards and then took the air. His first scheduled stop will be at Angora, Turkey. He was accompanied by Count Solms Laubach, his financial supporters, and Johannes Hermann, Desau radio expert of the Junkers Works.

Lieutenant Koennecke, with the Caspar biplane "Germania," prepared over a period of many months for a trans-Atlantic flight from Germany to the United States, but gave the plan up when continued poor weather made it impracticable.

The biplane, at the time of its preparation for the trans-Atlantic voyage, was equipped with a long range radio set by which messages could be sent and received.

Lieutenant Koennecke is an outstanding German war ace, having brought down forty-two enemy planes. He is the chief pilot of the Lufthansa, the German Airways Corporation, and has been daily engaged in commercial flying over Europe. His wife often flies with him, as do two of his oldest children. He speaks little English.

The route to be followed by the "Germania" was not made public, it being stated that it would be given out as each stage was completed. However, it was said that the tentative route would follow that taken by the "round the world" plane Pride of Detroit, until Japan is reached. From there Lieutenant Koennecke planned to take a northern route across the Pacific by way of the Aleutian Islands and down the west coast of the United States to San Francisco.

MISS MACKENZIE WINS.

Advances To Second Round of U. S. Women's Open Championship.

GARDEN CITY, N. Y., Sept. 20. Canadian Press. — Miss Ada Mackenzie, Toronto, Canadian Women's Open and Colsed Champion, advanced to the second round of the United States' Women's Open Golf Championship Tournament here today, when she decisively defeated Mrs. E. H. Fitler, Philadelphia, seven up and five to play.

The distinction of being the first married woman to join the survivors of the first round went to Mrs. W. G. Fraser of the Royal Ottawa Club, who as Miss Alexa Stirling won the title three times. Mrs. Fraser defeated Mrs. Jackson, Greenwich, Conn., a former champion, six up and five to play.

Fight To Be Received At Service in Church

OMAHA, Neb., Sept. 20 (United Press).—Because the forthcoming Tunney-Dempsey fight threatened to curtail attendance at his regular Thursday evening services, the Rev. E. J. Larsen has announced a radio will be installed in Kosher Memorial Presbyterian Church and that a blow-by-blow description of the fight will be part of the services.

U. S. TO ATTEND TRADE MEETING

Has Accepted League of Nations Invitation To October Conference.

ABOLISH RESTRICTIONS.

WASHINGTON September 20. — The United States yesterday accepted a League of Nations invitations to attend the October 17 conference at Geneva to frame a general convention "abolishing imports and exports prohibitions and restrictions," the state department announced.

Sanitary trade regulations and tariffs as such are not involved, it was said.

Minister Hugh Wilson at Berne will represent the United States together with officials of the commerce department and tariff commission.

The conference will consider a draft convention drawn by the league's economic conference last May.

S.A. CORPS CADETS WIN CERTIFICATES

Presentations Made By Commandant Ham at the Temple.

At the Young People's meeting held last night in the Salvation Army Temple, Commandant Frank Ham presented certificate of merit to the following Corps Cadets:

Higher Grade.—Aileen Trotter, 1st class certificate, 1,102 marks.

Lower Grade—Geraldine MacDonald, 1st with honors, 1,317 marks; Nellie Muriel Boorman, 1st with honors, 1,565 marks. Edna Ford, 1st with honors, 1,319 marks. Edith Halcrow, 1st with honors, 1,336 marks. Lillian Violet St. Clair, 1st class, 1,210 marks. Cynthia Edwards, 1st with honors, 1,338 marks. Edith Glover, 1st class, 1,213 marks. Frank Mayhew, 1st with honors, 1,344 marks. Leslie French, 1st class, 1,067 marks.

Great credit is due to their teachers, Mrs. Thomas Lang and Mrs. F. G. Sutherland for the splendid showing for the last six months, said the Commandant in presenting the awards. The study includes Bible, Orders and Regulation, Why and Wherefore of the Salvation Army, and the Directory.

The service took the form of a get-together meeting for the fall and winter work. A good number of the teen age young people of the Salvation Army were present.

The first year's salary of an early Michigan circuit rider consisted of hay, oats, socks, mittens and cash to the extent of $118.

COSGRAVE HAS LEAD OF FIVE IN IRISH HOUSE

Irish Government Counts On Win in Outstanding Constituency.

NOW HOLDS 77 SEATS.

Internal Loan and Public Safety Act To Engage Government.

DUBLIN, Sept. 20. — (Canadian Press.)—With three seats still undetermined, President Cosgrave's Free State Government this afternoon was leading the Opposition parties by seventy-seven to seventy-two The three last seats are all in Donegal, where the Government has been counting for strong support. During the day President Cosgrave's party gained five seats, having a total of sixty against fifty-seven for Eamon De Valera's Fianna Fail party. The standing of the other parties showed no change. These are: Labor 12, Independents 12, Farmers 5, National League 2, Larkinite Communist 1.

There is no doubt that the need of raising an internal loan will weigh with President Cosgrave, and in this the business community is deeply interested. At the same time the Cosgrave government must be able to carry out its previous determination to enforce the new public safety act. The whole situation is so difficult that few dare risk a prophecy as to what will happen.

First Real Victory.

The government's first real victory over the De Valerites was in the National University, of which Eamon De Valera is permanent chancellor. De Valera had put forward Conn Maguire, barrister and once director of elections for the Republican party, in place of Professor Clery, Republican, retired, but the Government candidate, Professor Tierney, one of its most vigorous supporters, succeeded in beating him by means of second preferences from the Government's first candidate, P. MacGilligan, minister of industry and commerce.

In the first count in Donegal the poll was headed by Major J. Sproule Myles, Independent, who won the Military Cross in the great war.

DRIVER KILLED AS CARS CRASH

Other Driver Has Nose Cut Off By Shattered Windshield.

NEAR FORT WILLIAM.

FORT WILLIAM, Sept. 20. Canadian Press. — In a head on collision between two automobiles, Charles Salo was instantly killed, G. Oldale, driver of one of the cars, had his nose cut off by the shattered windshield, while his nephew, William Oldale was badly injured. A J. Myers and his four year old daughter, were slightly injured when he swung his car into a ditch to avoid striking the two.

VETERAN ASKS LONGER TERM

Goes To Peniteniary Instead of To Jail at Bordeaux.

THREATENED FAMILY.

MONTREAL, Sept. 20 (Canadian Press).— Waldemar Neilson, forty, shrapnel town veteran of a local unit, a drug addict since he suffered his wounds, implored Judge Cusson to send him to the penitentiary for two years after he had been sentenced to a one-year term at Bordeaux Jail for threatening and neglecting his family. On his own request, a more serious charge was laid and a two-year sentence to St. Vincent De Paul Penitentiary was imposed.

SPOTTON'S MARGIN.

Official Figures For By-Election in North Huron Are Given Out.

GODERICH, Sept. 20 (Canadian Press). — Official figures for the North Huron by-election on September 12, as given out by the returning officer today, are: Spotton 4,595, Hislop 4,407, Bricker 2,673. Spotton's official majority was 188.

GOVERNMENT HAS COMMITTEE STUDYING TERMINAL QUESTION DUNNING INFORMS DEPUTATION

Assures Brockville People Every Consideration Will Be Given.

WON'T LOSE C.N.R. SHOPS.

Advantages of Island City as Grain Transfer Point Are Pointed Out.

OTTAWA, Ont., September 20 (Canadian Press). — "We are endeavouring to settle the problem of selecting the Welland Canal terminal in the same manner as a business man would deal with a business problem and with the idea of keeping within Canadian Channels the maximum of Canadian trade."

So stated the Hon. Charles Dunning, Minister of Railways and Canals, in reply to a deputation of 400 people who urged upon the Government the selection of Brockville as the port terminal.

Hon. W. D. Euler, Minister of National Revenue, was also present to receive the deputation, which was headed by Senator A. C. Hardy, W. H. Comstock, H. A. Stewart, M.P., Mayor W. P. Reynolds, and E. J. Smith, all of Brockville.

Mr. Dunning declared that every effort was being made to obtain all information. An inter-departmental committee had been formed with this end in view, and on this committee was a railway economic expert from the Canadian National Railways.

As yet the report of this committee had not been received. When it was received, said Mr. Dunning, he would carefully study the document and it would also be his duty to place the report before his colleagues in the Cabinet.

Consideration Promised.

Earnest consideration would be given, stated Mr. Dunning, to the representations made by the deputation. With respect to the suggestion that continuance of the present railway terminals at Brockville might be jeopardized if the port terminal were not located at Brockville, he said it was not the policy of the Government or the management of the Canadian National Railways to take any action which might deprive the thriving communities of an opportunity to live and prosper.

Senator Hardy declared that Brockville had many advantages as a site for the location of the deep water terminal. The town was served by two leading railways, while an excellent labour market was available. In every respect, Brockville was well equipped as the port terminal. There was some fear, he added, that if Brockville were not chosen it might prove a blow to the continuance of the railway terminal there.

W. H. Comstock said the deputation was not present to argue the merits or demerits of any engineering report. The selection of the port terminal for the Welland Canal was of vital importance to Brockville.

Ogdensburg Gains.

If Prescott were selected, he continued, would the location of the port terminal at that point not be conducive to the building up of Ogdensburg as "another Buffalo?" Brockville, on the other hand, had no large town or city opposite it on the United States side possessing the facilities for appropriating Canadian trade.

Mr. Comstock said he understood that inquiries had been made from Ogdensburg interests to ascertain the number of ships that might be located here for winter storage. Brockville, on the other hand, could itself provide ample accommodation for vessels and by the selection of Brockville this question of shipping accommodation would be settled. Good labour markets, adequate housing facilities, and fire protection were also available.

A telegram from Senator George P. Graham, regretting his inability to be present, was read by Senator Hardy. Senator Graham, in his wire stated that he was of the opinion that the request of the deputation should be given every consideration and granted.

Mayor Reynolds said the deputation was representative of the business, professional, and labour interests of Brockville. Ample facilities were available at Brockville to satisfy all the needs in the operation of the port terminal.

E. J. Smith said the question of the port terminal was an important matter to Brockville. All classes in that town were desirous of the terminal being located there.

No Cases Reported Over the Week-End

EDMONTON, Alta., Sept. 20.—(Canadian Press).—"No cases during the week-end," was the report from the city health department yesterday when officials were queried in regard to the infantile paralysis situation.

Secretary S. Main stated that there have been no city cases of this disease since last Thursday, while one was reported on Friday, which had come from Greencourt and had nothing to do with the local epidemic.

BOARD FAVORS IMMUNIZATION

Endorses Anti-Diphtheria Campaign Being Carried On in City.

HEALTH MATTERS.

The Board of Health endorsed the campaign to immunize the children of the city from diphtheria that is being carried out by Dr. MacPherson and Mr. Mowat. At the present time there are six cases of diphtheria in the city.

A report from Dr. Frazer showed that the milk in Peterborough is very good.

There were only five diphtheria cases at the hospital during the past month.

Mr. Stapleton, the Sanitary Inspector, reported that the sanitary conditions of the lavatories in the city's railroad depots were not as they should be, and Dr. Young was instructed to notify the proper authorities that these conditions might be rectified.

The campaign to have all the city houses connected with the sewage system is progressing favorably and several more owners are to be notified that this must be done without delay.

Mr. Stapleton gave a report on the Fourteenth Annual Sanitary Inspectors' Conference, which he attended in Toronto.

THREE ADMIT GUILT OF SERIOUS CHARGE

Fourth of Quartet Held For Attacking Girl Denies Taking Part.

SARNIA, Sept. 20 (Canadian Press).—Three of the four men indicted by the Grand Jury at the Fall Assizes here yesterday on a charge of committing a serious offence against a girl, pleaded guilty before Chief Justice Meredith here today and were remanded to custody for sentence pending the trial of the fourth man, who denied the charge. The three who await the penalty for a grave offence are Phillip Robinson, Fred Wales, and Robert Spinks. The trial of Arthur Archer, the oldest member of the quartet, is proceeding today.

The charges resulted from an attack on a twenty-year-old local girl and her escort on a lonely road in Sarnia Township on May 5 last. Two youths are at present serving indefinite terms of one to three years for assaulting the young man. They pleaded guilty in police court.

HUNGER IS ADDED TO FLOOD TERROR

Mexican Troops Working To Relieve People of Lerma Valley.

MEXICO CITY, Sept. 20 (Canadian Press).—The phantom of hunger loomed in the flood-stricken Lerma Valley to-day. With the flood waters covering the district around Acambro in the State of Guanajuato, adequate relief work for the present is impossible. The Federal garrison has been struggling heroically, feverishly, and incessantly to rescue the people. Foodstuffs have been commandeered for distribution among the victims. The number of soldiers, however is limited, and they could not attend the cries of agony which came from many families perched on their house-tops imploring mercy as raging torrents gradually sapped the walls of the houses beneath them.

ROB C.P.R. STATION.

TEMISKAMING, Sept. 20.—(Canadian Press.)—Firing four shots into the floor to emphasize their demand a pair of hold-up men last night compelled R. Surtees assistant Canadian Pacific railway station agent here, to open the safe and hand them six hundred dollars which it contained and then disappeared into the bush.

DEPUTATION OF UNITED CHURCH VISIT THE SYNOD

Bring Message of Good Will to the Church of England.

PLEA FOR UUNITY.

KINGSTON, Ont., September 20 (Canadian Press). — Bringing a message of goodwill and sympathy and a plea for unity, a deputation from the United Church of Canada yesterday visited the General Synod of the Church of England. The members of the deputation, Dr. James Endicott, Moderator of the General Council of the United Church, Rev. G. J. Sedgwick, Dr. Kent, Principal of the Theological College of Queen's University, and Judge Lavell, of Kingston, were given a courteous and enthusiastic reception at a joint session of both Houses. In introducing the visitors, Dean W. W. Craig, of the Diocese of Ontario, deplored the separation which characterizes church work. He stressed the importance of the visit, saying: "It is a mere spirit of cynicism which takes lightly such occasions as this."

"The United Church of Canada can never be perfect while the Church of England remains outside it," said Dr. James Endicott, who delivered the principal speech on behalf of the visitors. "Your Primate the other day referred to the formation of the United Church with the words 'for better or for worse.' Those words are to be found in every marriage service. All happy marriages begin with them, and I can assure you that we would be true to your position on divorce."

Shared Same Traditions.

The speaker wondered what his grandparents, who were members of the Church of England, would think if they could see him to-day. He was proud, he said, to share some of the traditions of the Anglican Church.

"The whole body of Christendom," he continued, "has no doubt of its admiration for and obligations to the Church of England. We admire its scholarship, its stately ritual, and beautiful worship, its fidelity to the evangelical faith, its loyalty to Protestant principles, and its claims to true Catholicity, its service to the British Empire, its missionary zeal, and its loyalty to Christ."

Touching on the recent conferenees between the Anglican and Greek Churches he explained that the Church of England stood in a peculiar and advantageous position, with regard to other communions. He believed it had grown to a larger understanding of its duties in this respect. John Wesley had been given a plaque in Westminster Abbey, but he ought to be buried there. Touching on the Lambeth appeal, he said: "If the Church of England continues in that spirit a greater harvest than you dream of may be reaped.

"How could we be expected not to make mistakes when we had no bishops to guide us?" he queried, in admitting that mistakes had been made in forming the United Church.

"We did not form it," he continued, "with a view to making ourselves almighty strong. We had no desire for numerical strength. We were driven by forces which seemed to us irresistible, particularly in the West." Western people, he explained, did not want a half-dozen churches in each little hamlet. They wanted religion, but not sects.

"Our work in the West since church union has been mightily encouraging," he said. "Western people now give more than any others to the support of the church, and we look forward to the time when they will give still more."

Grown More Tolerant.

Speaking of the compromises made by Methodists and Presbyterians, he said they had grown more tolerant. "We are not nearly so much troubled about episcopacy now for we have learned that even bishops can be handled. We would even be willing to say of the Church of England, 'Send her victorious, happy and glorious, but not to reign over us.'"

Mr. Sedgwick said that he had given Dr. Endicott most of his ideas, but managed to talk for some little time. In order to catch the imagination of the youth of to-day, the church must take a bold, adventurous attitude. He hoped the Church of England would one day join in the union movement. There were greater ,truer notes of the church, he thought, than "antiquity, authority, and identity," and they were, "freedom, daring, and adaptation."

"After the speeches you have heard, I know you are looking only for a sentence from me," said Judge Lavell. To assert a layman's right to say something, however, he welcomed the Anglicans to Kingston. "It is well-known as an abiding place of criminals, but you will find many law-abiding people here," he said.

Dr. Kent welcomed the delegates on behalf of the United Church ministers of Kingston.

Archbishop Worrall then called on Bishop Richardson of Fredericton to reply on behalf of the Upper House. He recalled the first time he had met Dr. Endicott, thirty-nine years ago, when he was working on a farm in

ONLY 2 PLANES LIKELY TO TRY 2,400 MILE NON-STOP RACE

Royal Windsor and Stintson Machines To Face Barrier Wednesday.

SEVEN WERE ENTERED.

Fliers Encountering Dangerous Fogs in Spokane Air ,Derby.

NEW YORK, Sept. 20.—(A.P.) — Officials of the New York-Spokane air derby stated yesterday that the 2,400 mile non-stop race will be held on Wednesday, even if the Royal Windsor, piloted by C. A. "Duke" Schiller, and the Stinson monoplane, piloted by Eddie Stinson of Detroit, are the only two of the seven entrants to face the barrier.

It had been announced previously that the classification would be eliminated unless five qualified planes were ready to start.

The take-off will be between two apd four o'clock Wednesday afternoon.

The Royal Windsor is entered by the border chamber of commerce of Windsor, Ont.

Prizes of $10,000 and $5,000 go respectively to winners of first and second places.

Twenty of twenty-five plans that started yesterday in the Class B flight to Spokane in the National Air Derby have completed the first leg of their 2,350 mile aerial jaunt and are winging their way westward.

Miller Leading.

CHICAGO, Sept. 20.— (A.P.)— A former army pilot, characterized by his flying 'buddies" as the "luckiest" fellow in the world, Leslie Miller, of Des Moines, Iowa, yesterday winged his way through perilous fogs and over mountain tops to take the lead at the end of the fourth lap in the New York to Spokane Air derby.

Flying alone in an Eaglerock plane, the Iowan took the lead after a close contest, in which 24 others were entered. Although he left Roosevelt Field, N.Y., the starting place, in ninth place, at 6.10 a.m. (E.S.T.) he arrived at the Municipal air port here, the end of the fourth lap, and where most of the contestants must stop over for the night, ahead of the flying pack at 4.43 p.m. (Chicago (D.S.T.) completing the 768 miles in 10 hours and 41 minutes, or a time average of about 71 miles an hour, including time taken for three stops.

A minute and a half behind Miller came O. W. Meyers of Detroit, who led yesterday's flight most of the way. Meyers, who was fifth to leave Roosevelt in the case for the $5,000 prize which awaits the pilot making the best time to Spokane, is flying a Wave-10 and is carrying a passenger, Thomas B. Dolby.

J. S. Charles, of Richmond, Va., was next in another Eaglerock plane. He was the first to leave Roosevelt Field yesterday morning.

Others were slower in arriving at the airport here from the last stop at Bryon, Ohio.

Dangerous Hop.

The three leaders said the first leg of the flight, from New York to Bellefonte, Pa., was one of the most dangerous hops they had ever made, because of the heavy rains and fog.

Miller especially said he had a difficult time.

"I believe it was the most dangerous hop I have ever made," he told the Associated Press. "Most of the way I had a visiblity of but 500 feet. When I was about 50 miles east of Bellefonte it rained so hard that the magneto of my machine got wet and the motor suddenly stopped. I looked about for a a landing place, but all I could see for miles were tree tops. I worked on my engine as I was dropping and finally got one cylinder and then seven to work. I rode into Bellefonte on seven cylinders."

Meyers said that he was forced, because of the bad head winds, fog and rain, to deviate from his course in the New York-Bellefonte hop, going way down to Reading, Pa.

"But after I had reached Bellefonte, the weather was clear, even though strong winds prevailed and I had to dodge in and about the hills and mountains,' he added.

MARMORA NEWS.

Mr. and Mrs. Albert Mackenzie have returned to their home in Marmora after visiting the latter's sister, Mrs. E. A. Delaney, in Sandwich.

CORN CROP GOOD.

Buckwheat Also Flourishing in the Recent Fine Weather.

WARSAW, Sept. 20.—The corn is picking up wonderfully and the crop looks better every day. It is nearly all strong and healthy-looking. Some farmers report their corn is very heavily cobbed.

Buckwheat seems to be a heavy crop, and if this weather continues the grain can be well harvested.

SCHOOL CLASSES HOLD CORN ROAST

Initiation Performed By Senior Pupils of Millbrook Continuation School.

MILLBROOK, Sept. 20. — A jolly corn roast was held at the Grove on Wednesday evening, when the senior pupils of the Continuation school initiated the new First Form scholars, of whom there are quite a number this year.

A good sized bonfire gave opportunity for cooking the corn, an item on the supper menu that seemed to please all appeites judging by the quantity consumed.

Games of various kinds were indulged in, in the course of which such initiation ceremonies as had been previously decided upon were carried out in detail. The early closing in of the evening with no lighting facilities, at the picnic grounds, made it impossible to continue the party beyond a limited time tea had been disposed of, but it was quite evident that everyone was in the very happy frame of mind as the young folk, with much fun and frolic, trooped off to their respective homes and boarding places.

Miss Muir and Mr. Jordan, principal and assistant principal, of the Continuation school, had a general oversight of the enjoyable outing.

There is a larger enrollment, so far, for the High school work, than there was last year, especially in First Form as a goodly number of pupils pased the Entrance examination last June.

The pupils from the Intermediate room in the Public school, under the supervision of their teacher, Mr. J. Harold Anderson, entertained the pupils who passed from their ranks into the senior room last mid-summer, at an out of doors party at the Grove on Friday afternoon, when a most enjoyable time was spent.

Miss Betty Montgomery, teacher of the Junior Room, assisted Mr. Anderson with the games, races, etc., which kept the children happily employed once they had all gathered at the picnic grounds after school was dismissed, and also in serving the abundant supper to which healthy appetites did full justice.

There was no lack of hilarity, and a general determination to have a good time, while the party lasted, the dark which comes all too early at this season of the year finally compelling the breaking up of the happy event.

The difficulty which all the teachers experience, either from the Public or the Continuation Schools, when entertaining, is the lack of dishes, or any culinary equipment. The suggestion has been made that the Women's Institute, which in many cases has on its programme the oversight of certain needs of the schools in its districts, might take this matter into consideration.

WINNIPEG WHEAT.

WINNIPEG, Sept. 20.—Wheat was very strong during the greater portion of the session, and closed from 1¾c to 1¾c higher. Values were lifted on reports of unfavorable weather throughout the Prairies. October reached the top with an advance of 2¾c. A reaction set in later which brought the price back to the opening level.

All coarse grain commodities advanced yesterday barley being in excellent demand, and at one period prices were up nearly 1¾c. An advance of 5c in flax was a feature of this section of the market. Oats gained 1c, due to short covering in October option. Rye was not particularly active.

In the cash market some of the better grades of wheat were selling ½c to 1c higher. There was an excellent demand for barley.

VOTE TO DISSOLVE UNITED SECTIONS

Ratepayers of Apsley Consolidate School District Express Opinion.

APSLEY, Sept. 20.—The question of dissolving the Apsley Consolidated school district which was formed two years ago, was submitted to the ratepayers on Saturday last when the voting took place. The result showed fifty-three in favor of dissolution and twelve against, consequently, on the approval of the Minister of Education, the school sections affected will revert to their former status.

NO USE TO HIM.

LOUISVILLE, Ky., Sept. 20.—H. D. Weaver, a visitor here, set his suitcase on the sidewalk for a moment when he lighted a cigaret. A negro snatched the bag and disappeared around a corner, but Weaver laughed when he reported the theft to police. The stolen baggage contained only an assortment of regalia of the Ku Klux Klan.

FINAL RESPECTS PAID TO DANCER

Isadora Duncan's Body Cremated in Pere Lachaise Cemetery.

IMPRESSIVE SERVICE.

PARIS, September 20. — The body of Isadora Duncan was taken yesterday to the Pere Lachaise cemetery to be cremated and the ashes placed beside those of her children.

Until the removal the body of the late dancer lay in state in the studio of her brother, Raymond, which, for the occasion, had been transformed into a Greek mortuary shapel.

Two men and two women, garbed in flowing Greek robes and sandals, stood guard over the coffin, which was covered with the purple robe Isadora wore when she danced Chopins Funeral March.

Among the profusion of wreaths and flowers was one inscribed: — "Russia mourns Isadora's death."'

Scores of candles shed a dim light in the improvised chapel. In each corner of the room stood an altar, surrounded by flowers. The Union of Artists and hundreds of persons prominent in the world of arts and letters sent wreaths.

Paul Boncour, French delegate to the League of Nations Sunday paid his respects in behalf of the government and a group of legionnaires knelt in prayer beside the coffin of the dancer whose life ended dramatically at Nice last week.

DOWNEYVILLE NEWS

DOWNEYVILLE, Sept. 20.—Mr. and Mrs. James Carroll, of Lindsay spent Sunday the guests of friends in the village.

Mrs. Mary Lynch, of Peterborough, is at present the guest of her brother, Mr. Bernard Murray.

Mr. William Harrington has been engaged as high school principal in Ennismore.

Messrs. Urban Lucas and Albert Meehan, also Miss Phyllis Meehan, of Detroit, Mich., have returned to that city after visiting friends here.

Dr. and Mrs. Stan. Lucas, of Detroit, Mich., spent the week-end the guest of Mr. and Mrs. John Lucas.

Miss Leona Scully has returned to Rochester, N. Y., after a pleasant visit with her parents, Mr. and Mrs. John Scully.

The Misses Dorothy McGuire and Lorretto Harrington were business visitors to Peterborough on Saturday.

Messrs. William and Stephen Herlihey, of Erie, Penn., spent Sunday the guests of their uncles, Edmund and Patrick Herlihey, in the village.

The schools have re-opened with two new teachers, Miss Nora Costello in the high school, and Miss Mary O'Connell in S. S. No. 4, while Miss Mollie Duffy teaches in S. S. No. 12.

Mr. and Mrs. H. Hennessey, of Ennismore, spent Sunday the guest of friends here.

Mr. and Ms. Walter Herlihey and babe, of Erie, Penn., are spending a few days the guests of the latter's mother, Mrs. Morrissey.

FLY-TOX HELPS REDUCE INFANT MORTALITY

Every year in the United States 250,000 children under 5 years of age die. Health authorities say it is significant that more deaths occur during the time flies are most active. Flies transmit more than thirty different diseases. Every fly should be killed. Fly-Tox kills flies. It is fragrant, safe, stainless, sure.—Adv.

Edward Johnson

World's Greatest Tenor at the GRAND OPERA HOUSE Sept. 29th

Edward Johnson, acclaimed throughout the musical world as the greatest living tenor, will give a Recital in Peterborough, at the Grand Opera House, Sept. 29 (under the auspices of the Kiwanis Club). This is the season's musical event. Wherever Mr. Johnson has appeared he has become tremendously popular. His singing, his unassuming manner, his winning personality, makes friends everywhere. His only fault is that he visits us too seldom. If you are a music lover, if you are interested in music, you cannot afford to miss this Concert. You will be interested to learn that Mr. Johnson requested the use of a Heintzman & Co. Piano as his accompanying instrument, and for your convenience tickets for the Recital are on sale at their Store. Early reservations get a much superior choice.

15 FOOT CORN AT HAVELOCK

Mr. Herrington Has Two Acre Field of Tall Stalks.

GROWTH VERY EVEN.

HAVELOCK, Sept. 20.—The tallest corn that has been seen in this district for many years was grown this season by Mr. Herrington on Mrs. Esther Mathison's farm. Mr. Herrington has two acres with a uniform height of fifteen feet.

PREPARE FOR RALLY.

Warsaw Sunday School Workers Active—Ladies' Aid Meets.

WARSAW, Sept. 20.—The Sunday schools are making special efforts to have a good rally day service next Sunday. The collections will go towards the upkeep of the needy Sunday schools throughout the country.

The Presbyterian Ladies' Aid met at Mrs. John Tucker's home on Thursday afternoon, and quilted a quilt. At the next meeting to be held at Mrs. John Clifford's home, it will be bound. There is an offer made for it already.

OBITUARY.

MRS. DAVID HANNA.

BETHANY, Sept. 20.—The funeral of the late Mary Wilson, widow of the late David Hanna, who predeceased his wife seven years ago, was held from the family residence, lot 25, concession 5, Manvers, on Friday, September 16.

Mrs. Hanna, who was 67 years old, had been in apparently good health until about a week ago, when she complained of not feeling well and the doctor was called. Upon examination it was found she was suffering from an incurable malady, and she passed away within a week, on Sept. 14th.

Rev. Mr. Riddell, Presbyterian minister of Millbrook, conducted the service. Interment took place in the family plot in Fallis cemetery. The pallbearers were all old friends of the deceased and were Charles Porteous, Tom Fallis, Sargent Medd, Howard Tracey, William Johnston and Edward Kellett.

Three children, James and Bella at home and Mrs. Peter McPhail, and five brothers, James and Alex. Wilson of Millbrook, Tom of Manvers, Robert of Bridgenorth and Joe of Morden, Manitoba, are left to mourn a loving mother and sister.

Many beautiful floral tokens were sent bearing the sympathy of friends and neighbors.

CAVAN, Sept. 20.—There passed away on Tuesday, at the home of his brother-in-law, Mr. Edwin Moore, at Eighth Line, one of the older residents of Cavan, Samuel Bolster, aged eighty. Mr. Bolster had been in failing health for some time.

The funeral services were conducted at the house by the Rev. P. C. Howard, and at the cemetery by the Rev. Mr. Weir, Omemee.

Interment was in St. John's cemetery, Ida. He is survived by a sister, Mrs. S. Martin, Cavan.

The pall-bearers were Messrs. James Paul, Edward Keegan, George Bothwell, T. Douglas, L. Winslow of Cavan, and Mr. Bolster of Ennismore.

LUKE ELLIS.

HAVELOCK, Sept. 20.—The death occurred on Thursday evening, September 15th of Luke Ellis at the residence of his son, Mr. Samuel Ellis, Donald street. The deceased was 82 years of age and was born in Trenton. When a young man he spent several years in the United States and was a veteran of the American Civil war. Fifty-five years ago he married Miss Sarah Elizabeth Hardy of Trent River, who predeceased him five years ago. Nearly all of his married life was spent at Trent River. Mr. Ellis was very active until he was taken sick about two weeks ago.

The funeral took place on Saturday afternoon. The service at the house was conducted by Rev. G. E. Lougheed, and interment took place in Centre church cemetery.

There are left to mourn his loss: two daughters, Mrs. J. McLaughlin of Toronto and Mrs. J. H. Johnston of Trent River Road; four sons, David of Hastings, George of Trent River, William of Belmont, and Samuel of Havelock.

WEDDING BELLS.

HATFIELD—VAN BLARICOM.

NORHAM, Sept. 20.—A quiet but pretty wedding was solenized at the home of Mr. A. E. Van Blaricom, Codrington, when his daughter, Edith May, was married to Mr. A. Hatfield, of Campbellford. Rev. D. R. Clare, of Norham, officiated. Only the immediate friends of the family were present. The young couple left for a motor trip to Toronto, after which they will reside in Campbellford.

WRIGHT—LANG.

MILLBROOK, Sept. 20.— Saint Thomas' church was the scene of a pretty fall wedding on Thursday, September 15, at 2 o'clock, when Muriel, eldest daughter of Councillor T. J. and Mrs. Lang, was united in marriage to Mr. Walter E. Wright, of Peterborough, Rev. P. C. Howard performing the ceremony.

The church was tastefully decorated for the occasion, the color scheme of pink and white being carried out in asters, feathery asparagus supplying the needed touch of green.

Miss Mamie Collins played the wedding-march, the bridal party standing under an arch of green intertwined with white asters, a cross of pure white flowers being immediately overhead.

The bride was given away by her father, and looked charming in a dainty silk gown of deep ivory shade, with raised satin flowers, the material coming direct from Scotland and being a wedding-gift from an intimate friend of the family. Her veil was of embroidered Brussels net, worn cap style, with coronet of orange blossoms, and the bouquet carried was of Ophelia roses. White kid gloves, and shoes, and white silk stockings completed her costume.

The matron of honor, Mrs. Morley Black, of Liverpool, wore a gown of ivory embroidered chiffon, and carried mauve sweet peas; her shoes were black, and her hose of a pale golden shade. The bridesmaids were the twin sisters of the bride, Miss Marcella and Marguerite Lang, who were daintily attired in French dresses of peach and green georgette, respectively, with shoulder knot of flowers, and with arm bouquets of sweet peas in a coral shade; stockings and kid shoes were a light blonde.

All three attendants wore black velvet picture hats, with large satin flower at one side, matching the dress in shade; the gowns were all in sleeveless style.

Dorothy Frost, the little niece of the groom, was the flower girl, and looked very sweet in a frilled, peach georgette dress, flower bandeau in her hair, and carrying a dainty green and gold basket of sweet peas.

The groom was supported by Mr. Fred Cripps, of Peterborough, and the ushers were Messrs. D. Davis and E. Frost, of Peterborough. Flower tied pews marked off the seats reserved for the guests of whom there were more than sixty.

During the signing of the register Mrs. E. Frost, of Peterborough, the groom's sister, sang very beautifully, "O Perfect Love."

The reception at the home of the bride's parents was held on the lawn, Mrs. Lang receiving with her daughter, as did also Miss Edith Wright, of Peterborouh, the groom's sister. The former wore a becoming dress of black satin-faced crepe with vestee of old gold veiled in Chantilly lace, and close fitting black hat. Miss Wright was attractively gowned in rose georgette, with mauve hat.

An abundance of fall flowers and streamers of tulle, tastefully arranged, added much to the beauty of the grounds, and of the large rooms indoors. Three of the bride's girl friends, Misses Kathleen Fowler, Vaneta Ingram, and Mrs. Dorley Davis (Peterborough), assisted in serving the guests at the wedding luncheon for which V. C. Lambert catered, and the ushers looked after the pouring of the tea.

Later in the afternoon Mr. and Mrs. Wright left by motor on their wedding tour, the bride travelling in a smart sports dress of navy flat crepe, with touches of vivid red, small black hat, and top coat of navy in double-breasted style; she wore a red fox fur, the gift of the groom; and gloves, handbag, stockings and shoes were in tan color.

The groom's gift to the matron of honor was a kid compact; to the bridesmaids and soloist, slave bracelets; to the flower girl a ring, and to the organist a cheque; the grooms man and ushers were remembered with gold-handled pen knives.

The young couple were the recipients of a large number of beautiful gifts, some of which came from friends as far away as the Pacific coast. The gift from the bride's mother was a copy of the Scriptures bound in fine morroco, and printed on the best type of India paper, and from her father an orthphonic victrola in solid walnut case.

The honeymoon is being spent at the Kawartha Lakes, and upon their return Mr. and Mrs. Wright will reside at 116 Gladstone avenue, Peterborough.

CAR RUNS OVER SIDE OF BRIDGE

Seven Occupants Frightened But Not Injured By Accident.

CAR DAMAGED.

MILLBROOK, Sept. 20.—A motor accident occurred on Sunday evening on the road east from the village near Mr. James Thompson's farm when a car driven by Jack Kelly of Canton overturned at the bridge spanning the culvert in the near vicinity of Mr. Thompson's gate, smashing the top completely off and otherwise damaging the automobile to a considerable extent.

Mr. Kelly, with his wife and five children, the youngest only seven months old was returning from Peterborough, and his battery being low the light on his Ford car were very dim. Apparently confused by the headlights of an approaching car Mr. Kelly inadvertently shut off his engine just as his car came on to the bridge with the result that they went over the side, taking the railing with them. No one was injured beyond the fright from the sudden drop, and the overturned car.

Mrs. Kelly and the children were taken on home the same evening, the owner of the car remaining with Mr. Thompson until morning when he had his car removed from the ditch and towed to a local garage for repairs.

CAMPBELLFORD NEWS.

CAMPBELLFORD, Sept. 20.—Miss Jennie Donald, who broke her left wrist when she fell down the cellar stairway at her home, is able to be about the house though suffering acute pain from the fracture.

Mrs. Fred (Dr.) Free was the soloist at the anniversary service held at Warkworth United church yesterday.

Campbellford's first traffic signal was in operation at the corner of Bridge and Front streets on Saturday night. Apparently some of the motorists had not known that it was to be installed. Other were entirely ignorant of what the signal meant when it said either stop or go. Several times the traffic officer was forced to speak to drivers, as it was evident that they were uncertain of the correct procedure. The bright light a few feet above the signal no doubt made the colors more difficult to distinguish. It is understood that a change of lights will be made.

Pedestrians are being reminded that they are to obey the signal. They must not attempt to cross the street through the traffic. Furthermore, it is always wise to look out for cars when crossing any street.

Mr. Jones, student minister of Brighton Presbyterian church, occupied the pulpit of the Presbyterian church here at the morning service. Rev. James Grier, Campbellford, took charge of the Holy Communion service in Brighton Presbyterian church this morning. He also administered the Baptismal ceremony there. Both minister occupied their own pulpits for the evening service.

Tom Marsden, Alderville, did considerable damage to his car when he collided with the steel support of the overhead railway bridge one block east of the C.N.R. station. Mr. Marsden had been on a business trip to Campbellford and was returning to his home when the accident happened.

About ten-fifteen last night, he and two friends were going south on Grand road. They did not notice the steel support and crashed into it. One of the occupants of the car was severely cut by flying glass from the windshield and medical attention was necessary. It is stated that the car was not travelling at an excessive rate of speed. The support stands in the middle of the roadway.

HAVELOCK, Sept. 20.—Twelve and a half cents a pound was the price realized on the shipment of the prize winning sheep exhibited by the Belmont Sheep Club at the Belmont Rural school fair, and which was shipped to Toronto by local cattle buyer, W. S. Davidson.

Victim of Assault Is Quietly Married

SARNIA, Ont., Sept. 20.—Velma Simpson, young Sarnia girl who, it is alleged, was brutally attacked by six men on May 5 last, has been quietly married to Morrison Taylor, her escort on that occasion.

The young couple have moved into their new home adjoining the farm of Morrison's father.

When court opened for trial of those accused of the assault it was but three parts full. Col. J. Keller Mackay represented the crown, and F. W. Willson, of Sarnia, appeared for the defence. Victim of

"I need this-mamma"

The highest medical authorities have again and again called attention to the remarkable qualities of Fry's Cocoa.

"It is the richest in flesh forming and energy producing constituents," says Dr. Andrew Wilson, F.R.S.E., "and is without an equal in respect of its purity and for all round excellence. It is my ideal of perfection. There is no better food."

Do not ask for just a tin of Cocoa. Ask for Fry's. Then you have the best that 200 years experience in high grade cocoa and chocolate making can give you.

Remember, "Nothing will do but Fry's," made by the oldest Cocoa and Chocolate House in the world.

FANCY PURE LINEN HA[illegible]WELS—With colored borders, [illegible] Helio, Rose and Gold. Specially priced at, each **35c**

In Peterborough Churches

ST. PAUL'S PRESBYTERIAN.

The holiday season has closed—the congregation are coming back to the pews in increasing numbers, and the pastor is in his accustomed place—there is an air of preparation for the fall and winter work, and the various organizations are announcing their first meetings. This is true of St. Paul's Presbyterian church, at least, where yesterday fine assemblies were the rule morning and evening, to hear Rev. William Allan deliver two fine, appealing, and inspiring messages.

The Evening Service.

Dealing with the prelude, which is an interesting feature at this service, Mr Allan answers from Scriptural inspiration three weekly question, sent to him by inquirers, for answer in this manner.

The subject of his sermon last evening was "Woman's Folly and Man's Fault-Finding", the text for which is found in John 8:1-11. At the outset Mr. Allan said these days were fraught with words and works of wonderful import, as shown by the amazed declarations of Christ's listeners: "Never man spoke as this man speaks", and the numerous miracles wrought by Him. In chapter 7 we find Jesus in the Temple, with the people divided against Him and bent on His destrucution, causing a wider breach when He tells them of His departure, advent, and ministry of the Holy Spirit. The day closes and His voice is hushed. Every man goes to his own home, and Jesus went into the Mount of Olives. It must have been a night full of expectant waiting and watching.

In chapter 8 we find Jesus in the Temple, early in the morning, teaching the people who came unto Him. More fellowship with Christ in prayer, Mr. Allan said, would ensure larger congregations and more visible results.

A Sad Scene.

A woman taken in sin! A woman with what possibilities—when the extremes are reached by her more speedily than by man. Going to the top of the social scale, she gets there swiftly; then again, on the downward path, she reaches just as swiftly the lowest depths of degradation. She stands in the midst of the group of Scribe and Pharisee accusers, with their cold, hard, unsympathetic looks felt through the centuries. Among them, as among many at the present day, are those who are guilty of the same or worse things.

The Saviour's Silence.

The penalty for the woman's offence was, according to the law of Moses, death by stoning. The accusers wished to entrap Jesus, "Rabbi, what sayest Thou?" He was silent—the silence of strength. Their persistent questioning brought forth the rebuke to the Pharisees, "Let the sinless man among you be the first to throw a stone at her." It was two-fold—a rebuke to these, her judges, and a message of sympathy for the sinner. She needed this, which Jesus also gives to all such.

The Sinner's Sentence.

Jesus always stoops. He comes down to put His loving arms around us, and to lift us from the sinful path. He knew the lowly path of the weak. He was born in a stable, in a manger for His cradle. He was nailed to the cross with thieves. He was at last exalted on high, at the right hand of the Father; but Jesus still stoops to help us in our trouble.

He alone was and is fit to pronounce sentence. He forgives freely, does not condemn. Jesus, concluded Mr. Allan, with the words, "Neither do I condemn thee; go and sin no more", brought the Scribes and Pharisees into the light, but they went out into the darkness, turning their backs on His pleading. Christ Jesus says this to all sinners who come to Him in sincerity: "Neither do I condemn thee; go and sin no more."

The choir, with Martin B. Chenhall at the organ, were out in large numbers and rendered the anthem, "Nearer, My God, to Thee", with a solo by Greta LeBarr.

ST. PETER'S CATHEDRAL.

'For what things a man shall sow, those also shall he reap,' a text from the Epistle to the Galatians, was the basis of Rev. P. Costello's sermon at the Masses at St. Peter's Cathedral yesterday morning. Prefacing his address with brief remarks on the Gospel of the day, which relates the story of the widow of Nain, whose son was raised from the dead by Christ, the reverend speaker adjured his hearers to remember the admonition: "God is not mocked. For what things a man shall sow, those also shall he reap. He that soweth in the flesh, of the flesh also shall reap corruption."

Acts of honesty, truthfulness, sobriety, charity and attendance at church, are characteristic of the man who strives to serve God.

There are many who constantly miss their morning prayers, who live in such a manner as to be sources of scandal to their neighbors, or who as parents, do not strive at all times to do their best by their children.

was dear to every Anglican heart. Anglicans would be as much impressed by Dr. Endicott's confession of mistakes, he thought, as by his asking the title of "Right Reverend."

Not the Aim.

He was glad to hear that numerical strength and overpowering influence had not been the aim of Church Union. "Strange to say," he continued, "we in the West often meet people who think that's just what you are after. Of course we don't believe it."

Reminding the United Churchmen that Union would never come by absorption, he said: "Don't be seduced by that idea, when you become mightier still and yet mightier."

The only true unity is when men drew closer together and find the Holy Spirit. You are seeking to erect a mighty structure. It's value will not depend on its size nor its beauty but on the sincerity of its foundation. The foundation must be faith in Christ, and if you have that four structure will be filled with untold treasures.

"We laymen are more conservative than the bishops or clergy," said Chancellor Gisborne of Ottawa, speaking for the laity. "I had not intended to speak but we were afraid the bishops and clergy might give us away. All communions are coming closer together, and the more sincere and earnest we work in the service of what we believe the closer we will come in future."

"With these things as a background," the report continues, "We may say that the task of the Board is to keep this educationaim constantly before the 1,600 parishes and mission of our church—to provide guidance, to the approximately 3,000 clergy, lay-readers and Sunday School superintendents in setting up and promoting the right kind of parochial educational organization to make available for the 16,000 teachers and officers of the Sunday School, the training necessary for their task, to supply them with adequate teaching material, and to suggest proper channels of service, so that the teaching may be made effective in the lives of the 200,000 Church of England families in this Dominion that influence and guidance which will secure the co-operation of the home in the great work of Christian nurture."

Triennial Meeting

The triennial meeting of the Archdeacon's Society was held yesterday at noon. The following officers were elected:

Honorary President, Archdeacon Forsythe of Chatham, N.B.; President, Archdeacon Myles of Toronto; Vice-President, Archdeacon Snowden of Ottawa; Secretary, Archdeacon Balfour of Sault Ste. Marie.

Rev. Dr. R. A. Hiltz of Toronto, Secretary of the General Board of Religious Education, presented the Board's report. He paid a glowing tribute to the work of Rev. Dr. Rexford of Toronto, who had recently resigned as chairman of the board. The work of the board involves Sunday schools, young people's work, training of teachers in Normal schools, instruction of theological students in teaching methods, and religious instruction whenever possible in public schools.

Text books have been prepared covering some branches of religious instruction. It is hoped in time to have text books for all courses. The board also has in view the establishment of a correspondence course.

The aim of the board is stated in the report to be "Christian nurture through instruction worship and service, meaning by nurture, 'the process of aiding growth by providing right conditions and proper nourishment'."

PETHERICK'S CORNERS

Talk On Alcohol and the Mind Given By Lindsay Anderson.

PETHERICK' SCORNERS, Sept. 20.—The regular league service was held on Tuesday evening last in charge of the Citizenship Department with Don Watson as leader, and about forty-five present. An interesting devotional talk by the Rev. C. D. Daniel, a hymn by the Khaki group, a reading, "Are young people choosing the right path", by Mrs. Lorne Barnum, and the topic, "Alcohol and the Mind", by Lindsay Anderson were programme numbers. Result of the contest race to end the second week of September is as follows: Khaki, 906 points; Whites, 895 points; Reds, 778 points, and Blues, 668 points.

The Rev. Mr. Daniel conducted anniversary services at Wellman's Corners on Sunday with the Rev. Mr. Joblin on the local circuit.

CAMPBELLFORD NEWS.

CAMPBELLFORD, September 20.—Mrs. George Nicol and Mrs. J. Ernest Birk were hostesses at the Bowling Club bridge yesterday afternoon. There were five tables, and Mrs. W. Wiggins won the prize for the highest score. Mrs. J. A. Stewart and Mrs. E. F. Richardson poured tea. In the evening, in spite of the chilly weather, several rinks were on the greens.

The fire alarm which was turned in shortly before noon yesterday summoned the Brigade to a small chimney fire in the south-eastern section of Ward Four. In spite of the prompt appearance of the firemen, the fire had been controlled before they arrived.

The officers of the local branch of the Canadian Legion are well pleased with the showing made at Brighton. The Campbellford troops were responsible for a large part of the programme. The Legion meets again to-night at eight o'clock in their club rooms. Reports from the Brighton ceremony will be laid before the meeting, and arrangements made for the unveiling of the Alderville monument next Sunday afternoon. The officers hope that every member and ex-service man in the community will be at the meeting on time, and will assist in making next Sunday's event a success. The business of the meeting will be largely in connection with the Alderville memorial.

While the Brighton memorial was of interest to Campbellford for many reasons, the Alderville ceremony will be even more so, since it was erected gratuitously by A. H. McKeel & Son, of Campbellford. Both men will be on the platform on Sunday afternoon. The ceremony is timed to take place at 2.30.

To-day and perhaps Wednesday morning, St. Andrew's Presbyterian Church will be occupied by visiting clergy and lay members of the church, who will meet on the business of Presbytery. All meetings are open to the public. In the evening a special invitation is issued to all church people to attend.

The Mispah Mission Circle of St. John's United Church is holding a tea and programme in the Sunday School Rooms of the church this evening at eight o'clock.

HAVELOCK NEWS

HAVELOCK, Sept. 20.—Mrs. J. Boylan of Rochester, N.Y., is the guest of Mrs. Stanley Barlow.

Miss Hildred Youmans of New York city is spending a week with her parents, Mr. and Mrs. E. Youmans.

Rev. J. L. Hughes of South Peterborough conducted the harvest festival services in St. John's Anglican church on Sunday, and Rev. T. H. Stanley of town had charge of the services in St. George's church, Peterborough.

Thursday was "Pioneer Day" at the regular meeting of the Belmont Women's Institute held in the Belmont Town Hall. A number of the members were attired in costumes representing the styles worn in the pioneer days. After the business of the afternoon had been disposed of a programme of readings on 'Pioneers" was given.

DEPUTATION OF UNITED CHURCH

(Continued From Page 1)

Western Canada, and the doctor was a student preacher. Paying tribute to the Moderator's eloquence, he said: "Often for want of a more sufficient ministration I went to his church. The characteristics which have distinguished him all through his career, his eloquence, his enthusiasm and his magnetic power of leadership were the same then. So much so that at times I trembled as to where I should stand. I came to my senses eventually, but it wasn't his fault."

Pointing out to the visitors that bishops do not reign, as had been intimated, Bishop Richardson said: "The note of episcopacy is not regnant nor tyranous. Ours is a constitutional episcopacy uniting as one bishops, priests and laity in the service of the Christ. The Anglican bishops had troubles enough without wanting to reign over the United Church, he said, and added: "Daniel never went willingly into the lions' den."

Turning to Church Union, he said that there was an essential unity among all believers in Christ, whatever their differences were. The hope of the future was a great unity which would gather in the contributions of every believing body. The United Church had accomplished something, for which in time all churches would be stronger.

In replying on behalf of the lower house, Archdeacon Davidson of Regina, called on the visitors to observe the spirit of loyalty and submission in the Anglican Church. He had not wanted to speak, but submitted to the request of the prolocutor. The subject of Church unity, he said,

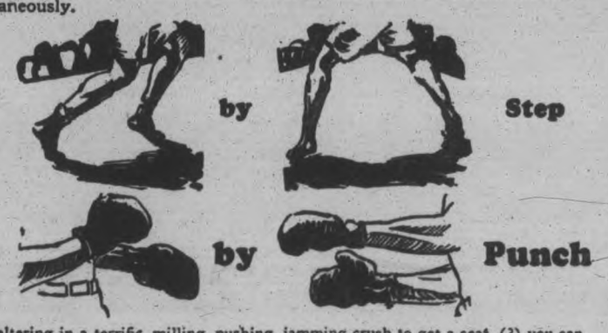
FALL FAIR DATES

Dates of Fall Fairs not listed here may be learned by telephoning the Editorial Department of The Examiner.

Bobcaygeon	Sept. 30-Oct. 1
Bowmanville	Sept. 20 and 21
Campbellford	Sept. 29 and 30
Colborne	Sept. 20 and 21
Douro	Sept. 22
Haliburton	Sept. 29
Lakefield	Sept. 27 and 28
Lindsay	Sept. 21-24
Madoc	Oct. 4 and 5
Marmora	Sept. 19 and 20
Millbrook	Oct. 6 and 7
Napanee	Oct. 23-23
Norwood	October 11 and 12
Orono	Oct. 4 and 5
Port Hope	Sept. 27 and 28
Roseneath	Oct. 13 and 14
Stirling	Sept. 27 and 28
Tweed	Sept. 22 and 23
Warkworth	Oct. 6 and 7
Wooler	Sept. 23

Don't Miss the Tunney-Dempsey Fight!

Next to actually *seeing* this great battle for the heavyweight championship of the world, Sept. 22nd, in Chicago, is to actually *hear* it described *direct* from the ringside, instantaneously.



Instead of sweltering in a terrific, milling, pushing, jamming crush to get a seat, (?) you can invite a few friends over that evening, get out the old jacket and slippers, fill the briar, settle down in the big arm-chair, push an electric switch and stage this great event

Right in Your Own Home

And, mark this, you will *hear* a lot more than you could ever *see*. Every preliminary bout, every celebrity, every action, every incident will be minutely described to you in detail, clear and *loud*, by means of the

"Greatest World-Wide Broadcast Ever Attempted"

All you need do is telephone or call and ask to have a Rogers Batteryless Radio installed in your home. It takes about three minutes to instal and costs *less* than 5c a week to operate. No Batteries; No Chemicals; No Charger; No Attachments; no unsightly wires; and in most cases no aerial; all complete in one small cabinet ready to "Plug In and Tune In." Prices range from $98 to $890, and payment can be spread over six months or longer.

The Principals in this Great Event

"The Champion" Gene Tunney

"The Receiver" ROGERS

"The Challenger" Jack Dempsey

NOTE: If you are not interested in this fight, remember that there will be a dozen big broadcast "hook-ups" during the next few months, some of which will be your favorites. The World's Series Ball Games; The Sunday Concerts; The Trans-Atlantic Tests; The Christmas and New Year's Carols—these are but a few supplementing the scores of daily programs. You are *certain* to get a radio sometime—get a Rogers now. It is two years ahead. Never any rum down batteries to exasperate you. No matter how long it stands idle or how often you use it a touch of the switch starts it—always at *full* power.

"Just Plug In—Then Tune In"

ROGERS BATTERYLESS RADIO RECEIVING SETS

MADE IN CANADA

IF YOU HAVE A RADIO

Don't take any chances on not being able to get the big fight. Either trade your present set in as part payment on a Rogers or, next best, let us supply you with a Rogers "B" Eliminator which can be used with any set and forever does away with "B" Batteries. Operates on any cycle light current.

Advertising Rates on application.

R. M. GLOVER, Managing Director.

TUESDAY, SEPTEMBER 20, 1927.

WHERE CREDIT IS DUE.

The thousands of people who enjoyed watching the splendid field of jumping horses which took part in the various competitions at the Exhibition on Friday and Saturday owe a vote of thanks to that well known Peterborough old boy, Mr. Frank O'Connor, who, not only brought some of his own fine horses here, but interested other owners in the Exhibition.

Mr. O'Connor has lost none of his interest in his old home town and he most gladly co-operated with the directors in arranging this splendid feature of the Exhibition.

He was delighted with the appearance of the Exhibition grounds and with the general air of progress and expansion that marked Peterborough's big fair, and it will be with much satisfaction that citizens will learn that Mr. O'Connor and other owners are likely to return to Peterborough next year to contribute again to the success of the Exhibition and the enjoymen of the thousands of patrons.

The interest shown by Mr. O'Connor in the Exhibition is greatly appreciated by the directorate.

GETTING A REPUTATION.

The directors of Peterborough's Dog Show, held in connection with the Industrial Exhibition, have not only given evidence of their ability to stage a worthwhile show, but they have given the city so valuable advertising in another and important way.

A well known Toronto dog expert, writing of the local show in The Telegram, remarks upon the fact that the clash in dates between the London and Peterborough shows resulted in Peterborough getting twice as many dogs as were shown at the Western Fair, a result that he credits to the splendid hospitality extended by the Peterborough management to exhibitors.

That is a very fine tribute.

A reputation for courtesy and friendliness is priceless in the case of events in which the interest and co-operation of outsiders is desired and the management of Peterborough's Dog Show has evidently succeeded in winning such a reputation, enabling the local show to secure double the number of dogs exhibited at London, despite the more valuable prizes offered at the Western Fair.

The officers are to be warmly congratulated upon the success attained last week.

SATURDAY'S TAG DAY.

The annual tag day of the Peterborough Branch of the Children's Aid Society is announced for Saturday and The Examiner asks its readers to keep the date in mind.

The splendid work done by the Society on behalf of neglected and dependent children is so generally known and rcognized that it is not necessary to dwell at length upon the services rendered by the organization in commending the appeal as one entirely worthy of support.

It is perhaps sufficient to point out the important facts that the Society depends upon the revenue obtained from its annual tag day to meet most of its expenditures and that the cost of carrying on the work of looking after unfortunate children has materially increased in recent years, making more funds imperative.

These things should be remembered on Saturday when the annual opportunity is being given the citizens of Peterborough to assist the Society and to endorse the fine community service it performs here and throughout the district.

There should be a very generous response to Saturday's appeal.

PROTECT THE CHILDREN.

The attention of parents of Peterborough children who are below the school age is called to the campaign that is to be held here with a view of immunizing such children against diphtheria.

The use of toxoid as a preventive is declared by the medical fraternity to provide effective protection while the treatment is harmless.

Dr. A. W. MacPherson, School Medical Officer states that he has immunized one thousand Peterborough school children without any disturbance resulting.

In a word the treatment protects children from diphtheria and is safe.

These being the facts the opportunity of having young children of the pre-school age immunized free of cost to the parents, should be taken advantage of quickly.

There is diphtheria in the city at the present time.

The Inspector of Public Schools is authority for the statement that in six families with children attending one of the city schools, diphtheria has made its appearance, affecting children too young to attend school.

Such a condition means there is no time to lose; the disease might quickly become epidemic if steps are not taken to protect young children.

Parents should see that their families are immunized against diphtheria and pay no attention to those who oppose this method of preventing disease.

CANADA IS ONE.

When Hon. "Bob" Rogers was asked recently what it is that Western Canada wants from the Conservative party, he replied that it was a great mistake to continually discuss Western Canada or Eastern Canada as separate entities, but that, if we are going to succeed in building up Canada as we should, we must learn to approach every question primarily from the national point of view.

This statement from such a doughty Western politician as the famous Hon. "Bob" is most encouraging to Great Canada advocates in this part of the country. Too long have the electors of the various Provinces allowed themselves to be swayed by appeals to sectional interests which cannot fail to annoy the residents in other parts of the country. In justice to our people, it must be pointed out that they have been terribly handicapped by geography. One cannot travel from Sudbury to Winnipeg and watch that thin steel ribbon unfold behind him, the only link through those hundreds of miles of dreary wilderness between the two halves of our country, and fail to marvel at the miracle of Confederation. Nor is the gap less great in an economic sense. To hear our bickerings and disputes, an outsider might think that little progress had been made toward true national unity. It is a fact that many otherwise well-informed Americans actually believe Confederation to be in danger.

Two events this year stand out as especially indicative of the basic loyalty of the Canadian people to the ideals of that splendid group of patriots and prophets whom we know as the Fathers of Confederation. One was the spontaneous, united and uniform welcome received by the Prince of Wales, his brother, and Mr. Baldwin. Only a real nation could extend such a greeting. The other was the jubilee celebration in July. Provinces which were non-existent as political units in 1867 were as sincere in their thanksgiving for Confederation as were those which had been principals in that great achievement. The experiment has been successful, and Canadians can make it even more so by teaching and practising a truly Canadian national spirit.—Brantford Expositor.

PROGRESS IN THE AIR .

One of the dangers of uncontrolled stunt flying is that such feats and their frequent tragic consequences may blur the public mind to the fact that enormous progress is being made in the field of practical aviation. One always hears of the tragedies that often darken the sometimes gallant, sometimes foolhardy, attempts to span the oceans. Less is heard of the steady, scientific conquests being made from year to year in making aviation one of the great forces in the modern world. Yet such conquests are being made. Today, for example, the total length of air routes, operated throughout the world is almost 40,000 miles, of which 24,000 miles are in Europe and about 10,000 in the United States. The annual traffic over these routes has increased from about 1,000,000 miles flown in 1919 to about 13,000,000 miles in 1926.

The Imperial Airways Limited, of Britain, subsidized by the British Government, maintain and operate regular daily services between London, Paris and Zurich; London, Brussels and Cologne; London and Amsterdam; and a weekly seaplane service between Southampton and the Channel Islands. They have now completed two and a half years of the period in ten years during which they have a monopoly of subsidized British air transport in Europe. During this period they have flown approximately two and a quarter million miles and carried 36,000 passengers and 2,000 tons of goods with only one serious accident.

Since 1919, when regular services to the continent began, the British air transport companies have flown over 5,000,000 miles. During this time there have only been four accidents involving death of any passenger. During 1926 their air fleet was completely renewed; and, with the increased efficiency more modern aircraft bring, have been able to increase their cross-channel passenger traffic by 50 per cent., as compared with 1925. The safety and reliability of the services is proved by comparing the insurance rates on freight by air with those to Paris by rail or boat. The former are only one-third of the latter.

And so in other countries. In Australia the air lines continue to show an increase in traffic. There are now more than 5,000 miles of air lines in regular use; more than a quarter of a million miles have been flown with only one fatality; 7,500 passengers have been carried, as well as 800,000 letters and 100,000 pounds of freight; and the Government is now subsidizing the routes.

In Germany and in the United States the development of civil aviation has been tremendous. In Germany today business men travel by air regularly and use the air mails; the whole country is a net-work of air lines. In the United States last year the Air Mail Service flew over two and one-half million miles; carried 14,000,000 letters, and had a 93 per cent. efficiency. There were only two fatalities.

Nor has Canada lagged in aviation. Today the use of aviation in forest conservation, aerial survey and reconnaissance, and transporation in the remoter parts of the country is well established. The pioneer work done by commercial organizations and the Provinces of Ontario and Quebec and the Dominion Government, has been successful. Forest type sketching and reconnaissance from the air are accepted today without question as being quick, accurate and cheaper. Since this work was first tried in Ontario and Quebec in 1920, 125,000 square miles of forest land have been mapped by this method. Fire detection and suppression by air are accepted in unsettled areas, where suitable landing places can be found, as the only means of efficient protection. 165,000,000 acres of forest in Ontario, Manitoba and Alberta are now under a system of protection by air.

Aerial photography for mapping purposes has made tremendous strides. In 1926, 70,000 square miles were photographed and today no surveyor willingly undertakes the mapping of any district without the aid of aerial photographs.

In addition to the forest, survey, exploration and mining services using aircraft, the Fisheries Branch is directly interested in their use in protection work on the Pacific coast; the Department of Agriculture realizes their possibilities in fighting insect pests which do untold damage each year to the crops and forests of the Dominion and the Department of Customs use them to advantage in prevention of smuggling. Practically every engineering service can use aerial photography or air transportation to advantage.

Flying has not supplanted the ground forces in any of these activities, but they find aircraft an instrument which increases the efficiency of their work to an extent unbelievable a few years ago. It may therefore be stated with confidence that these phases of aviation may be expected to grow naturally. The field is immense and covers the whole north country, beyond the narrow strip along our southern border now served by the railways.—Ottawa Journal.

EDITORIAL NOTES AND COMMENT.

The highway casualty list is still heavy. The campaign against careless drilvng should not be relaxed.

Gene Tunney is said to be suffering from a damaged eye, but it won't prevent him from seeing his million dollar share of the gate receipts.

You are not too late to make a guess as to the new Conservative leader. His identity is still an open question.

Nearly 42,000 people saw the Peterborough Industrial Exhibition, an attendance figure that a few years ago would have been thought impossible.

Just because The Examiner called attention to the fact that Peterborough had three teams left in the various provincial series all of them proceeded to lose their Saturday games. We will be more careful next time.

CATTLE GRAIN, AND PRODUCE

RETAIL

Fruit

Bananas, 25-40c doz; 3 lbs 25c; red bananas 4 for 25c; oranges, 21-80c doz; grapefruit, 2 to 3 for 25c; lemons, 30-40c doz; dates 3 lbs 25; cooking figs, 2 lbs 19c; eating apples, 60 pk; cocoanuts, 5-10c each; canteloupe, 10-40c each; honeydew melons 35-60 each; plums 60c-$1.15 bkt; peaches, 60c-$1.75 bkt; pears, 50c-$1.25 bkt.; huckleberries, 10-15c qt.; grapes, 18-30c lb; Canadian grapes, 60c bkt.

MONTREAL GRAIN AND PRODUCE.

MONTREAL Sept. 20 (Canadian Press).—The export trade in Canadian grain on the Montreal market yesterday was quiet, there being little demand from foreign buyers. The trade in cash grain was also slow on account of the absence of any demand from exporters.

Owing to the renewed strength in the future oat market at Winnipeg, spot prices for car lots were advanced 1 cent per bushel.

A feature of the Spring wheat flour trade was the increased demand from the Continent and a large volume of business was accomplished for shipment in most positions. The local trade was also active and prices were firm.

The tone of the market for Winter wheat flour was steady under an improved demand.

Prices for all grades of millfeed were well maintained under a fair inquiry. The movement of standard grades of rolled oats showed no improvement but the undertone was steady.

The market for strictly fresh eggs continued firm owing to the good demand and the small supplies coming forward. Other grades were steady. The receipts were 1,612 cases.

The demand for all grades of butter was confined to small lots and prices were unchanged. The receipts were 936 packages.

In sympathy with the higher prices paid for cheese in the country at the close of last week and yesterday, a stronger feeling prevailed in the local market for current receipts and prices were advanced ½c to ¾c per pound.

The receipts were 5180 boxes.

Potatoes, per bag, car lots, $1.00 to $1.05.

CHICAGO GRAIN.

CHICAGO, Sept. 20 (Canadian Press).—Extremely active trading in corn and much higher prices yesterday accompanied a forecast of frost last night over Nebraska, the Dakotas and Minnesota. It was pointed out also that the corn market of late had undergone a break of 28 cents a bushel and that corn is now on a profitable feeding basis compared with the value of hogs.

Closing quotations on corn yesterday were unsettled, 3 to 4¼c over Saturday's finish, with wheat showing 1¼ to 2⅝c advance; oats ¼ to ⅜ and 1c up, and provisions varying from 25c decline to a gain of two cents.

Big speculators were among the most prominent buyers of corn, but there was also a general rush to purchase. Meanwhile a scarcity of offerings rapidly developed, about the only sellers being owners who were in a position to realize profits. Anxiety regarding likelihood of damage from frost and perhaps also by the abrupt reversal of weather conditions from excessive heat to widespread unseasonable cold was evident in particular on the part of corn traders who of late have been conspicuous on the selling side of the market.

Besides, frost predictions as well as a severe drop yesterday in temperatures throughout the corn belt, the corn market was affected by reports that recent prolonged heat had been detrimental to a considerable portion of the crop. Indiana and Ohio advices especially told of corn having fired in spots. Word that a blizzard was sweeping over parts of Canada tended decidedly to emphasize uneasiness over frost predictions in this country, and to talk which was current tha even favorable field conditions from now on, the amount of merchantable corn available this season would be low.

Wheat advanced with corn despite the fact that houses with northwest connections were persistent sellers in the wheat market here. The wheat advance too, was in the face of an increase of 5,421,000 bushels for the week in the United States visible supply. On the other hand the Liverpool wheat market displayed unlooked for relative strength. Assertions were renewed that Canadian estimates of wheat yield have been excessive and there were drought complaints from Argentine and Australia.

Oats as well as wheat reflected the upward swing of corn values.

Provisions went lower as a result of scattered selling associated with weakness of the cotton market.

CHICAGO CATTLE

CHICAGO, Sept. 20 (Canadian Press).—Cattle 21,000; shippers taking weighty Montana grasserg up to 13.40; best feed steers both heavies and long yearlings 15.75; little under $13.00; most westerns 9.50 to 11.00; fancy western heifers up to 11.50; mostly downward to 8.50; heavy sausage bulls up to 6.75; vealers 15.00 to 16.00.

Hogs, 27,000; top 12.00; bulk de to 12.00; 240 to 300 pounds 10.90 to 11.75; most 185 to 225 pounds 11.75 to 12.00; 240 to 300 pounds 10.90 to 11.75; packing sows 9.75 to 10.15; light weights 10.25 to 10.40; bulk slaughter pigs 9.50 to 10.25.

Sheep 27,000; bulk good rangers 13.75 to 13.85; top 14.00; bulk natives 13.00 to 13.35; light sorted several decks 13.50; fat ewes 5.50 to 6.25; choice Montana aged wethers 7.85; bulk culls 9.50 to 10.00; good range yearlings 9.50 to 11.00.

STERLING EXCHANGE

MONTREAL Sept. 20 (Canadian Press).—Sterling rates were quoted here yesterday as:

Demand $4.85⅞.
Cables $4.86⅝.

The Midway Blacksmith As Nurse

The blacksmith of the midway had a soft afternoon Friday. And just because everything was running smoothly out in front some one left a chubby, playful baby of about ten months with him, and so they spent the afternoon together, at least until the baby, in its beribboned bonnet, fell asleep.

This blacksmith is built to type, and at a distance looked like Jim Jeffries, the ex-champion heavyweight pugilist. A big, broad, burly man, he is like the blacksmith in that school book poem—"Beneath the spreading chestnut tree." You remember it, and the impression it left of strength and a whole man's size.

Such was the guardian of this baby. The blacksmith had a tarpaulin stretched out on a level with the top of his circuc waggon, and his portable forge and anvil and other accessories were set up and ready for work. A canvas chair and a box completed the scenery, and all around a riot of noise arose from this tent and that enclosure.

The baby appeared from nowhere. At least, glancing over from the cattle ring you suddenly noticed the smith's cute and chubby charge. It hadn t reached the talking or walking age, but it purred as s the blacksmith,—you know how men play with a baby, making funny noises, being slapped on the eye, and bending a head of hair to be pulled.

So it went on for an hour. Then a friend came along and sat on the box and held the baby for a while, but back it went to the blacksmith and some time after that it fell asleep, sprawled out across the big arm and leg of its guardian, apparently and perhaps its dad. Rugged and big as he is, that blacksmith, drafted as nurse, looked just as happy and contented as any father similarly engaged on his porch or back lawn.

And that anomalous domestic scene was so simple and natural and powerfully appealing! It humanized the garish, meretricious midway.

A little trouper taking an afternoon nap on the blacksmith's leather apron amid that din! The big-eyed kind of baby you see little girls wheeling in carriages on shady streets!

White dress . . . Flounces of lace . . . bonnet.

It certainly did enjoy patting the blacksmith on the nose, and mouth and eye.

And it got its share of love and kisses.

WISE AND OTHERWISE.

When a pedestrian succeeds in getting across a busy street unscathed he's so surprised you could knock him over with a fender.

Yes, September will be a fine, warm month, weather permitting.

Some farm relief bills might do a lot for agriculture. With other measures, agriculture might be done for.

The summer fur sales have made the demand for sealskin coats made of rabbit skin so great that artificial sealskin coats may have to be made of sealskin.

A trainload of automobiles burned on a siding near Detroit. Dozens of pedestrians were saved.

The wisdom of the older generation was in doing what the younger generation is doing before it did them.

(Copyright, 1927, NEA Service, Inc.)

A Thought For To-day

For riches certainly make themselves wings.—Prov. xxiii:5.

* * *

Without a rich heart wealth is an ugly beggar.—Emerson.

JUST A JINGLE

They threw shoes as the wedded pair
Went running down the hall.
This made the groom feel had because
He found them much too small.

WARKWORTH NEWS

WARKWORTH, Sept. 20 — Rev. Russell McGillivray, Mrs. McGillivray, and family, of Edmonton, Alta., are visiting her parents, Mr. and Mrs. W. J. Baker.

Miss Verna Thompson has returned after spending two weeks with her cousin, Mrs. Richard Jeffkins, Chesley.

Mr. and Mrs. James Moore have returned after visiting relatives in Rochester, N. Y., and Port Hope.

Miss Margaret Howard, of Millbrook, spent Thursday with her friend, Miss Cleora Cockburn.

Mrs. Carl Harnden and family, of Hamilton, are guests of Mr. and Mrs. David Harnden, Sr.

Miss Beatrice Boyce, of Iron Mountains, Mich., is visiting relatives in town and vicinity.

Mr. Lewis Fowler has returned after spending a couple of days in Toronto.

Mr. and Mrs. James McVity have returned after spending a couple of weeks with Mr. and Mrs. H. Would, Toronto.

Re-Roof Over the Old Wood Shingles

SAVE yourself time, labor, cost and bother on the re-roofing of your home. Don't waste an instant in ripping away the old roof covering. Let it stand. Put Ru-ber-oid Slate Surfaced Asphalt Shingles right over it and you will have a staunch, storm-tight roof above you for years to come.

No need to wait for fine "roofing" weather. You wont' have to expose your home even for a moment — and you won't have a dirt-littered lawn or attic to clear up when the job is completed.

Ask your roofer or dealer to show you these sturdy Ru-ber-oid Shingles. Feel them. Note their superior quality. See that heavy slate surface — weather-proof and fire-resisting. Note the beauty of them. You have a choice of three colors—Red, Green or Blue-Black. Handsome, stubborn-wearing shingles that will roof your home with lasting beauty.

RU-BER-OID Slate Surfaced Asphalt Shingles are endorsed by fire underwriters because of their fire resisting qualities.

Ru-ber-oid Slate Surfaced Asphalt Shingles are but one of 50 different varieties of Ru-ber-oid Roof Coverings available for new construction or for re-roofing work on every type of building.

RU-BER-OID ROOFINGS

"Down and Out, Nothing left"

THE "Bread line!" Have you ever seen a line-up of destitute, shivering men waiting for a free breakfast?

There are "bread lines" in many a private home today where the humiliations are even greater than those of the street. Perhaps you have seen one yourself.

Maybe there is just one person in it, an elderly relative or friend of the household, not overly welcome, who must always take the end seat, the last of the loaf, the weak cup, because of poverty and helplessness.

No — charity is not always or intentionally heartless, but—it is always charity!

What will you do in your old age? Only three persons in a hundred are able to lay by enough in their productive years to keep them in comfort and independence when their earning powers are gone.

You do not want to be slaving for a bare living, or be dependent on relatives or friends for a little food and shelter, do you?

Then let us tell you how surprisingly easy it is to provide now for your future independence. Send us the coupon today.

JUDGMENT HELD IN SCRIVER CASE

Judge Huycke Wishes To Review Record in Appeal.

COBOURG, Sept. 20.—His Honor Judge Huycke of Peterborough held court yesterday and heard the appeal of Solomon Scriver of Hastings against a conviction of Police Magistrate Floyd at Hastings on the 22nd of August, sentencing Scriver to two months in jail for a breach of the Liquor Control Act.

Hon. G. N. Gordon, Peterborough, appeared against the conviction on behalf of Scriver. Crown Attorney W. F. Kerr, K.C., appeared for the Provincial authorities.

The argument upon the appeal for both lawyers took the morning and Judge Huycke reserved judgment, so that he might study the record and review the authorities cited by counsel.

TO SPEAK AT CEREMONY

REV. WILLIAM ALLAN

of this city, who will make the address at the laying of the cornerstone at Westwood Presbyterian Church, Thursday, September 22nd, at 2.30 p.m.

VOCAL RECITAL.

(By Jeanette).

The song recital given by Dorothy Allan Park, soprano, in the hall of the Conservatory of Music last evening assisted by Maurice Park, tenor, with Miss Mary Agnes Logan as accompanist, was a very successful event. The hall was well filled with an audience whose appreciation was abundantly manifested for every number of a splendid programme.

The artistic element which Mrs. Park invariably injects into recitals of this type was apparent throughout, in the quality of the songs chosen, the majority being entirely new to the hearers, in the arrangement of the selections, which opened with renditions from the older English composers and closed with fantastic bits by a modern Englishman, A. A. Milne, to the setting of the stage itself, rendered very attractive by the use of lighted candles, bright-shaded floor lamps and huge bowls of ferns and flowers. Several beautiful bouquets of flowers were received by Mrs. Park during the evening, Miss Logan also receiving a large bouquet.

A composition by the seldom-heard Purcell, in "April, Who Till Now Hath Mourned" (composed in honor of Mary, wife of William of Orange), opened Mrs. Park's programme, with some of Handel's music, in the recitative, "I Thus Did Prove," and aria, "Conquered is Love." This last, with its portamento style and rippling accompaniment, was exceptionally well done.

The somewhat sombre love songs which characterized the offerings last night of Mr. and Mrs. Park alike were noticeable in many of the selections. Mrs. Park's next group exemplified this graceful, wistful type of romantic music in Schubert's pathetic "Farewell," and in Rubenstein's 'Romance,' another charming song of the same calibre. Grieg had a place on the programme, in his exquisite bit, "To a Water Lily," with its haunting cadences, and another sombre bit, in "Album Rhyme." A brief glance at the sort of song which seems to best illustrate Mrs. Park's undeniable supremacy in music of a showier nature, of a bravura type, with spirit, dash, brilliancy, in its composition, was loudly applauded, in the final of this group, Sibelius' "The Tryst," dramatic, passionate and rather extraordinary.

A contrast in character and treatment of vocal music was afforded in the next quintette, in which Mrs. Park's versatility and command of vocal nuances was demonstrated admirably. A reverent, minor-noted "Prayer to Our Lady," was followed by a bright bit in 'The Roadside Fire' from Songs of Travel by Robert Louis Stevenson, "Passing Dreams" (the little song called sometimes "They are Not Long," from the Songs of Sorrow by Ernest Dowson, that dissipated, rhymester whose heart songs are among the most poignant of modern times), a gay, vernal morsel in "Over the Land is April," with the pipe notes of Pan in its happy accompaniment, and plenty of scope for the singer in its sustained high notes, and a vigorous, forceful finale in "Time, You Old Gypsy Man," another of the songs that illustrated the dramatic power of the vocalist.

One of the most attractive groups was the closing offering by Mrs. Park, in a quartette of dainty morceaux in varying humour. An "Eriskay Love Lilt," a Hebridean song including portions sung in Gaelic, was a softly sweet, murmurous thing executed in half voice, with a crooning undertone to the lilting melody. "I Know Where I'm Goin'," was a saucy bit of Old Irish fun in rhyme, and there were two of the whimsical compositions of A. A. Milne in "The Three Foxes," and "Buckingham Palace." These little songs of nonsensical verse, composed for children, have an odd, heart-catching quality, that brings to them all the attention of a captivated audience, and they were among the very best of Mrs. Park's offerings last night, done so effectively in staccato rhythm, with their capricious jingle and repeated sibilants. Renewed applause followed this group.

To Mr. Maurice Park the audience also accorded much appreciation, his fine, sympathetic tenor, with its warm, sweet richness of tone, receiving much applause for a group of Old English songs of the romantic type. These included "Mary of Allendale," the robust song of "The Happy Lover," and the jolly nautical romance of "A Sailor Loved a Lass." The sentiment which colored Mr. Park's vocal renditions was manifested again in an encore to this group, "The Plague of Love."

The moodier love songs of Brahms and Schubert, which formed the opening group by Mr. Park, included the former's compositions, "To a Violet," and "The Kiss," and Schubert's "Angel of Beauty." The yearning after emotion and expression which characterizes both composers was apparent in these renditions.

A composition by Borodine "Slowly the Daylight Departs," was splendidly sung by Mr. Park, its mild, soft introduction working up in crescendo fashion to a swelling finale.

To many in the audience, the encore which closed the programme was one of the most satisfying of the numbers of the evening. In a duet, the old favorite, "Keys of Heaven," the brilliant, clear soprano, with its fine diction and flexibility of tone, possessed by Mrs. Park, and the richly sweet, clear tenor of Mr. Park, were joined, the closing number being executed with a degree of dramatic interpretation which added much to its attraction and brought renewed applause from an audience that appeared to enjoy every number of a fine programme of vocal music.

To an accompanist who is faced with the difficult task of providing pianoforte backgrounds for such a varied programme a generous meed of appreciation is due. Miss Mary Agnes Logan as always, demonstrated again last night the extraordinary skill and technical perfection which characterizes her music, the superb quality of her accompaniments being adequate alike in the soft, hushed music of a pianissimo type and the dramatic, thunderous passages of oratorio.

IN POLICE COURT.

R. J. Dever of Young's Point, through his lawyer, J. A. O'Brien, changed his plea of not guilty to guilty to the charge of making beer without a permit from the Inland Revenue Officer and was fined $200 and costs or six months' imprisonment. Provincial Constable N. F. Maker and Provincial Officer J. Stewart and Inland Revenue Officer W. H. Buller seized the apparatus and contents ready to make a brew a week ago.

Magistrate Langley increased the fine of speeding this morning to $15, which was levied against J. W. Piers for driving at the rate of 60 miles an hour on the Provincial Highway. High County Constable S. R. Pearson and County Constable Harry Young arrested a Buckhorn resident recently on a charge of theft. $1000 bail was granted.

HUNTERS TRAPPED WHEN BOAT SINKS

Toledo Men Have To Stand in Sunken Craft Until Help Comes.

BROCKVILLE, Sept. 20 (Canadian Press).—When the boat in which they were duck hunting sprang a leak and settled to the bottom of Mud Lake in Kitley Township, Rev. Father Scott and Leo Smith, both of Toledo, Ont., were obliged to stand in the water shoulder deep for several hours until a search party despatched from Toledo, upon their failure to return, effected their rescue.

GIRLS TO SING IN COMPETITION

Kiwanis Club Adds Class For Girls Under Fourteen.

KILLARNEY CHOSEN.

The Kiwanis Club, in order to make the musical contest a little wider in scope, has included girl's solo voice, not exceeding 14 years. The test selection is "Killarney," by Balfe, which is included in Murdoch's Song Book, Series B, page 20.

All test selections in every class are the choice of the adjudicators, Mr. Hewlett and Mr. Penwick of Hamilton. Programmes and entry forms may be obtained from Dr. John J. Craig.

ADVERTISE IN THE EXAMINER

CARDINAL RESIGNED TO ENTER RETREAT

Vatican Denies Rumor That Pope Asked For Resignation.

ROME, September 20. United Press. — The newspaper Popolo Di Roma to-day said that the Vatican would issue an official denial of the reports that Louis, Cardinal Billot, had resigned from the Sacred College, at the request of the Pope.

Abandonment of a Cardinalate is almost without precedent, and the resignation caused considerable comment. The Vatican's announcement, the paper said, would state that Cardinal Billot's resignation was prompted by his own desires.

Father Spinetti, a Jesuit with which order the resigned Cardinal has found refuge, said to-day that Billot was "an old man who had resigned of his own free will in order to spend his days in a religious retreat."

The Cardinal is 83 years old.

FIND DEATHS ACCIDENTAL

Jurymen Decide Driver Confused, Being Strange to Hull Streets.

COLLISION RESULTED.

OTTAWA, Sept ber 20. — Canadian Press. — A verdict of accidental death, was returned by the Coroner's Jury last night, investigating the deaths of Abraham St. Louis, of Prescott, Ont, and Juliette St. Amand of Hull, Quebec, killed on September 14, when the automobile in which they were riding was knocked over by a Hull street car.

It was testified that the driver of the car, unfamiliar with the Hull streets, did not realize the trolley was about to round the curve when he swung his car across the street railway tracks.

PUTS AN END TO BUNION PAINS

No Need to Suffer Another Day

There is one simple yet inexpensive way to reduce inflammation of swollen toe joints and help get them down to normal and that is to apply **Moone's Emerald Oil** night and morning.

Ask Bond's Drug Store, McDermid Drug Co., Ltd., McDermid & Jury, Bert McLeod, C. M. Moncur or any first class druggist for an original two-ounce bottle of **Moone's Emerald Oil** (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if one bottle **Emerald Oil** does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of **Moone's Emerald Oil** at once. Applied night and morning as directed they will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

DODGE BROTHERS
(CANADA) LIMITED

Present
A Special Line of Custom Built Bodies

A limited number of special motor cars have been custom built to satisfy the country wide demand for cars of more than usual capacity.

This extra special offering makes an appeal to Canadians particularly—stylish new lines—smart colour combinations—bodies custom tailored throughout *in Canada.*

Economy of operation—surprising speed and pep—comfort and riding qualities—room for the entire family, with luggage space to spare, is provided.

Seasonal conditions make possible the creation of these custom built cars, and their presentation to the Canadian public at most attractive prices.

See one—Try one—and you will own one.

WOMEN'S PAGE

SOCIETY

Miss Lila Deyell returned home after and extended vacation spent with friends in Buffalo and Toronto.

• • •

Mrs. G. Boyler was hostess this week to the Women's Mission Circle of Park Street Baptist Church, which held its annual Fall Bally at her home, with seventy-three ladies in attendance, also the pastors of Gilmour Memorial and Lakefield Baptist Churches. A very inspirational address was given by Mrs. L. J. Pettit of Murray Street Church, and Mrs. Batley, of Park Street Church, rendered two vocal solos which harmonized with the theme of the address. A dainty lunch was served later by the hostess.

Miss Lillian Payne of Kingston, is the guest of Mr. and Mrs. W. Armstrong, Hart avenue.

• • •

Miss Mary Burnham, of McDonnel street, is spending a few weeks' vacation with her aunt, Mrs. John Forder, in Blackstock.

• • •

The engagement is announced of Verna Maude, third eldest daughter of Mr. Thomas Calvert, 2 McClennan street, to Mr. Morgan Leslie Asling, son of Mr. and Mrs. W. Asling. The marriage to take place in the near future.

• • •

Mr. and Mrs. E. Tucker, Romaine street, entertained a number of their friends last evening at a reception for their daughter, Mrs. James Howard (nee Edith Tucker) who has just returned from her honeymoon trip. Mr. and Mrs. Howard will reside at 187 Stewart sctreet.

Miss Luella Hendry of Campbellcroft, has returned home after spending an enjoyable week's holiday with her cousin, Miss Jean Thorne, Driscoll Terrace.

• • •

Mr. Thomas Garnett, a former resident of Cavan, near Bailieboro, who now resides in the great fertile belt of Summerland, British Columbia, is visiting old friends in Ontario after an absence of over forty years. He is spending the week end with his aunt, Mrs. Joseph Burns, at the home of her daughter, Mrs. Ward, of Romaine street. Mr. Garnett is much impressed with the many changes in the city since he resided in this district, and greatly enjoyed the Exhibition, declaring that the grand stand performance here was much superior to the attractions at the Toronto Fair.

• • •

Mrs Mary Blewett, Reid street, entertained a number of her friends at six tables of bridge at her home on Saturday evening. Mrs. Blewett was assisted by her daughter, Mrs. "Bud" Fisher, of St. John, N.B., and her granddaughter, Miss Grace Blewett, of Toronto. The first prize for bridge was won by Mrs. J. P. Pulkinghorn and the second prize by Mrs. D. W. Clark.

• • •

Miss Flora Wilson returned to her home in Apsley after visiting Miss Jean Thorne, Driscoll Terrace.

• • •

Mr. Ezra Steer and family, of Bethany, are visiting friends in the city.

• • •

Miss Cathleen Conroy, who has been spending three weeks' vacation in the city, returned by motor yesterday to Detroit, to resume her training at Grace Hospital there.

• • •

Friends of Mrs Armott, of Toronto, sister of Mrs. C. D. Hewett, will be pleased to learn that she is progressing favorably in Nicholls Hospital, after a recent serious operation.

• • •

Mr. Jack E. Horne, B.A., who spent the summer months in the city, left on Saturday for his home in Halifax, N.S., where he will resume his studies at Dalhousie College.

• • •

The Misses Dorothy and Genevieve O'Connell, of Toronto, spent the week end with Miss Marcelle McNulty at Chemong Park.

• • •

Mr. Walter Sutton, son of Dr. and Mrs. N. H. Sutton, left yesterday for Queen's University, Kingston, after spending the summer at Timmins, Ontario.

• • •

Mr. Bill Hunt, of Aylmer street, spent the week end with Mr. J. Allen, at Bockeroft.

• • •

Mr. Frank Oldfield has returned to Toronto after a two months' tour of England.

• • •

Miss Margaret Steer, of Manvers township, is spending the week end in the city, the guest of Miss Addie Summerville, George street south.

• • •

Miss Lillian Grierson has returned home from Juniper Island.

Thought She Would Choke From Gas

"It felt as if I would smother and my heart would stop, I had such terrible stomach gas. Had to sit up nights. Since taking Adlerika, I have not had a spell."—Mrs. M. F. Curley.

Just ONE spoonful Adlerika relieved gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and removes old waste matter you never thought was there. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. "McDermid Drug Stores, and E. L. Tyne, Druggist.

DRESS
By MARY MARSHALL

Square toes are something new under foot. These appear on black patent leather pumps with large buckles and heels in black and white mother of pearl. They were recently worn with a black afternoon frock.

The fashion for short skirts has certainly been of great value to the shoe manufacturers and the shoe dealers. Ask any shoe-making, shoe-dealing friend or acquaintance of yours whether he would like to see toe-touching skirts come back into fashion again and see what he says.

But the short skirt fashion has been just as helpful to our feet as it has been to the shoe dealer. As a matter of decent appearance we have had to buy more shoes, we have had to discard old shoes sooner and we have had to keep our shoes in better condition. And surely notning is so bad for feet as shoes tnat have lost their shape or worn down at one side. Even tight shoes can do no more harm than these old shoes that women used to hide under their decorous long skirts.

When fashion reporters nowadays speak of longer skirts they mean skirts for daytime wear that are an inch or an inch and a half longer than those we have been wearing. They are still a long, long way from touching, much less covering, the shoes.

Ribbon bows appear on some of the new shoes of oxford type designed for street wear, and large buckles of the sort we used to speak of as "colonial" are another present-day substitute for straps. But this does not, of course, mean that straps are no longer used.

Brown alligator shoes are making their appearance worn with new frocks of beige or brown and black shoes that are sturdy though cut on graceful fine lines and usually high heeled, are chosen now by many well-dressed women for street wear. They are worn either with beige or gray stockings.

BETHEL NEWS

BETHEL, Sept. 20.—Mr. and Mrs. John Renwick and family, of Regina, Sask., who were the guests of the former's sister, Mrs. J. Nelson, the past week, left by motor on Tuesday morning for their home again.

Mrs. E. Fife, who underwent an operation at Nicholls' Hospital last week is doing nicely.

Miss M. Nelson has left for Regina, Sask.

Mrs. I. Nelson is the guest of Mr. and Mrs. E. Fife.

Mr. and Mrs. J. Parker, Mr. and Mrs. F. Parker, of Norwood, were the guests of Mr. and Mrs. H. McKay, Thursday.

Miss Jean Edwards spent the week end with her parents, Mr. and Mrs. J. Edwards, of Lang.

Miss I. Faux, of Norwood, spent the week end with her mother, Mrs. M. Faux.

Miss Jean Patterson, of Norwood spent the week end with her parents, Mr. and Mrs. J. Patterson.

Mr. R. Humphries has purchased a new sedan car.

Mrs. M. Issard, of Keene, was the guest of Mrs. J. Hope a few days the past week.

HOROSCOPE

The Stars Incline, but do not Compel.

(Copyright, 1927, McClure Syndicate.)

WEDNESDAY, SEPTEMBER 21, 1927

In the busiest hours of this day the planetary government is unimportant, according to astrology.

Early in the morning there is a benefic aspect that is most promising to industry, making for contentment among workers.

There is a fairly good sign for constructive activities and it should be helpful to merchants and manufacturers.

It is forecast that iron and steel interests will profit greatly from world needs which will increase in the coming winter.

Women should make plans for the coming season, while this sway prevails, for there will be many avenues for usefulness opened to them.

Under this direction of the stars both men and women must depend upon themselves for success of any sort, for they will not easily obtain support or assistance.

It is not an auspicious date for those who seek employment, but women probably will be luckier than men.

All the seers appear to think that women are to have a period of tremendous success in the world of business as well as the domain of art.

In dress and in customs, fashion is to change once more in favor of extremely feminine ideals, it is foretold.

Women are to gain fame and fortune in special fields of work that they will make all their own; it is prophesied.

Banks and banking is subject to rather good planetary influences, although there will be revelations of methods of business that are a departure from old time standards, astrologers forecast.

Owing to certain astrological influences the greed for money will be stronger even than hitherto and will lead to many crimes such as forgery.

Persons whose birthdate it is have the prospect of an unusually prosperous year, but it is wise to be circumspect in financial matters.

Children born on this day probably will be prosperous all through their lives. The subjects of this sign like the good things of life and are able to attract them.

Prize Winning Recipes.

The first prize for a white layer cake was won at the Peterborough Exhibition this year by Mrs. C. J. Hancock of Peterborough, and the recipe follows: ½ cup butter, 1 cup white sugar, 3 egg whites, ½ cup sweet milk, 2 cups flour, 2 teaspoons baking powder, ½ teaspoon vanilla. For icing and filling: 2 egg whites and ½ cup sugar.

The second prize for this cake was won by Mrs. S. H. Carpenter of Peterborough, with the following recipe: 3 egg whites, ½ cup butter or shortening, 1 large ½ cup milk, 2 teaspoons baking powder, sifted with 2 cups flour, 1 cup granulated sugar, 1 teaspoon vanilla. (Cream shortening and sugar. Add milk slowly and beat, stirring in flour and adding flavouring. Stir in stiffly beaten egg whites).

SAINT and SINNER
By ANNE AUSTIN

(Continued from yesterday.)

Faith's heart was beating fast and her breath came in little gasps, as if she had been running swiftly, when she entered the bank shortly before the closing hour, three. To the teller in charge of her account and Bob's she spoke in a low, rapid undertone:

"I am Mrs. Robert J. Hathaway. This morning I received from you a check which my husband had given me for my own account, returned for insufficient funds. I want to re-deposit the check to my account, and to deposit to my husband's account a hundred and fifty dollars, to help cover the returned check for two hundred. Can you tell me if the amount is sufficient to make the check good?"

The teller listened and smiled reassuringly, then went away to look into the account. Faith felt a sickening conviction that depositors lined up behind her knew all about the distressing business that had brought her there. Even the back of her neck was red.

"Here are the figures on Mr. Hathaway's personal account, Mrs. Hathaway," the teller murmured, pushing toward her a small slip of paper with the pencilled figures—$115.36.

"Oh, thank you." Faith gasped. "But—I want to deposit at least a hundred anyway. He—he simply made a mistake on his check stubs."

Before she left the bank she had deposited the extra fifty, advanced to her by her father on Joy's board, to her own account. Although she was in her brother's debt to the extent of a hundred dollars, she felt an intense relief. Bob should never know from her that he had overdrawn, that she had suffered humiliation, that she had been forced to borrow from her brother and to ask her father to advance money which the day before she had tried to refuse.

Then, still fired with the tremendous urge to help her husband, Faith decided suddenly to call on Peggy Lytton, wife of Fred Lytton, who, Bob had told her, was planning to build a country home on fashionable Coon Lake. Bob had told her also that there was a strong chance of his landing the job. In competition with other architects he had submitted plans, and Fred Lytton's invitation to the Hathaways to play bridge with himself and his beautiful young wife had seemed to Bob to be an indication that the Hathaway plans and bid were being seriously considered. But nothing had yet been decided, so far as Faith knew, and nothing had come so far of Peggy Lytton's evident liking for Faith, except a friendly letter of sympathy and congratulation following the kidnapping and return of Cherry's baby.

"Oh, Faith, I'm so glad you've come!" Peggy Lytton cried out vehemently when Faith was shown into her hostess' private sitting room.

The shimmering waves of Peggy Lytton's golden hair were mussed, the lids of her violet-blue eyes were reddened with tears. Instinctively Faith opened her arms and took the tall, slender figure to her breast. For the moment all thought of cultivating this lovely bride's friendship for the sake of enhancing Bob's chances was wiped out by her very real concern for Peggy Lytton.

"Can I help, dear? We agreed to be friends, you know," Faith murmured soothingly. "I'm so awfully sorry you are distressed or unhappy—"

"Unhappy," Peggy echoed. "Oh, Faith, I can't bear it any longer! I'll kill myself if I have to live with him. I hate him, I loathe him!" Her voice rose shrilly in near-hysteria. "Do you know why I haven't been to see you, as I promised? He's keeping me a prisoner, actually a prisoner! He's forbidden me to leave the house without him. He's so jealous he imagines the grocer boys and the postmen try to make love to me. Will you let me tell you about it, Faith? If I don't talk to someone I'll go mad or kill myself."

(To be continued.)

Uncle Wiggily
By Howard R. Garis

To-day's Bedtime Story

UNCLE WIGGILY AND THE DIVING BIRD

(Copyright, 1927, McClure Syndicate.)

While hopping through the pine woods not far from his shell cottage at the ocean beach one day, Uncle Wiggily heard a whistling sound in the air over his head. The noise came from an old, dead tree on top of which seemed to be a lot of rough sticks laid criss-cross like jack straws.

"I wonder if Buddy or Brithteyes, the guinea pigs, can be away up in that tree," said Uncle Wiggily, half aloud. For the whistling was something like that made by guinea-pigs when they talk or laugh. "If Buddy or Brighteyes are up there they are going to have hard work to get down," said Mr. Longears.

He looked up at the rough sticks and was beginning to think they might be some sort of a nest, such as a crow or eagle would build, when, all of a sudden, something slipped over the edge of the nest and fell toward the bunny gentleman.

"Oh, I must catch Buddy or Brighteyes and save them from being dashed to the ground!" cried the rabbit. Quickly taking off his tall silk hat, Uncle Wiggily held it out in both paws and a moment later there fluttered into it, not a guinea-pig, but a half-grown bird with long, sharp claws and a hooked beak. The bird's feathers were brown and white, and Uncle Wiggily could see that it was not fully grown. It could not fly very well, which was the reason, perhaps, why it did not flutter its wings in falling from the nest and so land gently on the ground instead of dropping into the rabbit's hat.

Uncle Wiggily held out his tall, silk hat.

"Well, you're all right—not hurt a bit! Don't whistle so hard!" chuckled Mr. Longears, for the half-grown bird was whistling and other whistling sounds came from the nest of sticks in the old tree.

Just then a large bird, like the smaller one Uncle Wiggily had caught, flew gracefully down from the nest and when she saw that the rabbit had he child in his hat she said:

"Oh, thank you very much for catching Flutter. She is a bit slow in learning to fly and dive into the water after fish. She is afraid to use her wings but as I have often told you, Flutter," said the mother bird, "if you would use your wings, especially if you had just now, you would have sailed down like a feather."

"All right, mother," answered the young bird, flapping out of the rabbit's hat. "I'll try, now, to fly up to the nest," and she did, much to her own and the mother bird's delight. The fall had not hurt Flutter.

"Now if you will be brave and come to the ocean with me, I will teach you how to dive into the water to catch fish," said the mother bird to her little one. Thank Uncle Wiggily for saving you and come and learn how to dive."

"Oh, there is no need to thank me," said the rabbit gentleman modestly. "I just happened to be in the right place at the right time. But do I understand you to say you are going to teach your little bird to dive into water?"

"Oh, yes," was the answer. "You see we are fish hawks, or ospreys, and we must dive into the ocean to get the fish we have to eat. We catch them in our sharp claws. But, as I say, Flutter is a little slow in learning."

"I'm going to learn now, mother, and show Uncle Wiggily how I can fly and dive!" whistled Flutter.

"Perhaps she will show off a little in front of you," whispered the mother osprey to the rabbit. "Hop down to the beach and watch."

When Uncle Wiggily was at the ocean shore he found the two fish hawks there before him, for they had flown quickly. First the mother osprey hovered over the waves and when she saw a fish swimming close to the top of the water she folded her wings, dived right into the water, with her claws outstretched, and up she came with a fine flounder.

"Now you try, Flutter!" called the mother hawk. 'Show Uncle Wiggily what you can do! Be brave!"

"I will!" cried Flutter. Over the ocean waves she flew and a moment later down she dived, but when she came up what do you think she had in her claws? Why Baby Bunty's rag doll that the little rabbit girl had left on the beach, and which the rising tide had floated away.

'See, mother! I dived and caught a fish!" cried Flutter.

'That isn't a fish!" laughed the mother osprey, and when Flutter dropped Bunty's doll Uncle Wiggily picked it up and took it to the orphan rabbit when he had dried it in the sun. But after that first dive Flutter was no longer afraid and soon she learned to catch fish as well as her mother could do. So everything was all right.

Sick Headaches!

"For several years I suffered with severe Constipation, was a nervous wreck, had terrible headaches. 'Fruit-a-tives' saved my life."

Mrs. J. F. Rutkowska, Telstol, Man.

"Fruit-a-tives" is a very fine, *natural* tonic-laxative that brings about a delightful condition of health. It is made from fresh fruit juices intensified and combined with tonics. 25c and 50c at all druggists. Try it!

Fruit-a-tives

JOLLY JINGLES
By Graham Hunter

Making *the* Canadian Dollar Go Farther *than* Ever Before

IN the purchase of the common commodities of life, the Canadian dollar has decreased in value during the past decade.

But, in the purchase of an automobile, the dollar is now worth one hundred to two hundred percent *more* than it was seven to ten years ago—is worth more, in fact, than ever before in history.

While constantly raising the quality standard of its products, General Motors of Canada has increased the purchasing power of the Canadian car-buyer's dollar . . .

. . . by the economies of volume purchasing and production,

. . . by the close co-ordination of resources and facilities,

. . . by improved labor- and time-saving methods of manufacture,

. . . by sharing with Canada the savings effected by increased production.

In quality and in value, the Canadian dollar now goes farther than ever before in the purchase of a General Motors car.

English Flannelette

One of the best values on the market. It's heavy, wears well, washes well and comes in a splendid assortment of attractive patterns in stripes of Blue, Pink, Green, Fawn, Grey, etc. Per yard..... **29c**

INSURANCE COMPANY

(Continued from page one.)

Ald. Macdonald asked why the centre suspension type of signal was not being considered instead of the four at a corner, but was assured that the centre signals are out of date. Ald. Fife suggested that the committee, on considering the matter, might be able to arrange for one or two this year and the rest next year.

A by-law was passed to authorize the sale of the electric lines in the township to the Hydro Electric Power Commission.

Ald. Denne asked who set the price for the lines and City Clerk Armstrong said the Utilities Commission handled it. The Mayor commented that Mr. Bradburn had told him the price was very satisfactory.

The new ladder truck requires so much room to turn out from the fire hall that the Council was asked to pass a by-law forbidding parking on Aylmer street between Charlotte street and Simcoe street.

Ald. Fife questioned the wisdom of taking in the whole block. There is a garage in the block where cars must stop to do business and a Salvation Army Temple. He thought part of the block could be reserved.

Ald. Hancock favored leaving the matter to the Board of Works, as the chairman of that board has several changes in the parking to suggest.

Ald. Macdonald and the Mayor concurred in this proposal and the the committee of the whole decided to postpone consideration.

Year Nearing End.

Ald. Phelan, as chairman of the Finance Committee, issued his customary warning to the committees, advising the chairman to check up with the City Treasurer to find out how much money they have left, so that they can trim their spending accordingly and prevent an overdraft. He pointed out that there are the Jubilee deficit and the underground conduit purchase, for which nothing was provided, to be taken care of, and the Mayor added, And something to be done at the sewage disposal plant."

Ald. McIntyre asked what is being done at the sewage disposal plant.

The Mayor reported that there will probably have to a system of digestive chambers built in the present lagoon which is being emptied. The spare tank is now being used as a digestive chamber.

Ald. McIntyre pointed out that if there is something to be built it had better be started now before the frost comes.

Ald. Denne asked what the committee appointed had done. He also asked if the settling chamber will not have to be emptied. He was told it would, just as will the digestive chambers.

Mr. Parsons explained that in all systems the disposal of the sludge is a problem but with digestive tanks the sludge can be handled and drawn away for fertilizer. In some places gardeners will pay for it. The tanks to be built will have to be big enough to hold the sludge for six months.

The provincial health officers will be asked to forward instructions as to what work is to be done so that work can be done before the frost comes.

Ald. Fife suggested that the lagoon can be emptied better in the winter, when the sludge is frozen and there is snow on the ground.

Daylight Saving Again.

The C.G.E. Social and Athletic Club asked that the Council consider daylight saving for the summer months of next year. Aldermen Phelan, Denne and Greene suggested that the people be given a chance to vote on the matter in January. Ald. Hancock pointed out that it was only two years ago that the people turned it down. The Club will be told that something may be done towards having a new vote.

Mr. Kelly asked that something be done on Sherbrooke Place. This roadway, which is on his own property, serving six houses is, he said, impassable for wagons and he thought something could be done by the city.

Ald. Denne asked if he would be willing to deed the lane over to the city and he replied that the city would then have to buy the other property to put the street through to King street. He had had a verbal agreement with the owner of some of this land to open it through but she had changed her mind when he had wanted to start work.

A vote of condolence to ex-Ald. James Hamilton on the death of his wife was passed on motion of Aldermen Denne and Stocker.

In consideration of the heavy travelling expenses which they have had to face, with no gate receipts except in the final games, the percentage taken by the City from All Saints' Royals for the use of James Stevenson Park, will be refunded, and the Kiwanis Bantams will not be asked to pay anything.

IN POLICE COURT.

CAMPBELLFORD, Sept. 20.—Jack Parcels appeared before Magistrate Payne to answer to a charge of keeping a dog without obtaining a license, also of stealing a dog collar and tag the property of Manley Grills. He also appearedy jointly with Albert Parcels on an assault charge.

To the first chareg of keeping a dog without the proper license and tag, Parcels pleaded guilty and was fined $4.

The second charge, stealing a collar and tag, was adjourned till Tuesday, September 20th at two o'clock in the afternoon. The prosecution required more time to collect evidence and prepare the case.

The third charge was that of assault, in which Jack and Albert Parcels were charged with assaulting Lee Chung, Chinaman. Through their counsel the Parcels pleaded not guilty to the charge. They were, however, found guilty and fined $5 each.

Lee Chung was the first witness called. In his evidence he stated that on Tuesday evening about ten o'clock, while delivering laundry in the neighborhood of the C.N.R. station, he stopped his car and it was immediately boarded by Jack Parcels. Parcels turned the switch thus stopping the motor and seized him by the neck. Albert Parcels then entered the car and struck him. Chung managed to wriggle free and ran for the police. When asked if his car had been damaged, he stated that the tools had been stolen and the upholstery ruined, and that he himself had been hurt. He also stated that his car had only been left for the few minutes necessary to summon the police.

Sarah Sinclair, daughter of Mr. and Mrs. John Sinclair, was the next witness sworn. D. J. Lynch asked her to give an account of what she had seen of the affair. Her story was much the same as that of the Chinaman. She said she was at James Parcels, standing outside the gate when Chung arrived with his car. Jack Parcels boarded the car, stopped the engine, and seized the Chinaman's throat with one hand and held his hands with the other while Albert Parcels struck Chung. The latter managed to wriggle free and run for the police. Under close questioning from N. Alex MacCall, she stuck to her story.

Andrew Sinclair, her brother, was then called. He said he had been riding with Chung and managed to get out of the car before the fight started. He gave as the reason for the fight that the Chinaman had circulated a story that the Parcels family owed him money. He further stated that when the oriental slipped out and ran for the police, the Parcels gave chase. He knew nothing more of the affair because he went home immediately.

N. Alex MacCall then called his first witness for the defense, Jack Parcels. Parcels swore that he and Chung had each been in their own cars and Chung signalled him to stop. He did so and the Chinaman asked for Sarah Sinclair. When Albert Parcels, who was with Jack, said he did not know, the Chinaman swore at them and Albert got on his car, pushed him forcibly out did not strike him. He (Jack) swore that he had not been out of his own car Later, when closely questioned by Lynch, Parcels said that neither himself nor Albert had been out of the car, and Mr. Lynch remarked that he did not believe anything they were saying.

"Why did the Chinaman run?" he asked. "There was no reason", Jack Parcels replied. He further stated that the Chinaman had not run but walked away and that there had been no one near his car. There had been no mention of money. It was the first time he had heard of the matter. He also said that he did not know how to turn out the lights of the Chinaman's car although he had ridden hundreds of miles in it.

Albert Parcels, sworn, was asked by MacCall if his brother's evidence was true. He said that it was and that he had nothing to add. Mr. Lynch, for the prosecution, found many flaws in his statement, however, and in the evidence as well.

John Brown was sworn as a witness for the defense and was briefly examined by Mr. MacCall before J. D. Lynch, after asking a few question, expressed disgust with the evidence and saying he regarded it as entirely worthless, dismissed the witness.

Vera Parcels, wife of Jack Parcels, was then called. She corroborated Brown's evidence and attempted to prove Andrew Sinclair's evidence false. Her oration was cut short by the magistrate and she was told to tell only what she saw happen that evening. She swore that her husband Jack Parcels, had not been out of the car and that Albert Parcels had not touched the Chinaman. She saw no more because they drove away immediately.

Having heard all the evidence, Magistrate Payne stated that he was satisfied that there had been an assault made upon the Chinaman, Chung Lee. He was inclined to believe the Sinclairs' evidence, since they had nothing to win or lose through attempting to mislead justice. The Parcels' evidence, said His Honor, was much too conflicting. There was no doubt that the Chinaman had run away and that he had had just provocation for doing so. He fined each of the defendants five dollars and cost, or in default of payment thereof, ten days hard labor. He also placed the fine for the first offence against Jack Parcels at four dollars and costs with ten days in jail if the fines were not paid. The defendants elected to pay the fines as imposed.

SUCCESSORS TO THE CRESSMAN CO., LTD. — STORE NO. 15

RURAL SCHOOL FAIRS

SEYMOUR SCHOOL FAIR

CAMPBELLFORD, Sept. 20.—The Rural School Fair, held by the Seymour School Fair Association at the Agricultural Grounds on Friday, was an outstanding success. Of the long prize list, only two items were uncontested. And in these there was no entry at all. They were numbers sixty-four and sixty-five, heavy spring colt and light spring colt. The shield presented to the school winning the largest number of points was awarded to S.S. No. 3, the English Line school, taught by Mrs. McGerrigle. The T. Eaton Trophy, awarded to the pupil winning the largest number of points also went to S.S. No. 5, Jean Peake, with a total of sixty-four points. Capt. C. H. Reeve, of the T. Eaton Company, who was in attendance at the fair, wishes to compliment Miss Peake on her success. Mrs. McGerrigle, teacher of the English Line school is also to be congratulated on the excellent showing made by her pupils. S.S. No. 1 had won the trophy for two consecutive years and made an excellent showing for their third attempt which would make the shield the permanent property of that school.

The following is the classified priz list with the winners of first prizes only. In every case there was a large number of entries with the two exceptions previously mentioned.

Grain and Corn.

1. Spring Wheat, 100 heads: Stewart Stillman, S.S. No. 4.
2. Spring Wheat, 1 quart threshed: Stewart Stillman, S.S. No. 4.
3. Oats, 100 heads: Gerald Mitchell, S.S. No. 5.
4. Oats, 1 quart threshed: Jeane Peake, S.S. No. 5.
5. Barley, 100 heads: Allan Curle, S.S. No. 4.
6. Barley, 1 quart threshed: Raymond Murphy, S.S. No. 4.
7. Field Corn, 12 stalks: Stewart Milne, S.S. No. 11.
8. Sweet Corn, 6 ears: Arthur Petherick, S.S. No. 2.

Potatoes, Roots and Vegetables.

9. Green Mountain Potatoes, 12: Stewart Stillman, S.S. No. 4.
10. Irish Cobbler Potatoes, 12: Donald Wree, S.S. No. 3.
11. Mangolds, 6: Edith Grills, S.S. No. 3.
12. Turnips, 6: Donald Rutherford, S.S. No. 4.
13. Beets, 6: Thelma Wallace, S.S. No. 11.
14. Carrots, 6: Phyllis Brown, S.S. No. 10.
15. Onions, 6: Jean Peake, S.S. No. 5.
16. Parsnips, 6: James Ostoff, S.S. No. 5.

Flowers.

17. Asters 9 blooms: Tommy Midgley S.S. No. 6.
18. Phlox: Carmen Alley S.S. No. 10.
19. African Marigold 9 blooms: Stewart Milne S.S. No. 11.
20. Zinnia 9 blooms: Muriel Peake S.S. No. 5.
21. Pinks: Ruby Dunham S.S. No. 3.
22. Home Garden Bouquet 9 blooms Olive Tinnie S.S. No. 5.

Nature Study.

23. Collection of twenty weeds pressed and mounted: Flossie Dunk S.S. No. 5.
24. Ten Canadian wild flowers pressed and mounted: Herbert Stillman S.S. No. 4.
25. Collection of native woods named: Stewart Milne S.S. No. 11.

Apples.

26. Spies 3: Alex. Stephens S.S. No. 5.
27. Five Golden Russets: Margaret McCulloch, S.S. No. 3.
28. Five Snows: Ruby Collingwood, S.S. No. 11.
29. Five MacIntosh: Ruby Collingwood, S.S. No. 11.
30. R. I. Greenings: Bernice Orser, S.S. No. 3.
31. Talman Sweets: Edna Hutcheon, S.S. No. 5.

Domestic Science.

32. Candy Box (half pound with two kinds candy), Jeanette Stephens, S.S. No. 5.
33. Half dozen ways of cooking apples: Bernice Orser, S.S. No. 3.
34. Scalloped Potatoes: Bernice Orser, S.S. No. 33.
35. Half dozen Baking Powder Biscuits: Ted Peake, S.S. No. 5.

(It is worthy of notice that while a girl took second prize, a boy took third as well as first. The third prize was won by Gerald Mitchell.)

36. Apple Pie: Joane Peake, S.S. No. 5.
37. Chocolate Layer Cake, made according to recipe given: Rena Thompson, S.S. No. 2.

The judges we e Messrs. E. J. Quail, Kenneth Crews, B. J. Philp, Robert Armstrong, Mrs. W. H Smith and Miss Laura Ames.

The sports program was keenly contested, but the names of the winners were not recorded by the judges.

Read, if Gray!

A wise man or woman won't use a dangerous hair dye; nor anything that gives hair the dull, dyed look that's worse than grayness. Kolor-Bak is a very different thing! A clean, *colorless* liquid that gently and gradually brings the hair to the color it should be. Your hair is unharmed—doesn't even lose its lustre—and the scalp is actually benefited!

Blonde or brunette—auburn, brown or black—no matter about the shade—the one bottle of this clear liquid is right for everybody. Lots of people you know may use it—you can't detect it! Kolor-Bak will give you the same perfect results—that's guaranteed when you buy it. For sale at all druggists' and leading department stores.

EXHIBITION LEAPED AHEAD IN TWO YEARS SAYS FRED FIELD

Rice Lake Breeder Sees Big Improvement in Short Time.

OTHER OPINIONS.

62 More Sheep Than Year Ago—Wes. Fallis Loses Coat.

"The Peterborough Exhibition has made wonderful progress in the last two years," Fred F. Field, proprietor of Field Lodge Farm, Rice Lake, said to The Examiner. "I never imagined such improvement. I missed last year's fair, and that is one reason why the directors' work is all the more striking. They certainly deserve the highest praise. I was talking to a London man here and he admitted that we've got them beat in the showing of cattle. I didn't have my stock ready or I would have entered them at Toronto. I think that, in a smaller way, of course, we compare well with Toronto in livestock and h orses."

Fred Field is becoming one of the Peterborough fair's regulars. His herd of Jersey cattle is one of the best in the country, which is perhaps not surprising in view of his reputed wealth and that his farm is to him "a rich man's hobby." It is located east of Harwood with a six-mile frontage on Rice Lake and is one of the most beautiful estates in this country. The great barns and buildings and his home and nearby lodge are finished in a soft cream color with brick-red roofs. This effective combination is heightened by the terraced lawns and the blue water of the lake, and the entire property is seen perhaps to best advantage from a distance of a mile or two out on the lake. Incidentally, the Field jersey milk will be distributed soon in Cobourg at fifteen cents a quart.

"We are getting ready for delivery now," Mr. Field said, "and will sell it direct from house to house. This involves a truck haul of sixteen miles to Cobourg. But going back to your exhibition, I have seen seven of the smaller ones, like Picton and Belleville, and they are not in it with Peterborough."

The Field farm includes 5,000 white Leghorn hens. The eggs and dressed poultry are sold mostly in Toronto.

At any rate, Fred Field is a real booster for the Peterborough exhibition, and his exhibits are a strong stimulus for other breeders to match and beat.

242 Sheep Shown.

J. A. Caruwell, of Beeton, judge of the sheep exhibits, is a rather quiet, competent farmer, who is not given to superlatives, but he was even more emphatic than Mr. Field.

"I haven't been here since 1924," he recalled. "I was here in '22, '23 and '24, and it certainly is a great surprise to me to see how far forward your exhibition has gone in three years. I believe it has improved twice over. This is one of the best exhibits of sheep I have ever judged. There is nothing to excel it outside of Toronto. You have indeed a wonderful exhibit in sheep, and the farmers of this district should realize what a high quality is shown here."

Mr. Cerswell had other compliments for the directors, and his praise was echoed up and down the livestock barns and pens and rings.

Wesley Fallis, one of the sheep directors, informed The Examiner that there were 242 sheep entered by breeders. This number is 62 more than last year.

"Isn't that a fine gain," said Ken Denoon, "We've got the quantity and quality. A lot of these sheep came straight from Toronto, so that a winner here knows he has just about the best sheep blood in the country."

F. Savigny and W. Bowles are the other directors in charge of sheep.

Mr. Fallis mentioned that some one had carried off the coat of his sixty-dollar suit two days ago. When all the pens had been taken and more sheep were arriving, Mr. Fallis took off his coat to throw up a temporary corral until a tent was ordered. When he had completed his rush job and turned to look for his coat, he discovered that some one had carried it off while he was engaged.

Apart from that loss, Messrs. Fallis, Denoon, Savigny and Bowles are delighted with the advance made in their sector this year.

The Cattle King.

J. Arthur Brethen, of Norwood, spent a busy and often difficult afternoon yesterday in the cattle ring, over in the southeast corner of the grounds, while the dairy breeds were brought out.

Quite a number of farmers watched the judging, but it was a remote place which many visitors may not even have noticed. Messrs. Steinkrauss, O'Connell, Shields and other directors were on duty there.

Mr. Brethen made this suggestion: "I have watched this exhibition grow, and I would like to suggest to the directors, not as a criticism, but simply in a helpful spirit, that the cattle ring be moved over nearer the barns, and if a little more room could be shared it might be enlarged. However, I think it would be better for the exhibitors if the ring were moved over nearer the new barns," and he indicated the position.

Mr. Brethen, in conversation with The Examiner, expressed his congratulations to the fair board and to all who were helping make the exhibition the success it has already attained.

Wm. Knox spent several hours with representatives of the C. N. R. who were shown "the whole works," and they, too, added their praise to the increasing volume.

Another Suggestion.

Lieut.-Colonel Everett Birdsall was more than satisfied with the prizes he Herefords won in competition with the famous herds shown by Boyd, Thurston and other breeders.

"We've got one of the most beautiful fair grounds in the country, considering, of course, our means and the chance we've had," he remarked. "I would like to suggest that the dog show be kept as far away as possible from the cattle. For some reason or other the dog seems to be a natural enemy of cattle. While bringing the cattle on to the show ring, I met persons exercising their dogs along near the cattle stalls and barns. My cows were made nervous even by the barking in the dog tent, which was close to the cattle ring. I couldn't lead some of them a all in that direction after their first experience. This may seem a small matter, but it could easily be avoided another year."

Lt.-Col. Birdsall brings the family name back into the Peterborough fair's list of prize-winners. His father, Col R. E. Birdsall, was an exhibitor years ago, when he used to transport his stock by scow from the Trent River to Peterborough. The former young subaltern of the 2nd Battalion, C.E.F., is carrying on the Birdsall tradition of taking an active interest in the city of Peterborough. It was an ancestor, no so far removed, who, as a civil engineer laid out the townsite of Peterborough.

Because of the law forbidding the King of England from traveling more than 50 miles from London without a minister in attendance, George IV had the milestones from London to Brighton give the distance as less than 50 miles.

The highest waterfall in the world is the Stirling Falls in New Zealand 1904 feet.

The Great National Sale of
Sani-Bilt Mothproof Chesterfield Suites
Continues All Week

Every Suite offered at this Sale is a genuine Snyder Sani-bilt and is guaranteed without any reservation whatever to be absolutely mothproof. You select your suite, and when it is delivered we will give you an Iron-clad guarantee of the Snyder Company against moths, and to replace the suite if it should be injured by moths in any way. The Snyder Guarantee is positive and absolute.

The most important offering of the year in living room furniture. The Famous Mothproof line of

CHESTERFIELD SUITES

offered at a positive saving of $51.00 on each and every special Suite sold during that week. Come and see our great display of this High-Furniture.

NOTE.—Owing to the manufacturer insisting upon price restriction the quotation on above Suite is for CASH ONLY. The price for easy terms, as fixed by the markers, is $213—a small sum down and small weekly payments after delivery.

Three Pieces $199

One of the finest values ever turned out of the Sani-Bilt factory is being featured for this week only. The suite featured is of the highest quality—excellent value at its regular price of$250. It is obtainable in a choice of specially imported upholsterings—rich, plain taupe or walnut English mohair, or diamond cut mohair with reversible cushions in French silk or block printed mohair. Its distinguished lines add grace to any room, for they incorporate the latest scallop-shaped front. The woodwork—legs, arm panels, etc.—is all genuine solid walnut, worked with tasteful hand-carving. Quality "below the surface" is of the usual high Sani-Bilt standard.

CHILDREN'S AID REPORT COVERS CASES INVOLVING 361 CHILDREN

Organization Officially Responsible For Well Being of Neglected Children—Good Homes Found For Some—Others Helped at Home.

GRANTS FROM CITY AND COUNTY COUNCILS MUST BE SUPPLEMENTED BY TAG DAYS

The following is the report of The Children's Aid Society for the past year:

THE Children's Aid Society is the only organization officially responsible in every locality in the Province for all neglected children. There are many of those constantly coming before the attention of the Society's Agent in the City and County of Peterborough. Children are taken care of often temporarily when there is no place else for them to go. Many others are taken better care of in their homes because of constant warnings from the Society. But the majority handled are taken just into the Home and kept there until a suitable foster home is found for them. All the work is being efficiently done by a very capable Agent, Mr. John Edgar. Considerable opposition develops on occasions between those whom the Board are looking after and the people with whom they have to deal. This is inevitable and has to be reckoned with, but citizens should understand that the duties of the Society have to be carried out, and they are being carried out in spite of these difficulties. The work of administering an organization such as this necessarily involves considerable expense, which must be borne by the City and County, if the work is to be done as the needy children require it to be done by a civiized community. I can assure you it is done at the minimum of cost. If any one thinks to the contrary he may sit in at any meeting of the Board and listen to the proceedings. Both City and County are duly represented on the Board, if their respective appointees take the trouble to attend and so safeguard their respective interests. The cost is involved in visitation first to homes where neglected children are reported, then to visit those put in foster homes, the support of an Agent whose duties are of a specialized character and the maintenance of a home where children are kept for longer or shorter periods in the way they ought to be kept. The sources of revenue are primarily from the City and County grants, but this is not nearly adequate, though it is the duty and obligation of these bodies to support the Board and the work the Society does among the neglected children which becomes a great saving in after time for the community. A second source of revenue is from Benefactions by those interested in needy children, such bequests the Board tries to put to Capital account. Thus we are dependent for the carrying on of our work through the year, to a large extent on what we receive on our annual Tag Day. It gives everybody an opportunity to give in small amounts to this charitable and helpful cause. This year it will be held on September 24th, and we bespeak your support on that day. It is one of the best investments in life you can make. Help the Society to do what ought to be done for the children who are so often at the mercy of adverse circumstances but for what the Society through your help can do for them.

(REV.) R. C. BLAGRAVE, President.
MRS. J. S. FANNING, Convenor of Tag Day.

These figures will give an idea of the work done from November 1, 1926, to August 31, 1927:

Applications for Children	67
Children made Wards of C. A. S.	9
Children involved	361
Children sent to Industrial School	6
Complaints received	65
Investigations	67
Mail received	341
Mail sent out	756
Mileage	4330
Wards placed out	27
Wards visited	101
Places visited outside the City	67

In nearly every case this is an increase over the whole of last year.

These figures are from the Report of Mr. Kelso, for 1926:

8,000 Cases of Neglected and Ill-treated Children.
809 Children made Wards.
26,557 Children Involved since 1893.
698 Adoptions.
3,489 Adoptions since 1921.

Under the Unmarried Parent's Act.

1,705 cases last year.
6,193 cases since 1921

MARMORA NEWS

Work is being done on the Ninth Line on the approaches to the new bridge over Bigelow's Creek. Teams are busy drawing gravel to level it up.

Mrs. M. Milligan and Miss A. Kelly were visitors to Toronto on Wednesday.

Mr. R. Matchett and Mr. W. Williamson were visitors to Peterborough on Thursday afternoon.

The fastest moving living creature is the deer or bot fly of North America and Europe. Entomologists say it can fly at the rate of 185 miles an hour.

The first record for traveling around the world was made by Magellan's expedition, which completed the circuit September 8, 1522, having been gone twelve days less than three years. The present record is 28 days, 14 hour 36 minutes and 5 second

ARTISTS WIN CONFEDERATION PRIZES

Gustav Hahn and J. E. H. MacDonald, Toronto, Ont., artists, have been declared winners of the Dominion-wide contest for designs for the proposed new coinage to mark the Diamond Jubilee of Confederation. Mr. Hahn, shown on the LEFT, receives the $500 prize for the one cent bronze and Mr. MacDonald the $1,000 prize for the nickel and quarter design.

The Tunney-Dempsey Fight by RADIO

One of the Greatest Events of Boxing History!

THE world-famous Tunney-Dempsey match, to be fought at Soldiers' Field in Chicago on Sept. 22nd, will be one of the most thrilling, gripping, colorful events the history of boxing has known.

By "listening in" on a good Radio you can get a detailed blow-by-blow, round-by-round account of the battle as it is being fought. Even as one of the fighters is sagging on the ropes, you will have the picture in your mind's eye of the smashing blow that floored him.

A ringside seat costs nearly as much as a first-class Radio and is good for only an hour or so. The Radio will not only be your invisible binoculars to the Tunney-Dempsey bout, but to all the great events that take place within the next decade. Buy a Radio to-day. Let the ads below aid your decision.

BOY SUICIDES; POISON LIQUOR THOUGHT CAUSE

Youth Leaps Over Bridge at Port Burwell While Being Taken Home.

INQUEST STARTED.

Contents of Stomach Being Examined—Fusel Oil Suspected.

PORT BURWELL September 20.—Crazed, according to witnesses, from drinking liquor that is suspected of of having contained fusel oil or some other poison, Malcolm Elmore Vaughn, the 16 year old son of Mr. and Mrs. Argo Vaughn, of Port Burwell, met a tragic death on Sunday evening, when he leaped off the bridge at the foot of Main street, while being escorted to his home by W. Marshall, principal of the continuation school, and J. Brady. The body was not recovered until after midnight.

An inquest was opened before Coroner Dr. Sinclair of Aylmer, yesterday afternoon, and adjourned for a week, after several witnesses had been heard. Evidence of a surprising nature was offered by Dr. Sinclair when he testified that he had performed a post mortem examination on the victim and was strongly of the opinion that death was not caused by drowning, tut from some poison in the youth's stomach.

In consequence of the doctor's evidence, the contents of the stomach and the lungs have been sent to Toronto for an analysis.

51 Cents out of $10.

Mystery surrounds young Vaughn's tragic act. The evidence showed that he left his home after seven o'clock on Sunday night in a perfectly sober condition, and with about $10 in his possession. When the body was recovered only 51c was found in his pockets. Two youths testified that they were with him in an ice cream parlor at ten minutes to eight and all three had ice cream and soft drinks. Vaughn left them there, they deposed, and returned in about half an hour, and then was obviously under the influence of liquor. They swore that he did not tell them nor did they learn where he had obtained the intoxicants.

Mr. Marshall and Mr. Brady found the unfortunate youth in the main part of the town about 9 o'clock and persuaded him to start home with them. He was making some suicidal threats witnesses testified. As the two men and Vaughn reached the bridge, Vaughn suddenly darted from them towards the side of the bridge, eluding Mr. Marshall. Mr. Brady ran in front of Vaughn, and the latter ran over to the other side of the bridge, and proceeded to climb over. Mr. Marshall reached him just in time to clutch the sleeve of his coat, but to late to pull him back. Vaughn dropped into the dark waters of the creek before the eyes of the horrified men, neither of whom can swim.

Struggling to get Away.

They testified that Vaughn was struggling to get away from them as they approached the bridge. Vaughn was an attendant at the continuation school and was a general favorite in the village. He was described as being a boy of temperate habits. He had been working this summer with his father in Van Order's fish Refrigerator.

The tragedy is all the more shocking through the fact that it is the third in about a year's time. About a year ago a young girl of the village drowned herself after attending a church one Sunda evening, while in January of this year a hotel proprietor of Port Burwell, believed to have been driven temporarily insane from drinking moonshine, killed himself by slashing his throat with safety razor blades on the Canadian Pacific Railway tracks near London.

At the probe that followed his death the authorities learned about some very powerful moonshine known as "Pine Knot Whiskey" being manufactured in the southern part of Norfolk County, and brought into Elgin County.

Provincial Officer J. A. Darrach, and Provincial Constable H. O. Taylor of this city, are in charge of the police investigations into Vaughn's death.

159 DROWNED NEAR SHANGHAI

Chinese Motor Ship Sinks With 400 People On Board.

130 STILL MISSING.

SHANGHAI, Sept. 20.— (Canadian Press.)—A message from Tsingtao reports that 159 Chinese were drowned and 130 are missing following the sinking of the Chinese motor vessel Gento Maru. The vessel was crossing Kiachow Bay with four hundred Chinese passengers when it sprang a leak and went down. Many of the passengers were rescued by steam launches from United States warships.

HAS MOSQUITO VACCINE.

CAMDEN, Ark., Sept. 20.—Dr. P. U. DuCommon, of Camden, claims to have perfected an anti-mosquito serum for humans and animals. The vaccine is harmless to those who take it, he says, but causes instant death to the insect when it bores into the innoculated blood stream.

Woman Champion Leads in Qualifying Round

ADA MACKENZIE TURNED IN GOOD 1ST DAY SCORE

Canadian Lady Golf Stars Excel in First Day's Play.

BROKE PAR EASILY.

Two Tied at 78 in United States' Golf Tourney.

GARDEN CITY, N.Y., Sept. 20. — (Canadian Press). — In a stern golf struggle between and during showers which threatened to flood the Cherry Valley course and drenched some of the best women players in four countries, 32 qualifying places were won yesterday in the national women's golf championship.

Miss Ada MacKenzie of Toronto, Canadian women's champion, showed the way with a sensational 77, five under the women's par of 82 for the Cherry Valley course. In winning the medal Miss MacKenzie went out in 39 and came home in one stroke better.

Mrs. G. Henry Stetson of Philadelphia, the champion, failed to qualify and will not have a chance to defend her crown in the match play beginning to-day.

Mrs. Stetson was indisposed as she started her play and never struck her stride, finishing the 18 holes with a score of 96, six strokes more than was needed to qualify without a struggle and five strokes too many to win a place in the play-off at 91 in which seven women played for four places.

Close behind Miss MacKenzie were Miss Maureen Orcutt, of Haworth, N.J., and Mrs. Miriam Burns Horn, of Kansas City, tied at 78. Mrs. W. G. Fraser of Ottawa, Canada, who as Miss Alexa Stirling of Atlanta, Ga., three times won the United States championship, was fourth with a score of 82. Mrs. Frazer went out in 41, and came back in the same number of strokes.

Canadians who failed to make the happy 82 were Miss Katherine Christie and Mrs. F. J. Mulqueen, of Toronto. Mrs. Mulqueen's card showed 47, 46—93, and Miss Christie took 49 to go out and 58 to come back, for 107.

Mrs. Henry Pressler, of Los Angeles, who recently won the Western women's title, was tied with Miss Virginia Van Wie, of Chicago, another sensational Western player, at 83.

Mlle. Simone Thion De La Chaume, French and British champion, was in constant trouble in her first nine when she needed 46 strokes, but she came home in great style and finished in 37, comfortably in the select circle.

Miss Glenna Collett, former national champion, was one of the five players to score 85. The others were Mrs. O. S. Hill, Kansas City; Mrs. G. H. Lifur, Los Angeles; Miss Peggy Wattles, Buffalo, and Miss Beatrice Gottlieb, Delwater Gap, Pa. Miss Marie Jenney, of New York, stood alone at 84.

The 32 survivors will go out at 10 o'clock to-day, and at five-minute intervals leave the first tee in 18-hole play in the first round.

The pairings:

Miss Ada MacKenzie vs. Mrs. E. H. Fitler.

Mrs. Gregory Lifur vs. Miss Helen Patson.

Miss Virginia Van Wie vs. Mrs. B. F. Briggs.

Miss Edith Quier vs. Mrs. J. D. Woodfin.

Miss Maureen Orcutt vs. E. P. Harwood.

Miss Peggy Wattles vs. Miss Rosalie Knapp.

Miss Marie Jenney vs. Miss Virginia Wilson.

Miss Eileen Pattison vs. Miss Jane Brooks.

Mrs. Miriam Burns Horn vs. Miss Dorothy B. Page.

Miss Beatrice Gottlieb vs. Miss Bernice Wall.

Mrs. Henry Pressler vs. Mrs. Dorothy C. Hurd.

Miss Martha Kinsey vs. Mrs. Courtland Smith.

Mrs. W. G. Frazer vs. Mrs. Arnold Jackson.

Miss Glenna Collett vs. Mrs. J. L. Mrs. O. S. Hill vs. Mrs. H. G. Higbie. Anderson.

Mlle. Simone Thion De La Chaume vs. Mrs. Stewart Hanley.

Will Arrange For World Series Friday

CHICAGO, September 20 (Canadian Press). — Kenesaw Mountain Landis, baseball commissioner, last night sent word to officials of the New York Yankees, American League pennant winners, and the four contending teams for the National League flag to meet with him here next Friday morning to arrange for the World's Series.

The National League teams invited to the conference were the pace-setting Pirates, the Giants, the Cardinals, and the Cubs.

Commissioner Landis intimated that the Series would open probably on Tuesday, October 4.

DANFORTHS WIN TORONTO TITLE

Beat Supremes 8-2, Getting 11 Hits Off Babe Vincent.

LOSERS FIELD POORLY.

TORONTO, Sept. 19.—Danforth Ladies have at last obtained the city championship, which they have been striving for ever since the club was organized. The smart little club from the Viaduct, played brilliantly at Hampden Park on Saturday night before the largest crowd of the season, to defeat their ancient rivals, K. and S. Supremes, champions of the Major League and last year's city champions, by the score of 8 to 2. The Bater-Child crew played a brand of ball that has seldom been equalled in this city. The box scores:

Danforths:	AB	R	H	PO	A	E
Leslie, 3b	5	2	3	4	2	0
Edwards, rf	5	3	2	1	0	0
Gilding, lf	4	0	1	4	1	0
Evans, ss	5	0	1	1	2	0
Child, p	5	0	2	1	1	0
Underwood, 1b	5	1	1	7	0	0
Giles, 2b	4	1	0	2	2	0
Heaton, cf	3	1	0	0	0	0
Bater, c	4	0	1	7	0	0
	40	8	11	27	3	0

Supremes:	AB	R	H	PO	A	E
Crane, 1b	4	1	2	16	0	0

Danforths . . . . . 200114000—8
Supremes . . . . . 000011000—2

*Batted for Greer in ninth.

Summary—Bases on balls—off Childs 3. Struck out—by Childs 7, by Vincent 2. Home runs—Smith, Crane. Three base hit—H. Donaldson. Two base hit—Frisby. Sacrifice hits—Gilding, Heaton. Stolen bases—Edwards, Heaton. Left on bases—Danforth 7, Supremes 7. Double play—Gilding to Leslie. Wild pitches—Child, Vincent. Passed balls—Mortimer. Time—1.15.

Reign of Babe Ruth Practically Certain

NEW YORK, Sept. 20 (Canadian Press).—The reign of Babe Ruth as King of the Swat is practically certain. Although endangered by the meteoric rise of Lou Gehrig co-star of Ruth with the Yanks the threat for the current year, at least, is past, as the Bambino has broken out with a sensational eleventh hour spurt of 11 homers so far this month to boost his total to 54, against 45 for his competitor. Eight games are left to play.

An open date kept the Yankees idle yesterday.

The standing:

Yankees.	Games Played.	Homers
Ruth, 1921	146	56
Ruth, 1927	146	54
Gehrig, 1927	146	45

OLD COUNTRY SOCCER.

LONDON, September 20 (Canadian Press Cable).—Soccer games in the Old Country yesterday resulted as follows:

English League—First Division.
Blackburn Rov. 3, Manchester U. 0.
Bury 5, Liverpool 2.
Second Division.
Port Vale 5, Bristol City 1.
Third Division (Southern Section).
Charlton Ath. 0, Merthyr T. 0.
Northern Section.
Halifax Town 2, Darlington 1.
Inter-City Match.
Sheffield 4, Glasgow 1.
Union.
Stratford-on-Avon 0, Coventry 24.
Pontypool 9, Ebbvale 0.
Rugby League, Northern Union.
Leigh 11, Halifax 3.

CHATS WITH CHAMPION

Jimmy De Forest, famous trainer of fighting men, is shown here with Tunney, at the heavyweight champion's camp, chatting during a lull in the training for the Dempsey bout.

LAKEFIELD RIFLE SHOOT

LAKEFIELD, September 20. — The following is the result of the third shoot of the season of the Lakefield Rifle Association, held last Thursday, September 15. The fourth and last shoot of the season will be held on Thursday, September 29:

	Yards 200	500	600	Tl.

DEMPSEY ON EDGE FOR HEAVY BATTLE

Different Man From One Who Lost Championship Last Year.

LINCOLN FIELDS, Crete, Ills., September 20 (Canadian Press). — Jack Dempsey, on edge yesterday for his battle of $3,000,000 with Gene Tunney in Soldiers' Field next Thursday night, is as different from the Dempsey of a year ago, when he lost the world's heavyweight championship to Tunney in the rain at Philadelphia, as black is from white.

That, at least, is the verdict of observers who have watched the former world's heavyweight champion in all his battles from the time he battered Jess Willard into a helpless hulk in Toledo back in 1919 to his last engagament—his knockout victory over Jack Sharkey seven weeks ago.

If the present-day Dempsey isn't the same old Dempsey of the Firpo days, he is so close to the real article that his admirers hardly can distinguish the difference. Some say his victory over Sharkey caused the change; that it dispelled all doubt in his ind as to whether or not he could come back, and having convinced himself that he still carries the old murderous punch and can stand up under a punching, he is certain he can destroy the popular belief that "they never come back."

Dempsey is determined to come back, not half way, but all the way back.

Feels Better.

Yesterday afternoon he lounged about his training camp and found difficulty in keeping still. He gossiped with his camp attendants, read a bit from maagzines, sat in a game of cards, and then strolled around the place—a picture of a fighter brim full of nervous energy and in condition.

"I know I am in the very best of condition; I feel it," Dempsey said. "When I fought Tunney a year ago I did not have a fight for three years. It took that fight and the one I had with Sharkey to bring me back. I'll regain the title. I feel sure of it."

The sign that gives a line on Dempsey's mental and physical condition is the return of the playfulness. Time was when Dempsey would greet one of his admirers with a headlock or a playful poke in the ribs. His headlock disappeared a year ago when he was besieged with lawsuits and other worries, but since his knock-out victory over Sharkey, the old desire to joke by wrapping his hairy arms around somebody's head and applying the pressure has returned.

Some of Dempsey's admirers, and this also goes for unbiased critics, say that he is 25 per cent. better than when he fought Jack Sharkey, and at least 50 per cent. better than when he fought Tunney a year ago.

Soccer Notes

Saturday's game is an exhibition match between the "die hards" and the pick of the league at King Edward Park, on Saturday afternoon. Kick-off at three o'clock. Referee, Alex Mitchell.

The pick of the league are as follows: Fowler (Masseys), goal keeper; right full-back, Buchan (Masseys) and left full-back, F. Wade (Masseys); right half, Burgess (Thistle); centre half, Robb (Quakers); captain; left half, Blowers; Lang (Thistle), Logan (Masseys), Mitchell (Quakers), T. Wilson (Quakers) and T. McPhate (Thistle) forwards.

Reserves—Goal keeper, W. Curtis; full-back, S. Maker and H. Curtis; halves, Cameron and W. Logan; Willis, Dawson, A. Beggs, Laidler and Hanson forwards.

According to rumour, Norman Crowe has gathered together some of the most reliable players in the last few years and intends winning the match by a handsome score.

In all probability, the league champions, the Masseys, will hold a banquet at the end of the season, so as to celebrate the winning of the league honors and two trophies.

ROBINS BREAK PIRATE STREAK

Brooklyn Halts Leader's Run of Eleven in Row By 3-0 Victory.

PITCHERS' DUEL.

NEW YORK, September 20. — Canadian Press.—Brooklyn snapped the winning streak of the League leading Pirates yesterday as Dazzy Vance pitched the Robins to a 3 to 0 shut out victory Pittsburgh, and halting the leaders at 11 in a row.

Vance and Carmen Hill indulged in a slab duel that was scoreless until the sixth when Herman doubled with two on base and two out to score Statz and Carey. Flowers followed with a single that scored Hermen.

The Corsairs were held to six hits, all singles, by the Robins star while Hill held Brooklyn to the same number in eight innings. One Pittsburgh hurler stepped aside for a pinch hitter in the eigth, and Cvengros finished.

The Bushmen did not get a runner as far as second until the eighth when Smith and I. Waner made singles. In the ninth Traynor singled with two out and was allowed to go all the way to third. The game ended when Grantham flied to Statz.

The New York Giants slashed the Pirates' hold on the National pinnacle to 3½ games by winning at Cincinnati 10 to 6. The season's series with the Reds went to the Giants on a margin of 15 victories in 22 starts.

Burleigh Grimes, working with only two days' rest, went the route to his 18th victory, which was also his ninth triumph in a row. Cincinnati called upon 17 players, including three pitchers, Kolp, Jablonowski and May.

The McGraw men amassed six runs in the fourth inning, during which Terry produced his 20th homer with one on base. Terry was on the base five times and besides his homer he got a triple and two singles, the three bagger coming with one on base in the ninth. Lindstrom connected for a homer and a double.

Win Fourth Straight.

The Cardinals won their fourth straight game from the Phillies at St. Louis 12 to 5, and thus remained at the heels of the second place Giants.

It was the fourth victory in as many starts for Pitcher Fred Frankhouse, recently obtained from Houston. He allowed the visitors nine scattered hits while his teammates were slamming Sweetland, Decatur and Willoughby for 14 safeties.

The Cardinals big inning was the seventh when Bottomley hit a homer, scoring behind Frisch, who had doubled, and Hafey, who had been hit by a pitched ball. The Blades singled, Holm hit his third straight hit scoring Blades and Holm.

Friech in the sixth got his 589 assist of the season, establishing a new National League record.

At Chicago Art Nehf, starting his first game on the hill for the Cubs held Boston to six scattered hits. The Cubs bunched hits behind the erratic support of Charley Robertson to shut out Boston, 6 to 0.

TUNNEY ENDS RING GRIND

Finishes Training As Fas As Boxing in Ring Is Concerned.

PINK OF CONDITION.

LAKE VILLA, Ills., Sept. 20.—(Canadian Press).—Gene Tuuney's training gloves huge 16-ounce mittens that have jabbed and slammed thousands of times into his sparring mates' bodies in the past five months, were laid away in the heavyweight champion's ring chest last night to await the next training siege.

With a chill wind sweeping through the tiny covered ring, Tunney boxed for the last time yesterday before climbing through the ropes Thursday night to face Jack Dempsey's desperate bid to regain the heavyweight diadem. His body heavily swathed in full length woollen underwear and a thick purple sweater, Gene pranced through five rounds against two sparring partners after assaulting both light and heavy bags for six minutes apiece.

Critics were unanimous that Tunney, right on the edge of perfect condition, was more impressive today than at any previous point in the long grind for the champion's first title test since he clubbed Dempsey into submission at Philadelphia last fall. Gene boxed with the speed and skill of a lightweight, punched eagerly and with perfect markmanship, and dazed both Jackie Williams and Billy Vidabeck at times with the sharpness of perfectly timed blows. Gene was the master boxer today, craftily taking advantage of every slip of his sparring partners to drive home left hooks to the body and straight right crosses to the chin that jarred both boys to the heels. Chuck Wiggins again was not called into action, for fear that his erratic attack might again damage Tunney's right eyelid, split by a headbutt 10 days ago, and further irritated by a jab from Williams' glove last Friday.

Tunney swabbed the injured eyelid with collodine before tackling the day's grind but this safety measure appeared unnecessary.

"Training is over, at least as far as boxing is concerned", Tunney said after the workout. "I never felt better in my life. The cool weather just suited me. My weight is around 189 pounds."

The public was barred from Tunney's final ring drill.

GENE TUNNEY LOOKS BETTER

History Shows Fighter Gave 'Peak" Performance But Once.

DISTINCT CURIOSITY.

(By Joe Williams)

Chicago, Sept. 20. — Mr. Gene Tunney may not be the greatest heavyweight ever to massage a hostile snout, but in many ways he's a distinct curiosity, even apart from his literary and social touches.

It is the history of the ring that a fighter—especially a heavyweight fighter—attains perfection in fighting form only once, and, having attained it, begins to recede by gradual or swift degrees, depending on how he lives thereafter.

This history shows, was true of John L. It was true of James J. Corbett, Bob Fitzsimmons, Jim Jeffries, Jack Johnson, Jess Willard and Jack Dempsey.

To date, this phase of the craft has been devoid even of the inevitable exception that proves the rule.

True Corbett came back with a great fight for 22 rounds against Jeffries eight years after he had whipped Sullivan; only to be knocked out in the twenty-third.

Willard came back after five years to score a clean-cut knockout against Floyd Johnson when that youngster looked as if he might have the prospects of a formidable fighter, but, in his next start, Willard was flattened by the lumbering Firpo.

Dempsey came back ten months after his worst fight to score a body-punching knockout over Jack Sharkey, conceded by experts before the fight to be the best young heavy in the trade.

But these performances were not "peak" performances. Corbett was far from the Corbett who stopped Sullivan; Willard was well conditioned, but slower than ever; Dempsey had only his flaming courage and punching power left. Here and there were flashes of the original fighting men—flashes of sufficient intensity to offset the many flaws that passing time and inactivity always breed.

Tunney was a "peak" fighter the night he whipped Dempsey for the title in the rain at Philadelphia. Never before had the Greenwich villager soared to such heights as boxer and battler. It was his greatest fight and he was mentally and spiritually keyed for the ordeal as he had never been before.

All this being true, the boys are saying that he can't possibly be as good when he squares off against his boy friend here on the lake front the night of September 22. He has known his "peak," they say, and he'll never know it again. No fighter ever has.

I am inclined to dissent. As I say, Tunney is a ring curiosity. He did not come into his own until he was 28 years old—an age at which most fighters are retiring to their estates or to institutions where the practice of cutting out paper dolls forms the chief routine of the day.

Today he is a year older, a brief twelve-month this side of 30. Instead of showing signs—even minute signs of slipping—he looks bigger, better and stronger than ever. As a matter of fact he is. He is bigger across the shoulders and chest where the hitting power comes from and he is three pounds heavier.

Irish athletes characteristically mature late in life. Tunney is of old Irish stock. He is still filling out. The tape measure proves that. He was a "peak" fighter a year ago. He will be a "peak" fighter again this month and he will probably continue as a "peak" fighter for several years.

By this I mean he is going to be just as good in every essential respect until he is 31 or 32 years of age as he was on the night he won the championship. He is due for a long "peak."

Of immediate interest in this connection is that Dempsey will find Tunney just as much of a fighting man—and possibly more of a fighting man—that he did a year ago when the Man Mauler lost no less than ten rounds out of the first ten and would have been stopped had the fight lasted another round.

WILSON'S BACHELOR

HE FALLS FOR A TROUPE OF BASS

George F. Adams of Bala, Ontario, makes bass eat out of his hand and this picture shows him in the process. Three years ago Mr. Adams made the acquaintance of a small school of baby bass and the friendship has continued each season since then. There are seven bass in the troupe. They come to the surface whenever Mr. Adams slaps water and he feeds them worms from his fingers.

PUBLIS SCHOOL FOOTBALL LEAGUE

The following is the schedule for the Public School football league:

Sept. 21, Oct. 5—Central vs. Queen Alexandra.

Sept. 23, Oct. 7—Queen Mary vs. King Edward.

Sept. 26, Oct. 10—Queen Alexandra vs. King George.

Sept. 28, Oct. 12—King Edward vs. Prince of Wales.

Sept. 30, Oct. 14—King George vs. Central.

Oct. 3, Oct. 17—Prince of Wales vs. Queen Mary.

Oct. 19—Winners of Group A vs. Winners of Group B.

Group A, consisting of teams from Central, Queen Alexandra, and King George Schools, will play at Nicholl Oval.

Group B, consisting of teams from Queen Mary, King Edward, and Prince of Wales Schools, will play at King Edward Park or the Exhibition Grounds.

The teams interested in each game are responsible for choosing their own referee.

Postponed games must be played as soon as possible after the scheduled date.

MARION DAVIES in Tillie the Toiler

HOBART HENLEY production

YOU DON'T KNOW what laughing is like till you see Marion Davies and the great cast in this comedy sensation!

A MARION DAVIES production

Story by Agnes Christine Johnston and Edward T. Lowe, Jr. Screen play by A. P. Younger. Based on the newspaper cartoon feature by Russ Westover owned and copyrighted by King Features Syndicate, Inc. Directed by Hobart Henley.

Metro-Goldwyn-Mayer

Fox hunters of the south do not kill their quarry with fi rearms, but practice the hunt as do the English sportsman.

INDIANS DROP FINAL TUSSLE

Ragged Fielding Features in a 4-1 Victory For Washington.

ERRORS COSTLY.

NEW YORK, Sept. 20.—(Canadian Press)—The Cleveland Indians, fielding raggedly, dropped the final game of the season at Washington yesterday, 4 to 1. The game was called in the sixth on account of rain.

During the five innings the Senators batted Cleveland made five errors batted, Cleveland made five er- and four off Hadley, a rookie.

St. Louis - Philadelphia, wet grounds.

Detroit-Boston, rain.

Three games scheduled.

SOFTBALL SEMI-FINAL THURSDAY

Toronto Winners Will Meet the Belmonts at James Stevenson Park.

Softball fans will get their innings on Thursday when, after a long delay, the Belmont Club's team, Eastern Ontario champions will meet the winners of the Bell Telephone-Glengarry series in the Ontario semi-finals. The two Toronto teams have played four games already trying to decide the Queen City championship and will clash again to-night. The winner will meet the Belmonts at James Stevenson Park at 5.15 on Thursday and the second game will be played in Toronto on Saturday after the senior hard ball game. Should the Bell Telephone crew win out the hard ball players on the Belmont Club will find themselves stacked up against Harry Sniderman, the hard hitting centre fielder of the St. George's who is the ace pitcher for the Bell team.

Thursday's game should be a great battle.

RUGBY NOTES.

The Junior O.R.F.U. squad numbered about thirty last night, and Coach Max Sloan, assisted by Jack Deannard, held a snappy work-out, including running, passing and kicking practice.

Another practice will be held to-night, and all are asked to turn out in uniform.

THE BOWLING TOURNAMENT

Our rolling bowling tourney was a big and grand event,
Some forty-four rinks entered and for prizes all were bent.
From ten a.m. till daylight, they all shouted, laughed and frowned,
And when they made a fluker, they all blamed the hilly ground.

Hank Rosevear, Alick Gordon, Billy Oke and Leo Cann,
Lined up with "All Star" bowlers, and pinch hitters to a man,
Jack Gettys, Billy Johnston, Ryan, Hayden and Greenwood
Declared they'd pinch the prizes, and the trophies—if they could.

They told their wives that morning, they'd win silver sets by night,
And Wifey said to Hubby, "Well go to it, do it right."
But when the play got going, they all said, "The ice is rough,
Our mates are bowling poorly, we are feeling rather tough."

Had Peterboro, Kingston, Bowmanville and Campbellford
All went somewhere a fishin', then we might have bowled and scored.
Had Lindsay and Toronto, Cobourg, Whitby stayed away,
We would have won a prize, if Hastings, Belleville didn't play.

The trouble with our fellows, they all bowl too weak or strong,
Or else they're wide or narrow, then they say, "The grass is long."
Otherwise they're fair good bowlers, and its practice that they need,
To lay the bowl, and get the green, and gauge the proper speed.

Hats off to "Elliott," Kingston, and to Peterboro's "Oke,"
For winning first prize honors and world records that they broke;
Also to the runners up, Young and Swanson, Oshawa;
Here's hoping they'll do better when they make another draw.

So now the day is over, and that all is said and done,
We didn't want the prizes, but to give a good day's fun,
We hope they all enjoyed it, and content with what they drew,
God bless the King, the Bowlers, all their wives and sweethearts too.

—A Port Hope Amateur Bowler.

KING'S WHARF

KING'S WHARF, Sept. 19.—On Wednesday evening a large number of friends and neighbors gathered at the home of Mr. and Mrs. J. C. O'Leary for a presentation to Miss Viola Herlihey, who has entered St. Joseph' convent, Peterborough. An address was read and a few tokens in remembrance of her friends here at King's Wharf. A dainty lunch was served and the remainder of the evening was spent in social amusement.

Mr. John O'Connell has gone to the Northwest to visit friends for a few months.

Mr. and Mrs. Patrick Perdue spent Sunday, the guests of Mr. and Mrs. Frank Cavanagh in Ennismore.

Miss Alice Guiry has returned to Lindsay after spending a few weeks the guest of friends here.

The schools here, S. S. No. 6 and S. S. No. 15, have opened with the old teacher, Miss Ruby Perdue in No. 6 and a new teacher, Miss Lucy Sullivan, in No. 15.

Mr. John M. O'Neill has gone to Toronto where he has secured a position.

Mr. and Mrs. P. J. Scollard, of Peterborough, spent Sunday the guest of friends here.

Mr. and Mrs. Thos. Perdue and family, of Peterborough, spent Sunday the guest of the latter's parents, Mr. and Mrs. Thos. Twomey.

How Many Can You Answer To-Day?

Each question counts 10. If you answer 8 correctly, your intelligence rating is 80%. Actual tests reveal that 8 out of 10 correct is College Standard; 6 out of 10 correct is High School Standard; 4 out of 10 correct is Grammar School Standard; less than 4 correct is Uneducated Standard.

1. What is an oboe?
2. Who is Dr. Vincent?
3. What nation owns Sumatra?
4. Was Diderot one of the Pleiad, the Encyclopoedists or the pre-Raphaelites?
5. What is the most modern city of Italy, noted for its manufacturing?
6. What muscular organ is effected by angina pectoris?
7. What and where is Regulus?
8. Give Poe's full name.
9. Of what nationality was Henrik Ibsen?
10. Whom did Anne Boleyn marry?

(Answers found on Want-ad page).

Lyrics Of Life

(By Douglas Malloch.)

GIVE MOTHER A THOUGHT

The world widens out, like a road on the plain,
A road that we never may travel again,
For we follow our dreams, and our plans, and our hopes,
And they carry us far from the valleys and slopes.
It may be a bird that flies eastward or west,
But it leads us away from our own little nest,
And yet now and then, ere the bird has been caught,
I hope that we stop and give Mother a thought.

The task may be hard, and the journey be long,
The hands may be weary, and not over-strong,
The days of our toil may be early begun,
The hour may be late ere our duty is done,
But surely there's time, be it early or late,
When the things of today for a little can wait
While yesterday's child thinks of lessons she taught,
Yes, stops now and then to give Mother a thought.

And it isn't for her that I ask it alone,
Though you never have thought but your Mother has known,
But I think that the task, be it heavy or not,
With the thought of a Mother will lighten a lot,
When other loves falter, as other loves do,
You know there is one who is changeless and true:
And less you will grieve for the joy that you sought,
If you stop now and then and give Mother a thought.

HOLD BANQUET ON HALLOWE'EN

Mount Pleasant Branch of the Women's Institute To Hold Social Evening.

REGULAR MEETING.

MOUNT PLEASANT, Sept. 20.—The Mount Pleasant Branch of Women's Institute met at the home of Mrs. Norman Fee on Tuesday afternoon with a fairly good attendance and a number of visitors were present.

The regular routine of business was transacted. The roll call was answered by a quotation from a favorite author.

Considerable time was taken in discussion re a social evening of some kind for the entertainment of the gentlemen. It was finally decided to entertain the members and their husbands to a banquet to be held on Halloween night at the home of Mrs. Norman Fee, who so very kindly offered her home, two committees were appointed to arrange for same: Banquet Committee: Mrs. Thomas Graham, and Mrs. George Jamieson. Programme Committee: Mrs. Garnet Shield and Mrs. Joshua Eggleston. A number of letters of correspondence were read and disposed of.

Programme.

The programme which was in charge of Mrs. Harry Bland and Mrs. Hubert Gardiner consisted of a piano instrumental by Mrs. Garnet Shield; a reading by Mrs. George Jamieson, entitled, "The Deacon's Potatoes," and Mrs. Bland read, "To the Memory of Jane Brown, after which lunch was served by the hostess, assisted by the lunch committee, Mrs. Ira Lowe and Mrs. Thomas Graham, who waited in Mrs. Chester Best's absence, and the usual social talk when all adjourned to meet at the home of Mrs. Thomas Graham for the October meeting. Those who were present were: Mrs. Garnet Shield, Mrs. George Jamieson, Miss Miller, Mrs. Joshua Eggleston, Mrs. J. Knight, Mrs. Harry Bland, Mrs. Richard James, Mrs. Henry Lowes, Mrs. Thomas Graham, Mrs. Ira Lowe, Mrs. Gertrude McLean and Mrs. Fee.

THEATRES

AT THE GRAND

"ROOKIES."

When a sergeant and a private, under his command, fall in love with the same girl, there is excellent chance for comedy.

This riotous situation is the invention of Byron Morgan, scenarist and fiction writer, who wrote the story of "Rookies," Metro-Goldwyn-Mayer's newest farce comedy, which has just opened at the Regent Theatre.

The tale is laid against a background of life at Uncle Sam's citizens' military training camps, and while it depicts life at camp with its drills in all branches of the service, athletics and range contests, these are made a background for the comical situations and laughs, which naturally are evolved.

Marceline Day, who was made famous by her roles in such productions as "The Barrier," has the leading feminine role, the object of the attentions of Karl Dane, as a sergeant, and George K. Arthur, as a private. Louise Lorraine has the role of a cabaret dancer who further complicates the affair, and Tom O'Brien, who like Dane, was made famous by 'The Big Parade,' has the part of a corporal. Frank Currier is the judge who sentences Arthur to jail, and later sends him to the training camp to learn how to become a man.

Dane and Arthur make a capital comedy team in their initial picture, and it is hoped that they will be paired in more pictures.

SCIENTISTS TALK ABOUT POPULATION

Problems of Over-Crowding, Empty Spaces and Unemployment on Agenda.

GENEVA, Sept. 20 (CP).—Foremost scientists, sociologists and students of "population problems" from nearly every country in the world will meet in a World Population Conference which is to be held in Geneva from Aug. 31 to Sept. 3. Sir Bernard Mallet will preside and among other British representatives will be J. M. Keynes, Prof. J. S. Huxley, Sir Humphrey Rolleste, Prof. A. M. Carr-Saunders and Dr. F. E. Crew.

The problem of over-crowding and unemployment in some part of the world, and wide empty spaces in others, as well as the question of quality—the C 3 nation—will be considered in all their aspects. Geneva has been chosen as the meeting place because the problems are essentially international, and it is hoped the results may point the way to international solutions.

KETCHECUM LAKE NEWS.

KETCHICUM LAKE, Sept. 20.—Mr. and Mrs. Crisp and little daughter, Jean, have returned to Cleveland, Ohio, after spending the past week at Ketchecum Lake.

Mr. Frank Whitehouse who was the Labou Day, week-end guest of Mr. Howard Cole, at their cottage, Chateau-Silhouette, has returned o his home.

Mr. and Mrs. H. P. Richardson, of Buffalo, N.Y., and Mr. and Mrs. J. N. Fall and Mr. S. Cooney, of Jamestown, N.Y., have returned to their homes, after spending the past week at their cottage, Cona-Wango, Ketchecum Lake.

Miss Jean Herd spent the week end the guest of the Misses Helen and Jean Cole, at their cottage, Chateau-Silhouette.

Miss L. W. Elcombe, of Ottawa, Ont. and Miss Audrey Elcombe of Peterborough, Ont., have returned to their homes after spending a couple of weeks the guest of Mrs. W. Cole, at their cottage, Chateau-Silhouette.

Master Jimmy McCullough, of Peterborough, Ont. was the Labor Day, week end guest of his Aunt, Mrs. W. Cole, at Chateau-Silhouette.

Mr. and Mrs. J. E. Downing and family have returned home to Peterborough, Ont., after spending the past two months at "Winnetaska," Ketchecum Lake.

Dr. and Mrs. McKay, of Oshawa, Ont., are spending the month of September at "Bon-Del-Don-Nillian," Gull Lake.

Mr. and Mrs. S. Edwards of Lakefield, Ont., who were week end visitors with Mr. and Mrs. Charles Curtis at Kant-U-Kum-Inn have returned to their home.

Miss Alice Curtis and party from Peterborough, Ont., spent Labor Day week end at their cottage, Echo Lodge, Lake Ketchecum.

Mr. and Mrs. Donald McKay, of Toronto, Ont., have returned home after spending the past week the guest of the former's parents, Dr. and Mrs. McKay, at Gull Lake.

Mr. J. E. A. Fitzgerald, and party, from Peterborough, Ont., spent Labor Day week end at his cottage, Lake Ketchecum.

Mr. Floyd Curtis and party, from Peterborough, Ont., are spending a couple of weeks at "Winnetaska," Ketchecum Lake.

Mr. Thomas West and party, who were camping at Ketchecum Lake, have returned home to Cleveland, Ohio.

INFANTILE PARALYSIS

Many letters come to me from mothers whose children have developed Infantile Paralysis. With this disease, as with many others, prevention is much easier than cure. This trouble usually occurs with young children, and is due to an inflammation of a portion of the spinal cord. It apparently comes on suddenly, often with fever, and with a tendency of motor-paralysis and lack of control of groups of muscles, ending in contraction and permanent deformities.

The search continues for some organism which can be blamed for producing the disease. But the real cause will never be found except in the wrong habits of eating, faulty hygiene, etc., which produce a chronic acidosis in the child and prepares the soil for the development of an inflammatory process which locates in the anterior part of the spinal cord. As the child is, day after day, fed upon improper food combinations, his body is literally poisoned with toxic substances and when paralysis develops, it is only a more serious form of disease than if the poison is located in the tonsils, bronchial tubes, or in some of the muscles of the body. The spinal cord is really only an extension of the brain, and the brain, or spinal cord, cannot withstand a very strong inflammatory process, but will be weakened and scarred by the ordeal.

There is still a great deal of hope for the child who has already developed Infantile Paralysis. In many cases the muscles can be re-educated, through exercising and by taking different kinds of electrical treatment. The exercises given, should all be done with slow controlled movements. For example: If the arm is affected the child should be taught to play checkers with the hand. It is good training to simply move the checkers about on the board, trying to move them from one spot to the other, starting and stopping the movement until accuracy is developed. The leg muscles can be exercised by having the child stand on one foot, being partially supported by a chair. The affected foot should then be moved about, touching such places on the floor which may be marked off with chalk. The leg should be moved forward and backward, to the right—to the left, and also make a decided circle. The more intensely the child concentrates his mind upon these movements the quicker the will be able to develop control of the paralyzed muscles.

Even though the nerve centers in the spinal cord are completely destroyed, the child may still be able to develop excellent control through taking such exercises. A good bodily massage should be used each day and some such treatment as Chiropractic or Osteopathic treatment given. Any physician understanding Electro Therapy can treat the spine and affected muscles with good success by the use of the sinusoidal and galvanic currents.

If the child has already become paralyzed, take him to some physician who understands these methods of treatment, and do not wait for your child to get well by himself. If you have other children, the only way they can contract the disease is not by infection, but by practicing the same bad habits which produced the toxic condition in the paralyzed child. Such a poisoned state of the body is the only fundamental cause upon which any fever can be built.

ALBERTA FARMERS PAYING HIGH WAGES

Will Give $15 a Day For Hire of Man With Binder.

EDMONTON, Sept. 20. — (Canadian Press.)—Fifteen dollars per day for a man with a grain binder is being paid by farmers in some parts of Central Alberta where crops are still uncut. Harvest help is hard to get and much grain is being allowed to lie on the stubble, just as it is thrown out by the binder, until all the standing grain has been cut.

Though unresponsive, as a rule, to natural beauty, Napoleon showed a marked preference for violets.

WILL INSPIRED FAMOUS SONG

Charles Lounsbury's Last Testament An Interesting Document.

Those who have enjoyed the hearing of a piece of vocal music entitled, "When I Leave the World Behind" will be interested in the following document, which provided the inspiration for the song. It was written from a will left by Charles Lounsbury, a one-time successful lawyer who died some years ago in Cook County Asylum, Dunning, Illinois. He left a will which Justice Walter Lloyd Smith states is the most wonderful document he has ever seen, and which follows:

"I, Charles Lounsbury, being of sound mind and disposing memory do hereby make and publish this, my last will and testament, in order as justly as may be to distribute my interest in the world among succeeding men.

"That part of my interest which is known in law and recognized in the sheepbound volumes as my property, being inconsiderable and of no account, I make no disposal of this in my will.

"My right to live, being but a life estate, is not at my disposal, but these things excepted all else in the world, I now proceed to devise and bequeath:

"Item: I give to good fathers and mothers, in trust for their children, all good little words of praise and encouragement, and all quaint pet names and endearments, and I charge such parents to use them justly and generously, as the needs of their children may require.

"Item: I leave to children inclusively, but only for the term of their childhood, all and every, the flowers of the fields, and the blossoms of the woods, with the right to play among them freely according to the customs of children, warning them at the same time against thistles and thorns. And I devise to the children the banks of the brooks, and the golden sands beneath the waters thereof, and the odors of the willows that dip therein, and the white clouds that float high over the giant trees. And I leave the children the long, long days to be merry in, in a thousand ways, and the night and the moon, and the train of the Milky Way to wonder at, but subject nevertheless to the rights hereinafter given to lovers.

"Item: I devise to boys jointly all the useful idle fields and commons where ball may be played; all pleasant waters where one may swim; all snow-clad hills where one may coast, and all streams and ponds where one may fish, or where, when grim winter comes, one may skate; to have and to hold the same for the period of their boyhood. And all meadows with the clover blossoms and butterflies thereof, the woods and appurtenances, the squirrels and birds, and echoes and strange noises, and all distant places which may be visited, together with the adventures they found. And I give to said boys each his own place at the fireside at night, with all pictures that may be seen in the burning wood to enjoy without let or hindrance and without any encumbrance of care.

"Item: To lovers, I devise their imaginary world, with whatever they may need; as the stars of the sky, the red roses by the wall; the bloom of the hawthorn; the sweet strains of music, and aught else by which they may desire to figure out to each other the lastingness and beauty of their love.

"Item: To young men jointly, I devise and bequeath all boisterous, inspiring sports of rivalry, and I give to them the disdain of weakness and undaunted confidence in their own strength, though they are rude; I give them the power to make lasting friendships and of possessing companions, and to them exclusively I give all merry songs and brave choruses, to sing with lusty voices.

"Item: And to those who are no longer youths or children or lovers, I leave memory, and I bequeath to them the volumes of the poems of Burns and Shakespeare, and of other poets if there be others, to the end that they may live over the old days again, freely and fully without tithe or diminution.

"Item: To our loved ones with snowy crowns I bequeath the happiness of old age, the love and gratitude of their children until they fall asleep."

CHILDREN'S DRILL PLEASES VISITOR

Pictures Made of Training at Warsaw School—District News.

WARSAW, Sept. 20.—On Tuesday afternoon, when Mr. Currie was giving the school children their drill, as is quite usual, a car came up. The children were doing their exercises well. They obeyed their leader's orders, even as the big car stopped.

The visitor was the mechanical engineer of the Ansco Photographic Company of New York City. He took some pictures and commended the children on the merit of their physical drill and general discipline.

The United Church Ladies' Aid met on Tuesday afternoon at a specially called meeting, to make plans for the anniversary services which are to be held on Sunday, October 9, and for the fowl supper in connection with them. They also decided to join with Bethel, Zion, and Carmel in a circuit bazaar. Dr. Johnston, of Toronto, will preach the anniversary sermons.

The Baptist Church was quite well filled on Tuesday evening to hear Rev. J. Douglas Paterson of Peterborough on the Bible Society work. Mr. Paterson gave a very interesting and instructive talk. He had been on the mission field himself, and knows what assistance the Bible Society is. He got assistance from them that he could not well have done without and could get nowhere else; and it is the same with all missionaries. He spoke of the work of the Bible people in our own country.

He told of translating the Bible, or portions of it into nearly all languages and dialects, the latest being a translation for the Esquimeaux.

Several who have gone north for thimbleberries report little success.

Rev. H. B. and Mrs. Herrington attended Presbytery on Wednesday.

Willingdon to Spend Holiday in the West

WINNIPEG, Man., Sept. 20.—(Canadian Press).—His Excellency Lord Willingdon, Governor General of Canada, and Lady Willingdon, spent a brief half hour in this city yesterday on their way westward to Jasper Park where a holiday of eight days will be spent by the vice-regal party. The trip to the west is purely informal and no lengthy stops are planned.

Childhood's Lessons affect the whole life

Cuticura Shaving Stick 25c.

EXHIBITS POETRY.

NEW YORK, Sept. 20.—Greenwich Village has staged the first "exhibition" of poems in the history of art. Every poet with ten cents was invited to hang a poem in the gallery which was literally papered with contributions for those who would browse through it and read.

PLANES DISPLACE DOGS.

JUNEAU, Alaska, Sept. 20.—With airplanes coming into use all over Alaska for freight transportation, dogs are being used less and less on the trails. Consequently, there is an over-supply and hundreds of huskies, abandoned, have reverted to the wild state and are becoming the most dangerous kind of marauders.

RAYNOR ADMITS NO BOOKS KEPT

Acceptance Corporation Made Up First Financial Statement.

CAN'T EXPLAIN CHECKS.

TORONTO, September 20. Canadian Press. — Ralph Harry Raynor of Picton, is being examined before George S. Holmestead, referee at Osgoode Hall in an effort to untangle the transactions of his bankrupt automobile business.

H. S. White, counsel for the trustee, delved into Raynor's connections with A. B. Hyatt, who has a claim of $60,000 against the estate.

Under cross-examination Raynor admitted that he borrowed money from Hyatt in $10,000 and $15,000 lots, agreeing to pay a bonus of $2,000 per year, equal to an interest or 20 per cent.

"I never represented to anyone that I kept books," replied Raynor to a question as to how statements were made up by the bank.

Speaking about the acceptance corporation, he continued: "They knew from the start that I had not any books, for they made up the first statement themselves."

The difference in the figures in the statement given the bank, and those given the acceptance corporation, were explained as being merely a division of liabilities so as to make the amount jibe, said Raynor.

Raynor was unable to tell what certain checks had been issued for, and it was shown that A. D. Fornia was practically running the Picton business for Raynor, and could issue checks without Raynor's special authority.

The examination is being continued.

INSPECTOR TELLS OF CONFERENCE

C. S. Stapleton Reports on Discussions at Sanitary Inspectors' Meeting.

Sanitary Inspector C. S. Stapleton has just recently attended the 14th Annual Convention of Sanitary Inspectors of Canada held in Toronto City Hall, September 14, 15 and 16, upon which he reported this morning a meeting of the Board of Health.

At this meeting a Sanitary Inspectors' Association for Ontario was organized, in which Mr. Stapleton became a member. This body will hold its first conference next year in Hamilton.

Mr. Stapleton states that many instructive and useful lectures were given in the course of the convention regarding the proper treatment of milk, the question of pasteurizing versus registered herds being discussed. One point which came to the fore is that, in pasteurizing, the foam on the milk does not settle and thus cannot be heated to the same temperature as the rest of the milk. Another proposal is that, when milking the use of small-mouthed pails be adopted to prevent droppings from the surroundings finding their way into the pail.

In the question of sewage, it was found that cesspools were in absolute disfavor, while septic tanks are very popular and are permitted even after the city sewage system is brought to the district, in some instances.

The delegates were taken to the incinerator on a tour of inspection, and Mr. Stapleton says that the system is much akin to that in use here, at the present time, although the ashes are all used for filling in different parts of the city.

There were forty-eight registered delegates from all part of Ontario and the Western Provinces, attended the conference.

In speaking of his work here, in the city, Mr. Stapleton states that, with the assistance of Dr. Young, the Medical Health Officer, there has been much done to better the sanitary conditions of the city since he first undertook the task, some ten years ago. At that time there were fifteen hundred earth closets in the city, which has been reduced to less than half that number at the present time.

~his liver ~the organ that made him a quitter

—Sluggish liver is not a light matter. How many tragedies of home and business life can be traced to Auto-intoxication (self-poisoning), Biliousness and Constipation, so common in these days of haste and improper diet, especially where people work indoors!

To correct these ailments and restore the stomach, liver and intestines to healthy activity, take one or two of Dr. Norvall's Stomach and Tonic Tablets at bedtime. They will give you speedy relief and tone up the system in general.

Price 25 Cents for 60 doses. Ask your dealer and if he does not keep them in stock, write direct to us and we will mail them Postage Prepaid to any part of Canada at 25 Cents a bottle, 5 bottles for $1. Insist upon getting

HOUND RACING IS CENTRE OF CONTROVERSY

Opponents Say It Is Not Sport But Gambling Device.

DEPLORE SPREAD.

Some Citys Refuse Permits For Meets On Corporation Property.

LONDON, Sept. 20.—(United Press.)—The amazing sudden popularity of greyhound racing, in which greyhounds chase an electric hare, is causing a violent controversy as to whether it is sport or a mere excuse for gambling and therefore should be condemned. Race tracks are appearing magically all over the country and it is estimated that hundreds of thousands of people nightly attend the meetings at White City, in the heart of London. The supply of dogs is not equal to the demand, bookmakers are revelling in a new source of revenue and horse racing authorities are viewing the popularity of the new sport with the greatest of alarm. Football grounds have been converted into tracks and applications are being made to the administrative councils of all the big cities to lease land on which to build tracks.

These applications are being opposed by church workers and others who object to gambling associated with dog racing. The Salford Education committee sent a protest to the city council against the establishment of a track there, saying: "It is a direct encouragement of evils and the betting would have a disastrous influence on children." The Swansea corporation have forbidden the use of corporation grounds.

Sir Walter Gilbey denounced the new craze in unmeasured terms as nothing but an inducement to gamble. Others declare that the British are becoming nothing but a nation of gamblers. The popularity of the dog races is due to the economy with which the sport may be followed. Going to horse races costs the fan ten times as much.

It is estimated, too, that Chancellor of the Exchequer Winston Churchill is receiving £10,000 additional revenue a week as a result of the taxes on betting as an entertainment. Opponents of racing are saying that this is one of the reasons why the government does not frown on the sport.

Lord Lonsdale argued that the craze cannot last long, but the churches declare it will unless public opinion is mobilized against the current gambling fever.

GETS FIVE YEAR TERM.

GUELPH, Sept. 20 (Canadian Press).—Marquis L. Potter, 23, of West Garafaxa, was sentenced to five years in penitentiary today when he appeared before Mr. Justice Fisher on a charge of murdering the infant child of Miss A. Halliday last March. The plea of guilty of manslaughter was accepted by the Crown it being felt that under the peculiar circumstances of the case a conviction for murder was impossible.

IN MEMORIAM.

In memory of my dear wife and mother, Margaret Ann Deck, who passed away on Sept. 18th, 1920:
Few can know the silent heartache,
Only they who lose can tell
The deep grief we bear in silence
For the one we loved so well.

Canadian Bank Shares Are Held By Two Trusts

NEW YORK, Sept. 20 (Canadian Press)—The details of two Canadian investment trusts are made public here in the announcement of the formation of the Canadian Bank Stock Trust and in the offering of certificates in Canadian Bank Stocks Inc.

The United States Shares corporation announced the formation of the first of these organization, the Canadian Bank Stock Trust, one hundred shares of which will represent fifty-eight shares of stock in the following Banks of Canada: Bank of Montreal, Royal Bank of Canada, Canadian Bank of Commerce, Bank of Nova Scotia, Imperial Bank of Canada, Dominion Bank, Bank of Toronto, Standard Bank of Canada, and Banque Canadienne Nationale. The trust shares will be offered at $20.50 per share.

Arnold and Company and Ernst and Co. are offering at $25 a certificate to yield approximately 4.15 per cent, a new issue of Canadian Bank Stocks Inc., trust certificates. The certificates are secured by deposit with a New York trust company as trustee of eighty shares of stock of nine Canadian banks, the indeture also permitting investment in shares of a tenth institution.

Corn Prices Go Up But Wheat Declines

CHICAGO, Sept. 20. —(Canadian Press.)—Decided new upturns in the price of corn resulted early to-day from reports of frost west and northwest, especially in Iowa and South Dakota. Wheat values, however, averaged lower, influenced by southern hemisphere advices of rain. Opening 1¼ to 2¼ cents higher, corn subsequently showed additional gains. Wheat started unchanged to ¼ cent off, rallied a little, and then underwent material setbacks all around. Oats were firm. Provisions likewise tended upward.

Opening prices were: Wheat, September 136 5-8, December, 130 1-8. Corn, September 96, December 97⅞. Oats, September 45 7-8, December 48 3-8.

Toronto Trading Brisk; Unlisted Shares Strong

TORONTO, Sept. 20.— (Canadian Press.)—Business was brisk on the Toronto stock exchange to-day, but the volume of sales was not as large as it has been on recent markets. McColl Bros. an unlisted issue, was in the limelight with a gain of 3½ points to 48 in fairly heavy dealing. British American Oil was the market leader in point of activity, with nearly five thousand shares changing hands, the issue however, remaining unchanged at 29¾. International declined ½ at 66¼, Laura Secord was 7-8 higher at 44 7-8, and Massey Harris common was up ½ at 37, with the preferred gaining ¼ at 23.

The unlisted market furnished considerable strength Noranda was up ten at 24.60, Northern Bakeries gained ½ at 33½, Imperial Oil gained ½ at 54, and International Petroleum was up ¼ at 31.

Losses In Majority On Mining Exchange

TORONTO, September 20 (Canadian Press).—Business on the Standard Stock and Mining Exchange this morning showed some retraction after yesterday's record approaching three million shares. Heavy trading continued, however, with 1,400,000 shares changing hands this morning. The transactions were well distributed over both listed and unlisted stocks. Price changes were very few and mostly recessions. Amulet lost seven at 6.68, Barry Hollinger six at 70, and Argonaut Con. four at 44. Teck Hughes showed the largest gain, going up ten at 930, while Noranda made the same advance at 24.60. Corona firmed ⅝ to 18, and Grover Daly reached 20½, a net gain of 2½, and Howey Gold recorded the same gain at 99½. Wright Hargreaves eased 4 to 7.41, and Ribago, after opening at 39, went to 37½, a net gain of ¼ over yetserday's close.

New York Stocks Resume Their Rise

NEW YORK, September 20 (Canadian Press). — Buying orders poured into the stock market to-day as it became evident that the line of least resistance for the moment was upward. Operators for the rise derived much encouragement from the recuperative powers which the list displayed after the recent intervals of hectic selling and the absence of any developments in the business situation to justify further speculative liquidation.

Some concern was manifested for a while at the further stiffening in the rate for day to day monetary accommodations and the calling of some $15,000,000 in loans by the banks, but when vigorous pool operations began to break out in many new quarters, some of the early sellers began to buy back their stocks hurriedly.

ASSISTANCE SENT.

Salvage Steamer Gone To Aid of Kurdistan at Anticosti.

QUEBEC, Sept. 20. — (Canadian Press.)—The salvaging steamer Lord Strathcona left Quebec early this afternoon for the scene of the mishap to the steamer Kurdistan, which is aground on Anticosti Island.

WELL KNOWN B.C. MINE RESUMES FULL OPERATION

Long Adit to Ore Bodies Well Advanced.

At the Florence Mine one of the longest Adit Tunnels in the Province is well on towards its objective. This Tunnel is being run to cut the established ore bodies on No. 5 level at a vertical depth of 550' below the horizon of No. 5 level. Another few months will see the completion of this work.

Extensive mining equipment including a two-hundred-ton mill and an expensive power plant, which handicapped their operations, was installed some time ago. The Company, however, has contracted with the City of Nelson, at the exceedingly low rate of $22.00 a horsepower, for Hydro-Electric Power; and the installation of their own pole line to connect with the City's main transmission line is now being built.

The Company has produced over $1,000,000 worth of ore when lead was at a very low price ,and its activities have figured in the annual report of the Minister of Mines of the Province since 1915, from which date the property has either been operated by the Company or lessees.

This well-known mine is modestly capitalized at $600,000, divided into 3,000,000 shares at 20c par value, under the incorporated name of Kootenay-Florence Mining Company, Limited.

The names of the directors of the Company follow: President, A. G. Larson, Spokane, Washington; Vice-President, James O'Shea, K.C., Nelson; Secretary-Treasurer, David M. Owen, Nelson; Louis K. Larson, Nelson; Don. L. Robinson, Mapleton, Oregon.

Many Engineers have reported on the property, and all have been greatly impressed with its possibilities. Among those who recently reported are L. G .Larson, of Spokane, D. W. Shanks, of San Francisco, and H. C. Wilmot, of Pasadena, Calif. Mr. Shanks suggested a 200-ton mill, using much of the machinery of the present mill, which would net a profit of approximately $300,000 a year. The mine has cabin accommodation, complete mining equipment, such as compressors, tramways, ore cars, barges and docks, etc. Positive ore in sight is placed at 178,000 tons, and 232,000 tons of probable ore already developed. The possible tonnage not developed, in the opinion of the engineers, should exceed th combined tonnages mentioned. The mine has never suffered from lack of ore.

The active management is under the direction of Mr. H .C. Wilmot, who is busily opening up the ore bodies on No. 5 Tunnel level, and completing the main lateral prior to gettin the details of the mill tuned up for production. Rejuvenation of this famous property will bring into production another mine in the well-known silver-lead belt of the Kootenay . The process to be used will be that followed by the Sullivan Mining and the Consolidated Mining and Smelting Company, and it is expected that the product will be smelted at the Trail works of the Consolidated.

Kootenay-Florence has recently been listed on the Standard Stock Exchaneg of Toronto. A very strong Toronto financial house is believed to be sponsoring this issue.

OBITUARY.

ISRAEL DUBRUIEL.

Israel Dubruiel, of Gilbert, Minnesota, passed away very suddenly on Friday, September 16th. The deceased was seventy-five years of age and lived in Peterborough till about thirty years ago. He is survived by his wife, seven children, nineteen grandchildren, and three great-grandchildren. The deceased was a member of Court Littlejohn 92, C.O.F.

JOHN W. RIDGEWAY.

BROCKVILLE, Sept. 20.— (Canadian Press.)—John W. Ridegway, formerly city ticket agent for the Grand Trunk and Canadian National Railways, and active in municipal life, died this morning after along illness.

WILLIAM HOWARD CONNERS.

Early on Sunday afternoon there passed away the infant son of Mr. and Mrs. E. H. Conners at the residence 478 Mark street, Peterborough.

Left to mourn his loss are his sorrowing mother and father.

The funeral took place Monday afternoon at 2 p.m. to Little Lake cemetery. Rev. J. V. McNeely of Brdgenorth United church and Rev. A. E. Thornley, Mark street, officiated.

The funeral was attended by a large number of friends and the floral tributes were both numerous and beautiful.

BIRTH

SHIELD.—To Mr. and Mrs. James H. Shield, R.R. 3, Peterborough, at Nicholls Hospital, Friday, September 16th, a son (George Henry).

HON. P. C. LARKIN DENIES STORY OF MINISTER

Commissioner Says Statement of Dr. Moore Made Out of Whole Cloth.

WANTED A JOB.

Wished To Travel Through Britain Lecturing on Canadian Affairs.

TORONTO, September 21 (Canadian Press).—Hon. P. C. Larkin, Canadian High Commissioner in London, who is now on a visit to Canada, today made a statement in regard to the criticism of H. A. Moore of Halifax, N.S., of the attitude of High Commissioner in regard to British immigration to Canada. Mr. Moore stated that Mr. Larkin, in an interview with him in London, had said "The trouble was not to get people to come to Canada but to keep them out." The High Commissioner's statement is as follows:

"I noticed a statement made at the Synod by Dr. Moore of Halifax, who visited the London office and had an interview with me. His proposition was that he should travel throughout Great Britain and lecture on Canadian affairs, his expenses to be paid by the Canadian Government. In other words, he wanted a job. I told Dr. Moore that I had no authority, nor had I any money, to engage him for such work. That part of his tale is true, but what follows, I am sorry to say, is 'made out of whole cloth,' as the Hon. Mr. Forke will tell you. Unfortunately, in London we are troubled with dozens of applicants like Dr. Moore, who want to travel about the British Isles at the expense of the Canadian Government, and who get quite angry if we cannot employ them."

OTTAWA, September 21 (Canadian Press).—"A tissue of misrepresentations" was the statement of Hon. Robert Forke, Minister of Immigration and Colonization, of strong criticisms voiced at the General Synod of the Anglican Church yesterday at Kingston of the immigration policy of the Government. Hon. Mr. Forke expressed considerable surprise that such statements as were made by responsible officers of the Anglican Church should have been broadcast and said that he is preparing a statement for publication with regard to assertions made. With regard to one assertion that the Roman Catholic Church has placed priests at strategic points, the Minister said that was a matter over which the Government has no contact and if other religious bodies wish to follow and similarly shepherd their own adherents there is nothing to stop them.

CORNER STONE WILL BE LAID

Westwood Presbyterians One Step Nearer Church of Their Own.

CEREMONY ON THURSDAY.

On Thursday of this week, with the laying of the corner-stone of the new church, Westwood Presbyterians will be one stage nearer the possession of a home of their own.

The old church was taken into the union by a majority vote, and the minority has since worshipped in the English Church through the kindness and courtesy of the members of the Church of England in Westwood.

This summer saw the commencement of a new building, more commodious and up to date.

"We hope the day will be fine and a good turnout be present to view this important ceremony, the laying of the stone," says Mr. McCleary, the minister.

Rev. W. Hardy Andrews, son of the Rev. Francis Andrews, who ministered so long to Keene and Westwood, is coming from Toronto to perform the ceremony. The Rev. T. J. O'Conor Fenton, rector of the local Church of England, will speak, and the members of the Presbytery will be in attendance and assist in the ceremony, which begins at 2.30.

Walter McCleary, B.A., is pastor of the church.

Big Airship Ready For Cruise To India

SYDNEY, N.S.W., Sept. 21.—(United Press.)—Sir Keith Smith, Australian representative of Vickers, who has just returned from England, announced that the huge airship which his firm is building is now ready for its test flight, preparatory to hopping off for India. He added that it would probably attempt a flight to Australia early in 1929.

The plane has accommodation for a hundred passengers, has a cruising speed of 75 miles per hour and a flying range of 3,500 miles.

Hunters Rescued By Search Party

WINNIPEG, Man., Sept. 11.—(Canadian Press.)—The party of four Winnipeg duck hunters, headed by James D. Mackey, who had been missing since Sunday in the Marsh near Grand Beach, on Lake Winnipeg, have been rescued by a search party from Aiken Man. and taken to Selkirk.

All of the party were in perfect health having suffered little hardship from their forced stay in the woods. Anxiety had been felt for the men because of the severe wind and rain storm which swept that section of Lake Winnipeg over the week end marooning scores of city folk who had had spent the week end at Grand Beach.

LIGHT FROST IN SASKATCHEWAN

Weather Bureau Predicts a Change For the Better Throughout West.

APPLE CROP LESS.

WINNIPEG, Man., Sept. 21.—(Canadian Press.)—Although weather conditions are still unsettled in parts of Manitoba the weather bureau yesterday predicted a change for the better and in all possibility threshing will be general on Thursday. Some frosts have been reported at points in Saskatchewan. Vidora was the coldest point with the mercury at 19 degrees.

Threshing was fairly general though Manitoba yesterday. Light rain fell in some parts of Saskatchewan during the day. In Alberta conditions were more favorable, and in Medicine Hat and Lethbridge districts threshing is now in full swing. Operations are expected to be resumed Wednesday in the vicinity of Calgary and Edmonton.

Throughout the entire west the weather has been cold. Kindersley, Sask., registered 22. At Pierson, Man., the temperature stood at 30, and at Melfort, Sask., at 28.

The government weather bureau predicts fair and cool conditions for Manitoba last night and Wednesday, while slightly higher temperatures are promised for Saskatchewan and Alberta.

Shows Decrease.

OTTAWA, Ont. Sept. 21.— (Canadian Press.)—The Canadian commercial apple crop is now estimated by the Department of Agriculture at 92 per cent. with 2,740,800 barrels compared with 2,984,200 barrels last year and 82 per cent. of a five year average of 3,327,600 barrels. This makes the estimate approximately 243,000 barrels less than 1926 and 258,000 barrels less than the forecast of a month ago, the reduction being due to extensive aphid injury, hail damage and severe storms in the Eastern provinces and prolonged drought followed by hail damage in some sections in British Columbia.

The combined commercial pear crop of British Columbia and Ontario, indicates a yield 103 per cent. or 211,730 bushels compared with 205,210 last year. Ontario crop is estimated at 185 per cent or 114,320 bushels and British Columbia 97,400 bushels or 68 per cent of 1926. Quality is fair to good.

BRING LEVINE HOME.

Is Not the Diplomat That Lindbergh Was, Says New York Lawyer.

NEW YORK, Sept. 21 (Canadian Press).—In the opinion of Dudley Field Malone, a New York lawyer, Uncle Sam should send a battleship and bring Charles Levine home. "If he doesn't come back soon," said Malone, "we are likely to be drawn into another world war. He is not the diplomat Lindbergh was."

PRESBYTERY OF PETERBOROUGH HOLDS MEETING

St. Andrew's Church, Campbellford, Scene of Regular Gathering Yesterday.

STUDENTS CERTIFIED.

Presbyterial Young People's Society Formed—Two Fine Addresses Given.

CAMPBELLFORD, Sept. 21. — The Peterborough Presbytery of the Presbyterian Church in Canada met yesterday at St. Andrew's Presbyterian Church here. The Rev. James Grier, Campbellford, opened the morning session with devotional exercises. The Rev. D. A. Thomson, Hastings, as clerk of the Presbytery, assisted Mr. Grier.

The usual business of the Presbytery commenced with Mr. Grier's report on the home mission field and its augmentation. The needs of eight student mission fields were arranged for and grants passed for five pastoral charges. Grants from the Home Mission Board to two charges within the Presbytery were reduced, indicating that these two churches were approaching the point where they would be self-supporting. Four student ministers were certified back to colleges: Mr. Fowler of Warkworth, Walter McCleary of Keene and Westwood, W. J. Jones of Brighton and L. A. Burgess of Grafton.

A list of rules governing the payment of travelling expenses of members of Presbytery was considered. After some discussion, the matter was laid over till the December meeting. Six remittances were received from the General Assembly and committees appointed to deal with them and report at the next regular meeting. Two notices of ministers from other churches seeking admission to the Presbyterian Church were read. These were from the Southern Presbyterian Church, U.S.A., and the United Church of Canada.

The representatives from Westwood reported that they had raised six thousand dollars for their new church, which is to cost seven thousand dollars. The corner-stone ceremony is to take place at 2.30 to-morrow afternoon. The congregation of Warkworth and the combined congregations of Keene and Westwood were granted permission to retain their present very satisfactory student supplies, namely, Mr. Fowler and Mr. McCleary.

Travelling Sunday School.

In the afternoon the Rev. Dr. Kannawin, Toronto, spoke of the excellent work being done in normal schools by the Presbyterian students. He also described very vividly the work being accomplished by the Itinerant Sunday School in Northern Saskatchewan. This Sunday School is in the form of a motor van and is in charge of the Rev. J. A. Johnston and Mrs. Johnston. It is not difficult to conceive the splendid work which

(Turn to Page 7, Please)

300,000 SLAVES WILL BE FREED

Sierra Leone Council To Comply With British Practice.

MUCH INDIGNATION.

LONDON, Sept. 21 (United Press)—Slaves to the number of three hundred thousand will be set free in Sierra Leone Protectorate when the Legislative Council passes an ordinance freeing the slaves at the urgent request of the British Colonial office.

This legislation is the result of agitation following revelations of the existence of slavery in Sierra-Leone which caused much indignation here.

Offers $200,000 At Even On Dempsey With No Backers; Odds On Bout Shorten

CHICAGO, September 21. — Even money is quoted here on the Tunney-Dempsey fight. All the leading betting commissioners in Chicago are flooded with money to be placed on the former champion at these figures with no takers.

It has been estimated that $200,000 of Dempsey money is on hand and none of it is being covered.

A canvass of the various betting headquarters in New York also revealed that the price on the fight had dropped from 7 to 5 to 6 to 5, with every indication that the boxers would enter the ring even money or Tunney no better than a favourite at 10 to 9.

The bettin gmen are bewildered, according to Jack Doyle, who said that the Dempsey open letter attack had done much to make some of the Tunney men just a little hesitant. That letter, combined with the cut over Tunney's eye, is reported to have had much to do with the shortening of the odds.

Then again a flood of Dempsey money also is reported on the market, with little Tunney money to cover it. However, plenty of wagering was reported here, with the price dropping first to 6½ to 5, then to 6 to 5. Most of the wagers were small, but there was activity.

Famous Romney Is Brought By American Shows Passions And Infant Shakespeare

LONDON, September 21. — The famous Romney picture, "The Infant Shakespeare Attended by the Passions," will go to America on the Leviathan in the possession of Gabriel Wells, who bought it for an unnamed American collector.

The price is not announced.

The picture is one of the largest painted by Romney, measuring 55 by 80 inches. Nature, in the centre of the canvas, is represented with outstretched arms protecting her favourite child, Shakespeare, who is surrounded by figures representing Joy, Love, Hatred, Jealousy, Anger, Envy and Fear. Romney is supposed to have used Lady Hamilton as the model for the faces of Love and Joy.

It is believed that the picture is ultimately destined for an American museum.

Romney's painting of the infant Shakespeare, which he completed about 1788, is one of several score pictures in which the great English painter used Lady Emma Hamilton as the model. In one she is depicted as Comedy in "Shakespeare Nursed by Comedy and Tragedy," and in others she is Bacchante, Circe, Ariadne, Cassandra, Nature, and Joan of Arc.

Authorities place Romney as the third great artist of the English school, the honours for first and second places going to Reynolds and Gainsborough.

Gabriel Wells, who is reported to have bought the painting of the Infant Shakespeare, is a well-known purchaser of rare paintings manuscripts, and works of art. Recently he presented to the Library of Congress a copy of Homer's Iliad, printed in the original Greek by Bartolomeo di Libri in Florence in 1488, less than half a century after the discovery of printing.

Mr. Wells is the author of several books, and is considered an authority on rare editions and manuscripts.

MANY PLANES WINGING WAY IN AIR DERBY

Four Groups Are Scattered Across Continent Between Atlantic and Pacific.

FIFTH TO START.

Only Six Remain in Class 'B' in the Spokane Aeroplane Race.

CHICAGO, Sept. 21. — (Canadian Press.)—More than two score aeroplanes scattered from Atlantic to Pacific to-day were winging their way toward Spokane, Washington in four separate races while a fifth group tuned up for an afternoon non-stop flight from New York to Spokane.

Thirty planes competing in two trans-continental races were flying over the north-west, while eleven planes from San Francisco in two other races sped to meet them at Spokane, the ultimate goal of all.

Meanwhile in New York three entries, including the Royal Windsor, piloted by C A. 'Duke' Schiller, of Windsor, Ont., were set for to take off on their non-stop flight.

In the Class B group Leslie Miller, of Des Moines, and C. W. Meyers were practically flying neck and neck. Leading Class A group was E. E. Ballough, of Chicago.

Two classifications of planes in the New York-Spokane air derby had Spokane and the winners pot of gold as their goal to-day while a third group, non-stop race, waited the starter's signal at New York.

Planes in Class B and Class A were scattered over half a dozen States. Only six of the original 25 planes that left New York Monday in Class B, had reached Glendive, Montana, their scheduled second overnight stop, last night. The remainder of the field were at various points in North and South Dakota, Minnesota and Wisconsin.

Nine of fifteen planes that started in Class A yesterday were successful in completing their first day's schedule, which placed them in St. Paul overnight. They left early to-day.

THE WEATHER

The temperature last night was down to 36 degrees. In some cases it was noticed that the more tender plants were nipped. It may not be generally known that at times the temperature on the surface of the earth may be three or four degrees lower than five feet above the surface. September 21st is usually the first day of autumn; this year that event is postponed until the 23rd. The seasons fluctuate a little in opening, and closing from year to year, contrary to the general belief. The season when the trees of the forests will be ablaze with their variegated tints will soon be here. To me it is the most beautiful season of the year. Then comes the falling leaves, the blustering winds, the murky skies—as the poet says, "the saddest of the year."—W. P.

FOURTH SET OF TWINS.

LYNN, Mass., Sept. 21.—Longini Billicki, leather worker, believes he is the champion father of twins. Within the past nine years his wife, Agnes, has given birth to four sets of them. Three pairs are living, and healthy, but the third and fourth children, twin boys, died at birth.

MANY HAPPY RETURNS.

ALD. W. J. HANCOCK,
Whose Birthday This Is.

NEW OFFICES MADE READY

Men Are Employed Moving Furniture Into New Addition To Court House.

SUPPLIES VAULTS.

Men employed by the Office Specialties Company of Toronto are engaged in removing the furniture of three offices in the County Buildings—the Supreme Court Office, the County Court Office, the Surrogate Court Office, and the Registry Office—to the new premises in the addition at the north end of the County Buildings.

The Toronto company is supplying the vault filing cases and some of the equipment of the new offices.

George J. Sherry, clerk of the County Court and local registrar of the Supreme Court, will occupy the new office, and it is believed that County Crown Attorney G. W. Hatton, K.C., will also be installed in the new erection.

Disposition of the offices now being vacated awaits the decision of the County Council.

NO NEW CLUES OF FUGITIVES

Harlton and Martin Have Been at Large For Three Days.

SEARCH WIDESPREAD.

LONDON, Ont. Sept. 21.—(Canadian Press.)—For three days Edward Harlton and Frank Martion, escaped prisoners of Middlesex county jail, who both have murder accusations hanging over their heads, have been at liberty. Every possible clue has been traced down by the police of the province with no avail and now the latest report of the capture of Harlton at Simcoe proves incorrect. In all parts of Ontario the search for Harlton and Martion goes on, with posses of civilians formed in many districts to scout the country.

The police chase has been relentless and has stretched out to all border points and neighboring provinces.

CHILDREN'S AID SOCIETY HEARS GOOD REPORTS

Notified of County Grant and of a Bequest of $500.

GARDEN PRODUCTIVE.

Publicity Given at Exhibition Aids Work—Four Applications Received.

The first regular meeting for this season of the Board of Management of the Children's Aid Society was held in the City Council Chamber yesterday afternoon. In the absence of the president, Rev. Dr. Blagrave, the chair was taken by Mrs. W. H. Gibbs. Those present included: Mesdames Darcy, Knox, Fanning, Welsh, Hodgson, Wiggins, Oke, Alderman W. Stocker, J. Abraham, J. Edgar.

The minutes of the last regular meeting were read by the secretary, J. Edgar, and the report of the purchasing committee was given by Mrs. J. Fanning. Correspondence was also read by Mr. Edgar, including a notice that the yearly grant from the County Council would be $1000, to be paid at the end of the present year; also a letter from Messrs. Peck, Kerr and McElderry, recording the bequest in the will of the late Mrs. Mary Bickell of Lakefield, who died on June 4th of this year, of $500 to the Society, the same to be paid on the death of her husband, Ephraim Bickell.

Mr. Edgar reported that 4000 circulars had been distributed from the Childrens' Aid Tent at the Exhibition grounds, and four applications for children had been made there. Votes of thanks were passed to the directors of the exhibition for the free use of the ground on which the tent was placed; also to Messrs. J. J. Turner and Son, who provided the tent and erected it, also free of charge.

Discussion as to the advisability of purchasing a new typewriter for the Superintendent, Mr. Edgar, resulted in the appointment of a committee, composed of Messrs. Edgar and Abraham, to ascertain prices on same, and report back at the next meeting of the Board.

Alderman Stocker, who has charge of affairs at the Shelter, reported on the excellent condition of the garden there and the large quantity of produce garnered this year; also on the well being of the two pigs which are maintained at the Shelter, both of which are rapidly assuming the plump proportions which will enable them shortly to attract the butchers' attention.

Reports for the Summer Months.

Mr. Edgar reported for the month of June, as follows: Applications for children, 4; children returned to Shelter (not wards), 4; children placed on parole, 8; returned to parents, 1; complaints received and investigations made, 5; mail received, 26; mail sent out, 27; approximate mileage, 400 miles; wards placed out, 8; wards returned to Shelter, 2. There were six children at the Shelter at the end of the month of June.

For July: Applications, 9; children brought to the Shelter (not wards), 3; placed on parole, 1; returned to parents (not wards), 2, sent to the Industrial School, 2; complaints and investigations, 3; mail received, 37; sent out, 39; 565 miles covered; wards placed out, 7; returned to Shelter 6. Six children were at the Shelter at the end of the month.

For August: Applications, 6; returned to the Shelter (not wards) 1; returned to parents, 2; complaints and investigations, 3; mail received, 29; sent out, 50; mileage, 300 miles; wards placed out, 3; returned to Shelter, 1.

Accounts Passed.

The following accounts, totalling $163.52, were passed for payment: R. Denne, $2.50; V. Fisher, $7.19; Drs. Craig, Cameron and Crough, $2.00; Mr. Wiggins, $1.25; Peterborough Milk Products, Ltd., $9.09; Higgins Hardware, $6.75; Richard Hall, $2.37; Stanley Bogue, $1.80; Canadian Departmental Stores, Ltd., $10.48; Bell Telephone Co., $4.10; J. T. Braund, $13.60; F. H. Dawson, $5.10; Sanitary Ice Company, $4.00; Allen's Cash and Carry, $36.33; J. Edgar, $19.57; O. Johnston, $5.50; Singer Sewing Machine Company, $2.67; F. Drake, $4.50; Examiner Printing Company, $10.92; R. J. Soden, $5.00; Bell Telephone Co., $8.95.

Manitoba Mines Open In November

WINNIPEG Man., Sept. 21. — (Canadian Press.)— The mill of Central Manitoba Mines Ltd., will probably go into operation in November, according to Henry Taylor, director of the company and head of John Taylor and Sons, Ltd., of London, England. Mr. Taylor has returned from the Long Lake property by aeroplane.

Once the mill is running regularly, Mr Taylor said, it was the intention of the company to issue regular statements of the results, with such other statement as were necessary to keep the public properly informed of the development of this pioneer gold producer in the central field.

FAILED TO STOP; CYCLISTS FINED

Riders of Wheels Must Obey Stop Signs on Streets.

WARNING GIVEN.

Much to the amazement of three local bicyclists, they found themselves brought before Magistrate O. A. Langley in Police Court this morning, charged with failing to stop before entering or crossing a through street.

They all pleaded guilty and were fined $5 without costs.

The Act says that the operator or driver of every vehicle shall immediately, before entering or crossing a through street, come to a stop. A vehicle is also classed in the Act as anything drawn or propelled by any kind of power, including muscular power.

Chief Newhall said that many accidents had occurred lately because bicyclists thought they were privileged and did not have to obey the Traffic Act.

His Worship, in fining the boys each $5 without costs, said that this would be a warning for other boys, for the next offenders would get $10 and costs.

DOCTOR WANTS NAMES.

Wishes To Draw Up Schedule For Immunization of Children.

All parents wishing to have their children of pre-school age inoculated against diphtheria are asked to notify the teachers of the nearest public schools immediately. The school health officer, Dr. A. W. McPherson, is desirous of knowing the number of children to prepare for, in order that he can arrange a schedule, and would like to do this work next week. This schedule will be published on Friday.

Starts Great French War Memorial Where Bones of 400,000 Dead Will Lie

VERDUN, Septemebr 21. — At Douamont on Sunday Marshal Petain started the greatest monument of France to her war dead. Within its walls and below its shadow will rest the bones of 400,000 Franchmen who during 1916 and 1917 died to defend Verdun, the gate to France.

On the summit of a tower nearly 1,500 feet high will burn a flame of perpetual remembrance, which was lighted for the first time on Sunday evening by the Marshal himself.

A multitude of people from all over the country attended the ceremony. In France there is scarcely a family which does not count among its dead one of these of whose death and whose burial place there is no record.

The episode of the bayonet trench, in which an unknown number of men were buried alive, Marshal Petain said in his speech, "Is only one of the many such dramas which was repeated the whole length of the line."

It was at the price of these 400,000 that the Marshal made good his famous word of defiance to the German Crown Prince, "They shall not pass!"

"To their will, we opposed a stronger will," he said. "We met their scorn for losses with a willingness for sacrifice even more complete. This mausoleum which we here inaugurate may well be called the mausoleum of the heart of France. These men were no special breed. We who knew them, know how natural was their heroism, how firmly they remained attached to their human sentiments of family affection and love for their homes, the soil of their farms, their work, and their comrades."

BAD WEATHER THINS RANKS OF RACE ENTRANTS

Thirty Odd Planes of Forty Entered Left in the Race.

LEADERS CLOSE.

Pilot Royal Damages Plane While Attempting Landing at Chicago.

CHICAGO, (A.P.).—The elements frowned on the winged cross-country races yesterday and helped thin the ranks of contestants in the national air derby.

As evening fell, after a day of cold rains and stiff winds, only 30-odd planes of the 40 that left New York City were still on their way to Spokane.

Tragedy marred the start of the bigger class A ships yesterday, when a plane crashed at Long Valley, N.J., killing the pilot, R. E. Hudson of Marysville, Mich, and his mechanic, Jay Radike, of St. Clair, Mich.

The race then progressed without further incident until a plane, its gasoline supply exhausted from bucking head winds, attempted a landing in a street in the south part of Chicago. An ice wagon brought the plane to an abrupt halt and Pilot Louis F. Royal of Flint, Mich., and his passenger, Joseph Potten, climbed out uninjured. The plane was so damaged, however, that it could not continue the flight.

Nip and Tuck

A nip-and-tuck race developed between Pilots Leslie Miller of Des Moines and C. W. Meters of Detroit, leading the twenty remaining class B ships which left New York Monday. Although succeeding in landing first at Cleveland, Chicago and St. Paul, Miller was beaten into Fargo, N.D., by Meyers, who never was far behind.

The only woman in the derby, Mrs. Gladys O'Donnell, of Whittier, Calif., mother of two children, was forced down with her husband, Pilot James O'Donnell, on account of engine trouble, at Auburn, Ind. The O'Donnells, who were the last to leave Roosevelt Field, expected to resume their flight today.

Two other class A planes had difficulties, an hour and a half after taking off from Roosevelt Field. Emil Burgin returned to Curtiss Field, nearby with motor trouble, and Pilot R. S. Fogg announced on landing at Cleveland that he would not continue today unless the weather was better.

Four in Vanguard

E. E. Ballough of Chicago; O. W. Holman, St. Paul; N. B. Mamer, Spokane, and J. P. Wood, Wausau, Wis., were in the vanguard of the larger ships most of the day. St. Paul was their overnight stop, while Glendive, Mont., was set for the class B planes.

The severity of the weather put two of the smaller ships out of the race in Chicago and Pilot L. F. Hughes, who had spent the night in Cleveland, announced he would not continue the race. Engine trouble and the stiff winds influenced R. T. Quinby of Rock Island, and S. Darius, Chicago, not to continue from here.

Missing Monday, Tex Lagone, Kansas City, class B flier, reported yesterday from Ashland, Pa., that he was out of the race.

Miller at Glendive.

GLENDIVE, Mont., Sept. 21 (Canadian Press).—Leslie Miller, Des Moines, flying his Eaglerock aeroplane in the class B races of the Spokane air derby, landed here at 4.50 p.m. yesterday from Bismarck, N.D., to be followed one minute later by C. W. Myers, Detroit. Miller's flight number is 31 and Myers' 36.

Miller made the flight from Bismarck in 1 hour, 13 minutes, and Myers in 1 hour and 15 minutes. The flight was originally expected to take 1 hour and 45 minutes.

International Race

ROOSEVELT FIELD N.Y., Sept. 21 (A.P.).—An international aeroplane race between Canada and the United States, starting from here today and ending at Spokane, Wash., on Thursday was anticipated.

At least two planes "Duke" Schiller's Royal Windsor, from Windsor, Ont., and Eddie Stinson's Detroiter, were assured of starting in the race, which is to be a non-stop one for a first prize of $10,000 and a second prize of $5,000.

May Be Two More

There was a possibility late yesterday that two more competitors would fly in the cross-country grind, bringing the total up to four racers. Officials here were advised by telegram that Pilot Jack Rand, flying the monoplane Miss Southern California from San Diego, would arrive here late yesterday, in preparation for the start of the non-stop flight today. Edward Mulligan, motor expert for the Wright Aeronautical Company also received a telegram stating that Glenn J. Romkey, of Lomax, Ills. would compete. Romkey was reported to have left Lomax for Roosevelt Field yesterday afternoon.

NORTH SMITH SCHOOL FAIR BIG SUCCESS

School Section Number 6 From Smith Carries Off First in the Parade.

LARGE ENTRY.

Public Speaking Contest is Won By Daisy Wilson of S. S. No. 8.

The North Smith school fair was held yesterday afternoon on the school grounds of S.S. No. 7. It was one of the most successful fairs so far held this season. Six schools took part, S.S. No. 5, Harvey; S.S. No. 14, Douro; S.S. No. 6, Smith; S.S. No. 7; S.S. No. 8; S.S. No. 12, Smith.

The exhibits in the tent were very large there being from six to eight entries in nearly all the classes. Every school took part in the parade which was commented upon by J. B. Nelson, B.S., who is manager of the fairs in this county, and R. F. Downey the inspector for that district.

S.S. No. 7, parading twenty strong, under the able leadership of Miss Boyce, the teacher, carried off first prize in the parade and in the phyical exercises. Their marching was perfect, the physical drill excellent and Miss Boyce gave her orders in a clear and concise manner. Number 8, which was the largest school on parade, came a close second, they being scored one less point than No. 7 in physical exercises. In this school there were a number of little ones who went through their drill with a real vim. Frank Carroll, the teacher, had taught his scholars a greater variety of exercises than any of the other schools. Miss Haig and her pupils of S.S. No. 6 carried off third prize.

The public speaking contest was good but the judges scored the competitors for making too much of a recitation out of their speech. The subject matter for all the speeches was along the line of Confederation. First prize went to Daisy Wilson of S.S. No. 8, second to Roy Dunford of S.S. No. 14, Douro, and third to Myla Bogue of S. S. No. 6.

The singing contest showed that a great deal of training had been given to the contestants by the teachers. Myla Bogue carried off first prize when she sang, "When You Come To The End of A Perfect Day." Bernice Northey, the smallest of the six entrants, won second prize, and Rouy Dunford third.

The cup presented the school winning the most points in the judging competition was won by S.S. No. 7.

The prize list will be published to-morrow.

CAMPBELLFORD NEWS.

CAMPELLFORD, September 21. — Gerald Connor returned to Toronto yesterday to continue his course at the University, Faculty of Applied Science and Engineering.

The car from Alderville, which collided with the C. N. R. overhead railway bridge, was not removed until yesterday.

The charge of stealing a dog collar and a license tag, which was to be heard in the police court yesterday, was withdrawn by the Chief of police.

Mr. and Mrs. J. Ernest Birks and Mr. and Mrs. Fred Linton, motored to Coe Hill and vicinity yesterday. They will spend a few days vacation there.

Mr. and Mrs. William Douglas and Arnold Douglas Toronto, and Mr. and Mrs. Horton of New York city, who have been visiting Mr. H. R. Patterson, Booth street, returned to their homes yesterday.

Mr. T. B. Angrove, provincial inspector of factories, shops and office buildings, was in town yesterday on business. Mr. Angrove is on the staff of the Dep. ment of Labour, Parliament Buildings, Toronto.

Among the visiting clergymen at the Presbytery meeting were noticed D. A. Thomson, Hastings, W. H. V. Walker, Janetville; C. A. Lougheed, Havelock; H. D. Cameron, of Port Hope; George Aiken, Norwood, and John Riddle, Millbrook.

The False Alarm at the Regent, is one of the most thrilling, spectacular love dramas filmed. It is a Columbia picture starring Ralph Lewis as the fireman lover and hero of the story. He is supported by Mary Carr, Dorothy Rivier and a complete list of stars. The programme is well rounded out with the fourth chapter of the Fighting Marine, the most popular serial which the Regent has ever booked, and a comedy that is full of laughs and silent smiles and complete amusement.

Hit With Everything Except Kitchen Sink

NEW YORK, Sept. 21 (United Press).—Louis J. Saltzman appeared in Brooklyn Supreme Court yesterday to relate that May, his wife, had hit him with everything but the kitchen sink—literally.

"She beat me with a carpet-beater," he said.

"She beat me with a broom, a soup ladle and a lamp.

"She threw cups and saucers at me.

"She often beat me with her shoes and tore my trousers.

"Her favorite names for me were 'cad,' 'snake,' and 'louse.'

"Once she beat me for a solid hour. Another time she beat me for only half an hour.

"Finally I fled fro m the house."

MARMORA FAIR IS SUCCESSFUL

Two Thousand People Attended Grounds Yesterday—Entries Fewer.

PRIZE WINNERS.

Two thousand people attended the annual Fall Fair, held in the Exhibition Grounds at Marmora yesterday. While the entries in some of the classes, notably vegetables and fruit, were not so heavy as in former years, there was a better showing of flowers than that of many pervious years—a circumstance which is largely accounted for by the fact that this year's fair was set at an earlier date.

This year found the fair under the leadership of a new president, T. E. Laycock.

Chief among the establishments on the grounds for the satisfying of the clamor of the inner man, was the booth of Marmora Women's Institute, the proceeds of which were in aid of Marmora Public Library.

A much larger proportion than usual of the Midway was taken up by travelling salesmen representing Toronto firms.

The officials of the day were:

Superintendents

Horses—Chas. Jones, Richard Moloney.
Cattle, Sheep and Swine—L. P. Hughes, Charles Airhart.
Poultry—Robt. Nayler, Wm. Pack.
Vegetables, Grain and Fruit—Stuart Lough, R. E. Bonter, Chas. Shannon.
Dairy—Wm. Linn.
Flowers—Mrs. A. H. Connor, Mrs. F. N. Marett.
Domestic Science—Mrs. D. E Bell, Mrs. Hugh Crawford, Mrs. F. R. Wells.
Ladies' Work and Fine Arts—Mrs Dan Shannon, Mrs. J. P. Marrin, Mrs. A. H. Crawford, Mrs. E. Deacon.
Children's Work—Mrs. Jas. E. Bailey, Mrs. G. B. Robson.

Chairmen of Committees

Membership Committee—G. B. Airhart.
Grounds and Buildings—A. H. Connor.
Gate and Finance—J. P. Marrin.
Midway and Concert—H. W. Sabine.
Race and Race Track—F. S. Johnston.
Sports—Dan. Shannon.
Donations—C. A. Bleecker.

Judges

1—G. A. Hart, Campbellford.
2—R. I. Fallis, Millbrook.
3—H. T. Lush, Peterborough.
4—F. Mossman, Belleville.
5—C. Linn, Stirling and W. H. Bailey, Madoc.
6—Mrs. E. J. Moore, Belleville.
7—Mrs. E. J. Moore, Belleville
8—Mrs. Belford, Brighton.
9—Mr. J. Collins, Miss E. Inkster, Miss M. Kennedy, Marmora.

In the evening, after the fair was over, a concert was held in the Town Hall.

The fair at Colborne attracted some exhibits which otherwise would have appeared at Marmora, while a number of competitors who have often showed at Marmora took their stock to Bowmanville.

The poultry on view, said the judge, T. Lush of Peterborough, was good in quality, although the number of entries was not all that might be desired.

The pumpkins on view were exceptionally large, and reflect great credit on the exhibitors.

Marmora Community Band attended in the afternoon and played a number of selections.

77,7771 DIEDI IN A.E.F.

WASHINGTON, Sept. 21.—A check of latest official records shows that there were 77,771 deaths in the American Expeditionary Force, including those on transports. Of this number, 46,284 bodies have been returned to the United States. Nearly all the remainder are buried in France.

DISAPPROVE OF PRAYER BOOK

Changes Condemned By Evangelical Moderator of Free Churches.

IS NOT DENIED.

LONDON, September 21 (Canadian Press Service).—"We have no vested interest in the Anglican Church troubles and disabilities, but on the contrary, we pray for our own peace," said Rev. Dr. Patrick Carnegie Simpson, professor of church history, Westminster (theological) College, Cambridge University, when re-elected moderator of the Federal Council of the Evangelical Free Churches.

Alluding to the proposed new Prayer Book of the Church of England, Dr. Simpson said:

"We disapprove of the changes, and especially do we disapprove, deeply and gravely, on the subject of the reservation of the sacrament. It is full not only of danger, but of error, but we cannot say that the proposals, with their carefully guarded permission, make a denial of the reformed doctrine, or such a denial as would demand uncompromising opposition.

Leading Whither?

"Many Free Churches will disagree with me here, but the great question is to what will all this lead? Are the concessions made in this Prayer Book to be final? Can we get definite assurance, if the book is passed by Parliament, that the new order will be faithfully kept and its limits effectively maintained? If not, then the bishops should not present the book to parliament, and parliament should ask for such assurances before it says, 'Yes' to the new book."

TRENT RIVER WINS PRIZE IN FIRST AID

School Also Makes Good Showing in School Fair Parade.

TRENT RIVER, Sept. 21.—The pupils of School Section No. 14, under training of their teacher, Miss M. Bonter, made a splendid showing when lined up for marching at the rural school fair held at Campbellford Centre, Friday. Their colors were red and white, each wearing a red sash with S.S. No. 10 in white placed on each band. A large white and red banner with the number of the school was carried by the Misses Agnes Wight and Alice Garneau. Four red streamers were attached to the banner and were carried by Helen Brown, Betty Ormiston, Jim Inkster and Herbie Rusau.

This school carried off first honors for first aid work, with Miss Agnes Wight dressed as red cross nurse and Margaret Brown acting as patient.

The yacht, "Mouse", from Pittsburgh, Pa., made her return trip through here early Monday morning en route down the canal.

The meeting of the ratepayers of School Section No. 10, which was called for Saturday morning at the school house was not well attended. An assistant teacher will be secured soon and a partition made in the school room to separate the junior classes from the more advanced pupils.

UNVEIL MONUMENT.

Great War Memorial Will Be Unveiled By Alderville on Sunday.

ROSENEATH, Sept. 21.—On Sunday, September 25th, a very important and interesting event will take place on the Alnwick Reservation at Alderville when the unveiling of the Great War Memorial will be held.

Many speakers will be present and a fine day is hoped for that a large gathering may be present at this service.

OBITUARY

MRS. L. G. FORBERT.

Elizabeth Marjorie Jane Carney, widow of the late Louis G. Forbert, died yesterday at noon at her home in Chemong Park.

The funeral will take place on Thursday morning, leaving Chemong at nine o'clock, to St. Mary's Church, Young's Point, and thence to St. Mary's cemetery at Young's Point.

THE COSMOS RINK COMPANY ARE HOLDING AN INVITATION DANCE IN THE ARMOURIES, AT MILLBROOK, ON FRIDAY EVENING, SEPTEMBER 23, 1927, AT 9 O'CLOCK. 2d-69-2637

CIGAR MAKERS AND CONSUMERS WANT DUTY CUT

Grievances Presented To Advisory Tariff Board at Ottawa.

BOTH PENALIZED.

Reduction in Excise Taxation On Cigars Also Asked.

OTTAWA, Sept. 21.—A grievance of cigar manufacturers and consumers alike was presented yesterday to the tariff board by representatives of eight Canadian cigar factories. They seek relief in lower duties on their raw products and also in excise taxation.

The case is one of those in which the tariff board is supposed to advise the Government, although the outcome of such advice will be known only in the next budget speech.

A 40-page brief was submitted to the board. It set forth that both the manufacturers and consumers are penalized under conditions as they now exist.

Cut In Duty.

The duty on tobacco leaf, unstemmed and stemmed, is now 40 and 60 cents a pound, and it is proposed that this be cut respectively to 28 and 42 cents.

Another proposal was that the excise on cigars be cut from $3 to $1 per thousand, while a third was that the graded revenue supertax be scaled down materially.

Consumption Lower.

In support of the application it was urged that since the war tax was imposed, the consumption of cigars has decreased 42 per cent., and that where there were 253 factories in 1913 there are now 106. Cigar consumption per capita is only a quarter of what it is in the States. Another contention was that the taxes were imposed as war measures and that no reason exists for their continuance.

P. J. A. Seguin, M.P., representing growers of L'Assomption, Montcalm and Yamouski, opposed the application for a lowered duty.

When Your Stomach Groans With Gas

Make This Test At Once

If you really want quick and lasting freedom from the usual annoyance of after-eating distress—try this NEVER FAILING test today!

At trifling cost, get from your druggist a little Bisurated Magnesia—either powder or tablets—and take after your next meal. This simple pleasant test can be depended upon to prove its value in less than five minutes. In most cases relief comes instantly.

Bisurated Magnesia is a harmless, non-laxative form of old fashioned Magnesia that, when taken after meals, sweetens and neutralizes the dangerous acids that cause most stomach ailments. Ask your druggist for Bisurated Magnesia—and start the test today!

FIVE AIRPLANES ENTER BIG RACE

Three Now at New York Awaiting Arrival of the Others.

NEW YORK, September 21. Canadian Press. — Five planes were entered in the 2300 mile non stop flight from New York to Spokane, arranged as the grand finale to the National air derby to-day. Three planes were at Roosevelt Field, where forty planes hopped off in the last two days in two flights calling for halts along the transcontinental route, and two others were awaited before the starter dropped his red flag to send the quintette into the west at 2.00 o'clock, eastern standard time this afternoon.

Eddie Stinson, Detroit airplane manufacturer, C. S. "Duke" Schiller, Windsor, Ontario, and Steve Lacey, Hinckley, Ill., waited to be joined by Jack Rand, flying the plane, Miss Southern California, who hopped off from Salt Lake City yesterday, to reach here in time for the start, and Glenn Romkey, Illinois.

The flight glory and prizes of ten thousand and five thousand dollars, were offered the winners of the event.

PACE GROWING HOT.

Instead of abating, the bargain speed of Meredith's men's clothing sale is growing swifter under the iron hand of the merchandise adjuster.

Only three days now remain in which adjuster holds command and he has made public the announcement that prices shall crumble and fall as never before. This should be sufficient information for the men of Peterborough and district to come in crowds to get a slice of the great savings melon the adjuster promises to cut in the next three days at Meredith's Store for Men, at 369 George street. 1d.

OLD MASTERS

There in the fane a beauteous creature stands,
The first best work of the Creator's hands,
Whose slender limbs inadequately bear
A full-orbed bosom and a weight of care;
Whose teeth like pearls, whose lips like cherries, show,
And fawn-like eyes still tremble as they glow.
—From the Sanskrit of Calidasa: Woman.

Fishing Still Good In Marmora District

MARMORA, Sept. 21.—Fishing luck is still attending the Marmora guides, T. McQuaig and R. Nayler. On a trip up Beaver Creek this week end with H. J. Scott and his two nephews, C. E. and R. E. Scott, visitors from Cleveland, Ohio, eight lunge varying in weight from three pounds to twelve pounds were hooked.

LEGION MEMBERS GO TO ALDERVILLE

Will Attend Unveiling of Monument on Indian Reserve.

CAMPBELLFORD, September 21. —The local branch of the Canadian Legion met in their room at the Armouries yesterday evening. There was one new application presented, S. J. Lambert, sponsored and seconded by H. Cubitt and H. Smith. It was decided to ask permission to have a booth on the Agricultural Grounds during the Campbellford Fair. Comrade Free proposed the affair, and after being seconded by J. Jones, the motion was passed by a unanimous vote. The president, Major J. M. Bygott, was appointed to interview A. C. Connor & Sons regarding lumber, and Comrade Flint was put in charge of construction, etc. The motion placing Morgan, Shand, Patrick, and Claverly on the Booth Committee carried.

President Bygott then asked for any members who were sick or unemployed and receiving no response, continued with the business of the meeting, the unveiling of the Alderville memorial. A motion placing George Free, C. Long, H. Smith, and Pat Morgan on the transportation committee passed. The firing party will hold a short drill at 8 o'clock on Saturday evening in preparation for the ceremony.

The next meeting of the Legion will be held on Tuesday, September 27, at 8 o'clock in the Armouries.

In connection with the Alderville ceremony, any townsman who is willing to take Legionaires to Alderville is requested to give his name to a member of Transportation Committee or to Major J. M. Bygott. This will obviate any misunderstanding such as occurred in connection with the trip to Brighton. Cars will leave the Armouries at 12.30 . The ceremony is at 2.30.

MISS MACKENZIE WINS.

Advances To Second Round of U. S. Women's Open Championship.

GARDEN CITY, N. Y., Sept. 20: Canadian Press. — Miss Ada Mackenzie, Toronto, Canadian Women's Open and Colsed Champion, advanced to the second round of the United States' Women's Open Golf Championship Tourname.t here to-day, when she decisively defeated Mrs. E. H. Fitler, Philadelphia, seven up and five to play.

The distinction of being the first married woman to join the survivors of the first round went to Mrs. W. G. Fraser of the Royal Ottawa Club, who as Miss Alexa Stirling won the title three times. Mrs. Fraser defeated Mrs. Jackson, Greenwich, Conn., a former champion, six up and five to play.

SPOTTON'S MARGIN.

Official Figures For By-Election in North Huron Are Given Out.

GODERICH, Sept. 20 (Canadian Press). — Official figures for the North Huron by-election on September 12, as given out by the returning officer today, are: Spotton 4,595, Hislop 4,407, Bricker 2,673. Spotton's official majority was 188.

ROB C.P.R. STATION.

TEMISKAMING, Sept. 20.—(Canadian Press.)—Firing four shots into the floor to emphasize their demands a pair of hold-up men last night compelled R. Surtees assistant Canadian Pacific railway station agent here, to open the safe and hand them six hundred dollars which it contained and then disappeared into the bush.

ONE BUG—21 FISH.

ROUND LAKE, N.Y., Sept. 21.—Most fishermen would be greatly chagrined to find themselves above a school of hungry perch with only one bug to use for bait. That was what happened to Clifford Gleeson of Round Lake. Baiting his hook with the last bug, he caught a perch, cleaned it at once, extracted the fly from its stomach and baited his hook again. He caught 20 more fish with the same piece of bait.

WEDDING BELLS.

PARLIAMENT—ROSEBOROUGH

LAKEFIELD, Sept. 21.—A quiet wedding took place on Saturday afternoon at the Baptist parsonage when Rev. William Spencer united in marriage Mrs. Marion Roseborough of Lakefield to Mr. Bertram Parliament of Little Britain. The bride wore Gobelin blue satin-faced crepe with hat to match with grey hose and gloves and black satin shoes. They were unattended.

Immediately after the ceremony Mr. and Mrs. Parliament left for Toronto where they will spend their honeymoon, the bride travelling in a brown needle point coat trimmed with beaver and also wearing a peach coloured hand-painted scarf.

On their return they will reside in Little Britain.

OBITUARY.

CHARLES ALBERT FROATS.

MARMORA, Sept. 21.—The funeral of the late Charles Albert Froats took place on Monday afternoon, service at the United church being conducted by the pastor, Rev. C. J. Beckley. The pall-bearers were: J. D. Dale, F. Lee W. A. Sanderson, G. Steenburgh, G. Aunger and G. McGinnis.

Beautiful floral emblems from members of the family and other relatives lined the casket.

BABY NEIL.

BETHANY, Sept. 21.—The death occurred on Tuesday, September 13 of the infant son of Mr. and Mrs Clarence Neil. Interment was in St. Mary's cemetery. Rev. A. Poulter, pastor of the United church, conducted the service.

DISTRICT CHURCHES

CAVAN UNITED CHURCH.

CAVAN, Sept. 21.—On Sunday evening, the Rev. J. O. Totten delivered an excellent sermon on the topic "Unrealized Aims and Ideals", taking as the basis "David's great desire to build a temple for God." He was denied this privilege but because he had this great desire in his heart God counted it as though he had accomplished his desire.

Beginning the first Sunday in October, Cavan and Cavan Centre Sunday schools will again meet in the afternoon. During the summer months they have been meeting in the morning. Evening service is held at 7 o'clock.

The first Sunday in October the communion service will be held in Cavan United Church in the evening.

RURAL SCHOOL FAIRS

AT OMEMEE

OMEMEE, Sept. 21.—The annual rural school Fair held at Omemee on Friday in the Athletic Park eclipsed all previous records in attendance. The weather was exceptionally fine and the fact that the seven schools in the district all participated this year in the event probably accounted for the unusually large gathering.

Promptly at one o'clock the pupils of the schools lined up in the centre of the village and paraded to the park, led by their teachers. Each school displayed a pretty banner and the pupils were attired in gay costumes, with bright sashes and tissue paper hats or crowns. Each, in turn, was heard in its school yell followed by a song and physical culture exercises.

Owing to the very short time elapsing since the re-opening of school after the holidays, a new teacher has very little opportunity for this training. However, the teachers and pupils must have put forth every effort as all made a splendid showing. No. 11, Emily, Mr. Patrick, teacher, was awarded first prize. No. 8, Emily, Miss Marion Rea, teacher, came second, and No. 10, Emily, Miss Parker, teacher, was third.

Following this came the public speaking contest. There were five participants: four in the Junior and one in the Senior. Helen McNevin, who spoke on the "Resources of Canada," was the first speaker, and while she did not receive first prize, she is worthy of great commendation, not only for her speech, but for her delivery. Marjorie Ruth came next with a splendid oration on "A Few of Our Canadian Trees." "Sir John A. MacDonald and Confederation" was the subject chosen by Olive Reeds, who spoke clearly and with great emphasis. Irene Fee was the fourth speaker and told, "The Story of the Union Jack." Sam Carew, the only entrant in the Senior Competition gave a very clever speech on "The Union Jack," and was highly commended by the speakers who followed.

Mr. Winter, the agricultural representative of Lindsay, spoke a few words of appreciation to all who had in any way contributed to the success of the Fair, as well as to the O.A.A. for the loan of the park, and also expressed the hope that the various exhibits in the large tent were the work of the children alone.

Short speeches were given by F. G. Sandy, M.P.P., and Inspector R. F. Downey, of Peterborough.

The winners of the oratorical contest were announced as follows: Olive Reeds (1), Helen McNevin (2), Marjorie Ruth (3), and Irene Fee (4).

A special trophy donated by F. G. Sandy, M.P.P. will be awarded the winner of the County in the Senior Championship Public Speaking Contest, while W. Newman, M.P.P. has donated a trophy to the Junior champion.

The T. Eaton Company is giving away 500 silver cups, seven inches in height, with suitable engraving. To the pupil having the highest number of points at each school fair this fall one of these handsome trophies is awarded.

In a large tent the various farm products were exhibited, also the flowers and baking, etc. The specimens of apples, potatoes and other garden produce were of good quality. The flowers, too, were much to be admired, and loud were the praises of the many who viewed the host of exhibits.

The poultry and live stock were exhibited north of the tent, and included several fine specimens of fowl, sheep and calves.

A good program of races was run off Miss Bowes of No. 9, Ops, being the winner of the teachers' race and Mr. Harold McConnell capturing the prize in the Trustees' race.

A refreshment booth on the grounds did a flourishing business in ice cream, chocolate bars, etc.

The following is a list of the awards, the names being in order of merit:

Oats, O.A.C. No. 144, 1 quart: Lawrence McConnell, Samuel Carew.

Oats, O.A.C. No. 144, 1 sheaf, Milton Lowes, Samuel Carew.

Barley, O.A.C. No. 21, 1 quart, Laura McConnell.

Barley, 1 sheaf: Laura McConnell.

Corn: Hiram Finley, Marjorie Ruth, Dick Skuce, Fairbairn Magee, Thomas Lowes, Alice Casey.

Potatoes, Dooley: Dorothy Sherin, Stanley McColl, Vina Fife, Clifford Boate, Ronald Pogue.

Potatoes, Irish Cobbler: Melville Bannan, William Chatten, Bruce Pogue, Wallace Lowes, Ross McConnell, Lewers Deyell.

Mangels: Ruth Fairfield, Gordon Fee, Clemet Reeds.

Turnips: Cora James, Norman McQuade.

Beets: Jane McConnell, Olive Graham, Irene Fairfield, Norman Thorne, Mary Bannan, Gladys Chatten.

Carrots: Gladys Smith, Gladys Chatten, Ophal James, Leslie Acreman, Gladys Rice, George Engle.

Parsnips: Gladys Rice, Lorna Reeds.

Onions: Phyllis Ackerman, George Ingram, Cora Magee, Ruby McConnell, Helen McNevin, Hazel Wilson.

Cabbage: Gladys Smith, Helen Parker, Bruce Pogue, William Chatten, Fairbairn Magee, Ila Irwin.

Pumpkin: Lawrence McConnell, Pogue, Helen McNevin, Ruth Fairfield, Huber Reeds, Marjorie Ruth.

Living room bouquet, asters: Earl Magee, Fairbairn Magee, Gladys Wilson, Melville Bannan, Olive Graham, Vina Fife.

Living room bouquet, zinnias: Dorothy Sherin, Cora Magee, Gracie Carew, Ila Irwin, Ila James, Ross McConnell.

Living room bouquet, calendulas: Freda Magee, Janet Fee, Edna Graham, Bessie Fee, Cora James, Lorna Reeds.

Dining table bouquet, sweet peas: Hazel Wilson, Ruby McConnell, Marjorie Ruth, Vina Fife, Gordon Fee, Olive Reeds.

Dining table bouquet, pinks: Alta Magee, Harrietta Fee, Boyd Windrim, Dick Skuce, Karl Atwell, Hazel Wilson.

Living room bouquet from home garden: Gertrude McNevin, Nellie Casey, Lorna Reeds, Hiram Finley, Helen Parker, Gladys Wilson.

Wealthy apples: Gladys Rice, Arthur Boate, Ronald Pogue, Ora Irwin, Helen McNevin, Islay Irwin.

Snow or McIntosh, red: Lewers Deyell, Marjorie Ruth, Ronald Pogue.

Alexander or Wolf River: Gordon Fee, Ronald Pogue, Hubert Reeds, Howard Thorn, Edith Reeds, Gwendolyn Fee.

Any variety, fall apple: Stanley McColl, Norman McQuade, Ethel Thorn, Edith Reeds, Clemet Reeds, Ronald Pogue.

Any variety winter apple: Mary Jones, Dorothy Sherin, Edith Reeds, Norman McQuade, Ila Irwin, Howard Thorn.

15 or more noxious weeds: Marjorie Ruth, Hiram Finley.

Collection of noxious weed seeds: Bruce Pogue, Marjorie Ruth, Louise Bray, Hiram Finley.

Collection of clovers and grasses: Marjorie Ruth.

Collection of leaves of trees: Marjorie Ruth, Louise Bray, Hiram Finley, Fairbairn Magee.

Bread board Fairbairn Magee, Clement Reeds, Ronald Pogue, Earl Magee.

Book ends Fairbairn Magee, Earl Magee, Clement Reeds.

Model of aeroplane Samuel Carew.

Feeding hopper, Bruce Pogue.

Wooden picture frame: Bruce Pogue, Earl Magee.

Hemstitched towel: Marjorie Ruth, Ila Irwin, Edith Reeds.

Six-inch top, sewing: Edna Bulbeck, Harrietta Fee, Marjorie Ruth, Ila Irwin.

Work bag: Olive Reeds, Louise Bray, Edith Reeds, Dorothy Rea, Marjorie Ruth.

Four-inch crochet insertion: Gladys Smith, Marjorie Ruth.

Hole, darned: Gladys Smith, Dorothy Sherin, Marjorie Ruth, Ila Irwin, Ruby McConnell.

Bread: Bessie Fee, Louise Bray, Nellie Casey, Laura McConnell, Helen McNevin.

Cookies: Ila Irwin, Dorothy Rea, Marjorie Ruth, Edith Reeds, Laura McConnell, Mary Barman.

Apple pie: Helen McNevin, Ila Irwin, Hazel Wilson, Louise Bray, May Fee, Gladys Smith.

White cake with icing: Olive Boate, Dorothy Rea, Dora Bulbeck, Louise Bray, Irene Fee, Bessie Fee.

Pickled whole beets: Norman Thorne, Hiram Finley, Grace Carew, Marjorie Ruth, Olive Reeds, Ila Irwin.

Maple cream candy: Fairbairn Magee, Dorothy Sherin, Gwendolyn Fee, Gladys Chatten, Louise Bray, Olive Reeds.

Cockerel: Edith Reeds, Donald McNevin, Ronald Pogue, Gladys Chatten, Hazel Wilson, Bruce Pogue.

Pullet: Bruce Pogue, Lorraine McCorrell, Donald McNevin, Edith Reeds, Melville Bannan, Ronald Pogue.

One cockerel, 2 pullets: Edith Reeds, Bruce Pogue, Lorraine McCarrell, Lorna Reeds, Donald McNevin, Gladys Chatten.

Pair of white leghorn or minorca hens: Melville Bannan, Patricia McCarrell, Ronald Pogue, Freda Magee, Gertrude McNevin.

Pair of white wyandotte, Rhode Island Red or rock hens: Fairbairn Magee, Nelson Atwell, Norman McQuade, Gladys Chatten, Edith Reeds, Freda Magee.

Brown-shelled eggs: Dorothy Rea, Ila Irwin, Fairbairn Magee, Gladys Smith, Marjorie Ruth, Alta Magee.

White shelled eggs: Janet Fee, Dorothy Sherin, Patricia McCarrell, Annie Fee, Stanley McColl, Dorothy Rea.

Beef calf: George Bullen, Nelson Atwell, Ronald Pogue.

Heifer calf, dairy breed: Fairbairn Magee, Ronald Pogue.

Ewe lamb, short wool: Donald McNevin, Hazel Wilson.

Ewe lamb, long wool: Bruce Fairfield, Ronald Pogue.

Writing, The Cradle Song: Jake McColl.

Writing, Winter Jewels: Clement Reeds.

Writing, The English and The Sea: Marjorie Ruth, Dorothy Rea, Nellie Casey, Grace Carew, Vina Fife, Jane McConnell.

Writing, England: Gladys Smith, Samuel Carew, Dorothy Sherin, Olive Reeds.

Art work: Dorothy Sherin, Olive Reeds, Marjorie Ruth, Lawrence McConnell.

Crayon work: Jane McConnell, Mary Jones.

Map: Samuel Carew, Lawrence McConnell, Louise Bray, Grace Carew, Nellie Casey.

Public speaking contest, 11 years and under: Olive Reeds, Helen McNevin, Marjorie Ruth, Irene Fee.

Public speaking contest, 12 years or over: Samuel Carew.

Driving contest, girls: Helen McNevin.

Riding contest, boys: Bruce Pogue, Ronald Pogue.

Weed naming contest: Freda Magee, Samuel Carew, Laura McConnell, Marjorie Ruth, Louise Bray, Lawrence McConnell.

Stock naming contest: Samuel Carew, Grace Carew, Laura McConnell, Lawrence McConnell, Hiram Finley, William Chatten.

Buttonhole making for girls: Gladys Smith, Harrietta Fee, Ruby McConnell, Ila Irwin.

Sp. on Calendula: Donald McNevin.

MAIL ORDERS ARE BEING ACCEPTED

Rush To Obtain Seats For Edward Johnson Concert is Phenomenal.

Mail orders for the Edward Johnson Concert to be given under Kiwanis Club auspices on September 29, are being rapidly filed and there are indications that the Grand Opera House may not hold all who wish to hear the world's greatest tenor.

For the convenience of those who wish to make certain of having seats, the following information is given:

Requests for seats should be sent to the Grand Opera House, with price enclosed. The prices, including tax, are $2.20, $1.65 and $1.10. A stamped addressed envelope should be included for the return of tickets.

CONVICTED MEN SENT TO KINGSTON

Were Found Guilty of United Press Payroll Robbery.

TORONTO, Sept. 21 (Canadian Press).—Jacob, alias Jack Goldhar, 10 years in the Kingston Penitentiary and 20 lashes of the strap; Sam Goldman, 7 years, and Joseph Kellen alias Fish, 5 years in the Penitentiary, were sentences imposed by Judge Coatsworth, in Sessions Court here today. The three men were convicted yesterday of complicity in the robbery of $3,788, United Press payroll, here on June 22 last.

Gains and Loses Even Amulet Makes Advance

TORONTO, Sept. 21 (Canadian Press).—Gains and loses were about equal on the Standard Stock and Mining Exchange during this morning's transactions of over 2,560,000 shares. Amulet advanced 35 to 7.00, while Area was firm at 71 and Argonaut Consolidated lost ⅛ at 45. Barry Hollinger eased 2½ to 69, and Bidgood gained three at 34. Corona went to 17½, a net loss of ⅝, while Grover Daly lost four at 20. Laval Quebec and Potter Doal were very active but firm at 47 and 15 respectively. Stadacona gained one at 25½ and Teck Hughes five at 9.40. Cap Rouyn eased a full point to 18, and International Nickel registered a gain of 6.00 at 72.50.

Stock Exchange Plans To Double Its Space

NEW YORK, September 21. — The New York Stock Exchange has outgrown its present facilities to the point where it is planning a 100 per cent. enlargement. Under the proposed expansion, which would include an adjoining building, the Exchange would list 2200 stocks, compared with about 1100 now listed. The additional shares would include some 700 foreign stocks.

Low Priced Shares Are Centre Of Buying

NEW YORK, Sept. 21.—(Canadian Press.)—Low priced shares attracted the bulk of buying in to-day's stock market. The absorption was especially large in certain of the rubber public utilities, motion picture, oil, packing and chemical issues. The movement of prices, however, was not altogether upward. Intervals of weakness occurred in some of the motors, International Harvester, Dupont, Baldwin, Allied Chemical, Texas Gulf Sulphur, General Railway Signal, American Smelting and some other stocks which commanded big speculative following. Manhattan Electrical Supply, which had a sensational drop several months ago, was hammered down four points to 49, a new low for the year and Foundation Company dipped to its minimum figure for 1927.

Railroads fluctuated in confused manner, several Southern and Southwestern issues going up while some of coalers and Kansas City Southern and Texas and Pacific lost ground. New York Central, after weakening early, ran up briskly to the highest level in twenty-five years.

Steel Of Canada Active Much Heavy Trading

TORONTO, Ont., September 21 (Canadian Press). — The gyrations of Steel of Canada featured an extremely active market on the Toronto Stock Exchange this morning, this issue closing the morning after a weak opening with a gain of 14¾ points. International Nickel and British-American Oil, while not recording such high advances, were heavily traded in.

Steel of Canada opened the morning 9½ points lower at 138½, but during the session at 220 registered an extreme advance of 31½ points, the noon close quotation being 211¾, or a net gain of 14¾ points over yesterday's close. Fifteen thousand shares of International Nickel were dealt in, the issue closing at 72⅝ for a gain of 2⅜. British-American Oil, second in activity on the morning's trading, moved up 1½ points at 31½. The Investigate issues shared in the activity, and Royal and Standard each advanced for a point to 322 and 238 respectively.

Corn Values Drop Sharply Wheat Makes Decline

Chicago, Sept. 21—Reports at hand indicating that predicted frost had turned out to be neither as severe nor widespread as looked for, corn values dropped sharply today. General selling took place and the market fell 5¾ cent a bushel in some cases. Opening at 2⅝c to 5⅛c off, corn continued extremely weak. Wheat, oats and provisions also receded, wheat starting 1⅛c to 2c lower and subsequently showing an additional decline.

Contributing to the downward impetus of the corn market was the fact that today's official forecast pointed to something of a rise in temperatures and to likelihood that the frost at this time would be a rule be restricted to lowlands.

Opening prices.—Wheat, September 1.25¾, December 1.29¾. Corn, September 96, December 96¾. Oats, September 46, December 48¼.

EFFORTS MADE TO END SYNOD

Increase of $5,000 Made For Social Service Work.

REPORTS ACCEPTED.

KINGSTON, Ont., Sept. 21 (Canadian Press).—Strenuous efforts were made to bring the work of the General Synod of the Church of England in Canada to a close today, but as the day progressed it was found that the gathering would either be forced to meet tomorrow or leave some matters untouched.

There was considerable discussion this morning over an increase of $5,000 in an allotment to the Council for Social Service, bringing the total up to $20,000. Canon Vernon of Toronto pointed out that this item was passed yesterday but in the heat of the discussion on immigration was overlooked. He declared the increase absolutely necessary if the work of the Council was to be extended, and the delegates accepted it.

In presenting the Registrar's report, Chancellor Gisborn of Ottawa called attention to the "slovenly way" in which the legislation was attended to by Synod. He recommended the appointment of a small committee to devise means of improving the legislation methods and to remove contradictions between earlier and later canons. Notice of motion was given of a plan to have all business of the Synod transacted in joint sessions of both houses.

In discussing the Lausanne Conference in the Faith and Order Report Canon Shatford of Montreal declared that "differences revealed at the conference were no reasons for divisions in Christianity." "We can no longer rest in a safe harbor of sectarian contentment," he said. "We must weigh our anchors and not adventure on the great sea of unity. The church of the future much be inclusive and not exclusive."

Dean Llwyd of Ottawa told the gathering that the Greek Orthodox Church had not abandoned the conference as reported. The delegates had merely disassociated themselves from the report of the conference.

The report was adopted, had reports of the conference referred to the Committee on Reunion. The Committee on Faith and Order was re-appointed with instructions to keep in touch with the Lausanne Continuation Committee.

Read the advertisements and then ask grandmother to tell you what people wore and used in her day. The comparison will often show you what a force in modern progress advertising has come to be.

MASONS ATTEND DIVINE SERVICE

Marmora A. F. and A. M. 222 Attend United Church Services on Sunday.

IMPRESSIVE SERMON.

MARMORA, Sept. 20.—Marmora A.F. and A.M. 222 attended Marmora United church for divine worship on Sunday evening. The pulpit very choicely decorated for the occasion with asters and other blooms was occupied by the pastor, Bro. Rev. C. J. Beckley, who delivered a thoughtful discourse upon Luke 10, 25, "Thou shalt love the Lord, thy God, with all thy heart and with all thy soul, and with all thy strength and with all thy mind; and thy neighbour as thyself."

"Freemasonry," he declared finds its ideal in the church and in the church's teaching. It is a system of morals, code of conduct and a basis of worth while character. Its principal teachings may be said to be brotherly love and truth. A third teaching is relief, but that is really a part of brotherly love. Those two fundamental principles —love towards fellowmen as brethren and a zeal for truth and reality which brings an abhorrence of shame, falsehood and unreality—are shown in the text as being of the very essence of Christianity. Christ's contribution to religion is to teach us that God is our Father and we are all brethren. He also showed a zeal for the truth. Anyone who seeks truth in any form must ultimately be led to the source of all truth—God. Both the craft and religion holds up a superior regard for the Great Architect of the Universe. We have" he continued, "developed a species of atheism. We go about our daily life, questioning any power at all outside of ourselves. It is not theoretical atheism but rather practical atheism. We pride ourselves on our sufficiency and forget any power above us. We need to realize afresh the awfulness of God. Let us remember that if there is a God at all, He is everywhere or else nowhere. God is actively working on every square inch of this globe or He is nowhere. We cannot complacently say, 'man is sufficient.' We can say with the Psalmist, 'When I consider Thy heavens, the works of Thy fingers, the moon and the stars which Thou hast ordained, what is man that Thou are mindful of him?' God is omnipresent as the thinker and fashioner of all things. He is at this moment, creating all things and fashioning them far nearer to us than breathing, closer than hands and feet is God. Empires may come and go but God's purposes are working out. He is working out His kingdom, through the affairs of nations. Progress is not a chronological affair. It is made through a succession of ups and downs. Everything teaches that at the heart of all things is love. Love is the key too, of all things and gives us a delight in the happiness of His children. We are children of God not because He created us but because He set His love upon us. In so far as a man is blind to God, he will be blind to the interests of his fellow men. Why believe in the brotherhood of man? Because all men are born free and equal before God. Love for fellow men does not mean that we must gloss over any viciousness we may find in them. It does mean that we seek in the vicious man for the divine spark, to woo him from vice to virtue.

"This age," continued the preacher, "suffers from an over-emphasis of the individual. You cannot find a man by himself. You will find God as you come out among your fellow men and see them fighting temptations and enduring sorrow. He is not a man who would sink with the mob or drift downstream. He must fight on through the waste till he comes to the city of God with enthusiasm. Let us fill our hearts with the earnest endeavour to do all we can for our fellow men and the glory of God. Such is the creed of Jesus Christ, and because it is His, it is ours to follow.

The Marmora Male Quartette (W. A. Sanderson, W. L. Rigg, W. M. Lester and J. P. Baker) sang very nicely "Art Thou Weary," and "I've Found a Friend."

What is wrong with the tea? If this question is ever asked at the table you may find that the tea you are using was in a poor package. Careful experiments have proven that Aluminum is the only fit package to keep good tea in. You should try Red Rose Tea and see how fresh and brisk and pungent it is in the Aluminum package. 107

WILL INVESTIGATE MINISTER'S ENTRY

Rev. Mellor Supposed To Have Entered United States Illegally.

KINGSTON, Ont., September 21 (Canadian Press). — The United States Consul, Col. F. S. S. Johnson, has been requested, on behalf of the Immigration Department at Washington, to investigate the circumstances under which Rev. J. J. Mellor, former Picton clergyman, is alleged to have entered the United States. The Consul considers that he is subject to deportation, because Mr. Mellor recently pleaded guilty to a serious offence against a young girl, a crime for which proposed immigrants are excluded.

NOTEWORTHY LECTURE.

Major-General MacBrien To Address Men of St. Paul's.

Major-General J. H. MacBrien, C.B., C.M.G., D.S.O., formerly Chief of Staff of the Department of National Defence, and Canadian representative at the 1926 Imperial Conference, will lecture to the Men of St. Paul's Presbyterian Church on Monday next, on "The Great Pacific Question," bearing directly on Canada and the Empire.

The Association have made arrangements that any interested in this subject may come at 7.45 p.m., and hear General MacBrien.

PORRIDGE VOLCANO

JOHANNESBURG, South Africa, Sept. 21.—Streets in the industrial district here were filled with boiling porridge recently when fire destroyed a large milling establishment. Firemen poured tons of water on the blazing mill and the water swelled the great quantities of crushed oats which burst the walls and flowed into the streets. Natives made a hearty meal.

DOING FINE WORK.

The report of the operations of the Peterborough branch of the Children's Aid Society as published in The Examiner last evening, should be enough to ensure a worthwhile collection in Saturday's tag day.

In almost every case the figures show an increase over the year before, indicating that the work, and consequently the outlay of the Society, is steadily growing.

In the period from November 1 last year until the end of August 1927 some 361 children came before the attention of the Society's agent who made 67 investigations during that time.

It is the policy of the Society in most cases to take neglected children into the House here and care for them until a desirable foster home is found for them, and in the period reviewed 27 children were happily placed out as wards while 101 wards were visited by the agent.

Rev. Dr. R. C. Blagrave, president of the local branch, in a sentence shows why funds are required.

"The cost", he says in his statement, "is involved in visitation first to homes where neglected children are reported, then in visiting those put in foster homes, the support of an agent whose duties are of a specialized character and the maintenance of a Home where children are kept for longer or shorter periods in the way they ought to be kept.

Saturday's tag day should produce a splendid total.

THE RECKLESS DRIVER.

The Mail and Empire points out that some responsibility for making safer driving conditions on Ontario's highways rests upon the shoulders of the magistrates who are in a position to deal with offenders in a way that will be a warning to others.

With that view there will be many in accord.

To be lenient with a driver who has been convicted of a flagrant offence against the traffic regulations is mistaken kindess; a small fine does not cure him, nor does it act as a deterrent to others.

Where a motorist has been found guilty of driving at the rate of a mile a minute a fine of a few dollars does not serve to stamp his offence as a serious one.

If his driving license were cancelled for a month or two, in addition to a stiff fine, the lesson would be much more effective.

Toronto magistrates are showing the way in this respect and reckless drivers are being severely dealt with.

It is the only treatment that promises to have the desired results, seeing that there is a certain percentage of motorists deaf to appeals and untouched by safety campaigns.

The motorist who persists in his reckless driving has to be driven off the highway and when the traffic officers have done their part in catching the offenders the responsibility passes on to the magistrates.

DAYLIGHT SAVING.

Once more the subject of daylight saving has been brought forward in Peterborough, this time through the newly organized Canadian General Electric Social and Athletic Society.

It is a vexatious question that divides the community into two camps the members of which are ready to enter into a heated argument at any moment over the merits or otherwise of the daylight saving plan.

In cities where fast time has been in operation over a number of years the majority of citizens favour the system as affording an extra hour of daylight after working hours for recreation.

Toronto, for example, will probably continue to cling to daylight saving no matter what other municipalities may do.

Here the plan has twice been submitted to a vote, and twice has been rejected.

Whether there has been a change in sentiment since the proposal was last turned down by the ballots of the citizens there is no means of telling but there would be no particular objection to including a vote on daylight saving as part of the municipal election day programme when the opinion of the citizens could be obtained at little expense.

Only in that way can the question be satisfactorily disposed of one way or another.

THE DIPHTHERIA MENACE.

The doctors tell us that no child in Peterborough need contract diphtheria; that by a simple innoculation that is harmless, children can be rendered immune to the disease.

They add that children below five years of age are more susceptible to diphtheria and that fatalities are more numerous among such children.

It is proposed to protect the little ones of preschool age without expense to the parents, arrangements being under way to have the innoculation take place at the various schools.

Diphtheria exists in Peterborough at the present time.

There are cases enough to warrant anxiety.

Under the circumstances there should be a ready compliance on the part of parents, with the request thta all children under school age be immunized before the disease presents itself in epidemic form here.

It is folly to allow young children to be exposed to the danger of diphtheria when a simple, harmless and effective protection is offered without any expense to the parents.

The campaign against diphtheria will be endorsed by every thinking citizen.

CANADA WILL SHOW THEM.

Professor Irving Fisher of Yale regards seriously a statement by the Midland Bank, London, that the shrinkage in the world's supply of gold is causing concern in the financial world. He says the world output of gold reached its peak in 1915 and then declined; that it has recovered in the past three years to the average since 1899, but that "a further increase in output from known sources is extremely doubtful."

This is an amazing assertion, coming from an economist of Professor Fisher's reputation. He is blind to developments on his own continent—in Northern Ontario and Quebec. It is of no importance that Ontario's gold output increase from $42,625 in 1911 to more than $31,000,000 last year ,and that Porcupine and Kirkland Lake are only in their infancy as producers? Professor J. M. Keynes, the British economist, showed himself equally uninformed when he said two years ago that no considerable gold discovery had been made in the past 25 years.

The gold fields of Ontario have raised Canada in a few years from an almost negligible position as a gold producer—after the collapse of the Yukon boom—to the third rank among the countries of the world, he first being South Africa and the second the United States. United States production is declining and Canada will take second place in two or three years, but Professor Fisher is not looking beyond the boundary line. Many of his countrymen are more far-sighted and are pouring millions into the gold industry in Ontario and Quebec. Porcupine, Kirkland Lake and Rouyn are now so well established that they have no need to go begging for recognition or capital. The experts who have been exploring them this summer as delegates of the British Empire Mining Congress will carry to other British countries a story that will turn to Ontario and Quebec the eyes of mineralogists and investors who have not yet realized the extent of the richest of these fields. The world will soon know that the shrinkage of the gold supply which some economists pretend to foresee has been indefinitely postponed.—London Advertiser.

THANKS, SIR RICHARD.

If the truth is to be faced, many British newspapers have been more willing to run news adverse to Canada than news of throwing a favorable light upon any given Canadian situation.

Apparently an attack on Canada, no matter how puerile, is news. And anything savoring of a boost for Canada is not.

It is to be hoped that as a result of the visit of some 70 British editors and newspaper owners to Canada recently that, in the provincial press at least, Canadian news will be more favorably presented. The editors were well impressed with Canada and its possibilities. This much they indicated plainly in both their public utterances and their private conversation. And to many of them the revelation of the opportunity and prosperity of Canada came as a surprise.

At the Toronto dinner to the party, Sir Richard Winfrey, Kt., owner of a large number of provincial papers, manfully read an item that had appeared only last month in one of his own papers. In it, an unimportant woman who had lived in Toronto for a period of years, was given space to broadcast the view that Canada was no place for men; that there might be opportunities here for girls willing to enter domestic service; and much more drivel of similar type.

Canadians cannot help feeling that a British newspaper editor is either distinctly unfriendly or dangerously ignorant when he permits persons of no consequence and apparently no background of genuine information to be quoted as authorities on the alleged lack of opportunity in Canada.

Sir Richard Winfrey assured his listeners that no more such interviews would appear in his papers. His sub-editors would be told to leave them out. And it was apparent that what Sir Richard promised can be expected from all the papers represented. Having seen Canada and Canadian opportunities for themselves, these editors may be counted on to tell the truth.

Canada asks no favors of the British press except the one favor of telling the story of Canada exactly as it appeals to any intelligent, fair-minded person looking over conditions at first hand. Canadians do not object to the undue magnification of the views of misfits, personal failures and soreheads.—Financial Post.

ONTARIO, AND ALBERTA COAL.

The opinion of the Railway Commissions that the "out-of-pocket" cost to the railways for bringing Alberta coal to Ontario is $7.22 per ton (which is roughly what the railways themselves contended) pretty definitely means that little Alberta coal will come to Ontario this year. The railways if they were to ge any profit out of the business, would have to charge at least $12 a ton, with the result that the cost to the consumer, after the dealer had taken his profit, would be around $14. And soft coal at $14 a ton will never compete with anthracite at $16.50. Not in this climate.

The truth is that, for the present there appears to be only one practicable way of getting Alberta nd Maritime coal to Central Canada at a reasonable price for the consumer. The way is simply for the Parliament to bonus the railways to haul it. Whether the people of Canada are prepared to adopt such a policy, is another matter. They certainly did not appear to be tremendously enthusiastic over it when it was proposed by Mr. Meighen.—Ottawa Journal.

EDITORIAL NOTES AND COMMENT.

A German doctor declares that the type of clothing now worn by women is banishing many ailments. At the rate they're going, in that case, the time will soon come when women will not be ill at all.

Give liberally to the Children's Aid Society on Tag Day. Your contribution will help to make life easier for some unfortunate child.

Paid admissions at the Oshawa Fair totalled only a little better than 17,000 for three days, while for the same period the Peterborough Industrial attracted over 30,000 paid people.

Toronto's Mayor took an aeroplane flight the other day and scattered dollar bills over the city, and now Toronto people are at loss to figure which of the two things was the hardest test for His Worship.

Hon. W. E. Raney's departure from politics leaves Premier Ferguson without his favorite target. Doubtless he is hopeful that there is some truth in the rumor that Mr. Drury is to be the Liberal provincial leader.

Ontario agriculturists who think they have something to complain of are asked to note the despatch from Uganda that farmers there are being killed by wild elephants.

Fortunately no Ontario jail has yet been carried away by escaping prisoners.

It is hoped that Mr. Static is aware that the continent hopes to "listen in" to the Tunney-Dempsey fight on Thursday. He'd better take the night off.

Many New Yorkers are going to fly to Chicago for the prize fight. They'll probably get more excitement from their journey than from the contest.

CATTLE, GRAIN, AND PRODUCE

TORONTO LIVESTOCK.

TORONTO, Sept. 21.—Market continues to balk at the too heavy proportion of rough and unfinished cattle now coming in. About 1,400 plain and common were left over from Monday's run. Considering that Monday's run was well over 5,000, and that the great bulk of it went over the scales, trade cannot be said to be distinctly bad, but slow for the poorest quality. With the exception prices generally holding steady for choice butcher steers and heifers.

General run of prices as follows:

Choice butcher steers active at from $8.25 to $8.75, with extra choice up to $9. Light steers, $8.25 to $8.50 and choice butcher heifers, $8 to $8.25.

Baby beeves firm; choice $12.

Common steers and heifers, $5.00 to $5.50.

Choice butcher cows, $5.00 to $6.00; medium, $4.25 to $4.75.

Bulls, choice, $4.5 0to $5 ;choice butcher, $4.50 to $5.00.

Springers and milkers, quiet at steady prices.

Stockers and feeders active, selling from $6.50 to $7.25; heifers, $5.50 to $6.25; delivery country points.

Lambs, choice, firmer at $11.50 to $11.75.

Calves, choice, strong, to a dollar higher, at $14 to $15.

Hogs, unsettled, at $11.90. selects off cars and $11 f.o.b. selects. Packers bidding 25c lower.

Receipts.

Union Stock Yards—Receipts, 775 cattle, 220 calves, 1097 hogs, 1,976 sheep and lambs.

Quotations:

MONTREAL GRAIN AND PRODUCE

MONTREAL, Sept. 21 (Canadian Press).—The foreign demand for Canadian grain on the Montreal market continued quiet yesterday and the volume of business transacted was small.

The only business of importance in the local cash grain market was the sale of a few loads of Tough No. 2 Northern wheat at 10 cents over the Winnipeg October option, c.i.f. Montreal.

Owing to the further strength in oat futures at Winnipeg, local prices for Canadian Western oats were advanced another cent per bushel. The demand was slow.

The local and export trade in for spring wheat grades of flour was inactive but values were well maintained. The trade in winter wheat flour was steady and prices were unchanged.

The market for millfeed was fairly active and the undertone was firm.

A weaker feeling developed in the market for standard grades of rolled oats and prices were reduced fifteen cents per bag. The demand was quiet.

The egg market was without any new feature to note, prices for all grades being maintained with a fair volume of business passing. The receipts were 1,920 cases.

A feature of the butter trade was the easier feeling that developed and prices were reduced ½c per pound. This was attributed to the limited demand from all sources. The receipts were 340 packages.

There was no further change in the condition of the local cheese market, the tone being firm, but the volume of business was small. The receipts were 13,412 boxes.

Montreal Quotations

Oats, Canadian Western, No. 2, 73c
Oats, Canadian Western, No. 3, 70c
Oats, extra No. 1 feed, 68c.
Flour, Man. Spring Wheat Patents, firsts $8.20.
Flour, Man. Spring Wheat Patents, seconds $7.60.
Flour, Man. Spring Wheat Patents, strong bakers, $7.40.
Flour, Winter Patents, choice $6.00 to $6.10.
Rolled oats, bag 90 lbs., $3.95 to $4.10.
Brans $32.25.
Shorts $36.25.
Middlings $43.25.
Hay, No. 2, per ton, car lots, $13.50 to $14.00.
Cheese, finest Westerns, 22 to 22½c.
Cheese, finest Easterns, 21¾ to 21¾c

Eggs, storage seconds, 38c.
Eggs, fresh extras, 55c.
Eggs, fresh firsts, 49c.
Potatoes, per bag, car lots, $1.00 to $1.05.

CHICAGO GRAIN.

CHICAGO, Sept. 21 (Canadian Press).—Increasing anxiety as to whether frost will hand a knockout to the corn crop led to a wild new advance in corn prices yesterday. Assertions that no important damage had resulted from frost Monday night in the Northwest and West not only failed to remove tension yesterday but were followed by excited fresh buying that hoisted December delivery of corn 7¼c a bushel and put all cereals and provisions on the upgrade.

Corn closed flurried, 6c to 7¼c net higher; wheat ¾ to 1c up; oats at 1 to 1¾c advance, and provisions varying from 2c decline to a rise of 22 cents.

Semi-panic struck the corn pit near the finish of trading yesterday when word suddenly went round that the weather bureau at Sioux City, Iowa, said frost last night would be heavy and that the visitation would outdo Monday night's experience. Coupled with this announcement was knowledge that northern and central Illinois were also to be subjected to frost last night and that Wisconsin, Minnesota and the Dakotas and Nebraska would likewise become part of the new frost area. Under such circumstances, buying took on larger and larger proportions, and December, the leading speculative delivery, ran up to 10⅝c above prices which were current Saturday before the frost began.

Apprehension over likelihood of only a small yield of merchantable corn this season was the outstanding feature of trading. Fears in regard to such a contingency were based both on imminence of widely spreading frost, but also on the general comparatively precarious condition of the crop as a result of backwardness of planting, prolonged cold summer and recent excessive heat.

Violent upturns in corn prices yesterday were partly a consequence of the fact that speculative selling had been overdone during recent hot weather accompanied by apparent striking improvement of crop prospects. Unlooked for complete reversal of weather conditions Monday and yesterday proved too severe a strain for ready adjustment on the part of the majority of traders and brought about a general rush to buy that was unabated yesterday, when finally the gongs cleared the corn pit.

Wheat, rye and oats moved up decidedly at the last with corn. Earlier, the wheat market tended downward on account of reports of welcome rain in Australia and expected moisture in Argentina. Big receipts of new wheat at Duluth and Minneapolis counted also as a temporary bearish influence.

Provisions followed the leadership of corn and were unaffected by a down turn in the value of hogs.

CHICAGO CATTLE

CHICAGO, Sept. 21 (Canadian Press).—Cattle 11,000; best heavies 15.90; long yearlings 15.85; liberal proportion fed crop 14.00 to 15.50; yearling heifers 14.50; stockers and feeders scarce; 9.75 paid for yearlings and two year old Wyomings; most native stockers 7.75 to 8.50; bulls 10 to 15c higher; vealers 50c higher, 16.00 to 17.00.

Hogs 24,000; bulk good and choice 185 to 225 pound weights 11.50 to 11.75; 140 to 170 pound average 10.25 to 11.50; 240 to 300 pounds $10.75 to 11.50; heavier butchers 10.25 to 10.75; bulk packing sows 9.65 to 10.00; small supply best light weights 10.10 to 10.25; most pigs 8.75 to 9.25; strictly choice strong weights late 10.00 to 10.25; shippers took 5,000; estimated holdover 10,000.

Sheep 16,000; native lambs 13.25 to 13.50; lightly sorted; several decks 13.75; culls 9.50 to 10.50; choice range lambs 14.25; good killers from range strings carrying large feeder sorts 13.50 to 14.00; sheep fully steady; fat ewes 5.50 to 6.25; top 6.50; good yearlings 9.50; feeding lambs steady; bulk 13.00 to 13.75; choice 84 pounds 13.90; heavies down to 12.50.

STERLING EXCHANGE

MONTREAL, Sept. 21 (Canadian Press).—Sterling rates were quoted here yesterday as:

Demand $4.85¾.
Cables $4.86⅛.

Her Backache Vanished Is Now Quite Well

Mrs. Pearsons Found Relief In Dodd's Kidney Pills

"I have used Dodd's Kidney Pills for many years," says Mrs. J. W. Pearsons, 3 Hill St., Amherst, N.S. "About two years ago I could hardly straighten my back until I got two boxes of Dodd's Kidney Pills. After taking them my backache vanished. I was troubled again this winter, when I again tried your remedy and found it all right."

Dodd's Kidney Pills put the kidneys in shape to do their full work of straining all the impurities out of the blood. They have relieved thousands of female sufferers all over Canada.

A Thought For To-day

Watch and pray, that ye enter not into temptation: the spirit indeed is willing but the flesh is weak.—Matt. xxvi:41.

* * *

Temptations are a file which rub off much of the rust of self-confidence.

JUST A JINGLE

When school is opened up again,
It breaks wee youngsters' hearts,
Their vacation's over, but
That's when poor mother's starts.

WISE AND OTHERWISE.

Scientists are debating whether or not animals can laugh. There's one for the horse to giggle over.

The San Francisco man who shot at the screen just as the villain was about to seize the beautiful damsel must have been firing at the same picture we saw the other night.

What this country needs is a bigger navy to hunt aviators.

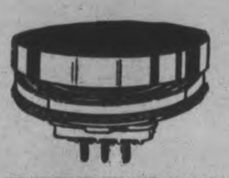
(Copyright, 1927, NEA Service, Inc.)

Have YOU a "Lunch Counter" Husband?

MOST lunch-counter husbands are men who hate to upset home routine by being late for dinner. So when they're delayed at the office or stay overtime at the golf club they eat downtown.

But today such consideration is unnecessary. The up-to-date housewife serves her family meals at the regular time, while the latecomer's meal is kept piping-hot in McClary's

HERMETITE



SPEEDIRON

No danger of over-cooking. No scorching. He sits down to a real, home-cooked meal in the pleasant surroundings of his own family. The "stored heat" principle of McClary's Hermetite enables you to keep his dinner temptingly hot without using any more current. The door closes so tight that it makes the oven almost hermetically sealed—only a minimum of heat can escape.

Decide NOW to save the money he spends at lunch counters—to enjoy more leisure—to eliminate drudgery. McClary's all-white, porcelain-enameled electric range will bring to your kitchen economy, beauty, utility and sanitation such as you have never before experienced.

In the very style and size you require, at a price you can afford.

McClary's Electric Range

McClary's Speediron Element is the greatest electric range improvement of modern times. Unlike old-fashioned elements, the coils of the Speediron are protected. "Boiling over", pots, leaks and drips cannot injure them. They are safe because they are protected by a removable, cast iron cooking surface. If coils burn out after long service, you simply lift the element out and have coils replaced easily and quickly—at the cost of a few cents.

Ask your McClary's dealer to demonstrate this renewable, reparable element.

"Here's How I'm Fixed"—

"IF I live to old age I'll be able to enjoy a well-earned rest.

"If I should die earlier my good wife will have an income for life.

"If accident or disease lays me aside permanently before I'm sixty or even for a period of three months or more, I get a monthly cheque uptil I get better.

"If, later on, I urgently need cash, The London Life will lend me money.

"If my circumstances change I can adjust my policy to suit, without even medical examination.

"How's that for real life insurance protection?

"The cost? Why, it actually works out at less than 2%, because the premium is only $202.00 a year for $10,000 protection and the annual dividends reduce this considerably.

"*It certainly is different* and I'm glad I've got it!"

* * * * * * *

When interested in life insurance ask the London Life representative for a Jubilee Policy. It is the kind described above and he is the only man who can give it to you.

PARENTS ARE INDEED PEOPLE

Canadian Authorities Answer Questions of Social Hygiene Council.

EIGHT GOOD ARTICLES.

As might be expected, it was an astute moving picture publicist who propounded the query: Are parents people? Regardless of its origin, however, the inquiry has a very actual significance.

Few Canadians ever face more important responsibilities than the duties involved in parenthood. Most of us would not think of playing golf, laying a sidewalk or operating a second-hand truck without some careful preparative tuition but we quite blithely assume control over the destinies of members of the next generation with whatever knowledge of the subject we secure by guess or good luck.

By this is not meant purely material matters—food and clothing—but the problems of supervising mental development and the more simple psychological questions which must be met.

It is obviously a very real problem but it is an aspect of education to which educationists have not yet given any considerable attention. What should be taught to parents, how and who should do it are things which still remain to be definitely established.

In Canada, for the past two years, the Canadian Social Hygiene Council has been conducting experiments in parent education. A group of outstanding Canadians—jurists, medical men, educationists and government officials—have considered six of the most important questions on the subject. Their comments, in the form of eight signed articles, will appear in The Examiner commencing September 22.

Watch for this series. It is one of the unusual and thoroughly interesting features a Canadian newspaper has yet offered its readers.

SAINT and SINNER

By ANNE AUSTIN

(Continued from yesterday.)

"How did you happen to marry Fred Lytton, Peggy?" Faith asked gently, holding the girls' cold, trembling hands firmly in hers.

"You won't let him suspect I told you?" Peggy quivered, her lovely, sultry red mouth jerking spasmodically. "But of course you won't! You're my friend! I can hardly believe I have a friend. I met Fred when I was playing second lead in a musical comedy—'The Heartbreakers'—in Chicago. He saw the show, then began to bombard me with presents and invitations and flowers. I returned the gifts, and that intrigued him, and he insisted that I go out to supper with him. He treated me royally, deferentially. I was flattered, of course, for he told me that he was rich and prominent in this city.

"I never dreamed of marrying him. I wouldn't even let him kiss me. He began asking me to marry him the second time I was out with him, and I soon saw that he was getting desperate. He had two fights with men who dared to make dates with me—old friends of mine," her voice faltered, as if the memory pained her.

"Oh, Peggy!" Faith moaned. "How dreadful for you! But—why, why did you marry him?"

"I'm coming to that," Peggy said, with a bitter twist of her beautiful mouth. Fire blazed in her violet eyes. "He wouldn't believe I was—good. Was always taunting me, suggesting I'd had—lovers. And then he had some dirty private detective to follow me and—and he found out the truth. The fact is, Faith," she lifted her head proudly and stared unflinchingly into Faith's eyes, "that I have a baby. Three years old, the dearest, most wonderful little boy in the world. I—I wasn't married to his father. And—his father is dead, now." Her voice broke again and tears flooded her blue eyes. "You can hate me if you like, despise me, but I'm not sorry! I'll never be sorry I had my baby!"

"I can't hate you, Peggy, or judge you," Faith assured her compassionately. "But—I don't understand about Mr. Lytton——"

"Oh, he used the baby as a club to force me to marry him. He promised to adopt the baby after we were married, telling his friends that—that since we can't have children we'd decided to adopt one. It's true—I can't have any more children, and I did not deceive him about it. But now—now that I've married a man I can't bear, whose very touch makes me shudder, he has laughed at me for taking his promise seriously. He says he'd rather kill the baby than have him in our home—home! jail!—reminding him constantly of the man I loved. He's so jealous that he suspects every man who comes here. That's one reason he wants to build a country home. He wants to hide me away from the world, so that no one can see me but him. He's quite mad. I told him I'd live there on one condition only—that he keep his word about adopting my baby. He refused, laughed at me, and I—I'm desperate."

The mother heart of Faith spoke impulsively, forgetting for the moment that her husband's business was so deeply involved: "You mustn't go on living with that terrible man, Peggy! He's forfeited every right to your loyalty. You belong to your baby! If I were you, I'd go to him if I had to walk from here to Chicago!"

"Splendid, Mrs. Hathaway! What a success you'd make as a tragedy queen!" It was Fred Lytton, grinning evilly at the two women from the threshold of his wife's sitting-room.

(To be continued.)

Solomon Needed In Baby Dispute

CLEVELAND, Ohio, Sept. 21.—(United Press.) — Three baby Smiths cooed and cried as usual to-day while three mother Smiths waited anxiously for to-morrow's habeas corpus proceedings in which one mother Smith will attempt to exchange her baby girl for a baby boy.

Mrs. Sam Smith has the baby girl. Two other Smiths were born at Fairview Maternity Hospital here within a few hours of the Sam Smith baby. Mrs. Sam Smith is nursing the girl baby but insists that her child was a boy.

Mrs. Alice Smith and Mrs. Maud Smith, who have the boy babies, are equally insistent that their babies were boys and that the problem for Solomon will they have their own children. come before Judge Carl V Weygandt to-morrow.

HOROSCOPE

The Stars Incline, but do not Compel.

Thursday, September 22, 1927.
(Copyright, McClure Newspaper Syndicate.)

Astrologers read this as a particularly unfavorable day in planetary direction and warn that it is well to avoid all financial negotiations.

Again farmers will have cause for complaint, it is foretold, but profit is prognosticated for them and they who are close to the land will benefit eventually.

It is especially dangerous to quarrel at this time when both men and women are likely to be nerve-racked.

The rule is most menacing to domestic happiness and presages much divorce interest.

In Europe a public man is to be betrayed and assassinated, it is prophesied, and the crime will have far-reaching consequences.

Mars is still in an aspect supposed to be responsible for increase of cases of fever and diphtheria.

Newspapers are still subject to a sway that encourages the press to reveal conspiracies and to uncover political plots.

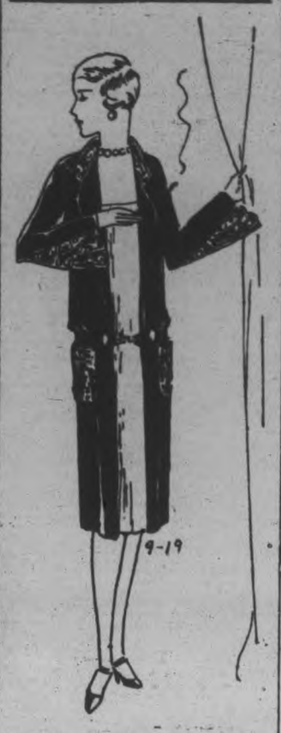
Women are to play a prominent part in public affairs and to gain domination which promises reforms, it is forecast.

Persons whose birthdate it is have the augury of a coming year that is not important. They should be especially careful to avoid litigation.

Children born on this day may be inclined to rule when they have no gift for executive matters. They should be trained to be humble and unselfish.

DRESS

By MARY MARSHALL



For informal dinner wear—this tea gown with a foundation of cloth of gold, consisting of gold thread woven on a black base—and a coat of black panne velvet with encrustations of gold with rhinestones along the collar, on the sleeves and the pockets.

The poor girl shivering in an old-fashioned tenement on a frosty autumn night may think of the possession of great riches as a safeguard against ever feeling the discomfort of cold. She may have looked enviously at the millionaire's daughter riding in a heated limousine and thought of her as one who might live forever without ever knowing what it is to shiver.

Undoubtedly rich women could arrange their lives so that they never feel the cold in winter, but the fact is of course that daughters and wives of millionaires do a lot of shivering.

City houses, apartments and hotels may be kept at hot-house temperature, and so may small suburban houses, but the spacious country house is usually cold enough.

"It seems to me that the richer people are the colder their houses," writes a young friend of mine who is spending the autumn visiting rich folk who still linger on at their country estates. "I wonder why it is! There is a very rich woman here who has all of her evening dresses made of velvet usually fur trimmed and her house is ice cold. If she spent the price of just one of these dresses to buy more coal I think she might make her rooms a little less like the arctic regions."

Doubtless, you yourself have visited just such spacious country houses where nothing but a fur-trimmed velvet evening dress would have made you at all comfortable.

The sketch shows a sort of tea gown recently made for one of these poor little rich girls who spends much of her time in her charming country house that is seldom what most of us would consider comfortably warm.

Made of black velvet with gold and rhinestone trimming, it is really a gorgeous sort of gown and is worn appropriately for informal dinners.

WHO WROTE THIS?

(Copyright, 1927, McClure Syndicate.)

1.—"To be young was very heaven."
2.—"Honour and shame from no condition rise;
Act well your part, there all the honour lies."
3.—"Strengthen me by sympathizing with my strength, not my weakness."
4.—"O fading honours of the dead!
O high ambition, lowly laid!"
5.—"I swear she's no chicken; she's on the wrong side of thirty, if she be a day."
6.—"Strange to the world, he wore a bashful look,
The fields his study, nature was his book."
7.—"We think our fathers fools, so wise we grow;
Our wiser sons, no doubt, will think us so."
8.—"Few men are admired by their servants."

ZION NEWS

ZION, Sept. 21.—Miss Sadie Dixon arrived home last week after an extended visit with friends in Saskatchewan.

Messrs Tom Hayes and Charles Kindred were in Peterborough on Wednesday night to attend the Opera House.

Mr. Norman Powers attended Toronto Exhibition last week end.

Miss Helen Syer has resumed her duties as school teacher for the coming year.

The friends of Mrs. Graystock will be pleased to learn that she is improving after her recent illness.

Mr. James Powers has purchased Mr. Robert Scollie's farm.

Mr. John Heffernan threshed for Mr. Sidney Rutherford on Tuesday of last week.

Messrs. William Pickel and James Gratton are digging a well for Mr. H. Rutherford.

Miss T. Smithson has returned to Toronto after spending two months vacation with her mother.

The Zion Male Voice Choir will hold a concert in the Foresters' Hall, Zion, in the near future. The funds will be donated to the Sick Children's Hospital.

Mr. L. Carroll has returned to Ottawa after visiting his cousin, Mr. N. Hayes.

READ THE WANT ADS.

Italy will be brought within 15 hours of London by a combined air and rail service which will be inaugurated this month.

Evening Examiner Fashion

A B 1654

A Charming Frock for the Junior Miss

This chic frock is extremely smart and quite easily fashioned. The skirt has gathered side sections, and the V neck may be worn with or without the shaped collar. There are long sleeves gathered to narrow wrist-bands, or short sleeves with pointed cuffs, and the sides of the bodice are adorned with buttons or small bows of ribbon. No. 1654 is in sizes 8, 10, 12 and 14 years. Size 10 requires 2⅜ yards 39-inch, or 1⅞ yards 54-inch material, and ⅜ yard additional 39-inch contrasting for View B. Price 20 cents the pattern.

BEFORE VIROL

Age: 5 years 7 months. Weight: 21 lbs. 2 oz.

AFTER 5 MONTHS

Age: 6 years. Weight: 44 lbs. 2 oz.

The Doctor said:
"The only thing that will pull her up is VIROL"
and it did

Virol is the food which has saved many a precious life and built up many little weaklings into robust children. The above is a case where the child was rescued from a state of continuous wasting.

School children need VIROL

If your child is "looking pale," take it as a danger sign. The child may degenerate into a permanent state of ill-health.

Virol is rich in vitamins and precious food substances that promote growth and development. Given regularly *now*, it will save the cost and anxiety of "patching up health" in future years.

40 million prescribed portions of VIROL were given in 3,000 Hospitals and Clinics last year because of its remarkable influence on growing tissues.

TO BENEFIT WEAK, NERVOUS WOMEN

We Cordially Invite All To Try This Great New Treatment Without Cost—Unless Pleased.

BOND'S DRUG STORE.

Thousands of women who are now weak, sickly, nervous and despondent—mere shadows of their former selves—might just as well be Strong and Happy, with Bright Eyes, Rosy Cheeks, Abundant Vitality and Nerve Force, if they only knew the amazing value of Double Strength Erbac Tablets.

Double Strength Erbac is not "just another tonic" of a dangerous stimulant that gives you "false strength" for a few days and then leaves you worse than ever—but, it is a positive nerve food and physical vitaliser, used and highly praised by great leaders of the medical profession. As a swift and certain help to womankind, its wonderful value can hardly be overestimated—and a few days use should convince you of that!

No matter how discouraged, weak and nervous you may feel today or how many treatments you have tried in vain—if you want to feel the power of new vitality, the thrill of abundant nerve force, and the joy of returning Health—you are invited to try Double Strength Erbac without the slightest risk of cost unless wonderfully pleased with results. Ask us about it today—Bond's Drug Store.

At night—
Nature rebuilds *and* restores

NATURE uses the hours of sweet restful sleep—when body and mind are relaxed—to rebuild and revitalize. Sleep that is fitful and restless does you little good as the process of rebuilding is retarded—the worn and tired nerves are not restored to meet the duties of the coming day.

Normal, natural sleep

Ovaltine, the famous tonic food beverage, taken just before retiring, promotes sound, refreshing sleep, soothing and restoring tired nerves. Unlike ordinary food, it is assimilated by the system without digestive effort and, in addition, helps to digest other foods.

Nature's Best Foods

Delicious Ovaltine contains, in concentrated form and in correct proportions, all the elements for building up and maintaining brain, nerves and body. It is prepared from Nature's richest foods—creamy milk—fresh eggs—ripe barley malt—deliciously flavoured with cocoa. One cup of Ovaltine contains more nourishment than 3 eggs or 12 cups of beef tea.

At all druggists, in four sizes—60c, 90c, $1.50, and in the special family size—$5.25.

Sleep well tonight

If you want a night of sound, restful sleep, try Ovaltine. We will be glad to send you a sample. Clip and sign the coupon below and enclose 10c to cover packing and postage.

BON AMI LIMITED, MONTREAL

for fine kitchen-ware

Bon Ami
makes light work of cleaning and polishing~

Everything cleaned in a twinkling! From the bathtub down to your fine kitchen utensils. All of them sparkling with cleanliness—and never a scratch.

Bon Ami *blots up* dirt and grease *instead of scouring it off.* Does it so quickly and easily, too!

It just seems that this quick-working, scratchless cleanser was made to order for busy housewives. Bon Ami takes the work out of housework. Takes the hard scrubbing and rubbing out of cleaning. And it never reddens the hands.

For some uses you will prefer the *Powder* in its handy sifter-top can. But for windows and mirrors nothing equals the old favorite—Bon Ami *Cake.*

To make light work of your cleaning and polishing, keep both *Cake* and *Powder* always on hand.

SCHOOL FAIR AT CHEMONG

South Smith Effort Surpasses That of the Previous Year.

CURVE LAKE EXHIBITS.

Surpassing all previous efforts, both in quantity and quality, the annual school fair of South Smith, held on Monday afternoon in the Rendezvous Pavilion, Chemong Park was a great success. For the first time, the Curve Lake school, where Morgan Lewis of Fairview is teacher, was represented by a number of exceptionally fine exhibits, including some splendid examples of basket work and ingeniously made relief maps constructed of colored salt and water.

Other Curve Lake exhibits were well made wooden knives and forks, a tiny wooden axe and a well-built bird house.

The judges, speaking on the fair as a whole, expressed pleasure at the quantity and quality of the gifts. R. F. Downey urged the teachers to ensure at least one entry from each school in the singing and oratorical contests.

The pleasing interlude in the day's proceedings was the presentation to Miss Phyllis Moore of the [illegible] awarded her by the Department of Education for her work in the Confederation history examination, written about the time of the Jubilee celebration in June.

The judges were Miss Edith Hopkins, of Lindsay, A. L. Cox, of Ontario Agricultural College; Frank Dench, of Lakefield, who judged the poultry, Percy Gordon of Norwood judged the vegetables. R. F. Downey and J. B. Nelson judged the singing and public speaking. Mr. Downey made the awards for writing and drawing. Miss Scott of the local office of the Department of Agriculture acted as secretary.

Class 2, wheat sheaf from plot: 1st, Francis Irwin, S.S. 2; 2nd, Jack Brown, S.S. 4; 3rd, Olive M. Bell, S.S. 4.

MISSION CIRCLE HOLDS CONCERT

Good Programme Given at Tea Held at St. John's United Church.

ATTENDANCE GOOD.

CAMPBELLFORD, Sept. 21. — The Mizpah Mission Circle of St. John's United Church held a very successful concert and tea in the basement of the church yesterday evening. The brief programme was given by exceptionally popular entertainers and was thoroughly enjoyed. The Rev. Ernest Harston, as chairman, addressed the audience briefly before announcing the first number, a piano duet, "Simple Aveu," Misses Dorothy Henson and Nellie Haig.

Mrs. R. W. Scott's solo, "Invitation," by Scott, was exceptionally well received, and Mrs. J. H. Bell's reading, "Supplanted," also received hearty applause. Miss Bonnycastle's solo, "Love Shadows," was greatly appreciated. Miss Bonnycastle never fails to delight her listeners. Aunt Patience's "Doughnuts," a humorous sketch by Mrs. A. J. Armour, delighted the audience. Mrs. DeCarrol's solo, "Mary of Argyle," was sung in the same charming way in which Mrs. DeCarrol always sings. As an encore she sang, "I Passed By Your Window."

Misses Cherry Turner and Irene Stevens, at the piano, played their duet to a most appreciative audience. Their popularity as concert pianists was attested by the applause which followed their number. Mrs. G. A. Kingston's reading was well received as was also Mr. Hazel's solo, "Trees," by Rasbach.

At the conclusion of the programme a delightful lunch was served to the audience, seated about small tables. The social hour was thoroughly enjoyed, permitting as it did, an opportunity to discuss the topics of the moment with friends and at the same time enjoy an excellent and tasty bit of refreshment. After lunch had been served, there was a surplus of cakes, which was disposed of in a business-like manner.

"Quick to Heat Up in Any Kind of Weather"

Geo. Murray, R. R. No. 3, Cobourg, Ont., writes:

My Pease Bungalow Boiler is giving every satisfaction. I find it easy to regulate, quick to heat up in any kind of weather, in fact, a very fine system, and we are well pleased with it.

Pease BUNGALOW Boiler

An ideal low cost heating plant for small homes, cottages, bungalows, garages, etc. No cellar necessary. Extremely low cost for fuel. Very easily and quickly installed.

Consult any responsible heating contractor, or write us direct.

Ewe lamb—Clarence Martin, S. S. McComb, 2 and 3.

South Douths—Oxfords.

Ram, aged—Clarence Martin, C. U. Heath.
Shearling ram—Clarence Martin, 1 and 2; V. Heath, Campbellford.
Ram lamb, 1927—C. Martin, 1 and 2.
Ewe, aged—C. Martin, V. Heath.
Sherling ewe—C. Martin, 1 and 2; V. Heath.
Ewe lamb—C. Martin, 1 and 2; V. Heath.

The rest of the prize list will be published to-morrow.

PRESBYTERY OF PETERBORO HOLDS

(Continued from page one.)

such an equipment would accomplish. Besides calling at various schoolhouses and private homes for services, Mr. and Mrs. Johnston have a mailing list of upwards of four hundred and fifty names of children and adults who study their Sunday school lessons by mail. It is considered the finest missionary work which the Church is doing in the province.

Its origin is also worthy of note. While attending the Communion service at St. Andrew's Church, Saskatoon, Dr. Kannawin was greatly impressed by the fact that one aged couple had driven ninety miles to attend the service. The idea of a motor van equipped as a church mission entered his mind, and it was later brought into being. Rev. W. G. Brown was the minister of the Saskatoon Church at the time. He is sometimes known as Brown of Red Deer. The church headquarters anticipate a request for a similar service for the provinces of Manitoba and Alberta next year.

In the evening, Dr. Kannawin opened his address with a fitting illustration from a scene in a British Columbia mining camp. Reverend J. R. Douglas, then a missionary, was conducting a communion service. Sitting in the congregation was an old miner who have never taken communion in all the ninety five years of his life, although he had frequently been present at the service. At the service mentioned, the old man came forward and professed his faith in the Christian God and took his place at the Lord's table. It was this sort of faith about which he wished to speak, and particularly discipleship in it. In particular, Dr. Kanniwan appealed to the young men of the church to become dedicated to the task, even as Christ had been dedicated to his life when he resisted the temptations of the Devil. These temptations were very similar to those of the present day, he explained and also stated his belief that the aspostles were young men dedicated to their great task, great service and their final great sacrifice.

In conclusion, Dr. Kannawin recalled an incident of the South African war. Lords Kitchener and Roberts having decided that the key to their present difficult situation lay in the capturing of a certain enemy stronghold, summoned their junior officers and laid the information before them, with a request that one of them volunteer to lead an attack against the place. At once an old Scottish Colonel volunteed to command the enterprise and returned to his regiment. Briefly, he explained to his men what he had done, and asked for any volunteers to step forward two paces from the ranks.

In order for them to decide more freely, he turned his back to them for a brief few minues. When he again faced them, there was not a break in the ranks. He was dumbfounded to think that not one soldier of a Highland regiment would volunteer, and remarked on the singularity of a Highlander flinching in the face of danger. The Captain in command of A Company stepped forward, saluted smartly and said, "All the men have volunteered, sir."

Young People's Work

A round table discussion followed and resulted in the formation of a Young People's Presbyterial Society to co-operate with the Presbytery's convenor of Sunday School and Young People's society work. The following officers were elected: Joseph Townsend, Hastings, President; Miss Viola Wilson, Vice-President, Keene, and Thomas Dutton of Peterborough, Secretary - Treasurer. Each young people's society in the Presbytery are to appoint two members to form an executive.

At the noon recess and after the afternoon session, the ladies of the Campbellford Church served lunch and tea to the out of town representatives. These were from Norwood, Lakevale, Omemee, Lakehurst, Port Hope, Brighton, Janetville, Millbrook, Havelock, Warkworth, Keene, Westwood and Hastings. Miss Winchester of Toronto, who was to speak in the afternoon, was unable to attend on account of more urgent matters at head office in Toronto. Dr. Kannawin addressed the meeting when it was ascertained that she would not be present.

Exchange Telegraph dispatch from Budapest reports that Captain Otto Koennecke and his plane Germania passed over Budapest at 8.40 last evening flying in an easterly direction. (Budapest is approximately 600 miles from Cologne ,the starting place of the Germania on its flight to the United States by way of the Orient).

Woman Forced Down.

AUBURN, Ind., Sept. 21 (Canadian Press). — James F. O'Donnell and his wife, participating in the trans-continental air derby were forced down one mile north of here last evening because of a 60-mile wind. They made a safe landing and their plane was not damaged.

O'Donnell and his wife are resting at an Auburn hotel and expect to resume their flight to Chicago this morning.

ENO in the morning

NEVER let your supply of ENO's "Fruit Salt" run low. Always be sure you have a supply at home, at your office, in your locker at the club.

The regular use of ENO means inner cleanliness—and inner cleanliness means HEALTH. It acts very much as fruit acts—possessing, in fact, many of its beneficial and refreshing qualities in a convenient and concentrated form.

NEVER be without ENO. 76

Dominion Golf Champion Again Leads in Tournament

CANADIANS LEADING IN GOLF TOURNEY

Looked On As Strong Contenders For National Women's Crown.

CLOSE CONTEST.

Mrs. Dorothy Campbell Hurd and Miss Eileen Patterson Eliminated.

GARDEN CITY, N.Y., Sept. 21 (Canadian Press).— Representatives of the Dominion in the national women's golf championship tournament here advanced to the second round yesterday and last night were looked upon, by virtue of their sterling play and comparatively easy victories, as strong contenders for the title. One of them, Mrs. W. G. Fraser, of the Royal Ottawa Club, would experience no new sensation were she to catch the crown, for she held the title in 1916, 1919 and 1920, as Miss Alexa Stirling of Atlanta, Ga. Miss Ada Mackenzie of the Toronto Ladies' Golf and Tennis Club, is the amateur and open chapion of the Dominion, and gave evidences of it in her successful play yesterday as well as in her remarkable score of 77 over a rain-swept course Monday.

Some of the leading contenders for the title had a rough round of it yesterday over the rolling fairways of the Cherry Valley Club.

Among those whose title aspirations met disaster in the opening round of match play were Mrs. Dorothy Campbell Hurd, Philadelphia, winner of the crown in 1909, 1910, and 1924, and Miss Eileen Pattison, champion of Bermuda.

Mrs. Hurd went down before Mrs. Henry Pressler of Los Angeles, Calif., by a margin of one up in as hard a battle as she has ever been called upon to fight. Miss Pattison was beaten by 2 and 1 by Miss Jane Brooks of Englewood N.J.

Glenna Collett in Finals

Among those who managed to win places among the 16 survivors, and who are seen as possible winners were Miss Glenna Collett of Providence, R.I., winner in 1922 and 1925, and Mlle. Simone Thion De La Chaume, champion of France and England.

The most impressive showing of the day was made by Miss Maureen Orcutt, Metropolitan champion, who knocked five strokes from women's par in the 12 holes needed to win from Mrs. Elnora P. Harwood of Chicago. Miss Orcutt lost not a single hole and won by 8 and 6.

Miss Collett, on the other hand, had a narrow escape in nosing out Mrs. J. L. Anderson of the Cherry Valley Club by a margin of one up.

The two Canadians won handily, Miss Mackenzie defeating Mrs. E. H. Fitler of Philadelphia, 7 and 5, and Mrs. Fraser accounting for Mrs. Arnold Jackson of Greenwich, Conn., 6 and 5.

Of the 15 who started play, the following 16, named in the order in which they will meet today are still in the running.

Miss Ada Mackenzie, Torono, vs. Miss Helen Payson, Portland, Me.

Miss Virgina Van Wie, Chicago, vs. Miss Edith Quier, Reading, Pa.

Miss Maureen Orcutt, Haworth, N.J., vs. Miss Rosalie Knapp, Glenhead, N.Y.

Miss Marie Jenney, Yonkers, N.Y., vs. Miss Jane Brooks, Englewood, N.Y.

Mrs. Miriam Burns Horn, Kansas City, Mo., vs. Miss Bernice Wall, Oshkosh, Wis.

Mrs. Henry Pressler, Los Angeles, Calif., vs. Mrs. Courtland Smith, Glenridge, N.J.

Mrs. Alexa Stirling Fraser, Ottawa, vs. Miss Glenna Collett, Providence, R.I.

Mrs. H. G. Higbie, Detroit, vs. Mlle. Simone De La Chaume.

POUNDING THE BAG

Here is Jack Dempsey pounding the bag, whipping his muscles into shape in preparation for his return bout with Champion Gene Tunney.

LIKELY TO TRADE PUNCHES WITH JACK

Observant Champion is Practising To Avoid Body Blows.

(BY JOE WILLIAMS)

CHICAGO, Sept. 21.—Your friend Mr. Gene Tunney, I learn, plans to fight a somewhat different style of fight against the celebrated hollow shell in the Battle of the Big Dough here the night of Sept. 22.

This in spite of the fact that the style he employed a year ago against the same man was effective enough to win ten rounds out of ten.

Why change? You ask, and well you may.

Your friend Mr. Tunney is a keen, observing dude. To the extent that he relies largely on a tack-hammer left hand and a stinging right follow-up, he is pretty much set in his style. But he can change around a bit and when he changes he usually knows what he is doing and why.

Your friend Mr. Tunney was at the ringside the night Dempsey dumped an odd assortment of right and left hands into Jack Sharkey's midriff. He made mental note of the fact that Dempsey was shooting for the belt throughout the fight, and that he seldom swung for the head.

Dempsey has always liked to shoot for the belt, but in the days gone by he varied his attack more; where he shot two to the belt, he shot one to the head. Against Sharkey the ratio was as 5 is to 1 in favor of the belt.

Watching your friend Mr. Tunney in training amid the pastoral splendors of his country club surroundings here, I note that he is holding his left guard lower than is habitually his style.

Sparring with Jackie Williams and Billy Vidabeck and Chuck Wiggins the champion almost invariably carries the left glove at his waist line and the obvious deduction is that he means to use this as a constant defense against Dempsey's body onslaughts.

That is one marked difference in his present style. Another is that he himself is shooting more for the body than ever before. The champion's best punch is a right jolt to the liver. It was with this punch that he started Carpentier and Gibbons on the road to ruin. Naturally he has always thought pretty well of it. But where his custom in the past was to hold it in reserve for an emergency today he is using it continually.

Last year at Philadelphia your friend Mr. Tunney was content to stand off and pepper Dempsey's bugle with straight lefts, followed, at daring intervals, with a resonant right-hand smack on the whiskers or in the vicinity thereof. He didn't do much body punching, chiefly because that meant getting in close where the going was not only tougher but more dangerous.

If he is to use his right jolt to the body with the frequency that his training seems to indicate, it means that he is prepared to take more chances against Dempsey this time than he did a year ago—and if he does you will see one hell of a fight, as they say in our most advanced dramatic circles.

Personally I find it hard to believe that your friend Mr. Tunney plans to step out and trade body punches with Dempsey in a serious way, but, from what his associates say and the way he is punching these days, there is plenty of evidence in the affirmative.

I hear that he is privately disturbed at criticism for his failure to knock Dempsey out a year ago after hitting him 4589 times and that he is determined to prove that he can knock him out—his statement that he came here "to box, not to fight" to the contrary notwithstanding.

He hit Dempsey with all his power with a right-hander to the face and it didn't drop him.

He saw Sharkey, a hard hitter, hit Dempsey with the same kind of punch in much the same way, without creating any serious damage.

He is about convinced that you can't hurt Dempsey by hitting him in the head. Hence the decision to go after the body, which passing time and luxurious living supposedly have weakened no end.

Your friend Mr. Tunney will not admit that he plans to fight a different fight or that he has any fixed scheme in mind. All he will say is:

"I will win again and I will win decisively. I have never been afraid of any man and I am less afraid of a man I have once whipped."

OFFICIALS MAKE ARRANGEMENTS FOR DEMPSEY-TUNNEY BATTLE

Wagers Narrowing Down on Champion With the Odds at 6-5.

MANY RUMOURS AFLOAT.

Rickard Warns Against New Flood of Counterfeit Tickets.

CHICAGO, September 21. — Prebattle preparations for the Dempsey-Tunney heavyweight championship ten round match Thursday night at Soldiers' Field approached a climax to-day with these outstanding developments:

1. Continued reports of a decided drift in Jack Dempsey's favor, with wagers on Gene Tunney down to odds of 6 to 5 in many instances and prospects of even money betting by to-day.

2. A new "flood" of counterfeit tickets of all denominations from $5 to $40 announced by Tex Rickard and resulting in increased vigilance by federal and local agents.

3. Conference of state athletic commission with rival managers of fighters on rules together with reports that the commission had further whittled down the referee candidates to three men, generally supposed to be Walter Eckersall, newspaperman; George Lytton, businessman, and David Miller, a wealthy sportsman, and veteran official of Chicago.

4. Dismissal by the federal court of a suit by Rev. Elmer Williams to stop the fight on grounds that it endangers public morals, and postponement until to-day of application for permanent injunction by the Coliseum Athletic Club based on claims of prior contract with Dempsey to fight Harry Wills here last year.

5. Reiteration by Dempsey of alleged efforts to "frame" his losing battle with Tunney last year, the basis of the ex-champion's now famous "open letter" and assertion that he still was determined to force an answer from the title holder.

Tunney Favorite.

Although Tunney retained a decided favorite among the newspaper critics, more than 1200 of whom are gathered here from all parts of the country as well as foreign lands, the indication that Dempsey is in trim for a sensational fight, has strengthened his support. This was reflected yesterday in the narrowing of the betting odds, which have been hammered down generally within the past few days to 6 to 5 from 7 and 8 to 5.

The question "Who do you like?" is heard everywhere as advance throngs arrive from all parts of the world to make up the record-breaking assemblage of between 150,000 and 160,000 spectators ,and a gate that may be anywhere from $2,500,000 to $3,200,000.

Fully half of the crowd is expected to consist of visitors arriving here by special trains, automobiles, boats and aeroplanes. The "peak" of the incoming rush is expected on Thursday morning.

Workmen put the finishing touches yesterday to the vast expanse of pine seats, augmenting Soldiers' Fields' concrete stands while telegraph men took over the job of installing about 140 ringside wires, a record breaking number, which will carry the "spot" stories of nearly 400 ringside writers. This represents, however only a third of the total array of writing talent assigned elsewhere.

So far as the referee is concerned, "he will not know himself that he has been selected until the boxers climb into the ring," Paul Prehn, a member of the state athletic commission, declared. John Righeimer, the chairman, indicated no definite selection had yet been made but the understanding was that it was now confined to the three previously most mentioned men Lytton Eckersall and Miller.

Establish Rules.

The commission's already established rules governing the details of the battle's conduct were gone over with Dempsey's manager. Each of the fighters will be limited to 30 feet of gauze bandage for each hand, with enough adhesive tape to hold it. That as well as other equipment will be donned under the surveillance of the commission.

MARMORA GIRLS WIN FROM STIRLING

Circuit Clouts Feature in 13-7 Victory For Home Girls.

MARMORA, Sept. 21.—In the softball game between Stirling and Marmora girls, the home girls were victorious by 13-7. Home runs were registered for them by the sisters, Gladys and Elsie Williams, and Eileen Meehan.

Teams:

Stirling—I. Bailey, H. Bailey, W. McInroy, M. Geary, C. Bailey, R. Spry, P. Shea, M. Hulin, B. McGee.

Marmora—E. Lee, M. Flynn, G. Williams, E. Meehan, M. Litt, E. Williams, C. Simmons, J. Thompson, A. Knox.

Score by innings:

Stirling .. .. 1 0 2 2 0 0 2— 7
Marmora .. .... 3 0 4 0 2 4 x—13

News of the World Opens Pro. Tourney

TADWORTH, Surrey England, September 21 (Canadian Press Cable). — The News of the World's 1,000 guineas professional golf tournament, with 64 qualifiers, commenced here yesterday. Charles Whitcombe beat George Duncan in the opening round 18-hole match at the twentieth hole. Duncan took the lead at the start with a birdie three and was one up at the turn. Whitcombe drew up on level terms at the tenth, and took the lead at the fourteenth. They were square at the seventeenth, while the next two holes were halved. At the twentieth, Whitcombe, putting from six yards, laid a dead stymie. Duncan attempted to overcome the stymie with a niblick shot, but topped his ball, and then knocked the balls away as a token of defeat.

The veterans participating in the match all played magnificently, with Alexander Herd, Harry Vardon, James Braid, and Ted Ral all winning their first round matches.

LOCAL TWIRLER HAS GREAT FUTURE

Jeff Hardill Also a Clouter, Says the Toronto Star.

The Toronto Daily Star yesterday carried the following story about Jeff Hardill prominent pitcher on local Seniors:

Scout Knotty Lee of the Toronto Leafs had expectations of seeing Harvey Gillespie the undefeated St. George's right hander, turn in one of his unusual pitching feats when The Star Trophy champions played Peterborough at the Leaf Stadium on Saturday.

Al Heckman, the regular Peterborough twirler, is somewhat of a veteran, and the fans were awaiting the duel between Heckman and Gillespie with some interest. But the Peterborough management sprung a big surprise on the St. George's team and on the fans. Instead of pitching Heckman, they gave Jeff Hardill, a Junior hurler, his chance to make good—and on his performance on Saturday the "Petes" should have won the game.

Hardill, a green Junior, stepped into the Ontario championship match and went off with a bang. A towering 19-year-older he weighs 185 pounds and he mixed up enough mound tricks against St. George's to make the fans gasp. For six innings he allowed The Star Trophy champions only one hit, a double to centrefield by Sniderman, with the runner taking a chance on his speed to stretch it into a double. In the whole game Hardill only allowed four hits—but still lost the game.

A fluky triple that the rightfielder entirely misjudged in the seventh cost the Peterborough kid hurler a sweet victory on the big grounds.

Had Three Big Hits

Gillespie came out of the game still undefeated, but Hardill emerged with wise old ball players nodding their heads over a new, young prospect who was sensational in his first move into Senior baseball. In addition to his righthanded pitching, Hardill bats left-handed in approved slugging style, and led the hitters on both teams with two singles and a double ,all with men on base.

Peterborough comes back on Saturday to meet St. George's in the third and deciding game of the Ontario semi-finals, and the Peterborough management promises to again shoot Jeff Hardill into the game at some stage against St. George's. The Toronto Leafs are reported enthused over Hardill's confident performance and a contract may be proffered him when he returns on Saturday.

ATHLETICS WIN DOUBLE HEADER

Finish Season's Series With St. Louis Browns By Two Victories.

TWO SCHEDULED.

NEW YORK, September 21 (Canadian Press). — The Athletics finished the season's series with the St. Louis Browns yesterday by winning a double-header by scores of 4 to 1 and 7 to 3 at Philadelphia.

Crowder blanked the Athletics in the opener until the ninth inning, when passes to Cobb and Cochrane and a single by Fox tied the score. Al Simmons followed with a home run, behind Cochrane and Fox.

Milton Gaston was solved for six runs in the first inning of the second game, and made three wild pitches, each of which allowed a runner to score from third base.

Detroit won both ends of a double-header at Boston, 4 to 3 and 5 to 3, closing the season's series between the two clubs. The Tigers won 17 of their meetings with the Red Sox this year and lost five. Regan's hitting and the fielding of Ruble and Blue featured yesterday's contests, while the relief pitching of George Smith pulled out the second game for the visitors.

Two double-headers scheduled.

PIRATES LOSE SECOND GAME

Veteran Robins Pitcher Holds League Leaders To 3-0 Shut-out.

THREE GAME LEAD.

NEW YORK, September 21 (Canadian Press). — The Robins handed the League-leading Pirates their second consecutive shut-out defeat at Pittsburgh yesterday, 3 to 0, as Bill Doak, veteran flinger of spit balls, held the Corsairs to two hits. Only one Pittsburgh player reached second base. The reversal cut the Pirate margin on the peak to three games. The second place Giants, enjoying two off days on their schedule, saw the contest from the stands. They are slated to open a four-game series here on Thursday.

Lee Meadows allowed seven hits in the pitching duel ,three of which were grouped in the fourth for two runs. With one out, Carey tripled and scored on a single by Hendrick. A double by Herman sent the second run over the plate .

The other Brooklyn tally came in the seventh on consecutive singles by Butler and Henline, and Doak's sacrifice bunt which permitted Butler to score. A pinch-hitter went in for Meadows in the eighth, and Dawson twirled the final session.

Doak yielded three bases on balls, all going to Paul Waner. The only hits made off him were a double by Gooch in the third and a single by Lloyd Waner in the sixth.

Incidentally the Pirates have not scored a run since the club started taking applications for World Series tickets on Monday.

Cards Win Out.

Successive homers by Frisch and Hafey in the seventh inning enabled the St. Louis Cards to make it five in a row over the Phillies and win the final game of the St. Louis series yesterday, 5 to 4.

The victory put the Cards into a tie with the New York Giants in second place, but three games behind the Pirates.

Ulrich, the Philadelphia pitching ace, allowed the Cards only seven hits, but the grouping of two doubles and a single with a walk and a sacrifice in the first inning, which netted the Cards three runs, together with the seventh inning homers, proved his undoing.

Sherdel allowed the visitors ten safeties. He had one bad inning, the fifth, in which the Phillies got three singles and a triple to score three runs. A ninth inning rally fell short with one run when Cooney doubled, advanced on Friberg's single, and came home on the squeeze play.

The Cubs made it four out of five from Boston at Chicago yesterday, and 15 out of 22 for the season by taking the final game 8 to 5. The visitors got a four-run jump on the Cubs in the first inning by driving Lefty Wienert off the hill. Jones, who succeeded him, held the Braves safe with the exception of the second inning when Morrison hit a home run. Chicago tied the score in the first two innings by bunching hits, including a home run by Heathcote, with three Boston errors. They forged ahead in the seventh on English's single and Stephenson's double, and scored two more in the eighth on Jones' hint, Adams' triple, and an error by Farrell. Welsh also poled a home run in the Braves' first inning with two men on.

BASEBALL RESULTS

American League.

1st game:

St. Louis . . . . . 000010000—1 5 0
Philadelphia . . . . 000000904—4 7 1

Crowder and O'Neill; Grove, Johnson and Cochrane.

Detroit . . . . . 101200000—4 9 1
Boston . . . . . 000102000—3 9 0

Whitehill and Bassler; Lundgren and Hofmann.

2nd game:

St. Louis . . . . . 000102000—3 10 2
Philadelphia . . . 60100000x—7 11 0

Gaston and Schang; Ehmke and Cochrane, Perkins.

Detroit . . . . . 301001000—5 9 0
Boston . . . . . 101100000—3 6 1

Holloway, Smith and Woodall; Harriss, Wiltse, Russell and Hartley.

National League.

Brooklyn . . . . . 000200100—3 7 0
Pittsburgh . . . . . 000000000—0 2 1

Doak and Henline; Meadows,Dawson and Gooch.

Boston . . . . . 410000000—5 9 4
Chicago . . . . . 220000121—6 13 0

Morrison and Gibson; Weinert, Jones and Hartnett.

Philadelphia . . . . 000020001—4 10 0
St. Louis . . . . . 30000020x—5 7 1

Ulrich and Wilson; Sherdel and Schulte.

These were the only games.

An automobile specially built for the Emir of Kano—a prominent Nigerian chief—is gorgeously painted in red, blue, green, yellow, white and gold. But because of the religious tenets of the owner there is not a speck of black on the car.

OTTAWA SENATORS PLAY IN EXHIBITION

Will Take Field For Initial Time Against "Old Boys" Team.

OTTAWA, Ont., September 21 (Canadian Press). — Ottawa's hopes for senior gridiron honours this season will take playing field for the initial time on Saturday, when the Senators' line up for an exhibition tilt against the "Old Boys" rugby warriors who carried the hopes of the Capital in bygone years. The match has been arranged as a conditioning game in preparation for the opening of the "Big Four" playing schedule.

The fixture will also serve to give the fans a line on those yet to be chosen to fill the gaps in the team which won the Dominion championship last season, left with the departure of Joe Miller, crack halfback, Harold Starr, brawny outside wing, and "Chubby" Dunne, middle-wing, who has left for college, probably Queen's.

Miller is now a professional hockey player, while Starr has been forced out by failing health.

The greatest task of Coach Dave McCann appears to be in filling the gap in the backfield. Some of those now under consideration are Bert McInenly, former Rideau junior star, "Chunky" Levine, amateur hockey player of note, and Bill Brassington, and Harry Kehoe, spares on last year's team. The strongest contender for the outside wing position is a former Colgate College gridman, Ted Smith. Smith has shown himself as a deadly tackler as well as a sure-handed catcher and fleet-footed runner. An abundance of new material for other line positions has been turning out regularly for practice.

NORWOOD NEWS

The young people of the Presbyterian church held a corn roast on Thursday evening.

Mrs. A. J. Nixon is very ill and her many friends hope for a speedy recovery.

Mr. and Mrs. F. Bedon and family were in Peterborough on Thursday attending the exhibition.

Reeve Montgomery was in Peterborough on Friday on business.

Mr. and Mrs. George Salome and daughter, Ruth, were in Peterborough on Wednesday attending the exhibition. They were accompanied by Mrs. J. Rothwell.

Mr. Arthur Boast is visiting the Rothwell brothers.

Johns-Manville Rigid Asbestos Shingles

"Try an' Burn it!"

This shingle—
brings a permanent Asbestos roof within the reach of every pocketbook

A ROOF that is permanent, a roof that is fire-proof, a roof that you'll never need to repair. A roof of everlasting Johns-Manville Rigid Asbestos Shingles.

Because of their hexagonal shape, needless overlapping is eliminated—the amount of material necessary to cover the roof is reduced and the cost is therefore much lower.

Hand in hand with this low first cost goes a remarkable freedom from upkeep expense. These shingles of asbestos rock, cannot rot, curl, split, warp or burn. Nothing can harm them, they will literally outlast your home.

HEAVY HORSES

Clydesdales.

Stallion, foaled in 1926: 1st, George H. Hooton, Ida; 2nd, Elmer Windren, Ida.

Registered mare and foal: 1st, H. Bryan, Ida; 2nd, Wilbert Gardner, Ida; 3rd, J. M. Hope, Peterborough.

Foal of 1927: 1st, H. Bryan, 2nd, J. M. Hope; 3rd, H. Gardner.

Registered filly three years and under four: Deyell Bros., Omemee.

Pair registered mares in harness and wagon: 1st, W. Steinkrauss & Son; 2nd, J. M. Pope, Hubert Gardner.

Yeld mare, four years and over: 1st and 2nd, W. Steinkrauss and Son; 3rd, Deyell Bros.

Percherons.

Stallions, three years and over: 1st, Walter Moncrief, Frazerville.

Mare and foal: 1st, R. Moncrief and Son; 2nd, Leonard Moncrief.

Foal of 1927: 1st, R. Moncrief and Son; 2nd, Leonard Moncrief.

Registered filly, one year and under: 1st, R. McCamus, Ida; 2nd, George Whittingdon and Son, South Monaghan; 3rd, R. Moncrief and Son.

Registered filly, three years and under four: 1st, John Rowland, Millbrook; 2nd, Emery Windren, Omemee.

Pair mares or geldings in harness in wagon: 1st, Emery Windren, Omemee; 2nd, J. M. Hope.

Yeld mare, four years and over: 1st, Emery Windren, 2nd, R. Moncrief and Son.

Heavy draft, non-registered.

Brood mare and foal: H. Bryan, 2nd; Bowles Bros., Ida.

Foal of 1927: 1st, H. Bryan; 2nd, Bowles Bros., Ida.

Mare, one year and under: 1st, Walter Brown, 2nd; George Ward and son.

Mare or gelding, three years and under four: 1st, H. and J. H. Cassels, Bobcaygeon; 2nd, Alexander Poulton, Bobcaygeon; 3rd, J. M. Hope; 4th, George Ward and Son.

Mare or gelding, four years and over: 1st, J. M. Hope; 2nd, H. Cathcart, Ida; 3rd, P. Leahy, Indian River.

Pair mares or geldings to be shown in wagon: 1st, J. M. Hope; 2nd, H. Cathcart.

Agricultural.

Brood mare and foal: 2nd, H. Bryans; 3rd, John O'Callaghan, Peterborough.

Foal of 1927: 1st, John O'Callaghan; 2nd, H. Bryans.

Mare or gelding, one year and under: 1st, H. Bryans; 2nd, J. M. Hope; 3rd, Walter Moncrief, 4th, C. E. Moore.

Mare or gelding, two years and under three: 1st, Alexander Fulton; 2nd, E. Kelk; 3rd, M. H. Johnston.

Mare or gelding four years or over: 1st and 2nd: J. Debitt and Sons, Bobcaygeon; 3rd, S. Thorne.

Pair in wagon: 1st, J. J. Debitt and Sons; 2nd, S. Thorne.

General Purpose.

Brood mare and foal: 1st, R. Moncrief and Son; 2nd, W. E. Roseborough; 3rd, E. Windren.

Foal of 1927: 1st, W. Rosborough; 2nd, R. Moncrief and Son; 3rd, W. Windren.

Mare or gelding, one year old and under two: 1st, Walter Moncrief; 2nd, C. E. Moore.

Mare or gelding, two years old and under three: 1st, Walter Brown.

Mare or gelding, three years old and under four: 1st, J. M. Hope; 2nd, Deyell Bros.

Mare or gelding, four years and over: 1st and 2nd, Peterborough Milk Products; 3rd, Elmer Windren.

Pair in wagon: 1st, Peterborough Milk Products; 2, R. Moncrief and Son.

Heavy Delivery.

Mare or gelding, to be shown in single harness and heavy delivery wagon: 1st and 2nd, Peterborough Milk Products; 3rd, S. E. Moncrief, Peterborough.

Heavy Horse Specials.

Grandy Special for best mare or gelding, any age: 1st, W. Steinkrauss and Son, John Gillespie Silver Cup for best heavy draft mare, any age: W. Steinkrauss and Son.

Drummond and Hall Special for best yearling colt or filly: 1st, Bowles Bros.

Drummond and Hall Special: for best yearling colt or filly, sired by percheron stallion: 1st, R. McCamus.

Royal Bank Specials.

Best team of registered clydesdales: 1st: W. Steinkrauss.

Best team of registered percherons: 1st, Emery Windren.

Best agricultural team: J. Debitt and Sons.

Best general purpose team: Peterborough Milk Products.

Dr. McElroy, V.S. Special for the best general purpose foal: W. E. Rosborough.

Light Drawing Class.

Weight of load, 5000 pounds: 1st' Harry Mitchell, Hazlett St.; 2nd, B. Deck, R.R. No. 5, Peterborough; 3rd, B. Cunningham, Frazerville.

How Many Can You Answer To-Day?

Each question counts 10. If you answer 8 correctly, your intelligence rating is 80%. Actual tests reveal that 8 out of 10 correct is College Standard; 6 out of 10 correct is High School Standard; 4 out of 10 correct is Grammar School Standard. Less than 4 correct is Uneducated Standard.

1. Which Danish king tried to prove he could keep the tide from rising?
2. Who wrote the Aeneid?
3. What nave the following in common: Augustus, Marcus Aurelius, Hadrian and Vespasian?
4. From what are the words czar and kaiser both derived?
5. What is a pogrom?
6. Is Delhi in India, Sumatra, Java or Ceylon?
7. What is a bireme?
8. What two provinces did France lose to Germany in the war of 1870?
9. Between what two countries was the Treaty of Brest-Litovsk?
10. Who are the traditional enemies of the modern Greeks?

(Answers found on Want-ad Page.)

Lyrics Of Life

(By Douglas Malloch.)

OUR OWN FRONT YARD

A choke-cherry grows in our front yard,
And we've looked long, and we've looked hard
For something beautiful we might see,
And never saw the choke-cherry tree.

Right near the tree a honeysuckle grows,
That no one notices, I suppose.
We look up town and we look down street,
With a honeysuckle right at our feet.

Always somewhere else all the wonders are,
Or perhaps it's this—that we look too far.
We watch the walk where the velvets pass,
And we never see our own green grass.

We drive and we drive, for miles and miles,
While out in front Mother Nature smiles.
There's not a place that we haven't known,
Excepting one, and that one's our own.

And so for once let us stay right here
And see the things that are somewhere near.
Let the wide world wait until afterward,
Till we take a look at our own front yard.

(Copyright, 1927, Douglas Malloch.)

RUGBY MEETING CALLED TONIGHT

Will Hold Organization Meeting at 7.30 To-night in Y.M.C.A.

PROSPECTS GOOD.

An organization meeting is called for 7.30 tonight in the Y.M.C.A. when all those interested in rugby are asked to be present. Peterborough in the past has had some real rugby teams and from all prospects she ought to have a real one this year. Already nearly thirty boys have been out to practice and all they need is a little backing from the citizens who are sports enough to help rugby along. The last two or three years coaches Max Sloan, Sergeant Deannard and other men have given much of their time to helping rugby along in this city. Last year's team in the Junior O.R.F.U. made a wonderful showing and this year all the team intact with a few other splendid players who have been tested out either on the Collegiate team or other teams in the city. Peterborough should have one of the best teams in its history.

MORE POLICE ON HIGHWAYS

Increase From 50 To 70 Is Announced By Minister.

TO CHECK UP ON CARS.

TORONTO, Sept. 21.—Following hard upon the recent epidemic of motor fatalities in the province, Hon. Geo. S. Henry, Minister of Highways, announced yesterday a forty per cent. increase in the strength of the Highway Police Force. Previously the strength of this body, which patrols the main provincial roads between municipalities, has stood at fifty. Its strength now, according to the Minister's statement of his appointments which he has made, stands at 70.

There is a strong prospect also, that, before Hon. Mr. Henry finishes working out the program of accident prevention upon which he is concentrating, every automobile owner in the province will be required to have his vehicle inspected with a view to certifying the efficiency of its brakes, and the non-glare of its headlights. Such inspection is compulsory in the State of Massachusetts, where some 2,800 garage owners have co-operated with the Government in handling the work free of charge.

Hon. Mr. Henry has the details of the Massachusetts scheme before him and is strongly considering asking the co-operation of the Ontario garage men in giving similar service. He conferred yesterday with J. P. Bickle, Registrar of Motor Vehicles in the province, with a view to having him possibly make immediately a trip of investigation to Massachusetts to study the details of the regulations which are in force there.

Ever since the list of motor accidents commence to swell alarmingly some weeks ago, Hon. Mr. Henry has been giving close attention to the situation. He had traffic conditions carefully checked, with the result that he decided upon the radical increase in the strength of his motorcycle patrol force, which he has now effected. He has personally spent a great deal of time upon the highways in travel, hoping to discover some details of the situation which might help him to cope with it.

Studies Night Travel.

With the end in view of making a personal study of condition of night travel, Hon. Mr. Henry drove the other night to Niagara Falls and back, taking with him some of his enforcement officers and intending to summons any criminally careless drivers whom he might encounter. From representations which had been made to him, Hon. Mr. Henry thought that he should probably round up six or seven negligent ones at least, and that the incident would impress the determination of the department to secure strict enforcement of its traffic law. During the whole of the drive, however, Hon. Mr. Henry did not meet one person whom he desired to prosecute.

The number of accidents during the present year is declared by the Highways Minister to represent a sort of epidemic which is being experienced not in the province alone, but generally over the continent. Statistics show the increase of fatalities this year over the whole province to be from 101 to 141, or approximately 40 per cent. In Toronto alone, however, they have increased from 21 to 33, an increase of over 57 per cent.

Many Convictions Registered.

To indicate the enforcement which is being given to motor traffic laws over the province, Hon. Mr. Henry secured from Registrar J. P. Bickle yesterday the following summary of operations for the month of August:

"Summary of convictions registered by police magistrates throughout the province during the month of August as compiled by returns filed with the motor vehicles branch shows that three thousand and eight persons were convicted of various offences and $28,108.59 was collected in fines and costs.

"During the month there were fifty persons convicted of operating or being in charge of motor vehicles while intoxicated. These were all given jail sentences ranging from seven to thirty days and their motor vehicle permits and drivers' licenses were suspended for periods ranging from one to twelve months.

"In addition to these suspensions sixty-two permits were suspended for other offences such as reckless driving or failing to return to the scene of accident. Other interesting figures shown are three hundred and ten persons convicted for operating motor vehicles with glaring or improper lights and twenty-two for operating without chauffeur or operators' licenses. Four convictions were registered against minors, i.e., persons under sixteen years of age operating motor vehicles."

Former Champion Confident Will Win The Heavyweight Crown By a Knockout

CRETE, Ills., September 21 (Associated Press). — Jack Dempsey curled up under the blankets last night for his sleep at his wind-swept training camp, confident that when he meets Gene Tunney in Soldirse' Field on Thursday night he will win by a knockout within seven rounds.

The former world's heavyweight champion appeared to be in wonderful shape yesterday as he loafed around camp, passing the time with his father, Hiram Dempsey, and other relatives who came on from Salt Lake City to see, as they expressed it, "Jack win back the title."

Dempsey's father brought with him Jack's nephew, Lloyd Standard. The elder Dempsey's brothers from West Virginia, Richard and Lou Dempsey, Jack's cousin, Hiram Dempsey, and the Mayor of Salt Lake City, Clarence Neslen, also joined the group. Mayor Neslen flew from Salt Lake in an aeroplane to see the fight.

Hiram Dempsey is certain that his famous son will conquer Tunney.

The Dempseys will have ringside seats, and already are planning to join in the big celebration late on Thursday night in honour of "the only heavyweight champion who ever came back."

The former titleholder did four miles of road work yesterday morning with Joey Ray, the miler, and Jerry the Greek as his companions. Late in the afternoon Dempsey sharpened up his punch on both the light and heavy bags.

All About the Fight

CHICAGO, September 21 (Canadian Press). — Following are the salient facts of the Dempsey-Tunney pugilistic spectacle tomorrow night:

Principals—Gene Tunney, New York, 29, defending heavyweight champion; Jack Dempsey, Los Angeles, 32, champion from 1919 to 1926, and now challenger.

Place—Soldier Field, on Chicago's waterfront.

Time—Approximately 10.30, eastern daylight time. Preliminary bouts start at 8.15 p.m.

Match—Ten rounds to decision by two judges, referee to cast deciding ballot only in case judges disagree. Identity of officials not revealed until just before the fight.

Estimated attendance, 150,000. Capacity, 170,950.

Estimated receipts, $2,750,000. sell out would mean $3,200,000.

Tunney's share—Flat guarantee of $1,000,000.

Dempsey's share—Flat guarantee of $450,000.

Price of tickets—Five dollars to forty dollars.

Promoters—George L. (Tex) Rickard, New York, and George Getz, Chicago.

Probable weights—Tunney, 191; Dempsey, 196.

Seconds—For Tunney, Billy Gibson, Jimmy Bronson, and Lou Fink; for Dempsey, Leo Flinn, Billy Duffy, Jerry Livadis, and Gus Wilson.

Radio—Fifty-six stations in International Broadcasting Company's country-wide hook-up.

COMMITTEE FAILS TO REACH AN AGREEMENT

Sub-Committee of Preparatory Commission Terminates Its Work.

ON DISARMAMENTS.

Hoped That Definite Formula Will Be Drawn Up To-day.

GENEVA, September 21. — The sub-committee of the League of Nations preparatory commission for a disarmament conference terminated its work last night without reaching a final accord on the text of a project to be presented to the assembly of the league, and to serve as a guide to the commission. It is hoped that a definite formula will be drawn up to-day and presented to the full commission in the afternoon of the following day.

M. Paul-Boncour announced yesterday that the disarmament committee had agreed on the principles of his security project embodying the fundamental French ideas on security among nations in conjunction with reduction of armaments.

It now seems clear that the project to be submitted by the sub-committee will give satisfaction to both M. Paul-Boncour of France, and Count Von Bernstorff, of Germany. While Great Britain, which is represented by the Earl of Onslow on the sub-committee, will raise no objection to the French suggestion of a series of regional security pacts, provided there is no inference that she should join in these.

Count Von Bernstorff at the end of the session remarked to the correspondents: "Things are going in a good way." He expected a satisfactory solution for all parties to-day.

Would Invite States.

The assembly's activities in the domain of economics are moving in the direction of the creation of a special organization to follow up and carry out the decisions of the recent international economic conference held at Geneva. M. Louchour, of France, who was the instigator of the economic gathering, said last night that the United States would probably be invited to sit on this special commission, which will be an organism quite apart from the League's pertinent economic committee.

The morning session of the assembly was devoted to the adoption of numerous reports on the activities of the League's social welfare and health organizations.

LAWN BOWLING

Owing to the inclemency of the weather last night the bowling tournament was postponed till to-night. Weather permitting, the start will be made at 7 p.m. sharp, and everyone is asked to be on hand.

GOLF NEWS.

Mrs. C. G. Graham vs. Mrs. J. E. L. Goodwill

Mrs. F. L. Roy vs. Miss D. Davidson.

JOLLY JINGLES By Graham Hunter

THEATRES

AT THE CAPITOL.

MARION DAVIES I N "TILLIE THE TOILER"

The Capitol Theatre was packed to capacity on Monday and Tuesday, for the presentation of "Tillie the Toiler." Whether Tillie herself was the drawing card, or whether the crowd went to see the lovely Marion Davies in a new role, is uncertain. At any rate, they attended in large numbers.

Filmed from Russ Westover's comic strip, the picture strives to portray, as closely as possible, the various characters made famous by the pen of the cartoonist. Except in the case of Mac. One feels a slight disappointment when Matt Moore appears as the famous Mac, minus his equally famous nose, but the inclusion of this prominent proboscis would have spoiled the finish of the tale, because the lovely Tillie could never have married a nose like that.

The butterfly who suddenly and rather uncomfortably develops a soul is the pictured version of Tillie the Toiler, who plays true to form up to the last minute, then reverts to traditional feminine type and marries the man she loves, instead of the millionaire who could have supported her in a style to which she never was accustomed, to say nothing of looking after her impecunious relations, a crowd of whom swarm about Tillie during her affair with Pennington Fish.

Tillie poses as an extremely innocent young girl, with peculiar English, whose slip in diction amuse the wealthy young man whose notice is gained by her in a cheap restaurant where she is lunching with Mr. Whipple, a part, by the way, that is very well done by George K. Arthur. Tillie finally extracts a proposal from the millionaire and promises to marry him, slipping up later when she begins to think about the lovelorn Mac. It is a very sentimental ending, but hardly as satisfactory as might have been the case if the gold-digging Tillie had stuck to her guns and remained a successful gold digger to the last.

The sub-titles add immensely to the fun of the picture. "Some girls were made beautiful but dumb. Beautiful so that men would love them and dumb so that they might love the men", is the way Tillie is introduced. Her brother-in-law is "just a banana peel on the doorstep of progress," and her family lives in a section "where the wolf and stork work the neighborhood together." Again, the Piracy Club is a place "where one goes in like a lion and goes out like a lamp." The crowd was in constant good humor last night over these and similar bits.

The short reels include a very likeable series done in colors, and a comedy that includes pictures of the actual start of the recent swimming race at Catalina Island.

—Jeanette.

"THE MISSING LINK."

What the New York "Telegraph" said following Broadway Premiere of Syd Chaplin in "The Missing Link":

If Charlie Chaplin doesn't look out he will soon be known as "Syd's brother." In this extravanganza Syd settles his comedy crown even more securely upon his shapely head. In fact, in this case it is pounded well down over his ears by his co-comedian, "Akka," a chimpanzee with whom many alleged humans should be proud to claim kinship.

"The Missing Link" is a riot. A good old-fashioned slambang burlesque where trousers are lost, labels accidentally pasted on prominent portions of the anatomy, paste buckets and brushes applied ad lib and stuffed clubs wielded with deadly effect to the humorous sensibilities of the audience. The picture has the distinction of being utterly devoid of any subtlety, nothing is suggested. Everything is shouted. Each laugh is pounded home with the same lusty, red-blooded vehemence with which "Akka" slams the unprotected dome of his brother Dromeo.

Plot? What does it matter when Syd Chaplin is busy every moment outdoing a simian clown in monkey-business?

Aside from the roaring farce of the production, the picture is notable for Chaplins pantomime in several sequences, and for the uncanny and devilish intelligence of the sinister comedian, Akka. In watching the antics of the chimp I could not for the life of me prevent recurring memories of "The Murder in the Rue Morgue." I wondered how Chaplin felt as the great ape pawed and pummeled him. And whether he ever doubted for a moment that the huge, powerful beast, which might so easily become terrible, understood thoroughly that it was all in fun—not at all serious—only for the "movies."... Syd Chaplin is not only funny—he is brave.

"The Missing Link" is a riot—a roar of rabelasian hilarity.

—Herbert Cruikshank.

AT THE REGENT.

HILLS, THRILLS, CHILLS IN RIN-TIN-TIN'S PICTURE

Stars may come and stars may go, but Rin-Tin-Tin goes on forever turning out pictures for Warner Brothers that hit a high standard of excellence. None better, however in the whole Rin-Tin-Tin repertoire than "Hills of Kentucky" which is showing at the Regent Theatre Thursday, Friday and Saturday.

Here is a tight, sound melodrama, with enough thrills to keep every child on edge, enough romance to touch the heart of every grown-up lady, and enough of Rin-Tin-Tin to please anyone who has ever loved a dog.

Against beautiful outdoor backgrounds unfolds a tale of a puppy who is cast out from his home in a period of human starvation and who becomes the leader of a pack of dogs who ravage the country-side. Rin-Tin-Tin plays this dog, known in harrowing legend as "The Grey Ghost."

To the mountain town comes a school teacher (Dorothy Dwan) with her little crippled brother (Billy Kent Schaeffer.) There a young mountaineer (Jason Robards) falls in love with her. His half brother, a treacherous man of bull strength, played by Tom Santschi, smashes in to break up the romance.

The story of these lives becomes entangled with that of "The Grey Ghost" in a series of engrossing episodes full of surprises. The picture has been directed with fine imagination by Howard Bretherton.

FRANCE DEMANDS RECALL OF ENVOY

Future Negotiations With Soviet Depend on Withdrawal of Offender.

PARIS, Sept. 21 (Canadian Press).—The storm which has been hovering over the head of Christian Rakovsky, Soviet Ambassador to France, has burst at last. Le Matin announces that France has officially informed the Moscow Government that Rakovsky's recall is an indispensable condition to any negotiations for a non-aggression pact with the Soviets. The latest Franco-Russian crisis, thus brought to a head, began when Ambassador Rakovsy signed, as a member of the Russian Communist Party committee, a manifesto urging the soldiers of all nations to mutiny and overthrow bourgeoise governments.

OPEN EVENING TO BE HELD AT Y

Season's Activities To Get Away To Good Start Next Week.

ACTIVE WORKERS.

The Y.M.C.A. plan to commence the season's activities with a social night in the nature of opening evening on Friday, September 30. An extensive programme of gym, lobby and bowling alley events are planned, and all members of the association are invited to come and bring their friends. The various programmes are in charge of committees, with J. F. H. Wallace as chairman of the evening. Bert Grannik is chairman of the committee making arrangements. Hec. McLeod has charge of the physical department, Ron Fleming, of the lobby, Aubrey Adams, of the social, Des. Marshall, refreshments, John Ashmore of the bowling, and Gordon McGregor with Arnold Smith is also on the committees. The boys' programme will be from 7.00 p.m. to 9.00, and the men's from eight o'clock on.

This will be the most ambitious social evening attempted at the "Y" for some years.

Gym classes at the 'Y' for the Beginners and Juniors will commence on Saturday morning, and for the others on Monday.

RUNNERS TO ORGANIZE.

Harriers' Club Will Be Formed —Meeting on Friday.

The Y.M.C.A. Harriers' Club will hold an organization meeting on Friday evening at 7.15, to which all those interested in running, besides those who took part in the Toronto run, are invited. The object of the club will be to promote running in the city.

Best of all Fly Killers—10c and 25c per packet at all Druggists, Grocers and General Stores.

Roof your Buildings with BIRD'S ASPHALT Twin Shingles

Your buildings are deserving of real roof protection—the protection of Bird's Asphalt Twin Shingles. Bird's Asphalt Twin Shingles are weather-proof, fire-safe and permanent in color. Self-spacing and covering far more surface, they save time and labor in the laying. They can be put on directly over the old wood shingles, thus saving the labor and cost of removing the old roof.

A roof of Bird's Asphalt Twin Shingles will free you of repair and re-painting costs. There are three non-fading colors to choose from — Red, Green or Blue-Black.

There is a Bird dealer near you. See him — or, if you do not know his name, write us.

Write for Free Booklet

Whatever roofing work you have in mind, you'll find valuable information in our free booklet "A Roof the Owner is Proud of." It will be mailed you FREE without the least obligation.

Announcing

Pressureless Touch

In a Pen that Ends Breakage—
Brings Jewel-like Beauty—
28% Lighter Weight

You here behold Parker's new model Duofold Pen—a pen that writes with a feather-weight touch.

Now the Barrel is made of Non-Breakable Permanite instead of rubber as formerly. It is 28% lighter.

It comes in lustrous Jade, Lacquer-red, flashing Black and Gold, Mandarin Yellow, and Lapis Lazuli Blue—all Black-tipped.

It comes in 3 sizes—each with six graduated points.

We discovered a way to make them write without pressure—by using capillary attraction combined with gravity flow. This requires a special ink channel, hand-ground between the nibs of the point.

We temper this point to yield to all hands, yet ever hold its shape. It needs no breaking in—it knows no wearing out. And it writes as no point ever wrote before.

All good pen counters invite you to let your hand taste this new treat.

Look for the imprint, "Geo. S. Parker—DUOFOLD"—then imitations can't deceive you.

W.M.S. MEMBERS SEND BALE AWAY

Supplies For Indian Boy and Girl at Mission School.

MILLBROOK, Sept. 21.—A quilting was held at Mrs. William Mullen's home on Monday afternoon when a number of members of the W.M.S. of the United church met and completed the quilt which was required for the bale the Auxiliary is sending, as its share of the outfit for an Indian boy and girl at the Coqualeetza Institute in British Columbia.

The bale was packed at Mrs. H. W. Johnston's the same evening. There are 200 Indian children in the school, and the Auxiliaries and mission circle of Cobourg Presbyterian are responsible for the clothing, bedding, etc., necessary to supply these pupils. All local bales are sent to the Supply Secretary in Cobourg where the contents are re-packed and the one or two large boxes sent on their way to British Columbia. The local bale was valued at over $35.00.

Edward Johnson Pleaded Not Guilty Of This One

Edward Johnson—Edouardo di Giovanni while abroad—and now, in the opinion of John McCormack and thousands of others the world's greatest tenor, is perhaps also the world's most modest man.

Not long ago when he arrived home in Guelph he went into one of the hotels there. Having laid down his bag in the lobby and got into conversation with one of the help, the young fellow confided that he was a little weary of all the cows and chickens in this seat of agricultural learning. "Guelph's slow", said he. "There's not much in these hick towns. I think I'll be getting out soon." "Guelph looks pretty good to me," replied the "stranger", "I think I'll stay a while."

Learning that the name of the man glad to be back was Johnson, Guelph's Dick Whittington said to Guelph's greatest native son: "There's a fellow Eddie Johnson comes from here that they say is a pretty fair singer. Are you any relative?" "Yes", said the great Edouardi di Giovanni, "I'm his brother."

WESTWOOD NEWS.

WESTWOOD, Sept. 21.—The annual "Harvest Home" of the Anglican church will be held on Sunday evening, September 25th.

Rally Day service will be observed in the United church on Sunday morning, September 25.

The laying of the corner stone of the new Presbyterian church will be held on Thursday, September 22.

About eighty of the young people of the United church spent a pleasant time on Monday evening at a corn roast, under the auspices of the Young Ladies' Sunday School Class. Games were played while the great pots of corn cooked over a large bon-fire, after which all enjoyed an abundance of corn, together with apples and candy.

Mrs. David Tucker has returned from a visit with friends in Toronto.

Huffman Bros. of Port Hope are moving Thomas Cardwell's dwelling house to his new property at the west end of the village.

Mrs. (Dr.) Kindred of Belleville is visiting at the home of Mr. and Mrs. Thomas Brackenbridge.

Misses Claire and Gwen Renwick returned on Saturday from a holiday spent in Illinois, U.S.A.

Mr. Charles Brackenbridge spent a few days in Toronto recently.

The local exhibition secured several prizes at the Peterborough Industrial Exhibition. Col. R. E. Birdsall exhibited a fine string of Hereford cattle, and Gordon Manley his new driving horse.

A Reserve Fund of Your Own

BUSINESS houses provide for the future by setting aside certain sums each year as a "Reserve Fund."

As this fund grows year by year the business is in a better position to take advantage of opportunities for sound expansion.

By saving your money systematically you can build up a personal "Reserve Fund."

Then, when opportunity comes to you for investing your capital in business, when good bonds or stocks may be bought—you will have money ready to invest. You also will have the friendly advice and guidance of the Bank of Toronto in making your investment.

Should reverses ever overtake you, your savings will tide you over the crisis.

Start building up your "Reserve Fund" now. A modest beginning is as acceptable to this Bank as a large one. Our Branch Manager will gladly welcome you as a depositor.

38 Pick Tunney; 24 Name Dempsey

CHICAGO, September 21 (Canadian Press). — Opinions of seventy-two representative boxing writers gathered by the Associated Press on the outcome of the Dempsey-Tunney fight revealed that thirty-eight expressed themselves as confident of a Tunney victory, while twenty-four picked Dempsey to regain the title. Ten refused to go on record one way or the other.

RUGBY NOTES.

There will be no Rugby practice to-night but a full uniform practice to-morrow night and on Friday night. About thirty boys have been turning out to practice, and Coach Max Sloan has every confidence of rounding out a real Rugby team.

"Put De Valera In" Newspapers Suggest; Term In Office Would End Popularity

LONDON, September 21 (United Press). — "Put DeValera in," is the cry now being raised not only in Ireland, but also in London. The reason for this slogan is the belief that the only way to burst De Valera's reputation would be to give him a spell in office, in which Irish love for the man "against the Government" would be evaporated.

In this connection The Daily News frankly says that De Valera would be revealed in office as what he always has been—"a mere wind bag."

Reports from Dublin indicate, however, that it is President Cosgrave's intention to carry on, but the country is said to be reconciled to the situation which would arise when the Republican leader had to take the responsibility of Government.

CAVAN PERSONALS

CAVAN, Sept. 21.—Mrs. M. Richardson and Miss Miriam Richardson, Peterborough, were guests of Mr. and Mrs. R. Matchett on Saturday.

Miss L. Richardson, Peterborough, visited friends at Cavan Centre on Saturday.

RAILWAY BOARD GIVES REASONS FOR JUDGMENT

Commissioners Each Publish Conclusion Arrived at in Freight Case.

IN AGREEMENT.

Extensive Investigation Was Held By Board Throughout Dominion.

OTTAWA, Sept. 21.— (Canadian Press.)—Reasons for the judgment in the general freight rates case were made public to-day by the Board of Railway Commissioners. The judgment itself was handed down on August 26, following an extensive investigation of railway freight rates throughout the Dominion. The judgment provided more or less extensive reductions in rates on grain and other commodities, for export.

The reasons issued to-day cover 200 pages and review in detail the hearings in the different parts of Canada together with conclusions arrived at by each of the commissioners. In the main Chief Commissioner M. A. McKeown, Assistant Chief Commissioner McLean and Commissioners Vien, Boyce and Lawrence are in agreement on the main points covered in the August judgment, namely, trans-continental rate scale, terminal tariffs, different standard mileages, east and west and domestic grain rates to British Columbia.

HARVEST WORK IS BEGUN AGAIN

Western Farmers Able To Get Back on the Land Yesterday.

HAVE WEEK'S WORK.

WINNIPEG September 21. Canadian Press. — Threshing and cutting were resumed on a fairly large scale in western Canada on Tuesday, and if favorable weather continues it is believed that the 1927 wheat crop will be 100 per cent. cut by the middle of next week.

As the threshing outfits began humming urgent appeals for harvest help were being sent to the government employment bureaus from many districts. The greatest shortage was reported in Central Saskatchewan and Manitoba. This situation, however is expected to be met by the transfer of gangs of workers released from areas where threshing is completed.

WEDNESDAY MARKET PROVES A SUCCESS

Buying Is Brisk, Vegetables Were in Abundance This Morning.

The first Wednesday market of the season, sponsored by the Peterborough Vegetable Growers' Association, was held this morning, with about thirty vendors on the open market, and a brisk sale for their goods. Prices were at regular levels, with roots and other vegetables in abundance. Potatoes were quoted at 30 cents a peck, tomatoes at 50 cents a basket and $1.25 a bushel, corn at 15 cents a dozen. Apples were 40 and 45 cents a peck, and pears 75 to 80 cents a basket.

WEDDING BELLS.

CROUGH—KEMP.

A very pretty wedding took place on September 20th at eight o'clock at the Church of the Immaculate Conception, when Pearl May only daughter of Mr. and Mrs. Lance Kemp, of Douro, was united in the holy bonds of matrimony to Clarence P. Crough, son of Mr. and Mrs. M. Crough, Park street.

Rev. Father Maloney, cousin of the groom, performed the ceremony in the presence of a large number of friends and relatives of the young couple

The bride, who was given in marriage by her brother, Mr. Wilbert Kemp, entered the church to the strains of the wedding march, played by Miss Leona Hummel.

The bride was becomingly attired in a dress of shell pink georgette with touches of gold lace and sequeins trimming and black picture hat. She wore the gift of the groom, a beautiful rope of pearls and carried a bouquet of sweetheart roses. The bridesmaid, Miss Mary Crough, sister of the groom, wore a dainty gown of blue and sand georgette and picture hat. Her bouquet was of sweetheart roses. Mr. Lance Kemp, brother of the bride, was groomsman.

After the ceremony a reception was held on the lawn of the brides home, after which a sumptuous wedding repast was served under a marquee on the lawn to sixty-five guests. The table decorations were carried out with early autumn flowers.

Later, Mr. and Mrs. Crough left for Rochester, the bride travelling in pink georgette dress with hose to match, black picture hat and black satin shoes, also a black Kasha coat trimmed with white fur. On their return they will reside in Douro.

The bride and groom received many beautiful gifts, including money.

CASEMENT—BALLARD

A very pretty wedding was solemnized in St. Paul's Cathedra, Kingston at high noon, September 19, when Norma Gillis Ballard, oldest daughter of Mr. and Mrs. Harry Ballard of Napanee, became the bride of Clare Coleman Casement, only son of the late George Casement and Mrs. H. Casement, matron of the Clarement Hospital of 277 Church street, Belleville. The ceremony was performed in the presence of the immediate friends and relatives of the bride and groom, by Rev. Coleman Vicar of St. Paul's Cathedral, Kingston.

The bride was given away by her father. She wore a French gown of powder blue georgette trimmed with silver lace and rhine stone buckles, and wore a corsage bouquet of lily of the valley, and a hat of silver grey. Her only ornament was a string of pearls, the gift of the groom. She also carried a beautiful white ivory prayer book, with long streamers of satin ribbon, tied with rose buds that reached to the bottom of the brides' costume, the gift of the groom's mother. Miss Dorothy Scott, who was one of the bride's special friends, acted as bride's maid, and looked very sweet in shell pink georgette, with tight bodice, and full skirt of chiffon velvet of darker shade. Her hat was of rose shade and her slippers were of silver. She wore a corsage bouquet of orchids.

Mr. Wilbur Sherry, an old school friend of the groom, acted as groom's man. After the ceremony the bridal party motored to Napanee, to the home of the bride's parents, where a dainty luncheon was served, the table being elaborately decorated with beautiful flowers and pink streamers. The happy couple left by train for Ottawa and eastern points. Upon their return they will reside in Toronto.

Rev. Wiliam Coleman twenty-two years ago, had officiated at the groom's baptism, and also had given him one of his names. The bride is one of Napanee's most popular young ladies, and the bridegroom is a general favorite with all.

TUDBALL—KEITH.

A pretty wedding took place at the Church of Transfiguration, Manor Road, Toronto, when Zetta, only daughter of Mr. and Mrs. George Keith, was married to Mr. Albert Edward Tudball, son of Mr. and Mrs. John Tudball, 45 Edith Drive. Rev. Charles W. Hedley officiated. The bride looked very charming in a pretty gown of maize georgette nad carried a shower bouquet of sunset roses and baby's breath. Miss Brenda Reynolds, as bridesmad, was in powder blue crepe and carried a bouquet of Premier roses and baby's breath. Mr. Robert Tudball, brother of the groom, acted as best man. The gift of the bride and groom to the bridesmaid was a French beaded bag, and to the groomsman a pearl tie pin. The reception was held at the home of the bride's parents, 521 Crawford street, and immediately after the bride and groom left on an extended motor trip, the bride travelling in a Valencia blue ensemble suit, fox fur and small black velvet hat. On their return Mr. and Mrs. Tudball will reside at the home of the bride's parents.

MISSION FIRE BURNS TWENTY

A Sister and Nineteen Children Lose Their Lives in Disastrous Fire.

ISOLATED SECTION.

PRINCE ALBERT, Sask, Sept. 21.—(Canadian Press.)— A sister and nineteen children were burned to death when the Beauval Roman Catholic Mission on Lac La Plonge was destroyed by fire Monday evening according to word received here to-day from Big River, Saskatchewan. Dr. A. Amyet, of Isle La Crosse, was taken to the scene of the fire by aeroplane to-day. The mission is in an isolated section of Northern Saskatchewan and only these meagre details have been received.

OBITUARY.

R. J. WILLIAMSON.

The funeral of Mr. R. J. Williamson took place Saturday afternoon and was well attended. Rev. Mr. Allen and Rev. Mr. Macdonald conducted the services at his home, 322 King street.

The pallbearers were his four brothers and two nephews

Mr. Williamson leaves to mourn his loss his wife and one son, and four brothers.

AROUND THE CITY

At 8.40 p.m. yesterday the fire department had a call to 189 Simcoe street to a chimney fire. Little damage was done by the fire, which was quickly extinguished.

WHAT CAN HE DO?

NEW YORK, Sept. 21.—Louis Mickens has sufficiently recovered from a broken neck to return to work, if he can find some form of work his doctors have not barred. He must not ride in any vehicle, walk up or down stairs or engage in any bodily exercise or movement, lest his neck be broken again.

MARRIAGE.

LEAHY—CONROY.—At the Church of the Immaculate Conception, this morning, by Rev. James Guiry, Michael Leahy, son of Mrs. Wm. Leahy, of Douro, and the late William Leahy, to Louise Conroy, daughter of Mr. and Mrs. David Conroy, Hunter Street East.

IN MEMORIAM.

FROST.—In loving memory of Pte. Tom Frost, who died at Shorncliffe, England, September 21st, 1916.

"As we stood on the station platform
That day so long ago,
And watched the train go round the bend,
With the one that we loved so.
You are not forgotten, Daddy dear,
Or ever will you be,
As long as life and memories last,
We shall remember thee."

DARING HOLD-UP BANDITS FLEE

Branch of Bank of Montreal is Held Up at Noon.

TAKE $5,000.

MONTREAL, September 21 (Canadian Press). — Three masked men early this afternoon held up employees of a branch of the Bank of Montreal at the corner of Papineau Avenue and St. Catharines Street East, locked them in a vault, and escaped with a sum estimated at between $4,000 and $5,000. The bandits made their get-away in an automobile which was waiting for them at the bank entrance.

C.N.R. EARNINGS

The gross earnings of the Canadian National Railways, including the Central Vermont Railway, but excluding all lines in Canada east of Levis and Diamond Junction, for the week ended September 14, 1927, were $4,247,715.00, as compared with $4,391,717.39 for the same week of 1926, a decrease of $44,002.39, or one per cent.

TRUCK IS DAMAGED IN HIGHWAY WRECK

Cabin of Thomas Flannery's Truck is Smashed in on the Provincial Highway.

Badly damaged by a collision on the Provincial Highway last night, the truck of Thomas Flannery was towed into the city by the wrecking car of Reid & Sons on Alymer Street.

The accident is believed to have been the result of a collision. The cabin of the car was smashed entirely, the engine hood broken, the steering gear torn apart, and practically the entire structure to the rear swept away above the flooring boards.. Even some of the floor boards of the cab were broken.

Mr. Flannery's injuries were slight.

DREAD DISEASES IN BRITISH COLUMBIA

Infantile Paralysis at Revelstoke—Meningitis at Nelson.

REVELSTOKE, B. C., September 21. — Canadian Press. — With the discovery of a case of infantile paralysis here, all schools, lodges, theatres, churches and Sunday schools have been closed. At Nelson where a case of cerebro spinal mennigitis was diagnosed by the City Medical Officer, all children under eighteen were debarred from the fruit fair, schools, shows and other assemblages.

GIVEN NO INVITATION.

Government Has Not Invited the League To Meet in Canada.

OTTAWA, September 21 (Canadian Press).—While the visit of the Council of the League to Ottawa would be welcomed, it is understood that the Canadian Government has not yet extended any formal invitation. This step, it is intimated, has not so far been considered by the Cabinet Council.

GENEVA, September 21 (Canadian Press).—Canada, recently elected to a non-permanent seat on the Council of the League of Nations, is reported to be planning to invite the Council to sit at Ottawa. In fact, there is a projected scheme to have the whole League Assembly meet there in order to give American newspapermen and League sympathizers a ready occasion to study its workings at first hand.

Lawyer Quotes Bible Discussing New Judge

Two local lawyers in Police Court this morning were discussing the appointment of W. E. Raney to the bench, which has attracted considerable attention everywhere in the province. One lawyer suggested that a very applicable statement for the occasion would be found in Acts ii., 12:

"And they were all amazed, and were in doubt, saying one to the other, What meaneth this?"

FATALITY AT C.N.R. LAKE STREET CROSSING

HEROIC SISTER DIES TRYING TO SAVE CHILDREN

Burned to Death With 19 Boys Trapped in Blazing Mission.

AT BEAUVAL, SASK.

Girls of Mission Save Little Ones From Their Dormitories.

SASKATOON, Sept. 22 (Canadian Press).—The charred bodies of nineteen boys, ranging in age from seven to twelve years, and the remains of a heroic sister, rested to-day in an improvised morgue while an investigator sped to Beauval, Sask., the scene of one of the most tragic fire disasters in the history of this province.

Details of the midnight fire which destroyed the Roman Catholic Mission at the isolated village on Monday are dribbling in by courier. According to accounts related, fire enveloped the structure so rapidly that the adult members of the mission were powerless to aid the boys trapped in one of the dormitories. Forty-six children were led to safety by Sister Lea, who lost her life in a valiant effort to reach the other helpless boys.

The Sister Superior of the mission was the first to raise the alarm. Awakened by the roar of the flames and the crash of falling timbers, she rushed to the alarm bell, then went to the boys' dormitory by way of the outer stair. She called upon the panic-stricken occupants to escape by the way she had come, but they crowded to the main staircase and were faced with a rush of flames which poured from the floor below. Caught between two sheets of flame, the boys became frantic. Screaming along the corridor, they sought a way to safety but most of them collapsed as dense smoke and flames enveloped them. It was in this corridor and at the foot of the main staircase that all the nineteen bodies were later recovered.

Laid side by side in the improvised morgue, the bodies of the nineteen boys were in many instances burned beyond recognition. Pathetic scenes were witnessed as mothers and fathers, accompanied by comforting mission sisters, huddled over tiny forms, examining the charred bits of clothing in the hope of identifying their own.

Through all the grief emerges a note of glowing praise of the heroic efforts of Sister Lea, a teacher at the mission, who sacrificed her life in an abortive attempt to save the lives of the trapped boys. She vanished through a cloud of smoke and died shouting encouragement to the helpless inmates, according to reports received to-day.

In the girls' dormitory there was a greater semblance of order. Under the direction of one of the sisters, the older girls collected their smaller companions and rushed them to safety. A number of the girls returned to the burning building twice to rescue tots who had been overlooked in the first rush for the doors.

The cause of the outbreak is still unknown. The furnace, which had been idle since last winter, had been carefully inspected and was found to be in good order before being put into use. Five minutes after the alarm was sounded the mission house was a roaring furnace, and within an hour only a smouldering shell remained. In addition to the human toll, the property loss is heavy.

BRANCH PRESIDENT ADDRESSES W.M.S.

St. Andrew's Society Hears Talk on Work of Mrs. Daly.

The September meeting of St. Andrew's W. M. S. was held on Tuesday afternoon, and was quite well attended In the absence of the president Mrs. J. W. Gordon, Mrs. J. Forbes Allan presided.

The meeting opened with devotional exercises followed by the usual business session.

Miss Daisy Davidson was heard in a vocal solo which was delightful, and much appreciated.

The speaker of the afternoon was Mrs. Daly, president of the Bay of Quinte Branch of the W.M.S, whose well delivered talk proved very helpful. Mrs. Daly stressed the need of sincere prayer and active service in all branches of the missionary work. She also spoke of the privilege of being a part in this great work, which is carried on both in homes and foreign fields. The closing prayer was offered up by Mrs. M. Kerr.

MOTORIST KILLED.

BRANTFORD, Sept. 22. — Canadian Press. — An unidentified motorist was instantly killed when his automobile crashed into a Canadian National freight train here early to-day.

MacIntosh To Try New Atlantic Hop

DUBLIN, Sept. 22. — Captain MacIntosh and Commandant Fitzmaurice, whose flight across the Atlantic last week, was balked by strong adverse winds, after they were were several hours out over the ocean announced to-day they were determined to start within a week in another attempt.

Their plane, The Princess Xenia, has been overhauled. Under the new scheme they will start at midnight and fly direct to St. Johns, Newfoundland. After reaching New York they will attempt a non-stop flight to Rome.

On their next start they will carry a lighter load, taking only 450 gallons of gasoline instead of the 720 they hopped off with on their first start.

PRINCE SENDS FLORAL GIFTS

Offers Each Municipality in Canada Some Peony Plants.

BEING DISTRIBUTED.

The Prince of Wales, to commemorate his visit to Canada in Confederation year and as a token of his kind regard for this country, is sending, charges prepaid, to every village, hamlet and city in the Dominion, a gift of peony plants. They will be accompanied by a set of instructions as to when, and how, they are to be planted, and are to be distributed throughout the country by the various managers of the Bank of Montreal, who will forward them to the chief civic authorities in the centres for which they are intended

It is said that the peonies were chosen because they grow exceptionally well on the Island of Montreal, and on his arrival in Canada, his boat was beautifully decked out with perfumed peonies. Being so greatly impressed with their beauty, His Royal Highness decided that they would make a wonderful token of his esteem for Canada. Another consideration is that peonies do well when planted in autumn

It is expected that the consignment for this district will arrive soon, in order that they may be planted under suitable conditions immediately upon their presentation to the mayor,

TOURIST GETS TWO BIG FISH

Lunge Weighing Over Twenty Pounds Each Caught in Otonabee.

JUST BELOW CITY.

Those people who say there are no fish in the Otonabee River will be surprised to hear that last week an American tourist caught two maskinonge. One weighed twenty-five pounds, and the other twenty-one. The first fish was caught between the first and second bridges, and the second one above the first bridge, right at Peterborough' door.

VICTOR DALLIN OBTAINS FAME

Peterborough Boy Noted As Aerial Photographer in Philadelphia.

NOT THRILLING, HE SAYS.

Victor Dallin, son of Mr. and Mrs. J. G. Dallin, of 705 Water Street, has obtained fame as an aerial photographer. Mr. Dallin, who is an old Peterborough boy, has been engaged in aerial photography in Philadelphia and the eastern part of the United States for the last seven years. He has flown in a plane about 2,400 hours and is a member of the Aero Club of Pennsylvania.

Mr. Dallin recently made a photograph of Philadelphia at an altitude of 10,000 feet. This picture was printed in the pictorial part of the Philadelphia Ledger.

Mr. Dallin in flying operates the plane himself, and has another man go along to change the plates of his large camera. He has his camera mounted in the cockpit so as it can shoot forward and downward. He can also develope pictures while in flight.

Photograph flying requires no stunts and is not often thrilling for the pilot unless he is interested in the results of the work, says Mr. Dallin.

SCHOOL BOARD HEARS REASON FOR STANDINGS

Principal Hildred Explains Difficulties at Havelock Continuation Schooi.

SCHOOLS COMPARED.

Two Teachers Cannot Do Justice To 65 Pupils, He Says —Outside Influence.

HAVELOCK, September 22. — At the meeting of the Havelock School Board last night, a note of cooperation between Continuation School Principal Hildred and the Board was struck after many of the difficulties were explained by Mr. Hildred.

There has been a great deal of talking and much criticism levied at Mr. Hildred and his assistant for the number who passed their midsummer examinations. Mr. Hildred said the results were much better than announced. He compared the schools with Norwood and Lakefield, and showed how the Havelock teachers were handicapped

Those present were Trustees Thompson, Fraser, Scully, Anderson and Roche.

Principal Hildred, on being asked by the board to speak, gave several reason why Havelock Continuation School could not be compared with Norwood or Lakefield.

He took extracts from the High School Inspector's report. Mr. Hildred said it was not possible to have a staff of two teachers, such as there is in Havelock, specialists in all the subjects they are teaching. There are many pupils in this school who should be in other kinds of secondary school work. In Campbellford there is a commercial department, and in this many attend.

One teacher is unable to teach more than 30 pupils, he said. Here there are 33. Then, again, no teacher can teach every period in the day and five days a week and then give justice to all the lessons which he teaches. The Science teacher finds great difficulty in arranging the apparatus for his experiments unless he does this at noon or after four. There is an inadequate supply of apparatus.

There are many pupils in this school who come because they have to. They do not cause enough trouble to be expelled, but they are a drawback to the rest of the form.

"What I do kick at is that we have to take every pupil that has passed the entrance, whether they are capable or not, and have them pass their departmental examinations," he explained.

"Inspector Swan says in England the average age of a pupil who enters high school is 12 years. Last year's first form had an average age of 15. In England only the brightest scholars are admitted, and these make friends of their teachers

"Here the salaries are much lower than at Norwood or Lakefield. This year I am well pleased with First Form, which is not as indifferent as last year's.

"In Lakefield there are 90 pupils with three teachers; Norwood has 101 with four teachers, and Havelock 65 with two teachers. These two teachers can't hope to get the same results in all subjects as the four in Norwood.

"Then the cost. Norwood last year spent $15,557, or an average of $154 a pupil. Lakefield spent $9,493, or $105 a pupil. Havelock's expenditure was $4,891, or $75.26 a pupil, less than half of Norwood's.

"I have always found that usually the best pupils come from the farms and in Norwood many come from the surrounding townships.

"The inspector's report last year said that there was an indifference shown by the pupils to their studies," he contended, "and then one of the chief troubles is that there is too much outside influence and hence pupils are making the school a loafing place."

After hearing the Principal's report, the Board granted Mr. Hildred $40 to buy books for the library and $60 for laboratory equipment. They

(Turn to Page 3, Please)

FLIER STARTS ON LONG TRIP

Captain Giles Leaves Detroit To-day On Way To New Zealand.

FIRST STOP LANSING.

DETROIT, Sept. 22 (Canadian Press).—Capt. P. Giles, Australian Aviator, took off from Wyandotte, Mich., near here, at 6.45 a.m. today, bound for Lansing, Illinois, the first stop on his proposed flight from Detroit to Wellington, New Zealand. He will remain in Chicago for a day to have his plane thoroughly inspected before starting his westward flight.

Dies From Injuries Result of Accident

LONDON, Ont., September 22. Canadian Press. — Mrs. Ada Beverly, 3750 Glencourt avenue, Detroit, died in Victoria Hospital last night from a fracture of the skull sustained yesterday afternoon in an accident on the provincial highway, a few mile east of here

The accident occurred when Miss Annette Waters, 5314 Seebaldte Avenue, Detroit, lost control of the car in which Mrs. Beverly was a passenger. The car did a series of "S" curves on the pavement and then plunged into the ditch.

An inquest will open at noon to-day.

SEWAGE PLANT WORKING YEAR

First Operated Sept. 22, 1926 —Not Yet Giving Satisfaction.

ADDITIONS NEEDED.

One year ago to-day was put into operation for the first time, Peterborough's $225,000 activated sludge sewage disposal plant which it was hopefully anticipated would prove a means of dealing effectively with a long-standing problem.

There appeared to be good grounds for this hope. The plant as approved by the Board of Health, embodied many of the latest ideas in sewage development. The sewage is carried across the Otonabee in a pipe from the south end of Park street, and is raised to the tanks by Wood trash pumps, the invention of an engineer of that name, which are specially adapted for use in sewage work and are very rarely clogged.

In the tanks, the sewage is aerated by compressed air and becomes activated by the disintegrating bacteria. Part of this activated sludge is carried back to the entry point of the fresh sewage which it seeds with the bacteria. The surplus activated sludge was deposited into a lagoon, dug near the plant, in which it was expected to digest away,

Offensive effluvia arising from the material deposited in the lagoon first prompted questionings as to whether the problem had been met. As the weather became warmer this year, the stench became unsupportable; public indignation in Otonabee and North Monaghan, the townships affected, attained fever heat; and at a meeting held in Ryan's pavilion on July 7th, the councils of the town townships were instructed to take action against the City of Peterborough

Meanwhile the city had not been idle. Representations had been made to the Board of Health and shortly after the meeting of the rural ratepayers the Hon Forbes Godfrey assured Mayor Holloway that the Department of Public Health would cooperate in every way possible to abate the nuisance. It was decided that new digestive tanks would have to be built, and the lagoon emptied of its accumulated sludge.

The sludge was deposited in trenches ploughed in a neighboring field. A marked improvement in the surrounding atmosphere was almost immediately noticeable, and the unpleasant odors have now ceased.

Some of the cities south of the line are spending vast sums of money in sewage disposal experimentation and the knowledge thus acquired will be placed at the disposal of all interested municipalities.

R. H. Parsons, the City Engineer, who more than a year ago pointed out that the activated sludge process is still in the experimental stage, is keenly following developments elsewhere, and studying the latest processes.

CAR CRASHES INTO HORSES

One Animal Painfully Hurt, Making Shooting Necessary.

ON KEENE ROAD.

Driving in a car along the Keene road, before daybreak yesterday morning, a farmer named Wilson, living near Keene, ran into a number of horses belonging to Benny Garrett, also living on the Keene road, and injured one of the animals so badly that its destruction was called for. The unfortunate horse had one of its legs broken, the bones being completely shattered Other horses were badly cut.

Humane Society Inspector R. C. Smith, of Peterborough, put the injured animal out of its agony by shooting it.

ROYAL WINDSOR PILOTS REPORT GOOD PROGRESS

Had Passed Across Michigan On Way To Spokane, Wash.

THIRD MAN STARTS.

Turns Back Again With Engine Trouble—Stinson Plane Not Reported.

GARDEN CITY, N. Y., September 22. — Telegrams received here today by the Rogers air line, forwarded from points where they had been dropped by "Duke" Schiller and "Edie" Bohn, in their non-cross country flight, indicated that all is well with the fliers. One message, forwarded from Stratford, Ont., read: "Still going strong. All O.K. Just eating. Weather clear now but had some rain Signed, Duke and Eddie."

The second, sent from Bay City, Mich., read "Still going. All O.K. Weather good, 10.30."

The messages were dropped from the plane in envelopes of which the fliers had a good supply. Long silk streamers marked their descent from the plane, and on the face of the envelope is a request that the finder relay the message.

Third Takes Off.

ROOSEVELT FIELD, N. Y., Sept. 22. Canadian Press — Steve Lacey, Lamox, Illinois, a belated starter in the non-stop flight division of the National air derby, took off at 11.52 a.m., Eastern Standard Time for Spokane to-day Lacey was temporarily eliminated yesterday.

Lacey Turns Back.

ROOSEELT FIELD, N. Y., Sept. 22. — Steve Lacey, Lamox, Illinois, who started for Spokane in the non-stop flight division of the National Air Derby, returned twenty minutes later with a skipping engine. He said he would take the air again as soon as a motor expert repaired the engine.

CLUB ASSISTS IN INOCULATION

Rotarians Will Provide Cars To Take Children To Schools.

TO PREVENT DIPHTHERIA.

Dr. A. W. McPherson will to-morrow publish in The Examiner a schedule of his proposed visits to the schools for the purpose of administrating the toxoid which it is intended to distribute free for the prevention of diphtheria. This service is open to all children under eight years of age and is free. It is expected that graduate nurses who are off duty will assist Dr. McPherson.

Rotary Club has enthusiastically taken up the transporting of children and parents to and from school for the purpose of having this preventive treatment given. It is only necessary to telephone 856 giving their address and an automobile will be sent to transport both parent and child to the school and back home again.

A. L. Killaly, president of Rotary Club, told The Examiner to-day that Rotary Club is enthusiastically supporting Dr. McPherson in this work, and he expressed the hope that many parents would take advantage of the service offered by the Club.

It is pointed out to answer queries that there is a great difference between anti-toxin and toxoid. Anti-toxin is used for treating diphtheria after it appears, whereas toxoid is used for preventing diphtheria before it appears. It is the latter treatment that is being given free by Dr. McPherson in this campaign to prevent the spread of this most serious disease among children.

PLANE KILLS TWO.

Two Others Hurt in Crash Near Blenkenburg, Germany.

BERLIN, Sept. 22 (Canadian Press).—The pilot and a woman passenger were killed and two other women passengers seriously injured in the crash of a commercial airplane near Blenkenburg today.

THE WEATHER

The temperature last night was a little lower than during the preceding night, being down to 33 degrees. The highest the thermometer reached yesterday was 67 degrees. These are the nights the careful flower lover shows wisdom by covering her geraniums, dahlias, etc., with newspapers or other active materials to protect them from the blighting touch of Jack Frost, and prolong the outdoor life of her beautiful flowers for some weeks longer. —W. P.

Threshing Resumed Throughout the West

WINNIPEG, Man., September 22 (Canadian Press). — While cold weather still prevails throughout the Prairie Provinces clear conditions have been in evidence, and threshing operations delayed by recent rains, are aagin general . In Manitoba and Alberta especially harvesting is in full swing, and should be general throughout Saskatchewan to-day.

Forecasts issued yesterday by the Government Weather Bureau predicted either stationary or higher temperatures for Manitoba and Saskatchewan on Thursday, accompanied by moderate winds . In Alberta similar conditions are predicted. No sign of rain is in evidence.

Yields running as high as 60 bushels to the acre for wheat and 100 bushels to the acre for oats, the wheat going from 63 to 65 pounds to the bushel measure, have been reported by the Canadian Pacific Railway from points along their lines in Saskatchewan and Alberta.

Aged Woman Killed By Train This Morning

Mrs. Harriet Chatten, 70, of 508 Chamberlain Street, Dies Shortly After Both Legs Are Cut Off By Train at Lake Street Crossing.

ON WAY TO VISIT HER DAUGHTER WHEN STRUCK BY C. N. R. TRAIN

While walking up Lake Street to visit her daughter, Mrs. Harriet Chatten, seventy, living at 508 Chamberlain Street, was struck by the engine of C.N.R. train No. 93, at eight minutes past eight this morning, and died ten minutes after being admitted, with both legs severed, to St. Joseph's Hospital.

According to the accounts of eye-witnesses, Mrs. Chatten was on the south side of the street walking east, and was within a few yards of the home of her daughter, Mrs. Ethel York, living at 275 Lake Street.

The engineer, E. McConnell, declares that the engine was proceeding at the usual rate of speed, and that the bell and whistle were sounding in accordance with law and regulations. The old lady is stated to have been somewhat deaf, and evidently did not hear the sounds of the approaching engine. She became aware of her danger when it was too late, and was swept up from the sidewalk by the passing engine. She was dragged from twenty-four yards before the heavy locomotive was brought to a stop. The traces of her horrible ordeal were visible along the track for some time after the accident.

Sergeant W. E. Wigg was notified of the accident, and interviewed eye-witnesses of the tragedy, besides taking down the accounts given by the engineer, the conductor, J. F. Horner, and the fireman, B. Armsdon.

Mrs. York was informed of the occurrence and accompanied her aged mother in the ambulance to St. Joseph's Hospital. Drs. Archibald Moir and G. Raymore Scott attended the injuries, but it was speedily seen that Mrs. Chatten's condition was hopeless and the end came speedily.

Dr. T. W. H. Young, the Coroner, was out of town this morning, and the settlement of the date of the inquest awaits his return.

NEW CONSERVATIVE LEADER MAY BE CHOSEN OCTOBER 12

Nominations Would Take Place On Evening of Preceding Day.

AGENDA ARRANGED.

Question of Method of Voting is Left to the Delegates.

OTTAWA, Ont., Sept. 22.—(Canadian Press.) — The new permanent leader of the Conservative party will probably be selected at the Winnipeg convention on Wednesday afternoon, October 12. This at least is the date suggested in a tentative programme for the meeting prepared by General A. D. McRae chairman of the Conservative organization committee.

Nominations for leadership, according to the tentative programme, would take place in the evening of the preceding day. Each mover, seconder and candidate would speak that night The suggestion is that each nominating speech be limited to 10 minutes Speech by the seconder to 5 minutes, and the address of the candidate to 20 minutes.

This arrangement is in accordance with suggestions that some time should elapse between actual nominations, followed by speeches, and the balloting for the party leadership.

The question of the method of voting will be left to the convention. Two suggestions will, however, be made to the assembled delegates upon which they will be asked to decide One is that the lowest man on each ballot should automatically retire, and the other is that all candidates should remain in the voting until one nominee receives a majority over all.

Joint chairmen—one English speaking and the other French speaking —are suggested The tentative programme also provides for the election of a deputy chairman from each of the other provinces.

Open On Monday.

The convention will open at 11 o'clock on Monday morning, October 10, and would conclude late Wednesday afternoon or evening. Wednesday, October 12. Addresses by prominent Conservatives would, under the tentative programme, feature the opening proceedings of the rally.

Each delegate to the convention is being informed by the National committee of the complete nature of the suggested programme in order that he may be in a position to pass upon the proposed order of proceedings, or suggest any alteration, as soon as the meeting bgeins to function.

Programme.

The tentative convention programme is as follows:

Monday, October 11, 11 O'clock.

1. Convention called to order.
2. Election of a temporary chairman.
3. The Lord's Prayer.
4. Election of a temporary secretary.
5. Appointment of a credential committee.
6. Addresses of welcome and replies.
7. Addresses by prominent Conservatives.

Monday Afternoon, 3 O'clock.

1. Report of credential committee.
2. Formal seating of delegates.
3. The election of permanent presiding officers.
4. Election of permanent secretaries.
5. Adoption of rules and regulations governing the convention.
6. Adoption of a general plan of procedure.
7. Appointment of standing committees.
8. Handing in of written resolutions.
9. An address by a prominent Conservative to conclude the afternoon session.

Monday Evening.

Standing committee will review problems before them. The Winnipeg Entertainment committee has arranged entertainments, receptions, etc., for delegates not engaged on standing committees.

Tuesday Morning, October 11, 10.30 O'clock.

Busines of the convention.

Interim and final reports of standing committees and discussion of same.

Tuesday Afternoon, 2.30 O'clock.

Busines of the convention.

Interim and final reports of committees and discussion of same

Tuesday Evening 8 O'clock.

1. Nominations for leadership.
2. Addresses during the interval while the committee on nominations is at work.
3. Report of the committee on nominations, giving (a) list of names of candidates who decline to stand, (b) list of names of candidates who agree to stand.

Carol Opens Fight On Father's Will

BUCHAREST Sept. 22.—Former Crown Prince Carol of Rumania, is attempting to break the will of his father, the late Ferdinand, and has obtained intervention of the Court of Appeals, the official Court Gazette said to-day. Carol's petition for a trustee to safeguard his interests was granted. Under Ferdinand's will Carol is understood to have received more than half a million dollars.

LITTLE GIRL HIT BY AUTOMOBILE

Steps Out in Front as Driver Watches Three Men Passing.

INJURIES NOT FATAL.

CAMPBELLFORD, September 22. —As a result of being struck by a light truck, the six-year-old daughter of Mr. and Mrs. William Grieves, Bridge Street, is suffering severe injuries. About ten minutes past five yesterday afternoon, Edward Plummer was driving his service truck around the corner of Bridge and Front Streets, when three men on the crossing temporarily blocked his path. He slowed down to allow them time to pass and did not see the little girl step out in front of his truck until he was "right on her." Instantly Mr. Plummer reached for the emergency brake and the switch, and in doing so thinks his sleeve must have caught the gas lever under the wheel.

The injured child was carried into the nearest drug store, but the druggist at once declared it a physician's case. The child was immediately rushed to a physician and placed under his care.

The doctor in attendance stated later that the child was doing as well as could be expected, and that while her injuries were serious, they were not likely to prove fatal. People who saw Mr. Plummer turning the corner are unanimous in their statements that he was driving very slowly . Less than ten miles an hour, most of them said, while some placed the speed at an even ten.

At the present time, Mr. Grieves is in Haliburton. Word of the accident was sent to him this evening.

BETHANY LINE SERVICE ENDS

Old Line Trains on the C.N.R. To Be Taken Off Sept. 26.

LAST RUN ON SATURDAY.

MILLBROOK, Sept. 22—The train locally known as "Britton's" which travels down the "old line" from Lindsay, and passed through here twice daily, will make its last trip on Saturday, September 24, the railway authorities having decided to discontinue this service. Bethany, Brunswick, and Franklin will thus be cut off by the C.N.R. for passenger and freight service, but Bethany will not be so unfortunate as the other places, having the C.P.R. by way of Peterborough and Lindsay.

The "accommodation" train, which over thirty years ago had Conductor Britton in charge, hence the name which has clung to it ever since, has not been paying for some time, and though the places most affected by its cancellation have put up a strong fight to have it retained, the decision to have it stop on Saturday is official, and apparently final The daily papers from Toronto which used to reach here shortly after 11 a.m. on "Britton's" train, have for some time now been coming by truck, arriving several hours earlier.

WAR MEMORIAL AT ALDERVILLE

Monument To Indians Who Served Overseas To Be Unveiled.

NEXT SUNDAY.

Announcement has been made of the unveiling of the memorial at Alderville on Sunday, September 25, at 2.30 o'clock, and invitations have been sent to local organization to be present. It is expected that local militia units, the Canadian Legion and the service clubs, Rotary and Kiwanis, will have representatives at the ceremony.

The memorial has been erected in honor of thirty-five Indians who served in the World War, nine of them giving up their lives.

The invitation to take part in the service is general to Peterborough citizens.

TWO PLANES HURTLING WAY WESTWARD IN THIRD AIR RACE

Hop-off in 2,300 Mile Non-Stop Derby Across the Continent.

THIRD ENTRANT LEFT.

Both Planes Have Narrow Escapes From Disaster in Take-off.

ROOSEVELT FIELD, N.Y., Sept. 22 (Canadian Press).—Two aeroplanes were hurtling westward last night in a 2,300 mile non-stop race across the continent to Spokane, Wash.

They left behind a third entrant whose heavy-laden plane failed to rise for the take-off.

Eddie Stinson, Detroit plane manufacturer, the first entrant to take-off, lifted his black and yellow plane into the air at 2 o'clock (E.S.T.), and the race was on.

Some minutes later C. A. (Duke) Schiller, of Windsor, Ont., peering out of the cockpit of the Royal Windsor, a plane once groomed for a flight over the Atlantic, saw the starter's red flag fall and opened his throttle. He took the air gracefully at 2.11.

Then there came a long wait, for Steve Lacey, of Lomax, Ills., the third entrant, had not brought his plane to the field. It was towed over from Curtiss Field, a mile away, half an hour after Stinson's plane had taken the air. Last minute adjustments of the motor were made and gasoline was poured into the tanks. At 4 o'clock, Lacey opened the throttle and sped down the runway. The plane was seen to struggle for a grip on the air, but it kept bouncing along the runway. At the far end of the planking, Lacey's plane almost crashed into a gully.

Into that gully, just a year ago yesterday, a Sikorsky plane in which Captain Rene Fonck was to attempt a flight to Paris, crashed with four men aboard. Two died when the plane caught fire, but Lacey's plane was kept upright, suffering only the loss of a tail skid. When starting officials learned that it would take two hours to replace the tail skid, Lacey was eliminated. This left Stinson and Schiller competing for the first prize of $10,000 and the second of $5,000.

Both Have Company

Both Stinson and Schiller had "company" for their race through the ether. With Stinson was Fred Koehler, a test pilot from Stinson's Detroit factory. With Schiller was Edward Bohn of St. Louis. Both are capable of relieving the pilots during the long hours of the non-stop flight.

Averts Disaster

Stinson's take-off was a breath-taking one for the crowd of several hundred spectators. As his plane roared down the starting mound, it veered off to one side, toward a group of people. For a moment it seemed that tragedy was about to halt the start. Half of the spectators, many of them screaming with fright, dashed behind the artificial hillock. Stinson brought his plane almost to a stop, deftly guided it back onto the planked runway and whizzed on, taking the air about half way down the mile-long runway.

Made Easy Get-Away

Schiller, whose total load of 5,600 pounds was 400 pounds lighter than his rival's, made an easy get-away after a run of barely more than 2,000 feet. Schiller's Royal Windsor was designed and built by his rival in the race.

Lacey had not gone ten feet down the starting mound when his plane swerved slightly. When he reached the bottom of the mound, his tail skid had been twisted off. Lacey, however, kept his ship roaring down the runway, the rear end of the fuselage bumping along the ground. He stopped short of the fatal gully.

After bringing his plane to a halt, Lacey dumped his load of gasoline and as a precaution against possible accidental fire touched a match to it. The gasoline puddles quickly disappeared in a column of heavy black smoke several hundred feet high. Spectators at the lower end of the field, seeing smoke, first believed that Lacey's Air King was on fire. Following the near catastrophe marking Stinson's take-off, police moved the crowd of men and women who had gathered around the mound to witness the start.

Automobiles also were sent from the field.

The precaution was taken none too soon, for eleven minutes later when Duke Schiller's brilliant orange monoplane went down the incline a gust of wind from the north sent it to the left in a repetition of Stinson's performance. Schiller, however, brought his plane back to the runway after it had described only

EDWARD JOHNSON

World-famous tenor of the Metropolitan Opera House, New York, who will give a recital in Peterborough, at the Grand Opera House, September 29, under the auspices of the Kiwanis Club. As upon former occasions, Mr. Johnson has requested a Heintzman & Company Piano as the accompanying instrument.

WINNIPEG WHEAT.

WINNIPEG, Sept. 22 (Canadian Press).—There was active selling at the opening of the wheat market yesterday, but thereafter trading was listless. Weak Liverpool cables and a favorable weather map for the West increased bearish sentiment and led to selling of wheat in a market which did not have enough buying power to absorb offerings. Prices broke 2c, but later recovered. The closing was 1 3-8c down in all months.

The export situation remains quiet and much below normal for this season. The big Canadian interest continues to sell surplus old crop wheat, but up to the present importers have done little in the way of deferred shipment purchasing. Receipts of new grain are less than a quarter of what they were a year ago, but wheat so far threshed is of good quality.

Flax, on an extreme dip, declined about 4c. Rye was in fair demand, but prices were lower than Tuesday's close. Barley eased 1c, and oats was featureless.

In the cash market the demand is good, but the supply poor. Millers are after all top grades of wheat.

THE COSMOS RINK COMPANY ARE HOLDING AN INVITATION DANCE IN THE ARMOURIES, AT MILLBROOK, ON FRIDAY EVENING, SEPTEMBER 23, 1927, AT 9 O'CLOCK. 2d-69-2637

You'll Enjoy Soup made from Canadian Asparagus

Bandits Get $95,000 In Chicago Hold-Up; $50,000 Of the Loot Is Later Recovered

CHICAGO, September 22. — Six bandits in an automobile trapped a banker and three of his employees under a viaduct at Twenty-first and Rockwell Streets yesterday and escaped with the banker's automobile and $95,000 loot, of which $50,000 was recovered later.

The hold-up was executed within two minutes. The banker's abandoned car was found three hours later in an alley. On the floor lay a bundle containing $50,000 in negotiable cheques which the bandits had rejected. Bank officials said the cheques might have been cashed without detection.

Charles Krupka, vice-president of the First National Bank of Cicero, left the bank just before noon. With him was George Koss, chauffeur; Richard Glass, a bank policeman; and Joseph Konrad, a messenger. Their intention was to convey the money to the Kaspar American State Bank at 1900 Blue Island Avenue, an institution of which Mr. Krupka is also vice-president. The bandit car is believed to have trailed them from the start.

As the banker's automobile reached the viaduct the bandits' car drew alongside. Two masked men leaped out, one striking the chauffeur and the other seizing the money. The other four, unmasked, blocked both entrances of the viaduct with menacing shotguns.

The bandits then forced Mr. Krupka and his assistant from their car and sped away in both machines at forty miles an hour.

Bank officials said the loot consisted of $19,000 in cash, $26,000 in negotiable bonds, and $50,000 in cheques.

2 GIRL FLIERS HOP THIS WEEK

Ruth Elder and Frances Grayson To Attempt Atlantic Flight.

MAKE FINAL TESTS.

NEW YORK, September 22.—Two resolute American girls, Ruth Elder and Frances Grayson, according to present indications, will be racing across the Atlantic this week-end, each seeking the honor of being the first woman to fly over the ocean to Europe.

Ruth Elder's Stinson - Detroiter plane, the American Girl, will be thoroughly examined to-day for instrument defects by Jack Peace, of the Pioneer Instrument Company, of Brooklyn. The instruments were to be checked yesterday but the necessary time was not available.

Peace will make another detailed inspection to-day and install a rate-of-climb indicator. Then this evening the plane will be loaded with its 510 gallons of gasoline and will hop as soon as the weather conditions permit.

Meanwhile Frances W. Grayson, the Forest Hills realty broker, has been going quietly ahead with preparations to fly her huge Sikorsky amphibian across the Atlantic.

Miss Grayson, who is not a pilot, will fly with Wilmer Stultz, a navy flier, and Brice Goldborough, of the Pioneer Instrument Company, as navigator. Her plane carries two Wright Whirlwind engines.

STIRLING HALL BEING RUSHED

Local Men Employed in the Construction—Fair Next Week.

INTERESTING PROGRAMME.

STIRLING, September 22. — Good progress is being made with the new village hall. The outside walls of the lower story are more than half way up. A large staff of men is employed at this part of the work. No outside laborers have been brought in for this work. All things being equal local help is being employed.

Preparations are being advanced day by day towards making the local fair a success this year. What is termed a championship school fair is to be held this year in conection with the Exhibition put on by the Agricultural Society. Those eligible to exhibit at the championship fair will consist of all the prize winners at the various school fairs throughout the County of Hastings. It is expected that this will be a great drawing card for the Agricultural Society's Fair and bring visitors from far and near.

Stirling's Citizens' Band which was organized a few months ago, is busy practising, and will furnish the music on Sept 28th here. The band has been engaged to play at Bancroft fair on the 22nd.

A baseball tournament (soft ball) will be staged by the teams from Bethel, Springbrook and Glen Ross. This feature promises to be a lively contest as great interest was aroused a few weeks ago when the teams were playing off their final games.

AGED MAN IS HURT BY FALL ON WALK

Joseph Lowe, 86, Cuts Chin Badly on Cement at Mount Pleasant.

MOUNT PLEASANT, Sept. 22. — Joseph Lowe, an elderly resident of the village, received a bad fall while on his way for his cow on Saturday morning. He in some way fell on the cement sidewalk. As no one witnessed the accident, it is not known whether he took a weak spell or not. Nearby neighbors who heard him moaning rushed to the scene and brought him mhome, where Dr. H. A. Turner of Millbrook was called and attended the injured man. Several stitches were necessary to close a deep gash under his chin. No bones were broken.

Mr. Lowe is in his eighty-fifth year and has been exceptionally smart and in the best of health until about three months ago, when he had a bone in his wrist broken, which has never properly healed.

LAKEFIELD FAIR PROGRAM GOOD

Concert in Evening Will Also Be of High Class.

NEXT WEDNESDAY.

LAKEFIELD, Sept. 22.—Lakefield Fair dates are September 27th and 28th, and plans have been made to make this especially good. The prize list has been revised entirely and several items which had become out of date have been eliminated and new items are added. A horse race, free-for-all, for a purse of $150.00 will be a big feature of the afternoon. The Citizens' Band will furnish music during the afternoon and there will be drawing contests for both light and heavy teams.

There will be a tug-of-war, a nail driving contest, a number of flat races, bicycle races, and a variety of new features.

The entertainment will consist of a dramatic contest of several comedies, taking not more than thirty minutes each, given by young people of the vicinity, and good music during the intermissions. This will be a novelty as usually the entertainment is put on entirely by outside talent.

Mascagni Risks His Life Saving Cyclist

GROSETTO, Italy, September 22 (Associated Press). — Pietro Mascagni, operatic composer, nearly lost his life in an automobile accident yesterday when his automobile plunged into a ditch ten feet deep, but because of the narrowness of the ditch, remained suspended half way from the bottom. The composer turned from the roadway to escape hitting a cyclist who suddenly crossed the automobile's path.

WILL TRY TO REGAIN MARK

Acosta To Attempt To Wrest Endurance Record From Germans.

WITHIN TWO WEEKS.

NEW YORK, Sept. 2 (Canadian Press).—Bert Acosta has announced that within two weeks he will attempt to regain the endurance flight record formerly held by himself and Clarence Chamberlin. The old record was 52 hours and 22 minutes.

Acosta has a new Fokker monoplane and will make several test flights within the next fortnight.

The record is held by two German fliers, Ristics and Edzard, who took off from Bremen, Germany, during the past summer.

Instead of flying up and down Long Island and vicinity as he and Chamberlin did, Acosta will fly from here to Miami, Fla., thence to Louisiana and back to New York, via Alabama, Ky., and Tennessee.

He will choose the pilot to accompany him shortly.

CAVAN PERSONALS.

CAVAN, Sept. 22.—Mrs. Margaret Staples has returned to her home here after a month's visit with her sister, Mrs. Casey, of Valentia.

Mr. and Mrs. Dolby and daughter of Sunderland visited Mr. and Mrs. William Tinney this week.

Among those from a distance who attended the funeral of the late William Lough at Ida on Saturday were: Mr. and Mrs. Stanford Swain, Mr. and Mrs. A. V. Vancamp of Burketon, Mr. L. P. Werry, Mrs. Albert Werry and Mr. and Mrs. Wilbert Werry of Blackstock.

DOURO-DUMMER FAIR SUCCESS

Annual Exhibition at Warsaw Was Very Well Attended.

MANY EXHIBITS.

Douro-Dummer Rural School Fair was held yesterday at Warsaw, and was very successfully conducted, with a good attendance and a fine number of entries in most events in spite of the cold weather.

In the large agricultural tent was a varied display of school work, vegetables, baking, flowers, etc, and the tent was crowded most of the afternoon by those wishing shelter from the wind.

Mr. Cox gave a talk to the children, in which he told them how to choose exhibits and prepare them for a fair.

At the evening performance there were as many outside as inside the small hall, which was packed to capacity.

The Warsaw Women's Institute had a tent and served coffee with very acceptable hot dogs to take the chill from the fair-goers.

A booth sold fruit, ice-cream, and cold drinks, and found many patrons, too, although the weather was not exactly favourable to such a trade.

The prize-list will appear to-morrow.

SUES HER HUSBAND.

WASHINGTON, Sept. 21.—While riding with her husband, John Herman, while he was driving, Mrs. Herman was injured in an automobile accident. She sued him for $25,000, claiming her beauty was marred and that it was bad for her business, since she is the proprietor of a beauty shop. Her husband runs a shoe store and says he'll walk hereafter.

Bets $5,000 to $6,000 On Champion; Dempsey Even Choice In New York

CHICAGO, September 22. — Betting on Thursday's fight in this city was fairly heavy yesterday, although plenty of Dempsey money remained uncovered. The prices are even for most of the bets, with an occasional wager made with Tunney 11 to 10 favourite.

Packey McFarland, famous old lightweight, is reported to have bet $5,000 to $6,000 that Tunney would retain his title. This wager would make Dempsey the favourite at 6 to 5.

The wagering here also was reported lively on Tuesday, and the flow of Dempsey money was so generous that the price gradually dropped until even money prevailed when the books closed. The price opened at 6½ to 5, soon tightened to 6 to 5, thence to 5½ to 5, then to even money.

Not alone along Broadway, but at the Aqueduct track and in Wall Street, Dempsey money was reported in abundance, with the Tunney supporters still waiting. It was estimated that more than $250,000 was wagered here yesterday. Jack Doyle and Charley Kline, Broadway commissioners, both reported much activity. Doyle said that there was much Dempsey money waiting to be placed at 3 to 1 that Dempsey wins by a knock-out, but the best price the oralists will lay is 2 to 1.

Two wagers of $1,200 to $1,000 were reported early on Tuesday, but so much Dempsey money appeared, the price soon was cut. One commissioner intimated that he would not be surprised if Dempsey went into the ring a favourite at 4 to 5, but, he added, money at that price would not be long uncovered.

BRIGHTEN YOUR HOME AT LITTLE EXPENSE

for Thrifty Home-builders—

With desires that must necessarily be curbed by a moderate income—Congoleum Gold Seal Rugs are the ideal thing. FALL FROM WHEEL IS FATAL TO YOUTH

Was Rushing To Notify Police of Suspected Assault.

TORONTO, Sept. 21. — William Hutt, aged 17, of 669 Shaw Street, died at his home early yesterday morning of a fractured skull caused by falling from his bicycle when he overturned in a ditch in Willowvale Park on Monday night. Coroner Clendenan is investigating and will hold an inquest next Monday night.

Hutt was employed as a drug store messenger. While delivering a parcel in the vicinity of Willowvale Park, he thought he heard a woman scream, and jumping to the conclusion that the author of the cry was in peril, he started off to notify the police at Ossington Avenue Sation. When about 150 yards west of Christie Street, he fell into an unprotected ditch and was thrown over the handlebars. He alighted on his head. He was stunned. He managed to make his way to his employer's store, however, and there told of the episode.

On arriving home he began to complain of a pain in his head. This becomming worse as the night wore on, his parents called a doctor. But the physician's efforts were without avail.

MOYER IS LIKELY TO SIT ON BOARD

Is Probability For Land Settlement Branch—Ashton Seeking Chairmanship.

OTTAWA, Sept. 22.—The resignation of Major John Barnett as head of the land settlement branch of the immigration department, tendered some weeks ago, has just become effective, and Major Barnett has left for Toronto to accept a position with a large mercantile firm.

The remaining members of the board are Major Ashton and S. J. Maber. While an appointment to the vacancy created by the resignation of Major Barnett has not been considered, one favorably mentioned is L. C. Moyer, retiring private secretary of the prime minister. Mr. Moyer is both a lawyer and an ex-service man.

Major Ashton is a candidate for the chairmanship.

TWO PLANES HURTLING AWAY

(Continued from page one.)

half the swerve taken by Stinson's plane. He gathered momentum faster than his predecessor.

During the last few minutes before his take-off, Stinson went over weather conditions with Major H. C. Davidson, one of the starting committee. Stinson said he was glad when told the weather and winds were good, but smiled and remarked that he "would have gone anyway."

Carries Heavy Load

Stinson's plane as it left the mound carried 420 gallons of gasoline, he said, and 12 gallons of oil. He carried for Koehler and himself eight sandwiches and two bottles of coffee and water. He clambered into the plane in an ordinary business suit, the pockets of which bulged with maps and route charts.

Schiller carried 400 gallons of gasoline. He took a gallon of coffee and a gallon of water, together with a day's supply of sandwiches for himself and Bohn.

Prior to his start Lacey conferred with Inspector Ralph Lockwood of the Department of Commerce, and said that if he could not get his plane into the air when the half mile mark was reached, he would bring it to a stop.

This precaution was taken after officials learned that Lacey had never taken a ship so heavily loaded into the air before. Its weight at the start, according to Lacey, was between 4,600 and 4,700 pounds.

SCHOOL BOARD HEARS REASON

(Continued from page one.)

also decided to have monthly report forms issued, which will be sent home showing the progress of the pupil.

Two accounts amounting to $20.84 were passed.

The Public School Principal was granted $20 for books for the library.

It was decided to grant the teachers an extra half-day on October 5 to enable them to go to Ottawa to the teachers' convention, provided they make up the half-day some other time. The train goes C.N.R., but the Principal was instructed to inquire how Norwood teachers were going and try to arrange for club rates over the C.P.R.

MUCH BUILDING AT LAKEFIELD

Five New Houses Being Erected in Northern Village.

CEMENT PLAN BUSY.

LAKEFIELD, Sept. 22.—Besides the gigantic construction work going on at the plant of the Canada Cement Co. there is a considerable amount of building going on. A. G. Lawless is building two cement block bungalows on Queen Street, one of which is completed. Isaac Jenkinson is building a frame bungalow on Colborne Street, John Botterill is building on Regent Street next to T. B. McMaster.

TRUCK CRASHES THROUGH BRIDGE

Heavy Vehicle Little Damaged When Timbers Give Way:

NEAR MILLBROOK.

MILLBROOK, September 22. — A Toronto-Peterborough transportation truck, driven by E. Bertrand, went through the culvert on the road east from the village in the near vicinity of, James Thompson's farm, about 8.45 on Tuesday evening.

Apparently no fault could be attached to the driver, as the railing of the bridge, which was carried away in the motor accident that occurred last Sunday evening, had not been replaced, nor was there a lantern hung out indicating danger. Where the truck went through it was apparent that the timbers underneath were quite rotten.

The load consisted of electrical supplies, and other merchandise, and it was not appreciably damaged, nor was the truck which turned over on one side. The driver also escaped injury, but the boy who was with him had his knee cut and bruised.

Highway Traffic Officer Wilson was on hand on Wednesday investigating the case. Bertrand remained over night at Mr. Thompson's, and it was about three o'clock the next afternoon when the truck was hauled out and the journey to Peterborough proceeded with.

This section of the county road has been for some weeks a part of the Provincial Highway between Peterborough and Port Hope while the detour from Donaldson's Corners to the gravel road going south from the village is in use owing to paving in the vicinity of Bewdley.

A suggestion that the truck, belonging to the Andrews Company, of Toronto, was overloaded has not been verified.

CAMPBELLFORD NEWS.

CAMPBELLFORD, Sept. 22.— Mr. Eugene Scanlan, of Toronto, motored to Campbellford Tuesday.

Messrs. Dunk, Chicago, Ill., who have been spending the last few weeks in Ottawa, returned to town yesterday afternoon. They expect to leave for Chicago early next week.

Mr. Frank Butler, Second street, is spending a few days in Stirling.

Major James Belford, Brighton, was in town yesterday.

The Inspector of High Schools and Collegiate Institutes completed his inspection of the local institution at noon yesterday.

The Troubadors five piece orchestra played at the Community Hall yesterday evening to a large crowd of dancers.

The week end pictures at the Regent will feature Rin Tin Tin, the famous police dog, in "While London Sleeps." The picture is said to be of exceptional interest to dog fanciers, displaying as it does, the remarkable amount of almost human wisdom and understanding these dogs possess.

OBITUARY

MRS. W. J. RICHARDSON.

Mrs. W. J. Richardson, 438 McDonnel Street, died last night in Nicholls Hospital after a short illness. She was 33 years of age. She is survived by her husband, W. J. Richardson a newly born baby, her father, Robert Telford, of Smith, two brothers, William Telford of Smith and Robert Bruce Telford, of Peterborough; three sisters, Mrs. Medcalfe of Otonabee, Mrs. Gillespie of Toronto, and Ethel in Peterborough.

The funeral will take place tomorrow at 2 p.m. Interment will be in Little Lake Cemetery. Rev. William Allan will officiate.

MRS. ISAAC GLENNY.

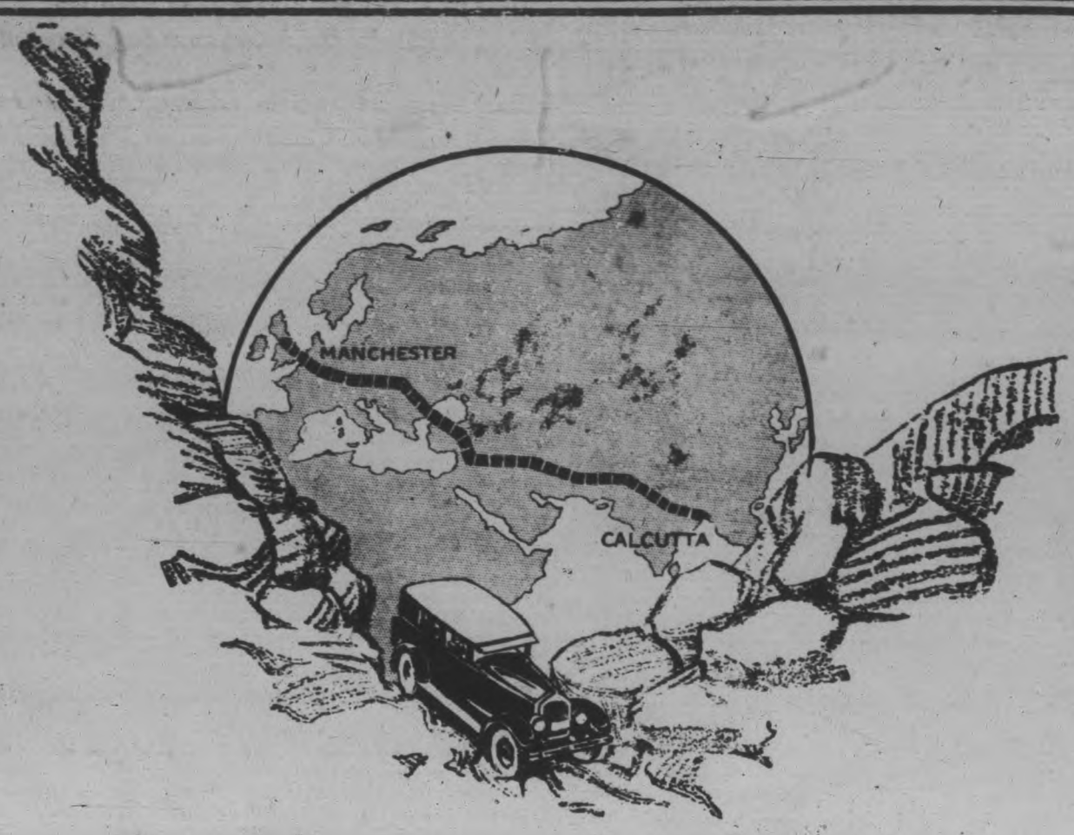
OMEMEE, Sept. 22.—Another pioneer resident passed away on Tuesday, September 13, in the person of Mrs. Isaac Glenny, at the home of her daughter, Mrs. Wedgery, in Buffalo, N.Y.

Death was not unexpected as the aged lady has been a patient sufferer and bedfast for several months. The remains arrived in Omemee on Thursday evening from Buffalo and the funeral was held on Friday afternoon. Rev. E. W. Rowland of Trinity United church conducted the service.

The grey casket banked with a wondrous profusion of flowers was tenderly borne from the home by two sons, James of Burk's Falls, George of Wisconsin, one son-in-law, Mr. Wedgery of Buffalo, two grandsons, Herman Watson of Toronto and William Le Fore of Fort Erie, and a nephew, Hillier Cunningham of Omemee.

Left to mourn her passing is an aged and sorrowing husband and five daughters, Mrs. Conners and Mrs. Graham of Chicago, Mrs. White of Fort Erie, and Mrs. Atchison of Hepworth, also two sons, James and George, and several grandchildren to whom is extended the sympathy of many Omemee friends.

Among those from a distance who attended the funeral were: Mr. and Mrs. H. Shearer and Mrs. Charles McCaffrey of Buckhorn; Mr. and Mrs. Herman Watson and daughter, Toronto; Mr. and Mrs. Gillespie, Toronto; Mr. and Mrs. W. Le Fore, Fort Erie; Mr. James Glenny and daughter, Burk's Falls; George Glenny of Wisconsin; Mrs. Conners of Chicago; Mrs. White, Fort Erie; Mrs. Atchison of Hepworth and Mrs. Wedgery of Buffalo.



Across the World on Castrol

A FEW MONTHS AGO the Calcutta representative of the Willys Overland Company stepped into a new Overland car at the English works of that company at Manchester and without further ceremony drove off, his destination being Calcutta, India—halfway round the world!

The crankcase of the car was filled with a standard grade of Wakefield CASTROL Motor Oil, the very same oil now available for you in Canada.

Not for one moment of his exciting and perilous trip did his CASTROL fail him. Across the old Roman highways of Europe; through sinister Balkan passes; over endless deserts; through steaming jungles and over rickety boulder strewn roads across the world!

No matter how severe the heat or stress Wakefield CASTROL is invincible. Millions use it. There is a grade for every car. Ask any good mechanic. He will recommend it, just as has ROLLS-ROYCE and over 200 other famous manufacturers. If your garage does not stock it, advise

THURSDAY, SEPTEMBER 22, 1927.

THE SARNIA CRIME.

The drastic sentences imposed by Mr. Justice Meredith upon four Sarnia men guilty of committing a serious offence against a young girl will be endorsed by public opinion as a proof that the administration of the law in this country is firm as well as just.

The crime to which three of the prisoners pleaded guilty and the fourth was convicted was a revolting one.

"I know of no word in the English language to describe the crime you have committed," declared Mr. Justice Meredith in imposing sentence.

Three of the men will go to the penitentiary for twenty years and the ringleader for five years longer, while lashes are also to be given the prisoners.

These sentences will serve as a warning that in Canada offences of this nature are promptly and effectively dealt with by the courts of the land.

They will do much to protect the women of this country from assault by cowardly brutes.

The realization that justice in Canada is swift and sure in its punishment has materially helped in giving the Dominion a low crime record.

CYCLISTS, BEWARE!

The attention of local cyclists is called to the fact that three of their number who did not stop while entering a through street have been fined $5.00 for their failure to realize that the "Stop" sign must be obeyed by operators of all wheeled vehicles.

The majority of cyclists perhaps have been unaware that this particular bylaw is applied to them with the same force as it does to motorists.

It will be cheaper to stop, especially in view of the fact that the next offenders are promised a $10.00 fine.

And now the question naturally arises as to what should be the penalty for a motorist who drives across a street intersection at 25 miles per hour if the failure of a cyclist to stop is to be marked by a $10.00 fine?

We say "naturally" advisedly because there is a great deal of speeding over intersections on Peterborough's through street and very few appearances in Police Court for the offence.

The law must be obeyed—by cyclists as well as by everybody else, of course—but the average pedestrian would be willing to take chances on dodging a bicycle at a street corner if he could be assured that he was in no danger of being cut down by a speeding motor car.

THE BOARD SPEAKS.

The local Board of Health at its meeting this week endorsed the campaign which is being inaugurated here to protect children of pre-school age from diphtheria.

That body is appointed to look after the health of the community, and it naturally is anxious to give its approval to something that it realizes will be of great benefit to Peterborough.

Many children now attending school have been immunized during the past two years, and other pupils will, with the consent of the parents, be given similar protection, but the present campaign is aimed at the immunization of the younger children who are most susceptible to diphtheria and the least prepared to fight the disease if contracted.

By protecting them a double object will be attained. They will be removed from the menace of a very serious disease, and at the same time older children in the family will be assured that their school term will not be interrupted by the presence of diphtheria in their homes.

The chance to secure immunization without any cost should be generally accepted.

The result of a widespread compliance with Dr. McPherson's invitation will be a safer and more healthy Peterborough.

MAKING THE HIGHWAYS SAFER.

That was a very important announcement that was made by Hon. George S. Henry the other day to the effect that compulsory brake and headlight inspection of automobiles is to be introduced into Ontario.

There is not the least doubt that the inauguration of such a policy will remove two very fruitful causes of motor accidents—and that nothing but such a step would lead to the elimination of the glaring lights that are such a source of annoyance every night on every highway in the Province.

Motorists who have hitherto ignored the regulations in regard to the use of blinding headlights will hasten to correct this evil when they know that their lights are to be tested by a Government examiner.

Other drivers who have been careless about the condition of their brakes will experience a change of heart—for the same reason.

With the highway patrol increased from fifty to seventy traffic officers, and with the compulsory inspection now announced, conditions on the highways should show a notable improvement next year.

There are some drivers—perhaps but a small percentage of those owning or operating cars—who have to be forced into safe practices, and because of that fact the announcement of a more vigorous system of traffic law enforcement will give satisfaction.

The Minister's statement sounds as if he meant business.

PUGILISM AS BIG BUSINESS.

Now that prize fighting has entered the ranks of big business it is not surprising that the captains of that particular industry are disturbed lest the output be condemned in advance as inferior by the ordinarily none too critical sport-loving public. There have been distributed of late so many amenities by or on behalf of the presumptively untamable wild men who are matched for the world's heavyweight championship and a prodigious gate that some canny persons who want their money's worth are not thrilled by the outlook for the widely advertised proceedings at Soldier Field next Thursday evening. One cannot love one's adversary intensely—so reason the lovers of sport with a punch—and yet put one's heart into the work of reducing that adversary to a satisfying pulp. Therefore, why should millions be contributed to the coffers of the fight promoters for the sight of certain displays of inconclusive posturing?

When the sporting element turns cynical where shall one look for innocent trustfulness? For upon the joyous acceptance of all sport as square regardless of its highly commercialized condition depend the superprofits that sport promoters love. Consequently the startled public would gladden the principals in the coming battle if it should rush shudderingly to buy tickets under the impression that the recent exchange of open letters—there is no publicity in letters privately exchanged—between Dempsey and Tunney concerning a curious episode in connection with their last year's fight in Philadelphia showed the two to be terribly enraged and eager to meet and macerate each other.

The fight at least will have to look like the real article if pugilism is to continue to rank as big business. We are told that there is to be a $3,000,000 gate if the promoters get their wish; that Mr. Tunney is to get a round million, win or lose, and that Mr. Dempsey will get $450,000 for his share. And 50,000 out-of-town visitors are coming and all the rooms in all the hotels within the city's periphery are engaged.

It is just possible that the two fighters are eating raw meat and otherwise working themselves into a berserker rage preparatory to the ten-round argument. But Mr. Dempsey's epistolary effort intimating that their former meeting was "fixed" in the interest of the gamblers serves to remind the public that such things are possible.

Big business as it is, prize fighting has not become so reputable that its principal practitioners can afford to throw bricks at it even to show how savage they are and how eagerly they long to beat each other up.—Chicago News.

POLITICS, OLD AND NEW.

Whatever else may be said about the North Huron election, it must be agreed that it indicates a tendency to return to the old two-party system of government. The Provincial and Federal general elections tell the same story. The new movement, favoring third parties or groups, reached its climax in the years immediately following the great war, and may have been party due to the ferment of thought cause by that tremendous conflict. In 1919 the Farmers and Labor parties in the Ontario Legislature were about as numerous as the combined Liberal and Conservative parties. The general elections for the Dominion in 1921 resulted n sending to Ottawa 64 Progressives three representatives of Labor and one Independent, in all 68, in a House of 235. In 1923 the U.F.O. and Labor represetation in Ontario was reduced by the general election to 20 out of 111. In 1925 the Progressive representation in the House of Commons was reduced to 25.

As a result of the election of 1925 the independent groups were still strong enough to hold the balance of power between the two old parties. The position was as unsatisfactory for them as for the old parties. The consciousness that every vote might mean the defeat or support of the Government was embarrassing to independents, and interfered with their freedom of action. In the following election while the independent representation was not greatly reduced, the Liberals gained so much over the Conservative as to obtain a working majority

This change is perhaps partly due to the return to "normalcy" after the subsidence of the war mood and partly to a desire for stable government and certainty. The old system had its faults, but it worked The new group system might have worked if introduced in its entirety. The attempt to combine the new and the old in the session of 1926 produced confusion and deadlock.

Like most things inthis world the two-party system is imperfect, has its faults and its dangers, and needs checks and safeguards. But it seems highly irrational to retain it as the best possible and at the same time to keep railing at it, grumbling about it, and talking about "politicians" as persons of darkened understandings and seared consciences As long as there is party government there must be party politicians, and the bulk of the members of Parliament and Legislatures must be pledged to support one party or the other. There is no alternative to this but such uncertainty and confusion as prevailed in the session of 1926. Support of a Government or an Opposition does not mean servility. There is no difficulty in making the front benches understand when their course is unsatisfactory to the back benches. But support sufficient for a working majority is essential to responsible government and to a steady course of administration and legislation.

There is still in the House of Commons at Ottawa a considerable group of members not associated with either of the old parties. In their hearts they are probably not sorry that they are not numerous enough to hold the balance of power and be able to make or break Governments. Such power is held at the expense of freedom. A member may desire to vote in a way that will express his—or her—convictions, without considering the effect upon the fortunes of the old parties. Good may come from the free vetnilation of ideas which the older parties are too slow or cautious to adopt.—London Advertiser.

EDITORIAL NOTES AND COMMENT.

Plans for next year's Exhibition are already under way. The directors don't believe in standing still.

Will it be the Manassas Mauler or the Fighting Marine?

This is one fight that will keep men at home. The radio has solved the problem.

The Children's Aid Society stands for a fresh chance in life for neglected children. Don't forget that fact when you are asked to buy a tag on Saturday.

Reviving the daylight saving question will start a warm discussion as the weather grows colder.

If Dempsey doesn't fight better tonight than he writes letters the championship will remain unchanged.

With the football season coming on as motor traffic falls off a little, the doctors have nothing about which to complain.

Diphtheria can be stamped out in Peterborough, according to the doctors. Prevention is sure and harmless and available to all.

May seem like a contradiction, but a man generally feels smallers after his wife blows him up.—Stratford Beacon-Herald.

They are going to have amplifiers for the Highland festival at Banff. Surely not for the bagpipes!—Lethbridge Herald.

A true friend is one who knows how good for nothing you are and keeps it to himself.—San Diego Union.

CATTLE GRAIN, AND PRODUCE

TORONTO LIVESTOCK.

TORONTO, Sept. 22.—Trade good for fair and choice quality butcher cattle, but slow on common stuff. Light run of fresh cattle, but with a carry over of about 1,100 from Tuesday. Among the latter quite a few cars of late arrival, stockers and good killers. Though slow on common, all cattle are moving, with prospects of a good clean-up.

General run of prices as follows:

Choice butcher steers active at from $8.25 to $8.75, with extra choice up to $9. Light steers, $8.25 to $8.50, and choice butcher heifers, $8 to $8.25.

Baby beeves firm; choice, $12.

Common steers and heifers, $5 to $5.50.

Choice butcher cows, $5 to $6; medium, $4.25 to $4.75.

Bulls, choice, $4.50 to $5; choice butcher, $4.50 to $5.

Springers and milkers, quiet at steady prices.

Stockers and feeders active, selling from $6.50 to $7.25; heifers, $5.50 to $6.25; delivery country points.

Lambs, choice, strong, to a dollar higher, at $14 to $14.50.

Hogs, 25c lower, at $11.65, selects off cars and $10.75 f.o.b. selects.

Receipts.

Union Stock Yards—Receipts, 467 cattle, 234 calves, 1185 hogs, 2300 sheep and lambs.

Quotations:

Heavy steers, choice	$ 8.50	to $9.00
Butchers, choice	8.25	8.50

Hogs, selects, f.o.b.		11.00

MONTREAL GRAIN AND PRODUCE

MONTREAL, Sept. 22 (Canadian Press).—There was no improvement in the foreign demand for grain here yesterday and the only business worked was a few loads with United Kingdom buyers.

The trade in cash grain was also limited owing to the absence of demand from exporters and local buyers. The undertone to the market was steady and prices were unchanged.

A feature of the local flour trade was the increased demand from both the United Kingdom and the Continent for Spring wheat grades, and a fair volume of business was done The local demand was quiet and prices were unchanged.

A moderate amount of business was worked in Winter wheat flour and values were well maintained.

The millfeed trade was again active and prices ruled steady. The market for standard grades of rolled oats was steady with a good trade passing.

The movement of Canadian baled hay for export account continued fair. The tone of the spot market was steady with a fair trade passing.

The demand for strictly fresh eggs continued active and prices were firm. Other grades were also in good demand. The receipts were 1,533 cases.

Another reduction of ½c per pound was made in butter prices yesterday owing to the continued limited demand from all sources. The receipts were 83 packages.

Extreme dullness again marked the local and export trade in cheese. Prices were unchanged. The receipts were 6,565 boxes.

Montreal Quotations

CHICAGO CATTLE

CHICAGO, Sept. 22 (Canadian Press).—Cattle 10,000; best heavy steers 16.10; yearlings 15.85; light yearlings 14.50; about 2,500 western grassers in run; largely 12.50 downward to 10.00; plainer kinds 9.25 to 9.75; heavy sausage bulls upward to 7.25; largely 16.50 to 17.00 market on vealers.

Hogs 17,000; top 11.50; bulk good and choice 170 to 225 pounds 10.75 to 11.40; 240 to 300 pounds 10.60 to 11.30; big weight butchers downward to 10.10; most packing sows 9.50 to 9.85; best light weight 10.00; few on butcher order 10.10 to 10.25; bulk pigs 8.00 to 9.00; best strong weights 9.50 to 10.00.

Sheep 20,000; bulk good and choice range lambs lightly sorted 14.25 to 14.35; good westerns downward to 13.85 and below; bulk natives lightly sorted 13.50 to 13.75; best to city butchers 14.00; culls 10.00 to 10.50; few wooled lambs 14.00; bulk fat ewes 5.50 to 6.25; feeding lambs top 14.00.

CHICAGO GRAIN.

CHICAGO, Sept. 22—Hurry to sell replaced eager buying in the corn market yesterday and corn values plunged down suddenly as much as 5¾c a bushel. The reason was quick collapse of a general scare about possibility that severe widespread crop damage to corn would result from frost.

Closing quotations on corn were nervous 4¼ to 5½c net lower; wheat 1½ to 2c down; oats ½ to ¾c off, and provisions at 10c to 37c decline.

Selling pressure of great magnitude was evident in the corn market throughout the day but especially during the early dealings. At first the indications were that the frost predictions had been nearly a complete fizzle and this outlook was further emphasized by an official forecast of rising temperatures. Besides, advices were at hand that much of the corn crop is already safe, comprehensive reports indicating that Illinois corn in particular is 10 to 20 per cent out of danger.

Toward the end of the day, nevertheless evidence accumulated that frost both Tuesday night and the night previous had been more formidable than traders in general had assumed. Country offerings of corn though, were larger and the market for future deliveries showed itself unable to rally much from the sharp early setback. Speculative selling increased rapidly whenever the market turned upward, some trade leaders taking the position that so far as quantity is concerned the crop cannot now be reduced except to a relatively small extent and that even a hard freeze would do no more at present than to lower quality.

Wheat and oats prices gave way largely as a result of corn market weakness. In addition, Liverpool wheat quotations were decidedly lower than had been looked for, and favorable weather was reported in Canada and in Argentina as well. Owing to price breaks yesterday, however, export demand for North American wheat improved and 800,000 bushels was bought for shipment to Europe, including a good proportion of domestic spring wheat and durum.

Provisions receded with corn and hogs.

STERLING EXCHANGE

MONTREAL, Sept. 22 (Canadian Press).—Sterling rates were quoted here yesterday as:

Demand $4.85⅝.
Cables $4.85⅞.

A Thought For To-day

Let not your heart be troubled.—John 14:1.

Cheerfulness is health; the opposite, melancholy, is diseases.—Haliburton.

WISE AND OTHERWISE.

A town in Wales is named Llanerchymeddycaeriniinygogach. Just the town for Will Rogers to become mayor of.

The next logical step would be for an aviator to fly across the Atlantic knocking a golf ball.

Nova Scotia and Prince Edward Island are the only two Canadian provinces still "dry." And they are the only two that do not directly impinge on United States territory.

A Kansas City man was arrested for careless walking. Maybe the charge should have been "reckless" walking.

The New York pastor who advertised, and whose ad read "Yawn Service," probably will get a lot of credit for candor, anyhow.

The farther along we go the more we begin to understand just how "Lucky" Lindbergh was.

Premier Thaeatens To Pull Man's Nose

SYDNEY, NS.W., Sept. 21.—(United Press.) — An unusual spectacle was witnessed in the Queensland Assembly to-day when Premier McCormack threatened to pull an opponent's nose following a hint by the latter that the Premier was financially interested in the purchase by the Russo-Asiatic company of shares in the Mount Isia mines. McCormack declared the insinuation was "a dirty, scurvy statement," and called his opponent, J. P. Fry, "a liar" and "a dirty scavenger." However he withdrew these epitaphs at the Speaker's direction.

JUST A JINGLE

The barber realized just why
Some mean names he was called,
Through habit, he said "Hair cut?"
and
The customer was bald.

On the evening of Easter day in olden times an effigy of Judas Iscariot was solemnly burned.

The WILLIAMS PIANO

Before you decide on any piano—see the new Williams Living-Room Model.

Especially designed for the smaller home or apartment, and embodying all of the features of the larger Williams models, yet it costs only $450 (plus transportation).

WOMEN'S PAGE

SOCIETY

Mrs. Thos. Wilson and son Harold, of Pontypool were guests yesterday at the Hall-Johnston wedding.

Mrs. W. A. Sanderson has closed her summer home at Stoney Lake and is staying at the Y.W.C.A.

Mrs. J. C. Armstrong has returned to her home in Woodstock, after spending a couple of weeks with friends and relatives here.

Rev. Canon C. H. Marsh, rector of St. Paul's church Lindsay, is attending the golden jubilee celebration of Wycliffe College in Toronto, which commenced yesterday. Canon Marsh is one of the original student body, being a member of the Class of 1880, three years after the college opened.

Miss Glady Asling, Miss Grace Armson and Mr. James Milroy left recently for the Canadian Bible Institute, Toronto, to train for missionary service. They were members of the Bethany Tabernacle congregation.

Mr. Fred Allen, son of Mr. and Mrs. John Allen, Weller street, left yesterday for Queen's College, Kingston, to enter his third year in the classes in Commerce and Finance.

Miss Adrienne Matthews has returned home after visiting friends in Toronto and Hamilton.

Mr. Alex Scott, Smith street, who has been confined to his home for the past two months, has entered Nicholls Hospital for further treatment.

Rev. Dr. R. C. Blagrave will return to the city this evening from the meeting of the General Synod in Kingston. Rt. Rev. Dr. Dovall Bishop of Kootenay is returning with him, and will be in the city to preach at both services in St. John's church on Sunday.

Rev. W Allan, of St. Paul's Presbyterian church, is speaking to-day at Westwood, at the laying of the corner stone of the new Presbyterian church there.

Mr. and Mrs. Harry Hudson, of Pontypool, were guests yesterday at the wedding of Miss Zillia Johnston and Mr. J. Howard Hall.

Mrs. Gerald Wood, with a hole in two, won the lingerie prize offered by the Mercury Mills Company of Hamilton. This prize, which is open to any lady member of a golf club, is given for a hole in two made over a distance of one hundred and forty yards, or over Mrs. Wood made a hole in two at the sixth hole on the local links yesterday. This is the second time the Peterborough Golf Club has won this prize this season, Mrs. R. Grant making a hole in two in August.

Messrs. R. F. Downey and J. B. Nelson were judges of singing and public speaking at the School Fair of South Smith, held in the Pavilion at Chemong Park, this week.

Mr. George Eagleson of Bailieboro, was a guest yesterday at the Hall-Johnston wedding.

Miss Emma Stinson has returned to the city after spending some time at Stoney Lake.

Miss Muriel Revoy of Montreal, has returned home after spending the summer with her grandparents, Mr. and Mrs. B. Revoy, Woodbine avenue, and other relatives in the city.

Mr. Robert Harrison was in Campbellford yesterday, attending the meeting of the Peterborough Presbytery of the Presbyterian church in Canada.

Mr. and Mrs. F. Bedon and family and Mr. and Mrs. G. Salome of Norwood, were recent visitors to the city.

Mrs. Thomas Johnston, of Bailieboro, grandmother of the bride, was a guest yesterday at the Hall-Johnston wedding.

Miss Marion Peel of Chatham, Ontario, is a guest of friends in the city.

The Misses Frieda and Kathleen Shurety entertained the members of the Girls' Junior Bible Class of St. John's Church at their home on Water street, on Monday evening. Miss Beatrice Kent, a popular member of the class, whose marriage takes place on Saturday, was the guest of honor, and during the evening she was tendered a miscellaneous shower of useful and pretty gifts. Dancing was enjoyed and a delicious supper was served by the hostesses.

Mrs. I. Keegan, of Cavan, is visiting friends in the city.

Mrs. M. McGirn, of Kemptville, is the guest of Mr. and Mrs. A. Doherty, Rubidge street.

Miss Zillia Johnston, whose marriage to Mr. J. Howard Hall took place yesterday was presented by her fellow employees of the Canadian Departmental Sotres, Limited, with a rose-coloured seashell china tea set.

On Monday evening, members of the staff of the Barrie store, with friends to the number of about seventy-five, held a jolly corn roast on the river road above Lock Five. Dainty refreshments were provided by the ladies and a pleasant evening spent around a glowing camp fire.

Mr. John Ritchie of the Sun Life Assurance Company's staff in Montreal, is spending a few days in the city.

Evening Examiner Fashions

A New Bloomer Dress

This attractive bloomer dress has a two-piece skirt gathered to a yoke opening at the back. The round neck is finished with a collar, and there are pointed cuffs on the short sleeves. The bloomers have elastic run through the top and leg casings. No. 1656 is in sizes 2, 4 and 6 years. Size 4 requires 2½ yards 36-inch, or 1⅜ yards 54-inch material. Price 20 cents the pattern.

WHO WROTE THIS ?

(Copyright, 1927, McClure Syndicate.

1.—"Thoughts so sudden that they seem
The revelations of a dream."

2.—"Down the age; I will live for antiquity?"

3.—"In the hope to meet
Shortly again, and make our absence sweet."

4.—"Creation's heir, the world, the world is mine!"

5.—"The best way to keep good acts in memory is to refresh them with new."

6.—"Health that snuffs the morning air."

7.—"Rank is a farce: if people fools will be;
A scavenger and king's the same to me."

8.—"The haven of poetry and romance still lies around us and within us."

Answers to yesterday's questions: 1, Wordsworth; 2, Alexander Pope; 3, Amos Bronson Alcott; 4, Sir Walter Scott; 5, Jonathan Swift; 6, Robert Bloomfield; 7, Alexandr Pope; 8, Montaigne.

SAINT and SINNER

By ANNE AUSTIN

(Continued from yesterday.)

Faith waited that evening for her husband's return from his office, in an agony of fear. She tried to feel remorse for the advice she had given to the distracted woman who had confided in her, but her mother instinct would not permit her to regret a word. She was sorry that Fred Lytton had sneaked in and overheard; sorry that Peggy Lytton had confided in her, but she could not bring herself to be sorry, or later to tell Bob that she was sorry, that she had advised a mother to return to her child, leaving a man she loathed and who had broken a sacred promise to her.

She remained in her room, with the door closed, even after she had heard Bob's car in the driveway, had heard a scrap of Cherry's light laughter. Of course Lytton had telephoned Bob immediately, rescinding his approval of the young architect's plans for the projected country home, and telling him the reason—that the architect's wife had herself "queered" the whole thing. She had imagined the conversation a hundred times since she had left the Lytton home, followed by Peggy's tears and broken words of remorse and affection and by the foul stream of Fred Lytton's profanity. She bowed her head in despair, and did not raise it when Bob's hand quietly turned the knob of the door.

"Hello!" How cold and hard his voice was! She did not answer, could not answer, but she lifted her head and let her eyes plead humbly for her. She saw at a glance that Lytton had talked with him—

"I'm not going to beat you—as another man might do," he said with deadly, cold quietness. "Don't look like that, as if you expect me to strike you! Lytton told me his side of the mess, and I suppose you have yours, but I think I'd rather not hear it—now. Would you mind moving so I can get a clean shirt out of the chiffonier?"

Faith struggled up out of her chair and dragged it out of the way with trembling hands.

"Bob," she cried suddenly, in a strangled voice. "Please let me talk to you, explain—I went there, dear, to see Peggy Lytton, because you'd told me if she liked me it might help put the deal through. I wanted to help—"

"Well, you've done it all right!" he laughed shortly, jerking open a drawer. "Where the devil is that shirt with the blue stripe? Oh, for God's sake, don't cry; I never in my life saw a woman who could cry as much as you do! I've told you I don't want to discuss the whole damned business! I've lost the contract, and that's all there is to it. Oh, I give you credit! You didn't mean to gum up the works for me, but it was certainly pulling it a little strong to advise a bride to leave her husband!"

"I'm going to take a bath. Would you mind seeing if you can find the shirt I want? I won't be in this evening. Dinner nearly ready?" He had thrown off coat and vest, yanked his dressing gown from a hanger in the closet, and spoke to her without looking at her from the doorway.

"I—I was sewing a button on your shirt. I know where it is", she told him dully. "Dinner will be ready when you are."

When at last they sat down to dinner, Cherry alone was in blithe spirits. Joy, as if she sensed trouble between her adored sister and her brother-in-law, was unusually silent.

"George Pruitt is coming over this evening, Faith. Won't it be a relief to see a man who hasn't forgotten how to laugh?" Cherry announced gaily, with a malicious little grimace at her stern-faced brother-in-law.

NEXT: Faith primps for George Pruitt.

HOROSCOPE

The Stars Incline, but do not Compel.

FRIDAY, SEPTEMBER 23, 2817

This is a day unfavorable to many of the important activities on the planet Earth, according to astrology.

The rule is peculiarly threatening where labor is concerned and seems to presage excessive demands on employers.

Under this direction of the starts there may be some sort of severe dispute over wages and series results are forecast.

The winter may bring many disturbing events, for mental unrest will be increased by strange weather conditions that bring loss and suffering.

All the tendencies among conservative leaders of the people will be toward thrift and protection of life it is foretold.

The stars are read as presaging the organization of new religious cults and the success of many evangelists, while the orthodox churches are concerned with questions of long existing dogma.

Life is to continue to appear cheap in the face of many fatal accidents connected with transportation, astrologers declare.

This is not an auspicious time to speculate, but the stars may cause a tendency to risk money for sudden gain.

Persons whose birthdate it is may learn many secrets that will be beneficial in the coming year.

Children born on this day may be too much given to introspection. They should be taught to think clearly and along practical lines.

In the province will be required to

DRESS

By MARY MARSHALL

Shades of praline and caramel are combined in this printed chiffon frock, which is trimmed with chocolate-colored pleated velvet ribbon—a color scheme that might have been inspired by the display of a confectioner's showcase.

The newest of smart colors in France is praline, a lovely rather transparent brown. No further identification of the color is needed for anyone familiar with the famous confection of New Orleans. Pralines may be bought almost anywhere now, but those that a friend brings or sends to you from the Louisiana capital always seem more interesting and more toothsome than any other sort.

Pralines are part of the culinary heritage the Louisianan derives from France—you may have eaten them in Paris. But the Parisian who wears the new fashionable color with such success at present may be as ignorant of the origin of the word as most of us. They think they have done well when they have traced it back to the sweet tidbit.

The fact is that the word was derived from the Marechal Duplissis Praslin, who might have been almost forgotten had he not had in his kitchen a certain inventive cook who first made the candy that has ever since borne his employer's name. Your French dictionary may tell you that "pralines" are "amendes rissolees dans du sucre," almonds browned in sugar. In this country pecans are used instead of almonds, but the lovely caramel shade remains the same—a caramel shade with a touch of rose in it so that it is sometimes ranked along the darker scale of the bois de rose shades.

This new color—praline—has been spoken of as one of the shades likely to enjoy great popularity in autumn and winter, but it is one of the few brown shades that really look appropriate for summer, as well as for cool weather, and one may see at the smart dressmaking houses lace frocks with wide-brimmed lace hats to go with them, all in this tone. It is, as may be surmised from the favor it already enjoys in Paris, becoming to the woman of olive skin and dark hair.

(Copyright, McClure Newspaper

At a recent wedding in Paris the bride and bridegroom rode to the church in wheelbarrows followed by a jazz band.

Its fine, natural flavour wins friends

QUICK QUAKER

You never tire of it. Children eat their full helpings. Cooks in 2½ to 5 minutes. It sustains till noon time.

Wrapped, sealed, dustproof packages.

128

Prize Winning Recipes.

The first prize for a light nut cake, exhibited at the Peterborough Fair, was won by Mrs. C. J. Hancock, of Peterborough. The recipe follows: ½ cup butter, 1 cup sugar, 3 egg whites, ½ cup milk, 2 cups flour, 2 teaspoons baking powder, 1 cup almond nuts, ½ teaspoon almond flavoring. Icing: 3 eggs whites and ¾ cup sugar.

The second prize was won by Mrs. S. H. Carpenter of Peterborough, with the following recipe: ½ cup butter, creamed, add 1½ cups sugar gradually; ¾ cup milk, 2 cups flour, 1 teaspoon baking powder, sifted with flour, 1 cup chopped walnuts, whites of 4 eggs beaten stiff. Bake one hour in moderate oven. Flavor to taste.

The Hygienic Method

That 8 in 10

Better-Class Women Use

By ELLEN J. BUCKLAND
Registered Nurse

ONE of the commonest obstacles to the average woman's peace-of-mind was the old-time "sanitary pad." Uncertain and unsafe, it has now been supplanted with scientific protection that is absolute.

With the amazing absorbency of 16 times its own weight in moisture, KOTEX, the new way, is 5 times as absorbent as the ordinary cotton pad. It is the only sanitary pad filled with *Cellucotton* wadding, the world's super-absorbent.

Also, it deodorizes while it acts. Also—it discards easily as tissue. No laundry, no disposal embarrassment. Obtain at any store, 12 in a box.

Note particularly that the package is marked KOTEX. If not, don't accept — it is not genuine Kotex.

KOTEX

No laundry—discard like tissue

DE FOREST CROSLEY RADIO

The Hastings —one of the "Royal Series"! for "Light-Socket" or Battery operation.

Unique in Performance and Appearance

As a beautiful piece of furniture to adorn the most attractive of interiors, and a powerful set which will bring the world of radio to your fireside—each of the seven "Royal Series" models is unique in its particular class.

New Heights of Perfection

For battery or "light socket" operation—perfectly shielded against interference—with uncanny selectivity and utmost ease of control—the "Royal Series" models attain new heights of perfection.

Standardization Cuts Costs

First to apply the principles of standardization to quality production, DC brings instruments of luxurious quality within the reach of every budget.

Seven Models $44—$450

60,000 Owners Confirm Your Judgment

GLARING LIGHTS TO BE DISCUSSED

Canadian Good Roads Association to Take Up Matter.

MONTREAL, Sept. 22.—The menace of glaring headlights is to be discussed at the annual convention of the Canadian Good Roads Association, at Niagara Falls, on September 27, 28 and 29. It is anticipated that many ideas will be brought forward on this subject which has been a worry to government officials.

"A good many experts have practically thrown up their hands over any immediate settlement of the question of glaring headlights," said George McNamee, Secretary of the Canadian Good Roads Association. "So many problems enter into the matter that they are frankly puzzled. A driver may have a lens that does not glare with a certain sized bulb and does glare most viciously with another size. Much also depends upon the tilt of the lens. In many cases a slight blow will give the lamps a tilt so as to make them absolutely dangerous to drivers coming from the opposite direction. We are doing our utmost to secure the co-operation of every motor car driver. If the driver does not know how to fix his own lights he should have periodical inspections made by garage men who understand the problem. In Ontario and some other Provinces the Highways Departments supply free directions for testing lights. These have been of immense service, but they have not done away with the danger entirely."

"I hear a good many motorists say that legislation regarding the glaring light menace will do no good. They assert that there is too much legislation already, and that it would be impossible to secure uniformity for all our Provinces. I do not fully share that view. We have secured much uniformity of legislation and it is just possible that by working together with Highways Departments, and motor car manufacturers, and motorists we may evolve something that will make the matter of glaring lights of no more consequence. We expect to hear some new thought on this subject at Niagara Falls."

In this connection departmental officials from all over Canada are curious to know what will be the effect of Ontario's legislation which requires a light on all vehicles on the highways at night after October 1. Ontario is the pioneer in this direction. Hitherto objection to this move has come from the rural parts.

"It is more dangerous to carry a light on a load of hay or straw than to be without one," was one argument heard scores of times. And yet only a few weeks ago a motorist collided with a load of hay at night near Montreal and was badly injured. From what can be learned here the departmental officials of other Provinces think well of this regulation in Ontario, but they doubt if they can dare to duplicate it until they are satisfied that it works out successfully.

Linked with the question of lights in the Association's program is the matter of signals for stop and turn. In the United States are three distinct sets of signals, but their application is said to be confusing. Objection is given to automatic signals in that they are not always sure or positive.

"There is one signal that is positive," an Association official said, "and that is the hand. If the hand is stuck out to the side of the car, the driver following knows that something is going to happen, perhaps a stop, a slow down or a turn either way. The outstretched hand gives him warning, and it is then up to him to take care of himself. Signals should be simple and easily understood. Nothing is simpler than the outstretched hand. However, there are other views, and I believe one of the most interesting discussions we shall have will be on this question of signals."

OPERATORS MUST HAVE LICENSES

Realtors Seek To Institute Compulsory Licensing of Real Estate Agents.

OTTAWA ,Ont., September 22 (Canadian Press). — With a view to the institution of compulsory licensing of all Ontario real estate agents, representatives of the Ontario Association of Realtors will this morning wait upon the Provincial Attorney-General ,it was revealed here last night when Ottawa realtors on the delegation took train for Toronto. If the proposal of the Association was adopted, all the agents selling property or homes on commission would necessarily be legally qualified before he could operate. Prospective agents would have to pass a local board which would examine their qualifications and experience before issuing a license.

Solid Walnut, Hand-Carved Frame—Scalloped Front Design
Distinctive Imported Coverings—Reversible Cushions

IT is "now or never" with the special Sani-Bilt value being offered this week by dealers all over the Dominion. Midnight, Saturday, September 24th, ends the opportunity for securing this handsome $250.00 suite at the special "Week" reduced price of $199.00. (Deferred payments, if desired, at a moderate extra charge.)

Never has such value been offered before. The three pieces are beautifully upholstered. There is a choice of specially imported coverings—rich plain taupe or walnut English mohair, or diamond cut mohair with reversible cushions in French silk or block printed mohair. The design is of particular charm—being characterized by the very latest scallop shaped front with solid walnut hand-carved woodwork. The back has a neat rolled band at the top. Every piece is full size (chesterfield full 81" length) and of the usual high-grade Sani-Bilt construction.

Positively Mothproof

And to cap all these qualities—it is guaranteed MOTHPROOF under the exclusive Sani-Bilt REPLACEMENT Contract. Every suite bears a written guarantee that it will be replaced without question if damaged by moths. Only Sani-Bilt can afford to give such sweeping promises, because only the exclusive Sani-Bilt process can give absolute protection from the ravages of these pests.

PROTECTED against moths by an Iron-Clad REPLACEMENT GUARANTEE

The period of this special offer draws rapidly to its close. It is necessary to act quickly. See it today or tomorrow. Your eyes will confirm what this advertisement has said of the beauty of the suite, the Sani-Bilt name will assure you of high quality and the written REPLACEMENT Guarantee gives you absolute protection against moths. Scout News and Notices

5TH PETERBOROUGH TROOP.

Well, brother scouts, we have started to go again. Our scoutmaster George Gimblett opened the meeting. Previous to this meeting we were prety noisy after so much inactive work, but when the scoutmaster called the meeting to order the boys readily responded showing how the 5th are in favour of scouting. After flag break and the roll call the troop was dismissed to their respective corners. The Bulldog patrol was out in full, closely followed by the Wolves. After inspection the new boys were introduced to the scoutmaster and were interviewed and welcomed into the troop. After a brisk fifteen minues of instruction period under the patrol leaders, our scoutmaster called us up for first aid. Patrol Leader Garry Johnson reported that the tenderfoots were coming along splendidly. Most of them have uniforms and in a couple of weeks will have their tenderfoot badges presented to them. After this came some very good games, interesting and instructive. The meeting came to a close with 'God Save the King.'

At the court of honour matters were discussed pertaining to troop affairs. The 5th wishes to let the rest of our brother scouts know that we are going to have a hockey team. Events were then discussed about our younger brothers ,the Wolf Cubs and remarks were made on how the pack was coming on under the supervision of Cubmaster Mr. Hope. The court of honour then came to a close and the meeting was dismissed.

Thought She Would Choke From Gas

"It felt as if I would smother and my heart would stop, I had such terrible stomach gas. Had to sit up nights. Since taking Adlerika, I have not had a spell."—Mrs. M. F. Curley.

Just ONE spoonful Adlerika relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and removes old waste matter you never though was there. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. McDermid Drug Stores, and E. L. Payne, Druggist.

CRIMINAL CHARGE FOLLOWS ACCIDENT

Toronto Man Arrested When Car Kills Messenger Boy.

TORONTO, Sept. 21. — A further addition was made to the growing list of auto victims last evening when Maurice O'Donnell, aged 13, of 74 Lynd Avenue, employed as a messenger boy by a Roncesvalles Avenue drug store, was struck by a motor car in charge of Louis I. Seddan, Stop 34, Lake Shore Road, at Wright Avenue and Roncesvalles Avenue. The boy died about half an hour after being admitted to St. Joseph's Hospital, of internal injuries. He was badly crushed about the chest and cut about the head. An inquest will be held.

The mishap was investigated by Detectives-Sergts. Hazelwood and Greaves, and Seddon was arrested on a charge of criminal negligence. It is understood that the charge will be changed to a more serious one when Seddon appears in police court this morning. Seddon is held on bail of $1,000.

According to the police, the boy was riding his wheel in an easterly direction on Wright avenue when the mtor car, south bound on Roncesvalles Avenue, approached. Seddon, in an effort to avoid hitting the cyclist, swung his machine to one side, but in doing so caught the lad's wheel and carried the rider and bicycle against another automobile driven by Eric L. Lugsdin, 267 Indian Road. This resulted in the boy being crushed between the two vehicles. Lugsdin was northbound at the time and was an innocent participant in the tragedy.

The boy was semi-conscious when picked up, and groaning in pain. An ambulance was called and he was rushed to the hospital. All efforts to save his life, however, were futile.

WATER STREET STRIP FIXED UP

"Devil Strip" Evened Up With Paving On Each Side of Road.

CINDERS USED.

During the past week a remarkable change has been made to Water street north, where the Board of Works has filled in the devil strip. This piece was not paved some years ago when the street was done, and ever since it has been very rough. This summer many complaints were received about the condition of the strip, so the city engineer has had it levelled up with cinders.

There are 11,723 living descendants of King Henry IV. of England.

Canadians Advance in U. S. Women's Tourney

GLENNA COLLETT ELIMINATED SECOND ROUND OF MATCH PLAY

Beaten By Mrs. Alex Stirling Fraser, Former Winner of Title.

FRANCE ADVANCES.

Miss Ada Mackenzie, Champion of the Dominion, Also Comes Through.

GARDEN CITY, N. Y., Sept. 22 Invaders from Canada and France yesterday pressed forward, through the second round of match play toward the women's golfing championship of the United States, while Miss Glenna Collett of Providence, R. I., one of the strongest of the home-bred hopes, met defeat and elimination.

In a "battle of ex-champions" Miss Collett was beaten by a margin of 2 up and 1 to play by Mrs. Alexf Stirling Fraser, winner of the title in 1916, 1919 and 1920 as an American but now a member of the Royal Ottawa, and of the invading contingent.

The other invaders to come through were Miss Ada Mackenzie of Toronto, champion of the Dominion, and Mlle. Simone Thion De La Chaume of France, champion of her country, and of England.

While Miss Mackenzie scored an easy victory at 4 and 2 over Miss Helen Payson, Portland, Me., Mlle. De La Chaume had trouble eking out a 1 up victory over Mrs. H. G. Higbie of Detroit.

By winning, the little French girl and the veteran Mrs. Fraser entered the same third round bracket and will fight it out to-day in what promises to be one of the most interesting matches of the tournament.

Third Round.

The eight survivors and the order in which they will play in the third round:

Miss Ada Mackenzie, Toronto, vs. Miss Virginia Van Wie Chicago.

Miss Maureen Orcutt, Haworth, N.J., vs. Miss Marie Jenney, Yonkers, N. Y.

Mrs. Miriam Burns Horn, Kansas City, vs. Mrs. Henry Pressler, Los Angeles, California.

Mrs. Fraser vs. Mlle. De La Chaume.

Mrs. Fraser's surprising victory over the girl who defeated her by 9 and 8 in the 1925 final at St. Louis, was witnessed by an appreciative gallery of 200. From the start the younger player was uncertain with her putter and it was this more than any other one factor that lost her the match.

Gains Advantage.

After reaching the turn all even, Mrs. Fraser gained a one-up advantage with a 4 on the long tenth, woman's par for which is 6. A break of the game on the next hole thwarted Miss Collett's brave attempt to even it. The break was an iron shot by Mrs. Fraser, which would have gone wide if it had not hit the road and taken an odd bounce on to the green. It allowed the older player to halve the hole in four and hold her lead. The 12th also went to Mrs. Fraser and Miss Collett's come back on the 13th was neutralized by loss of the 14th. From then on Mrs. Fraser held her opponent to halves and the match was hers.

Mlle. De La Chaume slackened her pace after knocking off the 9 holes in 39 for a 3 up lead, and as a result narrowly escaped defeat in a closing flash of brilliant golf by Mrs. H. G. Rigbie of Detroit.

Mrs. Henry Pressler of Los Angeles western champion, also had a close call, winning her match with Mrs. Courtland Smith of Glenridge, N. J., a finalist last year, by the same narrow margin of one up. Mrs. Pressler's next opponent, Mrs. Miriam Burns Horn of Kansas City, drove out a 5 and 4 victory over her fellow middlewesterner, Miss Bernice Hall, Oshkosh, Wis.

The two metropolitan stars who will meet to-day, found the going easy. Miss Orcutt, 20 year old champion of the district, won by 5 and 4 from Miss Rosalie Knapp, Glenhead, N. Y.

PICKS TUNNEY TO WIN FIGHT

Sports Writer Says Can't Forget Dempsey's Last Two Bouts.

CHAMPION FASTER.

BY JOE WILLIAMS

CHICAGO, Sept. 22.—And now—can the old Manassa Mauler do it? Is it in the cards for Jack Dempsey, the most spectacular figure in modern ring history, to come back and win the championship?

Your guess is as good as mine. Probably better. I am one of those bright young men who predicted a year ago that Mr. Gene Tunney would look like a mug against Dempsey. What I think about this fight should therefore not be taken too seriously.

You may ask if Dempsey is any better than he was a year ago. On the premise that he couldn't be any worse and walk, the answer, in a well modulated voice, is hellyes.

I am convinced that the worst error Dempsey made last year was his failure to fight at least one battler, one of the Riskos or Renaults of the land, before the battle of the Besqui.

Dempsey had been out of the ring three years. No fighter can stay away from active ring service that long and expect to come back a first-class foeman with his warring weapons 100 per cent perfect.

All the training he had done from March to September hadn't kept him from being rusty; hadn't keyed his fighting instincts to the point where he was able to grasp his one fleeting moment of golden chance at Philadelphia.

I refer to that fourth round when Dempsey had a chance to win and, by his own admission, he didn't know it. His nervous system was clogged. The messages from the noodle to the fists were slow in coming through.

Maybe Dempsey wouldn't have beaten Tunney last year even if he had fought two or three times before. Maybe he won't beat him this year. But he will be in a position, because of his fight against Tunney and his subsequent fight against Sharkey, to give Tunney a hard, testing fight.

And if the chance like the one developed in that fourth round comes again this year, he'll—well, he'll knock the social lion of the gold coast clear out into the lake.

But I am detouring.

If Tunney was good enough to win ten rounds out of ten against Dempsey last year, why shouldn't he do it again this year? Possibly he will win by a more decisive margin. And it may be that Tunney could whip Dempsey the best day he ever saw. But—

Tunney did not whip Dempsey the best day he ever saw when he whipped him at Philadelphia. I mean to say Dempsey wasn't as good as he might have been and when I say this I do not mean to detract in the least from the remarkable fight Mr. Gene Tunney fought.

This year Dempsey will be better. How much better is a matter of conjecture. He comes into the ring with two hard fights under his belt. Whether that is important enough to bring him home in front is another thing.

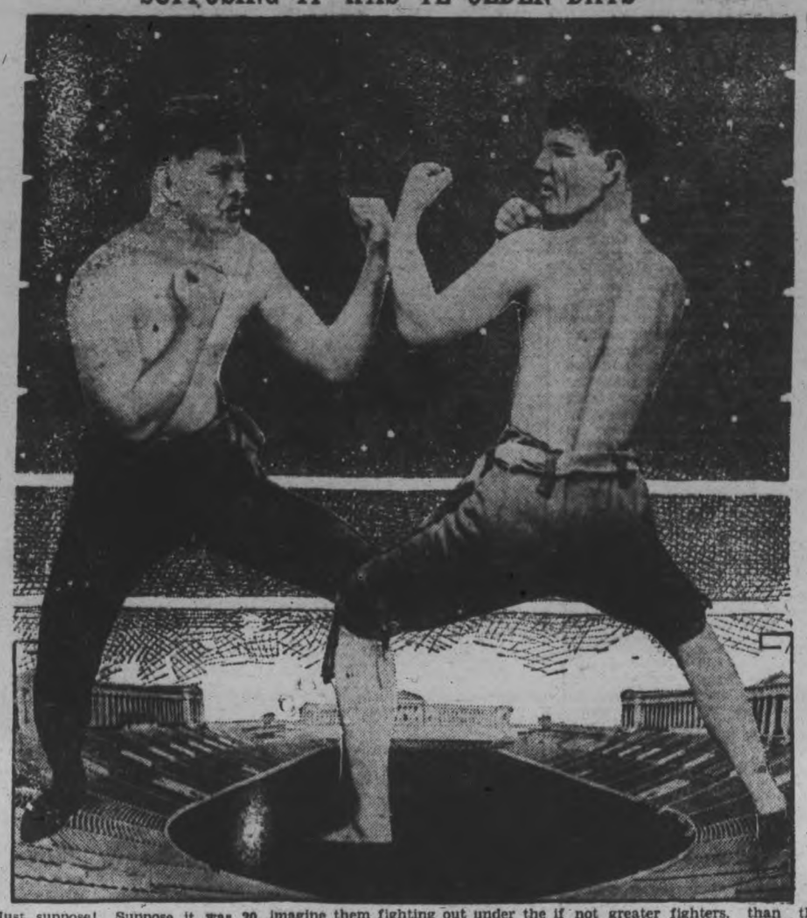
Tunney is no worse than he was last year. Very likely he is better. The knowledge that he mastered Dempsey has stiffened his fighting fibre and his moral sinews.

I'd like to be able to string along with Dempsey and maybe I should. But I can't forget how feeble he looked against Tunney a year ago, nor can I forget the mediocre fight he made against Jack Sharkey. I say that, mind you, despite the fact that Dempsey has been my foremost idol of the ring.

I concede Dempsey the chance you must always concede him—the chance to land with a killing punch at any given moment during the fight, but this is, I fear, an outside chance.

Tunney ought to win. He hasn't much to fear fighting the cautious fight he is sure to fight. He is faster and a more accurate puncher. He has more stamina. He is a splendid body puncher with a right hand. He has enough power in that right hand to win by a knockout, and if he opens up and takes a few chances, he may.

SUPPOSING IT WAS YE OLDEN DAYS



Just suppose! Suppose it was 20 or 30 or 40 years ago—Gene and Jack would square off like this! Can you picture the handsome Tunney and the slashing Dempsey facing each other with such crouches? Can you imagine them fighting out under the stars in an isolated spot before only a few hundred people for only a few hundred dollars—such crowds that witnessed great fights in the past and money that was paid as great, if not greater fighters, than they are? No, neither can we! A three million dollar gate, a crowd of 100,000 or more, the stars, yes, but at Soldiers' Field—but none of the queer crouch shown here will be seen in their fight tonight.

Dempsey Thinks He Has Good Chance Of Socking Tunney With a Haymaker

CHICAGO, September 22. — "I can still hit hard enough to knock out any man I hit."

This was Jack Dempsey's answer to me to-day when I asked him if he thought he could win the title back from Mr. Gene Tunney, the social lion of the gold coast, this week in the Battle of the Big Dough.

Th answe was also significant of the manner of fight he intends to wage against the present champion—he is going in for a knockout, come what may, and how.

Not that this is surprising. Dempsey has always gone in to win by a knockout. This characteristic partially explains his tremendous hold on the fight public.

He has always been the magnificent gambler of the ring, a smashing, slashing, onrushing fighter, habitually willing to take a punch on the beezer in order to counter with a death-dealing punch.

Dempsey is the Babe Ruth of the ring. There is no middle ground with him. Like Ruth, he either fans or hits it over the fence. Only once has he fanned. That was against Mr. Tunney a year ago at Philadelphia. Dempsey doesn't think he should be ruled off definitely on his showing in that one.

"You ought to know I was in bad shape for that fight," Dempsey reminded. "You wrote a story last winter that I had lost ten pounds 'sitting in a corner' before the fight. That was the truth. I denied it then because I didn't want anybody to think I was making an alibi.

"I weighed 196 pounds Sunday before the fight. That was the last day I did any training. When I came into the ring I weighed 186, no more, and possibly a little less. I don't know where the weight went, but it went."

Privately Dempsey thinks his nerves finally cracked under the strain—a strain occasioned by the many legal difficulties with which he was beset and a growing realization that he was below par fistically.

"For the first time in my life I began to worry about winning," continued Dempsey. "In all my other fights I just went about the routine business of getting into shape, determined to be ready and hopeful of the best. But never did I find myself wonderin gif I was going to win or lose.

"A couple of days before the fight I read a headline in some newspaper: 'Tunney's Youth and Stamina May Beat Champ.' Usually I don't pay much attention to what is in the newspapers. But somehow or other, I couldn't seem to get away from that one.

"Looking back now, I know what was wrong. I was beginning to crack. I was getting edgy. Subconsciously I was beginning to feel that maybe I might not be champion after this fight. Still on the day of the fight, I was more like myself, and when the gong sounded I was thinking of nothing beyond getting over a haymaker as soon as possible."

"I asked Dempsey if he honestly felt he could break through Mr. Tunney's fine defence with a finishing punch.

"I've got more than an outside chance, anyway," he answered. "Tunney admits I almost stopped him last year, not once but twice. He says the punch I hit him in the neck with in the fourth round, took his voice away for three days, and he says I hit him with a right hand that paralyzed his left arm in the same round.

"I was terrible last year. If I was able to hurt him then, I ought to be able to knock him out this year."

"Why didn't you follow those punches up?" I asked.

Dempsey's answer was interesting and typical of the simple candour of the man.

"Say, I didn't even know I had hurt him. I didn't think I was hitting hard enough to break a piece of Melba toast."

With this a half smile broke across Dempsey's mouth.

"This Tunney must be kinda brittle, ain't he?"

PIRATES WIN FINAL TUSSLE

Closed Out Home Series With Robins By 5 to 2 Victory.

HOLD 3½ GAME LEAD.

NEW YORK, Sept. 22 (Canadian Press).—Pittsburgh closed out the home series with the Robins with a 4 to 2 victory yesterday, and thereby regained a three and one-half game lead in the National pennant race, as the Giants and Cards, who are tied for second place, were idle.

John Miljus, former Brooklyn player, who was purchased in midseason from Seattle of the Coast League by the Pirates, yielded only five hits against nine gathered off McWeeny of the Robins. The Corsair attack was concentrated in the fourth inning when four singles and McWeeny's wildness allowed four runs to cross the plate.

After one batter had been retired Grantham singled and reached second safely when McWeeny made a bad throw on an attempted force out on a grounder by Harris. Gooch drove Grantham home with a single, putting Harris at second. Harris romped over the plate on a wild pitch and Gooch went to third. Miljus struck out. Gooch scored as Lloyd Waner beat out a hit. The latter stole second, and after Barnhart was given a pass Paul Waner scored his brother with a single.

Lloyd Waner made three singles to set a new modern major league record for one-base hits in a season. He tied the old mark of 179 achieved by Johnny Tobin with the Browns in 1921 during Tuesday's game.

One game scheduled.

WIN THIRD GAME.

Bisons Take Decisive Game of Post-Season Series With Albany.

ALBANY, N.Y. Sept. 22.—(Canadian Press.)—Buffalo, International League champions, won the third and decisive game of the post-season series with Albany, Eastern League pennant winner, 7 to 2, here yesterday.

YANKEES LOSE OPENING TILT

Gave Worst Fielding Exhibition of the Season For 6-1 Defeat.

HOMER FOR RUTH.

NEW YORK, Sept. 22 (Canadian Press).—The Yankees gave their worst fielding exhibition of the season here yesterday and lost the opener of a series to Detroit by 6 to 1, running the Bengal winning streak to seven. Sam Gibson pitched a strong game for the Tigers and had the New Yorkers shut out until Babe Ruth hit his 55th home run of the year in the ninth. Not only were the Hugmen guilty of six errors but all sorts of mental lapses cropped out with throws to wrong bases and failures to throw the ball.

Held to five hits by Lisenbee, the St. Louis Browns were shut out at Washington, 10 to 0, in the first game of the series.

The Senators clouted out 14 hits, Ganzel, a recruit, having a perfect day at bat with four hits. Two of them were two-baggers, while one was a triple.

The Cleveland Indians took the opening game of the series at Philadelphia by a score of 6 to 5, winning the game on singles by Fonsecs and Hodapp in the ninth inning.

Plays Last Game.

Ty Cobb played his last game of the season with the Athletics yesterday and left for the West last night. Cobb is going on a hunting trip in Wyoming, and announced before leaving that he is undecided about playing next year. The Georgian said Connie Mack wanted him to play again next year, and stands ready to renew his contract at the same figures.

Pinch hitting in the last half of the ninth with one on base and two out, Red Rollings drove out a double that enabled Boston to defeat Chicago 3 to 2 in the opening game of the series at Boston. With one out, Conally walked Myer, Todt sacrificed and the stage was set for Rollings. Welzer let Chicago down with six hits, but two fast double plays lifted him out of tight places.

Fight Bulletin

As usual, The Examiner will give complete bulletin service on the big battle.

A running story will be posted on the bulletin boards at The Examiner Office.

Telephone queries will be answered—call 1600 and 1601. Bout starts at 9.30.

To-morrow's Examiner will contain the complete story.

LAST LEGAL BARRIERS CLEARED FOR DEMPSEY-TUNNEY BATTLE

Famed Gladiators Meet To-night in Match For Heavyweight Championship.

RECORD CROWD EXPECTED.

Estimated Gate Receipts Will Probably Amount To $2,750,000.

CHICAGO, Sept. 22 (A.P.).—With its last legal barriers cleared yesterday and the city swarming with the greatest fight crowd of all time, the Dempsey-Tunney battle of dollars, open letters and mixed opinions moved toward its climax of actual fistic combat tonight in Soldiers Field's spectacular setting.

Subjects of more debate than any two other gladiators in all ring history, Gene Tunney and Jack Dempsey will meet in their return battle for the heavyweight championship of the world before a colorful crowd that is expected to shatter all records by numbering close to 150,000 and contributing to a "gate" of probably $2,750,000.

In its attraction of world-wide interest, in the fierce and bitter character of its preliminary debates, in the size of the stakes involved—$1,450,000 for the two fighters—as well as the magnitude of the promotion enterprises, the second chapter of the Dempsey-Tunney feud far outstrips any sport event in history. So-called "battle of the century" within the past few years pale by comparison with the proportions of this unprecedented struggle for gold and ring glory.

It will pit Tunney, the soldier, masterful boxer and champion, against Dempsey the plunging, personally magnetic slugger, badly beaten a year ago by his handsome foe but now primed for the big act of the most sensational comeback drama the boxing game has even known.

Who will win?

The answer to that question, eagerly sought and discussed everywhere by millions, debated at the crossroads as well as on Michigan Avenue, Broadway, and the Rue De La Paix, will be known between 9.30 and 10.30 p.m. tonight, Chicago Daylight Time, when the 10-round championship match to a decision will hold the little square of limelight amid a cheering mass of fandom.

So far as the strange contrasts of pre-battle speculation go, Dempsey will climb into the ring a probable favorite in the betting as well as with the support of popular sentiment, but Tunney will be the choice of a majority of the assembled army of experts.

Conflicts of Opinion

There are powerful undercurrents and cross currents of suspicion and doubt, always a forerunner of big heavyweight fights, but more pronounced here than ever before. There are sharp conflicts of opinion everywhere, but the general prospect is that, on its merits, the fight will be closely and sensationally fought between a resourceful champion, fully confident of himself and a reckless, punch-throwing challenger, substantially improved over his dismal form of last September.

Tunney's supporters insist that the fighting machine that all but crashed the slugging Dempsey a year ago in the rain at Philadelphia is equipped to repeat, probably in more decisive fashion. Dempsey's backers see the old Manassa mauler as once more the aggressive, batering plunger; as the battler that knocked out Willard, Carpentier, Firpo and Sharkey; aggressive, if not quite as fast as of yore, but far from the floundering figure of 1926.

PROGRAMME ARRANGED.

Kiwanis Club Has Planned a Splendid Week of Entertainment.

Arrangements for the Produced in Canada Exhibition to be given by the Kiwanis Club on October 10-15, are proceeding rapidly Dr. J. J. Craig, who made so outstanding a success of the July 1st parade, has charge of organization for the club, and that fact assures success.

Arrangements have already been made for a fashion show on five nights, a dramatic contest every night, a miniature pageant from Toronto and many unique exhibits such as never been seen here before.

There will be a complete midway with several games run by Kiwanians, and every department of the exhibition is branching out so that it will be much more complete than it was last year.

All of the bedrooms of a hotel just opened in London have been named after flowers.

Why Firestone Dips the Cords of the Carcass in a Rubber Solution

In the old Fabric Tire, internal friction was excessive, and, mileage low, the square-woven construction of the fabric being impossible to insulate with rubber.

Then came the Cord tire, with cords in each ply laid parallel—no interwoven cross-threads—permitting greater insulation of the cords, one from another, but the cords were not insulated with rubber.

After much research, Firestone chemists found a method of insulating every fibre of every cord with rubber and called it "Gum-Dipping." This process reduces internal friction and gives thousands of extra miles.

Your local Firestone Dealer will gladly explain the many advantages that only Firestone tires can give. See him today.

MILLIONS PAID TO SEE ACTION OF 39 MINUTES

Ten Rounds of Great Bout To Be Seen By 150,000 Persons.

FIGHTERS ON SCENE.

Stadium Gates To Open Nearly Five Hours Before the Fight Starts.

CHICAGO, Sept. 22 (Canadian Press).—For the brief space of 39 minutes, or less, Gene Tunney and Jack Dempsey, fighting for the heavyweight championship in a ten-round decision match at Soldiers' Field, will hold the eyes and ears of the sporting world to-night.

For that short span of time, close to 150,000 pairs of eyes, paying upwards of $2,500,000 for that privilege, will focus upon the most expensive, most-talked-of and most spectacular drama the ring has ever known. Millions all over the world will hear or read about this gigantic spectacle through the greatest concentration of radio, telegraph and cable facilities in the history of communication for any single event.

To-day, as the time for the battle neared, as the inrush of fandom from all parts of the country reached its peak and as the last minute hubbub increased, it seemed that nothing short of a great war would cause at one time as much commotion, as much hectic debate and as universal an interest as this duel of the padded mitts between the scholarly, scientific young champion of 29 and the two-fisted, rip tearing slugger of 32 trying to batter his way back to the top of the pugilistic ladder.

The principal actors in this biggest of boxing dramas, heavily guarded, were near the scene of combat early. Dempsey spent the night in a Chicago hotel, while—Tunney was to arrive early this morning to go into seclusion preliminary to the ceremony of weighing in early this afternoon. Dempsey expected to scale around 196 with Tunney around 191.

The big battle was to start at approximately 9.45 p.m., Chicago daylight time, under a last minute agreement, but this was subject to change. In the event of threatening weather, Tex Rickard said, it would be moved ahead of schedule. The preliminaries were to start at 8 p.m.

James J. Jeffries, one of the heavyweight champions who tried to come back and failed, thinks that Dempsey will shatter tradition and regain his crown to-night, he said.

The celebrities entitled to places among the chosen 108 in the real first row and the lesser lights in vast numbers to be sprinkled around the sides of Soldiers' Field bowl back to the rim, formed one of the greatest throngs of visitors to-day Chicago has ever entertained.

Almost one-third of the 150,000 or more who have tickets for the great spectacle in the stadium came by train, boat, automobile or airplane.

The gates to the fight were to open at five o'clock and Grant Park was to be cleared of every pedestrian and vehicle an hour earlier. Eleven viaducts lead into the park and none but ticket-holders may cross after four p.m.

JUNIOR O.R.F.U. CLUB ORGANIZED

Jack Deannard President of the Peterborough Rugby Club.

TEAM PRACTISING.

The organization meeting of the Junior O.R.F.U. was held last night at the Y.M.C.A. and was well attended. The election of officers and appointment of patrons by the executive for the coming year took up most of the time. It was decided to enter in the same group as last year, with possibly the same result of a bye through the first round into the play-offs, unless some other team in this district is entered. The fee of $5.00 is being sent to the Rugby Union immediately and meanwhile attempts will be made to get the team into condition by some exhibition matches with any teams that can be secured.

The officers and patrons for the coming season are as follows: Honorary President F. Hills; Honorary Vice-President, R. L. Dobbin; President, J. Deannard; Vice-President, Dr. H. Wood; Secretary-Treasurer, Bruce Fraser. Executive —J. D. Fletcher, D. A. Loomis, Max Sloan, C. G. Graham, C. S. Browne. Patrons—His Worship Mayor Holloway, Hon. G. N. Gordon, K.C., E. A. Peck, M.P., W. H. Bradburn, M.P.P., Joseph J. Duffus, G. A. Gillespie, G. S. Matthews, R. M. Waddell, G. H. Roper, C. Westbrook, C. L. Brewer, R. Abbott, W. R. Breyfogle, J. H. Vernor, E. G. Patterson, Dr. H. M. Yelland, George A. MacDonald, Dr. F. C. Neal, Dr. A. W. MacPherson, Dr. F. P. McNulty, D. Davidson, G. A. Morrow, C. H. Ackerman, R. M. Glover, R. Dobey, F. M. Dela Posse, George Robertson, J. Wells Fraser, J. A. McKone, H. R. H. Kenner, F. L. Roy, R. J. Matchett, M. Bredin, James Dutton, H. Morrow, W. L. Ferguson, J. J. Turner, S. Newhall.

There will be a full uniform practice for the Junior Rugby team at Confederation Square, both Thursday and Friday nights at 5.15 p.m.

SURVEYOR.
F. T. WEBSTER, Ontario Land Surveyor, Registered Professional Engineer, formerly of Ottawa. Phone 2540.

1926 Winner Loses Out In Second Round

WALTON HEATH, Tadworth, England, Sept. 22 (Canadian Press Cable). — Rain and mist prevailed for the eighteen-hole, second and third rounds, of The News of The World's 1,000 guineas professional golf tournament, which were played here yesterday.

In the second round Charles Whitcombe defeated Alexander Herd, the 1926 winner, 2 and 1, while W. Robertson of West Lancashire, defeated Harry Vardon by the same score.

In the third round Ernest Whitcombe of Meyrick Park, eliminated B. Hodson of Newport, 5 and 3. The winner turned in six three's on his card. Charles Whitcombe defeated L. Herrington of Abbeydale, 5 and 3; James Braid of Weatsell, defeated Colonel Wynbay, one up; Tom Williamson defeated Ted Ray, one up. The remaining winners in the third round were W. Robertson; A. Miles of Merton Park; Archie Compton and Fred Robson of Cobden Beach.

TWO CANADIANS ARE PLAYERS IN CONTEST

Win Second Round of United States' Woman's Golf Championship.

GARDEN CITY, September 21 (Canadian Press). — Mrs. Alexa Stirling Fraser, of Ottawa, eliminated Miss Glenna Collett, Providence, Rhode Island, from the national women's golf championship tournament by defeating her in the second round two up and one to play.

Canada will therefore have two players in the third round to-morrow, Miss Ada Mackenzie, of Toronto, having defeated Miss Helen Payson of Portland, Maine.

Canada's bid for the women's golf championship of the United States was carried safely through the second round of play on Cherry Valley Club links to-day by Miss Ada Mackenzie, of Toronto, who defeated Miss Helen Payson, Portland, Maine, 4 and 2, making two eagles and par.

BETTING EVEN ON TITLE BOUT

Dempsey-Tunney Fight Is Toss-up in General Opinion.

GOOD WEATHER PREDICTED.

CHICAGO, Sept. 22—General consensus of opinion among the betting fgraternity is that to-night Tunney-Dempsey fight is a toss-up. The betting odds, after a drift of several days toward Dempsey, were largely on a basis of "even money and take your choice." Odds on a knockout favored Dempsey, conceded to be the harder puncher of the two, but the majority of newspaper experts have gone on record in support of Tunney.

Such strong support for the challenger, in face of ring history that has always made champions pronounced favorite, was itself unprecedented, but it was only one of the record-breaking angles.

Clear weather, as is usual for Tex Rickard Shows, has been predicted by the weather man.

HAVE YOU PILES

Then You Have Something to Learn

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is stagnation of blood circulation in the lower bowel and a weakening of the parts. Dr. J. S. Leonhardt found the remedy and called his prescription HEM-ROID. Dr. Leonhardt tried it in hundreds of cases with a marvelous record of success, such a wonderful record that HEM-ROID is now sold by druggists everywhere under a rigid money-back guarantee.

Don't waste any more time with outside applications. Get a package of HEM-ROID from McDermid & Jury, McDermid Drug Store today. It has given quick and lasting relief to thousands and must do the same for you or money back.

Babe Ruth Clouts Homer Number 55

NEW YORK, September 22.—Babe Ruth ripped off homer No. 55 yesterday against Pitcher Gibson of the Tigers and now is but four away from his own high standing of 59 established in the 1921 campaign. The Bambino made a pair of singles before producing the round trip wallop which sent the ball into the right centre bleachers at the stadium. At this same period during his banner year he had hit 56 home runs. Seven games are left on the Yanks' current schedule.

The standings:

Yankees'	Games played	Homers
Ruth 1921 . . .	.147	56
Ruth 1927 . . .	.147	55
Gehring 1927 . .	.147	45

According to Mohammedan tradition

TROUBLED WITH RASH ON FACE

Itching Was Terrible. Cuticura Healed.

"My trouble began with a severe rash on my face which for about six weeks caused a terrible itching, burning sensation. The irritation caused me to scratch, and scratching caused sore eruptions which covered my face. My face was disfigured, and the trouble lasted about four months.

"I tried other remedies but they seemed to make the trouble worse. I sent for a free sample of Cuticura Soap and Ointment and got relief after using it. I purchased more, and in a short time I was healed." (Signed) Miss Annie E. McCluskey, Box 113, Grand Falls, N. B.

Use Cuticura to clear your skin.

Sample Each Free by Mail. Address Canadian Depot: "Cuticura, Ltd., Montreal." Price, Soap 25c. Ointment 25 and 50c. Talcum 25c. "Cuticura Shaving Stick 25c.

SCOTT WINS DEAN TROPHY

Defeats Dr. Hewett in Straight Sets in Y.M.C.A. Finals.

FIRST SET HARD FOUGHT.

George Scott won possession of the Dean Cup for a year, when he defeated Dr. C. D. Hewett in the Y.M.C.A. tennis tournament yesterday. It was a gruelling battle for two veterans, but both emerged fairly fresh and showed themselves in good condition. The score was 12–10; 6—2, 6—2.

The first set, as the score indicates, was very hard, fought with many brilliant rallies mixed with errors on easy chances. Dr. Hewett seemed to have the better of the play, but Scott held on grimly and was rewarded with a break on the twenty-first game when he won his opponent's service, and then had the punch to win his own; closing out the set on the 22nd game.

In the second, Hewett coasted, being content to win two games on Scott's errors, but in the third he came back strong and won the first two games decisively. At this point Scott raised his game sufficiently to run out six straight games for the set and match, and was showing flashes of his old time form.

The Ladies' Singles for the Kerr Cup bring together two old rivals, Mrs. Dewart and Mrs. Hewett. The match will be played this week.

THEATRES

AT THE REGENT.

ANOTHER FINE PICTURE FOR RIN-TIN-TIN

The Warner Brothers have generally been successful in obtaining screen vehicles suitable to the talents of their wonder dog star, Rin-Tin-Tin but never have they found a story that shows the acting genius of this beautiful animal so forcibly as does "Hills of Kentucky," now at the Regent Theatre.

The story is an adaptation of Dorothy Yost's tale, "The Untamed Heart." The scene is laid in the Blue Ridge Mountains at a time when the mountaineers are being driven to co-operation through starvation. A puppy played by one of Rin-Tin-Tin's own pups, is kicked out of his home. He grows up in the woods and becomes the leader of a wild pack of dogs of all breeds who ravage the countryside. He is known as "The Grey Ghost."

To the little mountain hamlet comes a girl school teacher with her young crippled brother. The little boy, not knowing the fear that fills every child's heart at the mention of "The Grey Ghost," comes upon this dread beast one day. And boy and beast become friends. It is a friendship that leads to thrilling consequences that are tangled up with the love story of the school teacher and two brothers, who live in the village.

In one tent scene, one brother shoots and wounds the other. The wounded brother is taken into the school teacher's house. This precipitates a scandal and leads to a strike, when the parents refuse to permit their children to attend school.

Increase Your Weight 5 Pounds 30 Days Or Money Back

Doctors and good pharmacists know that Cod Liver Extract is full of vitamines that make flesh, create appetite, build up the power to resist disease and puts good solid flesh on skinny men and women.

So now men and women who keep up with the times are taking McCoy's Cod Liver Extract Tablets—rich in flesh producing, health building, strength creating vitamines and as easy to take as candy.

So why not start today? Why not fill out those deep hollows in neck, cheeks and chest? Why go on through life with sunken cheeks and narrow chest when you can take advantage of this straight forward offer.

Try them for 30 days if you want to gain five pounds or more. And bear this in mind if they don't help you in that time McDermid & Jury, Bond's Drug Store McDermid Drug Co., James Lynch or any druggist anywhere is authorized to return your money—but demand McCoy's

Y.W.C.A. RALLY PLANS DRAWN

Fall Openings Will Be Held at End of Next Week.

PROGRAMME ARRANGED.

With the beginning of October all fall and winter activities at the Y. W. C. A. will be resumed and new and interesting features added

The opening event of the season will be the Fall Rally on Friday, September 30th, and a Junior Rally on Saturday afternoon, October 1. All members and friends of the Y. W. C. A. are invited to come and enjoy the evening and see something of the various activities and good times planned.

The programme for the rally this year will be largely in the nature of an exhibition, the secretary announces. All the classes and clubs of the association are preparing exhibits showing their work and interests and the big gymnasium will look like a Y.W.C.A. fall fair. The Home Nursing and First Aid classes will give a demonstration. The Gymnasium Classes will present at intervals during the evening an exhibition of intricate drills and pretty folk dances, by junior and senior members. The English Literature class will have a booth, and also the Bible Study classes, Junior Cooking and Junior Story Hour. The Basketry and Wood Carving classes and Christmas Novelties Club will show how to make pretty gifts.

The Wohelo, Old Country Club, T. M.T.M Club, Girls' Auxiliary and Junior Clubs are all arranging their exhibits to show the good times in store for all who wish to join. The Ukulele Club will contribute musical numbers and the Outdoor Club, around the fire place, will sing their camp songs and serve samples of delicious camp fire toasted marshmallows and pop corn.

Guides will conduct visitors through the residence, and to the swimming pool, said to be where the best swimming sports of the city are held. Pamphlets, folders and novelties will be given away and refreshments served in the Green Room will be free to all. In fact the whole evening's entertainment will be entirely free.

The rally will be opened by Miss M. Hamilton, president of the Y. W. C.A. at eight o'clock sharp, on Friday evening, Sept. 30. Plan now to be present.

Prizes Donated

The following articles have been given by merchants as prizes in competitions being conducted by Kiwanis Club in connection with the Produced-in-Canadian Exhibition.

1—Silk Hose, best pair in store; Dickson's Store.

OLD-TIME TUNES IN FAIR CONTEST

Prizes Offered By Kiwanis Club For Fiddlers, Dancers and Others.

In connection with the musical competition at the Kiwanis Club Produced-in-Canada Exhibition, it is announced that there will be no entry fee for the Old Time Fiddlers' Competition, the Old Time Step Dance Competition or the Mouth Organ Contest. Arrangements are in the hands of E. Vernon Morphet, who is chairman of the Programme and Music Contest Committee.

There are two classes in the Old Time Fiddlers' Competition; the first being for entrants over sixty-five years of age, and the second for entrants over fifty years of age and under sixty-five years of age. Entrants are permitted to make their

Dempsey-Tunney Fight

Dick Lush will do the announcing
Ground Floor: Children 25c, Adults 35c — Balcony 45c
Any one having Seats aside must collect same not later than 7.30.

These competitions are open only to amateurs defined as follows:

Any person who principal means of livelihood is obtained from non-musical work, even if he or she from time to time accepts a stipend or honorarium for musical services rendered, provided the amount received for such musical services does not exceed one hundred and fifty dollars a year.

Mouth Organ Contest

There are three classes in the Mouth Organ Contest, the first being for entrants under 16 years on October 10, using a single hole, 20-reed instrument; the second class is for entrants under 12 years of age on October 10, the same kind of instrument to be used; the third class is open, and any style of harmonica may be used.

Old Time Step Dance

The Old Time Step Dance Competition is open to entrants of any age

Dates of Entries

All entries for these competitions must reach the chairman of the committee not later than Wednesday, October 5. They should be addressed to E. Vernon Morphet, 139 Hunter Street East, Peterborough. Any information concerning the contest will be gladly supplied by Mr. Morphet, whose phone number is 2034F.

It is epected that J. S. Atkinson, Director of the Canadian Bureau for the Advancement of Music, will visit the exhibition in connection with these contests, and there will be first, second, and third prizes given in each class. Anyone interested in entering these contests would be well advised to signify his intention at the earliest possible moment.

SPEEDY RELIEF FROM BUNIONS—SOFT CORNS

No sensible person will continue to suffer from those intense, agonizing, throbbing bunion pains when the new powerful penetrating yet harmless antiseptic Emerald Oil can readily be obtained at any well stocked drug store.

Apply a few drops over the inflamed part and see how speedily the pain disappears and the inflammation is reduced.

So marvelously powerful is Emerald Oil that soft corns seem to shrivel right up and drop off.

Bond's Drug Store, McDermid Drug Co., Ltd., McDermid & Jury, Bert McLeod, C. M. Moncur guarantees one bottle to give results and are dispensing it to many foot sufferers.

DEMPSEY WEIGHS 192½.

Four Pounds Lighter Than Experts Expected—Condition Good.

CHICAGO, Sept. 22 (Canadian Press).—Jack Dempsey tipped the beam at 192½ pounds this afternoon, when he weighed in officially before the State Athletic Commission for tonight's ten round battle with Gene Tunney. This was nearly four pounds less than the experts figured the ex-champion would scale and was accepted as an indication of excellent condition.

JAMES DUTTON HEADS BAKERS

Peterborough Man Re-elected President of Dominion Association.

SCHOLARSHIPS GIVEN.

OTTAWA, Ont., September 22 (Canadian Press). — James Dutton, of the Stock Bread Company, Peterborough, was re-elected president of the Bread and Cake Bakers' Association of Canada at the concluding meeting here to-day.

H. E. Trent, of Toronto, donated a scholarship of $500 for the School of Bakery in Guelph, and another scholarship anounced was the Julius Fleischmann, for which a donation of $500 a year for ten years has been promised, also for the School of Bakery, Guelph.

CIRCLE SIX WINS IN SECOND GAME

Evens Up Seroes With Deloro—Play Off at Belleville.

MARMORA, Sept. 22.—Kingston Circle Six defeated Deloro 7-1 in the second game of the O.B.A.A. Intermediate semi-finals at Kingston yesterday. The third game will be played in Belleville on Saturday.

TWO CANADIANS IN SEMI-FINALS

Miss Mackenzie and Mrs. Fraser Win This Afternoon.

MLLE. CHAUME LOSES.

GARDEN CITY, N.Y., Sept. 22 (Canadian Press).—An all-Canadian final in the United States women's golf championship loomed larger today when Miss Ada Mackenzie, Toronto, Canadian champion, and Mrs. W. G. Fraser, Ottawa, won their quarter final matches and entered the semi-finals.

Miss Mackenzie came from behind to down Miss Virginia Van Wie, Chicago, one up, while Mrs. Fraser, who as Alexa Stirling won the championship in 1916, 1919, and 1920, eliminated Mlle. Simone De La Chaume, of Paris, champion of her own country and England, three up and two to play.

For Interior Construction

MAKE your rooms fire-resistant and free from drafts and cold by erecting Gyproc ceilings and partitions in your home. Gyproc can be put up in half the time required for lath and plaster—saving time and labor costs. Gyproc takes any decoration. Let us show you a full-sized Gyproc board ready to apply.

The Service Which Makes the Milk in this Tin So Good

CARNATION realizes that good evaporated milk must start at the farm. So Carnation condenseries are located only in districts where dairying reaches its highest level. To aid dairymen there is the Carnation Field Force—a body of men whose sole job is to see that the dairymen who supply Carnation with milk, supply the best milk in the world.

This is but one of the many features which make Carnation Milk so good—but one of the many reasons why Carnation adds creaminess to coffee, and makes all cooking so delicious.

Carnation is just pure, whole milk, evaporated to double richness and made safe by sterilization. Diluted, it gives superior results in all cooking. Undiluted, it takes the place of cream at one-third cream cost. Order Carnation from your grocer.

Send for a free copy of Mary Blake's Cook Book. Address Carnation Milk Products Company, Limited, Aylmer, Ontario.

It looks creamy It tastes creamy It is creamy

LADIES' AID HOLDS MONTHLY MEETING

Omemee Fowl Supper Will Be Held on Thanksgiving Night.

OMEMEE, Sept. 22.—The September meeting of the Ladies' Aid of Trinity church was held on Thursday afternoon in the Sunday school room. There was only a small attendance. Following the opening exercises led by the president, Mrs. W. Henderson, reports were heard from the secretary and treasurer. Several bills were presented and the treasurer, Mrs. R. H. Williamson was authorized to pay same.

A flower committee was discussed and Mrs. Bradburn kindly offered to supply the flowers for one Sunday in September and as the Sunday school decorate the church for the Rally Day service, it was thought unnecessary to have a committee for October.

The main item of business was the deciding of the fowl supper and after several views had been expressed, the annual date of thanksgiving night was settled upon, with a special speaker for the Sunday previous.

The secretary was requested to send a note of appreciation to the Lebannon board, for the gift to the Omemee church of the Lebanon church dishes.

Mr. R. H. Williamson was given the contract of making two new tables for the supper.

Following the concluding hymn, Mrs. Bradburn closed the meeting with prayer.

The opening meeting for the fall and winter months of the Young People's Union of Trinity United church was held on Monday evening. Rev. E. W. Rowland led the service assisted by Miss Mary Weir in the reading of the Scripture lesson, followed by prayer by Mr. F. G. Sandy. A short business session followed.

A splendid report of the summer school held at Bobcaygeon in July was given by the delegates, Misses Violet McBain and Elda Overholt, at the conclusion of which a hearty vote of thanks was extended them by the gathering.

OTONABEE RATE IS 28.62 MILLS

Council Orders Telephone Arrears Added To Tax Bills.

ACCOUNTS PASSED.

The Otonabee Council met on Monday, Sept. 19, 1927, with all the members present.

The Reeve introduced and read a first time a bylaw to levy and collect certain rates in all the rateable property in the township of Otonabee, which received its several readings and was passed. The rate for Otonabee for 1927 is 28 62-100 mills.

Under Section 29c of the Telephone Act the Clerk was instructed to add to the tax bills any arrears in long distance service, a statement of which was to be furnished the Treasurer by the Telephone Commissioners.

The following accounts were passed: Ambrose Doris, $210; Max Robertson, $23.75; Robert Richardson, $9; A. E. Chapman, $21.60; James Shearer, $79.75; Harry Fife, $123; Frank Brown, $81.13; Richard Orde, cedar, $39.10; Preston Armstrong, cedar, $92.80; Dawe-Pearson Co., tax bills, $10.14; A. McDonald Co., lumber, $14.60; Thomas Rehill, cement, $22.50; Eastern Products, culverts, $105.54; Metallic Roofing Co., culverts, $151.87.

In Prince Edward Island there has been but one divorce granted in more than fifty years.

CANADIAN CHOSEN FOR CONFERENCE

R. B. Morley To Attend Convention of Safety Experts.

Another honor has come to Canada from the work of the League of Nations. The International Labor Office at Geneva recently extended an invitation to R. B. Morley, General Manager, Industrial Accident Prevention Associations, to attend a conference of safety experts who will prepare material for discussion at the General Conference in May, 1928. Dr. W. A. Riddell, Canadian Advisory Officer at Geneva, made a strong effort to have one of the overseas safety experts included in the committee work, and Mr. Morley was selected by the governing body of the International Labor Office. Mr. Morley will leave about the middle of October for Geneva to collaborate in the important work which the committee will have in hand, and it is rather interesting to note that he is the only one drawn from either Canada or the United States for this conference.

DIVIDE BY TWO AND YOU'RE NEARER RIGHT

FALSE TEETH

made spotlessly clean without any tiresome brushing

TO keep false teeth gleamingly white, gold work unclouded—cleanse them every day by the easy HYGEOL method. Tiresome brushing is done away with entirely. The teeth are purified (completely sterilized, as well as cleansed) by a twenty-minute immersion in a solution of one part HYGEOL to three parts water. They can be left to clean while you dress. At the end of that time, remove and rinse. The teeth will be sweet and fresh, freed from all food particles, discolorations, germs, and that mucous film which resists brushing so stubbornly.

If you prefer, teeth can be left overnight—a much milder solution sufficing under this method—one teaspoonful of HYGEOL to a glass of water.

A trial costs nothing. Get a sample bottle by mailing the coupon and put HYGEOL to the test. The booklet which accompanies the sample will show you many other ways to use HYGEOL.

OUTLINE OF SCIENCE

CCXCII—Science in the World War—XL. Opening the Submarine Campaign.

by MAX HAHN

WHEN THE WAR BEGAN EUROPE LOOKED ON THE SUBMARINE CHIEFLY AS A MEANS OF ATTACKING WARSHIPS. BEFORE MANY MONTHS HAD GONE BY THIS IDEA WAS CHANGED.

GERMAN SUBMARINES STOOD GUARD AT HELGOLAND BIGHT AWAITING AN ATTACK BY THE BRITISH FLEET DURING THE FIRST TWO DAYS OF THE WAR.

IMPATIENT TO ATTACK THE ENEMY WARSHIPS A SQUADRON OF TEN SUBMARINES SAILED OUT INTO THE NORTH SEA ON AUG. 6. THEY DIDN'T FIND THE GRAND FLEET BUT IN AN ENCOUNTER WITH BRITISH CRUISERS ONE OF THE SUBMARINES WAS RAMMED AND ANOTHER DISAPPEARED MYSTERIOUSLY.

© McClure Newspaper Syndicate

THIS PROFITLESS USE OF SUBMARINES IN SQUADRON FORMATION CONVINCED THE GERMANS THAT BETTER USE COULD BE MADE OF THE SUBS AS INDIVIDUAL UNITS.

Wheat and Corn Prices Turn Downward To-day

CHICAGO, Sept. 22 (Canadian Press).—With only light frost reported as a rule today in the corn belt, and weather generally auspicious, corn prices took an early fresh down-turn. Wheat went lower on account of rains in Australia and fine weather in Canada. Opening unchanged to ½ cent off, the corn market later suffered a decided setback all around. Wheat started at ⅝c decline to ¼ advance, and subsequently underwent a general sag. Oats were easier. Provisions likewise tended downward.

Opening prices were: Wheat, September 126, December 128¾. Corn, September 95½, December 97¾. Oats, September 46¾, December 48¾.

Bread and Steel Shares Feature Heavy Trading

TORONTO, Sept. 22 (Canadian Press).—Heavy trading on the Toronto Stock Exchange this morning was featured by the rise of Canada Bread ten points to 170 and the decline of Steel of Canada ten to 200. Other price changes were mostly fractional, but Seagrams and Brazilian each eased a full point to 21 and 189 respectively. Massey-Harris at 38, and Page Hersey at 80½ had each advanced ¾. Alberta Pacific Grain lost ½ at 33½ and F. N. Burt firmed ¾ to 66½. Atlantic Sugar was firm but active at 27, while International, in heavy transactions, showed a recession of 1¾ at 69. British American Oil opened at 32, but in trading of over 7,000 shares it dropped to yesterday's closing price of 31¾. Imperial Oil was active and eased ⅛ to 55¼.

In the banks, Commerce was the only one to show a gain, advancing two at 208. Imperial eased two and Nova Scotia three at 248 and 390 respectively.

Mine Trading Again Tops Million and Half

TORONTO, Sept. 22 (Canadian Press).—For the fourth successive day, trading on the Standard Stock and Mining Exchange was close to the million and a half mark during the morning session. This morning over 1,300,000 shares changed hands, trading being well distributed with only small price changes. Amulet was down five at 6.70, and Area down four at 66, while Argonaut Con. at 44½ and Barry Hollinger at 71 were up one and two points respectively. Bidgood firmed 1½ to 39 and Corona ¼ to 17½. Duprat was up ½ at 13, and Grover Daly ¼ at 20½. Lake Shore made a gain of 10 to 15.10, while Laval Quebec eased two to 47. Potter Doal at 14, Ribago at 35, and Teck Hughes at 931 were down one, two, and three points respectively. Jackson made a gain of 4¼ at 42¼.

Strenuous Efforts Fail To Stem Heavy Selling

NEW YORK, Sept. 22 (Canadian Press).—Despite strenuous efforts to stem the selling wave by marking up selected shares two to four points, prices gave way on the stock market today. The discriminating character of recent buying, coupled with the disappointing nature of some of the current trade reports, afforded the Bears a pretext for extensive selling, in which the prices of many stocks melted away steadily. Unmistable signs of liquidation were evident in spots. New low prices for the year were made by Pathe Exchange, Briggs Manufacturing, National Bellas Hess, and Foundation Company shares. Persistent selling of United States Steel, which fell three points to 151½, the lowest price price of the week, had considerable weight in discouraging the buying of other shares.

W. A. PLANS SALE.

St. John's Ladies Hold Regular Business Meeting.

The regular monthly meeting of St. John's Womans Auxiliary was held on Tuesday, Sept. 20th, the president, Mrs. A. W. Turner, in the chair. After the devotional and usual business routine, other business was discussed. It was decided to hold a rummage sale in the near future.

Plans for attending the Deanery meeting at Havelock on Sept. 29 were made. There was a very good attendance.

Mrs. Turner welcomed two new members and expressed every hope of a good season's work.

BEWARE OF BLADDER WEAKNESS GETTING-UP-NIGHTS

Disturbed Rest Undermines Health, Saps Vitality, States Physician Who Recommends Home Treatment.

Men and women who are constantly annoyed and distressed by Bladder Weakness or Urinary Irritations should take immediate steps to combat their trouble before it reaches a serious or perhaps dangerous stage.

Backaches, Headaches, pains in feet and legs, nervousness, restlessness, frequent but scanty urination with burning and pain, getting up nights—these are some of the more troublesome signs of Bladder Weakness or Irritation that should have prompt attention.

No matter how stubborn your case may seem to be or how many different medicines you have tried without success don't give up and think your case hopeless on the natural consequence of advancing years, until you have tried the special private prescription of Dr. Southworth, a physician of nearly 50 years successful experience.

In order to reach the many thousands who cannot come to his office, Dr. Southworth has placed his URATABS in good, local drug stores—and invites you to try them without risk of cost, unless pleased. If URATABS bring you swift and certain comfort you will be happy. If they do not satisfy, they will cost you nothing—so, if you need this grand medicine, try it to-day! All good druggists.

FLY-TOX HELPS REDUCE INFANT MORTALITY

Every year in the United States 250,000 children under 5 years of age die. Health authorities say it is significant that more deaths occur during the time flies are most active. Flies transmit more than thirty different diseases. Every fly should be killed. Fly-Tox kills flies. It is fragrant, safe, stainless, sure.—Adv.

TRUTH VERSUS ERROR.

So far as we can find out, the majority of the leaders of the people fail to teach the glorious truths of the "resurrection," and "the restoration of all things." They put forth extreme opposition to those who preach the "glad tidings of the kingdom of God," and endeavour to keep the people in ignorance by camouflage and other methods.

The people allow themselves to be kept in ignorance of the real meanings of the words "hell," "death," "the end of the world," "the day of judgment," etc. Some judicious thinking, studying, and investigating, would reveal a lack of knowledge or sincerity in those in whom they apparently put implicit confidence. This revelation to the honest seeker after truth, would be helpful towards knowing the truth for themselves.

Jesus taught His disciples to pray for 'the kingdom of God" to come. With its sure incoming, our loved ones who have died shall live again, the glow of death shall come to the sick, the crippled, the wounded, the maimed ones shall be returned to normal being. The day of judgment, instead of being a day of horror, as we have been erroneously taught, shall be a day of rejoicing. — M. T. Butcher. 1d-70-49

THE BEAUTIFUL DIAMOND

There is a feeling of satisfaction in having a Diamond of the highest quality. There can be no doubt of the Diamonds bought here, because they are serially numbered, registered, and guaranteed by us.

ST. JOHN'S CHOIR.

Members are reminded of rehearsal this evening and urgently requested to attend at 8 sharp. Boys at 7.30 sharp.

KNOX CHOIR.

Knox church choir will practice to-night (Thursday) in the church at 8 o'clock. Music for Sunday school rally to be rehearsed. Secular numbers at 7.30.

NOTICE RE TAG DAY.

A few more Taggers required for Saturday. Will all those who are willing to assist, as well as those who have already promised, call at the Bank of Montreal, George street, not later than 5 o'clock on Friday, and get their boxes. 1d70-2674

FINE MUSIC—GOOD RECEPTION.

Local radio enthusiasts are unanimous that reception last night was about the best they have ever listened to. The music and proceedings of the Radio Convention in New York broadcasted through a long chain of stations, could be heard, and heard well, from any one of a dozen different stations. They are looking forward with eager anticipations to a certain fisctic encounter in Chicago this evening.

WEDDING BELLS.

HALL—JOHNSTON.

A quiet wedding was solemnized on Wednesday at eleven o'clock, at Knox Church Manse, Rev. William McDonald officiating, when Zillia May, only daughter of Mrs. E. A. Johnston, was united in marriage to J. Howard Hall, only son of Mr. and Mrs. J. Warren Hall. The bride was attired in flesh pink georgette romaine, trimmed with lace, and hose to match, a large black picture hat and black kid shoes. She carried a shower bouquet of Ophelia roses and maiden hair fern. Witnesses to the signing of the register were Miss Margaret Buyers and Mr. Harold Freeman. After the ceremony a dainty lunch was served to the immediate relatives at the home of the bride's mother, at 175 Stewart Street. The colour scheme of the bride's table was carried out in gold and white, with a large silver basket placed in the centre and four small vases arranged with garden French marigolds and bridal wreath, and at each end silver candlesticks were placed. During luncheon a toast to the bride was proposed by Mr. Harold Freeman. The happy couple left on a motor trip to Toronto, Hamilton and Niagara Falls. The bride travelled in a gown of autumn glow flat crepe, pussy willow finish, with Kasha coat trimmed with two-toned mouffian fur and small French velour hat.

The bride and groom were recipients of many useful and costly gifts, including a substantial cheque from the groom's parents, also a rose colored seashell china tea set from the Canadian Department Stores, Limited. The groom's gift to the bride was a black patent leather hat box, and to the witnesses a white gold and onyx bracelet and a pair of cuff links.

On their return they will reside at 459 McDonnel Street.

OBITUARY.

DR. CARLETON ALLEN.

FREDERICTON, N. B., Sept. 22.—Dr. Carleton Allen, Registrar of the Supreme Court of New Brunswick, Clerk of the Crown, and Deputy Attorney General, dropped dead in his home here to-day.

LILLIAN LEETHER.

The death occurred this morning of Lillian Leether, at the family residence, 504 Chamberlin street. The funeral was held this afternoon at 2 p.m. to Little Lake cemetery.

JAMES CONDON.

James Condon passed away this morning at 2 a.m. after a brief illness at his father's residence, 273 William street. The deceased was born, and has lived in, Peterborough all his life, was a member of the Knights of Columbus and a life-long supporter of St. Peter's Cathedral. There are left to mourn his loss, his wife, one child, a brother, Edward, sister Gertrude, and his father, all of the city.

The funeral will take place on Saturday morning from his father's home to St. Peter's Cathedral, where mass will be said at 9.15, and thence to St. Peter's cemetery.

MRS. ROBERT HUNT.

Mrs. Robert Hunt, of 814 Water street, passed away at Nicholls Hospital on Wednesday afternoon, Sept. 21st.

Funeral on Saturday, 2.30 o'clock, from the home of Mr. and Mrs. C. W. Clee, 140 Antrim street, to Little Lake cemetery.

BIRTH.

DICKSON.—To Mr. and Mrs. Donald P. Dickson, 296 Edinburgh street, at Nicholls Hospital, Wednesday, September 21st, a daughter.

DOUGHTY.—To Mr. and Mrs. C. C. Doughty, Tuesday, Sept. 20th, a son.

DEYELL. — Born to Mrs. Deyell and the late Elwood Deyell, on Saturday, September 17th, 1927, at Fowler's Corners — a daughter (Elma Joyce).

IN MEMORIAM.

HUSK. — In loving memory of our dear father, Mr. Albert E. Husk, who passed away, September 21, 1917:

Ten years have passed, how quick time flies!
Love's sweetest memories never die.
His happy smile, his cheery ways,
With him we spent bright, happy days.
His absence seems to bind the tie.
Some day when earthly trials are o'er,
We'll greet him on the other shore.

—Sadly missed by his daughters, Hazel and Mabel.

IN MEMORIAM.

WOOD. — In memory of Mr. W. T. Wood, who passed away September 15, 1922.

Sweet is your memory, Will, dear to my heart,
The place you have there will never depart,
And all through the years, be it many or few,
Will be filled with remembrance, dear husband of you.
Sleep on dear father, your cares are ended,
Rest in peace your work is done.
You are gone where those who loved you
Will meet you one by one.
Peacefully sleeping, resting at last,
The world's weary troubles and trials are past.
In silence he suffered, in patience he bore,
Till God called him home to suffer no more.

—Sadly missed by Wife and Family, formerly of 609 Armour Road.

Lakefield School Boy Drowned at Power Dam

Corner Stone is Laid At Westwood District Presbyterian Church

Several Addresses Given at Impressive Service Marking Another Great Epoch in the Religious Life of Community of Westwood.

REV. W. HARDY ANDREWS, OF TORONTO DEDICATES CHURCH TO WORK OF GOD

Another great epoch in the religious life of the community of Westwood was marked yesterday by the laying of the cornerstone of a Presbyterian Church, at the cross-roads near Westwood. Already on these corners are two other places of worship, across the road being a United Church, while diagonally across is an Anglican house of worship.

The pastor Rev. Walter McCleary, B.A., is a very energetic and industrious worker, this being the second church within the year that has been built at his instigation — the cornerstone of the new church at Keene having been laid a short time ago.

The progress on the new building has been gratifyingly rapid, in the hands of C. H. Huffman & Sons ,and the members of the Presbytery are full of praise for the work, which was begun on August 8 ,and will be completed by November 1.

The outside measurements of the building are 28 feet by 48 feet, and the seating capacity about 150. It is built on a cement foundation, of pressed red brick, the black mortar used making a pleasing effect. There are fourteen Gothic windows, which will have lights of cathedral glass. The roofing material used is of a green asphalt-slate type.

As you enter through the main entrance, to the left is a flight of stairs leading to the basement. When you enter the auditorium, at your left is a small cloakroom, while immediately before you will be the pews. Confronting the pews is the pulpit, behind which is the choir loft, at the back of which is a fine chancel window. The whole of the inside is plastered in a fine rough finish effect.

The basement consists of one large room, which will be used as a Sunday School room, and has a seating accommodation of seventy-five to one hundred . In the centre of the room is a large Findlay Bros. special church furnace. There are also a choir room, vestry and kitchen downstairs.

Impressive Service.

The service began about 2.30 p.m., the minister reading: "Our help is in the name of the Lord Who made heaven and earth. Except the Lord build the house, they labour in vain that build it . Other foundation can no man lay than is laid, which is Jesus Christ." This was followed by the singing of a hymn. On the platform erected in front of the church, besides the speakers, were George Gillespie and Robert Harrison.

Rev. James Grier ,of St. Andrew's Presbyterian Church, Campbellford, read the Scripture, taken from I. Peter 2, 1-10, after which prayer was offered by Rev. D. A. Thomson, of Hastings. At the conclusion of the prayer, the pastor told of the contents of the box, soldered within the corner-stone. These were a collection of various coins, stamps, a record and history of the church, and parts of The Peterborough Examiner and the Norwood Register.

By the time the laying of the corner-stone was to take place, a large crowd had gathered about the improvised platform, and the clouds, which had been hovering before the sun, opened to let its rays beam down a benediction upon the proceedings.

Rev. W. Hardy Andrews, of Toronto, a son of a former pastor of the Presbytery, who was born in the manse, was presented with a small trowel by the Women's Missionary Society, and with a few fitting words dedicated the new Francis Andrews Memorial Presbyterian Church to the work of God.

Offers Prayer.

After the laying of the corner stone the Reverend George Aitken, Norwood, offered a prayer of dedication, following which the Reverend Wm. Allan, of Peterborough, delivered a fine address.

He bagan by saying that the contents of the box in the corner stone lacked just one thing, and that it would be impossible to obtain for the placing of the stone, for it was a picture of the assembly present to see the dedication of the church. This would give an idea of the styles of dress to be studied by those opening the box, maybe fifty or a hundred years hence. But there is One who abides eternally, never gets out of fashion or out of date, the Chief Corner-Stone. To-day is the day when you see another consummation of your hopes to recompense for the trials you have suffered in by-gone

No Weddings For Liverpool Cathedral

LIVERPOOL, Sept. 23 (Canadian Press Cable).—A high official of the Liverpool Cathedral, when interviewed yesterday, gave assurance that the Cathedral was not anxious to have weddings. "We have a great deal to attend to as it is," the official said. "And you know what it would be if we were licensed, everyone would want to be married at the Cathedral and besides it would not be fair to other churches which would be robbed of very welcome fees."

KIWANIS CLUB LEARNS ABOUT A NEW SCIENCE

Noted Discoverer of Glastonbury Abbey Speaks on Psychic Research.

HEALTH APPEAL.

Dr. MacPherson Asks Kiwanis Club For Support in Campaign.

Kiwanis Club was to-day honored by the presence of a speaker of international note, in the person of Frederick Bligh-Bond of London England, Ecclesiastical Architect and Archeologist, who won fame in his field as the discoverer of the ancient Glastonbury Abbey. He addressed the club to-day on "Psychical Research."

Another treat for the members was the contribution of two solos by John Anderson whose singing charmed his audience. He was accompanied at the piano by Martin B. Chenhall.

The booster was Claire McDonald, and his prizes were won by Rev. D. Wren, W. M. Lang, and E. H. D. Hall.

Dr. A. W. McPherson made an appeal for moral support of Kiwanis Club in the campaign to immunize children of pre-school age against diptheria and was assured of the hearty support of the members.

The introduction of the speaker by Joseph Wearing as a cousin of F. M. DelaFosse, Peterborough Librarian, drew a rousing welcome from the club. Plunging immediately into his subject, Mr. Bligh-Bond hastened to declare that he is not a Spiritualist. "As I understand Spiritualists," he said, "they are a large number of people who have adopted the practice of calling upon their dead relatives, and have made it a kind of religion. I have very little sympathy with them and they have very little with me, so that I am pretty much of an outcast."

Psychic science was defined by the speaker as the science of the soul, and the soul, in his definition, is the emotional life that governs all bodily actions. "It is not the spirit," he declared. "The spirit is that which creates; the body is that which is created; between these stands the soul."

Mentioning with trepidation the word evolution, the speaker declared that there is a process of evolution going on in the world, the conquest of the material world by the mental. Psychic science is application of the spirit of man to the subjugation of nature, and this new scheme will some day be on a par with the science of healing in the respect in which it will be held In fact, Mr. Bligh-Bond pointed out, references to this science are found in the liter-

FISHING TRIP BRINGS FIRM TO THIS CITY

American Crayon Company Taking Over Old Westclox Building.

HOPES TO EXPAND.

Company Plans To Start Operations Next Month and Build Up Business.

As a result of a fishing trip to this district, Peterborough has secured a new industry. Yesterday, R. R. Hall, K.C., formally applied for a charter for the organization as a Canadian company of a branch factory of the American Crayon Company of Sandusky, Ohio, the largest of its kind in North America, which will commence operations on October 3 in the building formerly used by the Western Clock Company on George Street South.

The visitor was J. W. Gravestock of Toronto, who yesterday rented a house on George Street North and will take over the management of the city's latest industrial enterprise. Mr. Gravestock, who was then engaged in business in Toronto as a manufacturer of rulers and kindred articles, was impressed by the possibilities of the city, and approached the Chamber of Commerce for further information. Frank G. Stinson, secretary of the local branch, included with his reply an illustrated booklet explaining the many advantages of the locality. At that period Mr. Gravestock had some property to dispose of in Toronto and the prospect of his locating in Peterborough became rather remote. A discovery by Mr. Gravestock of a process of making wax crayons changed the situation and he began the manufacture of these articles in a small way in Toronto.

This led to the connection with the American Crayon Company, This company, with a large plant in Sandusky, Ohio, contemplating applying for a Canadian charter to open a factory at Windsor, Ontario, discovered that Mr. Gravestock was producing articles which touched their market, and arranged deliberations with him that resulted in the amalgamation of the two interests. When the formation of the Canadian company was resolved on, Mr. Gravestock again approached the Peterborough branch of the Chamber of Commerce, asking particulars as to sale or rental of factories vacant in the city, and the fullest details as to the amount of the various taxes.

The letter stated that the company would need 2,000 feet space at first, but might decide to build a plant of its own at a later date.

The inquiry was turned over to S. R. Armstrong, Industrial Commissioner, who immediately supplied all the information asked for.

The officers of both local organizations offered to Mr. Gravestock personal assistance in locating suitable premises in this city. The upshot was that Mr. Gravestock, accompanied by C. W. Hoad, second Vice-President and General Sales Manager, came to Peterborough and along with Messrs. Armstrong and Stinson, inspected every available factory site in the city. Choice finally fell upon the old Westclox building. This is a little larger than the premises presently required by the firm, but it is otherwise admirably adapted for the purposes in view, having electric light and heating, an electric elevator, office space and vaults. The firm confidently anticipates that all the room available will be needed in the near future and the site has the further advantage that it affords ground for considerable expansion as this becomes necessary. R. R. Hall, K.C., arranged for a lease of the Westclox property.

Mr. Hord told Alderman Denne, chairman of the Manufacturers' Committee of the City Council, that the company was looking on the Canadian branch as being in the "incubator" stage, and that large premises would eventually be required. The company's attitude is further reflected by the following sentences which occur in a letter sent to Mr. Armstrong by Mr. Hord:

"We do not plan to set the world on fire, but we are going to start in a modest way and are going to do all we can to build up a big Canadian business in our many lines. You are going to find us good loyal boosters and we will do our bit to put Peterborough on the map of Canada.

The products of the company are well known lines of chalks, crayons, and water colors, and are well regarded in Canada. Chief among them are "Old Faithful" colored chalk; "Hygieia" dustless chalk, "Waltham" yellow enamel, which according to N. F. Hamley of Trebilcock Bros., is very popular among school teachers on account of its enamel coating, preventing the wax particles adhering to the fingers; Prang Crayographs and American "Old Faithful" crayons in many sizes and colors.

The American Crayon Company also owns one half interest in a large crayon factory in Bedford, England.

German Barber Gives His Employees Drugs To Increase Their Efficiency

BERLIN, Sept. 23.—To make his employees more efficient, the proprietor of a large barber shop hit upon the idea to give his employees cocaine, with the result that all became dope fiends like himself.

The ingenious employer, whose name is kept secret by the police, will be compelled to take a cure with his victims at a sanitarium under State control.

The offender who had been ill for some time, was given cocaine by a physician. Finding that the dope increased his working capacity, he induced the members of his staff, consisting of two journeymen, a cashier, an apprentice and two women, to share the poison with him, especially on Monday, when some came in suffering from big heads.

As the quantity of drug allowed by the doctor soon proved insufficient, he started to forge prescriptions and later procured an additional supply from a professional dope peddler.

DIPLOMAT DIES IN PLANE CRASH

German Ambassador To United States Killed in Thuringia.

FOUR OTHERS DEAD.

BERLIN, Sept. 23 (United Press).—The Telegraph Union reported today that Baron Von Maltzan, German Ambassador to the United States had been killed in an airplane accident near Heinrisruhe. The Lufthamsa Commercial Air Line Company informed the United Press today that the Telegraph Union report was correct ,and that Von Maltzan had been killed at 11 a.m.

The Lufthamsa said that four or five persons had been killed in the crash.

Heinrichsruhe is a castle near the town of Schleiz. The United Press had received no direct report from Schleiz at 10 p.m. today.

The Lufthamsa later said that five persons including Von Maltzan had been killed and that among the dead was Herr Roell, a director of the Reichsbank.

Schleiz is in Thuringia.

The Ambassador arrived from America in mid July and has been vacationing with his family in Pomerania between conferences with President Von Hindenburg, Chancellor Marx, and Foreign Minister Stressmann. Von Maltzman had expected to sail for the United States on October 7, accompanied by General Heye, commander in chief of the German army.

PUPILS HONOR OLD TEACHER

Boys and Girls of 60 Years Ago Make Presentation of Rocker.

TO MRS. MOHER.

At the close of the Community Fair at Douro on Thursday, the following address was presented, along with a rocker to Mrs. Honora Moher, for many years teacher at S. S. No. 7 Douro school. Mrs. Moher who was formerly Miss O'Shea taught the classes in school in pre-confederation years.

Douro, Sept. 22, 1927.

Mrs. Honora Moher,

Dear Teacher.

Many years have passed since we, your pupils, played together as little boys and girls upon this green, to-day as old men and women, we look with pleasure to childhood's days, over a span of sixty years. Time has changed our features, grey hairs have adorned our heads, but memory carries us back to the old school house and our hearts are just the same. Wishing you many happy days, we greet you here to-day, dear teacher.

The following former pupils signed the address:

Mrs. Edward Carlow.
Mrs. Martin Kyle.
Mrs. John R. Allen.
Mrs. John Sullivan.
Mrs. James Collins.
William Barrie.
Patrick Barrie.
E. J. McCarthy.
Mrs. Joanna Maloney.
Patrick Leahy.
Mrs. Mary Fitzgerald.
Patrick O'Brien.
Agustine Whibbs.

WEDDING BELLS.

WHITE—HOWELL

The marriage was quietly solemnized at Trinity Parsonage, Reid Street, on September 19th, by the Pastor of Trinity United Church, Rev. D. Wren, of William Edward White of this city, and Hannah Maria Howell of Montreal, formerly of Peterborough. Mr. and Mrs. White will reside on Stewart Street.

LEVINE TRYING TO REACH DELHI

American Millionaire Leaves England in Record Attempt.

HINCHCLIFFE PILOT.

CRANWELL, England, Sept. 23 (Canadian Press).—Balked by bad weather in his oft expressed desire to fly back to North America, Charles Levine, stormy petrel of the air, took off with Capt. Walter Hinchcliff today after many postponements, in an endeavor to beat the long-distance non-stop record in an easterly direction. Their goal was understood to be Delhi, the capital of India, approximately 4,750 miles from Cranwell, or with good luck Calcutta, 800 miles farther.

Passes Cologne.

COLOGNE, Germany, Sept. 23. —(Canadian Press).—An airplane believed to be the Columbia, carrying Charles Levine, was sighted over here at one p.m. It was flying in a southerly direction. Cologne is approximately 375 miles from the plane's starting point, Cranwell.

VIENNA, Sept. 23. —(Canadian Press). — The attempt of Charles Levine and Captain Walter Hinchcliffe to set a new non-stop distance record ended to-day when the monoplane Columbia landed here at 5.56 p.m. in pouring rain. The plane landed safely.

ANGLICAN SYNOD ENDS SESSION

Bishops Attend Service in Full Robes For Formal Closing.

IMPORTANT MEETING.

KINGSTON, Ont., Sept. 23 (Canadian Press).—With a quietness and informality contrasting sharply with the hectic debates and brilliant ceremonies which were a predominating feature of its eight-day session, the General Synod of the Church of England in Canada, ended yesterday. The bishops, in their full robes of scarlet and white, entered the lower house, yesterday morning for the formal closing. A little routine business and a short prayer and all was over.

The recent session has been one of the most important meetings of Synod in the history of the Church, in the opinion of several leading delegates. Perhaps the most important work done was that connected with the re-organization of the Church, which is to come into effect after the next session, in 1930. Four cumbersome executive bodies are to be consolidated into one less than one-third the size of the present executive membership.

In the matter of Church finance the consolidation of the trust funds of the General Synod and of the Missionary Society into a joint fund is considered an important step. Another notable feature of the session has been the stimulus given to missionary work both at home and abroad.

SCHOOL CHILDREN TO BE IMMUNIZED

Those Under Eight Years To Be Protected If Parents Consent.

While the campaign against diphtheria is being carried on principally for the benefit of children of preschool age, it has been arranged that children under eight years of age who are attending school will also be immunized with the permission of their parents. Those who have children of that age attending school are requested to send a note to the teacher to that effect and the protection will be supplied without any cost. The children will not be inoculated without the written consent of the parents.

LOCAL COUNCIL HOLDS OPENING FALL MEETING

Women Hear Reports of Outstanding Events of Summer.

JUBILEE VALUE STRESSED.

Mrs. Morris Tells of Session of World Federation of Education.

The first regular meeting of the Fall season of the Local Council of Women was held yesterday afternoon in the green room of the Young Womens Christian Association, the president, Mrs. C. H. Edwards, in the chair. Minutes of the previous meeting were read by Mrs. Joseph Wearing, the treasurer's report was given by Mrs. N. D. Seaton, and Mrs. A. Mowat read the correspondence. The meeting was featured by an interesting address by Mrs. W. R. Morris on the recent Educational Conference held in Toronto.

Mrs. Edwards opened the meeting with a reference to the widespread celebration during the summer of the Diamond Jubilee of Confederation and of Premier King's allusion to the two outstanding results of these celebrations, in the instilli g of patriotism into the minds of the children of the land and in the favorable effect on the foreign element among the citizens. Mrs. Edwards stressed the need of a wider national spirit in Canada, and the breaking down of the physical barriers as well as the barries of race and creed that separate one section from another.

A brief report of the Pageant held on the first day of July, sponsored by the Local Council, was given by the general convenor, Mrs. A. Stevenson and was followed by the hearty accordance of thanks from the society to Mrs. Stevenson herself, and the passing of votes of thanks to all who helped in any way, to the auxiliary societies who gave their aid, to Mrs. C. Ray for expert assistance with costumes, to Mr. H. Lush and Miss C Long for their able co-operation and to the residents of Ennismore who came in on two nights and provided the dancers and music for the country dance scene.

Mrs. Morris Address.

Mrs. W. R. Morris gave what was aptly described by Miss A. Lancaster in her vote of appreciation later, as "a very lucid and informative" address, on the sessions of the recent Second Bi-Ennial Conference of the World Federation of Educational Associations, held in Toronto, describing graphically, in a bird's eye view, its aims and objects and referring to a few of the subjects considered and the personnel of the executive.

The keynote of the meeting was international amity, and the undertaking was animated by a high vision and a high ideal. Every subject that might have even the remotest bearing on educational life of the child was considered in the many sections, where 4,000 delegates were in attendance and 32 nations were represented. An instance of a willingness to adopt an international point of view was given in the rousing applause accorded the appearance of one member of the German delegation, with an insistence on the aim of the Confederation in creating a greater friendliness among the peoples of the world, and the idea of world peace through an understanding of the duty and value of such friendliness, and a realization that in basic things all people have the same ideals.

"With the children, there are no racial prejudices or hatreds and no national feeling," said Mrs. Morris "They will play in perfect accord with a little foreign neighbour until such time as the seed of dislike is implanted in the childish brain through the utterance of some adult. They learn such ideas from their elders at a time when they do not realize that their elders are wrong."

Mrs. Morris concluded with a brief sketch of some of the outstanding and interesting figures of many nationalities who were present at the meetings, and a reference to the formation at the Conference of an International Home and School Association with an American woman as its first president.

Routine Business.

Mrs. A. Mowat read from the agenda of the annual meeting of the Council, to take place in Stratford, from October 4th to 7th. Mrs. Edwards will attend this meeting, with a possibility of another local member also being present. The sum of $20 was appropriated towards the travelling expenses of two delegates.

Mrs. Edwards alluded to the articles appearing in The Examiner with regard to the prevalence of diptheria and impressed upon her hearers the importance of the Schick test for their children, and further immunization to the disease, which, another member stated, was quite prevalent locally, with one death already resulting.

Forty thousand roses are required to make one ounce of attar of roses.

Thomas Chappell Is Swept to Death In Rushing Waters

Playing With Schoolmates On Way Home, 14 Year Old Boy Slips From Bank—Actual Cause of Accident Is Not Known.

BOY'S PARENTS AWAY FROM HOME HEAR OF ACCIDENT ON THEIR RETURN

Workers Search For Body By Aid of Searchlight and Recover It At Nine O'clock—Boy's Father Veteran of the 93rd Battalion.

LAKEFIELD, September 23 (Special to The Examiner)—While playing on the bank of the power canal of the Canada Cement Company here yesterday afternoon, Thomas Chappell, 14, fell into the water and was immediately carried away in the fast-running current.

He had returned from school and along with other companions was playing on the canal banks, a familiar place to many of the children. It is not known how the accident occurred, but he disappeared in the stream.

The boy is the eldest son of Mr. and Mrs. Walter Chappell. Mr. Chappell was a member of the 93rd Battalion. The little boy's parents were in Lindsay at the time of the accident and had not returned when the body was recovered at nine o'clock.

The deceased was very popular in the village and was a member of St. John's Church, having been confirmed in the spring.

After the alarm was given search was immediately started and was carried on for hours in the turbulent waters. The Canada Cement Company put up a search light to aid the searchers. The banks were crowded with spectators who remained until the body was found.

Besides the father and mother, two brothers and two sisters are left.

Marmora Man Has Good Pumpkin Yield

MARMORA, Sept. 23.—Mr. Henry Kerr has had surprising success with his pumpkin patch this year. Included in a goodly yield were a dozen of the pie variety weighing between 60 and 70 pounds each. They attained their huge size without any artificial feeding such as is sometimes given this particular vegetable.

SAYS COUNCIL HAS FAILED TO HELP REFUGEES

Commissioner For Armenians Threatens To Resign Unless Action Taken.

WANTS NATIONAL HOME.

Will Make Appeal To Nations To Contribute Funds For Aid.

GENEVA, Sept. 23 (A.P.).—Threatening to resign as the League of Nations Commission for Armenian refugees unless the Powers really do something to create an Armenian national home, Dr. Fridtjof Nansen, the noted Arctic explorer, succeeded in inducing the Council of the League yesterday to make a new appeal to the nations to contribute funds to settle on the soil of the Armenian Republic, Erivan, some 50,000 refugees now scattered over different parts of the Near East.

Dr. Nansen bluntly told the Council that the League had failed in its efforts to help Armenians.

M. Titulasou, Rumanian Foreign Minister, took the lead in appealing to Dr. Nansen not to insist upon his resignation, which the Norwegian delegate eventually withdrew on the promise that he would have an opportunity to air the whole Armenian problem in the Assembly. He informed the Council that he had been unable to secure the consent of the Erivan Government to the refugee settlement plan because he could not guarantee material help from the nations' members of the League.

Promises Assistance

M. Briand, French Foreign Minister, promised French assistance in settling Armenians on the soil of Syria.

Dr. Nansen has succeeded in obtaining guarantees of large sums for the Armenian home from Armenian residents of the United States, provided the League carried out its part of the project.

Geneva now is the seat of about 45 international organizations, and will take on additional activity by reason of the decision to establish headquarters here of the Jewish Council on rights of minorities. Bernard G. Richards, of New York, executive secretary of the American Jewish Congress announced yesterday that Geneva had been selected because it was regarded as a neutral idealistic centre from which wrongs can best be brought to the attention of the world.

Mr. Richards added that the Jewish Council hoped through legal and peaceful channels to correct the abuses found in the system under which minorities, including Jewish people, are living under foreign governments in Central Europe.

CARS DAMAGED BY COLLISION

Touring Car Runs Into Back of Truck, Bending Fender.

HEADLIGHT BROKEN.

At noon today there was a rear-end collision at the corner of Aylmer and Charlotte Street. A Cooney and Jopling truck going south on Aylmer Street was waiting to cross Charlotte when a touring car behind it failed to stop in time to avoid a collision. The hood of the touring car ran up under the platform of the truck, doubling up the left-hand fender and bending back the headlight on the touring car. No apparent damage was done to the truck.

TWO AVIATORS FORCED DOWN

Stinson and Schiller Both Come Down in Montana.

STINSON GOES ON.

FELTS FIELD, Spokane, Wash., Sept. 23 (Associated Press).—Failure last night met the efforts of Eddie Stinson of Detroit and C. A. ('Duke') Schiller of Windsor in their projected non-stop trans-continental air derby from New York to Spokane.

Stinson was forced down at Missoula, Mont., by a broken rocker arm and a stuck valve. He was persuaded from continuing in the plane by Fred Koehler, his mechanic, who said it would be dangerous. Stinson finished the flight in the plane of R. A. Dake of Pittsburgh and landed early last night at the airport.

Forced to Land.

BILLINGS, Mont., Sept. 23 (Associated Press).—C. A. ('Duke') Schiller of Windsor, Ont., brought his Royal Windsor airplane down on the Billings landing field late yesterday afternoon, when a low gas supply prevented him from finishing his New York-Spokane non-stop flight.

At the opening of the Civil War, Fort Sumter was bombarded for 40 hours, yet not a single man on either side was shot.

3-MOTOR PLANE IS CHOSEN FOR JUNKERS FLIGHT

Company Denies Backing the Trans-Ocean Venture, Admits Plane Ready.

NEW MACHINE.

Insist That Ship Sold to North German Undertaking.

BERLIN, Sept. 23 (A.P.).—Despite rigorous denials by directors of the Junkers airplane works, it was learned from an unquestionable source yesterday that the G—24, a three-motor plane, had been made ready at Malmoe, Sweden, for a trans-Atlantic flight and may arrive any time at Norderney, the North Sea island which was a German airplane base during the war.

The plane, it was learned, will be piloted by Friedrich Loose, one of the Bremen's pilots on the recent unsuccessful Junkers trans-Atlantic venture and by Herr Starke, who is regularly employed at Lufthanba's testing station at Kiel, but who has taken a leave of absence to make the trans-Atlantic crossing.

The flight is planned to proceed in stages by way of Lisbon and the Azores and then probably to Bermuda, although it is possible that the route may shift to Newfoundland. Junkers engineers have been dispatched to the Azores, Bermuda and Newfoundland.

The Associated Press was informed that the enterprise is purely a Junkers one, as the North German Lloyd has definitely withdrawn from the project, and Lufthansa, which had been approached, declined participation.

The G-24 is a new machine just out of the factory and many machines of this type already are in commercial use. In the machine for the trans-Atlantic crossing, space intended for twelve passengers, will be devoted to gasoline tanks.

"The Norderney project must be a Lufthansa scheme," the Junkers Berlin office stated to The Associated Press. Junkers is in no way interested, has nothing to do with it and will not even furnish pilots."

Norderney airdrome officials have made all preparations for the reception of the G-24 and the quick stocking of fuel although they intimate that Junkers at the last moment may select some other place for the hop-off.

If the German press hears anything of the Junkers' Norderney plans," one former army official intimately identified with Norderney flying stated, "they will alter their plans materially."

When told that some provincial papers already had carried the Norderney story, he replied:

"Well, there you have it."

DESSAU, Germany, Sept. 22 (A.P.) Junkers officials here yesterday said that a type of their G-24 machine was ready for a trans-Atlantic flight to the United States, but insisted that the Junkers Corporation had nothing to do with the project.

They stated that they merely had sold the plane some time ago to a North German undertaking.

OLD MASTERS

If women could be fair, and not yet fond,
Or that their love were firm, not fickle still,
I would not quarrel that they make men bond
By service long to purchase their good will;
But when see how frail those creatures are,
I muse that men forget themselves so far.

—Edward Veere, A Renunciation.

Rush Aid Forward To Indian Mission

REGINA, Sask., Sept. 23 (Canadian Press).—W. M. Graham, Indian Commissioner, stated yesterday that supplies were being sent forward to the Indian Mission at Beauval, Sask., destroyed by fire with a loss of 20 lives, and that these supplies would in all probability be sent forward from the end of steel by aeroplane. Every possible expedient for rushing the supplies would be employed, he stated.

Owing to lack of information as to details, Mr. Graham said it was impossible to know exactly what was most urgently needed at the mission.

DOURO HOLDS COMBINED FAIR

Large Crowd of Past and Present Residents Attend.

PRIZE WINNERS.

A large crowd of present and past residents of Douro, foregathered yesterday, for the community fair. The rain which threatened to spoil the event, held off with the exception of brief showers which were insufficient to stop the outdoor programme.

The major part of the afternoon was taken up with the competitions in connection with the School Fair which was combined with the community effort.

The exhibits of old and young were housed in the same building. A noticeable feature of the exhibits was the amount of home made bread on view.

The judges were: Miss Edith Hopkins of Lindsay, who dealt with the section devoted to household science; A. L. Cox of Ontario College of Agriculture, Guelph; Frank Dench of Lakefield, and J. B. Nelson, the representative in Peterborough County of the Ontario Department of Agriculture.

Among the older residents present was Mrs. Moher who taught in S.S. No. 7, Douro, in pre-Confederation days.

Mrs. Moher, formerly Miss Honora O'Shea, who is eighty years of age, taught a school of 137 pupils at S.S. No. 7, which unfortunately was not represented in the parade yesterday. Despite her long term of residence in the township, she does not find the district changed to the extent that one might look for. There are more brick houses on the farms she says and a corresponding diminution of the number of frame and log buildings. Life on the farm is less laborious, she thinks, but the younger generation stay up later, get less rest and sleep, and on the whole she questions very much if the people are any happier, in spite of the increase of material prosperity that has come with the march of time.

The township was pretty well settled when she came from Asphodel as a young teacher. One of the outstanding changes has resulted from the erection of the present fine church of St. Patrick, replacing the old frame building that formerly stood adjacent to the side of Harry Ayott's blacksmith shops but has since been removed further from the old location.

The following former pupils of Mrs. Moher were present yesterday and were photographed in a group with their old teacher:

Mrs. Martin Colley, Mrs. John Sullivan, Mrs. James Collins, Mrs. Patrick Barrie, William Barrie, and Mrs. Edward Carlow, Patrick Leahy, Patrick Barry, William Barrie, and E. J. McCarthy.

The school parade attracted a great deal of attention, the children looking smart and well trained as they lined up before the large crowd.

At the conclusion of the judging Mr. Cox, using some of the exhibits to illustrate his points, explained briefly the features in an exhibit that would gain high standing.

LEGION AUXILIARY CHIEF CANADIAN

Mrs. Walbridge, Born in Kingston, Leads American Women.

PARIS, Sept. 23—(Canadian Press) Mrs. Irene McIntyre Walbridge, of Peterboro, New Hampshire, today was elected National President of the American Legion Auxiliary.

Mrs. Walbridge was born in Kingston, Ontario, in 1891. She is the daughter of Commissioner William McIntyre of the Salvation Army, who is in charge of fifteen Southern States with his headquarters at Atlanta, Georgia. She served in France with the Salvation Army during the war. She was under enemy fire for 256 days and was twice cited in army orders for courage and devotion "under high explosive fire and gas." She later married Robert Walbridge of Peterboro, who was a machine gun lieutenant. Since her marriage she has been active in the American Legion Auxiliary in New England.

Levine To Hop Off For the East To-Day

CRANWELL, England, Sept. 23 (Canadian Press).—Charles A. Levine and Captain Walter Hinchcliffe announced last evening that they would hop off this morning at 6.30 on their non-stop flight to the East. They expect a wind from the West at that time to aid them.

The fuel load of the plane Columbia has been reduced 20 gallons since the attempt of Saturday, when the plane twice failed to leave the ground. An additional aluminum tail skid has been installed to keep the tail of the plane off the ground in starting.

COURT SETTLES 'BABY PUZZLE'

Judge Dismisses Petition Demanding Male Child After Hearing Witnesses.

MOTHER IN DOUBT.

CLEVELAND, Ohio, Sept. 23.—(Canadian Press.) — Legally the Smith's "baby tangle" was solved last night, but in the mind of a heart-broken mother doubt still lured—undisturbed by the hand of justice.

"I shall accept the baby girl as my child, but doubt as to its parentage will never be dispelled in my mind," Mrs. Sam Smith said last night through a veil of tears after she had partly recovered from her hysterical reaction to the Judge's decision in the court room.

Judge Weygandt dismissed the Smith's habeas corpus petition demanding their child "George Smith" after he had heard nurses, doctors, hospital attaches, and the Smiths themselves tell their story from the witness stand.

"Mrs Smith, the only thing you as a mother will do, I know, is to accept this baby girl as your very own," Judge Weygandt said in dismissing the petition. "There is no evidence any place that any other baby might be yours. We will all hope, as the years go on, that if this little girl lives and grows strong, she will make you as happy as though she had been a boy.

Pandemonium Breaks Lose.

After the Judge had finished, pandemonium broke loose in the court-room. Fathers and mothers who had crowded the court room during the hearing broke through the railing weeping hysterically to surround the heart-broken mother.

Mrs Smith broke down and was unable to speak for some time while deputies hastened to restore order.

Miss Ruth Meyer, nurse and key witness in the "baby tangle," testified upon cross examination as the first witness that she was positive the baby girl Mrs. Sam Smith nurses is her child.

Records Muddled.

During the hour and one half she was on the stand, Miss Meyer revealed in testimony that the hospital records were badly muddled and that the controversy arising over the parentage of the Smith baby was the result of clerical errors made at the hospital.

Dr William Glendenning, who followed Miss Meyer on the stand, testified that his examiantions had revealed certain dominant characteristics in the baby girl common in other members of the Sam Smith family.

"Do you think the child belongs to the Sam Smith's?" Attorney Day asked Dr Glendenning.

"If you were asked to say 'yes' or 'no,' what would you say?"

"I would say 'yes,' the doctor replied firmly.

Mr and Mrs. Smith followed the doctor to the stand and told the court of the doubt in their mind as to the parentage of the baby girl they have been given.

Nurses, who assisted at the delivery of the child corroborated Miss Meyer's testimony that a clerical error had been made as the result of Miss Meyer's telling the doctor the baby was a boy when in reality it was a girl Miss Meyer had said she gained the notion the baby was a boy from asual observance and did not examine the child for sex.

Ford's Horses Win Prizes At Fall Fair

SOUTHBORO, Mass., Sept. 22.—(Canadian Press.)—A gentleman who has done considerable toward putting the horse out of business likes the animals. Henry Ford's work horses from his wayside inn won prizes at the annual fair.

CORN BORERS AT MILLBROOK

Pest Has Made Its Appearance in Corn Fields Near Village.

MUST BE PLOWED IN.

MILLBROOK, Sept. 22.—The corn borer is reported as having made its appearance in this district, a number of farmers having found the pest in their corn fields, and in the sweet corn in the gardens as well.

There are also reports from housewives who have purchased corn from the local stores finding the borer in some of the cobs when they were being prepared for the table.

Suggestions from the government bulletins for the best methods of cleaning up the pest are being sent out, and farmers are being notified that the provision of the Corn Borer Act are in force in their county plowing completely under, or gathering and burning all remannts in the field, barns, or elsewhere, being compulsory not later than May 20, 1928.

This makes it necessary to have all corn fields plowed this fall, or early next spring, and all remnants dragged to the surface must be collected and burned. This will apply to fields where winter wheat is being put in on corn stubble.

Should borers come to the surface again after being plowed under, if the ground is kept clean, they are destroyed by the birds, ants, ground beetles, etc., or perish from exposure.

The annual plowing match, which this year is to be a joint affair under the Cavan, South Monaghan, Hope, and Hamilton Townships Associations will be held on October 26.

FAIR NIGHT CONCERT AT MARMORA GOOD

Comical Cut-ups Provide Programme of Great Variety.

MARMORA, Sept. 23.—The concluding attraction in connection with Marmora's suecessful fair was provided by the Comical Cut-ups, an accomplished trio of entertainers who appeared at the Town Hall on Tuesday evening in an entertainment of pleasing variety and freshness. The program opened with a Spanish sketch by the trio. John Detwiler followed with "Jack's the boy for work" and "Pal of my cradle days," revealing a baritone voice of strength and sweetness. James Esplin, in kilts, gave a humorous monologue and sang "I'm the happiest man alive," in a style which assured triumph. Coming to serious mood, he made quite a hit with "Hail Caledonia." Next on the program was a mirth provoking dialogue between the two male entertainers. Miss Pauline Detwiler having sung pleasingly "Come, Come Away", and "The World is Waiting for the Sunshine" and played a medley of patriotic airs, a short minstrel show was featured, the male members in its course giving a fine performance with the castanets. During the intermission a comedy reel was shown.

The second half of the program commenced with an enlivening Irish sketch by Mr. and Miss Detwiler. A laughable Japanese sketch by the former and James Esplin came next. Songs, monologues and dialogues of high class order led to the closing number "Now the Day is Over." The hall was nicely filled for the event and all alike regarded the entertainment as a good wind up to the Agricultural Society's annual venture.

WHITE MAN'S WAY IS KILLING ESKIMO

Civilization Decimating Race Which Withstood Arctic Hardships.

WASHINGTON, Sept. 23.—(United Press).—The Eskimo a victim of jazz, canned milk, and civlization, is tending toward extinction.

T. Dale Stewart of the Smithsonian Institute, who returned today from a summer's exploration on Nunivak Islands, off the Alaskan coast, claims that modern luxuries are succeeding where Arctic hardships failed—in decimating the Eskimo.

White men have made but slight inroads on Nunivak Island, where is found one of the few remaining colonies of full blooded Eskimos.

The bleak, treeless island, ice-severed from the rest of the world most of the year, is experiencing the touch of civilization, enjoying it, and dying, the explorer discovered.

American canned goods are replacing the old native food of fish, birds' eggs, fried sea-weed, and seal blubber. American jazz music seems to be the favorite of the Eskimos who are fortunate enough to own "talking machines", Stewart found. The vocal records are avoided because the natives do not understand them. Stewart found the natives enjoying the garments, food, and practices of white man and consequently unmindful that the death rate has grown much higher than the births.

POSSE WITH GUNS SURROUND STABLE

Rush Call Brings Police To Glencoe as Suspects Enter Barn.

GLENCOE, Ont., Sept. 23.— Two men suspected of being the missing London jail breakers slipped through the police cordon here yesterday afternoon and left no trace of their identity or destination.

The two men were seen to enter the barn of A. B. McDonald near the C.N.R. station, by Mrs. John Cowan who resides across the tracks. Because of their disheveled appearance she watched the barn for some time but failed to see the men leave. Becoming alarmed she called County Constable Dan Hagerty, who in turn telephoned High Constable A. J. Wharton at London.

Constable Hagerty organized a posse of citizens and they surrounded the barn pending the arrival of the police from London. The posse split into two platoons, under the leadership of Reeve George Parrott and Constable Parrott. They lined both sides of the barn and awaited the dash for freedom of the two men thought to be housed therein. Revolvers, shotguns and all manner of weapons were in the hands of the fifty or more men who formed the posse.

Despite a thorough search of the barn and all the nearby premises no trace was found of the missing London jail breakers or the two men who had been seen to enter the barn.

Girls Must Choose Love Or Learning

LONDON, September 23 (United Press). — Love or learning seems to be the choice confronting the modern girl. Statistics covering seven years show that only five per cent. of the girls passing through Oxford University have obtained husbands — though they do not show how many wanted them.

Women educators say that men feel abashed in the presence of the female intellectual giants turned out by the British colleges and are picking the girls whose thoughts run to the intricacies of the latest dance.

WOMEN'S INSTITUTE HOLDS CORN ROAST

Members Gather at Home of Reeve Fallis—W. A. Meeting.

MILLBROOK, Sept. 22.—The annual corn roast, under the auspices of the Women's Institute, was held on Monday evening at the home of Mrs. Stuart Fallis, Fallis Line, with about six members and friends in attendance.

The weather being too cool for staying comfortably out of doors, the plan of a big bonfire was abandoned and the corn was cooked indoors instead. Games of various kinds and dancing for those who preferred this form of entertainment kept the guests happily employed during the evening, the musical numbers by Mr. and Mrs. John Lunn and their young son Wilfrid being particularly enjoyed.

Besides the corn, which everyone seemed especially to enjoy, the supper menu included pies of many kinds, bread and butter, and tea.

Mrs. Fallis was assisted by a number of the Institute officers in serving the refreshments, among those helping being the president, Mrs. Chas. Thorndyke, Mrs. T. H. Aiken, Mrs. Will Armstrong, Mrs. J. Rowland, and several others.

Reeve Fallis and his wife were warmly thanked for their generous hospitality before the gathering finally broke up and the merry-makers left for their respective homes.

W. A. Meeting.

The Women's Missionary Auxiliary of Saint Thomas' Church held its first meeting since the holidays at the rectory on Monday evening, with a fair number in attendance. Several of the members have not yet returned from their vacation visits.

The President, Mrs. (Canon) Allan, was in the chair, and in place of the regular Scripture lesson, Miss Dixon gave one of her very helpful devotional talks, basing her remarks on Paul's great love chapter, the thirteenth of 1st Corinthians, urging her hearers to make its statements a matter of personal experience.

Miss Rose MacNamara acted as secretary in the absence of Mrs. E. Whyte, the regular officer. Miss MacNamara also gave a most comprehensive report of the recent Deanery meeting held at Blackstock.

Mrs. Allen reported having received word that the Auxiliary had benefited by the will of the late Miss Mary Kells, who left a bequest of $100, to be applied as the president and officers should deem fit. After expressing appreciation of Miss Kells' generosity, the executove decided to take time for consideration before investing the money.

On request Mrs. Allen consented to give a "Travel Talk," covering the nine weeks that she and Canon Allen spent abroad this summer. This meeting will be open to the public and will be held some time in the second week of October.

The Dorcas Secretary read a letter from the MacKay Home in Le Pas, thanking the Auxiliary for the splendid bale sent this year containing complete outfit for an Indian girl. Arrangements regarding the bale to be sent again next spring are not yet complete.

To increase the funds of the society it was decided to hold a sale of homemade baking, with hot chicken supper served, on Saturday, October 22, unless this date is later found to be unsuitable. Mrs. J. E. Allen was appointed convener of the committee for this event.

Mrs. J. A. Vance will take up the first chapter of the new study book at the October meeting to be held on the third Monday in the month at the home of Mrs. John Allen, Sr.

Mrs. Allen was assisted by Mrs. John Allen in serving delicious refreshments at the close of the business session, when a very pleasant social hour was enjoyed.

"Africa and Her Peoples" is the new study book for Anglican Missionary Auxiliaries for the current year.

According to naturalists, thousands of birds die of bronchial pneumonia each year because of too early migration.

Light, wholesome bread, with the tasty, golden-brown crust, baked in your own home — can you think of anything nicer?

ROYAL YEAST CAKES

NORHAM NEWS

The Norham church service was withdrawn Sunday evening, on account of Warkworth anniversary services. A large number from Norham were present at the Warkworth evening service and enjoyed the able discourse of the special speaker, Rev. Brown of Chalmers street church, Kingston.

The services at Bethany and Mt. Olivet were withdrawn last Sunday on account of the unveiling of the monument, at Brighton.

Miss Margaret Clare returned on Saturday from Bon Echo Inn, where she had spent the summer.

Mr. and Mrs. F. Huyck and family motored to Brighton on Sunday, to attend the unveiling of the monument there.

Rev. D. R. Clare and sons, Wesley and Earl, spent Saturday in Belleville.

Mr. and Mrs. D. Evans and daughter, Edna, attended Peterborough Exhibition on Saturday.

Rev. D. R. Clare and daughters, Misses Florence and Margaret, motored to Toronto on Monday. Miss M. Clare is renewing her studies at Victoria College and Miss F. Clare is entering Toronto Normal school.

Mrs. M. Palmateer with relatives from Rochester spent last Friday at Rice Lake on a fishing trip.

Mr. and Mrs. H. Curtis and family attended the Peterborough Exhibition on Saturday.

A number of Norham young people attended the Castleton corn roast, which was given by the Women's Institute in that village last Saturday night.

CAVAN PERSONALS

Mrs. William Tinney has returned home after a few weeks visit in Toronto.

Mrs. T. Harkness is with her sister, Mrs. Jackson of Bailieboro, who is dangerously ill.

Mr. and Mrs. Forder of Nestleton were the guests of their daughter, Mrs. Harry Tinney, on Sunday.

Mr. and Mrs. M. Barker were visitors to Ennismore on Sunday.

Mr. Storey of Oshawa and M. H. Staples of Orono were here on Saturday attending the funeral of the late William Lough.

Among those from around here who motored to Blackstock to attend the Deanery meeting were: Miss Annie Sisson, Mrs. Hannah Sisson, T. Braithwaite, Mrs. Charles Thacker, Beatty Fee, Miss B. Touchbourne, Mrs. R. M. Howden, Mrs. Herb Seeney and Mrs. Clare Winslow.

Mrs. R. M. Howden was the guest of Mrs. Johnson of the Fallis Line on Monday.

Puts you on your toes

SHREDDED WHEAT

Ideal for chilly mornings
Protects you against stormy weather
Make it a daily habit

COSTS LESS PER MILE

NO WEAK LINKS IN THE FIRING CHAIN OF

White Rose Gasoline

Dynamite is fine for blasting stumps or mining ores, but it would be more likely to wreck a cannon than to fire it properly. To apply the greatest power, you need a quick but continued push; not a sharp explosion. So in a motor, the fuel which gives full power with least strain is the smooth-burning gas which continues its drive to the bottom of the stroke.

Although it all happens in a small fraction of a second, each power stroke is in reality a series of explosions as the flame spreads.

With White Rose Gasoline this firing chain is closely linked and unbroken, giving a smooth, even flow of power, and subjecting pistons, rings and bearings to *no* unnecessarily high strains.

White Rose is a clean, straight-run, redistilled gasoline, free from the hard-to-burn ingredients that cause uneven firing.

That's one big reason why White Rose Gasoline actually Costs Less Per Mile!

PROTESTS MADE AGAINST POLICE EVIDENCE ALONE

Many Convictions Made in Marlborough Court Are Quashed.

EVIDENCE UNSUPPORTED.

Men of Good Character Charged With Drunkenness and Begging.

LONDON, Sept. 23.— (United Press).—The loudest outcry is being made by the newspapers against police arrests in the west end of London and convictions by magistrates who accept the uncorroborated evidence of the policemen. It is recalled that Miss Pacaud, daughter of Lucien Pacaud, of the Canadian High Commissioner's office in London, was arrested some time ago owing to her being mistaken for somebody else, and now the appeal courts have wiped out two convictions by magistrates—one against Major Graham Bell Murray, who was charged with being drunk and molesting women and the other against Francis Champaign, a double Oxford blue and well known cricketer, who was charged with being a rogue and a vagabond and importuning in the Strand.

In both cases the men were convicted on police evidence alone. Sir Henry Curtis Bennett, who appeared for Champaign, declares that "there appears to be nothing more dangerous than for an unsuspecting person to go for a walk in London."

Demands are being made by the press that the head magistrate in Marlborough Street, whose convictions in similar cases have been quashed on appeal and who is 80 years old, should resign and that the present police methods must be changed and the scandal of unauthorized arrests ended.

It cost Major Murray £130 to clear his character and a man who appeals in a similar circumstance must be prepared to spend £300 if he employs counsel.

It is argued, however, that poor men who are convicted have little redress and that there must be many whose lives have been blasted by such convictions and who, though innocent, could not afford to prove it. It is likely that the whole question will be brought before the House of Commons, when it reassembles.

CAMPBELLFORD NEWS.

CAMPBELLFORD, Sept. 23.—The Rev. James Grier, Dr. George Hay, Messrs. John Wallace, and J. S. Dickson attended the laying of the cornerstone of the Memorial Presbyterian Church, Westwood. Mr. Grier assisted with the service. After the ceremony the ladies of the church served a most delightful supper on the lawn of the neighboring Anglican Church.

Messrs. Ross MacLaren, J. C. Birmingham, Jack Linton and E. Dolman motored to Toronto yesterday to attend a meeting of the Fire Underwriters of the Province.

Twenty members of St. Andrew's Women's Missionary Society, Campbellford, attended the Peterborough Presbytery sectional meeting held in Brighton yesterday afternoon. The meeting was of a business nature, but a vocal duet, sung by two of the Brighton ladies, was well received, as was also the solo by Mr. Jones, B.A., student minister of the church there. The meeting was held in the Oddfellows' Hall. There were delegations from Port Hope, Warkworth, Campbellford, Colborne, Cobourg and Grafton.

Mrs. Harry Cassan met with a painful accident yesterday morning when she slipped through an opening in her veranda and bruised her left leg. She is receiving medical attention.

The interest taken in the world championship boxing at Chicago last night was very keen. Dempsey was easily the favorite, and the few who were desirous of backing Tunney were not hard pressed to find places to leave the money. Crowds thronged the Empire Service Station, Nadoo's Cigar Store, and Denyes Hardware to hear the radio broadcasting from the ringside. The reception was fairly free from static, and the announcing was very clear and easily understood.

The Seymour Agricultural Society is leaving no stone unturned that might assist in any way to make this year's Fair the most successful in all the history of the town. The prize-list contains some exceptionally fine awards. The programme for the two days will consist of something that will be of vital interest to every Fair-goer.

Gas Heat Wherever You Live

HERE'S the Coleman Radiant Heater—a complete, portable heating unit that gives you gas heat no matter where you live. Like Coleman Lamps and Lanterns, it works on the safety-pressure principle;—makes and burns its own gas from any good grade of gasoline—no piping, no cost of installation. Starts quickly—easy to operate—use it anywhere.

Just the thing for the cool spells of fall and spring and for extra heat needed on severely cold days of winter. Radiates a penetrating fire-like zone of clean, live heat—like sunshine. Instant regulation. Steady even temperature. Hotter than city gas; no smoke, no soot, no odor. A real comfort and economy. Model 2 price $37.50.

Ask Your Dealer to show you the Coleman Radiant Heater. If he is not supplied, write us for full particulars. Address Dept. PE1

Misplaced Heart Saves Lover's Life

HUNTINGDON, W. Va., Sept. 23.—(United Press).—Because his heart is on the right side instead of the left, William Gray is alive after an attempt at suicide following a lovers' quarrel. Physicians at first believed a bullet had pierced Gray's heart but examination disclosed that the organ was on the right side. The bullet passed through the left lung. He may recover.

CORNER STONE IS LAID, ETC.

(Continued from page one.)

days. It is not good to look back too much but to see some of the things of yesterday in relation to the past, now almost on the eve of having a place of worship again.

What Is a Presbyterian.

What is a Presbyterian? There are quaint ideas on this subject held by people outside the church. A church is Presbyterian because that is its form of government. Realizing that there is such a thing as a superority of gifts, it sets apart a given number of men called Elders. That is a session, then comes the synod, a higher court of appeal and finally the general assembly. This is an eminently satisfactory arrangement for both the minister and people. The congregational church places the minister in many precarious positions and can create a handicap for him which the minister may never be able to outlive. Every member of the congregational has the same voting value as the minister. In the Presbyterian church, men of certain characteristics and gifts are ordained to the Eldership.

If their judgment does not suit, appeal can be made to the synod and then to the General Assembly. And then also, it is not only Presbyterian because is is so governed but because of its doctrine. They emphasize the sovereignty of Almighty God. A Presbyterian is a man or woman who has a belief. What is the business of the Presbyterian church? The business of the Presbyterian church is the business of any other organization that claims to call itself a church and has a right to such a claim. First of all it is to seek and save. Even in the country with the beauties of nature all about you, you may be lost and as far away from God as in any city on this earth in spite of the manifestations all about you. Any church that forbids its minister to go out into the highways and byways to win men for Jesus Christ has much to learn about the business of a church. The church has had greater success when she has taken her services to the outside. If a minister is preaching in the open air without something compelling in his sermon he will have a moving congregation. There are only two great classes in the world to-day, the saved and the unsaved.

There is that which is of the flesh and that which is of the spirit. It may be well dressed flesh, or cultured flesh, but it is still flesh. The church must make it its chief business to seek and save that which is lost. Any church that is busy in bringing lost ones to the light is free from petty troubles and quarrels, etc. The danger associated with the pulpit of to-day is infidelity, and that with the pew is indifference. His wish for the church is that it may be said, "He walked with me in peace and equity and did turn away from iniquity. The message was concluded with a quotation from Murray McChane on the fountain of Salome (one sent from God).

Have Same Aim.

The Reverend O'Conor Fenton the Anglican pastor for that district, delivered a brief address sparkling with humor, in which he voiced his joy at seeing the erection of such a splendid structure for the worship of God. Although they differed in some respects he was sure that the Anglicans and Presbyterians were together in the one great aim of bringing lost ones to Jesus Christ. Although some thought that the Anglicans would profit by the split in the other churches, and he was glad to have them in his congregation, he was elated at the success of the new church.

After the address by Rev. O'Conor Fenton the audience dispersed, giving an offering into the offertory box, before leaving. The amount taken in this way was $62.40. Lunch was served in the Anglican Church grounds and was well attended. Some one remarked that the appetities of the guests did not seem to make any impression on the supplies and that there seemed enough to feed the five thousand.

All parts of the district were well represented, the people for miles around coming to see the laying of the corner stone.

STABBED IN HEART; MAN STILL LIVES

Norfolk Resident Expected To Recover From Serious Injury.

NORFOLK, Va., Sept. 22.—Willie Jones, stabbed in the heart Monday afternoon, was still living yesterday, 20 hours after his heart ceased beating for ten minutes and, according to physicians, he has even chances for recovery.

Dr. Mallory S. Andrews, resident physician at St. Vincent's Hospital, was called when Jones was taken to the hospital, presumably dead. An examination showed that the heart had ceased to function.

Two injections of adrenalin, a powerful drug, were made directly into the heart within ten minutes and that organ, although punctured by a long knife, responded and began beating after artificial respiration had been resorted to.

Dr. George S. Scheneck and several other physicians who later viewed the man, said that he probably would live, declaring the chances appeared at least even.

Jones was stabbed, according to Detectives W. T. Walker and R. A. Matthews, by a woman named Iula Mitchell, who was arrested on a charge of felonious cutting, pending the outcome of Jones' injuries.

The case is considered by local physicians to be among the most remarkable recorded to the credit of adrenalin.

OBITUARY.

RICHARD BLODGETT.

ROSENEATH, Sept. 23.— Richard Blodgett, son of Mr. and Mrs. Charles Blodgett, Alnwick, died yesterday in Cobourg General Hospital. The funeral takes place on Saturday afternoon to Merrill's cemetery, Roseneath.

MRS. THOMAS HEARD.

STIRLING, Sept. 23.—Mrs. Thomas Heard, who suffered from a stroke about a year ago, passed away last Saturday afternoon, at the age of 72. The funeral service was held in St. John's Anglican Church on Tuesday afternoon. Mrs. Heard is survived by her husband and a daughter, Mrs. Chard of Edmonton, and a son, Charles, in California; also a niece, Effie Gould, who resided with her for many years.

MRS. JAMES CLANCY.

HAVELOCK, September 23. — The death occurred on Wednesday, September 21st ,of Mrs. James Clancy, of Neepawa ,Man., at the residence of her daughter, Mrs. George Vance, Seymour. The deceased, who was 69 years of age, had a stroke about three months ago, and has been in ill-health since then.

Besides her husband, she leaves to mourn her loss three daughters, Mrs. N. Graham of Wilkie, Sask., Mrs. George Vance, of Seymour, and Mrs. Garnet Rutherford, of Havelock; one son ,Arthur Johnston, of Dauphin, Man.

The funeral took place on Friday afternoon to Mount Pleasant Cemetery, Campbellford. The services were conducted by Rev. G. E. Lougheed, of Havelock.

OMEMEE NEWS

OMEMEE, Sept. 23.—Mrs. Bowman of Newburg, N.Y., and Misses Katherine and Jessie Ferguson of Toronto spent the week end with Mr. and Mrs. S. T. Connell.

Mr. and Mrs. J. Fanning and daughters of Lindsay visited Mr. and Mrs. William Rehill, on Sunday.

Mr. Jeffrey Widdis and sister, Mrs. G. Henderson, are the guests of their brother, Mr. Wesley Widdis at Windsor.

Mr. and Mrs. J. J. Lang and son, Mr. Will Lang, of Toronto, were the guests of Mr. and Mrs. Charles Ivory over Sunday.

Mrs. Fallis, who has been visiting her daughter, at Bethany, has returned to Omemee.

Mr. W. Kimpton has returned to Toronto after spending a few days with his aunts, the Misses Currie.

Mr. Wilfred Wilson of Nestleton visited friends in town on Sunday.

Mr. and Mrs. T. Morcombe and son of Whitby spent Wednesday and Thursday with Mr. and Mrs. C. L. Morcombe.

Mr. and Mrs. S. Grandy attended the golden wedding anniversary of Mr. and Mrs. T. Webster in Lindsay on Tuesday.

Mr. Robert Thompson of Toronto called on friends in the village last week.

Mrs. Charles Corneil of Peterborough visited Mrs. D. H. Corneil for a few days last week.

Mr. and Mrs. Metcalf and two children of Toronto visited Mr. and Mrs. R. Lee on Sunday.

Mr. and Mrs. Briens, Jr. and Mrs. Briens, Sr. spent Sunday with the latter's brother, Mr. W. J. Kennedy.

Miss Ross, principal of the Omemee High School, motored to her home in Toronto on Friday evening. She was accompanied to Oshawa by Mr. and Mrs. O. R. Stalter, who remained at their homes there until the return trip was made on Sunday.

Mr. and Mrs. George Corneil and family of Lindsay, and Miss Lottie Robinson of Toronto, visited Mr. and Mrs. Cecil Corneil on Sunday.

Mr. and Mrs. R. Carey have returned home after a pleasant visit with relatives in Toronto.

Mr. and Mrs. W. W. Stinson of Janetville accompanied by Rev. Dr. and Mrs. Bates of Japan called on Mrs. T. C. Stephenson on Tuesday.

Mrs. Fred Clemett spent the week end with her daughter, Mrs. Laverne McKinley of Fleetwood.

Mrs. Gordon Rusk has returned home after a two weeks' visit at Avon Lake, Ohio.

Mr. J. Boxall of Lindsay was in town on business last week.

Misses Pearl and M. Widdiss of Victoria Road visited their sister, Mrs. Alice Fee, on Sunday.

Mr. and Mrs. T. Irvine and daughter, Beryl, Mrs. W. Porter of Lindsay and Mrs. T. Deyell of Janetville were visitors in Omemee on Sunday.

Mr. and Mrs. M. Courtney of Dunsford spent Sunday with the former's mother in town.

Mr. Roy Faulkner, who has been timekeeper with a construction company near Gananoque is visiting his parents, Mr. and Mrs. S. Faulkner.

Mr. Ben Magill of Peterborough visited Mr. and Mrs. William Rehill last week.

Mrs. W. Thorne has returned home from a week's visit with her mother at Campbellcroft.

Messrs. Ernest and Bob Corneil leave on Wednesday to resume their studies at Queen's University, Kingston.

Miss Richardson of Janetville spent the week-end with her friend, Miss Jessie Lamb.

Miss Bradburn of Janetville and Mr. Wilson of Yelverton visited Miss Jessie Lamb on Sunday.

Mrs. T. C. Stephenson and her father, Mr. Henry Laidley spent Monday at the home of Mrs. Laverne McKinley.

Mr. and Mrs. Elliott of Dunsford visited at the home of their son, Mr. Cyril Elliott, on Sunday.

Mr. M. D. Earle has renovated his store with a generous coat of paint and the Coronation Hall is also being freshened up.

Mr. J. Bushnell was successful in capturing two second and two third prizes for his team of roadsters at the Peterborough Exhibition. Mr. Emery Windrim carried off two first prizes and one second on his team of draft horses.

Mr. John Conley of Lindsay was in town on business last week.

Members of the Salvation Army of Lindsay held an open air meeting in the village on Thursday evening.

The annual corn boil, under the auspices of Y.P.U. of Trinity church was held at Green Landing on Wednesday evening. There was a good crowd and a splendid time for all.

The annual Harvest Festival services will be held on Sunday next in Christ church, Omemee. Rev. Archdeacon Warren of Toronto will deliver special addresses at the morning and evening service.

An interesting event in connection with the morning service at Trinity Church was the christening of the infant daughter of Mr. and Mrs. Cyril Eliott (Jacqueline Alexandria) by the Rev. Mr. McMullen of Dunsford who is home on furlough from Korea. Mr. McMullen had charge of the evening service and delighted his hearers with his address.

Mr. and Mrs. F. Johnson and daughter, Miss Helen, also their grandson, Master Freddie Johnson, motored to Whitby on Saturday to visit the latter's mother, who has recovered from her serious illness.

Mrs. W. Henderson spent Tuesday in Peterborough.

Mr. Toby of Collingwood was in Omemee on business, Monday.

Mr. and Mrs. F. Johnson and daughter, Miss Helen, visited Mrs. Johnson's sister, who is seriously ill at Beaverton on Sunday.

Breeders and trainers of canaries claim that both the voices and the tempers of the songsters are spoiled by jazz music.

LAST DAY!

ALL PRICES COLLAPSE!

ADJUSTER'S SALE POSITIVELY ENDS TO-MORROW NIGHT

Take warning men—this the end—for the few remaining hours the bars are down and the sky's the limit. It is a price crash that will be heard in every home in Peterborough.

All Prices are down to levels that set at nought every selling record in the memory of the present generation. Come, and spend to your limit! Buy for months ahead! It will pay you handsomely in savings of Actual Money! After Saturday, Prices revert to Regular Standards, and your once-in-a-lifetime chance to save will be gone! Come—let us reason together: Can you afford to stay away?

WEDDING BELLS.

McGUIRE—MURRAY.

DOWNEYVILLE, Sept. 23—A pretty wedding was solemnized at St. Luke's Church, Downeyville, on Wednesday morning at 9 o'clock, when Miss Marjory Murray, daughter of Mr. and Mrs. Bernard Murray, was united in marriage to Paul McGuire, only son of Mr. John McGuire. The bride entered the church on the arm of her father to the strains of the wedding march played by Miss Loretto Harrington, cousin of the bride.

The bride looked exceedingly charming attired in georgette with hat, shoes and hose to match and carried a bouquet of roses and sweet peas, while her sister, Miss Anna, who attended her was gowned in pale yellow georgette with hat, shoes and hose to match. Mr. John O'Loughlin of Lindsay, cousin of the groom, was the best man. The ushers were: Mr. James Fitzpatrick of Lindsay, and Mr. James Lucas of Downeyville.

During the mass and after the ceremony, which was performed by Rev. Father Galvin, the choir of which both bride and groom were members sang many hymns.

About sixty guests attended the reception afterwards held at the home of the bride's parents, where the rooms were tastefully decorated with gladioli and asters.

After the reception the bridal party left by motor on a trip to Chicago, Ill. and other points and on their return will reside near Raeboro.

Woman Sues W.C.T.U. When She Is Read Out

MUSKOGEE, OKLA Sept. 23.—(Canadian Press.) — Mrs M. E. Hunt, in whose ice box the police seized bottles of home brew, is seeking $75,000 damages from the Women's Christian Temperance Union, of which she is a member. Officials of the organization said she had read herself out of the Union by keeping home brew, but she says she was taking it on a physicians advice.

FRIDAY, SEPTEMBER 23, 1927.

TOMORROW'S APPEAL.

The attention of Examiner readers is once again called to the tag day to be held tomorrow on behalf of the Peterborough branch of the Children's Aid Society.

This method of securing much-needed funds was pioneered in Peterborough by the society, and each year since the public has been given the chance of assisting in the work of an organization that has to its credit a fine record of community service.

The revenue from tag day is required by the society to supplement the city and county grants and provide for a budget that each year shows an increase as the work expands and the number of children receiving attention grows larger.

It is hoped that the amount obtained tomorrow will be larger than in any previous collection in view of the greater need.

Citizens of Peterborough should give generously, remembering that the cause is in every way a worthy one and that funds are urgently required.

RADIO'S DEVELOPMENT.

The progress that is being made in the realm of radio has been effectively illustrated by the record-breaking "hook-up" of some eighty stations over the continent the last two nights, on Wednesday broadcasting the extraordinary programme presented at the banquet of the Radio Industries in New York and last night giving a blow-by-blow description of the Tunney-Dempsey fight.

How many millions of people heard these two broadcasts it is impossible to estimate accurately, but the total of listeners-in must have been enormous.

The chairman of the New York banquet in his opening speech declared that his voice was being heard by more people than any other voice in the world's history, and there seems little reason to doubt the accuracy of that statement.

Equally interesting was his announcement that his voice would be heard by listeners-in on the Pacific Coast and in the Arctic Circle before it was audible to the guests at the rear of the banquet hall.

The possibilities before a system that can reach so many people at one time are boundless

ANOTHER SAFETY DRIVE.

The launching of a new drive in the direction of safer traffic conditions in Ontario is announced as the result of a meeting held this week in the office of the Minister of Highways.

Associated with the department will be the Ontario Motor League, the Ontario Safety League, the Associated Boards of Trade and other organizations, which are to lend their assistance in this united effort to arouse the public to a realization of the necessity of exercising care and common sense on Ontario's highways.

Pedestrians as well as motorists are to be appealed to during the campaign, and the co-operation of the press, municipal police, Boards of Trade, public service bodies and others is to be enlisted.

It is felt that the slaughter on the highways has sickened the people of the Province, and that they are willing to listen to an appeal to which many of them have hitherto been deaf.

At the same time there is to be no let-up in the enforcement of the Highways Traffic Act, orders having gone out to the traffic squad to exercise every effort to bring reckless and careless drivers to book.

DEVELOPING COMMUNITY GOOD WILL.

Friendliness is the keystone of a city's social structure—friendliness among the masses that bridges racial, economic, political and religious differences and prejudices and develops a united citizenship working for the welfare of all. Such friendliness, however, does not just happen. It must be cultivated wisely and energetically or the divisive forces that work ignorantly or maliciously within a city are likely to prevail over good will unsystematically applied.

An experiment which all great American cities troubled with racial hatreds class jealously and religious prejudice should watch with interest is being carried on in Cleveland by an education extension council. It is an organization of adults representing practically all the major elements in the citys life and it seeks to place educational opportunity, in the broadest sense, before as wide a range of citizens as possible.

Organized in January, 1926, with an advisory committee of 100 persons chosen from widely differing racial, religious and economic groups and with an active board of directors, the council maintains a co-operative speakers' service. Thus the various groups are informed of one another's needs and aspirations.

One of the most promising activities fostered by the council is a group discussion league, which already has developed eight large bodies of white,s Negroes, protestants and Catholics. They meet regularly to discuss their common interests. This, it is asserted, "promises the growth of a citywide fellowship of all creeds and kinds of young people who have learned to bridge social, racial and economic chasms in a comradely quest of education."

In many other ways the Cleveland education extension council is making established friendship of diversified groups an important element in the fabric of the city's life. In promoting steadily by nonsensational methods informed friendliness tolerance and other elements of good citizenship the council is performing an invaluable service for its city.—Chicago News.

BLUE SKY LAWS.

Recent sensational disclosures in Toronto, Ottawa and Windsor of the activities of fraudulent stock brokers have brought a statement from Attorney-General Price that the whole subject of "blue sky laws" has been receiving the closest attention of his department and that a concerted effort will be made to rid the Province of these financial pests.

The question of instituting laws to try and protect the too credulous investor against himself is a very big one and has very extensive ramifications. Some laws enacted in other Provinces and also in the United States have had little effect in checking the evil and in some cases have restricted the operations of legitimate operators. One enactment, however, which is in force in several Provinces is an excellent one and ought to be enforced in Ontario. This law makes it obligatory for every firm or individual to receive a license to sell securities before they can start business. Before the license is granted Provincial officials make the fullest investigation into the financial and general status of the applicant, and in that way the financial wizard and "bucket shop" operator finds it difficult to start his nefarious trade.

It seems highly ridiculous that an individual must get a license to peddle fruit and all sorts of other commodities while an operator in stocks and bonds who may handle the hard-earned savings of the widow and the orphan and control thousands of dollars can start business without the slightest investigation into his character and status.

It is hard to believe that otherwise intelligent people should be so easily duped by these slick crooks, but a thousand warnings seem to have no effect in curbing the credulity of a certain section of the public. Once more, however, we call attention to the fact that there are dozens of reputable brokers in every city who are only too willing to handle stock and bond commissions and who will give their clients an absolutely honest service. Why, then, should anyone deal with parties who have never investigated?—Ottawa Journal.

THE GOLD SITUATION.

Editor of The Examiner.

Sir,—I cannot pass over your publication of an editorial from The London Advertiser anent the decline in gold production without protest. Not so much that the information contained was wrong, as for the implication that two eminent economists did not know their gold.

That the world's annual gold production has fallen and is now, within small limits, merely holding its own, will be easily seen from the following figures of annual production:

1916	$455,423,136
1917	420,579,331
1918	384,786,306
1919	365,853,933
1920	333,423,975
1921	330,231,792
1922	319,420,063
1923	367,764,279
1924	389,169,727
1925	393,405,563
1926	394,003,335

These figures are by the Director of the Mint, Washington, D. C. The world situation at the present time is that the big increase in Canada just about compensates for the falling off in United States, while South Africa holds its own, without prospect of increase and great possibilities of a decline.

Now the point to all this is, that the London editor was guilty of loose thinking when he called out Profes-sors Fisher and Keynes. He should have rejoiced that the world's production of gold was falling, because this very thing will make every ounce of gold mined in Canada worth a little more.

I am well aware that this phenomena is not understood by the great majority, and yet it is so simple that it should be easily comprehended. Gold is like any other commodity, if there is over-production it becomes cheap. If you don't believe it, take an ounce of gold you laid away in 1892 and see how many bushels of wheat or how many pairs of shoes you can now buy compared with what you could have bought them.

The classic illustration is that of the widow who saved $1,000 to build a home. The contractor's price was $3,400. But on consulting with her banker, he advised that as her equity would be small she had better wait a year and save a bit more. She saved another $200, but when she called for prices on the same house the best she could get was $3,700. She saved $200 in a year and lost $300 by waiting.

This is an unfair thing and presents in simple terms a condition which Professor Irving Fisher and his associates are trying to remedy by advocacy of a stabilized dollar. This simply means that the exchange value of gold would be regulated by the Government in the same manner that they at present regulate other weights and measures, and that a dollar today would be worth as much as a dollar twenty years hence. This is done by balancing the price of gold with the index price of a list of representative commodities.

Canada has about the best index numbers in the world, prepared monthly by the Department of Labour, and could stabilize the dollar over-night, if the other leading gold standard nations would fall in line.

G. C. S.

EDITORIAL NOTES AND COMMENT.

Some people seem to think that the real battle of the century will take place in Winnipeg next month.

There is one thing to the credit of Miss Agnes MacPhail. She doesn't write mean letters after she has been beaten.

Help the Children's Aid Society tomorrow and thus help the neglected and dependent children of the city and district.

Doubtless there were a lot of people in Chicago last night who wondered at how little you can see nowadays for $40.00.

The ex-Kaiser still signs himself Emperor. Another champion trying to come back.

The best news from the West was not the result of the big prize fight, but the statement that the cutting of the Canadian wheat crop will be completed by the middle of next week.

Paying cash for your coal before your ice bill is paid is hard on the ice man.—St. Catharines Standard.

Labor men are now saying, with Byron, "Here's a health to thee, Tom Moore."—Toronto Telegram.

"Colored stockings will be seen more," says a fashion expert. We did not think there was any more of them to be seen.—London Opinion.

Knowing how and when to eat—neither too much nor too little, nor too often—is said to be worth-while wisdom. So few have it.—Oshawa Times.

How to keep up in the air is the big problem for aviators. The rest of the world is wanting to keep its feet safely planted on the ground.—Guelph Mercury.

For the conservative people who want to arrive as well as start, the railway and the steamship lines will continue to hold first place.—Kitchener Record

CATTLE GRAIN, AND PRODUCE

TORONTO LIVSETOCK.

TORONTO, Sept. 23.—There were no fresh cattle in the market Wednesday, and only a couple of cars of small stock. A light carry-over from Wednesday's market was well cleaned up at steady prices, except for the plainest common killers. There was a good demand for several cars of stockers received Wednesday.

General run of prices as follow:s

Choice butcher steers active at from $8.25 to $8.75, with extra choice up to $9. Light steers, $8.25 to $8.50, and choice butcher heifers, $8 to $8.25.

Baby beeves firm; choice, $12.

Common steers and heifers, $5 to $5.50.

Choice butcher cows, $5 to $6; medium, $4.25 to $4.75.

Bulls, choice, $4.50 to $5; choice butcher, $4.50 to $5.

Springers and milkers, quiet at steady prices.

Stockers and feeders active, selling from $6.50 to $7.25; heifers, $5.50 to $6.25; delivery country points.

Lambs, choice, firmer at $11.50 to $11.75.

Calves, choice, strong, to a dollar higher, at $14 to $14.50.

Hogs steady at $11.65; selects off cars and $10.75 f.o.b. selects. Lower prices bid for Saturday's trading.

Receipts.

Union Stock Yards—Receipts, no cattle, 2 calves, 102 hogs, 84 sheep and lambs.

Quotations:

Heavy steers, choice	$ 8.50 to $ 9.00
Butchers, choice	8.25 8.50
do. fair to good	7.00 8.00
do. common to medium	5.00 6.00
do. heifers	8.00 8.25
Baby beeves	11.00 12.50
Cows, fat choice	5.00 6.00
do. medium	4.50 5.00
do. canners, cutters	2.50 3.50
Bulls, butcher, choice	4.50 5.00
Bolognas	3.50 4.00
Feeders and shortkeep.	7.00 7.25
Stockers, good	5.50 6.50
Calves, choice	14.00 15.00
Springers, choice	90.00 110.00

Buck lambs	9.00 9.50
Choice lambs, butchers	11.25 11.75
Sheep, light, butchers	6.50 7.50
Buck sheep	3.00 4.00
Hogs, f.o.b. thick smooth	10.50
Hogs, off cars, selects	11.90
Hogs, selects, f.o.b.	11.00

MONTREAL GRAIN AND PRODUCE

MONTREAL, Sept. 23 (Canadian Press).The foreign demand for grain continued quiet on the Montreal market yesterday, and the only business transacted was the sale of a few loads of both Canadian and American wheat for nearby shipment.

The only business of importance done in the local cash grain market was the sale of Tough No. 2 Canadian Western oats at 70c per bushel, c.i.f. Montreal. The car lot trade was steady and prices were unchanged.

Owing to the steady downward tendency of cash grain, prices for contract grades of wheat in the Winnipeg market of late, a weaker tone developed in the local market for Spring wheat grades of flour.

There was some demand from Avonmouth for Canadian baled hay yesterday, and some business was done. The local demand was fair and prices ruled firm.

A feature of the egg trade is the steady increasing demand for storage extra eggs, which is attributed to the continued scarcity of fresh extras and the vast difference of prices between these grades. A fair volume of business was done. The demand for the undergrades of both fresh and storage is still limited. The receipts were 667 cases.

The demand for butter showed a slight improvement and the undertone was steadier. The receipts were 1,021 packages.

Owing to the continued indifferent attitude of foreign buyers for cheese in this market so far this week and the increased supplies coming forward, an easier feeling developed in the trade today and prices on spot were reduced ½c to ¼c per pound.

The receipts were 6,726 boxes.

CHICAGO GRAIN

CHICAGO, Sept. 23 (Canadian Press).—Renewed chance of serious frost damage rallied the corn market from sharp early setbacks in price yesterday. Indications were for frost again last night in Illinois, Indiana, Iowa, Nebraska, and Northwestern States. Corn closed nervous at the same as Wednesday's finish to ⅝c higher; wheat ¼ to ⅝c off; oats at ¼ decline to ⅛c advance and provisions 5 cents to 35c down.

Wheat prices showed a downward trend almost constantly throughout the day. Big receipts at Duluth and Minneapolis were announced. Liverpool wheat quotations were lower than due; export business was relatively slow, and rains were noted in New South Wales, Australia. Besides Canadian weather was favorable and advices at hand told of wheat yields in Alberta and Saskatchewan as high as 60 bushels an acre.

Provisions were easier.

CHICAGO CATTLE

CHICAGO, Sept. 23 (Canadian Press).—Hogs 24,000; top 11.60; bulk good and choice 170 to 225 pounds 10.85 to 11.50; 240 to 300 pounds 10.60 to 11.10; big weight butchers downward to 10.00; packing sows 9.45 to 9.75; bulk better grade slaughter pigs 8.75 to 9.75; strong weights 10.00 to 10.25.

Cattle 11,000; top 16.00; yearlings 15.75; comparatively few fed steers above 15.25; western grass run mostly 9.25 to 9.75; best steers 10.40; better grade stockers and feeders 9.00 to 9.50; stockers 7.50 to 8.50; vealers 16.50 to 17.50.

VOICE OF PEOPLE

THE LAST WORD?

Dear Sir:

I wish to inform Mr. James Pammett of 242 Euclid Ave., his friends of the Canadian Woollens and elsewhere that the statement in the issue of Friday last concerning the Foster vs. Pammett case was inserted by Lawyer J. A. O'Brien, which was just as the judge read out in court.

Yours truly,
GEORGE FOSTER.

A PLEA FOR THE CHILDREN'S AID

To the Editor of The Examiner:

Sir: The Children's Aid Report for this year discloses an amount of work for the saving of children that really ought to show the unrivalled value of this movement in the well-being of the community. If this society, which spends very little money on its staff and nothing on frills, had one-half the public money which it takes to keep up some other organization its functioning might be greatly improved. At present, it is on the ragged edge. Indeed last year it had to eat into its capital to keep going, a proceeding which if strictly criticised is not just the thing. But the blame for it rests with the public, not with the Society. If capital had not been drawn upon, the Society would have had to close its doors. The sad and solemn truth is that when a body collects from the public and depends largely upon the general public in incessant begging for its funds, it has no right to maintain its staff out of these collections. To do so is to eat the bread of the poor children whom the Children's Aid Society is trying to help. Are we in favor of paying our money to keep up other expensive organizations which must first deduct their own living from the money collected, and what is required for demonstrations in the Massey Hall and elsewhere of no inconsiderable expense while children starve?

That is the question which we must answer on the Children's Tag Day. If that is our idea of philanthropy and helping the community the time has surely come to revive it. If I might suggest, I would think that the Rotarians and Kiwanians might be asked by The Children's Aid to help and I am sure they would do it.

They do not eat the bread of the poor for their own upkeep, but distribute it ungrudgingly, and they have an organization and driving power which would rescue The Children's Aid from its threatened collapse.

JUST A JINGLE

Three robbers, in the wee small hours,
In someone's house were heard.
It happened that the clock struck two,
So father shot the third.

A Thought For To-day

For the fashion of this world passeth away.—1 Cor. vii.31.

The fashion wears out more apparel than the man.—Shakespeare

HAD NEVER ASKED JOB FROM LARKIN

Rev. Dr. A. H. Moore Makes Emphatic Denial of Report Circulated in Press.

MAKES STATEMENT.

Organization of the Governing Bodies of Church Discussed at Synod.

KINGSTON, Ont., Sept. 22.—(Canadian Press.)—Emphatic denial that he had ever asked Hon. P. C. Larkin, Canadian High Commissioner in London for a job was made at the General Synod yesterday afternoon by Rev. Dr A. H. Moore, of Halifax. Dr. Moore read the following statement:

"I am sorry to have to take direct issue with a statement given by the Canadian High Commissioner to the press concerning my remarks Tuesday evening. I now deny most strongly that I never mentioned immigration to him, nor did I seek a job. My offer was made to the Minister of Immigration and there was no reference to pay or expenses, nor had I any thought concerning them. The High Commissioner interpreted my conversation with Mr. Forke with the remark which I quoted. These are the facts and I stand by them. The only whole cloth about the incident is the supply on which the High Commissioner has drawn for the whole of his statement to the press."

In the Synod Tuesday Dr. Moore quoted Mr. Larkin as having said that he did not want anyone going about England trying to get immigrants and that the trouble was not to get people to come to Canada, but to keep them out.

Discuss Organization.

The Synod occupied yesterday with a great deal of technical discussion concerning the organization of the governing bodies of the church. The general scheme passed a few days ago provides for a more compact and workable executive arrangement. The four bodies which now govern the church between the triennial sessions of Synod are the Board of Management, the General Board of Religious Education, the Council for Social Service and the Executive Council, consisting in all of 382 members. The newly enacted plan will abolish these bodies and replace them by a reformed executive council composed of only 114 members. The discussion yesterday largely centered on means of allowing representatives of the Women's Auxiliary a voice in mission work. It was decided to leave this matter to the Council itself when it should be organized. A committee composed of Judge Dennistoun, Chancellor Gisborne of Ottawa, and Chancelolr Harris of Halifax, was appointed to prepare the ground for bringing the new scheme into effect after the next session of Synod in 1930.

Reports on the beneficiary fund and pension fund were presented by Bishop Farthing of Montreal. All the dioceses with the exception of Quebec, Caribou and Caledonia had fallen in line with the reciprocity arrangement said Bishop Farthing. That is they were prepared to allow a clergyman coming from another diocese to receive a pension in their own.

All Canada Pension.

An all Canada pension scheme involving a capital sum of a million dollars has been mooted for some time. Bishop Farthing announced that Monell Sayre, of New York, who had charge of the pension system of the American Episcopal Church would visit the Diocesan Synods during the next three years and explain the scheme to them. Mr. Syre addressed the Synod yesterday and outlined the scheme in use in the United States. After the next Synod it is proposed to launch a campaign for the million dollar capital fund necessary.

Dean H. A. Solly of New Summerland, B.C., thought there was no necessity to take three years to educate the church. He wanted the campaign launched at once. A resolution was passed instructing the Beneficiary committee to inform the church fully of the plan during the next three years and to prepare legislation to bring it into effect for the next Synod.

HOW THE FIGHT CAME OVER THE RADIO

Listening in on the radio last night was better than being in many of the seats at Soldiers' Field, Chicago—a whole lot Out there ,there were fog and cold, and some of the fellows back in the five dollar seats couldn't see a lot. Here, on the other hand, it was cosy, sitting back in a comfortable chair listening to the story the ear phones and loud speaker brought—and there was lots of thrill to it, too. We were right out of the chair several times, especially when Tunney went down for nine in the seventh round.

When we first tuned in, Joe somebody and Rocky somebody else were wise cracking into the microphone, and now and then telling about the crowds. We found later (having started out ignorant of the great ones of the sporting world) that Rocky Burke was the big ace of the broadcasting outfit we had tuned in on.

And right here let us pay a tribute to the receiving capabilities of the set we had. Long ago we had a three-tube set of popular make, and it invariably happened that in the most interesting period of the concert or whatever it was, the thing faded out or some other station crept in to annoy us. Last night—well, we didn't have to touch the dial at all, once we registered. It was a Day-Fan kindly loaned The Examiner by the J. M. Greene Music Company. An y time Mr. Greene wants to put another in this office, all he has to do is call 1600 and say he is coming up.

Maybe other sets got the fight just as well, but as we say, we had a Day-Fan.

And here is what we received:

"It's a rather cool night here at Soldiers' Field, in fact, Rocky's thermometer says it is 58 in the shade. We're all wearing sweaters, and in the first row the plutocrats have heafers with them. Out north there's a thick fog blowing in from the lake, and the five dollar boys who haven't their radios along with them will be out of luck as far as getting news of the fight is concerned. Of course, it's something to say you have been here, even if you have to depend on the newspaper to get the story of it."

It was certainly wonderful for us, here in Peterborough, to listen in on all the hurly-burly that preceded the fight; to hear the other reporters butting in with wise-cracks; to hear the telegraph instruments burst into frenzied clicking at important moments; to hear the sharp "ding" of the bell, the shuffling of the feet on the canvas, the click of the typewriters ,and the soul-stirring roars of the crowd, with through it all running the clear-cut enunciation of the announcer. He became excited sometimes, and carried the mike with him to the very ropes (he was only a foot and a half from the edge of the "ring" anyhow.)

Joe Whoever-He-Was told us about the four hundred and fifty reporters that crowded the press section, representing newspapers in all parts of the world. "It is now 8.30," he said, "and there are about 70,000 people here. Every bridge is packed from Michigan avenue to Grant park, and every ten feet there is a copper asking you to display your ticket. I tell you I was mighty glad I had the old precious pastboard with me. There was a lot of talk about counterfeit tickets, and as I stepped up to gate 21 five men tested my ticket—one with his right hand, the next with his left hand, and I thought he was going to taste it. The tickets, you know, were printed on paper that is soft at the back, and the genuine effect can be told easily by the feel.

"At the ringside here we are all jammed in like sardines. You can probably hear the telegraph instruments clicking. In the first row there are the 108 "Who's Whosers" as Tex Rickard calls them—the elite.

"I'm just worrying about the boys back there in the five dollar seats; I'm afraid they won't see much. (At this point Rocky butted in to remark that when the lights are turned on he thinks even the five dollar boys will be able to see something—if they have good classes). Well, I suggest that when the big fight starts we all take a few minutes and say a silent prayer for the fellows in the five dollar seats, just to make sure.

"It is a most inspiring sight, and I only hope that when the next championship bout is pulled off we will have television, so that you can all see the same sight that we see here. Here comes one of the judges, Hon. Judge Fletcher. We're going to try to get him to talk to you—Come on Judge! Here he comes—he's no little fellow and it takes time for him to climb through this crowd.

(Judge Fletcher: "How d'ye do, everybody This is a wonderful crowd we have here to-night; a wonderful aggregation of people that shows the people still love good clean sports. How's that for a speech, Mr. Burke?")

"Fine, Judge. Thanks. I hope we can get Dempsey and Tunney to speak to you folk later on. Here's Ed. Curley, managing editor of the Chicago American.

(Mr. Curley: "I think the people who are fortunate enough to be here will see the greatest sporting spectacle in the world, and you who are listening in will be only second best when Rocky tells you the blow-by-blow progress of the battle.")

(Joe back again). "There are two young men in the ring now, testing the ropes, and we can expect something very shortly. (Shouts were heard—"Keep back"). There are now 100,000 people here and the first fighters in the preliminary have just entered the ring. They have switched on huge lights that flood the arena— there's more light on this ring to-night than there has been on any other ring in history. There's a young fellow standing up here now, with a card announcing the bout. He is wearing a jazzy white slicker trimmed with black patent leather, it looks like He looks like a cheer leader at a university."

Joe told us all about the preliminary bout— and when the decision was given to Peterson he remarked that if the boys in the $5 seats had brought along their radios they probably knew the result —but otherwise it was doubtful if they knew what it was all about. "There's a lot of beefing going on about this bout," he said "but I don't know what it is all about."

When Wiggins and Bryne came up in the second preliminary there were 150,000 people in the arena, Joe said. When the decision was given to Chuck Wiggins ("fair enough," Joe remarked), a bunch started singing "Me and My Shadow," and we thought it was another station creeping in and tried to tune it out, until Joe put us wise. The Day-Fan wasn't playing tricks on us — only bringing in everything that was doing in all of Soldiers' Field. Then Manley and Okun battled to a tame decision for the former and Vidaoeck took the decision from McCann. Every blow was told by the mysterious "Joe."

Just about ten o'clock, Peterborough time, the real story started. "Dempsey has just entered the ring," said Joe, bringing us all to attention. We looked at our dials and tubes—and didn't have to touch them again until the bout was over. "He is wearing a white flannel bath-robe, with 'J.D.' in black letters on it. He is in the south-west corner. He just shook hands with a friend in a dark green coat. Jim Jeffries has just appeared, and is shaking hands with the officials. Jack Sharkey whom Dempsey defeated, is here. The announcer is asking for silence."

He was! What a voice he had! It cut through the welling of that mob of 150,000, and came right into the office distinctly.

"Tunney has just appeared. He is wearing a dark blue robe trimmed with red. He has a great ovation. The crowd is yelling 'Gene!' (We heard them.) The announcer is still pleading in his best manner for silence. He is even calling this mob 'Ladies and Gentlemen.' They are looking over the gloves now; I don't think they'll find any horseshoes in them! They're putting on the gloves now ;they are nearly ready. There's a lecture being given the seconds and the principals in the centre of the ring. They are in their corners. Jack is prancing up and down, with his hands on the ropes; Gene is looking around. Jack's seconds are rubbing his legs through his bath-robe. He looks over at Gene now and then."

(The announcer's voice is heard announcing the "championship of the world—Jack Dempsey (prolonged cheering)—Gene Tunney — he pronounced it "Tooney," by the way—more cheers.) The bell.

Round One—Dempsey missed with his left, and fell into a clinch; he hooked Gene's ribs with his left; clipped Gene several times on the back of the head and snapped a sharp ones to his ribs; Gene snapped a left to Dempsey's face and hard right to his chin; Jack clinched, catching another right to the head; Jack dropped a left on Tunney's body, then backed away, taking a whole volley of lefts and rights to the head; he was close to the ropes; Tunney missed an overhand right; the bell.

Round Two—Dempsey opened with a left to the chest and followed with two right jabs to the chest and another right to the body; Tunney shot a one-two to the chin and an overhand right to the chin after driving Dempsey to a corner; Tunney missed with a right and Dempsey countered with a hard left to the body and followed up with three lefts to the chin before Tunney covered up; they sparred; Tunney missed again with his left; Dempsey fell into a clinch; Tunney missed again with his left — and again; Dempsey clipped a short left to the body; Tunney missed; Tunney clipped two short lefts to Jack's face and one to the side of his head; Dempsey missed; the bell.

Round Three: Dempsey is breathing harder than Tunney ;they are boxing; Dempsey landed on Tunney, a high body blow; Tunney took one on his mid section and landed a nice left jab; Dempsey punished the back of Tunney's neck with his right; Tunney landed a left right to Jack's chest ;Gene drove Jack to the ropes; Jack held; Tunney led, in the centre of the ring, and fell into a hard right to the body; Gene held; Jack clouted and drove Gene back with a right smash to the mid section; Dempsey started his weaving tactics; he cuffed Gene's head with his right and drove in his left twice to the champion's ribs. The bell. Tunney's punishment of Jack's face didn't do Dempsey any good, but it was Dempsey's round.

Round Four: Dempsey is prancing; Tunney connected with his chin; Dempsey rapped two sharp blows to Tunney's body ;Tunney spoke to the referee, apparently claiming they were foul; he is fighting hard; Gene missed with his right and ran into a left to the body; Jack led short left jabs to the body; Tunney countered with hard one to the head; Tunney stung Dempsey with two rights to the chin and nailed Dempsey with two more left hooks to the head; he sent Dempsey reeling to a corner with his right; DEMPSEY IS DOWN; he is lying on the ropes; Tunney misses with both gloves; Dempsey is coming back as only Dempsey can; the bell. Tunney is not in any distress, and the round is Tunney's by a terrific margin.

Round 5: Dempsey's seconds worked on him in the precious minute; Tunney led with his right and missed; Jack pounded Gene's body and Tunney missed again; Tunney attacked, driving Dempsey to the ropes; they boxed; Oh, that was hard one. Dempsey snapped Gene's head back with a stiff right; Tunney shook Dempsey with a high one to the head; Dempsey jabbed; they clinched and Dempsey rapped Tunney's head; Tunney sunk two lefts into Dempsey's body as the bell rang.

Round 6: They started boxing; there was an exchange of body punches; Dempsey sang his right under Tunney's heart (we could hear the crowd howl); Tunney rapped Dempsey smartly on the chin; Dempsey whirled Tunney around with a hard right to the head; Tunney landed under Dempsey's heart; they clinched; the bell.

Round Seven—Neither contestant is cut or bruised; Dempsey's handlers talked to him during the minute; he slapped his right to Tunney's face; he followed with a volley of rights and lefts to the head; TUNNEY IS DOWN; the referee is counting; 6—7—8—9—TUNNEY IS UP; he dragged himself up by the ropes; he is dazed; Dempsey is laughing; Tunney is backing away; Dempsey is not protecting himself; he is attacking strong; he smashed a left and right to Tunney's head; Tunney hangs on to Dempsey with both hands; the bell. That hard left and right put Tunney down, but he held the rope and took the count to recover. This is the first time he has been off his feet in his ring experience.

Round Eight—Both men are tired; Dempsey is crouching; Gene led with his left; they clinched; Dempsey is taunting Tunney, inviting him to stand and fight; Tunney backs away; Dempsey missed with a right and took an uppercut to the jaw; Jack cuffed Tunney's head; he drove Tunney back with a stiff body blow; Dempsey dodged a right and slipped; he drove a sharp left to Tunney's heart, and Tunney pumped both hands to Dempsey's head; he repeated a left-right to the head and Dempsey bounced on the ropes; they boxed; the bell.

Round 9: The crowd booed Tunneys retreat; Dempsey's left swing was guarded by Tunney; Jack smashed Tunney several on the neck; Tunney landed three left jabs but Dempsey closed; Gene's right opened a cut on Jack's eye; Gene followed up with both gloves high to the head and two rights to the jaw; Dempsey wobbled; Gene rocked Dempsey with smashes to the head; the bell. Dempsey is wobbly as he walks to his corner

Round ten: They shook hands; Dempsey landed his left and right to the chin, flooring Tunney; Tunney was up before the count started; Jack smashed Tunney with his right to the head and let go with both hands; they clinched; Tunney landed left-right on Jack's face, unguarded; Tunney followed up with both hands to the head; he has Dempsey on the ropes; Tunney is hitting wild; Dempsey shot a right to Tunneys body; another; Dempsey takes a left; Dempsey is wobbling; he takes another left; he is practically out; the bell. Dempsey is still sparing, ten seconds after the gong He is practically out on his feet."

And thus ended the Day-Fans story of the big fight.

VOICE OF PEOPLE

THE CHILDREN'S AID SOCIETY

Editor, Peterborough Examiner,

Dear Sir: This is intended to remind your readers of the annual Tag Day tomorrow (Saturday) for the funds necessary to carry on the work of the Childrens' Aid Society for another year.

Peterborough has been fortunate in having the constant support of men and women on behalf of the needy children, who are always to be found in this as in any community. Each meeting of the society is attended by representative men and women, who keep in close touch with the needs of the Society and who see to it also that every cent contributed to the work is spent to the best advantage. Not a dollar is wasted. Anyone who would like to attest this is invited to make a visit now to the Shelter and afterwards to the annual meeting of the Society where a full report is given.

Last year more work than usual was done and the Superintendent, Mr. John Edgar, was kept more than ordinarily busy both day and night. Between three and four hundred children, neglected in some way, demanded his attention. It is hoped, therefore that, as usual, the public will deal generously with those who have tag boxes tomorrow, and it is also hoped that those who can afford it will forward cheques direct to the Superintendent at his office at the City Hall.

Yours very truly,
JOSEPH WEARING.

MILLBROOK NEWS

MILLBROOK, Sept. 22.—Miss Elizabeth Dixon went to Toronto on Monday morning for a week's stay and will attend the Wycliffe College Jubilee while in the city. Upon her return she will again be the guest of Mrs. C. M. Westmacott.

Miss Setten, of Columbus, Ohio, is the guest of her cousin, Mrs. Charles McNeil.

Rev. Dr. W. Lee, who will preach in the United Church on Sunday morning, is now stationed at Mount Forest; his daughter, Miss Betty Lee, is a member of the High school staff of that town.

Mrs. E. Whyte, and her grandson, Geoffrey, who has been spending the summer here, accompanied her son, Dr. B. C. Whyte, upon his return after a recent visit to his home at Battle Creek, Michigan. Mrs. (Dr.) Whyte is making an extended visit with her sister, Mrs. (Rev.) Alex. Allen, at Oaklands, California.

Rev. J. W. S. Lowery, who has accepted the invitation to become pastor of the Cambridge church, Massachusetts, is a cousin of Mrs. J. D. Armstrong, 4th Line, Cavan, and has also a number of other relatives in Millbrook and vicinity. At present Mr. Lowery is pastor of the Reformed Presbyterian church, Bloor street East, Toronto, and has more than once preached in Grace Presbyterian church here. Prominently identified with the Orange Order, Mr. Lowery, during one of his visits in this locality, preached to the District Orangemen when attending church in a body, according to their annual custom, on the Sunday preceding July Twelfth. The church to which Rev. Mr. Lowery is going is connected with the Church of Scotland.

Here's The Last Saturday Of Our Popular Fashionable

SEPTEMBER COAT SALE

Saturday begins the last week of the sale. All coats are marked for Septembere at prices which mean a decided saving. Next month this chance will have gone. Many have taken advantage of the event. The cold weather is coming. If you need a coat don't delay. Come atonce. Our ad. mentions only three coats; all are proportionately lowered in price.

Lovely Warm Winter Coats

STRIKING THE CORRECT STYLE NOTE

Coats of imported "Kitten's Ear" broadcloth, suede cloth and domestic pile fabrics. Every garment in the group shows the influence of Dame Fashion in the arrangement of the various tucks, cluster pleats, diagonal tuckings, side flares and insets of reverse fabric. All are trimmed with suitably coloured fur on collars and cuffs. Included in the colour range are black, blue, Brazilian brown, etc. October price, 42.50..... **$34.00**

Sturdy Dressy Garments

IN UP-TO-THE-MINUTE STYLES.

Fashioned from broadcloth, suedine and all-wool pile fabrics, in black, new blue shades, several tints of mid and dark brown and other popular colourings. Each coat is trimmed with warm, long fur, dyed in suitable shades for the cloth with which it is used. Some are trimmed with narrow, diagonal, horizontal or cluster side pleats. All are warmly interlined and lined with Marquis de Luxe in mid sand or grey shades. October price $35.00 ..... **$28.00**

COSY FUR TRIMMED COATS

OF SUEDINE, BROADCLOTH AND PILE FABRICS

These are specially well tailored Coats, cut from carefully selected all-wool fabrics. Here are coats of bright surfaced English broadcloth, garments of soft, velvety suedine or velutine. All are trimmed with cuffs and mushroom or shawl collar of dyed American opossum. All lined with silk crepe—many lined to the waist with fancy brocade plush. They are turned out by a manufacturer who prides himself on never making anything but the very newest and the best fitting coats possible. October price $50.00 ..... **$40.00**

Children's Warm Coats

Cosy, thick Blanket Velour or Polo Cloth is used in the making of these smart little Coats. All trimmed with fur collars. Sizes 3 to 6 years. Colours: Red, Blue, Brown, Sand, Wine, Green, etc. .....

$5.90 $7.50

Silk Crepe Scarves

Dainty Scarves for Fall wear, of fine quality Silk Crepe de Chine, in lovely shadow colours of Rose, Peach, Orchid, Blue, Pink, and other pretty tints **$2.25**

STUNNING NEW MILLINERY

Hats showing the fashionable small felt, velvet and felt, or hatter's plush combination in various designs. They show the upturned front, draped beret, cut edges, stitchings, unusual ornaments. Colours include all the wine and carrot shades, browns, green, beige, rosewood, etc..... **$6.95**

New Fall Purses

Solid Leather Purses, in attractive shapes for Fall. All well finished, with swing coin purse. Colours: Black, Grey, Tan, Blonde, in the new two-tone effect **$2.95**

Wool Taffetta, Repp, Satin and Crepe Dresses

A variety of smart Dresses in pretty colours, showing many of the newest style touches introduced by leading fashion designers for Fall wear. All attractive dresses even though offered at such a low price.....

Garments of fine wool repp, silk santoy and imported wool melange. Some two-piece styles, others in straight one-piece models, some with slightly flared skirt. Colours: wine, brown, blue, green, grey, flame, etc. Sizes 16 to 42 **$12.50**

Satins and crepes used in the making of these Dresses, are of fine firm quality which will stand a lot of wear. Each garment is smartly made, lightly trimmed and well finished. Colours: wine, brown, navy, black, sand, green, etc. Sizes 16 to 42.

Suede Fabric Gloves

Serviceable Gloves of good appearance, ornamented with fancy turn-back cuffs, with trimming of various colours on Sand, Mode, Grey, Fawn, etc. Sizes 6 to 8. Per Pair **49c**

More New Autumn Gloves

Some lined gloves with plain two-button wrist, some with fancy turn-back cuffs, other with black stitched out sewn seams. All made from strong chamois or doeskin fabrics. Sizes 6 to 8. In mode, sand, coating, etc..... **98c**

Smart Slip-on Gloves

Made from strong Chamois fabric, with long slip-on cuff with out sewn seams and picot sewn back stitched in Black on Chamois and Sand Per Pair **$1.19**

THANKSGIVING FOR HARVEST AT ALL SAINTS'

Rector Gives Address at Annual Harvest Festival.

FITTING SERMON.

Truths Taught By Harvest Applied To Lives Of People.

"Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap." This verse, the seventh of the sixth chapter of the Epistle to the Galatians, was the text chosen by the Rev. J. Douglas Paterson Rector of All Saints Church for his sermon at the Harvest Festival service last night.

The first part of this sentence, he said, give an idea of the Apostle's serious view of the importance of what he is to say next, knowing it to be true although some people would contradict him and others live as though they did not believe him.

The people to whom he was writing were well acquainted with the farmer's life and the rules of nature, so Paul used a simile in addressing them which he knew would be familiar, carrying their minds to the fields outside their city.

Reading the second part of the text over, the speaker stressed the word "That," indicating that the harvest would be the same as the seed. It is a strange thing that people who learn this law refuse to apply it to their own lives. They seem to think that the laws which have always worked will no longer be effective. Christ said that a good tree cannot bring forth evil fruit, nor a corrupt tree good fruit. Out of badness can come only badness and out of good things come good things. People cannot expect to reap a crop of happiness and joy in their old age if their younger days are wasted in dissipation and idleness.

Reading the text again, Mr. Paterson stressed the word "shall," as indicating that the harvest is inevitable. God promised ages ago that while the earth remaineth, seed time and harvest shall not fail. There is no way of dodging the harvest; it is sure to some. The harvest may be delayed but God has never failed and is going to come.

There are two sides to this harvest. It is not always punishment. Many have toiled for years doing good seemingly unrewarded, but they are told by St. Paul in the same Epistle: "Let us not be weary in well-doing, for in due season we shall reap, doing, for in due season we shall reap, if we faint not. "The harvest is coming sometime, and there is a reward for everything.

A third law of the harvest is the rule of increase, continued the speaker. The farmer who plants grain or potatoes expects to get back several times as much as he planted. So, too, is the harvest resulting from good living or evil living greater. It has been said: "If we sow an action we reap a habit: if we sow a habit we reap a character; if we sow a character we reap a destiny."

Every man or woman at the age of sixty or seventy will be self-made. He or she is the result of the sowing in early life. By beginning now, prepared to sow good habits and character, people can, by the power of God, make good lives.

A warning to the older people that the harvest of their actions will come in the lives of their children was sounded by the speaker. Children copy their parents and what the parents choose is the greatest influence on the little ones. The future of this country is going to be decided by the sowing of the fathers and mothers of to-day, to be reaped in the men and women of tomorrow.

The church is changing continued Mr. Paterson. It used to exist solely for the worship of God, but now there are many clubs and organizations. These are good if there is wise leadership, but there is a danger of too much emphasis being laid on the work and not enough on the worship. If God is given first place, however, all the social life and work of the church will receive new life and power and those taking part in it will reap a greater harvest than ever.

In concluding, the speaker reminded his hearers that the harvest is at the same time a miracle and as a parable it tells of the sowing of the seed of God's word and reminds Christians that they are workers here, sowing the great harvest of the world.

The service was conducted by the Rev. T. J. O'Conor-Fenton, Rector of Norwood, whose son also assisted, reading the lessons.

The anthem at last night's service was "O Lord, How Manifold are Thy Works," by Sir Joseph Barnby, a hymn of praise most fitting for the occasion.

The harvest hymns, "Come, Ye Thankful People, Come,' 'The Year is Swiftly Waning," "O Lord of Heaven and Earth and Sea," and "Praise, O Praise Our God and King," were sung, while Caleb Semper's setting of the Magnificat was used.

The church was beautifully decorated with grain, fruit, and vegetables, while the altar and chancel were brilliant with flowers of many hues.

FISHING TRIP

(Continued from page one.)

Prior to settling definitely on Peterborough as the location for their latest venture, the officials of the company were very favorably disposed towards Leamington, Ont., which is just on the north side of Pigeon Bay, across Lake Erie from the parent plant at Sandusky, Ohio. The chief argument on behalf of Leamington was the fact that the directors envisaged the possibility of epert mechanics being able to fly from the American to the Canadian plants in times of emergency when repairs were necessary to the intricate machinery in use in the industry. The information that Peterborough had a recognized airplane landing field and an efficient air service, in addition to its other advantages, tipped the scale in favor of this city. It is estimated that the journey to Sandusky, fifteen hours by rail, may be shortened to three hours and a half by the use of an airplane. Mr. Hord has already discussed with Captain Ayres of the Canadian Air Services, the question of making air flights between the two localities.

Mr. Hoad, on his visit to Peterborough, requested to be taken to the Golf and Country Club, confiding to Alderman Denne that he often judged the calibre of a city by the condition of that institution. He was very favorably impressed by the club as he saw it, and declared that the city must have a large number of go-ahead inhabitants to have a golf club in such splendid surroundings and a course kept in wonderful condition.

Peterborough struck him as being a progressive prosperous city with an excellent future before it.

AVIATORS PLAN TO START TRIPS

Fonck Going West and Miss Elder East From New York.

LEAVING TO-DAY.

NEW YORK, Sept. 23 (Canadian Press).—Capt. Rene Fonck, noted French ace, proposes to take off on a non-stop flight to San Francisco at five o'clock this afternoon. Fonck's plane, the Ville de Paris, had Lieut. L. Curtin and six passengers booked as Capt. Fonck's passengers.

Meanwhile, Miss Ruth Elder and Capt. George Haldeman, her co-pilot of the "American Girl" announced their readiness to start today on their projected flight to Paris, Haldeman setting the time as probably between "four and six p.m."

AROUND THE CITY

The fire department had a call yesterday at 11.13 a.m. to 287 Westcott Street. Some children playing with matches had started a fire in the bath room. Only speedy action by the fire brigade prevented a serious conflagration.

At an organization meeting of ladies of the Catholic parishes of the city, held this week at St. Alphonsus Lyceum, it was decided to hold a bazaar in aid of St. Joseph's Hospital, during the last week in November. Mrs. John Lynch was appointed as general convenor.

WALKING DAYS

These fine Autumn days call for foot comfort—easy-fitting shoes for men and women and children too, with heels that put on a new lilt in every step.

To be sure, the new shoes must be **made to your own measure**; on lasts that suit **your own feet**—custom made, as we make them.

Selected leathers, calf and kid that we know will stand long wear.

We also Repair shoes with the same care as we make them.

Do as others do—Try us.

W. & A. INGRAM,

Custom Shoe Makers.

DEALING WITH HUMAN BEINGS SAYS CHILDREN'S AID OFFICER

Every Case Different and Must Be Handled in Different Way, Says Hugh Ferguson, of Stratford.

DIFFICULTIES OF WORK NOT APPRECIATED.

Stratford, Ont., Sept. 21, 1927.

Mr. John Edgar,
131 Simcoe Street, Peterborough, Ont.

Dear Sir.—We have to hand to-day from Mr. Kelso your report of work from November 1, 1926, to August 31, 1927. We appreciate it very much. You have certainly had a busy time. We often think that the time consumed in this work is not just fully appreciated, even by our own board members, on account of the difficulty of their putting themselves in our place. Every case has to be handled as a new case and since we are dealing with human beings, no two of whom are alike, no two cases may be handled exactly the same.

We are sorry that we did not see you when you were in Stratford. We appreciate your calling at our office. We were attending to work at that time and got back about five minutes after you had left. Had we known where you were visiting, we would at once have driven up to see you. If you are in Stratford at any time again we cordially invite you to spend some time with us.

Yours sincerely,
HUGH FERGUSON.

PARALYSIS MILD AT VANCOUVER

Sixth Case in Western Metropolis Is Very Mild Form.

AFFECTS GIRL OF 13.

VANCOUVER, Sept. 23 (Canadian Press).—The sixth case of infantile paralysis in Greater Vancouver is reported in Point Grey, where a 13-year-old girl is said to have a very mild form of disease.

Are Parents People?

1. Does the present-day parents compare favorably or unfavorably with the parents of past generations?
2. To what extent can parents be blamed for juvenile delinquency? And in what respects?
3. Can a parent, by controlling environment and companionship, mould the character of the child as desired?
4. Do you believe in the principle of parent education? If so, what should it include?
5. At what age do you think parent education should start? Should it be before or after marriage?
6. Do you think the inclusion of health as a major topic in a parent education scheme might do much to increase the physical well-being of the country?

By JUDGE EMILY F. MURPHY
Police Magistrate, Edmonton, Alberta

I have nearly been forced to give up educating parents. The good ones don't need education and, with the others, I am beginning to feel that the only thing which will have any marked effect upon them is to put them under a bond or make them pay a fine.

1. It is safer to say they compare favorably. Honestly, I don't know!

2. The question is too wide a one to answer casually and is too varied in its aspects.

3. This question may be answered more easily by saying: Produce good parents if you want good children.

4. Every hour and every incident is educative to all of us—parents included. The trouble seems to be that many parents fail to make use of their education. They just won't.

5. A girl's education starts with her doll and for the most part continues up to her marriage. The same does not apply to boys. They get practically no training for parenthood. Teachers, parents and police are kept occupied merely in trying to educate them as boys.

6. It is all right to educate parents—if you can—but I am doubtful of it. Tell us they ought to be educated and see how we will object. The same thing happens when you tell a foreigner he should be "Canadianized" or a western broncho that he must be "tamed." The thing has to be done by stealth if you are to succeed. But it should be attempted by all means.

(Published by arrangement with Canadian Social Hygiene Council).

TUNNEY DOWN FOR 13 COUNT

Four Seconds Taken By Dempsey In Getting To Corner.

THREE MEN DIE.

CHICAGO, Sept. 23. — (Canadian Press). — Moving pictures of the Dempsey-Tunney fight showed that Tunney was down in the seventh for fourteen seconds, officals of the Chicago film laboratory company which developed the pictures made by the Goodart Campany of New York announced to-day.

For part of that period, however, the pictures showed Dempsey standing over the champion or in his own corner before he was waved to the far corner by the referee. The pictures showed Tunney went down after a right to the jaw. Slow motion pictures of the contest, officials said, revealed no low blows by either contestant.

Experts at the ringside agreed the champion got the benefit of a "long count" in the seventh round but the majority also accepted the view that Gene would have gotten to his feet whenever "nine" was reached.

Paul Beeler, knock down time keeper, told several newspaper men that thirteen seconds actually elapsed during the count but that the surplus of four was due to the interval of getting Dempsey to the "farthest corner," as prescribed by the rules.

Excitement Kills Three.

NEW YORK, Sept. 23. — —(Canadian Press). — The deaths of three persons as a result of excitement incidental to the Dempsey-Tunney fight were reported to-day. Reuben Glick, Shamokin, Penn., and Charles Brown, Watertown, N. Y., dropped dead in front of loud speakers while Joseph M. Deegan, Bridgeport, Conn., died after listening to the blow by blow account of the scrap.

Receipts $2,658,660.

CHICAGO Sept. 23. — (Canadian Press). — Receipts of the Dempsey-Tunney fight were $2,658,660, the record gate of pugilism, Tex Rickard announced to-day.

BELMONTS MEET HAMILTON IN FINAL

Toronto Teams Thrown Out For Failure To Declare Winner.

On Tuesday night, the Belmonts will meet Hamilton in the first game of the senior softball finals for Ontario at James Stevenson Park. The Belmonts got through the semi-finals when Toronto failed to declare a winner and were thrown out by the association. The Hamilton winners are a very fast bunch, playing real softball all the time

Only one person in every three in the United States is working.

JOLLY JINGLES By Graham Hunter

Soccer Notes

Die Hards versus Pick of League at King Edward Park on Saturday, Sept 24th, 1927 is as follows: Goal, S. Whatley; backs, J. Cridland and A. Bishop; half-backs, Wag Hotston, F. Dyer and G. Hurrle, forwards, A. Clarke, P. Hutton, J. Chambers, E. G. Hardie and J. Sharman. Reserves:— J. Gaskell, W. Jones, R. Bestard, E. T. Monks, S. Curtis, H. Darling, E. G. Abraham and H. Hodgson.

Lineman: Harold Burrows. Team Manager——N. E. Crowe.

Football equipment will be provided through the kindness of the league officials, but any of the above players having boots, etc., are requested to bring them along.

CAT OWNERS.

A Local Club Being Formed To-night—All Cat Lovers Welcome.

A movement to popularize the good cats is on foot, with the primary object of holding a Cat Show at the Made-in-Canada Exhibition, to be held October 10 to 15. The club will be officially recognized as a branch of the Cat Fanciers Association, Incorporated, and should give a decided impetus to the introduction of well-bred cats to Peterborough homes.

A meeting is called for to-night at the Chamber of Commerce, at 8 p.m. and it is hoped that every owner of a good cat will be present and join in the movement. As the date of the show is so near, there is not time to plan a later meeting, which accounts for such short notice to the cat owners, but the Kiwanians hope there will be a good attendance to-night.

Y.M.C.A. HARRIERS.

First Meeting For Organization Will Be Held This Evening.

The Y. M. C. A. Harriers Club will hold its first meeting for organization to-night at 7.15. All those interested in running are asked to be on hand.

LAWN BOWLING

The weather permitting the regular Friday night tournament will be played at the Bowling Green this evening. The usual prizes of fruit will be given. Owing to the lateness of the season, this may be the last tournament this year, so a good list of entries is expected.

IN POLICE COURT

Elmer Saunders and John Hiscock were charged before Magistrate O. A. Langley here yesterday with assault. They were remanded until Tuesday.

The plaintiff is J. J. Brethour, cheesemaker at Victoria cheese factory, Belmont township, near which place the alleged offence was committed.

W. F. Huycke appeared for the plaintiff and F. D. Kerr, K.C., for the defendant.

D. M. LaRouge from Montreal, pleaded guilty to obtaining money by false pretenses. This morning, he was charged with getting $50 from the Royal Bank last Saturday. Mr. LaRouge, it is understood, paid a visit to practically all the banks in the city before he was rounded up by the police. His plan was to issue a cheque on his firm in Montreal and then send the money back to the firm. On investigation it was found that the firm was in rather poor circumstances.

J. A. OBrien, who appeared for the accused, in entering the plea of guilty said that his client was 27 years old, had been born on the boundary between Italy and France and spoke both Italian and French better than he spoke English.

On investigation, Mr. O'Brien said that he found he only had to pay three cheques as the firm had met the others. "Whether he realized what he was doing or not I do not know but he is apparently innocent in business matters and in this case he has been the goat of his firm."

Crown Attorney Hatton said that as full restitution had been made and there seemed to be no intent on the part of the prisoner to do wrong, as he relied on the firm who had given him the impression that the cheques would be honored. He did not wish to push the matter further.

A remand was granted until tomorrow when the prisoner will be let go on suspended sentence.

EAST EMILY NEWS

EAST EMILY, Sept. 23. — Mrs. Samuel Pee and daughter, Miss Gertrude, spent a few days last week visiting relatives in Hamilton and Toronto and also motored to Niagara Falls.

Mr. and Mrs. Sayward Switzer and the latter's mother, Mrs. Shannon, spent Sunday the guests of Mr. and Mrs. S. Robinson, of South Monaghan.

Mr. and Mrs. George Newman attended the Wright-Lang nuptials in Millbrook last Thursday.

The members of Bethel Epworth League held a corn roast at Mr. Milton Sherin's cottage at Lancaster Bridge.

A large crowd was present. Several games were indulged in during the evening.

Lunch was served with an abundance of corn, cake and sandwich.

The young people moved a hearty vote of thanks to Mr. and Mrs. Sherin for the way in which they opened their cottage to accommodate and entertain those present.

Mr. and Mrs. H. Cowen and children motored to Grand Valley on Friday and spent the week end with relatives.

Mr. and Mrs. Lockhart Wright and children, with the former's mother, Mrs. Wright and Mrs. George Bannon motored to Midland and spent the week end with relatives.

Mrs. MacPhail and three children of Toronto are visiting at the home of Mr. and Mrs. Evans Storey.

Miss Eva Gardiner spent the week end with her parents in Norwood.

Mr. and Mrs. K. Mitchell attended the Wright-Lang nuptials in Millbrook on Thursday.

Mr. and Mrs. Clarence Laidley of Lindsay spent Sunday with the latter's father, Mr. William Lee.

Mr. and Mrs. Lorne Wilson and children of Peterborough spent Sunday with relatives in East Emily.

Mr. and Mrs. K. Mitchell spent the week end with relatives in Toronto.

Messrs. Harold Hopkins of Bowmanville and George Moncrief of Peterborough spent the week end with the latter's parents, Mr. and Mrs. Walter Moncrief.

Mr. and Mrs. Vincent Fee spent the week end with relatives in Toronto.

Rev. George McQuade visited his parents, Mr. and Mrs. William McQuade last week.

The School Fair which was held in Omemee on Friday afternoon was well attended and the exhibits were all exceptionally good, and well exhibited.

The silver cup goes to Miss Marjory Ruth, pupil of S.S. No. 13, for the most entries, numbering 19, and taking the most money in prizes.

Mr. John Fee has disposed of his farm near Omemee.

CABINET LIKELY TO BE CRITICIZED

Conservative Party in Britain To Hold Conference Oct. 6.

LABOR TO MEET.

LONDON ptember 23. —(United Press). — Political drums are beginning to beat again after a very pronounced rest. Premier Baldwin returns to London next week to discuss with the cabinet how to face the severe criticism which is expected to be revealed at the tory conference in Cardiff on October 6th next. At this conference the Premier will make an important declaration of policy principally on such matters as the "flapper vote," agriculture and reform of the House of Lords, which the party is divided.

A few days before the conference opens Labour will be in session at Blackpool, where a piquant situation is almost certain to arise

FURS!

Consider Their Beauty Then Their Value . . .

When you take the lead in your particular business or industry, maintaining high quality and reliability as to product and advice, also in making prices just as low as possible—you win the support and good-will of the buying public, and that is what counts with us.

TO be free from all worry about the Furs you are about to purchase is too important for you to choose blindly, especially when it is so easy to be right. Be sure you are right, then go ahead; don't take less even if it costs less

On the other hand, price markings that are extreme give ample room to make so-called "Large Reductions," which mean nothing but so much camouflage to deceive.

THE best guarantee of quality and value is the purchaser's satisfaction. Ask those who wear or know of Barrie's Furs—"Absolutely reliable," is the unqualified reply, "with one price to all."

You have this Fur Service at your doors, employing local labor and assuring you of garments to be as represented in every particular, as we manufacture and know just what we are offering.

Outside purchasers can have this service in Toronto at 23 Bloor West; also at Regina, at Saskatoon and at Moose Jaw, Saskatchewan.

If You Can't Visit Us, Write for a Fur Catalogue to the Nearest Store

SOCIETY

Mrs. W. R. Morris returned yesterday from a brief visit to Perth.

• • •

Mr. and Mrs. T. E. Curvin have returned to the city from Young's Point

• • •

Miss Isabel Couper, daughter of Mr. and Mrs. A. F. Couper, Engleburn Avenue, left on Monday to enter Wellesley Hospital, Toronto, as a nurse-in-training.

• • •

Professor J. W. Deremo is celebrating a birthday today.

• • •

Mrs. L. Brown of Malwaukee and Miss Olga Johnston entertained at bridge teas this week for Mrs. H. K. Thompson of Toronto, who is visiting her mother, Mrs. T H. Hooper.

• • •

Miss Eva Graham entertained about twenty-five of her friends at an enjoyable dance at her home on Wednesday evening. During the evening a musical programme of impromptu nature was much enjoyed. Vocal numbers were rendered by Miss Anna Simpson and Mr. J. Gillespie. Miss Mildred Kennedy delighted the company by dancing a solo Charleston. After indulging in dancing, cards and games the service of dainty refreshments concluded an enjoyable evening.

• • •

Miss Cecile Shevlin of Toronto is the guest of her parents, Mr. and Mrs. J. P. Shevlin, King Street.

• • •

The engagement is announced in Toronto of Hilda Elizabeth, daughter of Mr. and Mrs. G. Knight, Ashland Avenue, to Percy Roy Revoy, son of Mr. W. H Revoy of Brandon, Manitoba, and grandson of Mr. and Mrs B. Revoy, Woodbine Avenue, Peterborough; the marriage to take place on September 28th, at St. James' Cathedral, Toronto.

• • •

Miss Evelyn Bentley, who has been visitinng her mother, Mrs. A. Bentley, on Homewood avenue, left this week for New York.

• • •

The Stirling L.O.B.A. No. 655 motored to the city last night and were entertained by the officers and members of Eastern Star L.O.B.A. No. 525, at their regular meeting in Victoria Hall.

PREPARE FOR RALLY AT S.A. TEMPLE

Sunday School and Songster Officers Outline Plans For Winter.

Intonsive preparations are being made for the Young People's Rally Day at the Salvation Army Temple on Sunday, October 2nd. Young People's Sergeant-Major Braund met in council the entire staff of Young People's workers on Wednesday of this week. An interesting and profitable discussion of ways and means ensued. The instructions for workers were readily accepted by all present. The weekly preparation class will commence during the coming week. The speakers of the evening included Assistant Sergeant-Majors Boorman and Leggott, of the Central Temple, and Assistant Sergeant-Major Lashbrook of Brownton Temple. Commandant Frank Ham gave an inspirational address in connection with Young People's work.

On Thursday night, the Songster Brigade held their weekly practice, after which Songster Leader Ben Smith outlined activities for the fall and winter months. The Brigade now numbers some thirty members, and their singing is a valued part of the devotional exercises at the Temple. Tea and cake were served to the members by Mesdames Hedge and H. Wells.

At the Harvest Thanksgiving services to be held in the Temple during the coming week-end, special music and addresses will be given appropriate for the occasion. Commandant Frank Ham will speak at the morning service and Lieutenant James Clark of Georgetown, Ontario, will give the address at the evening altar service.

FLOWER STEMS

Clear crystal vases give double beauty from a bouquet if you arrange the stems under the water as carefully as you do the blooms above.

1569

Jabots Are Modish This Season

Smartly simple is this chic one-piece frock closing at the left side-front. View A has the shaped collar, cuffs on the long dart-fitted sleeves, and graceful jabots, of contrasting material. In View B the frock is fashioned of one material and the short sleeves are finished with shaped cuffs, while a trim belt fastens at the side with a buckle. No. 1569 is for Misses and Small Women, and is in sizes 16, 18 and 20 years. Size 18 (36 bust) requires 3⅝ yards 39-inch material, or 2¾ yards 54-inch. View A requires ⅛ yard 39-inch additional contrasting material (cut crosswise) for the collar, cuffs and jabots. Price 20 cents the pattern.

WOMAN DIRECTOR IN LIBRARY SCHOOL

Assists in First Course In Management of Libraries.

MONTREAL, Que., Sept. 23 (by the Canadian Press).—a woman library expert was recently appointed assistant director of the Library School at McGill University, the first full session course in library science to be instituted in Canada. She is Mrs. Mary Duncan Carter, who is quoted as saying:—

"The librarian is the housewife of knowledge. It is the librarian's task to tidy knowledge, to bring it into order and keep it orderly; to make it habitable and of service to humanity.

"The task of the modern librarian is not merely to index books. To revert to the simile of the housewife: just as it is not enough for her to know how to cook, since she must also know what her household likes and needs, so the mental housewife—the librarian—must know the mental requirements and tastes of her household."

CHICKEN GRILL

Chicken legs and wings can be utilized appetizingly by grilling with small sausages and bacon and serving with fried pineapple slices.

SAINT and SINNER

By ANNE AUSTIN

(Continued from yesterday.)

Faith, with Bob's astounding criticism ringing in her ears—"I never in my life saw a woman who could cry as much as you can"—made a brave pretense of eating her dinner and holding up her end of a decent amount of family conversation. Bob, though he was silent, was not entirely so, answering Cherry's or Joy's questions with careful courtesy. It was evident that he was determined not to give out an impression that he and his wife had quarreled. Faith stole occasional glances at his stern face out of her proud, sad eyes, but she too was careful, so careful— Suddenly, her heart constricted so with pain that she was afraid she would have to cry out, she wished that they were alone, utterly alone, so that they could quarrel violently if he felt like it. It was unnatural to bottle up wrath and disgust and a sort of degrading hate as he was doing, and it was unnatural for her to have to conceal such terrible heartache, merely to keep her family from suspecting that all was not right with the Robert Hathaways. She could imagine how Fay and Junior would have behaved under the circumstances.

"I'm off, dear, Good-bye." He bent over her fleetingly, his lips scarcely touching her cheek. He had not even omitted the "dear," but, spoken in that tone, she would rather he had. And he volunteered no information as to where he was going or when he would be back.

Cherry was curious, her golden eyes darting questions, her geranium-tinted lips quivering with an ironic little smile. It came to Faith, through the dull ache of her despair, that Cherry was glad that she and Bob were temporarily estranged. But that attitude was better than sympathy, a bid for confidences.

"Of course George is really coming to see you, precious, but he had to take a date with me for the sake of propriety," Cherry grinned, as she followed Faith into her bedroom. "What are you going to wear? Or are you going to change?"

"My nasturtium dress, I think," Faith said evenly, between cold lips.

"Don't tell me my saintly sister has turned vamp!" Cherry laughed. "Mr. Robert Hathaway might have done well to stay at home. Shall I clear out, old dear?"

"Don't be more of an idiot than you can help," Faith said with such a vicious little snap of her teeth that Cherry stared at her in frank amazement.

When Cherry had danced out of the room to attend to her own evening toilette, Faith stood for a long minute before the full-length mirror in the door of her big clothes closet. Then, quite deliberately, she began to make up her face. After cleansing it carefully with cold cream, she massaged her pale cheeks for several minutes with a skin food deliciously scented with attar of roses. Over her glowing cheeks she dusted a rather liberal coating of rachel-tinted powder, smoothed it with extreme care, then applied dry rouge, of a dark rose tint, upon her beautifully modeled cheek bones. Her little finger, dipped in lip salve, accentuated the natural cupid's bow of her rather large mouth. Her hands were steady as she arranged, in the most becoming manner, her lustrous, thick, long brown hair, and her eyes, watching the performance, were shining with a hard glitter that was as new to them as was the definat determination in her aching heart. Bob hated her tears. She would not cry tonight. She would laugh and sparkle and consciously exercise the fascination which George Fruitt had told her she had for him. For it had become terribly urgent for Faith Hathaway to know herself desired and desirable, now that her pride had been shattered by her husband's contemptuous anger.

C.N.R EXHIBIT BEST AT QUEBEC

Wins Grand Prix at Provincial Fair Last Week.

INSTRUCTIVE DISPLAY

MONTREAL, Sept. 23.—The Canadian National Railways were awarded, at the Quebec Provincial Exhibition, which terminated in the city of Quebec on Saturday, September 10th, the "Grand Priz" for their exhibit which was installed this year in the Industrial Palace at that Fair. The exhibit was a most interesting and instructive one and the award is the highest that was given out by the Exhibition this year.

PRINCE TO WELCOME CANADIAN FARMERS

Will Be His Guests on Arrival At London on Tour.

MONTREAL, Sept. 23.—Canadian farmers, livestock breeders and representatives of co-operative organizations who join the Canadian National Railways Marketing Tour to Europe this winter, will have an opportunity of sampling the hospitality of the Prince of Wales, if His Royal Highness is able to carry out his present intentions when the farmers' party reaches London in January next.

During his stay in Montreal recently, the Prince was informed of the plans for the farmers' tour and indicated his desire to receive the party at his home in London. In a letter written by his secretary to Dr. W. J. Black, Director of Agriculture for the Canadian National Railways, the Prince expressed pleasure at the plans of the farmers to visit England, and stated that if circumstances permitted he would make every effort to receive them when they are in London.

The Royal Canadian farmer, who himself is now a full-fledged member of the Alberta Wheat Pool, will be particularly interested in receiving the party, inasmuch as it will include fellow-farmers from his own province of Alberta as well as from other provinces.

CHILDREN DESERTED.

Four Little Ones Left Alone in House When Parents Quarrel.

HAMILTON, Ont., Sept. 23 (by the Canadian Press).—Answering to the call from neighbors, who neard the piteous cries, an inspector of the Children's Aid Society, went to a house on the Beach road one afternoon recently and found four little children, ranging in ages from one to five years. They had been deserted by both of their parents following domestic trouble, and alone in the house, had not eaten for hours. When their cries became really noticeable the neighbors called the headquarters of the society and complained.

FROSTED GLASS

Inexpensive frosted beverage glasses are more than worth their price for the cooling appearance they present.

LEFT-OVER CORN

Cut left-over corn from the cob and use just as canned corn for chowder, escalloped corn and other good supper dishes.

DRESS

By MARY MARSHALL

Some gray-haired women, I am sure, used to take to wearing gray not because of any feeling that gray was becoming to their gray hair, but as a sort of half mourning for their soon to be departed youth.

The gray-haired woman of forty-eight or fifty—thereabouts—was looked upon as a bit foolish or maybe illbred if she clung to the bright light colors that had been appropriate to her youth. A gray-haired widow who remarried was talked about none too kindly if she chose the supposed young colors for her trousseau. "It isn't as if she hadn't been married before," someone was sure to remark.

Now of course there are no young colors and no old colors. It is, or at least should be, all a matter of becomingness. If dull or dark colors are more becoming wear them whether you are eighteen or eighty, and if sky blue or ruby red are becoming don't let the mere fact that you are a grandmother or even a great grandmother deter you.

Gray lace for the gray-haired woman—not all gray-haired women but some of 'em—is really very lovely. But the gray lace dress must be smartly cut and well made. Then it will be quite obvious that the material and the color were chosen not because of the old idea—second mourning for soon-to-be-vanished youth—but because of their undeniable becomingness.

Bear this in mind, that black save used sparingly is unbecoming to the woman with graying hair. Usually somewhat hazy versions of red, blue, and green are more becoming to the gray-haired woman than the bright versions of these colors.

HOROSCOPE

The Stars Incline, but do not Compel.

(Copyright, 1927, McClure Syndicate.)

SATURDAY, SEPTEMBER 24, 1927

This should be a fairly fortunate day, according to astrology, which finds the planetary government helpful to inventors and other constructive thinkers.

The sway presages many remarkable new pieces of machinery which will revolutionize certain methods of manufacturing, and will reduce the cost of certain much used articles.

Women are especially lucky under this direction of the stars which clarifies their views on public questions and enables them to attain prominence.

This is read as a fairly favorable wedding day although it presages domination on the part of the wife.

There is a promising sign for actors and actresses today, but they are to find many new conditions prevailing in the world of the theatre, after the next two years, astrologers foretell.

This should be an auspicious date for the presentation of new plays, and it is prophesied that more than one will be of lasting charm.

Under this direction of the stars many sensational subjects will be presented to the public and frankly discussed, it is foretold.

Children are to command much attention and the nation will seek new methods of caring for the poor and conserving their interests.

While the stars are supposed to influence great world events, they also are believed to affect insignificant matters and it is predicted that women will turn to old-fashioned ideas in dress and coiffure.

Dictators are to rise in foreign countries, where least expected, and American diplomacy will be put to severe tests next year, it is foretold.

Persons whose birthday it is will have a happy and prosperous year, after some disappointments. Children born on this day will be ambitious and successful.

RUG SALE IMPORTANT.

Many Other Farm Articles Sold in St. John Market

ST. JOHN, N.B., Sept. 23 (by the Canadian Press).—In the country market the sale of miscellaneous articles of farm manufacture, chiefly hooked rugs, has become a quite important enterprise, and the rugs displayed for customers add a colorful touch to the market's customary lively and picturesque appearance, especially at the week-ends.

Normal School Students

will have presented to them in a few days, through these columns, a plan that will show them how to make money in a steady spare-time occupation that will be pleasantly in line with their studies. This fascinating work may be done in your own home and all materials will be supplied free.

WATCH FOR ANNOUNCEMENT!

Murdered sleep

SLEEP that brings no soothing rest. Empty sleep—that drives tense nerves and aching muscles back to weary bodies! No wonder people crack and break when precious sleep is murdered.

What a tragedy that so few realize the suffering constipation causes! It ruins health and wrecks beauty. It saps strength. It murders sleep! It sickens the body and causes disease after disease. And it could all be so easily relieved. Kellogg's ALL-BRAN is guaranteed to relieve constipation safely, promptly.

Why part-bran products fail!

ALL-BRAN has "bulk." This bulk absorbs moisture and carries it throughout the intestines — gently distending them—purifying, removing poisonous wastes. In a part-bran product the quantity of bulk is so small that there is seldom enough to do this work. That is why doctors recommend ALL-BRAN because it is 100% bran—100% effective.

Kellogg's ALL-BRAN is sold with this definite guarantee: Eat it according to directions. If it does not relieve constipation safely, we will refund the purchase price.

No need for habit-forming pills!

How different from dangerous pills and drugs—which become useless unless the dose is constantly increased! ALL-BRAN is delicious with milk or cream—and add fruits or honey. Let it soak a few moments to bring out all its flavor. Serve with other cereals. In soups. Try recipes on every package. Eat two tablespoonfuls daily—in chronic cases, with every meal.

Don't accept a part-bran substitute. Insist on genuine Kellogg's. Sold by all grocers. Served at hotels, restaurants — on diners. Made by the Kellogg Company in London, Ontario. Write for free "Treatise on Constipation."

Kellogg's
ALL-BRAN

TARIFF BOARD HEARS NASHUA

Request of Local Firm For Tariff Cut Will Be Considered.

ADJOURNED TO OCT. 100.

The Hon. G. N. Gordon and John Marshall, General Manager of the Nashua Paper Company, were before the Tariff Board, upon the application of the Canadian Nashua Paper Company, for reduction in the tariff on the raw material, which is made into gummed cambric tape, which the Company maufactures at Peterborough.

The Dominion Cottons, and G. H. Hees & Sons, Ltd., of Toronto, objected to any reduction in the tariff but the Nashua Paper Company's counsel said that none of the material was manufactured in Canada that went into the fabrication of gummed tape, used in the manufacturing of boxes, cartons, and receptacles made of paper, and that no one suffered by reduction of tariff on the raw materials, by bringing them down to the same figure as the tariff on finished products.

The Cotton Textile tariff will be brought up for consideration before the Tariff Board, the chairman said, on October 10th, so that this application was adjourned to that date.

KIWANIS CLUB

(Continued from page one.)

ature of to-day, often forming the vital thread of interest through novels, and even the English newspapers are beginning to pay a certain respectful attention to the psychic science.

On the mental side of their natures, it was pointed out, people are developing all sorts of mental powers that had been suppressed or had never grown These are indicated in telepathy, clairvoyance, hypnotism, and other phenomena This development indicates that people are gaining power over things which were formerly unknown to them.

Several instances of applied telepathy were given by the speaker, and he told of tests of certain people in clairvoyance, who, while in a state of sleep or deep meditation have the power to leave their bodies and go for long distances and know what is happening there. He was specially interested, however, in automatism, which is involuntary speaking or writing of messages. Certain people are so constituted, said Mr. Bligh-Bond, that if they take a pencil or pen in their hands will write in an involuntary way. Their hands will write messages about matters of which they know nothing, and will even write in languages of which they are ignorant. The case of a High school girl was cited, in which Latin, French and Gaelic were written and translated perfectly Another case was that of the New York automatist who wrote some of the poems of Confucius in a dialect 2,000 years old, a remarkable instance of the recovery of lost knowledge.

Practical use was made of the speaker in the discovery of Glastobury Abbey, when an automatist was instrumental in mapping the ancient ruins in such a way that the uncovering of the walls was simple.

Another instance was the writing of an old Monk who had formerly been in Glastonberry Abbey and who had written messages to the speaker eighteen years ago and again last winter.

Finger Prints From the Beyond.

Most amazing among the phenomena told by Mr. Bligh-Bond, however is the recording of finger prints of deceased persons. One instance was the recording of perfect thumb prints of a person who had been dead fifteen years. Photographs of these have now been taken to Paris, where a paper will be delivered on the subject before the international convention of the Psychic Association.

The imprints were made in dentists' wax and sent to an expert in the United States who was amazed by their perfection, the only peculiarity being that they were reversed. The prints were compared with the prints of the deceased man's mother and with those of his sister, and the family resemblance was quite apparent. The resemblance in families is about 70 per cent. between son and mother, and 35 per cent. to 40 per cent. between children of the same parents.

Then a finger print of the dead man was found on a razor that had been stored away immediately after his death, and the fact that the prints secured recently on wax were identical with that made fifteen years ago on the razor was proved to the satisfaction of the expert. In fact, he declared that if this had been a criminal case the prints would have been sufficient to gain a conviction.

The speaker in closing predicted wonderful discoveries in the realm of the psychic in the near future.

Rev. David Wren expressed appreciation of the club for the splendid address.

OBITUARY.

BENJAMIN BINGHAM.

The death occurred on Thursday, September 22, of Benjamin H. Bingham, 54 years of age, at the home of his daughter, Mrs. Howard Gardner, Norwood, Ont., after a prolonged illness. The deceased was born in Bethany, but resided in Peterborough for twenty-three years. He was employed at the William Hamilton Foundry for a number of years, attended George Street United Church, and was a member of the Orange Order. There are left to mourn him two daughters, Mrs. Howard Gardner, Norwood, and Madeline of this city; one son, John, at home, and two sisters: Mrs. Margaret Lloyd and Mrs. J. S. Pratt, both of Belleville.

The funeral will be held on Saturday, September 24, from the family residence, 595 George Street, at 3.15 p.m., to Little Lake Cemetery, the Rev. J. E. Todd officiating.

JASPER WRIGHT.

Jasper "Joe" Wright, a former resident of this city, died on August 13 in New York, according to word received here by relatives. His widow, his father, Jasper Wright, two brothers, Wallie of New York and John in England, and two sisters, Mrs. L. Bridges and Miss Elizabeth of New York.

MRS. JOHN CHATTEN.

The death occurred Thursday morning, September 22, of Mrs. John Chatten, aged 63 years, the victim of a railway accident at the Lake street crossing of the C.N.R. The deceased was born in Bethany, Ont., but has resided in Peterborough for eight years, came here from Fenelon Falls. She attended St. James' Church. There are left to mourn her loss her husband, four daughters, Mrs. Thomas Parker, Fenelon Ralls, Mrs. Herb York, Peterborough, Miss Eva Chatten, Midland, and Mrs. Harold Drury, Bethany, and three sons, Sidney of Barrie, John of Toronto, and Russell of this city.

The funeral service will be conducted at two o'clock, Saturday, September 24, from the residence of her daughter, Mrs. Drury, 508 Chamberlen street, to Little Lake cemetery, the Rev James H. Dudgeon, of St. James church, officiating.

NOTICE

Canadian National Railways announce that, effective September 25th, Train No. 98, now arriving from Lindsay at 7.55 a.m. daily except Sunday will arrive at 8.15 a.m. Mondays only. Train No. 99, now leaving Peterboroough for Lindsay 8.05 p.m. daily except Sunday, will leave at 8.05 p.m. Saturday only

WOMEN'S CANADIAN CLUB.

The annual meeting of the Women's Canadian Club will be held Monday afternoon, Sept. 26th, at 4 p.m., in the Public Library Hall. Speaker, Major General J. H. MacBrien, C.B., C.M.G., D.S.O., Canadian representative of 1926 Imperial Conference. Subject: "The Great Pacific Question." Members may bring a friend.

GOOD GAME ON CARDS TO-MORROW

Kiwanis and Moss Park Bantams Will Battle Here For Provincial Title.

While the Peterborough Seniors are battling in Toronto tomorrow with the St. George's in the Senior semi-finals, the city's youngest representatives in organized baseball, the Kiwanis Bantams, will be fighting it out at James Stevenson Park with Moss Park of Toronto, in the Bantam finals. This game should be a real fight and the youngster are entitled to a real crowd when they clash with their Toronto riva'ls. Arrangements have been made to announce the returns from the Senior game for the benefit of the fans. Moss Park won the first game last Saturday, 11 to 9, and the Peterborough youngsters have to take to-morrow's battle to tie up the series. It will be a hard tussle but the Kiwanis Kids are determined upon victory. The game will be called at 3 o'clock.

LATE WANT ADS.

GIRL BURNED TO DEATH.

Incendiary Suspected in Fire at Three Rivers To-day.

THREE RIVERS, Sept. 23. —(Canadian Press). — One person, Alphee Naud, eleven, lost her life and another, Amanda Girard, 31 was severely burned in a fire which partly destroyed Naud home here to-day. The father of the victim, Wallie Naud, and another member of the family, Aegide, fourteen, had a narrow escape from the burning building. The fire is suspected of having been started by an incendiary and an unknown man has been taken into custody as a material witness.

Stirling Touches Par In New York Market

NEW YORK, September 23 (Canadian Press). — Sterling exchange touched parity of $4.86.65 in the New York Foreign Exchange market today for the first time since June 30, 1926. Sterling cables changed hands as high as $4.86 21-32.

Bank Stocks Weaker; Other Shares Are Firm

TORONTO, Sept. 23 (Canadian Press).—Weakness cropped out in the bank stocks during this morning's active trading on the Toronto Stock Exchange but in other sections of the list the trend remained firm and fluctuations were moderate. Royal Bank registered the greatest decline, dropping six points at 320, Montreal lost four at 343, and Imperial two at 246. Laura Secord was the weakest of the industrial issues, losing 1¼ at 45. Canada Bread was down one at 164, after opening strongly at 170. Other declines were of a minor character. Steel of Canada led the advancing issues, recording four points to 198. Page Hersey was up 2¾ at 86¼, in active trading, while Imperial Oil and McKinnon were each up 2¼ to 57¼ and 25½ respectively. Northern Bakeries was traded in to the extent of nearly 5,000 shares, and firmed two points to 35½. International Nickel continued in demand, and the noon quotation at 70¾ showed a rise of 1¾.

Mine Trading Slackens But Prices Hold Firm

TORONTO, Sept. 23. — (Canadian Press.)—Transactions on the standard stock and mining exchange were slightly under the million mark for the first morning in nearly a week, but despite the decline in trading price changes were slight. Amulet at 655, Gold Hill at 30, Laval Quebec at 46, and Cap Rouyn at 17½ were firm. Wright Hargreaves advanced 20 to 765, while Area was off 3¼ at 67½ and Bidgood 4 at 35. Barry Hollinger firmed 28 at 73 and Dome Mines made a gain of 80 to 10.90. Corona eased ½ to 16¾ and Grover Daly was up ½ at 19¾. Ribald advanced 2½ to 37, Teck Hughes 3 to 993, and Kirkland Lake 2 to 234. Stadacona was down one at 24½ and Potter Doal eased ½ to 14½. International Nickel declined 50 to 69.50.

New York Market Active After Sluggish Week

NEW YORK, Sept. 23 (Canadian Press).—The stock market, which has been rather sluggish all week, pointed upward today on heavy buying for both accounts. Speculative activity centred largely in the motors. Nash was bid up to a new high for the year on buying presumably influenced by the announcement of an extra dividend of 50 cents. General Motors and some of the other dividend paying shares of that group also were well supported, but Pierce Arrow Preferred sank two points to a new low at 41. General Motors new stock was traded in on a regular basis for the first time. Pools were again active in a number of specialties. New peak prices for the year, or longer, were established by Cudahy Packing, Bethlehem Steel Preferred, Dome Mines, Warren Bros., Kelly Springfield 8% Preferred, and a few others.

Strength At Liverpool Causes Wheat To Go Up

CHICAGO, September 23. —(Canadian Press). — Unexpected strength of quotations at Liverpool, together with the renewal of drought reports from Australia, led to a sharp early upturn to-day in wheat prices here. Failure of frost to develop over night brought general selling of corn. Starting at 5-8 cent to 1 1-8 cent advance, wheat continued firm. Corn opened 1-2 to 1 1-8 cent off and subsequently underwent material further declines. Oats held steady. Provisions were irregular.

Opening wheat prices were: wheat, September 126 1-4, December 129 3-4 Corn, September 95 1-4, December 97 1-2, Oats, September 46 1-2, December 48 3-8.

BOILER PLACED ON SCHOOL SITE

Transportation Of Heavy Apparatus Proves Difficult Task.

ANOTHER TO BE MOVED.

A difficult task was completed in safety last night, when men in the employment of Cooney and Jopling transported a huge 8-ton portable firebox boiler—one of two intended for the heating of the Peterborough Collegiate Institute.

Manufactured by the John Inglis Company of Toronto, the boiler was brought to Peterborough by the C. P. R. but in view of the difficulties and inconvenience attendant on the passage of heavy loads through the city streets it was decided to unload it at the nearest point. Accordingly the freight was switched on to the C. N. R. lines and the load was taken off at the siding of Robert Hicks and Company, on the north side of Charlotte Street. The boiler was jacked up and lowered on a special carriage which was drawn to McDonnell Street. A block and tackle, fastened to a tree on the south side of McDonald street, near the site of the Collegiate extension, was used to draw the boiler up the incline from Aylmer. When this was accomplished, the block and tackle were again fastened to a tree between McDonnell Street and the Armouries, and by this means the boiler was moved to position, near the buildings. Purdy, Mansell and Co., will install the boiler.

The heating system to be put in the new building is unique in this district, said a representative of Purdy, Mansell, this afternoon. It comprises a system of returning circles of heated air, brought about by an arrangement of fans. The work of installing heating and ventilating apparatus will require one month more at least.

BIRTH.

COST OF LIVING IS GOING DOWN

Wages of British Labor, However, Are Remaining Firm.

VARY BY TRADES

In Great Britain the movement of real wages in the last two and a half years has, on the whole, been favorable to labor. Statistics reveal that for the past two and a half years average wage rates have been stationary, and a distinct, though small improvement in average real wages has been brought about by the spasmodic but steady decline in the cost of living. According to advices received by Bankers Trust Company of New York from its British Information Service, the index number of weekly full time wage rates has remained at 175 since 1925, while the cost of living index number has gradually fallen from 179 at the end of the first quarter of 1925 to 166 at the end of July 1927, with a consequent rise in the index of real wages from 98.8 at the end of the first quarter of 1925 to 105.4 at the end of July, 1927.

However, several qualifications must be made in applying these figures: 1, that they apply only to average wages and that particular selection of commodities on which the cost of living index is based; 2, that workers in certain industries, principally the non-protected ones, are worse off than the average, while workers in such sheltered trades as railways and building, are better off; 3, that these figures relate to wage rates and in calculating the income of workers earnings and no rates must be considered, and an allowance must be made for short time; 4, the figures are calculated on a time basis, but in many industries piece work is common and piece work earnings are higher than time rate earnings; and lastly, that the two and a half million workers whose wages are directly regulated by reference to the cost of living index number have not benefited, except in so far as a time lag occurs. Nevertheless, taking all these factors into account, British authorities feel that the maintenance and even the slight increase in average real wages is a notable fact, especially remarkable when the decline in unemployment is considered.

SPECIMENS FOUND IN ANCIENT VILLAGE

Handicraft of B. C. Indians Shown By Relics.

PRINCE RUPERT, B.C.—The Dominion Archaeologist of the National Museum has just completed the examination of an ancient village site at Emmerson, Point Digby Island, about three miles from here, which was reported to him by R. W. Pillsbury, of the Prince Rupert fisheries station of the Canadian Biological Board. The site is about one mile from the Canadian National Railways across the channel. It covers the entire point fronting on both beaches and is about 345 feet long by 155 feet wide and consists of deep deposits of the shells of edible shell fish and refuse from the kitchens of the prehistoric villagers.

This refuse lies in two terraces and seems to indicate that there were two rows of houses facing the north beach, each house being about 45 feet square. Three more rows seem to have faced the east beach, two being on one terrace and one on a lower level. Creeks bound the village site on both the west and south. They evidently furnished fresh water while the beaches afforded shell fish. There appears to be the remains of a fort wall protecting the village on the point from approach by land.

Several specimens of ancient handiwork were collected on the site. One is a hammer or pestle, a mere pebble battered on both ends until it assumed two flat striking or grinding faces. Another secured for the national museum is a fragment of the bit, or cutting end of an ancient grooved adze head such as must have been used for hollowing out canoes from cedar trees, smoothing boards split from the large cedars for building houses, and for similar purposes. It has been sent to Ottawa for examination by expert mineralogists, as it may be jade. It certainly is of a beautiful jade green color and so hard that it cannot be scratched with a knife. No such stone is known in the vicinity.

There are a number of these interesting ancient places within five miles of Prince Rupert, according to the archaelogist of the National Museum, who says they may all be reached by motor boat from the wharf. There are deep kitchen middens marking these ancient and prehistoric villages, one such at Casey Point, opposite Emmerson Point, is cut by the Canadian National Railways. A second, also cut by the railway, is on Fairview observation spot. A third, smaller perhaps than the others, is on the north side of the mouth of Hays Creek near the drydock in Prince Rupert. Still another like this, cut by the Canadian National Railways, but much larger and more than five feet deep, is near the cold storage plant on Ritchie Point within the city limits of Prince Rupert. There are several other such shell heaps on Digby Island and on the mainland to the north, one at the hospital at Dodge Island, one along the west and southwest shore of Elizabeth Point and one at the marine station. A very large one is located on Roberson Point and on the rocks of the western part of this point is a nearly horizontal Petroglyph or rock carving intaglio of a human form, nearly natural size. The Indians say it is where a man fell from heaven and dented the rock.

Other petroglyphs occur on the western side of the cove in the south side of Wilgiapshi Island near the high tide line. The Dominion archaelogist recently found the huge deposit of an ancient village reported to be on the western end of Lucy Island. There are numerous other remains near Prince Rupert. No real exploration or extensive excavation of any of the ancient remains in this Isumphian linguistic area has ever been attempted and here is the key to many of the problems of the anthropology of Western Canada, in fact, of North America.

A ... cook back in the days of ancient Rome commanded a salary sometimes as high as $5000 a year.

CROP REPORT

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the Bank of Montreal from its Branches. The Branch Managers have complete and intimate knowledge of each local situation, and are in close touch with crop conditions in all sections of the districts mentioned.

General.

Until a few days ago the weather of the past two weeks has been favourable and a large crop is in sight in the Prairie Provinces. Harvesting is not yet far enough advanced to determine in definite form grades and yields. Cutting has proceeded rapidly and but for intermittent rains in practically every section threshing would now be general. Weather conditions generally in Quebec have been favourable to harvesting operations. In Ontario fine weather has enabled farm work to be well advanced but fall ploughing is hampered by dryness. In the Maritimes wet weather is making harvesting difficult and crops have suffered damage. In British Columbia continuous rains have seriously delayed harvesting and much damage to crops is reported. Details follow:

Prairie Provinces.

Alberta Western Area: Rain has slowed up general harvesting operations. An average of 60% of wheat is now cut except in Lethbridge district where further rains are delaying cutting. A good average yield of all grades is assured and with favourable weather satisfactory grades will be fairly general.

Alberta Northeastern Area: 70% of wheat is cut and cutting of course grains is under way. Generally, conditions continue promising and yields are good average.

Alberta Southeastern Area: The rye crop is threshing out well. Over 60% of wheat is cut and a good yield and grade are promised.

Saskatchewan Northern Area: Cutting is practically completed and threshing is becoming general. While the yield is generally satisfactory there will be much low grade grain.

Saskatchewan Southern Area: Good progress has been made with harvesting. Threshing should be general this week. The yield has been considerably reduced by rust and frost.

Manitoba: A small amount of threshing has been done and indications are that yields and grades will be very uneven. Rain has been more or less general and further operations are delayed. Oats are practically a failure.

Province of Quebec.

Threshing has commenced in some districts and yields of wheat, oats and barley are good. Root crops and vegetables are generally satisfactory but potatoes and corn are suffering from excessive moisture. An excellent crop of tobacco is now being cut. Apples are below average.

Province of Ontario.

The grain harvest is practically over except for buckwheat and some oats in backward sections. Threshing is general and while the yield at some points is not up to expectations, on the whole the results are satisfactory. Roots crops are good but require moisture. Peaches are about 40 to 50% of a normal crop, but of good quality. Apples, pears and plums are light. Tobacco crop is good but two weeks of fine weather is needed to complete cutting.

Maritime Provinces.

The Nova Scotia apple crop is now estimated at 1,050,000 barrels, 65% of a five year average. The quality is fair to good and market prospects are favourable. In all three provinces wet weather has developed rot and blight in potatoes, and the yield will be seriously affected. Oats also have been damaged, but are expected to prove an average crop.

British Columbia.

A large percentage of grain is still in stook owing to wet weather and a heavy loss seems inevitable. Tomatoes have also suffered extensively. Loss in Onions is negligible, but fine weather is needed for curing. Roots are making satisfactory growth. Rains have delayed fruit picking, but the quality is not affected to any extent.

MARMORA NEWS.

MARMORA, Sept. 23. — Miss Ida Gillen left on Wednesday to spend a holiday with relatives in Rochester.

Mr. and Mrs. Hugh Warren, of Trenton, visited relatives in town on Tuesday.

Mr. and Mrs. R. Scott motored to Kingston on Wednesday.

Mrs. M. Bacon, of Peterborough, has been visiting relatives in this district.

Mr. and Mrs. Angus Lake, of Bloomfield, were visitors in town on Tuesday.

Mr. and Mrs. David McAndrew, of Point Clare, Que., spent Tuesday and Wednesday with the latter's brother, Mr. J. A. Rice. A party was given in their honor on Wednesday evening.

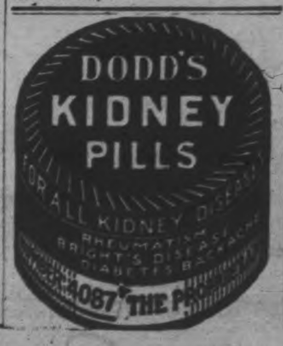
As a result of good patronage of the Women's Institute refreshment booth on Fair Day, it is expected that the Marmora Public Library will benefit to the extent of over forty dollars.

Mr Daniel C. McKenzie of Dalhousie University Halifax Nova Scotia is spending a few days with his father Mr. Albert McKenzie in course of his return from summer work in Alberta.

Mr and Mrs. Wesley Jones of Philadelphia, spent a few days last week with the former's cousin, Mrs. H. Kerr.

Mr. and Mrs. Orvil Leonard accompanied by Mr. and Mrs. Henry Kerr, visited at the home of Mr. Albert Clements in Ivanhoe on Sunday.

Miss Blakely, teacher at Tiffin school, with Mr. and Mrs. O. Leonard, dined with Mr. and Mrs. H. Kerr on Fair Day.



CONTRACT BRIDGE DECLARES ITS SCORING INDEPENDENCE

* * * * * *

Newly Codified Rules Win Further Freedom From Mother Auction.

Contract Bridge, reaching its majority, has declared its independence. By a codification of rules, including one radical change in scoring, it further divorces itself from the influence of mother auction.

This codification, the first since contract has gained popularity, was made public the other day by The Whist Club, of New York, arbiter of all things bridge. And the innovation in tallying, which it embodies is the discard of auction trick values and the substitution of a strictly contract table of counts.

Here are the new rules synopsized:

Trick Values—No trump, 35; spades, 30; hearts, 30; diamonds, 20; clubs, 20; doubling doubles trick values; redoubling multiplies them by four.

Rank of Bids—A bid of a greater number of tricks ranks higher than a bid of a lesser number. When two bids are of the same number they rank: No trump, spades, hearts, diamonds, clubs.

Game—A game is won when one side makes a trick score of 100 or more points. Of the tricks made, only those contracted for are scored in the trick score. All extra tricks (tricks made over and above those contracted for) are scored in the honor score.

Rubber—A rubber is ended when one side wins two games.

Vulnerable—After a side wins one game it becomes "vulnerable." Until a side wins a game it is "not vulnerable."

Premiums—All premiums are scored in the honor score and are classified as follows:

HONORS.

Four in one hand	100 points
Five in one hand	150 points
Four aces in one hand in no trump	150 points
All other	none
Final game of rubber (if a two-game rubber)	700 points
Final game of rubber (if a three-game rubber)	500 points
Other games	No bonus

MAKING CONTRACT.

If Undoubled:	Nothing
If Doubled:	
(When declarer is not vulnerable)	50 points
(When declarer is vulnerable)	100 points

EXTRA TRICKS.

If Undoubled:	
EXTRA TRICKS.	
(When declarer is vulnerable or not vulnerable.)	50 points
If Doubled:	
(When declarer is not vulnerable)	100 points
(When declarer is vulnerable)	200 points

SLAMS BID AND MADE.

Little Slam:	
(When declarer is not vulnerable)	500 points
(When declarer is vulnerable)	750 points
Grand Slam:	
(When declarer is not vulnerable)	1,000 points
(When declarer is vulnerable)	1,500 points

UNBID SLAMS MADE

Nothing

Slam premiums are additional to all other premiums.

Doubling and redoubling do not alter slam premiums.

PENALTIES
UNDERTRICKS

(Scored in Adversaries' Honor Score.)

If Undoubled:	
(When declarer is not vulnerable) per trick	50 points
(When declarer is vulnerable) for first trick	100 point
for each subsequent trick	200 points
If Doubled:	
(When declarer is not vulnerable)	
100 points per trick first two tricks.	
200 points per trick for third and fourth tricks.	
400 points per trick for subsequent tricks.	
(When declarer is vulnerable)	
200 points for the first trick.	
400 points per trick for subsequent tricks.	

REDOUBLING

Doubles are doubled premiums and penalties. Doubling and redoubling do not affect the premium for games, slams and honors or the revoke honor score penalty.

Revoke—The revoke penalty for either side is the loss of two tricks for any player's first revoke. One hundred points additional penalty for each subsequent revoke.

Y.P.S. ENTERTAINS PUPILS AND STAFF

Madoc United Society Puts On Enjoyable Program.

MADOC, September 23. — The Young People's Society of Trinity United Church held their social evening and reception to the High School staff and students and the Public School staff on Tuesday evening of this week. The programme was put on entirely impromptu, and from the beginning with community singing to the end was enjoyed by all. The community singing was hearty and served to open the way for active participation in all the other stunts. A drawing contest was the first. Each was given a stick of gum, a toothpick, and a card with the name of an animal or bird. The problem was to draw the one named and cover with gum. Miss Marguerite Bassett won the first prize, with Miss H. E. Foster second. A piano solo, excellently rendered, was given by Miss Helen Ludbrook. A telegram contest followed, with partners assigned by members. The first prize was won by Miss Powelly and Master Albert Barton from the name Orillia—Order Red Indians Lie Low In Ambush. This was a very exciting contest, and many very good telegrams were handed in.

A piano solo followed by Miss Lucy Foster. Then all present were divided into four groups and each group put on two numbers. The first prize went to Herbert Caskey's group. Special mention was made of the numebr put on by Charles Phillips' group, which put on a splendidly managed mock wedding, followed by a send-off to the bride and groom.

Lunch was served at half-past eleven, thus closing a splendid get-together evening.

Left Arm Broken.

Little Miss Jean Ross, four-year-old daughter of Mr. and Mrs. Walter Ross, of this village, fell while playing last Thursday, breaking both bones of her left arm between wrist and elbow. Dr. W. A. Dafoe was called in and reduced the fracture. Jean is apparently not much the worse for the accident, as she is happily playing much as usual with her arm in a sling.

Master Kenneth Caskey, son of Mr. James A. Caskey, farmer near this village, is home again after a very severe operation on his eyes. He is spending some time camping at Moira Lake, in company with his aunt, Miss A. Way. He is progressing favourably and expects to be back at school next week.

DISTRICT CHURCHES

ANNIVERSARY AT LAKEFIELD

LAKEFIELD, Sept. 23.—The anniversary services in the Lakefield Baptist Church will be held on Sunday, October 2nd, and on Monday, October 3rd. The Rev. William Spencer will preach at the morning service, giving an appropriate sermon for the occasion. In the evening the Rev. Gordon Holmes of Lindsay will be the special preacher. Mr. Holmes made an excellent impression last year at the anniversary service.

Rev. W. J. Creighton, M.A., will be in Norwood on Sunday, taking the Harvest Festival services in Christ Church; Rev. T. J. O'Connor-Fenton will take the services in St. John's, Lakefield.

On Sunday morning, A. J. Young gave an excellent report of the Layman's Conference of the United Church of the district, held in Whitby in Knox Church, and which proved to be most successful in bringing the problems of the church before the laity and pointing out the responsibilities and privileges of Christian service.

FOR GAS, ACID STOMACH, INDIGESTION

Bisurated Magnesia Is Safe and Reliable

If you are a victim of Stomach Trouble,—Gas, Sourness, Acidity, Pain or Bloating after eating, Bisurated Magnesia is made for you.

At the nearest drug store, get a bottle—powder or tablets—take a little and get instant relief.

Keeps your stomach sweet and strong—digestion perfect. It works like a charm.

Cents Buys Dollar Values at the DISSOLUTION SALE

This Sale opens the way to an easy means of getting the articles of Ladies' Wear really needed for the fall season. The savings on their purchase are so worth while Botnick's is a real door to economy. Desperate price slashes will surely raise the money so ABSOLUTELY NECESSARY at adjustment time when the partnership is being dissolved. Let us prove to you, as we have to hundreds of delighted customers, that the bargains are right up to every statement made. You'll get a surprise.

Saturday and Monday the 2 Greatest Price Slashing Days of the Sale

TUNNEY RETAINS HEAVYWEIGHT CROWN ON POINTS

Outfights Dempsey In Most of Rounds Of Fight at Chicago

Former Champion Badly Cut and Bruised Toward End of Gallant Attempt To Come back —Each Fighter Floored Once in Ten Rounds.

CHAMPION FINISHES STRONG HITTING CHALLENGER MANY TIMES

Opening Rounds Listless As Men Feel Each Other Out—Neither Willing To Lead—Dempsey Fails To Take Advantage Of His Best Round.

SOLDIERS' FIELD, CHICAGO, Sept. 23—Gene Tunney, the man of destiny, is still heavyweight champion of the world, but his crown was perilously close to being toppled from his head last night by the gallant thrust of the old warrior, Jack Dempsey, in the greatest boxing spectacle of all time.

Tunney's hand was raised in victory at the end of a slashing, smashing battle, but only because he had the courage and power for a sensational finish after being knocked down for a count of nine in the seventh round by Dempsey's vicious, two-handed attack.

Only one second, in this seventh round, separated Dempsey from the greatest victory of his career, and an achievement no other ex-champion has ever recorded, but Tunney, back on his feet, slipped from range, cleared his head, and weathered as stormy a session as he ever has experienced.

DEMPSEY BLIND, BATTERED, HELPLESS

Safely past that crisis, Tunney finished the last three rounds like a champion, regaining confidence, taking the aggressive and beating Dempsey into defeat with a two-handed, well-timed attack to the head. With his title in danger, Tunney had the stuff to put on a victorious rally.

At the close of the final round Dempsey, both eyes cut and badly bleeding, was groggy and reeling, "out on his feet." So battered was the old champion, his last charge expended, that he did not seem to know the battle was over and had to be led to his corner.

Count In Seventh Questioned.

Tunney's victory was not without its dispute, however, for there were scores in the ringside section who thought the champion was saved from losing his crown in the seventh round by a count that was actually several seconds longer than the toll of nine.

It was unquestionably a "long count"—from 12 to 14 seconds in all, to take the varying count of ringside observers—but its explanation lay in the fact that Illinois boxing rules compelled the boxer scoring the knockdown to go to his corner before the count starts. The time elapsing durmg Dempsey's backing off to a corner accounted for the late start of the count, Boxing Commissioners explained.

Tunney took the count with his left hand holding the ropes. He was groggy and in bad condition, but fully conscious of the mount. Had it started sooner he probably would have been able to regain his feet, but he might have been wabblier and an easier target. As it was he had the advantage of the few seconds' added rest, a chance to collect his faculties and ward off Dempsey's attack.

Craftier, Stronger, Faster.

The mightiest throng in United States sporting history, estimated at 150,000, paid the record-smashing sum of $2,800,000 to see the handsome ex-marine weather the spectacular challenge of the old mauler, and to defeat, as convincingly if not as decisively, the man from whom Gene took the crown a year ago in the rain at Philadelphia.

Victory unquestionably went to the better man, the craftier boxer, faster and stronger, but was his only after the closest call he has ever had.

In a setting that could scarcely have been more picturesque had it been painted by a master's brush, a crowd of 150,000 spectators jammed in the blackness of night into Soldiers' Field.

An acre or more of human beings paid the staggering sum of $2,800,000, the richest gate in boxing history, to see and form the background of the great spectacle. The stupendous crowd was a record-breaker, eclipsing the previous high mark of 130,000, with gate receipts of nearly $2,000,000 at the battle at Philadelphia a year ago when Dempsey, in a pouring rain, lost his title to Tunney.

Crowd Is "For" Dempsey.

This tremendous crowd, attracted to the biggest arena in America, gathered to witness the most-talked-of battle in all the history of glove contests, and for the greatest purse ever offered — $1,000,000 to the champion and $450,000 to the challenger. It was strictly a Dempsey crowd, four out of five puling for the popular Manassa Mauler to regain his lost honors

It was a magnificent spectacle. Each person seemed conscious of the fact that he or she was forming an important part of a human design that settled itself in the monster horseshoe-shaped concrete bowl, closed on both sides and round at the south end, with temporary seats closing the north end.

The crowd, gathering slowly and orderly in the dusk, filed out of the stadium as orderly as it came in. It was splendidly handled, a typical Tex Rickard fight crowd, handled with his customary efficiency.

Gazing at the crowd from the ring, flooded with light, the spectators looked like a closely woven fabric—a sea of faces everywhere. Industrial leaders of America, bankers, millionaires, others not so high, a page ripped from Who's Who, made up the vast assemblage.

How the Throng Reacts to Bout.

The spectators came from the four corners of the nation. The multitude made unconditional surrender to its emotional surge when Tunney and Dempsey boxed. One second the crowd sat stiff, under the spell of excitement, the next second the spectators were jumping up and down, cheering madly as the tide of battle shifted . It was the fistic drama of all time.

When the first preliminary started and the ring was flooded with light, the spectators became a sea of faces as far as the eye could reach. The crowd to the north of the ring, however, became a black mass as there were no illumination in that sector, except the red glow of burning cigars and cigarettes percing the night like fireflies.

The first signs of life from the stupendous crowd came in the second preliminary when Chuck Wiggins of Indianapolis, sparring mate of Tunney's, began to wallop Jimmy Byrne of Louisville in a furious exchange along the ropes. The spectators swelled into a tremendous roar with handclapping and whistling It was the initial outburst of the night.

Plenty of "Cauliflowers" There.

All the celebrities of fistic North America, with one exception, were in evidence around the ringside. That exception was Jack Kearns, who piloted Jack Dempsey into a championship when the Mauler battered Jess Willard into a helpless hulk at Toledo back in 1919 ,and who guided Dempsey's business affairs until about two years ago. Kearns, who sued Dempsey in every Court in which proceedings could be instituted, was nowhere in sight.

As soon as the gates were opened at 5 p.m. ,the crowd started popping through the turnstiles. The stream of fans was guided to the gates by solid lines of police and ushers. There were in excess of 2,500 police, all in uniform, stationed at the fifty entrances.

Another crew of sentries, ticket inspectors ,and ushers directed the spectators to their wooden benches and chairs making up the 40,000 "ringside" seats or the permanent seats in the horseshoe-shaped structure.

More than 5,500 ushers, police and other employees comprised the crew that handled the crowd.

George F. Getz ,millionaire coal operator ,associated with Rickard as the legal promoter of the bout, to comply with the Illinois Boxing Law, showed up at the ringside before 7 o'clock.

Speculators Are Hooked.

Money poured into the Rickard coffers all day long yesterday as the fans made a last-minute rush for seats at ticket headquarters, as well as at the temporary booths at Michigan Boulevard and Eleventh Street, the best single day's sales were recorded.

Others of the ticket-selling fraternity did not fare so well. The speculators were running around frantically unable to dispose of what they expected to be much-demanded pasteboards. Five hours before the bout, some were being sold at the price stamped on the tickets, while others were being peddled at a reduced rate. Many of the $40 seats went for $35, with a corresponding decrease in price down the line.

As the time of the contest drew near the prices the speculators demanded grew less and less, and some of the tickets went a-begging at half the stipulated amount. The speculators mingled in the throngs on Michigan Boulevard, but most of the crowd scurried by intent on getting to seats already purchased.

VICTOR AND VANQUISHED

Gene Tunney successfully defended the heavyweight title last night against Jack Dempsey when he carried off judges' decision in 10 round match before record breaking crowd of 150,000 that paid $2,800,000 to see slashing battle.

Outside of the seventh round and a few briefly sustained drives at other stages, Dempsey was outboxed and outfought by the champion who seemed much stronger and faster. He was staggered in fourth round and in tenth was on verge of going down, under heavy barrage. The old mauler kept plunging in but he was too tired to last, both eyes bleeding profusely from cuts and his resources almost expended. The decision of the two judges and the referee, Dave Barry, was unanimous.

At left Jack Dempsey, ex-champion and challenger, at right champion heavyweight of the world.

PIRATES HOLD LEAGUE LEAD

Divide Double Header With the New Yorkers With 5-2 Victory.

LOSE SECOND 7-1.

NEW YORK, Sept. 23.—(Canadian Press).—The Pirates retained their three and one half games advantage over the Giants yesterday by dividing a double header with the New Yorkers before 40,000 Pittsburgh fans, the largest crowd to witness a National League engagement in this city. Ray Kremer twirled the League leaders to a 5 to 2 victory in the opener while Fitzsimmons hurled a 7 to 1 verdict for New York in the closing contest.

Rogers Hornsby hit a home run in each game with a man on base, bringing his season's total to 26.

Benton, who started for the Giants in the initial battle, gave way in the fifth to a pinch hitter after the Corsairs had scored all their runs, four of which came in the third. Plitt, recently acquired from Brooklyn, and Faulkner, succeeded Benton on the peak.

The second game was started by Aldridge for the Pirates but he was driven from the mound before the first inning ended. With two down Hornsby lifted his second homer of the day on top of Roush's single. Terry doubled and scored on Jackson's single. Dawson replaced Aldridge and retired the side. Dawson was replaced by Perry in the ninth.

Fitzsimmons gave only six hits, one of which was a home run by Joe Harris in the fifth.

Charley Root registered his 26th victory of the season when Chicago bunched hits behind Pruett's wildness to take the first game of the Chicago series from Philadelphia, 8 to 4. Hack Wilson tied the count for the Cubs in the sixth inning after the visitors had taken the lead, by smashing out his 28th homer of the season, tying Cy Williams of the Phillies in the National League circuit driving race.

The Reds downed the Robins twice at Cincinnati, 2 to 1, in 12 innings, and 4 to 3, Donohue winning his own game in the nightcap with a single in the fourth that sent what proved to be the deciding tally over the plate.

The waning pennant hopes of the St. Louis Cardinals were bolstered up yesterday when the Cards rallied in the ninth inning to win the first game of the St. Louis series from the Boston Braves, 6 to 5, and to take undisputed possession of second place.

The Cards now are three games behind the League-leading Pirates and the Giants, who split a double header with the Pirates, are three and a half games behind.

It was a pitchers' battle, Haines and Sherdel for the Cards, allowing seven hits, and Greenfield and Robertson for the Braves allowing eight.

The Braves went into the lead in the seventh with two runs, only to be overtaken in the same frame by the Cards who added two runs. Boston again spurted into the lead in the eighth with two runs. Singles by Southworth, Torpocer and Douthit, together with a sacrifice, a walk and a Brave error, gave the Cards the tying and winning runs in the ninth.

Thirty per cent of American men and 67.1 per cent of the women are total abstainers, an estimate shows.

HEAVYWEIGHT HISTORY OF RING

The list of principal fights for the title since 1892:

1892—*James J. Corbett knocked out John L. Sullivan in 21 rounds with big gloves at New Orleans, September 7.

1894—James J. Corbett stopped Charley Mitchell in three rounds at Jacksonville ,Fla., January 25.

1897—*Bob Fitzsimmons stopped James J .Corbett in 14 rounds at Carson City, Nev., March 17.

1899—*James J. Jeffries stopped Bob Fitzsimmons in 11 rounds at Coney Island, June 9.

1899—James J. Jeffries defeated Tom Sharkey in 25 rounds at Coney Island, November . 3

1900—James J. Jeffries stopped James J. Corbett in 23 rounds at Coney Island, May 11.

1902—James J. Jeffries stopped Bob Fitzsimmons in eight rounds at San Francisco, July 25.

1903—James J. Jeffries knocked out James J. Corbett in ten rounrs at San Francisco, August 14.

1904—James J. Jeffries knocked out Jack Munroe in two rounds at San Francisco, August 26.

1906—Tommy Burns beat Marvin Hart in 20 rounds at Los Angeles, February 23.

1907—Tommy Burns beat Philadelphia Jack O'Brien in 20 rounds at Los Angeles, May 7.

1907—Tommy Burns stopped Bill Squires, of Australia, in one round at Colma, Cal., July 4.

YANKEES WIN 105TH VICTORY

Tie American League Record For Games Won in Single Season.

TIGERS DEFEAT 8-7.

NEW YORK, Sept. 23.—(Canadian Press).—The Yankees tied the American League record for games won in a single season yesterday by defeating the Tigers by 8 to 7 for their 105th victory. That feat was accomplished by the Boston Red Sox in 1912. Detroit took the lead with a three run drive in the ninth only to have Babe Ruth plank out his 56th homer in the New York half with Koenig on base to decide the contest.

Establishes Record.

Lou Gehrig established a new Major League record for driving in runs when he sent two across to raise his total to 172. Ruth formerly held the record with 170 in 1921.

The Athletics took a double-header from Cleveland at Philadelphia, winning the first game by a score of 4 to 3 in 13 innings and the second by a 5 to 2 margin.

Charley Bates a rookie outfielder recalled from the Pittsfield Eastern League Club made three hits in each game. The youngster started the rallies that tied and won the opening games. His hits included a triple and two doubles and he also starred in the field with a couple of sparkling catches.

Chicago lost its 12th consecutive game yesterday when Pinch Hitter Carlyle singled in the tenth, scoring Myer from second with the run that won for the home team, Boston, 2 to 1. Up to that time the veteran Faber and the youthful McFaden had waged a pitching duel. In the fourth Metzler hurt his hand while attempting a shoe string catch in short centre and was forced to retire from the game.

Although St. Louis batsmen forced the veteran Walter Johnson to cover with one out in the fourth inning, they failed to do much with the offerings of two other Senators, enabling Washington to capture its second consecutive home game, 10 to 7. Before retiring, however, Johnson took revenge by pounding out a circuit drive.

Babe Ruth Clouts Homer Number 56

NEW YORK, Sept. 23 —(A.P.) —Babe Ruth reeled off homer No. 56, with one on base, off Pitcher Holloway of Detroit yesterday to boost his pile within three of his famous 1921 record year. With six games left for the Yankees to play, Babe needs only one homer in every two games to equal his own standard. At this corresponding period in 1921 however, the Bambino had corralled 58 round trippers, two coming in New York's 148th game.

The standing:

	Yankees'5 Game Played	Homers.
Ruth 1921	148	58
Ruth 1927	148	56
Gehrig 1927	148	45

SOCCER GAME HERE SATURDAY

"Die Hards" Versus Pick of the League at King Edward Park.

Throughout the present soccer season, many a challenge has been thrown at the present teams in the local league by the "has-beens" who have acclaimed themselves as the "Die-Hards" and are confident that they can defeat the pick of the teams in an exhibition game that will take place at King Edward Park on Saturday afternoon at three p. m. Referee will be Alex. Mitchell who refereed last Saturday's game.

Nobody will devulge the chosen eleven of the "Die-Hards' but every fan will be anxious to view some of the old reliables who will demonstrate the scientific code to the advantage of the younger element.

NEWSPAPER ROW.

SOLDIERS FIELD, Chicago, Sept. 23.—(Canadian Press).—Newspaper row had a capacity gathering, whether or not any other section was filled to its limit. Holders of the newspaper or radio "Annie Oakleys", were among the first to jump on the scene. More typewriters and telegraph instruments were clicking and more "mikes" in operation than at any previous sporting event in history. There were 430 occupants of the four press rows.

Jeffries Present.

Jim Jeffries, heavyweight champion more than twenty years ago, who has, yielded to the modern demand for "experting" was at the ringside. Tom Sharkey, who gave Jeff one of his toughest battles, also was on hand to dictate his impressions.

TUNNEY RETAINS HEAVYWEIGHT CROWN ON POINTS

Outfights Dempsey In Most of Rounds Of Fight at Chicago

Former Champion Badly Cut and Bruised Toward End of Gallant Attempt To Come back —Each Fighter Floored Once in Ten Rounds.

CHAMPION FINISHES STRONG HITTING CHALLENGER MANY TIMES

Opening Rounds Listless As Men Feel Each Other Out—Neither Willing To Lead—Dempsey Fails To Take Advantage Of His Best Round.

SOLDIERS' FIELD, CHICAGO, Sept. 23—Gene Tunney, the man of destiny, is still heavyweight champion of the world, but his crown was perilously close to being toppled from his head last night by the gallant thrust of the old warrior, Jack Dempsey, in the greatest boxing spectacle of all time.

Tunney's hand was raised in victory at the end of a slashing, smashing battle, but only because he had the courage and power for a sensational finish after being knocked down for a count of nine in the seventh round by Dempsey's vicious, two-handed attack.

Only one second, in this seventh round, separated Dempsey from the greatest victory of his career, and an achievement no other ex-champion has ever recorded, but Tunney, back on his feet, slipped from range, cleared his head, and weathered as stormy a session as he ever has experienced.

DEMPSEY BLIND, BATTERED, HELPLESS

Safely past that crisis, Tunney finished the last three rounds like a champion, regaining confidence, taking the aggressive and beating Dempsey into defeat with a two-handed, well-timed attack to the head. With his title in danger, Tunney had the stuff to put on a victorious rally.

At the close of the final round Dempsey, both eyes cut and badly bleeding, was groggy and reeling, "out on his feet." So battered was the old champion, his last charge expended, that he did not seem to know the battle was over and had to be led to his corner.

Count In Seventh Questioned.

Tunney's victory was not without its dispute, however, for there were scores in the ringside section who thought the champion was saved from losing his crown in the seventh round by a count that was actually several seconds longer than the toll of nine.

It was unquestionably a "long count"—from 12 to 14 seconds in all, to take the varying count of ringside observers—but its explanation lay in the fact that Illinois boxing rules compelled the boxer scoring the knockdown to go to his corner before the count starts. The time elapsing durng Dempsey's backing off to a corner accounted for the late start of the count, Boxing Commissioners explained.

Tunney took the count with his left hand holding the ropes. He was groggy and in bad condition, but fully conscious of the mount. Had it started sooner he probably would have been able to regain his feet, but he might have been wabbler and an easier target. As it was he had the advantage of the few seconds' added rest, a chance to collect his faculties and ward off Dempsey's attack.

Craftier, Stronger, Faster.

The mightiest throng in United States sporting history, estimated at 150,000, paid the record-smashing sum of $2,800,000 to see the handsome ex-marine weather the spectacular challenge of the old mauler, and to defeat, as convincingly if not as decisively, the man from whom Gene took the crown a year ago in the rain at Philadelphia.

Victory unquestionably went to the better man, the craftier boxer, faster and stronger, but was his only after the closest call he has ever had.

In a setting that could scarcely have been more picturesque had it been painted by a master's brush, a crowd of 150,000 spectators jammed in the blackness of night into Soldiers' Field.

An acre or more of human beings paid the staggering sum of $2,800,000, the richest gate in boxing history, to see and form the background of the great spectacle. The stupendous crowd was a record-breaker, eclipsing the previous high mark of 130,000, with gate receipts of nearly $2,000,000 at the battle at Philadelphia a year ago when Dempsey, in a pouring rain, lost his title to Tunney.

Crowd Is "For" Dempsey.

This tremendous crowd, attracted to the biggest arena in America, gathered to witness the most-talked-of battle in all the history of glove contests, and for the greatest purse ever offered — $1,000,000 to the champion and $450,000 to the challenger. It was strictly a Dempsey crowd, four out of five puling for the popular Manassa Mauler to regain his lost honors.

It was a magnificent spectacle. Each person seemed conscious of the fact that he or she was forming an important part of a human design that settled itself in the monster horseshoe-shaped concrete bowl, closed on both sides and round at the south end, with temporary seats closing the north end.

The crowd, gathering slowly and orderly in the dusk, filed out of the stadium as orderly as it came in. It was splendidly handled, a typical Tex Rickard fight crowd, handled with his customary efficiency.

Gazing at the crowd from the ring, flooded with light, the spectators looked like a closely woven fabric—a sea of faces everywhere. Industrial leaders of America, bankers, millionaires, others not so high, a page ripped from Who's Who, made up the vast assemblage.

How the Throng Reacts to Bout.

The spectators came from the four corners of the nation. The multitude made unconditional surrender to its emotional surge when Tunney and Dempsey boxed. One second the crowd sat stiff, under the spell of excitement, the next second the spectators were jumping up and down, cheering madly as the tide of battle shifted. It was the fistic drama of all time.

When the first preliminary started and the ring was flooded with light, the spectators became a sea of faces as far as the eye could reach. The crowd to the north of the ring, however, became a black mass as there were no illumination in that sector, except the red glow of burning cigars and cigarettes percing the night like fireflies.

The first signs of life from the stupendous crowd came in the second preliminary when Chuck Wiggins of Indianapolis, sparring mate of Tunney's, began to wallop Jimmy Byrne of Louisville in a furious exchange along the ropes. The spectators swelled into a tremendous roar with handclapping and whistling. It was the initial outburst of the night.

Plenty of "Cauliflowers" There.

All the celebrities of fistic North America, with one exception, were in evidence around the ringside. That exception was Jack Kearns, who piloted Jack Dempsey into a championship when the Mauler battered Jess Willard into a helpless hulk at Toledo back in 1919 and who guided Dempsey's business affairs until about two years ago. Kearns, who sued Dempsey in every Court in which proceedings could be instituted, was nowhere in sight.

As soon as the gates were opened at 5 p.m. the crowd started popping through the turnstiles. The stream of fans was guided to the gates by solid lines of police and ushers. There were in excess of 2,500 police, all in uniform, stationed at the fifty entrances.

Another crew of sentries, ticket inspectors and ushers directed the spectators to their wooden benches and chairs making up the 40,000 "ringside" seats or the permanent seats in the horseshoe-shaped structure.

More than 5,500 ushers, police and other employees comprised the crew that handled the crowd.

George F. Getz, millionaire coal operator, associated with Rickard as the legal promoter of the bout, to comply with the Illinois Boxing Law, showed up at the ringside before 7 o'clock.

Speculators Are Hooked.

Money poured into the Rickard coffers all day long yesterday as the fans made a last-minute rush for seats at ticket headquarters, as well as at the temporary booths at Michigan Boulevard and Eleventh Street, the best single day's sales were recorded.

Others of the ticket-selling fraternity did not fare so well. The speculators were running around frantically unable to dispose of what they expected to be much-demanded pasteboards. Five hours before the bout, some were being sold at the price stamped on the tickets, while others were being peddled at a reduced rate. Many of the $40 seats went for $35, with a corresponding decrease in price down the line.

As the time of the contest drew near the prices the speculators demanded grew less and less, and some of the tickets went a-begging at half the stipulated amount. The speculators mingled in the throngs on Michigan Boulevard, but most of the crowd scurried by intent on getting to seats already purchased.

VICTOR AND VANQUISHED

Gene Tunney successfully defended the heavyweight title last night against Jack Dempsey when he carried off judges' decision in 10 round match before record breaking crowd of 150,000 that paid $2,800,000 to see slashing battle.

Outside of the seventh round and a few briefly sustained drives at other stages, Dempsey was outboxed and outfought by the champion who seemed much stronger and faster. He was staggered in fourth round and in tenth was on verge of going down, under heavy barrage. The old mauler kept plunging in but he was too tired to last, both eyes bleeding profusely from cuts and his resources almost expended. The decision of the two judges and the referee, Dave Barry, was unanimous.

At left Jack Dempsey, ex-champion and challenger, at right champion heavyweight of the world.

PIRATES HOLD LEAGUE LEAD

Divide Double Header With the New Yorkers With 5-2 Victory.

LOSE SECOND 7-1.

NEW YORK, Sept. 23.—(Canadian Press).—The Pirates retained their three and one half games advantage over the Giants yesterday by dividing a double header with the New Yorkers before 40,000 Pittsburgh fans, the largest crowd to witness a National League engagement in this city. Ray Kremer twirled the League leaders to a 5 to 2 victory in the opener while Fitzsimmons hurled a 7 to 1 verdict for New York in the closing contest.

Rogers Hornsby hit a home run in each game with a man on base, bringing his season's total to 26.

Benton, who started for the Giants in the initial battle, gave way in the fifth to a pinch hitter after the Corsairs had scored all their runs, four of which came in the third. Plitt, recently acquired from Brooklyn, and Faulkner, succeeded Benton on the peak.

The second game was started by Aldridge for the Pirates but he was driven from the mound before the first inning ended. With two down Hornsby lifted his second homer of the day on top of Roush's single. Terry doubled and scored on Jackson's single. Dawson replaced Aldridge and retired the side. Dawson was replaced by Perry in the ninth.

Fitzsimmons gave only six hits, one of which was a home run by Joe Harris in the fifth.

Charley Root registered his 26th victory of the season when Chicago bunched hits behind Pruett's wildness to take the first game of the Chicago series from Philadelphia, 8 to 4. Hack Wilson tied the count for the Cubs in the sixth inning after the visitors had taken the lead, by smashing out his 28th homer of the season, tying Cy Williams of the Phillies in the National League circuit driving race.

The Reds downed the Robins twice at Cincinnati, 2 to 1, in 12 innings, and 4 to 3, Donohue winning his own game in the nightcap with a single in the fourth that sent what proved to be the deciding tally over the plate.

The waning pennant hopes of the St. Louis Cardinals were bolstered up yesterday when the Cards rallied in the ninth inning to win the first game of the St. Louis series from the Boston Braves, 6 to 5, and to take undisputed possession of second place.

The Cards now are three games behind the League-leading Pirates and the Giants, who split a double header with the Pirates, are three and a half games behind.

It was a pitchers' battle, Haines and Sherdel for the Cards, allowing seven hits, and Greenfield and Robertson for the Braves allowing eight.

The Braves went into the lead in the seventh with two runs, only to be overtaken in the same frame by the Cards who added two runs. Boston again spurted into the lead in the eighth with two runs. Singles by Southworth, Torpocer and Douthit, together with a sacrifice, a walk and a Brave error, gave the Cards the tying and winning runs in the ninth.

Thirty per cent of American men and 67.1 per cent of the women are total abstainers, an estimate shows.

HEAVYWEIGHT HISTORY OF RING

The list of principal fights for the title since 1892:

1892—*James J. Corbett knocked out John L. Sullivan in 21 rounds with big gloves at New Orleans, September 7.
1894—James J. Corbett stopped Charley Mitchell in three rounds at Jacksonville, Fla., January 25.
1897—*Bob Fitzsimmons stopped James J. Corbett in 14 rounds at Carson City, Nev., March 17.
1899—*James J. Jeffries stopped Bob Fitzsimmons in 11 rounds at Coney Island, June 9.
1899—James J. Jeffries defeated Tom Sharkey in 25 rounds at Coney Island, November 3.
1900—James J. Jeffries stopped James J. Corbett in 23 rounds at Coney Island, May 11.
1902—James J. Jeffries stopped Bob Fitzsimmons in eight rounds at San Francisco, July 25.
1903—James J. Jeffries knocked out James J. Corbett in ten rounrs at San Francisco, August 14.
1904—James J. Jeffries knocked out Jack Munroe in two rounds at San Francisco, August 26.
1906—Tommy Burns beat Marvin Hart in 20 rounds at Los Angeles, February 23.
1907—Tommy Burns beat Philadelphia Jack O'Brien in 20 rounds at Los Angeles, May 7.
1907—Tommy Burns stopped Bill Squires, of Australia, in one round at Colma, Cal., July 4.
1908—*Jack Johnson defeated Tommy Burns in 14 rounds at Sydney, New South Wales, the police interfering, December 25.
1909—Jack Johnson knocked out Stanley Ketchell in 12 rounds at Colma, Calif., October 16.
1910—Jack Johnson knocked out James J. Jeffries in 15 rounds at Reno, Nev., July 4.
1912—Jack Johnson beat Jim Flynn in nine rounds at Las Vegas, N.M., the police interfering, July 4.
1913—Jack Johnson beat Frank Moran on points in 26 rounds at Paris, France, June 27.
1915—*Jess Willard knocked out Jack Johnson in 26 rounds at Havana, April 5.
1916—Jess Willard defeated Frank Moran by popular verdict, no decision, at New York, March 25.
1919*—Jack Dempsey knocked out Jess Willard in three rounds at Toledo, Ohio, July 4.
1920—Jack Dempsey knocked out Billy Miske in three rounds at Benton Harbour, Mich., September 6.
1920—Jack Dempsey knocked out Bill Brennan in 12 rounds at New York, December 14.
1921—Jack Dempsey knocked out Georges Carpentier, of France, in four rounds at Jersey City, July 2.
1923—Jack Dempsey won on points over Tom Gibbons, of St. Paul, in 15 rounds at Shelby, Mont., July 4.
1923—Jack Dempsey knocked out Luis Firpo in two rounds at New York, September 14.
1926—*Gene Tunney defeated Jack Dempsey in ten rounds at Philadelphia, September 23.
1927—Gene Tunney wins decision on points over Jack Dempsey in 10-round bout at Soldiers' Field, Chicago, September 22.

*—Title changed hands.

YANKEES WIN 105TH VICTORY

Tie American League Record For Games Won in Single Season.

TIGERS DEFEAT 8-7.

NEW YORK, Sept. 23.—(Canadian Press).—The Yankees tied the American League record for games won in a single season yesterday by defeating the Tigers by 8 to 7 for their 105th victory. That feat was accomplished by the Boston Red Sox in 1912. Detroit took the lead with a three run drive in the ninth only to have Babe Ruth plank out his 56th homer in the New York half with Koenig on base to decide the contest.

Establishes Record.

Lou Gehrig established a new Major League record for driving in runs when he sent two across to raise his total to 172. Ruth formerly held the record with 170 in 1921.

The Athletics took a double-header from Cleveland at Philadelphia, winning the first game by a score of 4 to 3 in 13 innings and the second by a 5 to 2 margin.

Charley Bates a rookie outfielder recalled from the Pittsfield Eastern League Club made three hits in each game. The youngster started the rallies that tied and won the opening games. His hits included a triple and two doubles and he also starred in the field with a couple of sparkling catches.

Chicago lost its 12th consecutive game yesterday when Pinch Hitter Carlyle singled in the tenth, scoring Myer from second with the run that won for the home team, Boston, 2 to 1. Up to that time the veteran Faber and the youthful McFaden had waged a pitching duel. In the fourth Metzler hurt his hand while attempting a shoe string catch in short centre and was forced to retire from the game.

Although St. Louis batsmen forced the veteran Walter Johnson to cover with one out in the fourth inning, they failed to do much with the offerings of two other Senators, enabling Washington to capture its second consecutive home game, 10 to 7. Before retiring, however, Johnson took revenge by pounding out a circuit drive.

Babe Ruth Clouts Homer Number 56

NEW YORK, Sept. 23 —(A.P.)—Babe Ruth reeled off homer No. 56, with one on base, off Pitcher Holloway of Detroit yesterday to boost his pile within three of his famous 1921 record year. With six games left for the Yankees to play, Babe needs only one homer in every two games to equal his own standard. At this corresponding period in 1921 however, the Bambino had corralled 58 round trippers, two coming in New York's 148th game.

The standing:

	Yankees' Game Played.	Homers.
Ruth 1921	148	58
Ruth 1927	148	56
Gehrig 1927	148	45

SOCCER GAME HERE SATURDAY

DEMPSEY REFUSES TO KICK ON COUNT

Tunney Got the Break, He Says —Flynn Plans a Protest.

CHICAGO, Sept. 23.— (Canadian Press.)—Jack Dempsey had no further comment to make to-day concerning the 'long count" given Tunney when he floored the champion in the thrilling seventh round with a left hook to the jaw. He said that was one of the "breaks" of the game and Tunney "got the breaks, that was all"

Dempsey never has been a "squawker." Last night was no exception He accepted the decision with a smile refusing to add anything that might detract from Tunney's victory.

Leo P. Flynn, his manager, however, made the accusation that Dempsey was robbed, that Tunney had been knocked out, and that he intended to appeal to the Illinois State Athletic Commission to have the decision reversed.

IT'S BIG BUSINESS.

CHICAGO, Sept. 23. — The following figures, all estimated, were issued last night in connection with the Dempsey-Tunney bout.

Attendance	150,000
Receipts	$2,800,000
Federal Tax	$ 250,000
State Tax	$ 225,000
Tunney's share	$1,000,000
Dempsey's share	$ 450,000
Preliminary boxers	$ 185,000
Rental of stadium	$ 100,000
Incidental expenses	$ 156,000
Rickard's profits	$ 250,000

CANADIANS CARRY THROUGH QUARTER FINALS IN TOURNEY

Increases Dominion's Prospects For Capture of the Title.

MRS. FRASER IN.

Miss Ada Mackenzie Plays Sensationally in Incoming Nine Holes.

GARDEN CITY N. Y. Sept. 23. — (Canadian Press). — The brillience of Miss Ada Mackenzie's incoming nine holes and the meticulous deliberation of Mrs. Alexa Stirling Fraser's entire round carried both Canadians through the quarter finals of the women's national golf championship yesterday and made the prospect of capture of the title by the Dominion better than a 50-50 chance.

To-day, Mrs. Fraser will meet Mrs. Miriam Burns Horn of Kansas City, while Miss Mackenzie will be paired with Miss Maureon Orcutt, Metropolitan champion of New Yark.

Large Gallery.

A garllery of five hundred saw the feature match of yesterday's play, in which Mrs. Fraser of the Royal Ottawa Club broke the hope of the scintillant French golfer Mlle Simone Thion De La Chamue. The match was concluded at the 17th hole, where the Canadian was three up.

Miss Mackenzie's match was more chancey. She was two down at the turn against Miss Virginia Van Wie of Chicago, but coming home she played sensationally for a 40, two below women's par.

At the end of the first nine holes Miss Van Wie was only two strokes up on her opponent from the Queen City but these were holes. After halving the first, Miss Mackenzie got into slight difficulty which cost her the second hole. She was again caught for a stroke on the fourth and although she won the fifth, Miss Van Wie regained her advantage at the sixth. The next three were halved, leaving Miss Marckenzie two down and with a stroke of 43 against Miss Van Wie's 41.

Attacks Homeward Course.

Undismayed, the Canadian attacked the homeward course with beautiful irons. Miss Van Wie regained her advantagge of two at the 13th, but on the next she took a six while Miss Mackenzie was down in 4 and thereafter ran way with the match 4-4-4-4-4.

Mrs. Horn sprang a surprise by defeating Mrs. Honry Pressler of Los Angeles western champion 2 up and one to play in the third quarter final yesterday while Miss Maureen Orcut fought her way through by a one up margin in a 20-hole match with Miss Marie Jenney a rival for honors in the New York district.

Canada-France Battle

The Canada-France battle was won by superior steadiness at the start of the match but there were flashes of golfing genius as Mlle. De La Chaume fought to gain the lead and Mrs. Fraser to hold her advantage.

A fatal uncertainty on the greens cost Mlle. De La Chaume three of the holes while she could get no better than halves on the other two. From that point on the honors were even but the damage had been done.

One the sixth came a bit of luck for the French champion. She missed her putt by a fraction of an inch but the shot laid her opponent a stymie and gained a half at six strokes each On the short seventh, Mlle De La Chaume won her first hole of the match. Her iron shot off the tee found a fringe of grass 30 feet from the cup, but she holed out from there with a curving putt that brought a gasp from the gallery.

They halved the eighth but on the ninth Mrs. Fraser flashed a bit of her own that neutralized her opponent's brilliant stroke two holes before. She sank a 35 foot putt for a birdie four and the hole. Again she was three up.

Both suffere a reaction in their putting on the tenth and halved it in sixes. Ignoring the disadvantage of a poor drive into the rough Mrs. Fraser on the next hole stroked calmly out of trouble and lofted her next shot dead to the pin for a half.

After halving the next, Mlle. De La Chaume finally erased one hole of that depressing lead by superior putting on the 13th. The next two were halved but Mrs. Fraser's fine approach coupled with Mlle. De La Chaume's unsteady putting won the Ottawan the 16th and the match. Her mashie second was on the green and she needed but two putts to her opponents three. Mlle. De La Chaume congratulated her with a swift handshake and a smile.

Jack Not Injured So Wife Is Content

CHICAGO, Sept. 23 (Canadian Press).—Jack Dempsey went back to his wife early to-day without the "bacon" he promised to bring home.

"It's all right," said Estelle Taylor, his actress wife, when she had taken one good look. "I thought from the radio story you had been hurt."

"It's all over," Jack said. "I guess I am through fighting."

"What's the difference?" Estelle asked.

JOHNSON CHARMS NEWSPAPER MAN

Artist Is Unassuming and Virile —No Bowing or Scraping.

Not long ago in the handsome drawing room of a large house on the high bank of the River Speed, Edward Johnson, Canada's Caruso, showed the usual candid Canadianism and ingenuous simplicity, to a newspaper man. It undoubtedly would have been very painful to him if the interviewer had kow-towed and said obsequiously "Cher maitre."

You can't "cher maitre" this unassuming artist. His ambition is to avoid any epitaph such as "Born a man and died a tenor."

Great operatic art has been so traditionally European that in the presence of a great exponent of it who is unmistakably North American, an interviewer needs a new orientation. Scrapes and bows, shrugs and gestures, scraps of Italian and French are poor baggage to take into Edward Johnson's presence.

His smile of welcome was such a friendly one, his hand clasp had such authentic pressure, he was so hospitably attentive in placing a deep arm chair for his visitor, that a Malvolio might easily have imagined that it was he, not Edward Johnson, who was the great man.

As soon as he began to talk, a genuine connoisseur of men, even if he had not known who this perfect host was, would at once have seen that he possessed a striking personality. He talked with the shy grace and enthusiasm of a young poet but at the same time with the level-headed sanity of a man of large affairs.

That combination of careless charm and exact statement of abandon and poise, of poetry and prose is the same kind of mental and cultural discipline that he has exhibited in his platform and stage craft.

Lyrics Of Life

(By Douglas Malloch.)

MAN, THE TERROR

We set a trap to catch a rabbit in,
Out looking for a living, like ourselves,
And think a hungry mouse commits a sin
Who takes a morsel from our well-filled shelves.
When we're too tired to walk, we whip a horse
Who slows a little on a weary hill,
And, when we want to play, go forth, of course,
To look at Nature's wonders, and to kill.
The squirrel runs to cover when we come,
The little birds behold, and cease their song,
Joy made them sing, now fear has made them dumb,
For here comes man, the cruel and the strong.

Yes, here is man, and let all feathered things,
All furry things, all helpless things, beware,
Above we hear the whir of frightened wings,
Below we hear a frightened step somewhere.

We tramp like giants on a lovely earth,
We stride like ogres through a fairy-land,
And where we come there is an end of mirth,
A fear in hearts that cannot understand,
For Man, the Terror, is abroad today,
His fellow-creatures now must refuge find,
It fills my soul with shame. I know that they
Must have a poor opinion of mankind.

(Copyright, 1927, Douglas Malloch.)

REGENT THEATRE VERY BEAUTIFUL

Striking New Decorations Made the Interior Very Attractive.

Following out an exceptionally artistic scheme of decoration, the Regent Theatre on Hunter street, reopened recently after a month's closing, has been transformed into one of the most attractive playhouses in town.

Using the color scheme of warm grey, which Ambrose Small, veteran theatrical man, always declared was the only tint for theatre interiors, enlivened by the glowing tints of gold and wine color, the theatre is especially inviting. The work was executed by one of the members of the theatre's staff, A. Pooley, who showed much artistic taste and perception in his handling of the dignified and inviting decorative scheme. Using his own stencils and designs throughout, with graduated panels formed to follow out the proportions of the building, he tinted the rough sand walls in warm grey, with fresco paint, and decorated the panels in a formal, conventionalized pattern of elongated streamers, rosettes and baskets, done in black and gold, in an effective design. A frame of black and gold outlines the screen, and floral scrolls in the same colors, with monogrammed centres, appear above it, while gilding and black paint also decorate the latticed section on the front wall. Lighted rose-colored lattices appear above the side exits, with rose-shaded lights against the walls, and deep wine-colored velvet curtains at the rear of the theatre, where the former latticed section has been removed, allowing for greater space and air facilities. Mahogany trimmings to the woodwork and wine-colored doors match the mahogany seats with their air cushions that make for comfort, while radiator latticed covers are painted in cream with artificial foliage wreaths for adornment.

In the balcony, where extra space now makes the total seating capacity of the theatre over seven hundred, the decorative scheme of the walls have been continued in smaller patterns to suit the panelled spaces, and the chair backs have been upholstered in rose-colored plush.

The lobby downstairs has been arranged in an entirely new and interesting fashion, with the same color scheme of black and gold carried out in the decorations. The woodwork has been re-varnished, the handsome wall paper freshened, and an inlaid tile linoleum floor covering laid. Wicker chairs, tall floor lamps, artificial palms and ferns and wall brackets add a colorful touch to the lobby, where the ticket-selling wicket has been removed from its former position to an inconspicuous niche near the door.

A ladies' rest room, at the right of the lobby as one goes in, is fitted up in the daintiest manner and is well worth a visit to discover what artistic taste may do with such a small interior. Wicker chairs and table, the latter with a Belgian embroidery runner and bowl of bright flowers, cushions of black and rose velvet and upholstery, of dull rose and gold, tapestry papering, torcheres with amber globes, a lighted floor lamp with scissors point shade, a black and gold rug and French doors with glass panels make a very interesting setting, with vases filled with fresh flowers, renewed twice a week.

To the mechanical equipment of this theatre has been added a safety device in the automatic fire shutters of the projection booth, which close instantly when a certain degree of heat has been reached, also two high-pressure hose lines in addition to the fire extinguisher, and an auxiliary gas-lighting plant in case of failure of electricity at any time. Ross projection lens are also a novelty and will be a welcome relief to the eyes of many a fan. These new lenses throw the picture in high relief, with a quality like a stereopticon lens, to any portion of the house, and make it possible to sit near the screen with no strain on the eyes.

Mr. T. C. Ephgrave had charge of the changes in the interior of the building and the work on the lobby.

A four-piece orchestra, with Mr. J. W. Yokom, former leader of the Chemong Pavilion Orchestra, in charge, adds much to the interest of the Regent Theatre's programmes.

THEATRES

AT THE CAPITOL.

SYD CHAPLIN FILM RIOT OF HILARITY

That Syd Chaplin has a many sided genius has been proven by his widely variant screen portrayals. The skirted tomfoolery of "Charley's Aunt," "The Man on the Box" or "Oh, What a Nurse!" were utterly remote from roughneck, lovable, pensive, chuckling Old Bill of "The Better Ole," the latter part believed by many to be the most perfect comedy creation in the history of motion pictures.

Now comes another Syd Chaplin. In "The Missing Link" he offers an entirely new brand of mirth, or rather an entirely indivisual interpretation. He elaborates the power of fear. He is first seen along the London docks as a temperamental rhymster out of a job. Lord Dryden, a famous hunter, on his way to African jungles, hires him to carry his luggage aboard ship. Timorous Arthur is no sooner on deck than an escaped monkey leaps upon his shoulders causing him such panic that he hides in a closet in Lord Dryden's cabin. He is no sooner there than the ship puts out to sea.

Dryden has just received word that Beatrice Braden, daughter of the leader of his African retinue, is preparing a great reception for him. Hating women, Dryden conceives the brilliant plan of commandeering Arthur as "Lord Dryden, lion-hunter." This he does and it is not hard to imagine the complications in which the terrified Arthur becomes entangled on reaching the jungles.

There is Beatrice, for whom Arthur at once feels exaggerated love, there is the huge chimpanzee whom Arthur believes to be the "Link," there is the real "Missing Link," a grotesque monster, there are lions and head-hunting savages and all the denizens of the wild country.

How Syd meets, trembles, copes with, and finally wins undeserved honors, make a right royal burlesque, huge, Gargantuan, and unbelievably mirth-provoking.

The cast is satisfactory, the photography vivid and unusual.

AT THE REGENT.

Fidelity to realism almost claimed a victim during the filming of Warner Bros.' production of "Hills of Kentucky," starring Rin-Tin-Tin, playing at the Regent Theatre now. The company was on location on the Kern River in California. In a scene in which Rinty was supposed to leap on the shoulders of Tom Santschi, the villain, just as Santschi was embarking on the river with the girl on the raft, the raft capsized and Dorothy Dwan, the heroine, was thrown into the river with Santschi and Rinty. Miss Dwan is an excellent swimmer, and in order to save the scene, allowed herself to drift out of range of the camera. When she started to come in to shore, however, she found the current too strong. By this time Director Howard Bretherton, fearing that she was in trouble, called. Her answer was a cry for a rope. As there were many excellent swimmers present, several plunged in and finally brought her to shore.

The cameraman stuck to his post and made a record of this rescue in which Lee Duncan, owner of Rin-Tin-Tin, participated. It now reposes in the vaults of the Warner organization with other treasured film records of unscheduled studio thrills.

"Hills of Kentucky" is an adaptation of Dorothy Yost's story. Jason Robards is in the cast.

SECOND'S ANGER MADE TUNNEY 'FIGHTING MAD'

Champion Tells of Punching Out Victory After Tirade.

SMELLING SALTS HELP.

Could Have Got Up at Count of Five When Down in the Seventh Round.

CHICAGO, Sept. 23 (Canadian Press).—A stiff sniff of smelling salts and a "little hell" saved the heavyweight championship for Gene Tunney. The title-holder said so himself to-day.

The whiff of aromatic spirits and the strong language of Jimmy Bronson, Gene's chief second, sent the champion out from his corner in the eighth round "fighting mad" to whip Jack Dempsey, the punching menace, who had floored him for the count of nine in the seventh and taunted him to "Come on and fight."

In the general forum that took place at Tunney's hotel quarters after one of the greatest heavyweight fights in history, Bronson admitted that the arousing of Tunney to such a pitch that he met the tiring Dempsey at his own game and punched out a victory when the heavyweight crown seemed lost was not the object of the salts and the tirade, but it won for Tunney.

"Just a few minutes before, Jimmy told me to keep working towards Dempsey's right side to avoid the left hook," said Gene. "I did that all right until Jack wobbled. Then I went in to get him, grew careless, and the first thing I knew I was on the floor.

"My first thought were, 'What is this? How did I get here? I ought to be ashamed of myself.' That smash stunned me, but I could have gotten up all right at the count of five.

"But instead I looked across to my corner and there was Jimmy, waving to me to stay down. So I did until the count reached nine. Then I made very certain that I would be hit with no more punches like that, at least until my head cleared."

RUGBY NOTES.

About thirty-five aspirants turned out to the first uniform practice of the Junior O.R.F.U. last night.

The routine for the session consisted of running and passing the ball, falling on a loose ball, both rolling and stationary, pairing off for tackling practice, etc. Then came kicking practice with the men down the field to run the ball back, while others followed the kick down to tackle the ball carrier. Finally came a run twice aroud the park.

Now Playing

RIN-TIN-TIN IN Hills of Kentucky

Episode 5: "MELTING MILLIONS"

Comedy News Reel

Regent Orchestra — with the Latest Musical Hits.

Special Children's Matinee: Saturday, 10c.

A full practice was called for tonight.

There are still quite a number who are expected to augment the ranks that have not turned out yet, but when the squad is finally weeded out there wil be a great scramble and fight for positions. Some of the players new to junior ranks are showing much class already, and if they continue they will certainly make some for the former years' squad look to their laurels and fear for their positions.

SCHEDULE DRAWN FOR INOCULATION

Work Starts at Prince of Wales School on Monday.

The inoculations will be given at the various schools according to the schedule as published below. The work will begin at three o'clock. This is the first inoculation. The other two will be given in three and six weeks' time, concerning which further notice will be given.

Schedule.

Prince of Wales—Monday, Sept. 26
Central—Tuesday, Sept. 27.
Queen Mary—Wednesday, Sept. 28
King Edward and South Central, and King Edward School—Thursday, Sept 29.
Queen Alexandra—Friday, Sept. 30
King George—Monday, Oct. 3.

Parents wishing transportation to and from the schools should telephone at once to No. 836, giving name and address, the number of children and the school.

LAMB AND MUTTON

The meat of sheep under twelve months of age is called lamb. Spring lamb is usually divided into tender young animals under eighteen to thirty pounds dressed weight full season from early spring until June and the larger carcasses in coarser types of lamb which are marketed during the fall and winter. Hot house lamb is very early young spring lamb.

Lamb meat is, of course, immature, and experience has taught that all immature meats are hard to digest. For this reason it is not as desirable a meat as mutton.

Sheep around the age of two years make the best mutton. After this time the fat is liable to have a tallowy flavor and the flesh a wooly taste.

English people prefer mutton, but in America the reverse is usually true. No doubt the English people take better care of their mutton, but the American butcher is now learning to do so, which will encourage many to use mutton who have heretofore preferred lamb. Mutton is a maturer meat and, therefore, more easily digested than lamb and should always be used, if available.

It is very important that mutton be kept from exposure to the air, for it absorbs odors more readily than other meats.

The best way to prepare mutton is by roasting. Carefully trim off all pieces of fat and skin which smell of mutton and roast the leg of mutton in the oven until it is thoroughly cooked through.

Mutton chops make an excellent change, but should always be broiled and not fried.

If good mutton is hard to secure, ask your butcher for the largest leg of lamb, which may be from a more mature animal.

Lamb and mutton stews are indigestible mixtures, both because of the inharmonious combination of various foods cooked together and also because of the large content of fat which cannot be removed.

In order to get the most good from roast mutton or mutton chops, use only the non-starchy vegetables and such a salad as lettuce, tomatoes, cucumbers or any of the succulent salad vegetables.

Do not use any dessert with this kind of a meal, or starches of any kind, such as bread, potatoes, cookies, or rice pudding.

CHEERFUL FALL SUITS

PRIESTS EMPLOYED FOR REPATRIATION

Minister of Immigration Answers Charges Made at Synod.

OTTAWA, Sept. 22. — (Canadian Press.)—Hon. Robert Forke, Minister of Immigration and Colonization, today replied to certain criticisms of Canada's immigration policy made at the Anglican Synod at Kingston recently. Referring particularly to the employment of Roman Catholic priests as immigration officials Mr. Forke said:

"The Department has under appointment not twenty-five, but twelve, French Roman Catholic priests, eleven of whom receive an annual salary of $600 and the twelfth $1,440. These are not employed as immigration agents, but rather as repatriation and colonization agents. Repatraited Canadians, either French or English, are not classified as immigrants. For many years the repatriation movement has been looked upon as important and various methods have been tried to bring about the return to Canada of an increased number. French Canadian priests have been employed for probably twenty-five years by successive governments as one of the most effective ways of bringing about the return of French Canadians.

DISTRICT CHURCHES

ST. PAUL'S ANGLICAN CHURCH

MARMORA, Sept. 23.—The labours of the British Columbia Coast Mission and the cruises of the motor launch "Northern Cross" formed material for an extremely interesting address which was given at St. Paul's Anglican church on Sunday morning by Canon W. A. Rushbrook of Prince Rupert. The Canon has for a number of years been in charge of this Mission which ministers to a greater variety of needs than most of our Canadian missions. By use of the missionary launch "Northern Cross," Canon Rushbrook, with his helper has for the past sixteen years visited the lighthouses off the north western British Columbia coast, lumbering and mining camps, Indian reserves and Icelandic settlements. To use his own words, going through storm and sunshine, fog and snow, he has only missed two services. After Nov. 1st he will be succeeded on the "Northern Cross" by Rev. Mr. Jennings. Choosing "The field is the world" as five introductory words, he addressed the goodly-sized congregation for almost an hour on the subject of the Mission. He first referred to the stupendous and awful beauty of the coast and its interesting animal and vegetable life. "If you mingled among the people," he remarked, "more emphatic would you find the unprecedented and unparalled opportunity for spiritual investment as well as for financial investment."

Referring next to the "Northern Cross," a boat forty-five feet in length, he claimed it to be the speediest boat in those northern waters. He humorously remarked that he had yet to ride in a parson's auto (his own). In his early days he had ridden in Ontario on an horse. For the past sixteen years his boat had held its own. It had beaten for speed that of a Methodist parson and that of a Methodist doctor, besides others of competing Indians and had been awarded an handsome cup. Canon Rushbrook assured the ladies that the hardest part of his work was not the religious side. He had been his own cook on the boat all the time as well as its captain, and after sixteen years was able to eat anything from a cockle to a whale steak.

He thought for himself that it took more of the grace of God to attend to cooking and its attendant duties than to take services. Continuing, he asked for prayers for the work of the "Northern Cross." Its work would be useless without the Spirit of the living God pervading it. Canon Rushbrook then gave glimpses of the various sides of his work which takes him a journey of 800 to 1000 miles every month. Three things borne by the "Northern Cross" were the gospel of good cheer, good literature and the ministrations of the Church. Medical aid is obtained by the mission for sufferers in remote places as part of the gospel of good cheer. In speaking of the Icelanders, fifteen thousand of whom are resident in Canada at the present time, he said that in their settlement upon Smith Island, he had found a splendid type of countryman. They were fine, morally upright fellows. Iceland contributed more per capita to the Great War than any other nation. Speaking of their customs, he mentioned that when a child was baptized, the sign of the Cross was made over its heart as well as upon its brow. In conclusion he said that the greatest difficulty facing him in his work was not the storm, wind or fog, or rocks or opposing will of men. The thing destroying the effectiveness of the Church of Christ and undermining the morale of men was the maladministration of liquor by Government Control Boards. While the offertory was being taken, a special quartette, consisting of Messrs. W. A. Sanderson and W. Lester, Mrs. G. R. Hartley and Mrs. H. R. Pearce rendered very pleasingly, "The Radiant Sun." Canon Rushbrook also preached at Holy Trinity in the afternoon and at Deloro in the evening and addressed a large attendance at St. Paul's Sunday school. Harvest thanksgiving services were announced to take place in the parish on Sunday, October 2nd, when the special preacher will be Rural Dean.

KIWANIS MUST WIN TO-MORROW

Play Moss Park Bantams Here in Second Game of Finals.

WELL WORTH SEEING.

The Moss Park Ball Club, O.B.A.A. champions of Toronto, will meet "Bo" Hunt's stronger line-up tomorrow at 3 p.m., Riverside Park, in the second game of the play-downs for the Ontario championship. The Kiwanis team lost out by a narrow margin in the first game, played last Saturday in Toronto, but are confident of their ability to reverse the verdict this time to even up the verdict. They must win to stay in the running.

Public Notice

On account of the Jewish New Year's we will be closed next Tuesday and Wednesday. To make up for being closed these two days we are offering special bargains for Saturday and Monday, such as were never heard of before right in the heart of the season. We are just mentioning a few prices below—and the prices on the rest of the goods will also be reduced.

MILLINERY. We have a large supply of Felt and Velvet Hats, ranging from ..... 98c to $4.98
$18.50 LADIES' BLUE MANNISH STYLE CHINCHILLA COATS for $9.98
$24.50 SUEDINE AND BROADCLOTH COATS, fur collar and cuffs, at $14.98
$35.00 PINPOINT AND PLUSH COATS at $22.98
$32.00 MEN'S BLUE OVERCOATS, with plush lining, at $19.98
$22.00 MEN'S BLUE AND GREY SUITS at $12.98
$15.00 BOYS' FOUR-PIECE SUITS at $9.50

BEDS, SPRINGS AND MATTRESSES
$10.00 LAYER FELT MATTRESS at $6.49
$7.50 PURE FELT MATTRESS at $4.98
$6.50 SAGLESS SPRING at $3.98

Hundreds more bargains which we cannot mention here. A trip to this Store on either of these two days—Saturday and Monday—will show you how to save many dollars.

IN MEMORIAM.

In loving memory of Alfred Delong, who died September 23 1924:
Yes, dear father, how we miss you;
But you've gone to happy rest
Where the angels throng around you.
And they'll crown you with the blest.

All your days of pain and sorrow;
All your weary nights are past.
All earth's trials for you are ended
You are safe in heaven at last.

VOL. LX., No. 71 | PETERBOROUGH, SATURDAY, SEPTEMBER 24, 1927 | PRICE THREE CENTS

LABOR PARTY HAS CHOSEN 468 CANDIDATES IN BRITAIN

Will Contest Even More Seats in the Next General Election.

PARTY IS STRONGER.

Cook's Industrial Alliance of Important Unions is Given Death Blow.

LONDON, Sept. 24 (United Press). —Labor's determination to get back into power as soon as possible is seen in the revelation that 468 candidates are ready for the next election and that this number will be considerably increased.

The selection of candidates is still proceeding, and the total membership of the Labor party is now placed at 3,500,000. Even its income has increased by £5,000 last year, making a total annual income of £46,500, and, in spite of the Trade Unions Bill, it is obvious that Labor's power to fight in the next election is increasing steadily.

Meanwhile two important Labor developments are reported to-day. A. J. Cook's project of an industrial alliance of the biggest unions with a general executive which would act like a general staff for Labor in the fighting of industrial disputes, has been given a death blow by Ernest Bevin, secretary of the Transport Workers' Union, who has informed the members of this union that he has decided to terminate his association with the proposed industrial alliance. The union has restored the old rule which vests sole authority in its executive and a single delegate at conferences.

FIRE VICTIMS ARE INTERRED

Twenty Bodies Encased In Two Coffins—Few of Parents Present.

REST AWAY ON HUNT.

BEAUVAL, Sask., Sept. 24.—(Canadian Press). — The closing chapter of the tragedy attending the destruction by fire of the Catholic mission in this remote settlement last Monday, was sealed yesterday with the burial of the twenty victims who were trapped in the building. Two coffins sufficed to hold the cremated remains, one containing the ashes of the nineteen boys who died in a corridor of the upper storey, while the second encased Sister Lea, who sacrificed her life in her attempt to rescue the inmates. Only a few of the bereaved parents were present at the funeral, the greater portion of the native population having departed on the annual pilgrimage into the northern wilds in search of furs.

LEAGUE OUTLAWS AGGRESSIVE WARS

Adopts Resolution Introduced By Delegate From Poland.

GENEVA, Sept. 24 (Canadian Press).—The League of Nations Assembly today adopted by a unanimous roll-call vote the recently introduced Polish resolution outlawing war of aggression.

The resolution solemnly declares that "all wars of aggression are and always shall be prohibited and every pacific means must be employed to settle disputes of every description which may arise between states." It binds the states which are members of the league to conform to the principles thus enunciated. M. Sokal, the Polish delegate, who introduced the resolution described it not as a diplomatic instrument but as a strong recommendation by the Assembly.

KOENNECKE LEAVES ANGORA FOR BASRA

German Aviator On Second Leg of Flight To U. S.

ANGORA, Turkey, Sept. 24 (Canadian Press).—Lieut. Otto Koennecke, German long distance aviator, hopped off this morning on the second leg of his flight from Cologne, Germany, to North America by the eastern route. His immediate goal is Basra, Irak, at the head of the Persian Gulf. He hoped to cover the 1,050 miles by this evening.

Leaves Intended Husband Legacy

ARLINGTON, Mass., Sept. 24 (Canadian Press). — Mrs. Florence Story intended to marry Patrick C. Murdock of Prescott, Ont., her will revealed. She left him $1,000.

Sir George Foster Attends Convention

WINNIPEG, Man., Sept. 24.—(Canadian Press.)— Sir George Foster, former Minister of Trade and Commerce, will be present at the Conservative convention in Winnipeg Oct. 10, it was announced yesterday.

Citizens are co-operating cordially with the convention housing committee in its efforts to get all the accommodation required for more than two thousand of the delegates and their friends who will attend. A large number of citizens have informed the housing committee that they will be glad to place some of their rooms at the disposal of visitors.

BISHOP O'BRIEN CONSECRATED 14 YEARS AGO

Memorable Ceremony of Sept. 24 Is Recalled By Anniversary.

CROWDED SANCTUARY.

Fourth Bishop of Diocese of Peterborough is Native of City.

Fourteen years ago to-day the Rt. Rev. M. J. O'Brieon, D.D. was consecrated Lord Bishop of Peteborough.

One hundred and sixty archbishops, bishops and priests gathered in Peterborough for the ceremony, and letters of regret were received from other church dignitaries, and also from members of Parliament, judges and prominent business and professional men who were unable to be present for the occasion.

Between four and five thousand people assembled at the C.P.R. station to welcome the Apostolic delegate to Canada, Mons. Stagni. At the station was Rev. M. J. O'Brien, Bishop-elect and a representative of the local clergy.

The band of the 57th Regiment rendered Gounods "Ecce Sacerdos Magnus" during the preliminaries following the arrival of the special train.

After being welcomed by clergy and laity, His Excellency, seated with the Bishop-elect in a carriage drawn by four dappled grey horses, headed a procession of nearly four thousand persons which marched by way of George Street to Brock Street, thence to St. Peter's Cathedral. There the procession halted, while between seven and eight hundred school children rendered in chorus a number of hymns of welome.

Monsignor Stagni was met at the Cathedral by the rector, Rev. Father McColl, Rev. J. J. O'Brien, who with Rev. Dr. O'Brien, preceded him to the sanctuary.

Rev. Dr. O'Brien read an address of welcome, acknowledging the appreciation of clergy and laity of the honor of the visit from the delegate.

An address from the committee of welcome representing the local laity was read after Rev. Dr. O'Brien concluded his address. His Excellency suitably replied.

On the following morning the consecration of Rt. Rev. Dr. O'Brien was consummated with an ecclesiastical pomp and circumstance unsurpassed in Canada by any similar ceremony. The occasion was a memorable one and will never be forgotten by those who were privileged to be present. The honor of the presence of the representative of Holy See at his consecration was one that had been accorded to a single episcopal postulant for consecration previous to Rt. Rev. Bishop O'Brien, and from the added fact that His Excellency was assisted by three Archbishops and fourteen bishops representing almost all the chief dioceses, the occasion gained in significance. The sermon preached by Archbishop McNally of Calgary was a happy combination of spirituality and intellectuality.

The city was represented by a deputation from the Council, which occupied the front seats on the east side of the body of the church.

The ceremony was begun after the Bishop-elect had taken his oath. Then came his examination and response to the prescribed questions.

Then the book of the Gospels was placed on his shoulders and the Consecrator and assistant Bishop touched with both hands the head of the Bishop-elect, saying, "Receive the Holy Ghost." Following the blessing and imposing of the crozier, "the staff of the pastoral office," and next the blessing and investure of the ring, "the symbol of fidelity."

Then the Consecrator took the book of the Gospels from the shoulders of the Bishop-elect and said, "Receive the Gospel and go, preach to the people committed to thee." The kiss of peace was given by the Consecrator and assistants, and Rev. M. J. O'Brien, a Peterborough boy, became the fourth bishop of the Diocese of Peterborough.

THREE MENTIONED FOR CONSERVATIVE LEADERSHIP

Here are three of the Conservative leaders who are regarded as likely candidates for the leadership of the Conservative party in Canada at the Winnepeg convention in October in succession to Rt. Hon. Arthur Meighen. From left to right they are Hugh Guthrie, who is temporary leader of the party; Premier G. Howard Ferguson of Ontario, who has said he doesn't want the leadership but whose name will be put forward by Ontario Conservatives nevertheless, and R. B. Bennett, Calgary, Alta.

Physicians Advised To Use Psychology

NE WHAVEN, Conn., September 24. — All patients should be treated by psychological methods, accordin gto Sir Bernard Hart, of London. He told the American Clinical Congress at Yale yesterday that not only nervous and mental cases could be reached best in that manner, but that it is the logical approach to every patient.

Dr. Frank Hallock, of Cromwell, Conn., said psychology should be taught in every medical school.

Dr. Frederick Flinn, of Columbia, declared lead poisoning has entered two hundred industries and is a serious complication in medicine.

Dr. Leroy Miner of Harvard Medical School, said that not only are mouth infections serious because of local complications, but they caused arthritis, nephritis, and even premature senility.

VATICAN ORGAN CONDEMNS BOUT

Newspaper Calls Fight Morbid Display To No Beneficial Purpose.

AROUSES LOW PASSIONS.

ROME, September 24 (United Press)). — Whatever anyone thinks about the Tunney-Dempsey fight, The Observatore Romano, the official organ of the Vatican, thinks it was terrible.

The newspaper, in an editorial yesterday, protests heatedly against popular support of such spectacles.

"One of the most incongruous and queer spectacles of modern civilization," the editorial calls the fight. "A morbid display, with fabulous sums and complicated arrangements dedicated toward no beneficial purpose, but simply to gloat for a few minutes over a desperate struggle between two men, rousing base passions in thousands.

"Only ironically can such a gladiatorial show be termed the manly art of self-defence," the editorial continues. "We never shall cease to protest against this colossal arousing of the lower passions ,but especially on this occasion we must protest against the improper use of the Chicago Stadium dedicated to the healthy physical development of the youth of the country and consecrated memorably b ythe Eucharistic celebrations held there."

CAMERA CLUB IS PROPOSED

F. C. McNeeley Wishes To Hear From Those Interested.

MANY IN CITY.

Encouraged by the success attendant on the Stamp Club, which came into being in the Y.M.C.A. at the conclusion of the Peterborough Boys' Hobby Show, held last May, Fred G. McNeely contemplates the formation of a Mens' Camera Club, to be run on similar lines.

Mr. McNeely inclines to the belief that there are men in the city interested in camera work, who would like to get into touch with kindred spirits. A club such as Mr. McNeely has in mind would prove a common meeting ground for all interested in the hobby.

Amateur photographers, especially those who have had previous associations with camera clubs, are cordially invited to communicate with Mr. McNeely at the Y.M.C.A.

SAINTS OPEN SCORING IN PLAY-OFF GAME IN TORONTO

Get Two Runs in First and Another in the Second.

HECKMAN VS. VERRALL.

Petes Score Seven in Second, Driving Verrall From the Mound, and Taking Lead.

At the end of the sixth inning of the game between St. Georges of Toronto and Peterborough Seniors at the Leaf Stadium in Toronto, Peterborough was leading 12 to 3, having piled up the lead in two big innings. The balance of the game will be bulletined at The Examiner office.

The line ups:

George Boyd, ss; Fraser 1b, Radke 3b, Sniderman cf, Younder 2b, Swing lf O'Driscoll, C. Swan rf, Verral p.

Peterborough: Rose 2b, Johnston 3b, Swanston c, Heckman p, Ash rf, Harrison 1b, Jim Hall lf, Jack Hall cf, Holyman ss.

Umpires—Sheppard and Burridge.

First Inning.

St. George's—Boyd struck out. Fraser singled to left. Radke bounded to Holyman whose throw to second was dropped by Rose in an effort to force Fraser. Fraser went to third on the fumble. Radke stole second. Sniderman walked, filling the bases. Younder flied to Jack Hall in short centre. Fraser score when Swing was safe on his bounder to Rose. Rose attempted to touch Sniderman who was making for second but could not reach him. Radke scored on the play. O'Driscoll bounded out, Holyman to Harrison. 2 runs, 1 hit, 1 error.

Peterborough—Rose fouled to O'Driscoll. Johnson struck out. Swanston flied out to Swing. No runs, no hits no errors.

2nd Inning.

St. George's—Swan struck out. Verral lined a single through short. Boyd singled to left and when Jim Hall let the ball get away from him, Verral scored and Boyd reached third. Fraser walked and stole second. Radke struck out. Sniderman swung with all his might but Ash made a wonderful running catch of his long hoist. 1 run 2 hits, 1 error.

Peterborough—Heckman lined the first pitched ball to Swing. Ash got a hit when his grounder toward short took a bad bound to left. Harrison singled to short centre Ash stopping at second. Jim Hall bounced a single past third scoring Ash. Harrison stopping at second. When Verral threw the ball to Boyd in an effort to pinch Harrison off second, Boyd let the ball get way from him, both runners advancing. Jack Hall doubled to deep centre scoring Harrison and Jim Hall. Holyman looped a three base hit which dropped inside the foul line just out of Swing's reach and bounded away towards the left fence, Jack Hall scoring. That finished Verral's efforts at the plate and he was replaced by Gillespie. Rose singled to left scoring Holyman. Johnson forced Rose at second, Younder to Boyd. Swanston singled to centre, putting Johnston on second. Heckman up the second time in this innings drew four to fill the bases. Ash singled to left scoring Johston and Swanston. Heckman stopping at second. Harrison was tossed out by Gillespie. 7 runs, 8 hits 1 error.

Third Inning.

St. George's—The attendance at this stage is about 7000. Younder singled over short, Swing struck out. O'Driscoll popped after which was dropped by Rose but he recovered the ball in time to throw him out at first. Swan popped to Rose. No runs, 1 hit 0 errors.

Peterborough—Jim Hall flied to Boyd in short left. Jack Hall flied to Swan. Holyman soared to Swing. 0 runs, 0 hits, 0 errors.

Fourth Innings.

St. George's — Radke up. Radke singled to right. Sniderman up. Sniderman's pop behind first was dropped by Rose who recovered in time to force Radke at second. Sniderman stole second. Younder was thrown out by Rose, Sniderman taking third. Swing up. Swing popped to Harrison. No runs, 1 hit, no errors.

Peterborough—Rose up. Ball one; strike one called; ball two; Rose was grazed by a pitched ball for a base. Johnston up. Strike one, swung; strike two, swung; ball one; foul; Johnston bounced to Fraser who threw wide to Boyd in an effort to force Rose at second. Swanston up. Sacrificed out. Heckman singled to left, scoring Rose, Johnston going to third. Ash singled to left, scoring Johnston, and putting Heckman on second. Harrison up. Strike one, swung; Harrison sizzled a single off Gillespie's glove, filling the bases. Hall up; ball one; Jim Hall popped out to Younder. Jack Hall. Ball one; ball two; Jack Hall popped to Younder, who dropped the ball, and when he recovered it he threw very bad into the stand, Heckman, Ash and Harrison scoring, but Jack Hall was beaten trying to reach third. Five runs, 3 hits, 3 errors.

Fifth Innings.

St. George's—Gillespie up. Gillespie was tossed out by Heokman. Boyd up: Boyd popped to Harrison. Fraser up. Fraser flied to Jack Hall who caught it on the run, coming in at top speed. No runs, no hits, no errors.

Peterborough—Holyman up. Strike one, swung; foul, strike two; ball 1, ball 2, ball 3. Gillespie tossed out Holyman. Rose up. Rose popped to Fraser. Johnston up. Ball one; strike one, called. Sniderman came in all the way to second to grab Johnston's fly. No runs, no hits, no errors.

Sixth Innings.

St. George's—O'Driscoll up. O'Driscoll was robbed of a sure three-base hit by a beautiful running one-hand catch by Jim Hall. Evans batting for Swan. Evans was thrown out on a snappy play by Rose. Gillespie up. Called out on strikes. No runs, no hits, no errors.

Peterborough—Swanston up. Evans now playing in right field for St. George's. Swanston went out, Younder to Fraser. Heckman went up to bat and the crowd gave him a big hand. Heckman was thrown out by Boyd. Ash up. Ash popped the first ball pitched to Gillespie. No runs, no hits, no errors.

Believed Victim Of Careless Hunters

CHILLIWACK, B. C., Sept. 24. —(Canadian Press). — Believed to have been a victim of a careless hunter, the body of Michael Doyle, aged 45, was found late Thursday night near the Vedder river dyke, five miles from here with a bullet through the back of his head. No firearms were found near the body and police believe the man was killed by a hunter many of whom have been in the vicinity of the Vedder river since the opening of the season, Sept. 15

QUAKER OATS BUYS MUFFETTS PLANT

Canadian Branch in St. Catharines To Resume Operations Soon.

ST. CATHARINES, Sept. 24 (Canadian Press). — It was announced here today that the Quaker Oats Company, manufacturers of various cereal products in Canada and the United States, has purchased the brand, goodwill, and equipment of the Muffets Corporation for the sum of 1,600,000. The Canadian branch of Muffets, which is located in St. Catharines, will resume operations within the next few days.

Had Own Troubles Filming the Fight

CHICAGO, Sept 24—(Canadian Press) — The controversial seventh round of the Tunney-Dempsey fight, which found Gene down and the title almost in Jack's hands, nearly passed without being officially recorded by the all-seeing slow motion pictures.

On a shaky platform high above the heads of the crowd and some fifty feet away from the ring, Leroy Phelps had his difficulties filming the fight for Tex Rickard.

One of his two slow motion cameras went out of commission because of the cramped position in which he was forced to erect it. With the sixth round well under way, he glanced at the other machine and saw a lens missing. It had dropped out.

Hardly any two lenses of motion picture cameras are alike, but he frantically seized the corresponding piece in the disabled camera, hammered it in with his fist and "prayed it would focus."

It did, not perfectly, but sufficiently to catch the blow that floored the champion and almost cost him his crown.

FOG PREVENTS AIR MAIL TRIAL

Letters Landed at Father Point Forwarded By Fast Train.

OUTGOING MAIL SENT.

QUEBEC, Sept. 24 (Canadian Press).—Owing to a heavy fog, it was impossible to carry out a further experiment in the carrying of mail by airplane from Rimouski to Montreal last night. With the Canadian Airways plane arrived at Rimouski on Wednesday with mail to be put aboard the outgoing Empress of Australia, it was arranged that the machine stay there to meet the incoming Empress of Scotland and to take off about five hundred pounds of mail for despatch to Montreal. However, the Empress did not arrive off Father Point until eight o'clock last night and at that time there was a heavy fog. The mail was sent on a fast train to Montreal.

SHELLS EXPLODE AT U.S. ARMY DUMP

Fire in Ammunition Pit at Baltimore Causes Panic.

BALTIMORE, Md., Sept. 24 (Canadian Press).—Fire originating in an ammunition pit at the Curtis Bay Army Ordinance Depot near here exploded shells on the loading platform nearby and spread panic among the residents of the neighborhood, but was brought under control without serious damage last night.

Blew Bedbugs Into Neighbor's Keyhole

ZWICKAU, Saxony, Germany, Sept. 24. —(United Press). —A local citizen, whose name was suppressed by order of the judge, has just been sentenced here to pay 775 marks for an act of revenge against a neighbour with whom he had quarrelled.

The vengeful one blew bed bugs through the keyhole of his neighbour's apartment.

RESUMPTION OF DISARMAMENT DRIVE SET FOR DECEMBER 1ST

France and Germany Joined in Determination To Push Things Forward.

SEEK U. S. AID.

Fear That Delay Would Ruin Chances of Eventual Success.

GENEVA, September 24 (Associated Press). — Resumption of the League of Nations disarmament drive has been provisionally set to begin on December 1.

France and Germany joined yesterday in a determined expression not to allow things to lag, both fearing that delay will ruin the chances of eventual success and achieving a reduction in armaments.

The disarmament drive will be made by the so-called League of Nations Preparatory Commission on a disarmament conference. This commission failed last spring to frame a draft treaty considered justifying the convocation of an international conference.

France is more interested in security than disarmament. Germany feels secure enough under the Locarno pacta, but is keen on getting her neighbours ,especially France, to cut down armaments to a point approximating the low German military strength.

Both nations find satisfaction in having renewed disarmament efforts assured before the end of the year, but the French delegates are particularly pleased because the preparatory commission will now be asked to study the big problem o fsecurity, a point upon which France has long insisted. The United States will have an opoprtunity to join in this work, which will be co-ordinated with the main disarmament effort.

Seek U.S. Collaboration.

Tt the accompaniment of opinions from various delegates that United States collaboration would be vastly appreciated, the disarmament committee of the Assembly voted yesterday to ask the United States not only to continue to sit on the preparatory commission, but also on the special committee which will bs created to study the best means of extending arbitration and security pacts.

It is believed that the main item on the agenda for the December session will be the actual appointment of this sub-committee and examination of the scope of its work so that arbitration and security may move along as swiftly as plans for the actual reduction of armaments.

What can really be achieved in disarmament depends in large measure, it is believed here, on the willingness and activities of the Governments to reach an accord by direct negotiations on outstanding difficulties like those on naval matters which caused the collapse of the tri-partite naval conference recently on army questions which hitherto have prevented the preparatory commission from framing any really worthwhile draft treaty.

Would Sign Clause.

With the German Foreign Minister Dr. Stresemann, announcing to the Assembly Germany intention to sign the compulsory arbitration clause of the World Court, League leaders feel that significant and practical steps have been taken in the direction of strengthening the world's peace fabric.

The puridical commission of the League Assembly like the disarmament group, yesterday approved the project of Dr. Fridtjof Nansen of Norway for negotiatios among the nations of any optional treaty for the compulsory arbitration of all disputes, at the same time laying down a particular subject for study in connection with the project.

GEORGE STREET NEW BUILDING IS WELL FITTED

Sunday School To Be Opened To-morrow Is Most Modern.

WELL ARRANGED.

Twenty-five Class Rooms of Various Sizes in Three Storey Structure.

George Street United Church now boasts one of the finest Sunday Schools in Ontario. Set back from George Street even with the church, its bright white brcik and modern style of architecture makes a fine contrast to the dark grey stone and towering massiveness of the older building. The green carpet of velvety grass before it, cut only by the gleaming white walk winding up to the entrances and, over all, the inviting shade of the giant trees, makes an altogether pleasing effect.

The outside measurements of the building are forty-eight feet by sixty-two, while a hall connecting it to the main building is eighteen feet by twenty-six. It is built of white, pressed brick, three storeys high with even walls, broken only by the numerous windows and the entrances, having no abutments whatever. In the rear, a court has been paved, making a runway to a new red brick garage behind the parsonage. Under the court is the boiler room with coal bins. The the court is the rear entrance to the Sunday School, and also an entrance to the church.

There are two entrances to the building from George Street, one into the portion connecting the new and the old building, and the other, the main entrance, into the Sunday School itself. The latter gives on to two flights of stairs, the one of the left leading down to the first floor, and that on the right to the upper stories.

The First Floor

At the foot of the stairs on both sides of a corridor are class rooms for the boys and young men's department. These rooms vary in size, the smallest holding about fifteen while some of the larger ones could accommodate about seventy-five. All are airy, with high ceilings, well lighted from large windows, with white shades and colored side drapes.

The lights are in the ceiling in most cases, although there are some very pretty chandeliers in some of the rooms, with small wall lamps, lending a pleasant air of homy coziness to the rooms. The walls and ceilings are of white plaster and the floors are hardwood throughout while the woodwork is light grained, giving all a wholesome, cleanly aspect.

At the end of the corridor, which gives on to the court through the rear door, is another corridor to the right. At the left side of this, steps lead down to the boiler room, where there are large John Inglis boilers. Through this room is the coal bin, which will hold seventy-five tons, received through coal holes in the court above. The steam from this heating plant will be used to heat the parsonage, garage, and both the new and old buildings. Further along the corridor, on the other side, is the entrance from George Street, on to a landing, from both sides of which steps lead down to the level of the first floor. At the end of the corridor is the general assembly room of the school, beneath the church auditorium. The platform has been removed from the side of this room and another has been constructed at the front, which is to the left as one enters from the corridor. To the left of the platform is a door into a large fully equipped kitchen. In the kitchen are cupboards, galvanized sinks, two gas stoves, coffee and tea urns, and electric warming ovens.

The Second Floor

From here back through the Sunday School auditorium, which seats about five hundred and fifty, along the corridors, and up the flight of stairs at the front of the building to the second floor takes the visitor to the department given over to the Ladies' Bible Classes and the Beginners' and Primary sections.

The Board Room and the rooms of the older classes are beautifully

(Continued on Page 5)

MONAGHAN TAX RATE IS FIXED

County and Township Rates Total Fourteen Mills.

SCHOOL RATES VARY.

North Monaghan Township Council met on Monday, September 19, at 7 p.m., in the Court-House. All the members were present.

The minutes of the last meeting were accepted and confirmed. By-law 901 was passed appointing John Whitfield as tax collector for 1927.

The following rates were struck for 1927:

County rates are 11 3-10 mills.

Townships rates, 2 7-10 mills.

General public school rate, 5 9-10 mills.

School Section No. 2, 16 7-10 mills.

Separate School rate, 14 mills.

I.O.D.E. MEETING.

At the regular meeting of the 57th Regimental Chapter I.O.D.E., held in the Armories this week, plans were made for holding a bridge party in the Armories on October 4th. A review of the business transacted at the last annual meeting in Winnipeg was given by the Regent, Mrs. R. Cottrell.

Says Careless Car Drivers Decreasing

QUEBEC, Que., Sept. 24. — (Canadian Press) — The number of auto drivers who are having their licenses cancelled for speeding and other infractions of the motor vehicles act is gradually decreasing, stated J. O. Boulanger deputy minister of highways, in announcing that 20 motorists had been deprived of their licenses for the week ending, September 19th.

This brings the number for the past four weeks to 50, and for the season to over 800.

TWEED FAIR GREAT SUCCESS ATTENDANCE IS ABOUT 3,500

Excellent Programme of Amusements Given on Second Day.

EXHIBITS ARE GOOD.

Three Close Horse Races Run, Two Going Five Heats.

(By a Staff Correspondent).

The forty-ninth annual Fall Fair of Tweed, which the directors claim as "The Banner Fair of Hastings County," saw its second and most important day yesterday, when judging of the exhibits took place, and an excellent programme of amusements was provided for the crowd, which was estimated by the secretary as being about two thousand in number, but which appeared to be much larger. Over seven hundred cars were on the grounds, and a popular estimate of the attendance would place it in the neighborhood of thirty-five hundred, gate receipts amounting to over $1,300.

Despite sundry light showers, the climatic conditions were excellent and a general atmosphere of interest in the Fair prevailed among the large crowd. Preparations included work by an energetic committee that paid attention to every detail and a traffic policeman was on duty in the town itself, to regulate vehicular traffic, while policing regulations in the grounds also were all that could be desired.

Racing Programme.

There were three races, a free-for-all, and a 2.30 and 2.50 event, with purses of $300 divided among them. All were well contested, and resulted as follows:

Free-for-all:

Final Directum (owned by W. C. Armstrong of Havelock), first money—2, 2, 1, 1, 1; Fred Patch (owned by J. Brown of Centerville), second money—1, 1, 2, 2, 4; Dick Sunday (owned by Thomas McCracken of Trenton), third money—3, 4, 4, 3, 2; and Hal Boy (owned by W. J. Orr of Belleville)—4, 3, 3, 4, 3.

2.30 race:

Riverside Hal (owned by V. Grant of Westport), first—1, 1, 1; Leo Stewart (owned by M. Coulter of Tweed), second—2, 3, 2; Barry Kelly (owned by Cy Garrison of Frankford), third, 3, 2, 3.

2.50 race:

Joe Turriff (owned by E. Thompson of Picton), first, 2, 1, 1, 3, 3; Silent Todd (owned by S. McQuigg of Havelock), second, 3, 3, 3, 1, 1; and Dr. Andubon (owned by Stewart Storings of Tamworth), third, 1, 2, 2, 2, 2.

Judges for the races were: D. A. Morrison, J. L. McGowan, and S. McRae, all of Tweed. Timers were: John McNaught of Tweed, George Van Koughnet of Napanee, and Fred Currie of Madoc. George O. Tice of Belleville acted as starter.

Final Directum, the horse that won the free-for-all, excited some interest with his travelling conveyance, a small motor truck built especially for the purpose, with a space just large enough for the horse and a domed tarpaulin roof. He travelled over a hundred miles in this conveyance from Lansdowne to Tweed, arriving yesterday morning.

Ladies' Work.

In the pavilion, there was some exceptionally interesting work on display, with a degree of out-of-the-ordinary skill exhibited, particularly in the sections devoted to fancy work and painting. It is seldom that a fair of this size can muster such a display of dainty handiwork, the exhibit of china being especially interesting.

A number of very original designs were noted in the fancy work section. Catching the eye were numbers of dainty pieces, outstanding among them several that included a lovely piece in natural linen, worked in silk in a design of grapes and peaches in natural tints and finished by an edging of tatted wheels. One charming dresser set was worked in flowers of Dresden pinks and blues, and a striking buffet set of white linen had yellow crochet edges outlined in black and conventional flower design in blue and gold.

CAMPBELLFORD NEWS.

CAMPBELLFORD, Sept. 24.—Mr. Howard Davidson is in town for the week-end. He has been employed by a Toronto firm of contractors at Kempville, Ont., and is being transferred to Toronto. He leaves on Monday.

Miss Thelma Nadoo motored from Montreal to spend a few days with her parents, Mr. and Mrs. C. H. Nadoo. She expects to return tomorrow.

Mr. and Mrs. J. L. Post, Trenton, motored to town yesterday afternoon. Mr. Post is seriously considering a venture into the field of small-fur farming and interviewed several local men interested in that industry. He was greatly interested in the method employed by J. S. Dickson, and intends to adopt a very similar plan; thus saving the heavy expences necessary with most other methods recommended, where hundreds of yards of fencing materials are an absolute necessity.

The veterans who are to form the firing party for the ceremony at Alderville are reminded that they are to turn out for drill at eight o'clock this evening at the armories. It is the hope of the Legion that a large number of citizens will find it convenient to attend the function as tribute to the Indians who rubbed shoulders in the ranks of the Canadian forces with the men of paler complexion. A. H. McKeel and son designed and erected this memorial absolutely gratis. The Indians supplied the necessary funds for materials and did most of the labor themselves. This makes the event of two-fold interest to the citizens of Campbellford.

EDWARD JOHNSON

WORLD'S GREATEST TENOR,

Grand Opera House Sept. 29.

Edward Johnson, acclaimed throughout the musical world as the greatest living tenor, will give a recital in Peterborough at the Grand Opera House on Sept. 29. This very special event is under the auspices of the Kiwanis Club. This is the season's musical event. If you are a music lover, if you are interested in music you cannot afford to miss this concert. Mr. Johnson requested the use of a Heintzman & Co. piano as his accompanying instrument, and for your convenience tickets for the recital are on sale at their store. Early reservations get a much superior choice.

BONAR LAW NEWS

BONAR LAW, Sept. 24.—Mr. and Mrs. William Barlow returned home on Sunday after spending a fortnight at Montreal.

Mrs. Reginald McGee spent a few days this week on the 12th Concession.

Mr. Ralph McKeown and Charlie Wellman spent a few days last week in Peterborough.

Mrs. Arthur Reid left on Thursday for Toronto where she intends to take up residence for the winter.

Mr. and Mrs. A. Thompson and Mr. and Mrs. D. Wellman motored to North Lake on Sunday last.

Mr. Walter Jones has returned home after spending a few days at Niagara Falls.

Messrs. Earnest Stiles and Clarence Wellman viisted Myersburg on Sunday.

What You Want In the WANT ADS

WESTWOOD SCHOOL FAIR DREW MANY FINE ENTRIES

Singing and Oratorical Contests Well Attended Yesterday.

OLD TIME SONGS.

Prize List Shows Varied Work Done By Pupils in Schools.

WESTWOOD, Sept. 24.—The fair at Westwood was conducted Friday, September 23, in the Community Hall and grounds adjoining, opposite the old Methodist church. Considering the uncertainty of the weather, there was a good attendance and a very large number of entries in all the sporting events.

First on the programme came the school parade, which was followed by the public speaking. The speakers stood on a truck, around which the crowd collected to listen to a fine brand of oratory from the younger generation. Towards the end of the speeches clouds gathered, obscuring the face of the sun, and the last speakers were compelled to fight against the possibility of the elements dampening the ardor of their audience. That this was done successfully is vouched for by the manner in which many hoisted umbrellas and made their stand in defiance of the rain.

After the speeches the rain abated and the singing contest was held. The singers were assisted by a poultry chorus, which did not seem to bother about them however, and with no other accompaniment they gave a very satisfactory rendition of their songs, which, it is interesting to note, were for the most part lilting melodies of other days.

By the time the races were began the sun was shining again and the competition was both numerous and keen, the three-legged race for girls being particularly replete with tumbles, caused much amusement among the spectators.

When the doors of the Hall were finally opened, to permit the spectators to view the exhibits and note the prize winners, there was a general stampede and the hall was so taxed by the seething mass of humanity that progress through it was almost impossible for some time.

The live stock judging which was held after the hall was opened took only a short time, as there were few entries. The sheep were of a fine quality, and the judge was some time deciding between the first and second, as he said it was almost a matter of "splitting hairs," or maybe it was wool, in this class.

At five o'clock the exhibitors took their exhibits and piled them into their waggons and cars to take home with them. In one instance even a sheep was put into the front seat of a sedan.

Some very pretty handkerchiefs were displayed, also spreads done in rose and blue tufted work, one of these being the handiwork of a lady of eighty-one years of age, who also exhibited a quilt in applied flowers of blue and yellow and a down comforter.

A spread was tastefully done in filet embroidery and there were many pairs of curtains, one notable pair for utility use having blue gingham hems and a design that featured the energetc lady on the Old Dutch Cleanesr tins A very odd pair of curtains in pale orange organdie had narrow rippled lace edges and bore an embroidered outline of a girl's head adorned with an applique sunbonnet of blue silk.

There was a quantity of exquisite tatted pieces, a number of spreads and quilts and hooked rugs, one round specimen of the latter with red and yellow and blue flowers and knitted edging receiving much appreciative comment, also a display of babies' knitted garments, men's pyjamas and knitted socks, and dainty things in children's dresses and aprons. Fine lingeries also was on view, and a special exhibit of children's work that included penmanmanship, colored maps, wooden taborets, waste paper baskets, and bird houses, with an interesting item in a collection of named weed seeds.

The exhibit of painting comprised a number of oil paintings in scenes and bits of still life and some lovely china, with a lot of iridescent lustre work that included a lovely tea set in Delft blue with a dull gold design. Sealing-wax novelities, beaten brass and reed work were also on view.

The home-made cooking looked very appetizing, with a display of bread, buns, cakes and pies, also a collection of preserved fruits, of eggs, dressed fowl and salads. Butter and cheese were in a corner section, and a large showing of apples, grapes and pears were on exhibit. On the wall above the cheeses hung an enormous buffalo skin from Wainwright Park, Alberta.

Flowers.

In this building also were the flowers in a noble display of asters, cacti and ball dahlias, zinnias, gladioli, salvia, pansies, petunias, sweet peas, asters, geraniums and snapdragon, with a collection of potted plants and ferns and coleus.

Outside of the pavilion, against the wall, was a long table on which were placed the vegetables; tall stalks of corn, huge pumpkins, mangold wurtzles, cauliflower, cabbages, parsnips and beets, Hubbard squash, tomatoes, onions and cucumbers, dried corn, also bags of grains of many varieties.

Live Stock.

In open stalls and in crated wagons were the cattle, swine and sheep. W. A. Martin, of Corbyville, had a large exhibit, with Yorkshire and Berkshire hogs, Shropshire and Oxford Down sheep. G. Hutchinson, of Warkworth, had Cotswold sheep, while E. Maynes of Thomasburg, had forty head of cattle, in Durhams and Jerseys, and G. A. Stokes, of Tweed, had a herd of Ayrshires. A. H. Tufts, of Tweed, showed Jerseys, and R. J. Garbutt of Belleville, had Leicester

SCHOOL FAIR HELD AT WARKWORTH

Large Attendance and Good Exhibits Feature Annual Event.

WARKWORTH, Sept. 24. — The annual Rural School Fair was held on Tuesday with the usual large attendance. The exhibits were unusually good and the sports, parades, and exercises were entered into with keen interest.

On Tuesday evening, a meeting of the executive of the Young People's Union was held for the purpose of arranging for the programme for the winter's work and to elect two officers. Miss Ruby O'Neil was chosen as second vice-president and Miss Vera Balance as first vice-president.

FIRE BREAKS OUT AMMUNITION DEPOT

Detonations Heard Within a Mile Radius As Shells Explode.

BALTIMORE, Md., Sept. 24 (A.P.).—Fire last night broke out at the army ammunition depot at Curtiss Bay and at 7.15 o'clock residents of the neighborhood reported that shells were exploding continually. The detonations were heard within a mile radius.

The exact nature and amount of explosives stored at the depot could not be immediately learned.

Curtiss Bay lies several miles southwest of Baltimore along the Patapsee River. A large quantity of ammunition and explosives had been kept there for some years. Following the Lake Denmark, N.J., disaster, however, protests against the Curtiss Bay dump were made to the War Department and part of the stores later were removed.

The fire was clearly visible from the roofs of downtown buildings.

City police and firemen were not permitted to enter the reservation, but toward 8 o'clock the personnel of the depot appeared to have gained control of the situation. Only occasional explosions were heard and the blaze appeared only as a glare near the water. Sentries stationed at all gates to the depot were under orders to give no information.

AIR RACE PRIZE MAY BE DIVIDED

Schiller and Stinson May Share Award For Spokane Derby.

BOTH FORCED TO LAND.

FELTS' FIELD, Spokane, Wash., September 24. — Officials of the New York-to-Spokane non-stop air race were expected to decide yesterday what disposition to make of the prize money in view of the fact that no plane reached here from Roosevelt Field, New York.

Eddie Stinson, of Detroit, piloting his own creation, was forced down by motor trouble at Missoula, Mont., on Thursday, and arrived here later as a passenger in the plane of R. A. Dake, a delayed entry in the Class B derby from New York.

C. A. (Duke) Schiller, pilot of the Royal Windsor monoplane, also a Stinson product ,was reported forced down at Billings, Mont., and had not reported to flight officials several hours after his agsoline "dead-line" had been reached.

It was believed probable that officials of the race might divide the prize money between Stinson and Schiller, despite the fact that neither of them completed the New York-Spokane hop. Stinson was within 200 miles of his goal when forced down.

"I had valve trouble 75 miles out of Missoula," he reported, "and when I found it took me four hours to make 100 miles, I decided to quit."

LYNX REPORTED NEAR HASTINGS

People Coming From Campbellford See Animal on Road.

SIZE OF SMALL DOG.

A large lynx was seen on the outskirts of the village here a few days ago.

A party was coming from Campbellford in the evening when, along by William Barrie's swamp, a large animal crossed the road. The travellers stopped and got a good view of the lynx, which was about the size of a small dog.

Wesley's Famous Oak Blown Down In Storm

WINCHELSEA, England, Sept. 24 (Canadian Press).—The famous oak tree, under which John Wesley, English divine, preached during the early days of his crusade out of which Methodism grew, has been blown down. The storm which raged along the Channel yesterday felled the tree which stood near the chapel

LEVINE FAILS IN RECORD HOP

American Pilot Lands in Vienna, Austria, in Pouring Rain.

ABANDONS FLIGHT.

VIENNA, Austria, Sept. 24 (A.P.)—Charles A. Levine, whose attempt to set a new non-stop distance record ended yesterday when the monoplane Columbia landed here in a pouring rain, having covered about 900 miles last night, told the Associated Press that he would abandon the rest of the flight to Delhi, the point for which he had originally set out.

Levine added that he might attempt it again at the end of October when the Iidian monsoon season has passed, using London as his starting place.

After necessary adjustments to the Columbia, Levine and his pilot, Captain Walter Hinchcliffe, said they would probably fly to Venice to see the Schneider Cup race there.

DISTRICT CHURCHES

WARKWORHT UNITED.

WARKWORTH, Sept. 24.— St. Paul's United church held anniversary services on Sunday. The church was newly decorated for the occasion. Both services were largely attended. Rev. George A. Brown, B.A., D.D., of Chalmers Church, Kingston, ex-President of the Bay of Quinte Conference, preached at both services. In the morning the story followed very interestingly on the theme of Jacob's Ladder. After giving many helpful lessons the speaker pointed out, first the indication to the dreamer that heaven and earth were very close together; second that those feelings of highest desires, ambitions and yearnings are angels of God which to-day are sending the ladder of communication, and third that every real contact of human with the Divine means richer contact as they enter into covenant relatinship.

The evening address showed careful thought and preparation and was equally as interesting.. The text was taken from St. Mark's Gospel, 'Arise let us go hence. The subject was Jesus out on the highway of life.

Jesus to-day is not found in a monastery or seclusion, but where life is, where there is need of work and love. Christ on the highway of life was characterized by a perfect poise in the presence of most exciting difficulties.

In the presence and contact of life Christ had a keen sympathy with all men.

On the following night the radio quartette of Belleville with Professor Leo Riggs, of New York, who is visiting friends in Belleville, as accompanist gave a wonderful musical programme which was enjoyed by all. Nearly seven hundred dollars was the amount raised.

WEDDING BELLS.

BELL—BELL.

VICTORIA, B. C., Sept. 24. — A wedding took place recently at Saint Mary's Church, Oak Bay, when Rev. A. E. deL. Nunns officiated at the marriage of Mildred Hazel, second daughter of Mr. and Mrs. T. G. Bell, Pentland, Road, Oak Bay, and grand-daughter of the late John Ray, formerly of Glamis, North Hastings, and the late James Gould of L' Arnable, North Hastings, to Dr. William Wilberforce Bell, son of Rev. J. W. Bell and Mrs. Bell, of Vermilion, Alta.

For the accasion, which was also the birthday of the bride, friends had decorated the church with masses of late Summer flowers, hydranges, dahlias and asters being arranged with great effect and during the ceremony the bride and groom stood beneath a floral arch.

Given in marriage by her father, the bride was beautiful in her exquisite gown of ivory crepe-back satin, made in long-waisted style, the skirt having insets and godets of fine shadow lace and trimmed with true lovers' knots of white satin ribbon Her lovely veil of embroidered net was arranged in cap fashion held to her head with a coronet of orange blossoms. She carried a bouquet of Opheia roses and maidenhair fern.

Miss Marjorie Bell, sister of the bride, was the only attendant, wearing a pretty frock of powder blue crepe de Chine, embroidered in silver, with pleated skirt forming two deep frills. Her picture hat matched her frock and was trimmed with touches of silver. She carried pink carnations and white sweet peas.

Rev. F. J. Stevens, of Vermilion, was best man, the ushers being Mr. G. W. Scott and Mr. H. R. Brown. During the signing of the register Mr. D. A. Ellwood sang "Thanks Be to God."

A reception, attended only by relatives and intimate friends of the bride and groom, was held at the home of the bride's parents after the ceremony. Mrs. Bell assisting in receiving the guests, gowned in navy blue Canton crepe with a black hat trimmed with gold and a becomingg gold and black lace scarf. In the drawing room where the young couple stood to receive, were masses of flowers, the fireplace banked with plants and a profusion of dahlias, pink and mauve asters and sweet peas.

Dr. and Mrs Bell left on the midnight boat for Vancouver, the bride travelling in a smart two-piece frock of sandalwood crepe de Chine, with a small felt hat to match. Her wrap was a beautifu charmeen coat trimmed with a squirrel collar.

After motoring to Portland, Dr. and Mrs. Bell will return to Vermilion, Alta, where they will make their home.

The bride graduated from the University of Alberta in 1926.

OLD MASTERS

"And pray, who are you?"
Said the violet blue
To the bee with surprise
At his wonderful size,
In her eye-glass of dew.

"I, madam," quoth he,
"Am a publican Bee,
Collecting the tax
Of honey and wax.
Have you nothing for me?"
—John B. Tabb: The Tax Gatherer.

H. MARTIN WINS FINAL TOURNEY

H. Freeman Second in Regular Friday Night Bowling Event.

VICE-SKIPS TO PLAY.

In the bowling tournament last night, H. Martin headed the list with 3 wins plus 15; H. Freeman next with 2 wins plus 9; and J. Bennett third with 2 wins plus 7.

Vice-skips' Tournament.

The committee intends, weather permitting, to start the vice-skips' tournament on Monday night at 7.15 prompt. All vice-skips are asked to be on hand that there may be no delay in the schedule, as the season is drawing to a close.

LIBERAL - CONSERVATIVE CONVENTION, WINNIPEG, OCT 10 TO 14 CREATING WIDESPREAD INTEREST.

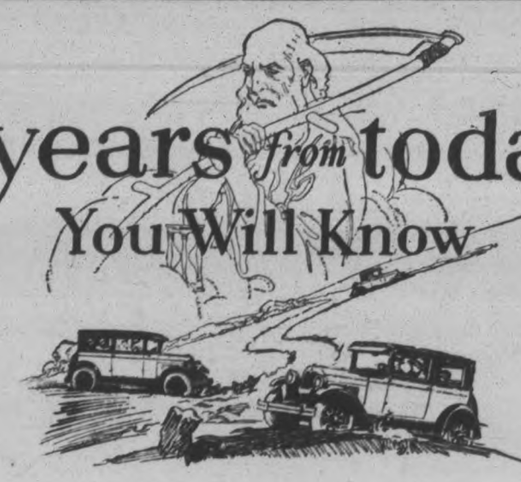
Canadian Pacific Arranging Special Train Service For Accommodation of Delegates.

For the convenience of the many delegates and friends who will travel from all parts of Ontario to attend the Liberal-Conservative Convention at Winnipeg, the Canadian Pacific will operate special trains from Toronto and Windsor. First special will leave Toronto Friday, Oct 7th, at 8.00 p.m. and arrive Winnipeg 7.45 a.m., following Sunday morning. For the accommodation of delegates from Windsor, Chatham, London and other Western Ontario points, a special train will leave Windsor 4.00 p.m. Friday, Oct. 7th, and passing through Toronto will leave North Toronto Station at 11.00 p.m., arriving Winnipeg 10.45 a.m. Sunday, October 9th. It is also probable that a special will be operated from Toronto at 8.45 p.m. Saturday, Oct. 8th. In addition to the special trains on dates in question special cars will be attached to the 'Vancouver Express," regular train for Winnipeg leaving Toronto 9.00 p.m.

Departure times from Toronto provide connection from regular trains for Eastern Ontario delegates.

All trains consists of latest type all-steel equipment and delegates are assured of comfort and pleasing service.

Reservations, tickets and full information from W. Fulton, District Passenger Agent, Can. Pac. Bldg., King and Yonge Sts., Toronto, or J. Skinner, Ticket Agent, 343 George street. 2d-27-29.



3 years *from* today
You Will Know

YOU would require three years of arduous day-to-day driving to know as much about Chevrolet performance and endurance as the General Motors Proving Grounds brings out in a few months.

There's strength—stability—ruggedness built into every inch of the Chevrolet Chassis; into its beautiful body by Fisher; into every detail of its powerful engine.

After years of trouble-free driving, you will know that Chevrolet has added to its economy, its smoothness, its power and its Beauty, the greatest measure of Strength and Endurance ever possessed by any low-priced car.

Ask your Chevrolet dealer for a demonstration.

WARM AIR — MOIST AIR — FRESH AIR — HEAT MEANS HEALTH — NATIONAL WARM AIR HEATING & VENTILATING ASSOCIATION

CODE INSTALLED

makes Warm Air Heating the most efficient system known to Science!

AMONG heating experts warm air is known as the most healthful and economical form of domestic heating. It fosters health—gives winter-long comfort. It costs about one-half that of other systems. Yet, because so many warm air furnaces are unscientifically installed, thousands of householders are not getting the results they should.

How can this condition be remedied?

The answer is "Code Installation". A "Code Installed" Warm Air Heating System is a system installed according to tried and proven scientific principles. There is no guesswork. "Code Installed" warm air guarantees an unfailing abundance of moist, circulating healthful heat—seventy degrees in every room during sub-zero weather.

McClary's are the only Canadian members of the National Warm Air Heating and Ventilating Association—an association which has adopted a scientific code for installing warm air furnaces. By insisting on a McClary's "Code Installed" Sunshine Furnace you are guaranteed a heating system which costs less to buy and less to maintain than more elaborate systems—yet provides 70 degrees of heating in every room.

Ventiblast

McClary's Ventiblast is an exclusive feature of McClary's Sunshine Furnace, which burns soft coal equally as well as hard coal, coke or wood. It mixes preheated air with soft coal gases and converts them into flame—thus eliminating soot, waste and dust.

Fill in and mail attached coupon, and we will send you name and address of the nearest McClary's dealer who will guarantee a "Code Installed" heating system which will give lifetime satisfaction.

OPENING SERVICES

HIGH TEA AND MUSICAL PROGRAMME

The Public are cordially invited to attend the above events in connection with the OPENING OF

George St. Memorial Sunday School

SUNDAY AND MONDAY, SEPTEMBER 25 AND 26

REV. A. J. THOMAS, M.A., B.D.,
of Windsor, will Preach at 11 a.m. and 7 p.m. on Sunday.

The Choir will render special music, under the direction of Mr. G. F. Liddle at both services.

DEDICATION SERVICE, SUNDAY AFTERNOON, at 3 o'clock, in the Church Auditorium.

High Tea and Program

MONDAY EVENING. Tea served at 5.30, followed by an Informal Inspection of the New Sunday School Hall.

Musical Programme at 8 o'clock. TICKETS, 50c.

TWEED FAIR

(Continued from page one.)

sheep and Yorkshire hogs, one of the latter being a huge boar of eight hundred and ten pounds in weight.

Poultray.

In pens placed on outside tables, were the fowl, which totalled nearly two hundred in number, Gerald Vance of Belleville, had a large showing, also A. C. Mitchell of Belleville, with a preponderance of Anconas, White Leghorns, Barred and Plymouth Rocks. In the water fowl, G. A. Meiklejohn, of Tweed, showed Emden geese, while E. Maynes, of Thomasburg, had Chinese, African and Toulouse geese and Pekin ducks. J. L. Mewton was showing pure bred Chinchilla rabbits.

Amusements.

A large crowd on the grand stand, where the Madoc band played fine music during the afternoon, watched the races, and an equally jolly throng patronized a thriving business. The merry-go-round and the "chair plane" were popular centres, as well as the apple cider vendor and Billy Bowman, discoursing on the excellent qualities of the opera glasses which formed his stock in trade yesterday. A large and varied exhibit of motor cars also added to the attraction of this portion of the programme. Two church booths were included in the list of those dispersing refreshments to the crowd, one in charge of the ladies of the United church, the other of the Anglican Young People's Association.

Horse Judging.

Judging of the horses, which made a good showing, with large exhibits by S. P. Hagerman, of Belleville, and W. K. McCaw, of Tweed, in carriage and driving horses, and in heavy teams by Adam Dean, of Madoc, Wm. Hodgens of Foxboro, and Wilfrid Leberge of Chapman, went on all afternoon, with Dr. H. Sparman, V.S., of Streetsville, as judge.

The prize list for horses is as follows:

Span carriage horses over 15½ hands—1st prize (8), S. P. Hagerman of Belleville.

Span carriage horses, 15½ hands and under—1st prize ($8), W. K. McCaw of Tweed.

Single horse over 15½ hands—1st ($6), W. K. McCaw; 2nd ($5), S. P. Hagerman of Belleville.

Single horse, 15½ hands and under—1st ($6), Wm. Hodgens of Foxboro; 2nd, ($5), S. P. Hagerman of Belleville; 3rd ($4) W. K. McCaw of Tweed.

Colt, 2 years old—1st ($3), Chas. Rush of Stoco.

Colt, 1 year old—1st ($3), Chas. Rush of Stoco.

Special prizes given by J. F. Hill, M.P.P., for best span of carriage horses, went to: 1st ($3) W. M. McCaw; 2nd ($2), S. P. Hagerman of Belleville.

Kerr and Company's special prize for best span of carriage horses, driven by lady (one lady's leather hat case valued at $6) was won by W. K. McCaw.

A special duo of prizes given by J. L. McGowan and J. W. Kingston for best turnout (single) driven by a lady, was won as follows:1st, S. P. Hagerman; 2nd ($2) W. K. McCaw.

Tom Beatty's special prizes for best single driver, to be driven once around the track, speed considered: 1st ($3) S. P. Hagerman; 2nd ($2) Wm. Hodgens, Foxboro.

C. A. Mills' special prize of $2 for best two-year colt went to Chas. Rush of Stoco.

Myles and Son's special prize of a silver bowl valued at $4.50 for the best pair of carriage horses, to be driven once around the track: to W. K. McCaw.

Dr. Bowlby's special prizes of $3 and $2 for the best span of carriage horses driven once around track were won by: 1st, S. P. Hagerman; 2nd, W. K. McCaw.

In the general purpose class; span general purpose horses—1st prize ($5), Adam Dean of Madoc, and Herman Tucker of Tweed, the judge giving two first awards in this class.

For brood mare that has raised foal of 1927: 1st prize ($3), Arthur Alexander of Tweed; 2nd ($2) A. McTaggart of Tweed.

Colt, 3 years old—1st ($3), Wilfred La Berge of Chapman; 2nd ($2), Adam Dean of Madoc.

Foal of 1927—1st ($3), A. McTaggart; 2nd ($2), Arthur Alexander.

The Steel Trough Company's special prize for the best farm team (a six-foot water trough valued at $8), was won by Guy Leavens of Corbyville.

In the agricultural horse class, the prizes for the best span were won by: 1st ($5), Guy Leavens; 2nd ($4). W .H. Hicks of Tweed; 3rd ($3) Wilfred La Berge.

Colt, 3 years old: 1st ($3), Wilfred Le Berge.

Stallion, registered, any age—1st ($5), Adam Dean of Madoc.

The Houston Company's special prize for best span of agricultural horses went to: 1st ($3), Guy Leavens; 2nd ($2), W. H. Hicks of Tweed.

The special awards given by A. H. Mouck, the president, for the best brood mare and foal in the general purpose and agricultural horse class were won by: 1st ($3) Arthur Alexander of Tweed; 2nd ($2), A. McTaggart of Tweed.

Jno. Quinn's special priez of $2 for best halter broke sucking colt was won by A. McTaggart.

Other special awards included the prize of $1 for the best apple pie (to be property of donor) given by Stanley Lee and won by Mrs. H. Radcliffe of Thomasburg; the prizes given by James Ryan for the best three prints of butter, won by: 1st ($3) M. Hamilton of Thomasburg; 2nd ($2) G. Brown of Tweed; the prize of $1 given by S. B. McGee for the best dozen home-made buns (to be property of donor) and won by M. Hamilton; also the special prizes awarded by the Tweed Milling Company: (A) for best loaf of bread baked with any brand of flour, purchased at the mill ($3), won by M. Hamilton, who also won the second prize of $1 for (B) best dozen home-made buns made with the same materials; and (C) for the best layer cake, won by S. Good of Thomasburg (all of these to be property of donor).

List of Exhibitors.

Mrs. W. A. McColl, Wooler; Wm. Hodgens, Foxboro; Wilfred La Berge, Chapman; S. P. Hagerman, Belleville; Adam Dean, Madoc; Francis E. Orr, Tweed; Miss Elizabeth Woodhouse, Lakefield; Mrs. S. A. Lockwood, Belleville; Mrs. Leland Bryant, Wooler; W. K. McCaw, Tweed; Samuel Dafoe, Tweed. G. A. Meiklejohn, Tweed; A. H. Tufts, Tweed; A. McTaggart, Tweed; Mrs. W. F. Osborne, Rossmore; Miss W. Pennock and Mrs. S. Pennock, Gananoque; Miss Addie Clancy, Centreville; W. H. Hicks, Tweed; R. J. Garbutt, Belleville; S. D. Prindle, Thomasburg; D. K. Redner, Belleville; Mrs. J. S. Wardner, Belleville; Guy Leavens, Corbyville; R. M. Mitchell, Belleville; J. W. Danford, Harold; H. Tucker, Tweed; George Shewring, Moira; Mrs. H. M. Countryman, Tweed; G. H. Stokes, Tweed; Murney Hamilton, Thomasburg; W. A. Martin and Son, Corbyville; H. Redcliffe, Thomasburg; Elisha Maynes, Thomasburg; A. C. Blakeley, Tweed; O. V. Peister, Brighton; Gerald Vance, Belleville; Mrs. J. Sherman, Latta; Jno. L. Newton, Tweed; Dr. Bowlby, Tweed; Samuel Good, Thomasburg; Geo. Brown, Tweed; Arthur Alexander, Tweed; Jno. Kingston, Tweed; Gerald Casey, Marlbank; Jas. Trudeau, Tweed; J. Ryan, Tweed; A. C. Barnett, Tweed; W. McGowan, Tweed; D. Morrison, Tweed; Chas. Rush, Stoco; Geo. Hutchinson, Warkworth.

Graham (swine); D. A. Morrison (poultry); H. A. Mouch (grain and seeds); Dr. Bowlby (fruits); Mrs. G. Brown and Mrs. C. F. Fawcett (flowers); Mrs. G. Stokes and Mrs. J. Kingston (domestic science); Miss M. Johnston and Mrs. F. A. Bartlett (ladies' work); S. H. Connor (children's department).

SOCIETIES FORMED AT UNITED CHURCH

Young People's League and Trail Rangers' Camp Organized.

ROSENEATH, Sept. 24.—A Young People's Leagle has been organized in the United church by Rev. M. R. Brown. A good attendance was present and the officers hope that each member will take an interest and help in this good work. The officers are as follows:

President—Mrs. Reg. Crego.
Vice-President—Mrs. Archie Campbell.
Secretary—Mrs. M. D. Brown.
Asst. Sec'y—Miss Elva Sandercock.
Treasurer—Mr. Wilfrid Davey.
Organist—Miss Jean Craighead.
Vice-President of Departments—Devotional: Mrs. (Rev.) Brown and Mrs. Andrew Brown. Missionary: Mrs. George Ingham and Mrs. C. W. Varcoe. Citizenship: Mr. Howard H. Lapp and Mr. Orra Robins. Social and Literary: Mrs. (Dr.) W. H. Hershey and Miss Hildred Taylor.

They will meet every Tuesday evening at 8 p.m.

Last Friday evening the boys of the United church met and organized a Trail Rangers' Camp. The boys feel they have a real live-wire organization and are very enthusiastic in making it show a success. The officers are as follows:

Chief—Eddie Turner.
Sub-Chief—Neil Brisbin.
Tally—Clifford Nixon.
Asst. Tally—Billie Halstead.
Cashier—Glen Brisbin.
Badge Secretary—Allan Pacey.

They meet every Friday evening at 7.30 p.m.

C.G.I.T. GIRLS PLANNING PLAYS

Will Put On One For Themselves and One For Mission Circle.

REPORT ON CAMP.

MILLBROOK, Sept. 24. — The Wide Awakes group of Canadian Girls in Training held its reopening meeting for the fall and winter months at the leader's home on Wednesday evening, ten members being in attendance. By a recent ruling at the head office in Toronto no group will receive recognition if it has more than 15 members enrolled, as it is considered better work can be done with a smaller than a larger square.

The vice-president, Elinor Fallis, was in the chair, and after discussion the girls decided to accede to the request of the Mission Circle and repeat their play, "Gaffer Gray's Legacy" at its public meeting in October. In order to replenish the Group treasury, it was also decided to prepare a play that would take up a full evening and put it on in November if possible.

In the devotional period, the Scripture lesson was on the word, "Come," the girls reading selected passages containing this invitation; a reading, "The Two Searchers," by Elsie Spence was preceded by the reading in unison of Luke 5, 1-11, upon which the incident was founded.

The two girls who represented the group at the Provincial C.G.I.T. Camp at White House, Lake Couchiching, Elinor Fallis and Flossie McMahon, gave an interesting report of the ten days thus spent, the delegates including sixty girls from the central section of the province.

The usual social hour was enjoyed at the close with the service of refreshments.

Edward Johnson

Has sung more premieres of new operas than any other metropolitan Tenor.

Has on successive nights sung in Italian, French, Russian, English and Spanish.

Is pronounced by John McCormack to be the greatest living tenor.

Has been obtained by Kiwanis Club to give a concert here in the

Grand Opera House on Thursday Next

his first concert in Peterborough. He will sing his most popular selections and some of those that have made him world-famous.

Seats are being rapidly disposed of by mail, and orders should be sent at once, even from the city, in order to assure accommodation. Send price and a stamped addressed envelope to the Grand Opera House. Seats are $2.20, $1.65 and $1.15, tax included.

Evening Prelude

Dealing with Questions which have come in various ways from those who are perplexed:

1—Is it true that the teaching profession is the most poorly paid to-day?

2—Don't you think that there must be something wrong with our laws when—as reported on the same day by The Globe—a 19-year-old boy in Winnipeg was sentenced to three years' imprisonment in the Penitentiary for stealing the sum of $6.00 from a postal letter, while a Picton clergyman, for committing "a serious offence" against a young girl, was only fined $100, and liberated on a suspended sentence for two years?

3—Is the fact that Jesus said a thing sufficient reason to believe it?

MONDAY AT 6.30 P.M.

SATURDAY, SEPTEMBER 24, 1927.

PETERBOROUGH'S NEW INDUSTRY.

As an illustration of the benefits that may arise out of tourist traffic, aside from the money spent by these visitors while in this country, it may be mentioned that Peterborough's newest industry, the American Crayon Company, is the result of a fishing trip to Peterborough made by J. W. Gravestock, of Toronto.

The possibilities of Peterborough impressed themselves upon the Toronto man to such an extent that the taking over of the old Westclox building and the launching out of a new industry here have followed.

The local company, which will be the Canadian branch of the American Crayon Company of Sandusky, O., will start modestly, but it is anticipated that a big business will be developed in Canada that will result in the speedy expansion of the local plant, much as the Western Clock Company's plant has developed from a very small beginning into one of Peterborough's finest factories.

The company's own promise is, "We will do out bit to put Peterborough on the map of Canada," and citizens generally, wishing the baby industry success, will welcome the new company to Peterborough.

RICKARD, PROMOTER EXTRAORDINARY.

For a man whose business training consisted of the operating of a saloon in a gold camp, and who was pitchforked into the fighting game because the citizens of a new mining town desired to get their community before the world and chose a prize fight as the most effective medium, Tex Rickard, promoter extraordinary, must be regarded as one of the most striking figures in the public eye today.

He adds to an uncanny conception of what the public wants a surprising executive ability that enables him to do big things in a big way.

Rickard, promoting the most successful series of prize fights the world has known, has had his plans so smoothly worked out that record crowds have been handled with much greater facility than a few thousands of people were handled a decade or two ago.

With him nothing is left to chance.

He employs an army of officials to guard against fire and disorder.

He plans the seating of his huge crowds to the last detail, using hundreds of ushers to see that there is no confusion.

Rickard has made prize fighting a big business, and it is his methods rather than to the prowess of the fighters themselves that the credit for the greatest gate receipts in pugilistic history must be given.

There are plenty of boxers, but only one Rickard.

LAMENTABLE CONDITIONS.

Whatever may be thought of the administrative changes recommended by the Special Committee appointed by the Ontario Government to inquire into the conditions of the French-English schools in the Province, there can be no question of the fact that under the existing regulations there are lamentable conditions in some sections of Ontario.

The committee has found, for instance, that in the French-speaking communities of Prescott and Russell seventy per cent. of the English reading was unsatisfactory, and that 90 per cent. of the pupils were below a reasonable standard.

It is astonishing to find that in the fourth and fifth forms in the Prescott and Russell schools only six per cent. of the pupils can write English reasonably well and 30 per cent. cannot write English at all.

As to the teachers, the committee reports that thirty-five in Prescott and Russell, sixteen in Ottawa, three in Carleton and Dundas and four in the districts have not a sufficient knowledge of English to be qualified to teach—in fact, that twenty-two can neither speak nor understand English.

Whether the committee has found a solution of the problem or not remains to be seen; it is clear enough, however, that the present regulations have not produced satisfactory conditions.

NOW UP TO THE PARENTS.

The schedule that is to be followed in connection with the immunization of Peterborough children of preschool age against diphtheria was published in last evening's Examiner, and parents are asked to note the hours and urged to have their children protected.

Everything possible to facilitate this vitally important work has been done.

Children will be innoculated without any cost to the parents.

Furthermore, the Rotary Club is co-operating by providing transportation for parents and children to and from school.

All that is necessary is to telephone 836 and request the use of an automobile for this purpose, and it will be furnished at once.

In addition to the immunization of children of preschool age, toxoid will be administered to children below eight years of age who are in attendance at school, provided the consent of the parents is given.

A note to your child's teacher, authorizing the innoculation, is all that will be necessary to ensure his being protected against diphtheria.

There have been two deaths recently from the disease in Peterborough.

There need be no more if the chance to secure immunization is taken advantage of by the parents of the city's children.

Adequate protection at no risk to the child is assured; it is entirely up to the fathers and mothers of Peterborough whether or not their children are to be safe from diphtheria.

AGAINST PUBLICITY.

(From The Brantford Expositor.)

In Windsor, where The Border Cities Star carried on a vigorous campaign to arouse the authorities to the necessity of doing their duty in the enforcement of the laws against illicit liquor resorts and gambling houses, an effort was made by Judge Gundy, Major-General Williams and others to put the blame on the press for publishing the truth. The officials of the Border Cities who are responsible for the enforcement of the law made themselves ridiculous in the meeting which they held, by their efforts to belittle the facts and to vindicate themselves by censuring the press.

The worst feature of it all was that General Williams, the head of the Provincial Police, took part in this farcical performance. The exposures of The Star were fully justified by the first raid, in which more than fifty were arrested, and the statement issued that the worst was yet to come. The Border Cities Star steadfastly maintained its position, and ruthlessly exposed the ridiculous attempts of the authorities to justify themselves.

These attempts to suppress publicity have gone far enough. In Montreal, the Aldermen voted down a resolution to inquire into the causes of the typhoid fever epidemic, fearing that it would expose their negligence in the matter of the proper enforcement of the civic regulations in regard to public health. They were quite ready to take the view that publicity would hurt the city. In Stratford The Beacon-Herald is rightly defending the Medical Officer of Health from attack because he reported the true conditions in regard to the outbreak of smallpox. Publicity is the enemy of negligence, inefficiency and corruption, and it is well that the press refuses to be muzzled.

FOR CANADA!

The matter of Canadian citizenship and Canadian nationality is now being taken up in a quarter from which it may be expected to make progress. The Association of Canadian Clubs, meeting in Ottawa, has referred to its executive a motion to bring the attention of Canadians to a concise understanding of citizenship in this country, and also to draw to the attention of the census department the advisability of putting the question regarding racial origin last on future census papers.

What we need in Canada is a re-arrangement of our census schedule to permit Canadians to so designate themselves when the questions are being asked every 10 years. It is perfectly absurd that we should go on, decade after decade, instructing people to put themselves down as English, Irish, Scotch, French, Welsh, Italian, German, Austrian or something else, when they were born in Canada, when their fathers were born in Canada, when, probably, even their grandfathers first saw the light of day in this country.

It is absurd, also, that Canadian should boast of their new national status and point with pride to the inclusion of this country as a full-fledged member of the Council of the League of Nations, when our own census refuses to acknowledge the existence of an individual Canadian nationality.

A child born in this country whose parents are Canadian citizens is a Canadian. The place of the father's birth or grandfather's birth or the great-grandfather's birth means nothing at all. It seems strange that officialdom has never been able to get this idea into its head. Perhaps, with the backing of the press and of such influential organizations as the Canadian Clubs, it may be possible to convince the Federal authorities that the people want this obvious situation attended to.

If the change is not made—and it is one that should have been made some years ago—how are we going to properly encourage the development of a real Canadian spirit? The people who come to this country from other lands with the idea of making their homes and raising their families here, are glad to be in Canada, to enjoy the privileges and opportunities of this great country. They are proud of the name Canadian. To them it often means more than to those who were born in this country. They have come here because they want to better their positions in life. They are anxious to become Canadians in every sense of the term. They admire Canadian customs and Canadian ways. They appreciate citizenship in this country. They want to be known as Canadians and they want their children to be Canadians, too. Yet we persist in labelling them with the names of the countries from which they have come. We persist in perpetuating the link with the native country and thus greatly lower the importance of the new connection they have formed. Aside from sentimental reasons at all, it is poor business.

Canada is a country of many races and will be more and more so as the years go. People of British blood comprise, of course, the majority of our population. In addition, we have several millions of fine Canadians whose ancestry is French. They have been in this country for centuries, even longer than those who trace their families back to England, Scotland and Ireland. Besides the British and French stocks, we have a large number of Germans, Austrians, Hungarians, Russians, Italians, Poles, Scandinavians, Belgians and the representatives of many other lands, to say nothing of a great many former Americans and a large number of native Indians, the latter the original Canadians. Out of all this mass of mixed nationality, we are slowly evolving a distinctive Canadian type. All the races mentioned are intermarrying to a greater or lesser degree. The longer they stay in this country and the greater the intermarriage, the farther away they get from the customs, habits and viewpoint of the old lands from which they, or their ancestors, came. All this makes for the development of Canadianism. But it is essential that our Government should do everything within its power to assist the assimilation movement. One of the most obvious ways in which this may be done is through official recognition of Canadian nationality.—Border Cities Star.

EDITORIAL NOTES AND COMMENT.

The "Royal Windsor" ran out of gas over Billings, Montana, a much more comfortable place for that sort of thing than 1,000 miles out over the Atlantic.

A despatch to The Ottawa Journal from Winnipeg says that the front of the Conservative headquarters there has been converted into an immense "bullboard." Isn't this unusually frank?

Peterborough's new crayon factory should make a mark in the country's industrial life.

Reception was ideal for the fight broadcast. Incidentally, Mr. Dempsey did a lot of receiving on his own account in those last two rounds.

Gene Tunney, it is said, prepared himself for the fight by reading for three hours the night before. We, too, have read books that made us want to go out and kill somebody—the author preferred.

The Globe suggests that pedestrians should be represented at the safety conference. But come to think of it, they never call in any deer to a consultation over the game laws.

Even if Canadians do talk too much about their country isn't it a country about which its inhabitants would just naturally talk too much?—Toronto Daily Star.

CATTLE GRAIN, AND PRODUCE

TORONTO LIVE STOCK.

TORONTO, Ont., September 24.—There has been but little change in general marketing conditions this week. Heavy runs of cattle, with a too large proportion of poor quality rough stock. This latter fact tended to slow up the trade, and heavy carry-overs were the rule. At the same time there has been a steady movement over the scales, and the large runs were slowly cleared.

Choice quality cattle were held at steady prices all through the week, showing practically no changes from last week's quotations.

An active export dressed beef trade has afforded a ready outlook for choice heavy steers. Domestic trade took care of all good butcher stock, light and medium weights.

Plain and common killers were slow and draggy, but finally taken by local packers at lower prices.

A satisfactory feature of the market is the active demand for stockers and feeders of good quality. Large numbers of stockers are billed through direct from the Western provinces to feeding points in Ontario.

General run of prices as follows:

Choice butcher steers active at from $8.25 to $8.75, with extra choice up to $9.00. Light steers, $8.25 to $8.50, and choice butcher heifers, $8.00 to $8.25.

Baby beeves firm; choice, $12.00.

Common steers and heifers, $6.00 to $6.50.

Choice butcher cows, $5.50 to $6.00; medium, $4.25 to $4.75.

Bulls, choice, $4.50 to $5.00; choice butcher, $4.50 to $5.00.

Springers and milkers, steady prices; fancy, $100 to $125.

Stockers and feeders active, selling from $6.50 to $7.25; heifers, $5.50 to $6.25; delivery country points.

Lambs, choice, firmer at $11.50 to $11.75.

Calves, choice, strong, to a dollar higher, at $14.00 to $14.50.

Hogs steady at $11.65 selects off cars and $10.75 f.o.b. selects. Lower prices bid for Saturday's trading.

Receipts.

Union Stock Yards—Receipts for the week: 6,284 cattle, 1,208 calves, 3,198 hogs, 9,504 sheep and lambs.

Heavy steers, choice	$ 8.50	$ 9.00
Butchers, choice	8.25	8.50
do. fair to good	7.00	8.00
do. common to medium	5.00	6.00
do. heifers	8.00	8.25
Baby beeves	11.00	12.50
Cows, fat choice	5.00	6.00
do. medium	4.50	5.00
do. canners, cutters	2.50	3.50
Bulls, butcher, choice	4.50	5.00
Bolognas	3.50	4.00
Feeders and shortkeep.	7.00	7.25
Stockers, good	5.50	6.50
Calves, choice	14.00	14.50
Springers, choice	90.00	100.00
Milkers, choice	80.00	100.00
Buck lambs	9.00	9.50
Choice lambs, butchers	11.25	11.75
Sheep, light, butchers	6.50	7.50
Buck sheep	3.00	4.00
Hogs, f.o.b. thick smooth		10.25
Hogs, off cars, selects		11.65
Hogs, selects, f.o.b.		10.75

MONTREAL GRAIN AND PRODUCE

MONTREAL, Sept. 24 (Canadian Press). — There was some demand from the United Kingdom and the Continent for wheat in the Montreal market yesterday, and a fair amount of business was done.

The trade in cash grain was of a limited character, sales being confined to car lots to meet immediate wants. The feeling was steady and prices were unchanged.

The undertone to the Spring wheat flour market was steadier owing to the renewed strength in the Winnipeg cash wheat market. The demand from the United Kingdom and the Continent continued good. The local trade was fair.

A moderate amount of business was done in Winter wheat flour and values were unchanged.

The millfeed market continued active and firm. The demand for standard grades of rolled oats showed no improvement, but prices were steady.

The egg trade was fairly active under an improved demand and prices were unchanged. The receipts were 1,019 cases.

Prices for all grades of butter were firmly maintained under a moderate inquiry. The receipts were 2,896 packages.

The local and export trade in cheese was inactive, but the undertone was steady at the late reduction in prices noted. The receipts were 5,757 boxes.

Potatoes, per bag, car lots, $1.00 to $1.05.

CHICAGO GRAIN

CHICAGO, Sept. 24 (Canadian Press).—Widespread need of moisture in Australia, together with insufficiency of recent rains in Argentina led to higher prices yesterday for wheat. Corn values went down as a result of nearly complete absence of frosts, which had been predicted.

Wheat closed firm ⅞ to 1⅛c net higher; corn ⅝ to 1c off; oats at ⅛c decline to an equal advance, and provisions varying from 15c setback to a rise of 25 cents.

Unexpected upturns in wheat quotations at Liverpool, simultaneous with advance of sterling to par for the first time since June, 1926, tended further to stimulate buying here, and so likewise did estimates that 14,400,000 bushels of wheat in Germany and 28,000,000 bushels of German rye is unmilliable.

On the price bulges which developed in the Chicago wheat market, houses with connections northwest became active sellers. This circumstance served to ease values down temporarily, but the market rallied again at the finish, news being current that a hard snowstorm had set in near Saskatoon and that the wheat crop there was yet a long way from the granaries.

Moderating temperatures as well as virtual failure of frost predictions weakened the corn market. Oats were steadied by good cash demand. Provisions were irregular.

CHICAGO CATTLE

CHICAGO, Sept. 24 (Canadian Press)—Cattle 2,000; no choice steers here; bulk 12.00 downward; part load long yearlings 14.00; vealers selling actively at 16.50 to 17.50.

Hogs 10,000; top 11.70; closely sorted kinds averaging around 210 pounds bid 11.75; bulk desirable 170 to 225 pound averages 11.00 to 11.70; 140 to 160 pounds mostly 10.50 to 11.00; few good and choice butchers 240 to 300 pounds 10.50 to 11.25; strictly choice 310 to 320 pound butchers up to 10.75; most packing sows 9.50 to 9.75.

Sheep 16,000; bulk native lambs lightly sorted 13.75; few to outsiders and city butchers up to 14.00 and 14.25; culls 9.50 to 10.50; mostly 10.00; bulk good and choice rangers 14.25; choice Washingtons 14.35; good westerns down to 14.00 and below; fat ewes 5.50 to 6.25 mostly; feeding lambs 13.00 to 13.75.

WISE AND OTHERWISE.

We are interested in the fellow who chewed 112 sticks of gum only enough to wonder if he did it in an ice cream parlor and where he stuck it afterward.

Speaking of juries, some of them could be hung and you'd never miss 'em.

New York has been having a milk graft investigation. It seems some of the politicians were getting the cream.

Blaming modern jazz on the jelly-fish tendencies of men may be O.K., but some of the credit for the holds you see on a modern dance must go to the monkey.

A man eluded thirty policemen in a department store. An argument there for women police. Women always were the only ones who could find anything in a department store.

Mussolini has been on the job several years now, and that old tower at Pisa hasn't been straightened yet! (Copyright, 1927, NEA Service, Inc.)

DEPARTMENT NOT LIABLE FOR ROAD

Cavan Council Told About Detour—Accounts Paid.

MILLBROOK, Sept 24.—The regular meeting of Cavan Council was held on Wednesday, at 1 p.m., Reeve S. Pallis presiding, and all members present.

Communications were read by the Clerk from the Canadian Good Roads Association announcing date of convention to be held this year at Niagara Falls, and asking that delegate be sent. No present action taken.

From the Resident Engineer of Public Highways, Mr. Greig, informing Council that he did not consider the department liable for maintenance of road No. 2, used by many as a detour.

Deputy-Reeve Hootan gave notice that at next regular meeting of Council he purposed introducing a bylaw amending bylaw No. 306, prohibiting all stock and fowl from running at large on the township highways.

McKnight-Hootan, that the Reeve sign the following orders:

Millbrook Telephone Company, account, $2.72; D. L. Armstrong, S. S. No. 19, $200.00; S. C. Boyles, S. S. No. 7, $200.00; J. H. Sanderson, account for gravel, Con. No. 13, $5.00; Metallic Roofing Company, account, $73.95; L. H. Gibson, paysheet, various, $246.40; Richards & Richards, third quarter, printing contract, $50.00; Reg. I. Fallis, 1 sheep killed by dog, $14.00; Council pay, $20.00; committee work, Reeve, $4.00; Deputy-Reeve, $4.00; Councillor V. R. Hunter, $4.00; J. N. McGill, $37.50.

DAILY EDITORIAL BY DR. FRANK CRANE

RESPECTING THE PRESIDENT

By Dr. Frank Crane.

Mr. Coolidge is the deliberate choice of the majority of our voters for President. He is the man chosen by the majority of us to represent before the world.

As such he is entitled to a decent respect.

There have been a number of writers who are disgusting well-ordered minds by their frantic efforts to bring him into disrepute.

Of course a man who is the choice of one political party must expect to be criticized by members of the other party. For his official acts the President has no right to immunity from criticism.

But efforts to belittle him and disgrace him upon personal grounds and for reasons that have nothing to do with his political moves are reprehensible.

There has been much talk to the effect that he is a small-minded and empty-headed person. His reticence is set down as due to the fact that he has nothing to say.

But refusal to talk much and the ability to keep one's mouth shut has long been recognized as a virtue whether of strong people or weak.

We do not elect a President to make speeches. That matter is attended to by our Senators and Legislature. We elect him to make decisions and quietly to carry out the will of the people.

As far as is known, most of his official acts have been commendable. While there was much criticism of his interference in Nicaragua and of his actions in the Japanese embroglio, those affairs seem to have turned out without loss of credit to this country.

His attitude upon the prohibition question has been simply that of a man whose business it is to enforce the established laws of the nation. He has been neither the militant dry nor the militant wet, but as far as can be seen, has closely tried to enforce the law which the nation has passed.

Fortunately his domestic relations have been such as to cause him no trouble or raise any criticism.

The country can well afford to be satisfied with a man who talks too little rather than with a man who talks too much.

Just how desperate are the efforts of his critics to find some ridiculous fault with him is illustrated in the attempt to create indignation and contempt by the use of one kind of bait in fishing instead of another.

Why we cannot let our President go fishing as he pleases and let him alone while he is taking a well-earned vacation it is hard to know. Reserving the right to criticise him for his public acts, we insist that so long as he is President of UnitedStates he is entitled to the respect and honor of its citizens. (Copyright, 1927, McClure Syndicate.)

A Thought For To-day

Out of thine own mouth will I judge thee.—Luke 19:22.

A blemish may be removed from a diamond by careful polishing, but evil words once spoken cannot be effaced.—Confucius.

JUST A JINGLE

Said he, "It's raining. We'll get soaked.
Now, isn't that a shame!"
They ducked into a cafe where
They soaked him just the same.

SHE WAS THE FIRST

"Am I the first girl you ever kissed?" she inquired confidentially.

"No," he replied frankly, "but you're the first who was dumb enough to ask me that question."—Judge.

NOBILE FOOLED HIS COMPANIONS

Amundsen Tells of Italian Hurling Armfuls of Flags To Pole.

OTHERS HAD ONE EACH.

NEW YORK, N. Y., Sept. 24. — (United Press). — Umberto Nobile, commander of the dirigible Norge on its North Pole flight, is pictured as a "child," in the autobiography of Roals Amundsen, just published by Doubleday, Page and company. Amundsen writes that Nobile tried to "appropriate for himself and Italy the last great undertaking of my life."

The North Pole, wrote Amundsen, is strewn with Italian Flags, Nobile, says the autobigraphy, after admonishing both himself and Lincoln Ellsworth, who fananced the flight, against bringing excess baggage, "put one over" on the others, he charged.

"Immagine our astonishment," says Amundsen. "Ellsworth and I had each, of course, brought a flag to be dropped overboard as we crossed the pole—Ellsworth the Stars and Stripes and I the national flag of Norway."

"Imagine our astonishment to see Nobile dropping over the side, not one but armfuls of flags. For a few moments, the Norge looked like a circus wagon of the skies, with great banners of every shape and hue fluttering down around her," he continued.

Nobile then produced a really huge Italian flag, recounts the author, and almost wrecked the dirigible in his zeal to hurl it overboard, but it landed fully five miles from the Pole, Amundsen estimated.

DR. CHASE'S NERVE FOOD

Evening Examiner Fashions

A Smart Daytime Dress

Charmingly simple is the smart dress shown here and a style easily fashioned by the home modiste. There is an inverted plait at each side of the front panel, and the back is in one piece. The long rolling collar and vestee of contrasting material give a modish waistcoat effect, and the long dart-fitted sleeves are finished with shaped cuffs. A belt fastens at the side seams and ties in a chic bow at the back. No. 1571 is in sizes 38, 40, 42, 44, 46 and 48 inches bust. Size 40 requires 3⅛ yards 39-inch material, or 2⅞ yards 54-inch, and ⅛ yard 36 or 39-inch contrasting material (cut crosswise). Price 20 cents the pattern.

SAINT and SINNER

By ANNE AUSTIN

(Continued from yesterday.)

Honest, straightforward George Pruitt must have been profoundly surprised by Faith's sudden change of manner toward him. He blinked his small, keen black eyes once or twice, as if they were dazzled by this new Faith—a colorful, glamorous, sparkling Faith, whose rich, contralto laugh rang out frequently, whose tinted lips smiled seductively whenever her large, brilliant brown eyes rested upon him. She had never looked so beautiful, had never danced with such abandon. For, after a gay, foolish hour of three-handed bridge, Cherry had sprung to her feet, commanded George to roll back the Oriental rug, and tuned in on a dance orchestra that broadcast its insinuating, pagan jazz from a fashionable Chicago hotel every night.

And, curiously, Faith, in putting on sparkle, had seemed to rob Cherry, for the younger sister's golden eyes seemed to become shallow, expressionless disks; even her hair, that glorious blending of copper and gold, seemed suddenly to be almost an ordinary, rather vulgar "red." Her delicate white skin became opaque in its pallor, so that the mandarin rouge on her cheeks stood out in grotesque circles. Cherry was sulking, and such a mood always robbed her mysteriously of her beauty.

"You beautiful, superb, creature!" he murmured fatuously, as he and Faith swayed in perfect unison to the languourous waltz which the jazz orchestra had granted as a sort of respite from the violences of Charlestons and Black Bottoms.

Cherry, watching them sulkily from the couch, either read George's lips or guessed the extravagance of his compliment by the deep flush on Faith's cheeks.

"Well, I'm glad Faith got married before she turned into such an irresistible siren," Cherry called out, in the loud, metallic voice that always expressed the kind of mood she was now in. "If she hadn't, I'd never have a chance. But she is married, even if she does seem to forget it—tonight."

"Shall I spank her, Faith?" George laughed, but there was an ugly glint in his small black eyes.

"No, let's dance," Faith shrugged one bare, ivory shoulder and quirked her lips deliciously.

And they did dance, Faith's tall, slender body swaying with hypnotic rhythm, her head tilted toward George's so that the faint perfume she had patted into her hair caused his nostrils to quiver with delight.

It was then that Cherry sprang from the couch and sped from the room, bumping into the absorbed dancers without apology. But the violence of her exit and the unmistakable reason for it brought Faith and George up short. Without a word George stepped to the radio and spun the dial, cutting the music off short. Faith had dropped, with sudden unbearable weariness, to the couch.

"I shouldn't have come, Faith. Of course it was you I wanted to see, not Cherry. But—I can't stand it. I'll be going now—"

"George, I want to tell you—I'm sorry. I—I did it deliberately. I needed, oh so terribly much, to prove that someone wants me—cares—And now, I'm no better than Cherry, who has been doing such things ever since she was old enough to suspect the meaning of love. Please—forgive me," Faith said brokenly. "Of course I love Bob, with every bit of me."

(To be continued.)

EDWARD JOHNSON DEBUNKS SINGING

Refuses To Pose On Pedestal For Worship of of World.

Edward Johnson, Canada's own great tenor, makes it clear that he does not wish to pose on a pedestal and be worshipped as a musical god. "I look on myself," said he "as a salesman. I carry my samples in my chest. It has taken a great many years of effort to be able to manufacture the product I have to dispose of. It is my business to market it to the public."

"You can not expect people to be willing to pay for what they do not understand," said he. "After a man has got on in life and has acquired many other interests it is hard for him to find time to learn about music. Appreciative and intelligent audiences are as much a necessity as great artists. They must be formed young and I would like to see music considered in the school as important a subject as arithmetic. Music is a language. It would be a wonderful thing if all children could acquire that language and so have a new and great avenue of expression."

"It isn't," said he, "that our schools would produce a lot of geniuses. They are helped, of course, by a favorable environment but come mostly of their own urge. The schools, however, could train audiences who knew why certain effects were good and others bad, and that music was not just a mysterious hocus pocus, and could judge the merits of artists."

He is a Rotarian and he told of his success in taking the bunk out of grand opera for the benefit of fellow Rotarians at luncheons in the various towns he visited "I have made," said he, "what are called "classification" speeches and have told them plain facts about my business."

In merchandizing vocal art the artist's great problem was to give the public what it wanted and at the same time remain an artist.

"The public" said he, "likes what it knows. The more it knows about music the better it is for the artist, or the worse if he is like some Europeans who say with a laugh: "Oh, you can put anything over in America."

CAT CLUB MEETING POORLY ATTENDED

Short Notice Blamed For the Small Turnout—Formation Postponed.

Probably due to the shortness of the notice given, the attendance at the meeting called last night to organize a Cat Club, was so slim that it was thought inadvisable to go on with the movement at this time. The date of the big "Made-in-Canada" show being so near, it was necessary to act immediately, in order to complete the affiliation with the Cat Fanciers Association in time to be assured of the co-operation of outside fanciers, and the idea was reluctantly abandoned. The prospective show was promised at least 100 fine cats from Toronto and Hamilton Club members, if under properly organized auspices, but this fine exhibit will now have to be foregone.

However, it was thought that later on, a club might be formed, and a show held at the next fall industrial exhibition. If a building could be erected, the plan is to hold the dog show for two days, and the cat show for another two, a feature that would be quite an added attraction to the big fair.

NORMA SHEARER WEDS DIRECTOR

LOS ANGELES, Sept. 24. —(Canadian Press) — Norma Shearer, Canadian film star, and Irving Thalberg, director will be married at Thalberg's Santa Monica home next Thursday evening, the actress' mother announced to-day.

ACTRESS AND FLIER ARE LOST IN DESERT

Ranchers Asked To Search For Plane and Occupants.

LOS ANGELES Sept. 24 (Canadian Press).—Ranchers and prospectors in the California and Arizona deserts have been asked to search for the missing monoplane "Spirit of Hollywood," in which Miss Marion Mack, motion picture actress, and her pilot, Capt. Frank Tommick, army reserve officer, took off from Santa Monica on Wednesday for Chicago. The actress carried messages of good-will from the Hollywood film colony to Jack Dempsey, and intended to arrive in Chicago several hours before his fight with Gene Tunney.

COULD NOT WALK.

But Restored With Natural Herbs.

Elmwood, Ont., May 13th, 1927.

Mr. B. J. Murfin,

Dear Sir:—I must write and let you know how our son, who had creeping paralysis, is improving. He had only taken of your medicine about a week when he could walk, and in three weeks had gained 13 pounds. He helped his father with seeding, and is feeling fine. Our daughter is also making an improvement, is gaining nicely, but is still taking your medicine. We certainly cannot praise your medicine too highly for what it has done for us all. We do not think there is any medicine sold on the market so effective in building up a rundown system as Mr. Murfin's Natural Herb Medicine, and we highly recommend it to our neighbors and friends.

Hoping to see you soon, we remain sincerely yours,

Mr. and Mrs. Wm. C. Leuso,
Elmwood, Ont., R. R. 2.

The above is one of the many letters we receive daily from people who have used the Natural Herbs for their complaints, and are sure that there is an herb for your trouble, which, if used, will give you the same results as this boy got, after being carried to Mr. Murfin at the hotel in Hanover. He used the herbs and above is the letter from his parents.

If you are at all troubled with any complaint and you wish to get results, call and see Mr. Murfin, the herbalist of the Canadian Herb Gardens, of 110 Dundas street, London, Ont., who will be at the Empress Hotel on Tuesday, Sept. 27th (one day only.) Hours 9 a.m. to 9 p.m. and will be glad to tell you what herbs to use for your troubles. There are over 1,000 herbs used, all different, for all different diseases, and Mr. Murfin being an expert on herbs, will tell you what you should use for your complaint. He will have some with him, and no matter what the complaint is, or how long standing it is, there is an herb that grows for it that will get you the results like the above letter states this boy got. Remember the date, and come early. Natures Remedy will be there specially for your complaint.

GEORGE STREET NEW BUILDING

(Continued From Page 1)

furnished with fine rugs on the floors, pretty window drapings, electric grates in-built in fire places, and decorated tastefully with choice sketches and pictures. Some of the room are divided with folding doors as partitions, which may be folded back giving large rooms that will accommodate one hundred or more people.

The Beginners' department on the left side of this corridor, opposite the board room and ladies' class rooms, is very prettily decorated in blue and white. The small tables and chairs, for the little tots, are in white; there are blue and white drapings on the windows, and a rack for their wraps is done in white, fitted with small blue hangers. The teacher's desk and chair are dark brown, as is an organ in one corner. Taking up the rest of this side is the Primary department, which can be divided by folding doors as it is somewhat larger than the beginners' room.

At the extreme end the corridor leads to a wash room, at the left, and at the right, a small kitchen, or kitchenette, equipped with cupboards which will be stocked with dishes and other requisites for social events. There is also a dumb-waiter to the floor above, where there is another kitchenette.

The third floor is given over entirely to the girls' and the C.G.I.T. department. It is similar to the second floor in its layout of rooms, which are very artistically decorated.

There are twenty-five class rooms which will accommodate from fifteen to seventy-five persons, and when some of the larger ones are enlarged by the opening of folding doors, they can seat one hundred or more quite comfortably.

There will be a high tea, on Monday night at five o'clock, after which the building will be thrown open for public inspection.

Tomorrow afternoon, at three o'clock, the dedication services of the new building will be held. The Rev. A. J. Thomas of Windsor will take the services tomorrow. On October 2, one week from this Sunday, the Rev. Harold Young of Toronto, a former minister of the church, will speak at both services.

STUFFED TOMATOES

Tomatoes stuffed with fruit and served with boiled cream dressing make an unusually delicious and different tasting luncheon salad.

HOROSCOPE

The Stars Incline, but do not Compel.

(Copyright, McClure Newspaper Syndicate.)

SUNDAY, SEPTEMBER 25, 1927

According to astrology, this is an uncertain day in which it is wise to go to church and to avoid excitement.

Criticism may be prevalent regarding the clergy and the churches, and for this reason preachers may be conscious of an unresponsiveness on the part of hearers.

The sway is not favorable to leadership of any sort, for the stars encourage envy and jealousy, while this rule prevails.

High officials in the government may expect attacks and unfair estimates of their service, while today's aspects continued.

Cotton and tin are believed to come under a direction of the stars most profitable to investors.

France and America are to find fault with British diplomacy, according to a London astrologer who reads in the stars new difficulties over shipping.

This same seer predicts that Germany will form powerful alliances with Russia and Turkey, both of which countries are to make big gains in prosperity in the next few months.

The evening of this day may be depressing to all who are inclined to think seriously, for the stars are in aspects that have a tendency to cause despondency.

Lovers should take note that the stars do not smile on romance today, making for caution on the part of suitors.

Under this rule women may be inclined to take the initiative in proposing marriage, a tendency that will increase.

Persons whose birthdate it is may find themselves at a difficult place in their lives. They should be exceedingly careful in making all important decisions.

Children born on this day are supposed to have unusual talents. Many subjects of this sign attain world fame.

(Copyright, 1927, McClure Syndicate.)

Good and evil planetary aspects contend today, according to astrologers who find the configuration exceedingly disturbing.

The earlier hours are much more fortunate than later times in the day and business should therefore be transacted with the greatest celerity.

Women have rather a promising sign to guide them and they should be able to succeed in business matters this morning.

Weddings today should be fairly lucky, if the marriage ceremony is performed before noon.

Much love-making may be inspired by this configuration, which is supposed to cause men to be susceptible, but fickle.

The new Moon of this date is believed to be promising in that it presages brisk business and increase of commerce.

Speculation may be encouraged by the optimistic sway, but it should be avoided, for the stars foretell many daring projects that mean ruin to investors.

Theatres will prosper and will multiply, it is forecast, and new players will gain fame.

Return of respect for romance, which has been predicted, gives promise of new poetic dramas.

Trade with South America certainly should increase, if the interpretations of the planetary aspects can be trusted.

Rush of prospectors to Africa and Australia from this country as well as Europe is prophesied.

Persons whose birthdate it is have the augury of a favorable year, but they should avoid flirtations.

Children born on this day probably will have unusual charm and magnetism. Subjects of this sign often gain fame as artists.

Old Dutch says:

Cleanliness in the home is more than a matter of pride. It's the safeguard to health.

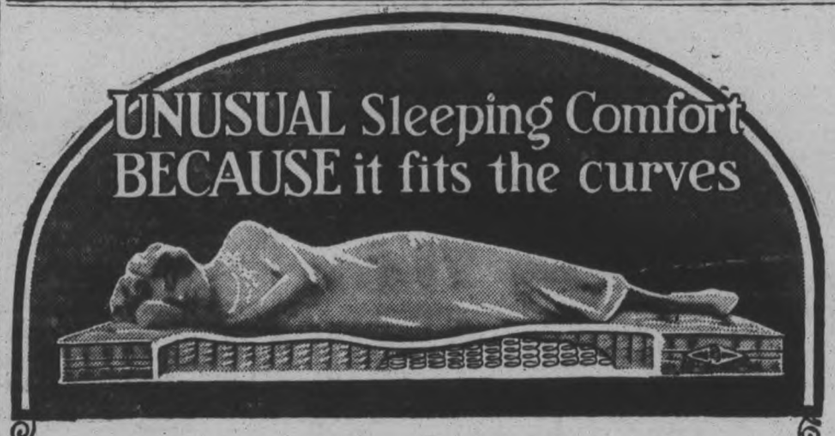
RED ROSE TEA "is good tea"

RED ROSE ORANGE PEKOE is extra good.



Thousands never knew such sleeping comfort ever existed

Ask any Marshall owner what he or she thinks of the Marshall Spring Mattress. You'll probably be surprised at the heartiness with which this wonderful mattress is praised. But confirm their enthusiasm by asking others, and soon you'll believe there must be something unusual about a mattress which brings forth such enthusiastic replies as:

"I never thought a mattress could make such a difference."

"I wouldn't sell mine for five times what I paid for it if I couldn't get another."

The Marshall Spring Mattress is as different from the ordinary stuffed mattress as the old-fashioned broom is from the vacuum cleaner. The inner spring construction of the Marshall properly supports the body *in its true and natural position.*

The actual photograph above reveals the secret. Notice how the inner spring construction of the Marshall Mattress conforms to every curve of the figure. The body is not distorted, cramped or sagging as when sleeping on the ordinary hard, unyielding mattress—or unhealthfully smothered as in too soft a mattress.

You'll always be proud of the smart, neat appearance the Marshall gives to your bed. It will not sag, spread or pack, but always supports the covers evenly and smoothly.

A mattress that will give many years of extra service, produce better and more healthful sleeping comfort through a definite scientific construction is naturally worth a few extra dollars. *When others are replacing their ordinary mattresses your Marshall will still be as good as new.*

Present Marshall owners know that though their mattresses cost a little more at first—it is actually the cheaper mattress over a period of years, and the soundest investment they ever made in really restful and healthful sleeping comfort.

Examine this greatest of all mattresses today at your furniture store. Made in five grades from $25.00 up—all Marshall Spring Mattresses are guaranteed for FIVE YEARS.

ROSENEATH NEWS

ROSENEATH, Sept. 24.—The many friends of Mr. Richard Blodgett are sorry to learn he is seriously ill in the Cobourg General Hospital.

Mrs. John Baxter has returned home from Nicholls Hospital and is gradually gaining in strength.

A shower and dance held in the Orange Hall on Friday night in honor of Mr. and Mrs. Cephas Brown was enjoyed by their many friends. A dainty lunch was served. The bride received many beautiful and useful presents.

Mr. Pewtrill, of Cobourg, was among the guests who attended the shower on Friday night.

Misses Beatrice and Evelyn Turner, of Rome, Mich., were recent visitors to their mother, Mrs. Lily Turner.

Miss Craighead spent the week-end at her home in Campbellford.

Mr. Andrew Brown has improved his property with a new woodshed and summer kitchen. Mr. Walter Mason had the contract.

Mr. Gordon Smith, of Toronto, spent the week-end with his sister, Mrs. (Dr.) Hershey.

Mrs. Arthur Braithwaite and little Jean have returned after a visit with friends in Belleville.

3rd Prize—Ladies' Silk Umbrella, valued at $4.00, donated by The Canadian Department Stores, Ltd.

Each contestant must make returns of her sale each week.

TALKS ON MISSION WORK ARE GIVEN

Lakefield Baptist Mission Circle Holds Open Meeting.

LAKEFIELD, Sept. 24.—The members of the Baptist Mission Circle held an open meeting in the church on Tuesday afternoon. Despite threatening weather, there was a large attendance of ladies representing the various women's missionary organizations of the village and about thirty ladies from the Park Street Mission Circle of Peterborough.

The visiting ladies were welcomed by Mrs. (Rev.) W. Spencer and Mrs. J. C. Harvey, president of the Mission Circle of the Lakefield Baptist Church.

The programme was provided by the ladies of Park Street Circle, the president, Mrs. George Whatley, occupying the chair. Mrs. Spencer of Lakefield presided at the organ. After a hymn was sung, Mrs. Wright led in prayer, and Mrs. Trantor gave a Scripture reading. Mrs. Wright gave a paper on personal responsibility toward missions and the value of personal sacrifice for the cause.

Mrs. White sang a solo very sweetly, after which Mrs. Alf White gave a reading about a little woman with a lean pocketbook, who was deeply interested in missions, and who gave herself. The moral was obvious. All cannot give large sums, but individual service is within the reach of all.

Mrs. Whatley gave a reading which was entitled "A Plea for the Twelve." "There are eight thousand seven hundred and sixty hours in the year. Can't we give twelve to the cause of spreading the Gospel message to those who know it not?" she said.

Mrs. Campbell sang a solo, after which Mrs. Horton read a paper on "The New Canadians."

During Mr. and Mrs. Harton's pastorate in Oshawa, they came into contact with many of these new Canadians, principally Russians and did much to bring them to Christ.

When the great ships land at Quebec laden with hundreds who have come to make a new home in the great new land there are many little formalities to be gone through before they can land in what to them is the land of Canaan. They come, old and young, poor and the fairly affluent from England, Ireland, Scotland, Finland, Russia, Italy, Hungary, and from other lands. They are met by the port chaplain, who enquires as to their religion, and who notifies the Baptist ministers in the various localities of those who are of that faith. This is Canada's greatest problem, although politicians say transportation is her problem. Christians know that immigration constitutes the opportunity and peril and not ten per cent of the church members are impressed with this phase of it all.

Canada is God's last Great Chance

Mrs. Harton paid a great tribute to the wonderful work of the late Miss Phelps of the Royce Avenue Mission in Toronto. A Slav missionary, who has worked in Russia and Transylvania is now in Toronto, coming there from Scranton, Pa., and is doing a great work among the Russians. The Baptist Church has several missions in Toronto. Miss Maybee is the worker among the Polish people at Robinson Street, the Royce Avenue Mission is also for the Poles. The Russian Ukranians are cared for in a mission at John Street. There are Polish missions in Hamilton, Kitchener, and Brantford, and Swedish mission in North Bay and in Northern Ontario. Several ladies led in prayer following Mrs. Harton's paper and after a hymn and the Lord's Prayer the meeting closed. Mrs. Spencer moved a hearty vote of thanks to the ladies of Park Street Circle for their programme which was greatly appreciated. You have received a blessing by coming and we have received a blessing by listening, said the speaker. Mrs. S. Hunter seconded the motion, and it was heartily endorsed by the ladies present.

The ladies of the Baptist Circle of Lakefield served afternoon tea at the close of the meeting to all the visitors and a pleasant afternoon was brought to a close.

VIOLA HARVEY WINS.

Sadie Levine Scores Second Points at Y.W.C.A. Meet.

One of the regular swimming meets at the Y.W.C.A. was held at the pool last evening, in a continuation of the series in which points are given the swimmers, to be totalled at the end of the season.

Last night, Viola Harvey won the record for speed swimming, with Sadie Levine second, and high points made by Mrs. H. Johnson, Margaret Rogers, Margaret Dunlop, and Ruth Sutton. In diving contests, Sadie Levine and Viola Harvey were tied, and close competitors were Jeanette Allen, Mary Kingsbury, Margaret Rogers and Margaret Dunlop.

North and South Both Hear Fight; Australia and Arctic Circle Learn By Radio

VANCOUVER, September 23 (Canadian Press). — Fight fans in far northern sections of Canada, bordering on the Arctic Ocean, aided by telegraph wires, wireless, and radio, were able to "sit in" on the Tunney-Dempsey fight last night. In order to give the story of the fight to the members of the Royal Canadian Mounted Police, trappers, and prospectors scattered over the vast territory continguous to the Dominion Government telegraph line running through Northern British Columbia and the Yukon Territory, bulletins were sent out from headquarters here to be relayed by wireless and radio to isolated points reaching north and east of Dawson City.

HEARD AT SYDNEY.

SYDNEY, N.S.W., September 23 (United Press). — The result of the Tunney-Dempsey fight was known here the instant it ended. Sydney stations relayed a description of the encounter which was listened to by thousands of local fans, who crowded about the radio shops at lunch time to-day.

Atmospheric conditions somewhat spoiled the reception which, however, was clear enough to enable the evening papers publishing a round-by-round story. As soon as the decision became known, the yelling crowd and the announcer's obvious excitement somewhat marred the following details.

WOMAN'S BODY FOUND IN RIVER

Taken From Niagara Short Distance Below the Falls.

NOT IDENTIFIED.

NIAGARA FALLS, N.Y., Sept. 24. —(Canadian Press.)—The body of a woman was taken from the river below the Falls at the Canadian Maid of the Mist landing to-day. The authorities believe the body may be that of Miss Jessie Bigger, Buffalo, who was reported to have jumped from the Goat Island bridge more than a week ago, being swept to death over the American Falls. Police to-day were advsed that Mrs. Mary Pitass, Buffalo, was missing from her home and that her relatives feared she may have been the woman who took her life yesterday by leaping into the river from "Suicide Point," two hundred yards above the American cataract.

MUCH PRODUCE OFFERED TODAY

Many Articles Left Over in the Basket Section This Morning.

APPLES PLENTIFUL.

A great deal of produce was left over at a late hour this morning in the basket section of the farmers' market, where poultry, butter, and eggs were on sale in great abundance. Eggs were priced from 30 cents a dozen for small pullets' samples to 43 and 45 cents a dozen. Butter was also 43 to 45 cents a pound. Chickens sold all the way from 25 cents a pound, the price asked by one vendor, to 35 cents a pound, with hens at 30 cents. Ducks were 30 and 35 cents a pound.

On the open section, corn was selling at 10 and 15 cents a dozen, and potatoes were down slightly, with prices of 25 cents for a peck. Green tomatoes were 25 cents a basket and red tomatoes 40 and 45 cents in large containers.

Apples were very plentiful and of excellent quality. Wealthies were 35 cents a peck, and luscious big Wolf River specimens sold at 40 and 45 cents a peck, with a little dispute as to whether this was the proper name for them, or Alexandra. Bartlett pears were $1.00 a basket, grapes 65 cents and peaches 85 cents and $1.50, in small and large baskets.

Elderberries were 50 cents a basket. Honey was fairly plentiful, selling at 40 and 75 cents in two and one-half pound and five-pound tins and $1.50 in ten-pound pails. Amber honey was quoted at 55 cents and $1 in the larger-sized tins. Clover sections were 20 cents apiece.

SPECIAL SERVICES HELD AT CATHEDRAL

Anniversary of Bishop O'Brien's Consecration Is Observed.

In connection with the fourteenth anniversary of the consecration of Bishop O'Brien, the Benediction of the Blessed Sacrament was sung by 1,200 children yesterday afternoon in St. Peter's Cathedral.

This morning His Lordship celebrated Pontifical high mass. In the sanctuary with His Lordship were: Rev. Father Costello, assisting priest, Rev. Father O'Brien, deacon, Rev. Father Maher, sub-deacon, and Rev. Father Corkery, master of ceremonies. A children's choir from St. Peter's High School sung during the mass.

DODGE TRANSMISSION.

G. Walter Green Co. Secures Exclusive Agency For Four Countries.

It will be of interest to factory and mill men to know that the G. Walter Green Company, Limited, have secured the exclusive agency for the Dodge Manufacturing Company's line of transmission, which is well-known as one of the leading lines in the trade. Their territory includes the Counties of Peterboro, Hastings, Victoria and Haliburton. In their announcement the firm intimate that they will carry a full line and go anywhere in their territory to give estimates on the requirements of any factory or mill, whether the job be small or large. This foundry having been made the centre for the district for the distribution of the Dodge line of pulleys, hangers, couplings, etc., will be a great convenience for power users, and the local firm are to be congratulated on its acquisition.

BELLEVILLE MAN HEADS PRESBYTERY

Rev. D. C. Ramsay Elected at Meeting on Tuesday.

MADOC, September 24. — Rev. D. C. Ramsay, of John Street United Church, Belleville, has been elected head of the Belleville Presbytery, which met in Tabernacle Church on Tuesday, September 20. Fifteen new ministers were introduced during the session by Rev. Mr. Rogers, chairman of the Introduction Committee, and Rev. G. W. Rivers, of Madoc, spoke in thanks for the new members. A banquet was served by the Ladies' Aid of the Tabernacle Church which proved very tempting to the visiting pastors and laymen. Several prominent speakers were present to take part in the evening session.

Rev. Dr. Charles Bishop, of Albert College, addressed the assembly on the value of the college to the Presbytery, and urged that scholarships of $100 each be established in the interests of candidates for the ministry and others. The question was left open for discussion by the Presbytery later in the session.

HOLD ANNIVERSARY.

Anglicans of Westwood To Celebrate 50 Years Since Church Opening. sion is Assured.

The Anglicans of Westwood are celebrating the fiftieth year since the opening of St. Michael's Church, by holding a service on Thursday, September 29. Special speakers and music from the Anglican Churches of Peterborough will be on hand.

SUIT DISMISSED.

The following is an official copy of the judgment handed out in the Foster-Pammett case:

In the First Division Court, County of Peterborough, between George Foster, plaintiff and J. Pammett, defendant,

Peterborough, Ont., Sept. 24th, 1927.

Judgment in the above case was given September 9th, 1927 as follows: "Dismissed, no order as to costs."

(Signed) E. C. S. Huycke, Judge.
Chas. J. Seymour,
Clerk of Division Court.

MOUNT PLEASANT

MOUNT PLEASANT, Sept. 24.—Miss Annie Graham spent the past week with her cousin, Miss Helen Shaw, at the latter's home in Otonabee.

Dr. G. N. Earle made a professional call here on Friday.

Mr. and Mrs. Jackson McLean of Toronto spent the past week with friends here. Mr. McLean returned to the city on Saturday but Mrs. McLean will remain for a week longer.

Mrs. L. H. Winslow was in the village on Friday teaching her class of music.

Mr. and Mrs. Joseph Morden of Omemee spent Sunday with Mr. Morden's son and his wife, Mr. and Mrs. T. C. Morden in the village.

Miss Hazel Husk of Orange Corners is visiting with her sister, Mrs. Melville Handley.

Mr. and Mrs. Harry Bland were visitors in Peterborough on Monday.

Mr. and Mrs. Harry Bland were visitors in Peterborough on Monday.

Mr. Fred Lowe and his father, Mr. Joseph Lowe, motored to Peterboro on Friday and attended the Peterboro Exhibition.

Mr. and Mrs. Orman Hayes and son, Gordon, of Toronto, called on friends in the village on Sunday.

Messrs. Harry Bryans, Newton Fee, Hubert Gardiner and Harry Jamieson, all of whom were local exhibitors of horses at the Peterboro Fair, were successful in carrying off a number of prizes.

Mr. and Mrs. Bruce Scott of Smith spent Sunday with Mr. and Mrs. Ira Lowe.

Mr. Robert Henderson spent Sunday with friends in Peterboro.

NOT UNEXPECTED

"What are you looking so bored and mournful about?"

"Some friends of my wife's are planning a pleasant surprise for me tonight."—Life.

WILSON'S FLY PADS

Will kill many times more flies for the money than any other fly killer. Each pad will kill flies all day, every day, for three weeks. At all Grocers, Druggists and General Stores — 10c and 25c per package.

THE MARKETS

Recovery Continues In New York Stocks

NEW YORK, Sept. 24.—(Canadian Press.)—The recovery in stock prices, which began yesterday, was continued to-day Net gains in many of the active issues ran from one to seven points. There were a few soft spots here and there but they failed to cause any unsettlement in the general list. Public Utilities gave the best demonstration of group stength, a new peak price being attained by American and Foreign Power, Commonwealth Power, Peoples Gas, Pacific Gas, American Waterworks, and Southern Califronia Sdisbn. Heavy buying of United States Leather, class "A" stock, which advanced three points to a new hight record, was another feature. International Silver, up seven, and Kelly Springfield, up five, reached new high prices.

Sterling Cables Cross Par At London To-day

LONDON, Sept. 24 (Canadian Press).—The cable transfer rate from London to New York crossed par early in dealings on the Exchange market today. The rate of the pound sterling was quoted at $4.68 21-32. The rise was attributed to the demand for sterling for the remittance of funds through Lonfdon, in connection with foreign loans floated in the United States, also transference of money here for utilization at higher rates of interest.

Mining Market Strong But Most Gains Small

TORONTO, Sept. 24 (Canadian Press).—Trading hardly reached the million mark on the Standard Stock and Mining Exchange during today's short session. The market continued strong but the gains were mostly small. Amulet at 895 showed a net gain of 15, while Teck Hughes and Wright Hargrayes were each up 10 points at 990 and 775 respectively.

McKinley Darragh advanced 5¾ to 22, and Bidgood to 38. Barry Hollinger at 42½ and Cap Rouyn at 17 continued firm. Area eased two to 66 and Corona ¾ to 16. Kirkland Lake at 235 was seven above yesterday's closing price. Central Manitoba was off two at 190 and McDougal one at 79. Laval Quebec was very active but firm at 45.

Gains In Majority On Toronto Exchange

TORONTO, Sept. 24 (Canadian Press).—Gains continued to outnumber losses in this morning's brief session of the Toronto Stock Exchange. Page Hersey showed the greatest advance, the Common gaining three at 89 and the Preferred eight at 179, while the oils continued to be the most active issues. British American Oil was up ½ at 33, Imperial Oil 1½ at 62¼, and International Petroleum 7-8 at 33 5-8. Canada Malting was firm at 31¾, while Northern Bakeries was off 1-8 at 36. International Nickel gained a full point to 70½, and Massey Harris 1-8 to 37 5-8. Shredded Wheat in active trading gained 1½ at 71, and Canada Canners 2 to 62. The breweries and distilleries were firm. Banks continued active, with Royal showing the best gain of five at 325, and Montreal and Imperial each easing one to 342 and 245 respectively. Standard was up three at 249, and Dominion gained one at 270.

Unfavorable Weather Causes Grains To Rise

CHICAGO, Sept. 24 (Canadian Press).—Unsatisfactory weather in Canada, Europe and Australia, with Liverpool quotations higher than due, brought about a sharp early upturn to-day in wheat prices here. Colder conditions over the corn belt gave strength also to the corn market. Opening at 3-8 cent to 1 3-8 cents advance, Chicago wheat quickly scored further gains. Corn started ¼ to 1 1-8 cents higher and then continued to climb. Oats were firmer. Provisions likewise went upgrade.

Opening prices were: Wheat, September 128¾, December 130 5-8. Corn, September 96 5-8. Decenber 98 1-8. Oats, September 46 7-8, December 48 5-8.

REGAL in everything but price the **Marquis** brings radio in its most attractive form within reach of even a modest purse.

The Marquis is a six tube stabilized receiver with two stages of tuned radio frequency, detector and three stages of special transformer coupled audio amplification. To Drivers of Motor Vehicles

LAST WARNING!

If you have not yet secured your Motor Vehicle Operator's License apply for it without delay.

It is against the law and punishable by fine to operate a motor vehicle registered in Ontario without first securing a Motor Vehicle Operator's License.

Highway Traffic officers have been instructed and municipal police have been requested to demand the production of Motor Vehicle Operator's Licenses, and any driver unable to produce his or her license at any time is subject to a fine of not less than $10.00. In case of accident or infraction of The Highway Traffic Act, the Operator's License is sure to be called for. Drivers who have not their Operator's License cannot be considered experienced and competent.

Application forms for a Motor Vehicle Operator's License can be secured at any garage. Licenses will be granted forthwith to anyone who has driven over 500 miles and for six months continuously, and who is not physically disabled. Examinations will be afforded to all others by Highways Department examiners.

If you have omitted to get your Operator's License, this is your last warning to secure it. Don't drive a car without it, either on city streets or country highways.

Lights on Horse Drawn Vehicles

After October 1, 1927, every horse drawn vehicle on the public highways in Ontario must carry after dusk and before dawn a light plainly visible on the left hand side showing white to the front and red to the rear. The attention of horse owners is particularly directed. Drivers of automobiles should be more certain than ever that their tail lights are always in working order.

MASONS ATTEND CHURCH SERVICE

Hear Fitting Sermon at Stirling Presbyterian Church.

STIRLING NEWS.

STIRLING, Sept. 24.—The Ladies' Union of St. Paul's United Church held a successful garden party on the lawn of Mrs. W. S. Martin last Friday afternoon. Games and contests were the chief amusements and suitable prizes were awarded the successful contestants. An excellent lunch was served.

Masons Attend Church.

The Masonic Society, to the number of 50, attended divine service in St. Andrew's Presbyterian Church on Sunday morning. The minister, Rev. A. N. Reid, B.A., was the preacher, his subject being "The Builders." In his introduction Mr. Reid briefly described the building of the great temple by King Solomon and the work of rebuilding Jerusalem by Nehemiah. He pointed out how the work was carried out because there was a man who caught a vision of doing a great task and was determined in carrying it to completion. In both cases and particularly in the work of Nehemiah several important facts in Christian work are suggested.

It was constructive work. The rebuilding of Jerusalem by Nehemiah is suggestive of the fact that the Christian should ever be engaged in the work of building, others as well as himself.

The work of rebuilding is often left undone. As the ever-active enemy of Jerusalem was always at hand to stop any attempt of rebuilding, so we find hindrances to prevent us from doing our work, and the longer we delay the harder will be the task of completing the building of Christian character.

In this work every Christian should engage When Nehemiah decided to build he employed everyone who would work. So in Christian work every Christian should be employed.

There are difficulties in prosecuting any work. Nehemiah found them—enemies within and without. Christians must ever keep on at the work if they would accomplish their task of building Christian character.

St. Andrew's Guild.

The Guild of St. Andrew's Church had their first meeting on Monday night after the holiday season. A fair attendance was present. The President, Miss Freda Matthews was in charge.

News Briefs.

The League of St. Paul's United Church entertained the High School students on Monday night.

Mr. and Mrs. Sheldon MacIntosh, accompanied by Misses Theresa Kirby and Agnes McGrath, who had been visiting in Toronto, were in a motor accident on their way home on Sunday, caused by another motorist coming on to the highway from a side road at too rapid a pace and not giving due warning. Mr. MacIntosh's car was completely overturned, but the occupants were fortunate in escaping with very little injury.

Road Improved.

The county road men, under Mr. H. Dafoe, were busy last week improving the roads leading into the village, by giving them a coat of gravel where needed. Mr. Dafoe and his men have just completed a great improvement to the Campbellford road near Central cheese factory and Hubble hill by widening the grading and covering with macadam.

It is estimated that $300,000,000 worth of automobiles are stolen annually in the United States.

BOARD SHIPMENTS AGAIN INCREASED

Live Stock Shipped Totalled $30,000—Officers Elected.

BAILIEBORO, Sept. 24.—The annual meeting of the Cavan and South Monaghan Shipping Board branch of the U.F.O. Club was held recently in the club rooms at Centreville, with the President of the Board, Fred. Wood, presiding.

The shipper, W. A. Wood, gave a most encouraging report of the year's business, stating that there had been an increase in every line of livestock shipped over the previous year.

The Secretary-Treasurer's report showed that there had been a decided increase in the amount of stock shipped this past year over the previous year, and that over thirty thousand dollars' worth of livestock had been shipped through the club during the past year.

The Board of Directors were then elected, as follows: Messrs. P. Wood, J. White, H. McFee, William McElroy, P. Moncrief and S. Donaldson. W. A. Wood was again re-appointed shipper.

The Cavan and South Monaghan Shipping Board has been shipping livestock for a number of years, and each year shows a decided increase in the amount of business transacted.

CIRCLE AND CLASS HOLD CORN ROASTS

Two Pleasant Social Events Take Place at Millbrook.

MILLBROOK, Sept. 24.—The annual corn roast, under the auspices of the Golden Links Mission Circle, was held at the home of Mrs. David Lunn, Fourth Line, Cavan, on Tuesday evening, with a goodly number in attendance.

The President, Mrs. J. McKnight, was in the chair, and the regular business session preceded the social side of the gathering. Miss Marjorie Skitch presided at the piano.

Among other items of business discussed was the raising of funds to complete the amount for which the Circle is responsible by the end of the year, the church year ending now in December. On motion, it was decided to hold a public entertainment the second week in October, and to ask the C.G.I.T. to repeat the play they had prepared last spring. Other talent will be secured. The Circle has assumed fifty dollars of Miss E. C. Hawken's salary as its special objective each year, and usually exceeds this amount.

Mrs. V. C. Lambert, the Honorary President, Mrs. McKnight and Mrs. Lunn looked after the corn and other items on the bill-of-fare, the guests of the evening enjoying a pleasant social time while the menu was being prepared.

The low temperature out of doors made the leaders abandon the idea of a bonfire, and the roast was made ready in the house instead.

Mrs. Lunn was heartily thanked for her generous hospitality before the Circlites left for their respective homes.

Senior Room Hold "Roast."

The pupils of the senior room in the Public School, Mr. B. B. Dawson, Principal, held a jolly corn roast at The Grove after school on Wednesday evening, when a very enjoyable time was spent.

Games of various kinds enlivened the time happily while the supper menu was being prepared, the fact of a fire out of doors with a big pot of corn boiling adding much to the interest and pleasure of the occasion.

The cattle running at large as they do at present rather spoil it for such occasions.

Healthy appetites did full justice to the abundant meal provided at Wednesday's outing, the early closing in of the evening compelling the home-going shortly after the tea had been disposed of.

THIS GREAT TONIC RENEWS STRENGTH

Simply Because It Enriches and Builds Up the Blood.

In no trouble is delay or neglect more dangerous than in anaemia, which means poverty of the blood. It is very common in young girls and in persons who are overworked or confined within doors. It makes its approach in so stealthy a manner that it is often well developed before its presence is recognized. But taken in time there is a tonic that so enriches and purifies the blood that good health and strength soon comes to the former weak, anaemic sufferer. This tonic is Dr. Williams' Pink Pills, which for years have been the most successful blood-builder known, and have credit for restoring to good health thousands and thousands of people who have suffered from some of the many ailments that come through weak, watery blood.

The correction of anaemic conditions by Dr. Williams' Pink Pills is as certain as anything can be. As proof of this Miss Margaret A. Smith, Burgoyne, Ont., says:—"After having a severe attack of jaundice I was left in a very weak and run-down condition. I was pale and my nerves on edge. I could not sleep at night and would toss and turn for hours at a time. I finally decided to try Dr. Williams' Pink Pills, and soon began to feel better, and after taking a few more boxes of the pills I felt as strong as ever, and could thoroughly enjoy my rest at night. Now, I always recommend these pills to any friends who may be ailing."

Better sleep, steady nerves, improved appetite, increased vigor—all these can be yours by taking Dr. Williams' Pink Pills. Begin them today. Sold by all medicine dealers, or by mail post paid at 50 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

FEW COTTAGERS REMAIN ON RIVER

Trent River Has Enjoyed Very Successful Holiday Season.

TRENT RIER, Sept. 21.—The beginning of the exhibitions and the opening of schools have summoned home the majority of the cottagers, after one of the most successful seasons at this resort. There are a few privileged ones who can remain through September and enjoy the most beautiful month of the year, when everything is back to almost normal, free from the crowds of people who cram their holidays with jazz and noise.

The past season has been one of the best for fishing than for a number of years. A. L. Riendeau scores the highest for the greatest number of fish caught and was ever willing to help the other fellow, who was fashing nearby and out of luck; while A. H. McKeel of "Waterside," was the early bird and never failed to bring home the big ones.

This place is splendidly situated for a summer resort, with beautiful natural csenery, splendid fishing, and good boating facilities as there are boats great and small, boats old and new, boats slow and fast. The scenery up and down the main channel cannot be surpassed in the province. Countless numbers of American tourists could not find accommodation at the various resorts and had to make use of tents or go elsewhere.

At present there are about fifteen cottagers remaining for September and some of this number will spend October and November..

Mr. and Mrs. Ward, who have purchased the William Allan property, are making extensive improvements at this place. When it is completed they will leave for Florida to spend the winter.

A number of old friends attended the funeral of the late Mr. Luke Ellis, Saturday, Mr. Ellis spent most of his life here, and after the death of his wife, who predeceased him a few years ago, made his home with his son, Samuel Ellis and family, Havelock.

Mr. E. H. Fairbrother, Toronto, spent the week-end at his summer home. Mr. W. C. McTavish, Toronto, accompanied him, returning to the city Monday.

Mr. and Mrs. Earl Fairbrother and little son, Richard Earl left for Toronto Monday afternoon. Mrs. Fairbrother and son have spent the summer with Mrs. E. H. Fairbrother Sr., at their summer home.

Dr. and Mrs. O. C. Watson have returned to Campbellford from "As You Like It."

Mr. and Mrs. Plummer, Mr and Mrs. H. Coxwell and children, Campbellford, spent over Sunday at "Cedar Nook."

There are a great number of Indians from Rice Lake district camped down the river, harvesting the rice crop which is very heavy this year.

Mr. and Mrs. Don. Christie, Mr. and Mrs. Fred. Gain and daughter, motored from Toronto and spent the week-end at the Christie cottage

There will be a good representation from this place attend the unveiling of the war memorial at Alderville, Sunday, September 25th, as the contractors, Messrs. A. H. McKeel and Son spend their summers at "Waterside" cottage, and are well and favorably known here. They were also the prime movers in erecting the fine memorial erected at the Government Dock here. The grounds around the memorial have been kept in the best of condition with beautiful flowers the entire season.

Mr. Percy Keys left on Monday for Toronto after holidaying for two weeks at the Cook Cottage.

MALE VOICE CHOIR PLANS CONCERTS

Will Give Two Programmes This Year Instead of One.

The Executive of the Male Voice Choir have been busy for some time past in perfecting arrangements for the coming season.

An ambitious programme of music has been prepared, and the various numbers chosen will fully test the musical capabilities of the choir.

It has been decided to give two concerts during the season instead of one only as in previous years.

It will, therefore, be necessary for all members to turn out in force at the first rehearsal of the season on Tuesday next at the Canadian Legion Hall, and the regular attendance must be kept at high water mark throughout the winter if the best results are to be achieved.

Old members of the choir will, of course, be on hand at the commencement, and all others who intend to join should at once communicate with the Secretary, C. H. Crowe, 300 Elias avenue, and obtain full particulars regarding the practices.

An open invitation is given to all men of the city possessing good voices to link up immediately with this organization.

Indians are given free tuition at Dartmouth College. Three full-blooded Indians graduated last spring.

VALUABLE PRIZES FOR BEST BABIES

Kiwanis Club Announces Classes and Points For Judges.

Among the interesting events to be held at the Kiwanis Club Produced-in-Canada Exhibition, there will be held a Baby Show, on the afternoon of Thursday, October 13, at 1.30 p.m. There will be four doctors from outside Peterborough, who will do the judging.

There will be two classes for the show, as follows:

From 6 to 12 months.

From 12 to 18 months.

First, second and third cash prizes will be awarded for each of the classes. These prizes have been donated by E. A. Peck, M.P.; Hon. G. N. Gordon, K.C.; J. I. Allen; Mrs. R. Waddell; George Gillespie; W. H. Bradburn, M.P.P.; E. S. Martin, Bank of Montreal, and R. R. Hall, K.C.

The points upon which the babies will be judged will be:

General healthful appearance.
Facial appearance.
Cleanliness.
Brightness and alertness.
Absence of blemishes.
Absence of ricket symptoms.
Condition of skin.
Fontanelles.

Entries should be made at Bond's Drug Store, and the Hall Department Store, where Mr. Bond and Mr. Saunders will furnish information as to the completion of forms, which can be filled out at either store. Mr. Saunders of the Hall Store is going to put in a babies' window. After the entry has been made, there will be mailed to each mother an entry ticket, which it will be necessary for them to bring to the Baby Show, on October 13. Entries can be made, starting Tuesday, September 27, and closing Monday, October 10, and it will be absolutely necessary for entries to be made within these dates in order to have the babies judged.

At the Exhibition last year, there were about one hundred and fifty babies judged, and a lot of valuable information was furnished to the mothers. It is hoped that the mothers of Peterborough county will take an interest in the Baby Show, and see that their babies are entered.

Further information may be obtained by writing to J. I. Allen, Royal Bank Building, Peterborough, or by calling upon Mr. Bond, or Mr. Saunders.

Claims Prove Nothing

Its what you HEAR that counts

PERFORMANCE is the thing to check in selecting a radio set. Disregard *technical* claims of superiority. Expect beauty of cabinet work and insist upon it. But let performance—entertainment, dependability, ease of operation, be the yardstick you use to measure quality. Let your *ear* be your infallible guide.

Of course we could tell you of the amazing tone quality of Kolster; its hair-line selectivity—no overlapping of stations; its remarkable distance-getting abilities; its ease of tuning (only one control) but—

We make no claims for Kolster Radio. We do, however, invite you to hear the Kolster. We ask you to compare its performance, with that of other makes of radio, even those costing much more.

Kolster Radio is the perfected result of years of research and development by Dr. Frederick A. Kolster, internationally famous radio scientist. It has won for itself a nation-wide success among discriminating buyers of radio in the United States and is today manufactured in Canada by one of Canada's oldest established radio companies.

DR. FREDERICK A. KOLSTER

Dr. Kolster is recognized as an outstanding genius among radio scientists. Among his important inventions are the Kolster Radio Compass and the Kolster Decremeter. Kolster Radio is the outstanding achievement of his brilliant career.

Kolster Radio represents the greatest "value-per-dollar" in radio today. You can prove this by listening to a Kolster either in your own home or at your dealer's shop. Ask your dealer for a demonstration today, or send us the coupon shown in this advertisement.

Greatest "Value-per-Dollar"

DEBATE CONTINUES OVER TUNNEY DECISION

PICTURES SHOW HOW CLOSE TUNNEY CAME TO A KNOCKOUT

Time Elapsing During Count Was Actually Nearer 14 Seconds.

DECISION STANDS.

Athletic Commission Refuses To Allow Formal Protest From Flynn.

CHICAGO, September 24 (Associated Press).—The battle is over, the exodus of the most spectacular fight crowd is nearly complete, but the debate is still on. It raged with increasing rather than diminishing fury last night about the now famous seventh round and whether or not the "long" count of nine—actually occupying a space of 13 or 14 seconds, saved Gene Tunney from losing the heavyweight crown to Jack Dempsey.

The official decision in Tunney's favor, on the score of the delay in counting in the seventh round until Dempsey was waved to a corner, as well as on the verdict at the close in the champion's favor, stands as it was rendered Thursday night. The State Athletic Commission settled this at a session that heard and refused to allow a formal protest from Leo P. Flynn, Dempsey's manager, who claimed that Tunney was actually knocked out and that Dempsey was "robbed" of the championship. At the same time a loophole was left for further appeal by Flynn.

Dempsey himself refused to support Flynn's action yesterday at least, and through his agent, Arthur F. Driscoll, of New York, made it known that he was considering no "squawk" or protest at present.

Decision Stands.

So it will stay on the records as a 10-round decision for Tunney, but there were thousands yesterday, those who had seen the fight and those who studied its seventh round details closely in the slow motion pictures, convinced that untoward circumstances cost Jack Dempsey the greatest triumph of his career.

The pictures not only showed that the time elapsing during the count of "nine" was actually nearer 14 seconds but they indicated that Tunney, had he been compelled to get up earlier than he did, probably would have been a wobbly, easy target for the finishing wallop. In other words, the four or five additional seconds the champion gained on the floor while Dempsey was being chased to the furthest corner by Referee Dave Barry, seemed in the pictures to be a vital if not deciding factor in Tunney's recovery.

Gene Was Dazed.

Gene was dazed and blinking when he went down from a series of left and right hand smashes to the jaw. He was still seemingly only semi-conscious when the count actually reached "five." Nine or ten seconds actually had passed by that time, so that but for Dempsey's delay in retreating, Tunney conceivably might have been counted out. Even had he been able to rise it is doubtful whether his legs could have carried him as rapidly around the ring as they did several seconds later, to escape Dempsey's renewed attack.

On the other hand, there is the view that Dempsey cost himself his big chance of victory by not abiding promptly by the State boxing rules that compel a boxer to retire quickly to the "farthest" corner after flooring an antagonist. These rules provide no count shall be made until the boxer on his feet has so retreated.

This was the view of the Commission in backing up the action of its officials. It was the opinion of Dave Barry, the referee, and of the two judges, George Lytton and Sheldon Clark, prominent Chicago business men.

As to whether Tunney was capable or not of getting to his feet and out of range whenever the count of nine was reached, opinions differ. The champion himself said he was able to get up at five, and was about to do so, only to be restrained by orders shouted from his corner. Most ringside experts seemed to share similar views.

Lytton, one of the judges, declared: "I was sitting right under Tunney when he dropped. I know he could have gotten up. There is no question about it."

Watched Referee's Count.

The pictures show that during the last four or five seconds Tunney was intent on watching the referee's count, sitting but with his left hand on the ropes ready to pull himself up.

Why didn't Dempsey rush in when Tunney did get up and make a quicker effort to complete the job? That was another moot question. It may have been Tunney's foot racing skill, his dizzy back pedalling pace, that frustrated a fresh Dempsey charge, but it seemed, as the pictures were studied, that the ex-Champion let many precious seconds go by before taunting his foe, and then leaping back to the attack. There was no doubt that every second was a precious mind and body restorer to Tunney toward the close of that seventh round.

Dempsey's aggressiveness throughout the fight is emphasized by the pictures, but so also is Tunney's remarkable generalship, the superior accuracy of his attack—outside of the fateful seventh—and his far greater stamina. Tunney, cleverly handled by his chief second, Jimmy Bronson, "outsmarted" his opponent, perhaps, when the crisis came, but he did not outgame him. Dempsey was always going in, stung and cut as he was by the rousing finish that clinched the decision for the champion.

Dempsey's plan of battle, in retrospect, emerges in bold relief. It was a carefully conducted body attack through the first five rounds, with a well-timed shift to the head in the sixth and seventh. Either one of these rounds was picked for Dempsey's big bid—while his resources were still strong. How close this strategy came to being successful is pretty well-known. In spite of the "break" against Dempsey in that seventh round, however, he might have cashed in on his advantage had he still possessed the old physical fire and stamina that marked his heyday.

It was the first time in Dempsey's career that he had failed to finish an opponent he had knocked down. It was because at 32 he found his legs and endurance unequal to carrying on at top speed attack. Tunney's youth, speed and boxing craft were sufficient to offset the old battler's punch.

Will Feud Continue.

Is Dempsey through, or will there be another and third chapter of his de luxe feud with Tunney? The former champion's friends believe he has fought his last fight. Jack himself isn't committing himself to the future yet. Tex Rickard, the man who pulls the strings, may have an idea of bringing about another match or at least of promoting a 1928 variation of the elimination tournament to decide Tunney's next opponent. Both had agreed before the battle to fight for Rickard next year in defence of the title, whoever was the victor.

Rickard fell short of his goal of a battle of three millions, but the actual receipts he announced yesterday, $2,658,660, eclipsed by more than $750,000 the previous record spectacle of a year ago at Philadelphia.

Because it was less than a $3,000,000 "gate," Tunney also failed to collect the million he expected to get. It developed yesterday that he was working on a graduating percentage scale, instead of a flat guarantee, but his approximate end of $900,000 is $150,000 more than any fighter ever collected for a night's engagement. Dempsey received $750,000 last year. This time he collected $450,000.

TRY THIS ON YOUR COURSE

ROBERT BULLOCK, JOHN BROPHY, CHARLES THOMPSON AND JOHN RICE.

What a freak golf match this must have been—a polo player driving the ball with his mallet, a pro golfer playing regulation golf, a deep sea fisherman casting a ball with a light rod and a big game hunter from British East Africa using a bow and arrow. It was held over the Montauk Downs course on Long Island. Robert Bullock, the polo player, was last with a score of 44 and, of course, John Brophy, the regular golfer, won with a 40. The other two participants were Capt. Charles Thompson, the fishermarn, and John Rice, the hunter.

Inside Sportin Dope

By A Wise Cracker

Mister Sporting Editor:

Well, Mac, although I picked the winner of the little engagement at Soldiers' Field, I gotta admit I was wrong in one item; she was a much livelier fight than I figgered. Anyway, them that thought Mister Tunney was two much of a highbrow to be a champion has gotta say now that the Fighting Marine, as I call him, is a real champion. He took the best that Mister Dempsey could hand out, weathered the storm and finished the scrap hitting the former champ with everything but the ring posts and the timer's gong. It all goes to show that just because a guy likes to read a book now and then he ain't to be put down as a soft snap. You can be tough stuff and game without murdering the King's english, and Mister Tunney is there to prove it. They ain't nobody in sight right now that looks to have a snowball's chance to grab his title away, but trust Mister Rickard to find a contender. That bird knows his gate receipts, and he'll dig up a plug-ugly somewhere that will pack them in when Mister Tunney next swings into action.

You gotta hand it to Mister Dempsey. He passed out with his boots on, and he might even of copped his old title back if he had of followed Mister Tunney up after the knockdown in the 7th. If he hadn't grandstanded by standing there and calling on Mister Tunney to come on and fight, the championship mighta changed hands. But while he was doing that the champ was getting his bearings again, and they was nothing to it.

Personally the most exciting moment was when the guy over the radio was telling us that Mister Tunney had been knocked down. You could hear the count mounting up to 9, and when the radio man says, "Tunney is," a lotta birds what had laid the money for the winter's coal on the line for Tunney nearly curled up and died, but the next word was "up" and not "out," and a lot of collapses was saved.

Well, Mac, passing from the fight to things nearer to home, I might say Sat. was none too happy a day for our ball teams. All three of them lost. The Royals went out for the season, and even the Peterboro ladies' battery what has been playing with a Toronto team all season got bumped out of the picture. The Seniors-Saints battle in Toronto was closer'n the next sec. I don't know yet how our lads didn't score in that last inning, but anyway they didn't, and so Mister Jeff Hardill lost the toughest kinda game. Anyway, the big kid looked like a million out there. He was like the old-time general store—he carried everything—and the scouts what come to look over Mister Gillespie, the Saints' gunman, forgot he was there, they was so busy getting a eyeful of Mister Hardill's stuff.

The 3rd game Sat. should be a lulu unless 1 or other of the 2 teams cracks completely. Here's hoping it will be the Toronto gang.

See you later, Mac.

Sportfully yours,

A. WISE CRACKER.

Rene Lacoste Wins Exhibition Honors

OTTAWA, Sept. 24 (Canadian Press).—Rene Lacoste, king-pin of the French Davis Cup team and Singles champion of many nations, added further victories to his exhibition tennis tour of Eastern Canada here yesterday.

Pitted against Jack Wright of Montreal, Dominion titleholder, Lacoste chopped and over-handed his way to a 6—3, 6—3 win. The Canadian was at the top of his form and his service smashes and back-line play sparkled, but the invincible Frenchman seemed in every corner of the court at once.

Coupled with Herbert L. Bowman of New York, Lacoste played sensationally again and the Wright-Gilbert Nunns team sustained a 6—3, 6—3 defeat. Again Wright's service shots were a feature but the French ace cut balls at all angles to force the Canadians into errors.

TUNNEY PLANS LECTURE TOUR

Former Governor Cox, of Ohio, Praises the Heavy Champion.

CHICAGO, Sept. 24. — (Canadian Press). — Gene Tunney will abandon the squared circle of pugilism for the lecture platform of North America's young manhood, former Governor James Cox, of Ohio, once a Presidential candidate, said here to-day.

"I happen to know that Gene Tunney, perhaps the finest, yet the most misunderstood man in sports, will devote his future to lecturing young men on how to live," Mr. Cox said. "I have known him for years, as the best son any father could hope for, the cleanest and the finest."

CHICAGO WINS FROM BOSTON

Break Losing Streak of Twelve Straight By 2-1 Victory.

CLOSE CONTEST.

NEW YORK, Sept. 24 (Canadian Press).—After losing twelve straight, Chicago won at Boston, 2 to 1, in eleven innings yesterday. The winning run came on a pass to Kamm, Neis' bunt, and a long single to right by Falk. Herbert Bradley, recently recalled from the Waterbury Club of the Eastern League, drove in Boston's only run in the fifth with a single after Todt had triple, and also held Chicago to five hits.

Umpire Owens was struck on the right knee by a foul tip in the tenth and had to leave the game.

Only one game scheduled.

FIGHT STATISTICS.

CHICAGO, Sept. 24. —(A. P.). — Fight statistics were not completely tabulated yesterday but these were the closest figures available on the Dempsey-Tunney show.

Number of spectators—145,000.
Actual paid admission—135,000.
Total receipts—$2,658,660.
Tunney's share—$900,000.
Dempsey's share—$450,000.
Federal tax—$265,866.
State tax—$241,650.43.
Rental of Soldier's Field—$300,000.
Additional expenses—$150,000.
Rickard's profit—$551,134.57.

LABOR RANKS SHOW INCREASE

Report Issued in Preparation For Conference at Blackpool.

PROPOSALS READ.

LONDON, Sept. 25 (Canadian Press Cable).—The growth of the Labor party is shown in the party's annual report which was issued yesterday in preparation for the annual conference to be held at Blackpool next week. The report shows that the total affiliated membership of the party at the end of 1926 was 3,388,000, an increase of 14,000 as compared with the previous year, while the divisional and local Labor parties and trades' councils, associated with the Labor party was increased by over 100 to 3,249, despite the withdrawal of the National Union of Seamen and the Union of Post Office Workers, the latter owing to the operation of the Trade Unions Act.

The party's income was practically all received from affiliation fees and totalled £46,550, while the expenditure totalled £48,244.

The executive reports that a deputation from the annual conference of Labor women waited on them and urged the removal of the ban placed by the Ministry of Health on the giving of information in regard to birth control. The executive decided to recommend the re-adoption of the finding at the Liverpool conference in 1925, that birth control "should not be made a political party issue but should remain a matter on which members of the party should be free to hold and promote their individual convictions."

Instead of a capital levy the executive will submit a proposal for a special surtax on all incomes over £500 a year derived from property and investment.

GIANTS HOLD SECOND PLACE

Take Full Game From Pirates' Lead By 6-5 Victory.

CARDS LOSE OUT.

NEW YORK, Sept. 24 (Canadian Press)—The New York Giants jarred a full game out of Pittsburgh's lead on the pinnacle in the hard National grind yesterday with an exciting 6 to 5 victory at Pittsburgh over the Pirates which rollicked the McGraw men back in second place as the Cardinals went under to the Braves. The defeat reduced the Corsair advantage to 2½ games. The attendance was 15,000.

The Pirates carried a five-run lead into the seventh, but Carmen Hill, who had defeated the Giants five times previously, weakened and four runs crossed the plate. With the bases loaded and two out, Lindstrom dropped a Texas League single that brought in two runs and another one came over when Lloyd Waner made a bad peg to third.

Trailing by one run in the ninth with one out, Mueller walked and Lindstrom's hit to centre took a high hop that turned it into a three bagger. Roush sent a short sacrifice fly to Lloyd Waner and scored Lindstrom from third on a very close play. The Giants seemed to get the best of the umpire's decision, for it looked as if Smith, in taking Lloyd's Waner's throw, put the ball on Lindstrom a second before he reached the plate.

Norman Plitt who did rescue work in the seventh and eighth, got credit for the victory. Benton hurled the ninth. Barnhart, batting for Hill, walked; Lloyd Waner singled and Bricknell, running for Barnhart, took second.

Combrosky's bunt was grabbed by Benton to force Briskell. Paul Waner grounded out and with a man on third and second, Wright was called out on strikes.

Won Second Game

The pennant hopes of the Cardinals were given a setback when the Boston Braves won the second game of the St. Louis series, 3 to 2, on Fournier's home run in the ninth.

The Cardinals thus dropped to third place, three games behind the Pirates.

The game was a pitching duel between the veteran Grover Cleveland Alexander, who had won 20 games this season, and Joe Genewich. Each allowed seven hits.

Cincinnati divided a double header with Brooklyn at Cincinnati, triumphing by 6 to 3 in the first clash and losing the other tilt by 4 to 3. The Reds landed on Elliott for four runs in the fifth inning of the opener to tuck the game away. Ray Moss, recently obtained by the Robins from the Memphis Club of the Southern League, hurled the Brooklyn victory, although Clark came to his rescue in the ninth when the Reds threatened.

Hal Carlson held Philadelphia to seven hits yesterday, while the Cubs hammered the offerings of Ferguson and Willoughby to shutout the Phillies, 10 to 0, at Chicago. In one big inning the Cubs got five runs off six hits, which included three doubles, two singles and a triple.

Tommy: His name would be Bill if he was my brother, but he isn't, so his name's Alice.—American Legion Weekly.

CANADIAN PLAYERS DEFEATED IN U. S. WOMEN'S TOURNAMENT

Veteran Canuck Golfer Falls Before 20 Year Old Star.

IN THE SEMI-FINALS.

Mrs. Fraser, Last Canadian Entrant, Also Loses Out.

GARDEN CITY, N. Y., Sept. 24. — (Canadian Press). — The younger generation of women golfers will have its fling to-day when Miss Maureen Orcutt, of Haworth, N. J., and Mrs. Miriam Burns Horn, of Kansas City, Mo., play for the women's amateur championship of the United States.

Miss Orcutt is barely 20 years of age, while Mrs. Horn is in her early twenties.

To win the right to travel over the long route of 36 holes over the closely trapped Cherry Valley course the finalists had to dispose of two visiting players from Canada, young in years but old in golf. Miss Orcutt defeated Miss Ada Mackenzie of Toronto, two up and one to play, while Mrs. Burns won from Mrs. Alexa Stirling Fraser of Ottawa, one up.

Was Formidable Figure.

Miss Mackenzie, who holds the open championship of Canada has long been a formidable figure in Women's golf in the United States as well as in her own country and Mrs. Fraser when she was Alexa Stirling of Atlanta, Ga., won the championship of the United States for first time in 1916 in which women golfers wore long skirts and peek-a-boo waists.

Miss Orcutt and Mrs. Horn have threatened before, but to-day will mark the first time either has advanced to the first tee of the final championship round. Mrs. Horn when she was Miriam Burns, won the western women's championship in 1923 and was runner-up the next year. Miss Orcutt took the metropolitan women's championship cup to the White Beeches club last year and kept it there.

Mrs. Fraser was conceded an excellent chance to advance to the deciding match and believed that she would regain the crown she held in 1916 1919 and 1920. Her hopes were finally buried deep in the sand of Cherry Valley's traps. The straight sure shots she produced the day before to eliminate Mlle. Simone Thion De La Chaume, the French and British champion were not in her bag yesterday. She developed a pull from the tee and through the fairway early in the round, and it bobbed up at intervals throughout her play.

Mrs. Horn, too, was guilty of lapses but she was quick to take advantage of her opponent's mistakes and produced more sensational shots perhaps, then any other player in the day's competition.

She Studied Shots.

Mrs. Fraser played with a deliberation that in football might have been regarded as delaying the game. She studied her shots and took meticulous practice swings, while Mrs. Burns seemed content to tear into the ball and let the divots fall where they would.

Miss Orcutt and Miss Mackenzie were in and out. When they were good they were splendid and when they were bad they left nothing to the golf imagination. The Canadian entries were coming from behind at intervals.

Mrs. Fraser after setting the pace with a birdie three at the first hole, saw her opponent from Missouri slip a hole in front on the first nine and had another at the tenth. The former champion missed a chance to get a hole back on the eleventh when she took three putts but when Mrs. Horn needed 6's at the 12th and 13th the match was all even.

Mrs. Fraser then made an error that probably cost her the match. Mrs. Horn hit a poor tee shot and found the ball in the rough. She was not near the 335 yard hole with her second. Mrs. Fraser was well out in the fairway with a fair shot to the green, but found a sand trap to the right of the green. She came out of this obstacle into another just like it on the other side and Mrs. Horn well on with her third, found it easy to get down in five to win and go one up again.

Opportunity knocked again on the next hole for Mrs. Horn's tee shot was in sand short of the 155 yard hole, but Mrs. Fraser also failed to reach the green from the tee and the hole was halved in fours.

At the next Mrs. Fraser went two down with but two holes to play. Mrs. Horn then continued the match by sending her second on the 17th over the green into a deep trap and taking two strokes to get out. Mrs. Fraser missed the green with her second but was on with her third and down in two putts to win.

At the 207 yard nome hole, Mrs. Fraser pitched 12 feet from the cup and ran the putt down. Mrs. Horn came on the green five feet from the cup and made her putt good, halving the hole and winning the match.

Was Never Up.

Miss Mackenzie against Miss Orcutt was never up but she was trying desperately all the time. The metropolitan champion took an early lead by winning the first two holes with fours, only to see one of them regained when Miss Mackenzie took a four on the third. The first nine continued in ding-dong fashion, the New Jersey girl starting the second nine two up.

The lead was increased to four when a six was good enough to win for Miss Orcutt at the tenth and she earned a four at the 11th. Miss Mackenzie then staged a sensational recovery and took the next two holes to reduce the lead to two, only to bump into another seven at the 14th. Although three down again, the Toronto player was not through and a three and a four won the 15th and 16th holes and left Miss Orcutt only one up with two holes to play.

Miss Mackenzie's tee shot at the 17th found the rough and it cost her a stroke to get out. Miss Orcutt was quick to seize the opportunity. Her approach irons had been behaving well all day and she sent a mashie shot spinning close to the pin. The four was good enough to win the hole and the match.

WORLD'S SERIES STARTS OCT. 5

First Game Will Be Played on National League Grounds.

CHICAGO, Sept. 24.—(Canadian Press).—The first game of the World's Series will be played on October 5 in the city whose club wins the National Baseball League pennant, it was decided at a conference among the representatives of the leading clubs of the National and American League and Baseball Commissioner K. M. Landis.

MADOC NEWS

MADOC, Sept. 24.—Mr. and Mrs. George Jacobs and daughter of Oshawa spent the week end as guests of Mr. and Mrs. George Maybee.

Rev. G. W. Rivers conducted anniversary services at Eldorado last Sunday.

According to the Bancroft Times construction work has been commenced on the missing link between Maynooth and Madawaska and will be rushed to completion in short order.

FOR MOTHERS OF YOUNG CHILDREN

Mothers are quick to praise anything which brings health and comfort to their little ones—any medicine that will make the baby well and keep him well will always receive hearty recommendation from the mother. That is why Baby's Own Tablets are so popular. Thousands of mothers, throughout the country, not only use them for their own little ones but are always delighted to be able to recommend them to other mothers. Thousands of mothers have proved Baby's Own Tablets to be without an equal in relieving their little ones of any of the many minor ailments which arise out of a derangement of the stomach and bowels. Baby's Own Tablets are the ideal laxative—easy to take but thorough in action. They banish constipation and indigestion; break up colds and simple fevers; expel worms and make the teething period easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

DOWNEYVILLE FAIR VERY SUCCESSFUL

School Section Six Wins the Prize For Best Showing.

DOWNEYVILE, Sept. 24.—The annual School fair was held here at Downeyville Thursday, Sept. 15. A very fine feature was the parade in which four schools took part. The children wore garlands of autumn leaves, ribbons of red, white and blue, fancy caps and the happy smile of childhood. Each school gave a very fine chorus and the scholars proved the strength of their lungs in the school yell, and displayed their latent in physical culture in the Strathcona drill. S.S. No. 6, in charge of Miss Ruby Perdue, carried off first prize. S.S. No. 4, in charge of Miss Mary O'Connel second; S.S. No. 12, in charge of Miss Mollie Duffy third, and S.S. No. 15, in charge of Miss Lucy Sullivan fourth. Public speaking by both senior and junior pupils held the attention of the crowd for some time. The seniors were Hazey Duffy, Alma Tracey, and Carl Collins. The juniors were Anna Tracey, Evelyn Duffy, and Dorothy Ranson. A splendid list of races and other sports were run off under the direction of Mr. Winter. A walk through the tent indicated that the coming generation is not below the standard set by their forefathers but rather equal to anything and capable of great things. The silver cup donated by the T. Eaton Co., Toronto, was won by Helen Costello and will be engraved with her name for her.

MILLBROOK NEWS.

MILLBROOK, Sept. 21.—Mr. Arthur Martin, of Toronto, was a week end guest of Mr. and Mrs. J. L. Byam at their camp, Deyell's Landing, Otonabee River.

Rev. R. J. and Mrs. Stillwell were guests of her brother and his wife, Mr. and Mrs. John Byam, Lindsay, for a few days this week.

Miss Marjorie Elgar, R.N., of New York, who has been the guest of Miss Engleson for the past two weeks, has returned to her home in the States.

Mr. G. R. Burton of Lousville, Kentucky, has been visiting his sister, Mrs. W. G. Russell, for the past week.

Mrs. (Rev.) H. W. Foley, Miss Mary and Mr. Frank Foley, called upon friends in town on Friday. Miss Mary Foley is teaching this year at Beech Hill; her brother will attend University of Toronto again this fall.

Mr. and Mrs. S. Todd, of Rochester, spent the week end guests of Mr. and Mrs. J. McKnight; Mrs. George Locke accompanied them home for a visit.

R. J. McKnight was one of the judges of heavy horses at the Picton fair last week, this being the sixth year in succession that he has been appointed for this task.

Miss Francis Turner, student of Trinity College, Toronto, was a delegate last week from St. Hilda's at the Students' Christian Movement Conference, held at Elgin House, Muskoka. Miss Gladys Tucker, student at the Ontario Ladies' College, Whitby, was also a delegate.

The many friends of Mrs. D. A. Henry will be glad to learn that she is convalescing favorably after her recent serious operation at Dr. H. A. Turner's private hospital. Doctors Cameron and Eastwood, of Peterborough, assisted Dr. Turner with the operation.

Miss Emma Hetherington was the guest of Mrs. S. Hetherington, Peterborough, for a few days this week.

Among those from Millbrook who attended the Peterborough Industrial Exhibition on Thursday and Friday of this week were: Mr. and Mrs. C. Thorndyke, Ruth and Joe Thorndyke, Mr. and Mrs. A. J. and Mr. Leonard Henderson, Mr. and Mrs. C. E. and and Mr. E. L. Burnham, Mr. and Mrs. J. and Mr. Reg. Armstrong, Mr. and Mrs. R. H. and Mr. and Mrs. Ross Edmunds, and family, Mr. and Mrs. J. D. Armstrong, Mr. and Mrs. Weston Fallis, Mr. and Mrs. Harold Tate, Mr. and Mrs. J. Todd, Mr. and Mrs. Harold Nattress, Mr. and Mrs. H. Nattress, Senior, B. Freelove, Gerald Todd, Mr. and Mrs. Thos. Douglas, Mr. G. A. and Miss May Duncan, Mr. and Mrs. L. C. Russell, Mr. W. H. Coombe, Mr. and Mrs. Dolbert Sanderson, and others.

Mrs. E. S. Howard of Argyle House, Queen's Park, Toronto, has resumed the duties of her position after a pleasant visit with Rev. F. H. and Mrs. Howard at the parsonage.

Mr. and Mrs. B. H. Price of Orillia were week end guests of her mother, Mrs. R. H. Doak.

Mrs. A. B. Lefroy of Toronto is the guest of Reeve W. T. and Miss Margaret Wood.

MILLBROOK, Sept. 24.—Mrs. E. S. Burnham returned home on Thursday evening after a pleasant visit with Mr. and Mrs. F. W. Burnham, Peterborough.

Pupils from this vicinity who are attending the Peterborough Business College this term are: Misses Hazel McMahon, Mabel Johnston, Gwen Hunter, Pearl Davis, Mildred Bothwell, and Gordon DeLong.

Recent visitors at the home of Mrs. F. P. Johnson, Fallis Line, were Dr. and Mrs. Reynolds and son, Clifford, of Toronto; Dr. J. H. McLeod, of Washington, D.C.; Mr. and Mrs. G. Jackson, of Toronto; and Miss Beryl Johnson of the Visiting Nurses' Association, Detroit.

In China there are men who train crickets to fight duels.

Yardley's
Old English
Lavender Soap

Established 1770 — By Appointment

The Luxury Soap of the World

DEMURE little vendors of lavender offered their wares amid the quaintness of 18th Century architecture, when Yardley's Old English Lavender Soap first began to soothe delicate complexions with its refining purity.

Yardley's of to-day is as delightful to use as it was then. It still preserves and enhances the natural beauty of the complexion, still imparts its lingering lovable fragrance.

$1 per box of 3 large cakes at all best druggists and department stores.

OUTLINE OF SCIENCE

CCXCV—Science in the World War—XLIII
The Submarine Blockade

by MAX HAHN

GERMAN SUBMARINE BASE

THE GERMAN NAVAL CAMPAIGN IN THE FIRST SIX MONTHS OF THE WAR WAS A FAILURE. THE FLEET WAS BOTTLED AT KIEL AND WILHELMSHAVEN. THE SUBMARINES HAD FAIR LUCK BUT THEY WEREN'T INFLICTING MAJOR DAMAGE ON THE BRITISH GRAND FLEET.

DESPITE THE KAISER'S RELUCTANCE, A DRASTIC CHANGE OF POLICY WAS PUT INTO EFFECT BY ADMIRAL VON POHL. THE SCHEME INCLUDED LAWLESS OPERATION OF THE SUBMARINES IN AN ATTEMPT TO BLOCKADE THE BRITISH ISLES SO THAT NO FOOD COULD GET THROUGH.

ANNOUNCEMENT OF GERMANY'S NEW SCHEME WAS MADE THE FIRST WEEK IN FEBRUARY, 1915. THE GERMAN NOTICES WARNED NEUTRAL SHIPS TO AVOID THE WATERS NEAR THE BRITISH ISLES IN PERIL OF BEING SUNK WITHOUT WARNING.

© McClure Newspaper Syndicate.

WHEN GERMANY LAUNCHED THIS BLOCKADE SHE HAD LESS THAN TWENTY LONG-DISTANCE SUBMARINES ACTUALLY IN SERVICE. HOWEVER, TEN TIMES AS MANY SUBS HAD BEEN STARTED OR WERE PLANNED FOR IMMEDIATE CONSTRUCTION.

ADVERTISE IN THE DAILY EXAMINER.

GREAT OPPORTUNITY SEEN IN JAMES STEVENSON PARK

City Engineer and Secretary of Chamber of Commerce Tell Views.

PLANS NEEDED.

Complete Work Should Be Visualized Before Start is Made.

There has never been anything done in Peterborough, in the past, towards the planning of a bigger and better city. Some years ago Mr. Parsons, city engineer, and George Duncan, then mayor, were appointed on a town planning committee, but receiving no encouragement, or money with which to work, the project was soon dropped.

In very few of the cities of the Dominion is there any definite town or city planning done. It has been attempted in Vancouver in the last few years, and more recently in Ottawa, with the idea of segregation of the industries of the city to one section; the business section to another, and the different classes of residences to others. This has long been the policy in United States in all the larger cities and is now being adopted by the progressive cities of Canada.

This type of city planning should not be confused with the type in use in the West for the laying out of new cities, where they cut them out in a rectangular form, laying out the streets before any houses are built there, like the plans to be seen in the office of real estate agents. There is a vast difference. The one is planned before the city contains any inhabitants, and it may never have any; the other is the directing of a city's growth, in a certain manner intended to beautify it and make it more desirable as a place to live.

In the matter of parks, the city has never done any planning for any of them, with the exception of the James Stevenson. R. H. Parsons, City Engineer, believes that this park has great possibilities, but there must be some definite plan for its development before it can be undertaken with any degree of success. At present, part of each year's appropriation is being spent to improve the surroundings and make it less of an eye-sore, but no great changes can be made, as, when a plan is finally adopted, it may change the whole contour of the park and the work already done may be entirely wasted. Next month, the council is having a government landscape artist come here in connection with the development of the park and after this some progress in its development may be expected.

One Plan Made.

On the James Stevenson Park development question, F. S. Stinson, Secretary of the Chamber of Commerce, says much may be said about the great prospects for its future. He has a drawing which shows the proposed improveemnts, although no estimate has yet been made. This is a sepia-tinted sketch by M. Langley McCarthy of this city, giving suggestions for the beautification of the eastern shore of the Otonabee river from the high-level bridge practically down to the C.P.R. bridge. The plan, as drawn, would include the razing of buildings now in the hollow and levelling the section south of the high-level bridge. The ball park would be in the same location, more or less in the form of a circle ,inclosed by a high-board fence. Access to the park would be from Burnham street.

The proposed park would include, of course, shrubbery, fountainz, and one or two rockeries with a motor drive or path along the water-front and between the ball park inclosure and the river. To the south are portrayed five islands, a large one and two smaller ones with bridges connecting, presumably foot-bridges. The plan shows a pavilion erected on the largest island to the south.

The sketch possesses considerable merit as a means of assisting civic authorities in their visualizing of the possibilities of the James Stevenson Park.

The subject has been discussed in Chamber of Commerce meetings from time to time but owing to pressure of other business, no definite program has ever been formulated with assurance of being carried out. If the work is worth undertaking and if the possibilities of beautifying this section of the city are to be appreciated, then citizens must be prepared to spend considerable money. Mr. Stinson has heard various people give estimates of the cost, and some optimistically inclined have suggested five thousand dollars as an outside figure. This does not seem adequate; it would seem more like fifteen thousand, which would give permanently improved and beautified Riverside Park that would be in many ways productive of revenue to the city. If the investment by the ratepayers were to carry itself, the city should collect a revenue of about fifteen hundred to two thousand dollars annually from parties to whom the dancing and amusement rights would be let. As to the possibility of bringing the revenue up to that point the city fathers and the present baseball and other athletic teams' managements should be consulted. Mr. Stinson believe that they are thoroughly acquainted with the revenue possibilities of the present park as it now stands.

There is an air of decay to be detected around the premises at the present time and James Stevenson Park possesses no real utility other than for intermittent athletics. I have some pictures taken several years ago of the James Stevenson Park in the spring", says Mr. Stinson. "At that time, in order to get these pictures I had to crawl along the top of the high board fence to the river side of the park in order to have the sun at my back, as there was from six inches to two feet of water all over the premises. The ball park was completely inundated. Naturally, if money were to be spent on the premises ,in future, in way of permanently beautifying them, ratepayers would want to feel assured that their money would not be washed away by spring floods and so forth."

"I believe Alderman Greene has made an intensive study of this problem and is in position to make some excellent suggestions to his confreres and ratepayers.

"In the matter of beautifying the city, the Ashburnham Ladies' Patriotic League demonstrated some years ago, in planting the young trees on Memorial Hill that they had vision of a very marked degree.

"It will be many years before the fruits of their labors will beccme apparent. I forget what it cost them but I know it was considerable and if the city, provided the scheme were feasible, could spend sufficient money to beautify the James Stevenson Park, the ratepayers, tourists ,and so forth, would be enjoying its many beauties almost immediately. Furthermore, while practically every tourist is highly satisfied with the Exhibition Grounds as a tourist camp one can imagine no more wonderful location for a tourist camp than almost any section of the James Stevenson Park as sketched by M. McCarthy. Who is it to say that it might not pay the city to consider this investment for that reason alone? Last year the tourists left upwards of one-half a million dollars in Peterborough, and we believe it will exceed that amount, this year. It will be seen that three per cent of our tourist revenue would provide ratepayers of City of Peterborough with the wonderful park and our tourists with the finest tourist camp in any part of Ontario, if not in the Dominion of Canada. If we can apply a certain portion of the tourist revenue against the cost of beautifying James Stevenson Park, the entire expense would practically be wiped off in one season."

"No doubt we are still expending considerable money in unemployment doles. The cost of this park would be reduced by approximately the amount of money that the city would pay in two years' doles, which is about the length of time it would take to make a thorough job, in-so-far as preparatory work is concerned."

"Any who would care to see the sketch may do so by visiting the offices of the Chamber of Commerce, at 358 George street. Incidentally if any citizens would care to make suggestions in connection with the improvement of the James Stevenson Park, whether they be made privately or publicly, we would be glad to receive them, or any other suggestions concerning the welfare of Peterborough, city or county" Mr. Stinson said.

Bridge Me Another

Lyrics Of Life

(By Douglas Malloch.)

CUSSING AND PRAYER

The rocks were rough; we felt the brambles tear;
The sun beat down. The old guide wiped his brow.
"We ought to make it in an hour from now."
He said, "for all we need to land us there
Is just some cussin' and a lot of pray'r."

I laughed at that. I hadn't ever heard
That pray'r and "cussing" mixed so well;
And so I thought my duty was to tell
The fellow that his language was absurd,
And speak about religion, and the Word.

That's long ago. I walk the city streets,
Where spiders lure the young with many a light,
Where man's a man by day and brute by night,
And cheats the law, and blames the law he cheats,
Makes gold his god, and Babylon repeats.

Yet men shall hear, the hardest hearts must care.
My mind beholds another rock-strewn path.
May we have strength to speak our faith and wrath,
For now we need what once we needed there—
A little cussing and a lot of pray'r.

(Copyright, 1927, Douglas Malloch.)

THEATRES

AT THE REGENT.

MAE MURRAY FAMOUS FOR HER BEAUTY

Mae Murray, brilliant star who is a Spanish heroine in her latest production for Metro-Goldwyn-Mayer, "Valencia," coming to the Regent Theatre this Monday, was born in Portsmouth, Virginia. Passionately fond of dancing from early childhood, she went to New York after attending the Portsmouth School and Dancing Academy to seek a career on the stage. When fifteen she became a member of the Ziegfeld Follies where she made a hit as the "Nell Brinkley Girl." Over night she became an outstanding figure in a dancing age. After starring in musical shows, she became the guiding spirit in New York's most brilliant dance-and-dining rooms. Mae Murray's, Sans Souci and Folice Marigny were rivaled in popularity only by the dancing rooms of the Castles.

Miss Murray long has been noted as one of the most beautiful and shapely of feminine film stars. She is five feet four inches tall, wieghs one hundred and thirty pounds, and has light blonde hair and blue eyes. Her hobbies are golf and swimming; her pastime is dancing, as might be expected from one whose dainty feet, first twinkling to the hrythm of street hurdy-burdies so quickly led her to fame and fortune. Miss Murray's husband is Prince David Divani.

"Valencia," in which Miss Murray now appears, is a vivid romance of Spain, with Miss Murray as a fiery gypsy of the circus, caught in a strange mess of intrigue with a governor of Barcelona. Lloyd Hughes and Roy D'Arcy are included in the cast.

AT THE CAPITOL.

LEWIS STONE PLAYS TITLE ROLE IN "PRINCE OF HEAD-WAITERS

"The Prince of Headwaiters," a powerful comedy-drama of father-love and made by the director of "Flaming Youth," which starred Colleen Moore, is the feature photoplay at the Capitol Theatre, beginning Monday.

Featuring Lewis Stone, Priscilla Bonner, Lilyan Tashman, Ann Rork, Robert Agnew, E. J. Ratcliffe and others, the picture was adapted from Garrett Fort's Liberty Magazine story, called also "The Prince of Headwaiters."

John Francis Dillon was the director, and Sam E. Rork, who produced "Ponjola," "Old Loves and New," "The Blonde Saint," "The Notorious Lady, and other notable films, made the photoplay for First National Pictures.

Mr. Stone has the part of "the Prince of Headwaiters," and most of the scenes are laid in the Ritz Hotel in New York.

The story involves the love of a father for his son, the love of a stern father for his daughter and finally the unselfish love of a childhood sweetheart for the youth.

Lilyan Tashman has an outstanding part as the adventuress and gold-digger, and Ann Rork, remembered for her picture debut in "The Blonde Saint" and "The Notorious Lady," has a big part as Beth, the childhood sweetheart.

While no attempt has been made to have the usual fashion show, there are two sequences in "The Prince of Headwaiters" in which fashions of the day in milady's fineries ar emphasized.

COMING MONDAY:

MAE MURRAY IN

"VALENCIA"

A story of young love in Old Spain. Her greatest Picture and successor to "The Merry Widow."

Do as Mr. Gard...

Mr. Anson A. Gard, the well known Littérateur of Ottawa, calls the Wandering Yankee, says in an unsolicited testimonial for ZUTOO Tablets:

"Zutoo Tablets stop my headaches so completely that I don't mind having them any more."

No need for any one to suffer from headache if they do as Mr. Gard does...

and take Zutoo

"Difference of opinion may be the spice of horse-racing," is the immemorial proverb and suspice of the sport of kings. Yet, for Man O' War, who was indifferent to all but the victorious goal, king and stable boy rise to agree there was no difference of opinion when the super-horse faced the barrier...

No Difference of Opinion

When Supremacy is so Outstanding

In its repertoire of brilliant abilities, the New Hudson Super-Six asserts its supremacy in vivid performance facts that stand free clear of opinion or debate.

Here is a new power in motordom—totally different in development and expression—totally new in range and efficiency—the smooth and mighty power of the steam engine delivered with flexibility and vivacity.

The basis of this great Hudson capacity is a new companion invention to the Super-Six principle which turns waste heat to power. Together they combine the highest efficiency in power generation and transmission ever achieved within our knowledge.

In the new Hudson motor, spark knock heretofore characteristic of the high-compression motor is eliminated, and ordinary gasoline compounded the performance results through special and Paid on fuels.

It is receiving the greatest reception in Hudson history. Special in all ways it is the finest for the consummate Super-Six ever built.

HARRIERS CLUB IS ORGANIZED

Runners of City Plan To Hold Thanksgiving Day Race.

ENTHUSIASM SHOWN.

The organization meeting of the Y.M.C.A. Harriers' Club was held in the "Y" last night. There were about twenty runners present and the primary business was the election of officers. The following were elected:

Honorary President, G. H. Roper; President, Charlie Thorpe; Vice-President, Aubrey Adams; Secretary, K. G. Goheen; Treasurer, Dick Bates; Coach, Doug. Loomis; Executive, Newt. Hamilton, Bob French and Ira Dundas.

The question of entering teams in different races was discussed and it was decided to sponsor a Thanksgiving Day Race as was helgd last year, with four man relay teams, each man running two and one-half miles.

It was also decided that the executive pick a number of teams from the club to run a relay race on Saturday, October 1, at 2.30 p.m.

Ira Stinson, a former Peterborough boy, now of Lindsay, was present and brought greetings from a Lindsay club, which is also in its infancy. Mr. Stinson feels sure that the two clubs will be able to promote some good runs if they work in co-operation and a run from Lindsay to Peterborough by the Lindsay runners and vice versa by the Peterborough boys will be attempted when the runners get into condition.

The executive was empowered to draw up a constitution for the club.

SOCCER SCORES

LONDON, September 24 (Canadian Press). — Football games in the British Isles to-day resulted as follows:

Stenhousemuir 2, Clydebank 0.
Third Lanark 1, Queen of the South 2.

Everybody Willing To Have Third Fight

CHICAGO, Sept. 24 (Canadian Press). — Will there be another Tunney-Dempsey fight. The comment of the three persons who could make it possible is:

Tex Rickard: "I would be willing to promote another match if Jack would go over the same route he did for this one, meeting some of the outstanding contenders."

Tunney: "Why shouldn't I. I could beat Dempsey every day in the week."

Dempsey: "I still think I can whip him. I am willing to meet him again."

RUGBY NOTES.

The junior rugby team will hold their practices on Monday Tuesday, Thursday and Friday at 5.15 p.m. The players are fast rounding into shape, and any others who wish to make the grade and expect to keep in fast company must begin to turn out for practice immediately for there are several good men for each position this year and only by plenty of good hard work may a place be won on the line up.

There are prospects of some games against fast outside teams as soon as a team can be whipped into condition and everyone is working hard to get a few good practice games

WHAT'S YOUR RATING?

ANSWERS

Answers to questions on page 9:
1. A bird.
2. Wise laws.
3. The Romans.
4. Australia.
5. Hail and farewell (Latin).
6. Blue ("The Beautiful Blue Danube").
7. From cotton or wood pulp dissolved in acids and drawn into threads.
8. The wife of Shakespeare.
9. Across the Nile, in Egypt.
10. Those languages like French, Italian, and Spanish, which are derived directly from the Latin.

(Copyright, 1927, McClure Syndicate.)

Refuses His Winnings; Tunney Knocked Out

NEW YORK, Sept. 24. —(Canadian Press). — Having given odds of two to one that Dempsey would not knock Tunney out, Samuel Zaret, a builder, has refused to accept the $2,500 he won. He thinks Tunney was really fairly knocked out.

Pays Double Bet.

BOSTON, Sept. 24. — (Canadian Press). — Robert Gorman of Charlestown, paid a double toll for betting on Dempsey. He stood on his head on the highest girder of the Charlestown Bridge. Then he dived from the railing into the channel below. He came up wet but un-

TENDERS WANTED.

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Harbour Improvements, Port Burwell, Ont.", will be received until 12 o'clock noon, Thursday, October 20, 1927, for the Harbour Improvements, consisting of the contruction of a Rubble Mound Checkwater from the middle of the existing breakwater, Rubble Mound extension to the said breakwater, and repairs to the existing Rubble Mound wall, at Port Burwell, Elgin County, Ont.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the offices of the District Engineers, Customs Building, London, Ont.; Equity Building, Toronto, Ont., and at the Post Office, Port Burwell, Ont.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of the tender. Bonds of the Dominion of Canada or bonds of the Canadian National Railways Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

NOTE.—Blue prints can be obtained at this Department by depositing an accepted cheque for the sum of $50.00, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
S. E. O'BRIEN,
Secretray.

"STOP, LISTEN"

Don't spend your money **ALL ON PLEASURE.** Buy a Home for yourself, and have something **WHEN OLD-AGE COMES ALONG.** The money you pay on a Home will come back with **INCREASED PROFITS** in later years. Remember, if you don't save when you are young, you won't when you grow old. A young man starting out for himself can not do better than **TO PURCHASE A HOME ON EASY PAYMENT PLAN.** It makes an objective to work for, and some day he will own the place, **CLEAR OF ENCUMBRANCE.** Better to do that than to spend your savings all on pleasures, and have nothing in later years **WHEN YOU NEED IT. Make an objective NOW, TO SAVE BY PURCHASING A HOME ON EASY PAYMENT PLAN.** You have to pay rent anyway; why not make a payment on a House each month instead? Call at **140 SIMCOE STREET,** and let's talk the matter over, and **YOU WILL BE SATISFIED** that the above is good advice.

TRUTH VERSUS ERROR.

The reluctant abandonment of early erroneous teaching by those, who would cherish it longer, if they could, goes to make plain, that the one thing, thinking men are waiting for is the return to or the intoduction of "the simple life," namely "learning of Jesus," or in other words, coming under **"the law of the Spirit"** Jesus said, "learn of me, and ye shall find rest in your life." Note the connection between the two words "learning and rest." Those who have been long connected with forms and ceremonies and who are in doubt in regard to what may now be called "old time creeds," be encouraged. Doubt is honesty. Doubt is looking for light. The obstinate, bigoted, and unbelieving person is unfortunately content to be in the dark; and consequently must remain in the dark, unless with honest intent he makes an entire change of attitude.

CARS DAMAGED IN COLLISIONS

Failure To Observe Traffic Rules Causes Two Accidents.

NOBODY INJURED.

Failure to observe traffic regulations led to two automobile accidents on George street late last night. Driving between Brock and Hunter streets, a Toronto man sought to pass on the wrong side a car containing a Peterborough man. The attempt resulted in a crash against the front of the Peterborough car. Endeavoring to right himself the Toronto man swung across the street and crashed into another car, and before stopping ran against the curb.

Two young ladies driving up Aylmer street failed to come to a complete stop before entering Charlotte street. The result was that their car collided with the trailer attached to a locally owned truck. A damaged bumper and a steering rod wrenched from its position were the price of disobeying the by-law.

FARMER CRUSHED BENEATH WAGON

GANANOQUE, Sept. 24. — Joseph Edgar, a 28-year-old farmer, residing in Pittsburgh Township, about eight miles west of this town, was almost instantly killed on the Provincial Highway here yesterday.

He had just entered the town limits, bringing in a load of cheese for market. A truck belonging to the Hemlock Park Dairy Company of Kingston ran into the wagon from the rear, throwing Mr. Edgar to the ground near the horses' feet. A wheel passed over his head, resulting in his death in a few minutes.

The truck was being driven west by A. C. Fraser of Kingston. Coroner MacKie of Lansdowne has ordered an inquest, which will be held on Tuesday afternoon.

FIRE CHIEF WARNS AGAINST DANGERS

The Fire Chief again wishes to call attention to the fact that all pipes should be cleaned before the fires are lit.

Another matter is the burning of leaves or rubbish. City by-laws say this must not be done without first securing a permit from the Chief, which may be done by making application at the Fire Department.

THEIR ERROR

"Did you ever get back that shirt of yours the laundry claimed was missing?"

"Most of it, yes. It was only partly missing."—Judge.

BOY BORN HERE HEADS BIG FIRM

Stock Exchange News Publishes Biography of F. V. Fitzpatrick.

HAS SIMPLE CREED

The following biographical sketch is taken from the Stock Exchange News of Montreal, and refers to F. F. Fitzpatrick, who has many friends and relatives in the city and district.

Because we live in an age of success it is but natural that those who have been successful in the past should be besought for some explanation of their methods of achievement.

Many and various are the recipes which have been passed on to an eagerly expectant world, but one and all concur that the road to the top is not an easy one and that, once attained, a position of pre-eminence is no sinecure.

The views of F. F. Fitzpatrick on this subject are by no means an exception to the case and there are certain unusual features which make a review of his career an exceptionally interesting one.

Born in Canada, near Peterborough, Ont., in 1877, Fitzpatrick migrated to the United States at an early age, when his father, a teacher of English, accepted the call of a college in Indiana and settled there with his family.

The parents had hoped that the son would grow up in the study and practice of the law, but this sober and more or less uninteresting profession offered little attraction to Fitz Junior. The glamour of the railroad was exciting the blood of every healthy minded boy in those days and the call proved strong enough to overcome parental guidance.

So, to fit himself for his long climb from the bottom up, Fitzpatrick studied and became an expert in telegraphy and eventually acquired a positionas a "key-puncher" with the Little Miami Railroad.

Somehow or another things did not go quite right, or at any rate not fast enough for young Fitz. Many weary nights were spent in poring over railroad statements, balance sheets, maintenance and operating cost returns, but the direct road to advancement seemed barred.

It was then that he first displayed the generalship that has made him an industrial giant today. Instead of butting at a brick wall he determined to detour; if obstacles could not be surmounted they could be got round. So the tapping key became a thing of the past and the young man essayed to woo fortune in another field.

Mr. Fitzpatrick today has personality in plenty and it was at this early age that he first attempted to capitalize it. In the town in which he was working was a company making railroad equipment and supplies; this was the Railway Steel Spring Company and of this firm Fitzpatrick sought a position.

Men of genuine ability have never been unduly prolific but Fitzpatrick soon proved that he was. In a comparatively short space of time he had become the firm's star salesman; later he was appointed general manager and then, in 1909, he became the president of the company before he was 32 years of age.

During the seventeen years that he controlled this organization his ability was amply proven and the measure of his success was clearly reflected in the progress of the company during the period. During 1926 the Railway Steel Spring Company was amalgamated with the American Locomotive Company and Mr. Fitzpatrick became president of the consolidated companies in the current year.

So it was that the one time "key-puncher" rose to command one of the premier industrial undertakings in America, a company operating seven plants, two of which, the Montreal Locomotive Works and the Canadian Tire and Wheel Company, are located in Montreal, and whose assets exceed $117,000,000.

What, then, is the secret of the organizing genius of this captain of industry? "Pick good men and let them go to it" are his own words. "I don't attempt to interfere with the detail work of the company, for the heads of departments are carefully selected from tried men who have grown up with the company and I trust them." Once again, a policy which has been amply justified in practice and one which lends a deceptive air of tranquility to the president's office.

His entire energies are not confined to the conduct of the affairs of the American Locomotive Company, for he is a director of several other industrial companies, including Remington Typewriter, trust company and a savings bank, which often cause his working hours to extend far into the night.

Yet every day has its record of accomplishment. Clever organization utilizes every minute of the day and so gets through a tremendous volume of work without making a show of it.

Like many other captains of industry, Mr. Fitzpatrick is a devotee of the "Royal and Ancient" game and this realization is not left out of his recipe for success. It is a simple and practical creed, "Hard work, eight hours' sleep and an occasional game of golf."

Would Fly North To Hunt For Moose

A noted sportsman and a big game hunter, C. W. Hord, 2nd vice-president and general sales manager of the American Crayon Company, which is locating a Canadian branch in Peterborough, has set his heart on securing a Canadian moose. To this end he has discussed with Captain Ayres the feasibility of making an airplane trip sufficiently far north to put him in proximity to the haunts of the moose. Nothing less than a sixty-inch head will satisfy him, declares the Ohio Nimrod.

HIGH PRAISE

FROM NEWFOUNDLAND FOR

Gerhard-Heintzman Baby Grand Piano

SOLD DIRECT BY

E. V. WARNE

From His Musical Warerooms

325 GEORGE STREET, PETERBOROUGH

(Extracts from Letter).

St. John's, Newfoundland, September 20, 1927.

"Mr. E. V. Warne, Peterborough:

"Dear Sir.—The Gerhard Heintzman Piano arrived, and was placed in the College yesterday. It was extremely satisfactory. The firm packed it well and carried out their contract with the greatest of satisfaction.

"Will you kindly accept the thanks of Miss Williams, as President of Spencer Club, for your great kindness in introducing this piano to Newfoundland, in Bishop Spencer College.

"Professor Sterling, in charge of the Music Department, expresses his admiration for its beautiful tone, so round and mellow. He says the action is perfect and the construction leaving nothing to be desired.

"But for the information that you were agent, we do not believe we should have known about this wonderful instrument, which has been shipped nearly fifteen hundred miles, and yet arrived in perfect condition."

CANADIANS LOSE.

Miss Mackenzie and Mrs. Fraser Beaten in Golf Semi-finals.

GARDEN CITY, Sept. 23 (Canadian Press).—Canada's two semi-finalists in the United States women's golf championship were defeated by their United States opponents to-day and the final round of 36 holes will be fought out to-morrow by Miss Maureen Orcutt, Haworth, N.J., Metropolitan champion of New York, and Mrs. M. B. Horn, Kansas City, trans-Mississippi champion.

Miss Mackenzie and Mrs. Fraser went down to defeat in two close matches. Mrs. Fraser was defeated by Mrs. Horn, one up, and Miss Mackenzie was two down to Miss Orcutt at the seventeenth, where the match ended.

IN MEMORIAM

INNES.—In loving memory of Mina Innes, who died September 24th, 1925.

We do not forget her, we love her too dearly,
For her memory to fade from our lives like a dream;
Our lips need not speak when our hearts mourn sincerely,
For grief often dwells where it seldom is seen.
—Sadly missed by husband and family.

VOL. LX., No. 72 — PETERBOROUGH, MONDAY, SEPTEMBER 26, 1927 — PRICE THREE CENTS

NEW BUILDING IS DEDICATED TO GOD'S USE

George Street United Sunday School Formally Opened.

FORMER PASTOR SPEAKS.

Opportunities To Share in Master's Work Are Pointed Out to Scholars.

At three o'clock on Sunday afternoon, the dedication service of the new George Street United Sunday School Memorial Hall was held in the church. The Sunday School assembled in the basement and thence proceeded up into the body of the church. Before the service began, the downstairs portion of the auditorium was filled to capacity, and there were many in the gallery.

The service opened with the singing of a hymn, with the orchestra in accompaniment, and the organist, Mr. Liddle, leading. S. R. Armstrong followed with prayer, thanking God for the many blessings showered upon the Sunday School and community, prayed for the future of the organization, and concluded with the Lord's Prayer.

The minister, Rev. J. E. Todd, then dedicated the Sunday School Hall to the Lord's work. "This is our Sunday School, of which we are worthy, and the present moment is full of significance. Let us join in the seriousness, sacredness, and holiness of what we are now about to perform, as we dedicate the new Sunday School to the honour and glory of God and the service of fellow-men. God is well pleased with those who build temples to His name for the performance of the several offices for which it has been erected. Pray for His further blessing upon all those interested therein."

After the reading of the 122nd Psalm, the members of the Sunday School were asked to stand while the new building was dedicated to His service and for the study of His Word, that in this, their Sunday School, there might be promoted only those things that enter into the building of character and make for the building of strong, Christ-like men and women. All were then called upon to dedicate themselves anew to the service of God, to Him let their souls be dedicated that they might be renewed, let their bodies be dedicated that they might be fit dwelling-places for the Holy Spirit, let their spirits also be dedicated. All were exhorted to pray that these dedications might be graciously accepted, that in all the activities of the Sunday School they might stand before Him with clean hearts, and that His eyes might be opened toward that House day and night.

A hymn was sung and the superintendent made the announcements, stressing the tea on Monday evening at 5.30 o'clock, to be followed by a concert and the opening of the new building to public inspection, all the proceeds to be used in the building fund for the new school.

Several past superintendents of the school were on the platform, and the superintendent expressed his pleasure at having them present, introducing T. W. Robertson to the assembly. S. R. Armstrong, Dr. Middleton, and A. F. Hagerman, superintendent of Grace Sunday School, were also present.

A duet, "Face to Face," was beautifully rendered by Miss Daisy Murray and Mrs. Liddle. A special offering for the current expenses of the school was taken, while the orchestra played a selection.

Rev. A. J. Thomas.

After the offering Rev. A. J. Thomas, a former pastor, was introduced and received a hearty round of applause. Mr. Thomas expressed his pleasure and appreciation at his reception, and commented on the splendid music that had been rendered. He would like to be able to transport the orchestra to Windsor, as "there is nothing in the Border Cities that could touch this one.

"This is one of the best Sunday Schools in the United Church and throughout Canada, one of the finest adult departments of any of the Sunday Schools I have observed during the past years," said the speaker. "There are many milestones in life, birthdays, marriage, and others are important days in the life of a person. So was it an important day when the Methodist Church first started in the town of Peterborough, as it then was, across the road from the present place of worship.

"Another important milestone was when the present church was built. Few can look back that far; and this day is another milestone in the history of the George Street Church and congregation, this day on which the Sunday School Memorial Hall was dedicated to the work and kingdom of God. I am glad to be here to share in this ceremony."

The Sunday School Hall has been erected partly, and to a considerable extent, by members of the school themselves. They worked hard to get the money to invest, and had a considerable amount upon which to draw to apply to the expenditure. But the building has been made possible not only by the efforts of the Sunday School, but by the efforts and contributions of many not in the school, but adult folk of the church and the community. To illustrate his point,

(Continued on Page 8)

Wreckage May Solve Fate Of Schooners

HALIFAX, N. S. Sept. 26. — Further light may be cast upon the mystery surrounding the loss of four Lunenburg fishing schooners and their crews, by the wreckage which was yesterday being towed to Lunenburg from near Sable Island by the Fisheries Protection steamer Arras, according to a wireless message to C. R. Harvey, local agent of the marine and fisheries department by Captain Barkhouse of the Arras. Acting upon instructions of Mr. Harvey the Arras two days ago proceeded to search for submerged wreckage with masts showing, reported to have seen in the vicinity of Sable Island. Captain Barkhouse advised Mr. Harvey yesterday that he had found the derelict and had succeeded in salvaging some of the spars which he was bringing to Lunenburg for identification.

SAYS GERMANY NOW DISARMED

Stresemann Makes Plea From Rostrum For Reduction of Armaments.

WAITS ON NEIGHBORS.

GENEVA, Sept. 26 (Canadian Press).—Germany, once regarded as the greatest military power in the world, is now disarmed and calmly waits for her neighbors to do likewise, Dr. Gustav Stresemann, the German Foreign Secretary, declared Saturday night in a plea from the rostrum at the assembly of League of Nations for the speeding up of preparations for an international conference for reduction of armaments.

Dr. Stresemann insisted that armaments could not and should not form the basis of security, arguing that their inevitable effect was a threat to other nations. Imploring the delegates of more than fifty nations not to shake the faith of mankind that a better future will follow the dark days of the war, he asserted that the League of Nations could not endure unless the duty of general disarmament was discharged.

Dr. Stresemann, M. Paul Boncour of France, Dr. Loudon of Holland, and Senator De Brouckere, Socialist parliamentarian of Belgium, all spoke when the disarmament plans were submitted to the assembly. It was the powerful address of Senator De Brouckere, who acted as reporter for the disarmament committee, which challenged the most attention. With years of experience in the league's disarmament efforts, he solemnly warned his hearers that the road to success would be long and perilous; yet he eloquently painted a picture of fervent faith that the goal will finally be reached.

TWO DRIVERS FINED HEAVILY

Third Man Goes To Jail For Driving While Intoxicated.

SPEEDERS WARNED.

This morning in Police Court two men faced charges of reckless driving on George Street and were fined $50 and costs in one case and $40 and costs in the other case. Norman Vulgar, who received the heaviest fine, drove a large truck down George Street on Saturday night between 30 and 35 miles an hour. The truck caught fire and is a total loss to the owner. Vulgar, when asked to produce his chauffeur's license, said he did not have one.

William Hughey, who was fined $40, struck two cars, damaging both. His Worship said that the speeding in this city has to stop and that from now on speeders and reckless drivers can expect no leniency from the Bench.

Three other local citizens pleaded guilty to being intoxicated and were fined 15 and costs. In each of these cases the men were found drunk while riding in a car which had been in a collision. The drivers were also charged with being intoxicated while driving a car.

John Balfour pleaded guilty and was sentenced to seven days' imprisonment. He accompanied by two of the other men, struck a car from Lakefield, doing considerable damage to one of the rear fenders. The prisoner, when he pleaded, did not know that the sentence was jail for a week and he asked for a fine. His Worship said it was one of those unfortunate cases, but he had no sympathy for a man who pleaded guilty to driving a car while intoxicated. He was taking his own life in his hands, as well as that of hundreds of other people.

The other driver pleaded not guilty, and his case will be heard on Friday morning.

Another young man was given ten days when he pleaded guilty to being a vagrant.

BRITAIN WINS SCHNEIDER CUP

Naval Aviator First in Seaplane Race at Venice.

THIRD VICTORY.

LONDON, September 26 (Canadian Press). — Great Britain to-day captured the famous Schneider Cup from Italy, says an official message received by the British Admiralty from Venice, Italy, where the race was held to-day. The winning pilot was stated in the message to be Lt. S. Webster.

The race, which was for supremacy in speed among seaplanes, had been scheduled for yesterday, but was postponed because of unfavourable weather.

Great Britain and Italy were the only entrants, the United States entrant having been forced to withdraw because of inability to get his plane ready in sufficient time for competition.

Lieut. Worsley, also of the British naval aviation forces, was second. Lieut. Kinkead, Great Britain, and all three of the Italian competitors were forced to give up before completing the seven circuits marked out along the front of Lido Bathing Beach.

Lieut. Webster averaged 453.282 kilometers an hour, about 281.50 miles, while Lieut. Worsley averaged 439.472 kilometers, about 273 miles an hour. The distance was 350 kilometers (217.483 miles. The plane used was a super-marine Napier S5 monoplane, and the speed of 281 miles an hour broke all existing speed records.

Lieut. Kinkead was forced to stop after completing the third lap after having made a speed of 291 miles an hour.

Captain Ferrarin, Italy, gave up apparently because of engine trouble.

Lieut. Webster is twenty-seven years old, and was the youngest of the three representatives in the contest. He joined the Royal Air Force as a Second Lieutenant in September, 1918, after having served in the infantry as a private. He was granted a short service commission as a flying officer in December, 1919, and became a permanent commissioned officer in 1924. He was promoted to Flight-Lieutenant in July of this year. He holds the air force medal for meritorious service.

The Schneider Maritime Aviation Cup, one of the most famous trophies of aviation, was captured by Italy from the United States last year, Major De Bernardi of the Italian Navy, setting a new record for seaplanes, averaging four and one-tenth miles a minute. The Major crossed the finish line with an average speed of 246.496 miles an hour.

Great Britain, which did not compete last year, made unusual efforts this year to capture the Cup, her seaplanes being developed and worked out in the strictest secrecy. Italy also preserved secrecy and little was made public concerning her entrants.

Great Britain's victory to-day represented her third in the Schneider Cup competitions, her planes having won at Monaco in 1914 and at Naples in 1922. Italy also has three victories to her credit, having won at Venice in 1920, at Naples in 1921, and at Hampton Roads, United States, in 1926.

Little Girl Killed In Revenge On Parents

NEW YORK, Sept. 26 (Canadian Press).—A seven-year-old girl was shot to death as she slept today by a sixty-five-year-old man in revenge for the elopement of his daughter, police allege.

The girl, Angeline Constance, was asleep in her bed at her home when she was instantly killed by a shot gun discharged, according to the police, by Biaggio Arsenio, who escaped over the roof tops. Relatives told the police that Arsenio was enraged over the recent elopement of his daughter with a young man introduced by the slain child's parents.

5,000 KILLED BY TIDAL WAVE

Reports of Storm in China on Sept. 10 Just Received.

AT YEUNG KONG.

HONG KONG, Sept. 26,—(Canadian Press.) — The Exchange Telegraph here announces receipt of a report that five hundred persons perished when an immense tidal wave and typhoon struck Yeung Kong, Kwangtung Province, on September 10. Twenty thousand homes were damaged and four hundred junks and sampans destroyed, the report said. The total loss is estimated at one million dollars.

DIED

LEETHER.—At 504 Chamberlain Street, on Thursday, September 22, 1927, Lillian, youngest daughter of Mr. and Mrs. Frank Leether, aged four years.

ALDERVILLE INDIANS UNVEIL MEMORIAL TO FALLEN HEROES

First Indian Monument Commemorating Achievements in Great War.

PATRIOTIC SPEECHES.

Judge Huycke Predicts Great Future Influence of Canadian Legion.

Descendants of the two races—Anglo-Saxon and Indian—who in the past waged many bitter struggles for possession of their meeting ground, gathered yesterday to do honour to the red men of Alderville who fought and fell by the side of their white comrades on Flanders Fields.

Before a crowd of between three and four thousand people, including visitors from Peterborough, Norwood, Hastings, Campbellford, Keene, Westwood, and Belleville, the first monument to be erected by any Indian tribe in Canada in commemoration of Great War achievements was unveiled yesterday in the village of Alderville, perpetuating the memory of the thirty-three Indians of the Alnwick Reservation who voluntarily enlisted in His Majesty's forces, nine of whom fell on the battlefields of France and Flanders.

The monument, which occupies a prominent position in Alderville's Memorial Park, consists of a cluster of concrete columns supporting an overhanging cornice and a three feet square block. Three large concrete balls and corner bearings complete the monument, which is mounted on a concrete base ten feet square. The monument is fifty feet high and weighs 468 tons. The block on the top weighs 1,000 pounds. The monument was designed and erected gratuitously by A. McKeel & Son, Campbellford, and the Indians of the reservation bought the material and laboured voluntarily in an effort to keep costs at the lowest possible level.

Sod Turned August 21.

On Sunday, August 21, the first sod of the work of building was turned by Mrs. Norman Marsden, wife of the Chief on the reservation.

Promptly at 2.30 yesterday afternoon, the troops, under the command of Major J. M. Bygott, of Campbellford, were called to attention, and the parade of Militia and veterans in uniform and mufti, headed by the Northumberland Regiment of Campbellford and Cobourg Kilties' Bands, marched the short distance from the church to the monument.

Between the monument and the highway was erected a platform, occupied by the chairman, Rev. H. Wilding, Alderville, and the speakers, His Honour Judge E. C. S. Huycke, Lieut.-Col. J. W. Odell, V.D., of Cobourg, Lieut.-Col. E. E. Snider of Port Hope, Major J. F. B. Belford, M.L.A., Northumberland East, W. M. Coyle, former Indian agent, A. H. McKeel, Campbellford, and Rev. R. Brown of Roseneath, who read the Scriptures. Also on the platform were Col. N. F. MacNachtan, C.V.O., V.D., of Cobourg, Captain W. F. Huycke, of Peterborough, Col. Solvay of Brighton, Captain Hyland of Campbellford, and Lieuts. Free, Cowper, and Belford.

Curve Lake Indians.

A party of Curve Lake Indians motored to Alderville to do honour to their kinsmen. Visiting ex-service men from Peterborough were Lieut.-Col. T. J. Johnston, and Captain Sidney Whatley, secretary of the Peterborough branch of the Canadian Legion.

Following the playing of selections by the Cobourg Kilties' Band, the singing of two hymns and the addresses by Judge Huycke, A. McKeel, and W. R. Coyle, Clarence E. McKeel unveiled the monument, and a beautiful blue marble tablet, prepared by the Cobourg Granite and Marble Works, was revealed, bearing in raised characters the names of the thirty-three heroes of the Great War.

In stillness and silence, broken only by the rustling of the tree tops in the strong autumn breeze, Chief Norman Marsden solemnly read out the names of the dead:

William Blaker
Joseph Blaker
Victor Blaker
Austin Beaver
Smith Comego
William Hagar
William Franklin
Arch. Simpson
Robert Tobico.

The names of the dead occupy the central portion of the tablet. On both sides are the rows of names of those who returned:

Henry Comego, Allan Comego, Smith Comego, Alex. Comego, Robert Franklin, Norman Marsden, Moses Marsden, Isaac Beaver, Stephen Smoke, Moses Smoke, Madden Crowe, Stanley Crowe, John Beaver, Ross Beaver, David Wheeler, Edward Beaver, Joseph Chubb, Alfred Chubb, Stanley Hagar, Allan Tobico, John Tobico, Noah Smoke, Peter Comego, Clarence Blaker.

The firing party, led by Regimental Sergeant-Major Johnston, fired three volleys. Trumpeter W. Lowe sounded the Last Post and Rev. H. Wilding offered a dedicatory prayer.

(Turn to Page 7, Please)

Tall men have combined in one Kansas town to protest against hotel beds being too short, and tables too low, and motor cars too cramped.

Commission To Inquire Into Maritime Fishing

OTTAWA, Ont., Sept. 26. — (Canadian Press). — The royal commission to inquire into and report upon all matters relating to the fishing industry of the Maritime Provinces is composed of Mr. Justice A. K. MacKean, president of the exchequer court of Canada, chairman; H. R. L. Hill, Lockport, N. S.; Hon. Joseph Mouberquette, L'Ardoise, N. B.; Prof Cyrus MacMillan, McGill University and J. C. Robichaud, Shippegan, N. B. The order in council appointing the commission was passed late Saturday.

FIRE DESTROYS FARM BUILDINGS

Austin Allen, of Douro, Suffers Heavy Loss From Blaze.

SEASON'S CROP LOST

DOURO, September 26. —(Special) —All farm buildings on the farm of Austin Allen adjoining the village, were destroyed by fire late on Sunday afternoon, and it was necessary to tear down the neighbouring fences to keep the blaze from spreading to the village.

The barn caught first, and spontaneous combustion is supposed to have been the cause of the fire. Scores of men were soon on hand to fight the blaze, but lack of water supply prevented them from saving the house. All contents of the house, a log structure, were saved, but the season's crop and one calf were lost in the frame barn.

Mr. and Mrs. Allen were absent from home, visiting friends in Asphodel, and could not be reached by telephone. Miss Isabel Town, telephone operator, did splendid service in calling help.

Mr. Allan carried some insurance but not nearly enough to cover his loss. A sad feature is that Mr. and Mrs. Allan have six small children, who have been left homeless.

Some of the men remained at the ruins all night ready to summon help if the wind changed, putting the village in danger. Several cords of woods piled between the house and barn was burned.

POLICE PROTECT SINGER IN CHINA

Johnson, Who Sings Here This Week, Had High Adventure.

Edward Johnson, the great tenor who will sing in the Grand Opera House on Thursday, does not find America in its opera taste unlike the rest of the world. "Everywhere in the world," said he, "there are three composers who bring financial success, Wagner, Verdi and Puccini. In Berlin, Paris, Milan, New York, Buenos Ayers, China and Japan, it is the same story. Put on Wagner, Verdi and Puccini and you will make money. That is the great law, though of course there are other successes, such as Bizet's Carmen and Gounod's Faust."

Puccini did Edward Johnson a good turn in Shanghai two years ago. "It was just after the student May riots", said he. "The city was under martial law and assemblies were forbidden. The students would not carry your bag if they thought you were American or English. I talked Italian and they thought it some variety of North China dialect."

Troops were quartered on the race track. Mr. Johnson went to them and sang them La Boheme and Scotch ballads. "They literally went mad," said the artist, "and there was so much talk about it that a special concert was arranged in the opera house with cordon of police around it so that no bombs could be thrown."

Though the strike had cancelled Mr. Johnson's Shanghai bookings this special concert salvaged $2,000 from the wreckage.

Darting Across Road Child Killed By Car

GUELPH, Sept. 26. — (Canadian Press). — Arthur Wellhauser, six year old son of Mr. and Mrs. Wellhauser, 69 Kent street, darted across the street in front of a truck driven by Mr. Lyalw Greer, of Puslinch and was instantly killed Saturday afternoon. The little fellow was playing with others on a narrow street in front of his own house. Both children ran across the road and in attempting to avoid one the truck struck the other. The unfortunate little childs skull being fractured. An inquest will be held.

GERMAN FLIER LONG OVERDUE

Koennecke Not Yet at Bosra—Due There Saturday Night.

MUCH ANXIETY.

LONDON, September 26 (Canadian Press). — More than 48 hours had passed this morning without word of Lieutenant Otta Koennecke, the German long distance flier, and his companions in the biplane Germania, who left Angora, Turkey, on Saturday for Basra, at the head of the Persian Gulf.

The distance between Angora and Basra by air line is approximately 1,050 miles, and Lieut. Koennecke's estimate when he started was that he would make the Mesopotamian port the same evening. This was not thought over sanguine in view of the time in which he made the first hop, as he covered 1,875 miles from Cologne to Angora in something less than eighteen hours.

Basra has radio communication with Great Britain and Germany, and the fact that the German airmen have not been reported has given rise to some uneasiness.

DISPUTE ADJUSTED IN RAILWAY STRIKE

Threatened Walkout on Soo Line Avoided When Differences Patched Up.

MINNEAPOLIS, Minn., Sept. 26.—(AP).—Threatened strike of 2,000 members of the Brotherhood of Railroad trainmen employed on the Soo Line was avoided late Saturday when differences between the road and the union were adjusted.

The spokesmen for the two parties to the controversy, which for several days threatened to result in a walkout of some 2,000 brakesmen, yardmen and other train service workers were A. E. Wallace, vice-president and general manager of the Soo line, and A. F. Whitney, vice-president of the Brotherhood of railroad trainmen.

An ultimatum issued on Thursday by the Soo line division of the brotherhood of railroad trainmen gave the management of the road until Friday noon to present a "satisfactory reply" to the union's statement of 17 specific grievances which individual train workers were alleged to have suffered. The Soo line executives failed to reply within the stipulated time limit and the general committee of the brotherhood comprising 16 representatives of the union's locals over the Soo system, began preparation for a strike.

Made a Formal Offer.

Finally Mr. Wallace, as spokesman for the Soo line, made a formal offer to arbitrate the 17 grievances before the mediation board of the United States Government, a body created by congress to handle controversies between railways and their organized employees.

The proposal resulted in a series of conferences Saturday between executives of the Soo line and officials and committee members of the brotherhood of railroad trainmen.

Of the 17 clauses which were the cause of the controversy, some were adjusted by the men participating in the discussions Saturday and others will be left for final decision by the board of meditation.

NORTH ENGLAND HAS SNOW FALL

Two Inches Reported in Westmoreland—Heavy Rain in Lancashire.

POTATOES AFFECTED.

LONDON, September 26 (Canadian Press Cable). — Snow to the depth of two inches has fallen in the North of England, and as there has been an abnormal drop in the temperature along with the unusual snowfall, the shepherds in the Westmoreland hills predict an unusually severe winter.

The rainfall in Lancashire last week exceeded anything of the kind experienced in that county in the past forty years. The potato crops in West Lancashire already had been damaged considerably by the unusual rains this season, and further damage was inflicted by the heavy rains last week.

As this district supplies practically the whole northern industrial area with potatoes, there are fears that there may be a serious shortage in consequence of the weather.

MILL DESTROYED.

Loss of Nearly Half a Million To St. Paul Firm.

ST. PAUL, Minn., September 23 (Canadian Press). — The main mill and warehouse of the St. Paul Milling Company were destroyed by fire last night. The loss was estimated at $450,000.

Wreckage of Plane Sent to New York

ST. JOHNS, Nfld., Sept. 26. — (Canadian Press). — Wreckage of the monoplane "Old Glory" which was lost with its three occupants when it fell into the Atlantic during an attempted non-stop flight from Old Orchard Maine to Rome, was shipped to New York Saturday night on board the steamer Uerisea. Several representatives of Wm. Randolph Hearst, the publisher, who sponsored the flight, sailed by the same vessel.

The wreckage, 34 feet of the wing to which were attached parts of the fuselage, was picked up several hundred miles east of Newfoundland by the steamer Kyle, chartered to search for the plane and its occupants. Experts who examined it later expressed the opinion that the plane had struck the water while travelling at a speed of 90 miles an hour.

The Old Glory was piloted by Lloyd Bertaud and J. D. Hill. Philip A. Payne, news editor of the New York Mirror and director of of the flight for Mr. Hearst, was a passenger.

NEGRO KILLED IN EXPLOSION

Second Succumbs From Effects of Catastrophe Aboard Government Steamer.

OFF HALIFAX HARBOR.

HALIFAX, N.S., Sept. 26 (Canadian Press).—N. Mortimer of Vancouver, colored, died yesterday from effects of burns suffered in the explosion on board the Canadian Government Merchant Marine steamer Canadian Carrier, which occurred Saturday morning, bringing instant death to William Ewing and serious injuries to Mortimer and J. St. Hill, both colored. The latter was believed yesterday to have a fair chance of recovery.

The explosion occurred off Halifax Harbor shortly after the steamer sailed for the Barbadoes. A main stop valve blew off in the engine room filling the compartment with dense, scalding steam, and trapping the three victims.

The steamer sent a call for help and the ship's doctor of the Red Star liner Arabic, which was about to enter the harbor, was placed aboard the crippled freighter to render first aid.

Ewing was taken out of the engine room dead, and little hope was entertained for the recovery of his two companians. Ewing was a native of Halifax and St. Hall's home is in Barbadoes. The freighter was towed back to port for repairs.

LETTER FROM FLIERS FOUND

Nungesser and Coli Came Down Off Halifax, Says Note.

FOUND IN BOTTLE.

NORFOLK, Va., Sept. 26 (Canadian ress).—A bottle, containing a message "Nungesser and Coli," and purporting to be a call for aid by the two French airmen who were lost on their Paris-New York flight, has been picked up by the coast-guard patrol man near Manteo, N. Car.

The message was written on a piece of airplane linen in English and read: "We are lost at sea off Halifax, N.S. Please send aid immediately. Airplane wreck. Finder please notify," and was signed with the names of the two aviators.

HOOPERS WIN BAKING PRIZE

Slab Cake Baked By Bob French Best Exhibited at Convention.

DOMINION AFFAIR.

The prize for the best slab cake exhibited at the recent convention of the Bread and Cake Bakers of Canada was won by Hoopers of this city. They will hold the large cup donated by the Bakers and Confectioners Journal of Toronto for one year and receive in addition a small cup which becomes their permanent property.

The cake was baked by Bob French, head baker for Hoopers' and the piece exhibited weighed about four pounds. Last year they won second prize for Christmas cake.

Fred Hooper represented the firm at Ottawa, where the convention was held, and James Dutton, also of Peterborough, was elected president.

PETERBOROUGH IS WELL FITTED FOR AERO CLUB

Has All Facilities To Take Advantage of Government Offer.

CLUB BEING FORMED.

Captain Ayres Tells Rotarians About Possibilities of Aviation.

The formation of an Aero Club in Peterborough and the possibility of the city being the first in Canada to take advantage of the Dominion Governments' offer of two light planes for training purposes were foreshadowed in the address of Captain Ayres before the Peterborough Rotary Club to-day.

Captain Ayres whose talk dealt with the possibilites offered by Canada in the field of aviation pointed out that Peterborough was in an unique position in regard to the Government's offer in asmuch as trained flyers or mechanics were available and the Canadian Air Services had a registered airport which could be transformed into a civic port. The speaker intimated that steps were being taken to organize the Aero Club.

A resolution was passed by the Rotary Club endorsing the proposal and President Killaly was authorized to appoint a committee to wait upon General J. H. McBrien, head of the Aerial League of Canada tonight in connection with the matter.

Captain Ayres address was greatly enjoyed. In regard to the operation of the local training school, he said, that some twenty-three pupils had already "soloed" and by the end of the year it was hoped that some fifty would have done so, by far the largest number of Commercial aviators trained in Canada since the war. Next year, it was planned to train one hundred pupils & a barracks to house them was already under way. It was also planned to begin th manufactur of light planes in Peterborough. All Canadian in every respect, save the motors.

The speaker pointed out the possibilites of development in commercial flying, mentioning the great advantages offered by the use of aeroplane in surveying, timber cruising, forest protection, air service and transportation. With the cabin type of plane he could see no reason why winter flying could not be successfully carried out in Canada, the cold dry weather being better suited to such flying than the damper weather conditions in some of Northern States where already mail service was maintained during the winter months.

Captain Ayres explained the method by which pupils were trained here and his address was full of interest to Rotarians who asked a number of questions at the conclusion of his talk.

EXTRA AWARD IN BABY SHOW

Best Baby Other Than Prize Winners To Get Fine Shawl.

MUCH INTEREST.

The Baby Show, to be held by Kiwanis Club, October 10 to 15, is creating much interest. Many entries have been made ahead of time. Mr. Saunders of the Hall Store, as an addition to the first, second and third prizes in each class, has offered a silk and woollen shawl to be given to the best baby who is not a prize winner in either first or second class.

COSTELLO AGAIN GRAND KNIGHT

Re-elected at Annual Meeting of Local Council, K. of C.

F. J. OVEREND DEPUTY.

Elections for the Peterborough Council of the Knights of Columbus, held recently, resulted as follows:

Grand Knight (re-elected), D. A. Costello; Deputy Grand Knight, F. J. Overend; Chaplain, Rev. P. Costello; Chancellor, J. F. MacKenzie; Treasurer, E. J. Riley; Recording Secretary, L. J. LeBarr; Financial Secretary, S. S. Shaughnessy; Warden, H. O'Heron; Outside Guard, W. J. Grady; Inside Guard, John Kylie; Trustees, A. Sharp and John McCabe, Senior.

DIPHTHERIA IMMUNIZATION

Inoculation against diphtheria for children of pre-school age, will take place tomorrow at the Central school.

MEXICO PUTS POLITICS OUT OF SCHOOLS

Minister of Education Forbids Exploitation of Children in Presidential Contest.

KEEP OUT OF POLITICS.

Political Activities Help To Interfere With Mission of Schools.

MEXICO CITY, Sept. 26.—Mexican politics is not a thing for school children and teachers.

Such is the substance of the instructions from the Federal Ministry of Education in force throughout the Republic in connection with Mexico's three-cornered presidential contest and othe political rivalries.

The instructions represent the determination of the national government to keep the public schools out of politics. The National League of Teachers already has pledged cooperation in preventing the exploitation of the children as "little politicians."

Keep Out of Politics

"None of those in the service of the schools and faculties sustained by the Federal government throughout the republic is taking an active part in the political contest," was the declaration made at the ministry.

"In case anyone should participate, he will be discharged forthwith from his position. The teachers, more than any other servants of the government, must maintain themselves apart from political matters."

Calles for Enforcement

Among the rules is one that prohibits the attendance of any child under the age of seven at political manifestations of whatever sort. Political activities are held to interfere with the mission of the schools by distracting the attention of the children from their studies.

President Calles, himself once a school teacher in northwestern Mexico, is understood to stand squarely behind the enforcement of the programme outlined by the Ministry of Education."

CAMPBELLFORD NEWS.

CAMPBELLFORD, Sept. 26.—Miss J. M. Robertson disposed of her house furnishings by public auction on Saturday afternoon. Many valuable articles were sold for good prices.

Mr. Everett Thomas spent the week-end with his parents before returning to Toronto to resume his studies at the University.

Mr. Gerald Bailey, Peterborough, spent the week-end with his parents here.

The motor capacity of the town was taxed to capacity yesterday when every person seemed to be going to see the unveiling of the Alderville War Memorial. The local regiment furnished the guard of honor and the firing party. The band was also in attendance.

WEDDING BELLS.

BROWNE—VERNON.

KEENE, Sept. 26.—A very pretty wedding was solemnized at the United Church Manse on Wednesday afternoon, when Mildred, daughter of Mrs. Vernon, of Keene, became the bride of Frank Browne, only son of Mrs. Alice Browne, also of Keene.

Miss Hazel Browne, sister of the groom, was the bridesmand, while Peter Mather was best man.

The bride looked charming in a gown of powder blue georgette and cut velvet, with hat to match, with a corsage bouquet of ophelia roses. The bride also wore a beautiful sunburst of pearls, the gift of the groom. The groom's gift to the bridesmaid was a necklace and to the best man a pair of Masonic gold cuff links.

The bridesmaid looked very charming in a dress of Araby taffeta trimmed with georgette, with hat to match.

The happy couple left for a short trip to Toronto, Hamilton and Buffalo and on their return will reside in Keene.

The bride's travelling costume was an ensemble costume of fawn with hat and shoes to match.

WOULD ESTABLISH MOORING MASTS

Proceed Immediately With Preliminaries for Establishment of Airship Service.

SYDNEY, Australia, Sept. 26 — (Canadian Press). — Following the report of the air service delegation from Great Britain which has been enquiring into the question of airship mooring masts in Australia, Premier S. M. Bruce of the Australian Commonwealth announced that the cabinet had decided to proceed immediately with the preliminaries for the establishment of an airship service between Great Britain and Australia.

FLIER DROWNS WHEN HURLED INTO WATERS

Plane Forced To Descend After Propeller Suffers Break.

THREE ESCAPE.

Fatal Accident Following On Heels of Envoy's Death Stirs Inquiry.

BERLIN, Sept. 26.—Another air tragedy, the third to overtake German commercial aviation in as many days, Saturday claimed the life of a mechanician.

The pilot and two passengers escaped without injury.

This latest accident occurred between Stettin, in North Germany, on the Baltic coast, and Calmar. The propeller of the plane, the D-863, shattered shortly after the plane took off from Stettin, compelling the pilot to make a forced landing on the beach.

The jolting of the machine catapulted the mechanic, Harder, out of the cockpit and he was drowned.

Probing Envoy's Fate.

While this tragedy was occurring, the Air Ministry promised full investigation of the airplane accident at Schleiz, Thuringia, Friday, which caused the death of Ambassador Ago von Maltzan and five others.

There are rumors the plane had been tampered with by vandals bent on sabotage.

The Air Ministry stated that it was not altogether satisfied with the report that the fall was purely accidental. Certain conditions indicated strongly that some sinister force may have been working behind the catastrophe.

The commission of inquiry is working on the theory that the propeller may have been tampered with.

Right Wing Wrong.

A preliminary investigation indicated the right wing of the plane was affected, and the plane had fallen when this portion buckled.

The body of Baron von Maltzan has been taken to the village of Schleiz.

This mishap was the most serious that had ever befallen a plane operated by the Lufthansa, although the air concern had been carrying a regular passenger service through Germany for years.

Funeral arrangements have not been announced. The Capital is in official mourning for von Maltzan.

Naturally, there has been no announcement yet as to the Ambassador's successor in Washington.

OHIO FLIER WINS SPOKANE RACE

Hurtles Plane Over 120 Mile Course at Fast Rate.

AT NATIONAL MEET.

FELTS FIELD, Spokane, Wash., Sept. 26 (Canadian Press).—Lieut. E. C. Batten, of Wright Field, Dayton, Ohio, won the Spokane Review free-for-all trophy race for army, navy, and marine corps planes, hurling his Curtiss-Hawk over a 120-mile course at a speed of ten exceeding 200 miles an hour in the national air races here Saturday. Lieut. A. J. Lyon, Wright Field, was second, and Lieut. L. T. Jeter, San Diego, Calif., naval base, third.

The winners' average speed was 201.239 miles per hour.

Lieut. Lyon's average speed was 189.068 miles per hour and that of Lieut. Jeter 176.940 miles.

The other entrants follow in the order in which they finished, with their average speeds:

Lieut. Commander G. F. Bogan, 173.937.

Lieut. H. Regan, 172.872; Lieut. G. H. Beverly, San Antonio, 169.731.

Lieut. C. O. Rogers, the only marine corps entrant, 161.559.

Lieut. W. L. Cornelius, Mount Clemens, Mich., 161.501.

Lieut. L. A. Woodring, Mount Clemens, 159.184.

Lieut. L. C. Mallory, Mount Clemens, dropped out on the eleventh lap.

Official Winners.

SPOKANE, Wash., Sept. 26 (Canadian Press).—C. W. Holman, St. Paul, was officially declared the winner of the New York to Spokane class "A" cross country derby, and C. W. Meyers, Detroit, pronounced victor of the class "B" derby, for smaller planes, when final elapsed time figures for the two flights were announced last night by the National Air Derby Association.

Holman, who was the first to arrive at the finish of the class "A" race last Wednesday afternoon, won the $10,000 first prize. His elapsed time was 19:42:47. He flew a Laird commercial plane.

Other official prize-winners of the class "A" race were:

E. E. Ballough, Chicago, in a Laird commercial, second, $5,000.

N. B. Mamer, Spokane, Buhl airster, third, $2,000.

John P. Wood, Wausau, Wis., Waco, fourth, $1,000.

E. H. Lee, Chicago, fifth, $500.

In the class "B" event, Meyers, in a Waco-10 plane, won the first prize of $5,000 with an elapsed time of 30 hours and 22 minutes, 15.45 seconds.

Leslie Miller, Des Moines, Iowa, in an Eaglerock, was second and won $3,000, and J. S. Charles, Richmond, Va., was third. His prize was $1,000.

There were no death sentences in Scotland last year, although there was a considerable increase in crimes against property with violence.

Trans-Atlantic Passenger Fares Will Change With the Seasons In Future

SOUTHAMPTON, England, September 26 (Canadian Press). — Trans-Atlantic passenger fares in the future will change with the seasons.

Cheaper rates for steamship passage are to prevail during the fall and spring as well as winter. The action of steamship officials has been taken to stimulate business in what are known as the off-seasons when comparatively few persons make the Atlantic crossing except for business or other pressing reasons.

By the new arrangement, agreed to by all of the principal trans-Atlantic companies, there will be three different tariffs, one for summer when travel is at its height, one for the intermediate seasons, the late fall and early spring, and another for mid-winter when travel is lightest.

Limited reductions of certain of the better cabins and suites, which are known as the luxury type, will be allowed under the terms the companies have decided upon in order to have this class of accommodations occupied by as many voyagers as possible during the off season.

The reductions on the more luxurious liners, such as the Majestic, Berengaria, and Leviathan, in some instances amount to from 10 to 15 per cent. from the summer tariff.

Mount Vernon Poison Murderess Acquitted On Second Trial—Goes Back to Her Children

MOUNT VERNON, Ills., September 26 (Canadian Press). — Mrs. Elsie Sweetin was a free and happy woman last night after the jury in her second trial for the poison murder of her husband, Wilford, a coal miner, answered her dramatic plea, "Give me death or send me back to my children," by acquitting her on Saturday on the first ballot.

The jury took only five minutes to decide the 35-year-old widow deserved freedom after three troubled years spent in the penitentiary and jail.

"I don't think I'll return to Ina to live," she said. "My life in the future will be devoted to my sons. I am going to put all three through school. They are all I have to live for now. I must educate them, and there is little for me to do in Ina."

While Mrs. Sweetin was celebrating the verdict at the home of her mother near Ina last night, her former pastor and admirer, Lawrence M. Hight, was back in his cell at Chester Prison. They were co-defendants in the first trial.

Convicted on Christmas Eve, 1924, Hight was sentenced to serve life and Mrs. Sweetin 35 years. But Mrs. Sweetin continued her fight for freedom and won a new trial from the Supreme Court on the ground that she should have been tried separately.

BANDITS KILLED IN TRAIN RAID

Thirty Lose Lives in Clash With Mexican Federal Soldiers.

OTHERS INJURED.

MEXICO CITY, Sept. 26. —(Canadian Press). — Delayed advices from Mazatan received by El Universal say that 30 bandits were killed early last week when more than 100 bandits attacked a southern pacific passenger train between Barrancas and Laquemada. Ten federal soldiers and many of the bandits were wounded.

The train guard of about 60 federal soldiers gave battle to the marauders for several hours and eventually drove off the bandits who escaped death or serious injury.

None of the train passengers were hurt though many bullets passed through the coaches.

Labour Leader Kidnapped.

MEXICO CITY, Sept. 26. —(Canadian Press). — Rosario Jimenez Bravo, labour leader and Genardo Ramirez, politician and prominent in labour circles were kidnapped from a ranch at Tuzamapan, where they were visitors, taken off into the hills and shot and killed, special dispatches from Jalapa, Vera Cruz, report. The kidnappers were either ban its or political enemies.

Cathedral May Re-open.

MEXICO CITY, Sept. 26. —(Canadian Press). — Mexico City's Roman Catholic cathedral, which was closed more than a year ago when the new religious laws became effective, may be re-opened soon. Government authorities have completed an inventory of the contents of the cathedral, which, it is announced, are valued at more than 8,000,000 pesos (about $4,000,000).

The reason heretofore given for keeping the cathedral closed was to permit completion of the inventory. Now that work is done, Roman Catholic residents hope that its doors will be thrown open again.

A CORRECTION.

MADOC, Sept. 26.—In the account of the Bell-Bell wedding of Victoria, B.C. on Saturday, it should have read that Miss Mildred Bell is the great granddaughter of the late Mr. James Gould, one of the old pioneers at L'Quable, Dungannon township, North Hastings.

PILE SUFFERERS

Can You Answer These Questions.

Do you know why ointments do not give you quick and lasting relief?

Why cutting often fails?

Do you know the cause of piles is internal?

That there is a stagnation of blood circulation in the lower bowel?

Do you know that there is a harmless internal remedy discovered by Dr. Leonhardt, and known as HEM-ROID, now sold by McDermid and Jury and McDermid Drug Store, and druggists everywhere, that is guaranteed.

HEM-ROID banishes piles by removing the cause, by freeing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure quick and lasting relief to thousands of pile sick sufferers, and saves the needless pain and expense of an operation. There is no reason why it should not do the same for you.

Has Thumb Amputated While Reading Comics

KENTVILLE N. S., Sept. 26.—(Canadian Press). — A new use for the colored comic papers was found here Saturday when six-year-old Billie Farnsworth quietly submitted to amputation of his thumb while he smiled over the doings of the people in the "funny pictures." Billy got his thumb caught in a machine and it was badly mangled that hasty amputation was necessary. The boy refused anaesthetic and called for the latest "funnies," which he held in his free hand, and according to the doctor and nurse he never once whimpered at the pain.

OBITUARY.

MRS. J. H. CARTER.

HASTINGS, Sept. 26.—One of the oldest residents of this district passed away on Saturday, Sept. 24th, in the person of Sarah King, wife of the late Joseph H. Carter. She was 89 years 3 months 24 days of age.

Funeral will take place from her late residence, Bridge Street, this (Monday) afternoon, and proceed to the United Church, where services will be held at 2 o'clock.

Interment in Trent Valley Cemetery.

JOHN ALLEN.

MADOC, Sept. 26.—An old resident of Allen Settlement, north of Madoc, John Allen, passed away on August 18th, near Clare, Michigan. He was born in Allen Settlement in 1844 and was 82 years, eleven months old. In 1868 he was married to Miss Annie Bailey and leaves four sons and three daughters, J. B. Allen, John A. Allen, and Fred; Mrs. C. S. Runyan, Mrs. F. M. Bates, all of Clare, Michigan; Mrs. Alfred Roe, of Pontiac, and Hugh Allen, of Mt. Rose. Mrs. Allen predeceased him in 1926.

The funeral services were held at Eagle church, Rev. Smith, of Clare, officiating, and interment was made in Cherry Grove Cemetery.

AT MADOC.

MADOC, September 26. — Following are the week-end retail market prices:

Beef, sirloin, 25c; round, 20c; roast, 18c; stew, 12½c. Pork, 25c. Lamb, 35c. Breakfast bacon, 45c. Butter, creamery, 45c; dairy, 43c. Eggs, fresh, 38c; storage, 35c. Potatoes, 35c a peck, $1.75 a bag.

OLD MASTERS

When I was a beggarly boy
And lived in a cellar damp,
I had not a friend nor a toy,
But I had Aladdin's lamp;
When I could not sleep for the cold,
I had fire enough in my brain,
And builded, with roofs of gold,
My beautiful castles in Spain.

Since then I have toiled day and night,
I have money and power good store,
But I'd give all my lamps of silver bright
For the one that is mine no more.
Take, Fortune, whatever you choose;
You gave, and may snatch again;
I have nothing 'twould pain me to lose,
For I own no more castles in Spain!
—James Russell Lowell: Alad'in.

JOHNSON CONCERT GREAT TRIUMPH

Famous Canadian Tenor at London Crowns Former Achievements.

HERE THIS WEEK.

Applause that would not be denied, breaking into the last lines of a song, and the still finer applause of a moment's tense silence when another song was done—such was the tribute paid to "our Edward Johnson" when he sang to a huge audience at the armories in London recently.

London has four or five Johnson appearances to her credit, and each of those seemingly superlative concerts was crowned by the great tenor's program of last week. Each year new grace, new personality, new tonal vigor and purity are added to Edward Johnson's voice; it would seem inconceivable that another year could further increase the golden perfection of this year's art, and yet it may be so. Artistically Mr. Johnson continues to grow in wisdom, and stature.

Enjoys Singing.

"In all his humors, whether grave or mellow"—the lines of the old verse came back to us as Mr. Johnson made his characteristic entry last week, joyously and boyishly, with that refreshing absence of pose and that unconscious presence of poise that hall-mark artist and man. You have a feeling that before Edward Johnson sings a number he selects it carefully and says to himself: "I think I will enjoy this one." And when you have enjoyed it you can feel an almost boyish happiness and satisfaction radiating from the slender, quiet man who wears some of the world's proudest laurels.

Mr. Johnson is a master program builder. Not a person in his audience that does not feel, with a subtle sense of flattery, that this number or that must have been selected to suit the individual taste of that particular person. And, since Edward Johnson goes with understanding heart down the great highway of human emotions, living and learning this also may be so.

As for the program itself. That the Pagliacci number should have the place of honor at the last was fitting; that Edward Johnson should sing it as even he has never sung before it but proof of that growing grace. Passion, renuciation, bitterness; the little, terrible griefs of little, broken people; pitiful laughter, love and hate—all this, primitive, tremendous—not a thought of it missing from the golden voice with its perfection of tone, its smoothness, its rounded warmth. One does not clap when Johnson, singer, poet and dramatist, has closed the last throbbing note of "Vest la Giubba."

Not a number that did not seem, in the singing of it, the best. For the opening, that rare aria from "La Boheme", "Che gelida manina." Mr. Johson sings Puccini with vigor, with abandon. His enunciation retains that stingularly limpid, bell-like quality that gives each word its full musical value, particularly pleasing in his Italian songs. The whimsical, the dramatic, the tearful are in "La Boheme". And all these things are in the gift of Edward Johnson.

Art Is Superb.

Technically, though it is an impertinence to use so banal a word for so sure an artist. Mr. Johnson has touched perfection. He sings because he must, with absolute ease and with superb control. That peculiarly lovely "color" of voice for which in Edward Johnson's case one must go on using the equally banal word golden, has developed an even most lustrous quality, and the force and breadth of tone is consistently assured. Circumstances apparently have no effect on either Mr. Johnson's disposition or his art. The Latin temperament, believed to be essential to operatic work, finds no visible lack of Edward Johnson's vocal art, but he is British, and, even better, Canadian, in the sane and merry acceptance of all conditions. Two years ago he sang to a London audience in a zero temperature, in which feet froze slowly and breath congealed. Last week the thermometer suffered senile madness and soared to impossible figures. Accoustically neither concert hall was worth of the name; singing in both cases must have been attended with difficulties, and yet not a ripple disturbed the artist's happy humor, both "grave and mellow", but unfalteringly good-natured.

Schumann Number.

If it were possible to choose just the number for repetition, we would inevitably go back to the exquisite lyric tenderness of the Schumann "Lotus Flower", infinitely sorrowful, infinitely lovely. Mr. Johnson sang nothing finer. The faintly breathed pianissimo of it, showing absolute vocal control, and the mournfully turned cadences, bespeaking the poet—there was perfection in each.

It was a happy thought to repeat so many of the favorites of two years ago. The delicious, rollicking melody of the Doucoudray "On Sunday Morn" (not sung in English, however), which stands out vividly from the earlier program, and that tiny gem of song, "The Piper", written by a poet and last night sung by a poet, were wholly desirable. Later, for an encore, Mr. Johnson gave us "Sunrise and You", also culled from the program of two years, and from the same source the gayest of Kipling "Kangaroo and Dingo Race" to the rollicking music of Edward German, interpreted by Edward Johnson in a fine mood of merriment. And his singing of "Mother o' Mine" relieved the old song of any touch of the melodramatic.

Each number might take the place of honor. An old English melody of unknown origin, the Sadera Adriatice song "In Mezo al Mar", a roaring chantey, a little Scotch song for an encore and a tiny Italian folk song, a gem of music, for another. The simplicity and charm of "Linden Lea", sung as only a great artist may sing a little song; a Novello number sung by a page on the open road; the heart-breaking "Tally-Ho!" of Leoni, and Ward Stephens' song, "Someone Worth While", to which Mr. Johnson brings a flood of emotion and understanding, all these led up to the fine, majestic interpretation of the Pagliacci number.

A Real Canadian.

No one would have guessed that Mr. Johnson, debonnaire, gracious and friendly, had come through a recent illness. No one would have supposed that the world's greatest tenor spent his afternoon in London, Canada, singing to military patients in local hospitals. And yet the latter might be guessed at, for Edward Johnson is not only a great tenor, a great artist, but also a great Canadian. God bless him!

Blair Neale, at the piano, was an ideal accompanist, modestly accepting the plaudits which Mr. Johnson insisted on sharing with him. During an intermission Mr. Neale played with striking grace and inspiration a little piano group, using the Chopin Prelude and Valve and the Mendelssohn "Introduction and Rondo Cappriciosa."

A concert that was an achievement on the part of the local Canadian Legion, under whose auspices it was given. The R. C. R. Orchestra, under Captain Laurence K. Harrison, was in attendance.—F. B. T., in the London Free Press.

What You Want In the WANT ADS

The Sign of Hope

THIS is a message of Hope—an assurance of better health—for the weak, ill-nourished person who stands in peril of Tuberculosis.

Are you willing for your own sake, or the sake of someone very dear to you, to follow these simple suggestions?

To Avoid Tuberculosis

Recognize that Tuberculosis is preventable and curable, if combative measures are taken early.

That patent medicines and "quick cures" not only do no good but actually delay the real cure.

That a qualified physician can quickly detect Tuberculosis and prescribe treatment which may check the disease at the very start.

That Tuberculosis of the lungs is in reality a grim battle between hordes of germs and the protecting hosts of living cells which form the lining of the lungs. A healthy person can win the contest—in fact he is winning it every hour.

That you can strengthen the system to resist the disease if you live as much as possible in the sunshine, breathe fresh air, avoid overwork and eat nourishing food.

To Cure Tuberculosis

If you have a chronic cough with a failing appetite and loss of weight and notice symptoms which you do not understand, go at once to your family physician, and get his opinion. At this stage of the disease the greatest danger is the danger of delay.

Change of climate is not always necessary. In the hospitals for treating Tuberculosis hundreds of people are cured each year or have their lives greatly prolonged. They receive proper medical treatment, plenty of rest in the pure air and learn how to build up their system to combat the disease. For the same attention, you will have to pay no more than you can afford.

Don't leave your health to chance. Let a doctor examine your physical condition at least once a year. Better health, longer life, greater happiness, a more whole-souled joy in living will be your rewards.

Advertising Rates on application.

R. M. GLOVER, Managing Director.

MONDAY, SEPTEMBER 26, 1927.

WHAT ABOUT THAT LIMIT?

The legal speed limit at street intersections within the city limits is ten miles an hour.

The Examiner mentions this fact because apparently there are many drivers in Peterborough who seem to think that the speed authorized at such points is at least double the rate mentioned.

Away from the downtown section where there is a chance that the police may spot the speeders, these drivers dart across street intersections at a speed that is undoubtedly dangerous and that threatens the safety of pedestrians, especially children.

They drive at this rate morning, noon and night, and apparently nothing is being done to stop them.

The most effective contribution that could be made to safer traffic conditions in Peterborough would be the Police Court appearance of enough of these fast-moving gentry to convince all who disregard the speed limit at intersections that there are safer and cheaper pastimes.

A LAST WARNING.

If there are drivers of motor vehicles who have not yet secured their operator's license they would be well advised to apply for it at once.

A final warning has been issued by the Ontario Department of Highways, and the man without a license who from now on drives a car either in the city or the highways is taking chances of being fined not less than $10.00.

Instructions have been sent to highway traffic officers to demand the production of driver's licenses, and municipal police have been requested to take the same action so that those who are yet without the necessary credentials had better protect themselves.

At the same time, it should be remembered that the legislation requiring horse-drawn vehicles to carry at night a light plainly visible and showing white to the front and red to the rear comes into effect on October 1st, and drivers of such vehicles should be ready to adopt this precaution from next Saturday on, thus protecting themselves against the penalties prescribed for infraction of this particular section of the Highway Traffic Act.

THE STRONG MAN ACTS.

Convinced that a Toronto brewery has been "bootlegging" its product by selling to hotels, D. B. Hanna, Chairman of the Liquor Control Board, has indefinitely suspended the license of the offender.

The "Strong Man" does well to show the iron hand.

If Government control is to succeed as it is sincerely hoped it will by thousands of voters who supported the policy because they regarded it as an improvement over the Ontario Temperance Act, it must be understood that the law is to be obeyed and that the Government responsible for the introduction of the Liquor Control Act is determined to see that the regulations are carried out.

Provision is made under the Act for those who want to purchase liquor to do so openly and legally, and the firms or individuals who refuse to play the game will receive scant sympathy from the public.

The Liquor Control Act must be enforced fairly and efficiently unless a reaction is to be set up that will lead to a demand for a return to a more prohibitory law.

Mr. Hanna's action in cancelling this particular license will have considerable effect as a warning that the Control Board means business.

"PADLOCKING" CARS.

The suggestion is made by several newspapers in discussing the epidemic of motor accidents that reckless driving might be curbed to a considerable degree if the cars of motorists convicted of serious violations of the Traffic Act were to be "padlocked."

It is claimed that some truth that the seizing by the authorities of cars whose owners had been reckless in their driving would serve as a very pointed warning to other offenders, particularly if such cars were held for two or three months.

Certainly such action would be a much more severe penalty than the mere suspension of the driver's license.

As long as he still has possession of his car the offender can always get someone to drive it, but let his automobile be kept off the roads for sixty or ninety days and he'll begin to think that careless driving does not pay.

And the whole brotherhood of "steppers-on-the-gas" would be likely to come to the same conclusion once they saw that the law in this respect was being rigidly enforced.

SHOULD CANCEL PERMITS.

After serving a term of twenty days in jail for driving a car while intoxicated, an Oshawa citizen, on his release, repeated the offence, and was sentenced to forty days at hard labor. The question is, why wasn't this man's driving license cancelled when he was first convicted? The law should be so altered that when a man is found guilty of driving his car while intoxicated his license should be automatically cancelled. A man who drives a car while under the influence of liquor, endangering the lives of others, surely forfeits his claim to the privilege of again driving.

As we see it, the prospect of losing one's license is a greater deterrent to drunken driving than a few days in jail. These will somehow pass by and the erstwhile offender will again be able to take out his beloved car. But it will be different if the cancellation of his license is part of his punishment. The inducement to keep sober will have been increased a hundredfold. The driver will be much less inclined to take a chance with the flowing bowl.

That the cancellation of licenses has a deterring effect on reckless driving is shown in the success of the Quebec campaign. Over 800 licenses have already been cancelled in that Province so far this year, and the Deputy Minister of Highways is quoted as saying that conditions on the highways are much better than they were at the beginning of the year.

Results in Quebec show that the certainty of losing one's license for certain offences has resulted in a marked reduction in recklessness. This being so and driving a car while intoxicated being a major offence, there should, in the interests of public safety, be a hard and fast rule in Ontario that every driver convicted of driving a car while drunk forthwith lose his license.—St. Thomas Times-Journal.

FOR SANE WEDDINGS.

That the tomfoolery attached to so many weddings constitutes an element of danger in these days of the auto and the reckless driver was indicated in an incident which happened in London, Ont., the other day. With tin cans, old shoes and other wedding-day reminders tied to the rear, a car containing a newly married couple barely missed colliding with a car driven by a doctor. As a result, the driver of the car was haled to the city police court to answer a charge of reckless driving. He was convicted and assessed the court costs, but no penalty was imposed. The charge was laid by the doctor, who remarked that the "driver had a smile on his face when the accident almost occurred and evidently thought the whole thing was a huge joke."

The hilarity of the guests had spread to the driver. He caught the spirit of abandon, became reckless, and despite the fact that there was almost an accident, wore a smile, evidently, as the doctor says, regarding the whole thing as a "huge joke." No doubt, there are phlegmatic drivers who would not be disturbed by the irresponsible rejoicings of wedding guests. But there are others whose natures make them responsive to such rejoicings even if they are not among the invited guests. The fun engulfs them in its overflow, and they are swept off their feet and out of their senses. It is easy to see how the latter, if driving cars, might easily cause an accident.

But apart from the menace it is to careful driving, we think, the buffoonery attached to so many weddings should be eliminated. It is unbecoming and undignified. It turns a solemn, beautiful rite into a ridiculous anti-climax. A marriage is a serious, sacred matter, and there should be no place in it for the clown. There is no need of the guests going around with long faces as if they feared the worst. In fact, they would be distinctly out of place if they did so, for while marriage is a solemn affair, it should also be an event of gladness. Friends of the bridal couple would not be doing their duty if they did not give them a happy, hopeful send-off. But in order to do this, there is no need of perpetuating ridiculous customs, which make the participants look foolish, and which have an undoubted tendency to create a spirit of recklessness as was evidenced in the case of the London driver.

The other side of the border has had an agitation for years for a sane Fourth, and it is bearing fruit. It is high time now that an agitation was started on both sides of the line for sane weddings.—St. Thomas Times-Journal.

COURTESY PROVES A GREAT SELLER.

Only this week, an American visitor who has travelled about the world extensively remarked here that the wonderfully courteous service on the Canadian National Railways was making itself known all over the United States, and it would not be long before the public-owned railways of this country would be world famous. Those who remember the old Grand Trunk service on trains in the time when the G.T.R. President directed the enterprise from a London, Eng., office, will declare unanimously that a new order of things was instituted once Sir Henry Thornton took hold. It extends to the lowest rank in the railway service and applies particularly to porters. Visitors are greatly impressed with the treatment they receive and the standard extends itself over 22,000 miles. It is not peculiar to any one section. Courtesy seems to be the watchword, and the Canadian National Railway official magazine keeps preaching the same doctrine to its eighty thousand readers, mostly those engaged in the service. A recent issue had the following, which can well be applied to any business:

"Courtesy costs nothing; but it is the greatest selling proposition in the world.

"Courtesy recalls the customer and invites a new one; discourtesy drives away those you have and keeps away others.

"Wisdom is always courteous; discourtesy is the earmark of stupidity.

"Discourtesy is no mark of superiority. The real aristocrat is the most courteous to those whom fate has placed in lower walks of life than those he treads; thus we have a paradox which is a great truth—a real democrat is the only real aristocrat.

"We all like money, but there is not one of us that does not know there are things more precious than money.

"One's self-respect is one of them. The discourteous man insults the self-respect of others and makes enemies of them while he is making a fool of himself."

One has only to grasp the intense competition going on all the time between great railway corporations to realize just what good will come from courtesy to travellers. Many great business houses have adopted the motto, "The customer is always right." In the same spirit, Sir Henry Thornton insists that the traveller who uses his lines shall have not the slightest thing to complain of in the way of discourtesy, which rankles, and drives away other business.—St. Catharines Standard.

EDITORIAL NOTES AND COMMENT.

Those people who say that Jack Dempsey is through fighting must be bachelors.

The skating season opened in Toronto Saturday night. That causes some thought of the coal pile.

Now that Regulation 17 is to be abandoned a lot of people will be curious to know what it was.

Speaking of "long counts," it looks as if Strong Man Hanna has sent a brewery down for one.

A good workman, points out The Globe, would have to labour 333 years to get as much financial reward as the winner of the Dempsey-Tunney bout was given for half an hour's fighting.

Peterborough's Senior Ball Club, last spring without a league in which to play, now find itself in the senior finals.

A real California sensation would be the golden wedding of a pair of Hollywood stars.—Brandon Sun.

An Eastern university is making a drive for $45,000,000. At that price it will be some stadium.—Detroit Free Press.

Nothing so promotes lawlessness as lax enforcement of law, unless it be absolute neglect.—Owen Sound Sun-Times.

CATTLE GRAIN, AND PRODUCE

MONTREAL GRAIN AND PRODUCE

MONTREAL, Sept. 26 (Canadian Press).—The export trade in grain here Saturday was quiet. There being only sales of a few odd loads of wheat made to the United Kingdom.

The tone of the spot market for oats was stronger and prices were advanced one cent per bushel.

A feature of the Spring wheat flour trade was the continued good demand from the United Kingdom and the continent, and a moderate amount of business was transacted. The local demand was fair and prices were firm. The Winter wheat flour market was active and steady.

The demand for all lines of millfeed continued good and a fairly active trade was done at unchanged prices. The market for standard grades of rolled oats was steady.

The undertone to the market for top grades of eggs continued firm and the trade was fair. The receipts were 1,611 cases.

A fair volume of business was done in butter and the undertone was firm. The receipts were 793 packages.

Extreme dullness again marked the local and export trade in cheese, but prices were unchanged. The receipts were 9,618 boxes.

CHICAGO GRAIN

CHICAGO, Sept. 26 (Canadian Press).—With a new cold wave in sight and Canadian threshing brought to a halt, prices both for wheat and corn went rapidly higher on Saturday. Closing quotations on wheat were unsettled at 1⅞ to 2¾c net gain; corn 1⅞ to 3c up; oats varying from ¼c decline to ⅝c advance and provisions unchanged to a rise of 30 cents.

Snow and rain, as well as low temperatures, were reported as threatening at least a full week's additional delay to the wheat crop movement in Canada. Inasmuch as the time available for wheat shipments this season from Canada had already become unduly shortened, the new obstacle exerted an immediate market influence, especially as trans-Atlantic authorities now concede that the task of feeding Europe at present is up to North America for the most part, and will remain so until the close of the year. Meanwhile, numerous reports are coming in from Canada that the wheat crop there has been over estimated 20,000,000 to 30,000,000 bushels.

Unsatisfactory weather in Europe and Australia with Liverpool quotations higher than were looked for did a good deal to accelerate the upward swing of the wheat market here. On the other hand, Argentina reported welcome rains and the outlook was for 5,000,000 bushels increase of the United States visible supply total on Monday. Profit-taking sales, too, were a good deal in evidence as the day drew toward an end.

Official predictions of temperatures were largely responsible for the ascent of corn values on Saturday. Near-freezing weather was expected in some corn territory, and as a rule traders were not much reassured by assertions that 50 per cent of the country's corn crop is now beyond danger. Oats were sustained by continued good cash demand.

Provisions tended upgrade with hog values and with corn.

STERLING EXCHANGE

MONTREAL, Sept. 26 (Canadian Press)—Sterling exchange rates were quoted here Saturday:
Demand 4.85 5-8.
Cables 4.86¼.

DAILY EDITORIAL BY DR. FRANK CRANE

PRACTICAL PEACE
By Dr. Frank Crane.

There are many plans to prevent war.

The trouble with all of them is that they will not work.

You must have two things, a logical system and then people who are able to carry out that system. We have systems a plenty and they are all logical and convincing, but we have no population that has sense enough to adopt them.

Mr. Wilson's League of Nations was theoretically perfect. Nobody supposed that the most intelligent nation in the world would get its back up and refuse to go in. We expected that of Russia and Mexico, but not of the United States. Facts, however, are facts. America refused to co-operate.

Mr. Borah's plan for the outlawry of war is commendable and so is the proposition entertained by both France and Japan to make a special treaty not to go to war with this country. We may expect certain patriots, however, to rise on their hind legs, wave the flag and object to this.

The difficulty with all of these plans is that they are either political or sentimental.

There is just one force in this world which works for the benefit of humanity and works without sentiment or politics. It helps humanity, not for the Lord's sake, nor for the country's sake, but for its own sake. It prospers in proportion as humanity is prospered. That force is business.

Judge Gary in a recent interview said that if the steel magnates had been allowed to consolidate before the war there would have been no war. They did not want war. No business wants war. Business thrives in peace and only when People thrive.

Business does not want pests, whether the pest of yellow fever or the pest of Bolshevism. Business does not want strikes, nor lockouts, and business does not want war and universal destruction.

Years ago Frank R. Stockton wrote a story which depicted how a business combine simply throttled the nations and prevented war for its own sake.

Business is supposed to be bloody, cruel and sinister. In some circles a business combine is supposed, in the nature of the case, to be a public menace. It is not. Big business thrives only as the people thrive, and if the matter of going to war was left in the hands of big business there would be no war.

(Copyright, 1927, McClure Syndicate.)

WISE AND OTHERWISE.

Perhaps one reason why husband-calling contests aren't more popular is that it would take all the prize money to pay the fine for using such language in public.

The clergy is to blame for the large number of divorces, according to a Chicago pastor. Maybe because the clergy marries 'em.

Well, one thing an aviator doesn't have to worry about. When he goes to the door, there isn't any danger of being seized by a life insurance agent.

Scholarly Note.

A Japanese in Tokio got his doctor's degree by writing about the love-making of fleas. Ain't education wonderful?

A concert was held the other day in which there were 800 saxophones. That's almost enough to bring a man down off a flagpole.

A night club owner in Los Angeles sued Aimee Semple McPherson for slander. That's like asking damages for advertising.

(Copyright, 1927, NEA Service, Inc.)

MADOC NEWS

MADOC, Sept. 24.—Mrs. C. M. Tumelty has returned home after spending several weeks the guest of her sister in Toronto.

Mrs. Stanley is the guest of her sisters, Mrs. J. H. Foster and Mrs. F. Harrison. She expects to spend a few weeks in Madoc before going on to Toronto and returning home.

Miss Kate Ross of Brighton was a week end visitor in town and spent some time at Cottage Cove, Moira Lake, the guest of her aunt, Mrs. A. Watson.

Mr. Carl Whytock is holidaying at Moira Lake, after spending the summer on the Great Lakes. He returns to complete his course at Queen's University in a few days.

Miss Margaret Nickle left on Monday to enter the Normal school in Toronto. Miss K. Ross expects to enter at the same time.

The tennis tournament for the Madoc High school is being arranged for and the tennis courts are very popular these days.

The baseball grounds are also being marked out and good teams are in prospect.

Rev. J. M. White of Eldorado preached in Trinity United church to good congregations.

The Sunday school of Trinity United church has been reorganized owing to the departure of Mr. S. Phillips, the superintendent. Mr. James Keene has been elected as his successor and teachers were appointed for the two intermediate clases. Rally Day will be held next Sunday and organization and promotion of classes will be completed.

Miss Jant Ferguson of Cooper has taken up her new duties as teacher at Baptiste.

Mr. Earl Ferguson of Hamilton was a visitor at his home last week.

Mrs. McCarthy of Peterboro is a guest at the home of Mr. and Mrs. G. Smith.

Mr. M. Wagar, fire ranger along the Hydro line, has returned to his home at Mountain View.

Mrs. J. Burris of Heneatile is visiting her sister, Mrs. E. Holmes.

Misses Jenna and Alma Nickle of Malone spent a few days in Toronto, guests of their aunts, Mrs. J. Waite and Mrs. G. Johnson.

Rev. George Nickle of Manilla has returned home after spending a pleasant holiday with Mr. William Nickle of Malone and Mr. T. L. Nickle of Madoc.

Mr. Lester O'Hara of Gilmour is recovering slowly after the serious injury to her leg some weeks ago.

Raymond Rivers of Trinity United parsonage left last wek to attend Albert College in Belleville. He intends to take vocal music, also pipe organ as well as complete his matriculation work.

The dance given by the Tennis Club in the Armouries on September 16th was well attended. Tommy Mason's Rhythm Kings furnished the music. The floor was in good shape, decorations beautiful, and music delightful.

BAILIEBORO NEWS.

BAILIEBORO, Sept. 24.—Mrs. M Caw and son, Mr. Bruce Greer, of Welland spent last week the guest of friends in this district.

Mrs. Charles Storer and daughter Miss Edna Storer, of Winnipeg, spent a few days the guests of friends in the district this week.

Mr. and Mrs. A. Wharton of Winnipeg, who have been spending the past month with friends in the vicinity, left on Wednesday on their return to Manitoba.

Among those from the village who attended the Peterboro Exhibition on Saturday last were: Mr. and Mrs. B Wood, Misses E. Wallace, E. Lang, V White, C. Barnard, Messrs. B. Higgins, J. Lucy, A. Deyell, F. and K Barnard, H. Dean, S. Johnston, J Porter, G. Eagleson.

Dr. and Mrs. M. Mason of Toronto are the guests of Mr. and Mrs. H Barnard.

Mr. and Mrs. Robert Johnston of Peterboro visited friends here on Sunday.

Arthur McConnachie of Springville spent last week the guest of M. Wood.

Sidney Lang of Oshawa is the guest of his parents, Mr. and Mrs. J. Lang.

Fred Perrin has gone west to assist with the harvest there.

Plain Mr. York of York, Yorks., tells the boys and girls of the TASTE that set all England acclaiming and eating PLAIN YORK chocolate.

The minute the bell rings and school gets out,
Children come rushing with joyous shout
Into the store
They all want some more
Plain York—it's the choc'late they won't do without.

Trust the boys and girls to spot something good! And the minute they tried Plain York, they spotted the chocolate treat of a life-time.

This delicious, velvety-smooth plain Rowntree chocolate is the triumph of 200 years' experience in fine chocolate making. No wonder it is so truly chocolate—not too bitter, not too sweet, just right; a perfect dream of a taste. Try it—its quality surpasses any chocolate you have ever tasted.

KIWANIS DISTRICT CONVENTION OPENS NEXT WEEK IN LONDON

Many Peterborough Members Have Already Sent Registrations.

BUSINESS AND FUN.

Important Addresses Are To Form Part of Two-Day Programme.

Kiwanians of the Ontario-Quebec district are looking forward with a great deal of anticipation to the annual convention that will be held in London on October 3rd and 4th. All members of this organization who have been so fortunate as to have attended one of the former eight gatherings do not need to be told that the Kiwanis convention is the one event of the year that should not be overlooked. Those who have never yet been present at one may take the word of their fellow members that they will miss a wonderful treat if they fail to attend the sessions in London this year. It is assured that the Clubs in this section of the Province will be well represented, and there is every reason to believe that more than eight hundred delegates will be in attendance. Particular attention will be given to the entertainment of the ladies who will be present.

This is the first year for the convention to be held in London. The new Hotel London, which was opened to the public this summer will be the convention head-quarters. There will be plenty of excellent accomodation, at reasonable rates, for all the delegates and their wives in this and the other hotels of the Forest City. The dance which will be given in the convention hotel on Monday evening, October 3rd, will be one of the principal features of the entertainment program.

Other interesting features arranged for the pleasure of the delegates include a theatre party to be given in the Patricia Theatre on Tuesday night. The program will be given largely by Kiwanians who have been practicing their "stunts" for some time. A capacity house is expected, and it is assured the audience will find this the most enjoyable event of the season. The ladies will be taken on a tour of London on Monday afternoon, and Tuesday morning. Tuesday afternoon they will be entertained at the London Hunt and Country Club. Luncheons will be given in Hotel London both days.

The business programme has been drafted with the view to giving the delegates the opportunity to obtain the most possible benefit from the conventions. Addresses by such men as District Governor Cockburn, Rev. Tom Roy of Brockton, Mass., Fred C. Parker, International Secretary, and other equally well-known gentlemen assure the delegates interesting and profitable sessions. A church service will be held in the First United Church on Sunday evening when Kiwanian Rev W. Beattie will preach. His sermon will be full of profit to every one who is at all interested in the principles for which the Kiwanis Clubs stand.

The delegates from the Peterboro Club are President Isaac P. McNabb and Secretary John R. Heron. The following members of the local club ahve already registered: Mr. and Mrs. John I. Allen, Mr. and Mrs. A. W. Blade; Mr and Mrs. H. J. Boyle; Mr. and Mrs. C. H. Huffman; Mr. and Mrs. J. J. Turner, Mr. and Mrs. J. R. Heron; Messrs C. Elliott; I. P. McNabb and J. John.

The Peterborough Club which won second place last year, will again take part in the stunt competition.

NEW BUILDING IS DEDICATED

(Continued From Page 1)

the speaker quoted an extract from the Bridge Builder describing an old man at the close of the day coming to a chasm. After passing safely over, he stopped to to-build a bridge, for, although he would never pass that way again, there was a youth to follow him, who might have difficulty in the passage. This, the older people invested their time and money in the Sunday School for the sake of the young people of the community. This was done to safeguard the lives of the rising generation, to make it easier for them to do right and harder to do wrong.

In his advice to the younger students the speaker gave eleven statements of what he would do if he were under twenty-one. These are the result of his experience, observation and consideration. First: Try not to cause parental heartache, second: Make best use of his chances for getting knowledge. Third: Cultivate a taste for reading the best books, in cluding the Bible, even if he didn't like reading them Fourth: Keep free from any habit that would injure his body. Fifth: Be very careful in his choice of companions and pleasure. Sixth: Be courteous to others. Seventh: Prepare for some particular work. Eighth: Seek the advice of those who could help with the problems of life and not hold too large an estimate of his own ability Ninth: Aim to save fellow-men. Tenth: Definitely take Christ as his Saviour friend and master. Eleventh: Join a Church and Sunday School and be loyal thereto.

He continued that everyone should get as much out of the new school and equipment as he can, for there is before him the task of developing character. Let not the wise man glory in his wisdom ;let not the mighty man glory in his might nor the rich man glory in his riches, but in that he knoweth God. They should use the new school to build character and take everything they can get out of it to help them to become wiser, better stronger and more useful persons as the days go by. But they should also put as much into the Sunday School as they possibly can.

It offered a fine opportunity to be useful, to bring others into touch with the Church and Jesus Christ, to over-throw wrong in the community and foster good therein ,to work on the social, gambling and drinking problems and to help solve them through their Sunday School by investing themselves in its activities. It offers tremendous opportunities to send the gospel to distant parts of their own and other lands to those who do not know it awaits them in the Sunday School to serve God the cummunity, fellow man and the world.

Here the speaker referred to St. Matthew 25, the story of the talents. The talents in the story expresses not only their own abilities and endowments at birth but also their opportunities and advantages. The people of the school are the talented young people to whom God has now given great facilities and these are part of their talents which God expects them to invest for him. God has loaned these talents and some day will call for an account of the use of his capital.

The hope of the church is in the young people of to-day and the hope of the world is in the Union to-day. "Let us not fail." The story was told of Sir Christopher Wren, who built St. Paul's Cathedral in London, walking among the workmen and asking three of them in succession what they were doing. All three were breaking stone, but their answers differed. The first said, "I am just breaking stone," the second, "I am earning four shillings, sixpence," and the third, "I am helping Sir Christopher Wren build this great Cathedral."

Mr. Thomas concluded with "We are helping Christ build the great Cathedral. Let us not fail."

Mrs. Cookson, a former member of the sunday school sang a splendid solo, "Of such is the Kingdom of God."

The final hymn was sung and the service closed with prayer.

GERM FOUND OF DREAD DISEASE

Infantile Paralysis Can Be Cured When Anti-Toxin Secured.

HARVARD EXPERIMENT.

NEW YORK, Sept. 26.—(Canadian Press.)— A special despatch to the Morning World from Boston, Mass., to-day says:

"The germ of infantile paralysis has been definitely classified, thereby simplifying the task of science in its attempts to overcome the disease," Dr. W. L. Aycock, head of the Harvard Infantile Paralysis Commission, said on Sunday. The main problem now is to find a suitable animal to yield anti-toxin.

"The only animal which takes the disease appears to be the monkey," said Dr. Aycock, "and the latter's mortality is so high that it is an unsatisfactory subject. When we discover the proper animal for serum purposes, infantile paralysis will be controlled."

NEW PULPIT AT ST. PAUL'S

Structure Large and in Keeping With the Other Furnishings.

At the time of the installation of the new organ in St. Paul's Presbyterian Church a pulpit was also built in keeping with the appearance of the new choir loft. Through some misunderstanding, ordinary oak was used in its construction. The pulpit was, at the same time, inconvenient, being semi-circular there was no accommodation for books beside the desk.

This has now been rectified and a new square pulpit with ample space on the top and on the shelf, has been put in position. Selected quarter-cut oak, of a beautiful grain, is used ,and with a receptacle attached for the acousticon, adds materially to the appearance of the organ front and choir loft.

The pulpit, communion table and enclosure for the choir seating was supplied by the Valley City Seating Co. Dundas, Ont., and reflects credit on their workmanship.

Incidentally the flooring of the choir loft has been covered with a Made-in-Peterborough product— the Brinton Carpet Co. supplying the rich dark pile carpeting. This also enhances the appearance of the organ and its surrounding furniture.

Committte in charge of these alterations: Messrs R. W. F Davidson (chairman), H. Morgan, R. R Hall, K. C., and E. F. Mason.

SUNDAY SCHOOL RALLY.

Teachers and Scholars of St. Paul's Meet in Church.

Sabbath School of St. Paul's Presbyterian Church concluded it's morning session of the summer season by a rally. Under Superintendents Steer and Taylor, teachers and scholars occupied the front centre seats, and listened to an interesting and instructive illustrated address by the Rev. William Allan who used a telescope, a microscope and a radio receiving set, with the word Faith the dominating thought.

CHOIR PICNIC IS HELD LATE

St. Paul's Singers Enjoy September Outing at Clear Lake.

ATTENDANCE GOOD.

Something of a novel feature was installed into the annual outing of the choir of St. Paul's Presbyterian Church this summer. Owing to the fact that many members are on vacation while the weather is warm, in the mid-summer months, it was deemed advisable to have a late-season picnic On the invitation of Mr and Mrs. Tom Curvin, of Clear View camp, near South Beach, the members, and friends of the choir, to the number of fifty travelled by car last Saturday afternoon and at the Curvin Camp had a splendid time. Quoits, baseball, boating, and social time were thoroughly enjoyed, with lunch—not the least part of the event—on the verandah, music by mandolin and organ was provided by Messrs Curvin, Clarke, Livingstone, and M. B. Chenhall. "Father" Moore and Jack Segdwick conveyed thanks to the host and hostess, and about nine o'clock the choir picnic was entered into the records of past events.

WOMEN'S PAGE

SOCIETY

Mr. and Mrs. J. Monks, of 30 Orpington Road, quietly celebrated the silver (twenty-fifth) anniversary of their wedding day on Thursday last, when they received many pretty and useful gifts.

• • •

Miss B. Conroy spent the week end in Toronto.

• • •

Miss Aileen Morgan, daughter of Dr. and Mrs. J. A. Morgan, left this morning to resume her studies at the University of Toronto.

• • •

Mrs Joseph Batten, McDonnel street, left on Saturday to visit her daughter in Hamilton, going later to Milwaukee, where she will spend some time with her sister.

Mr. and Mrs. Fred Walsh, Euclid avenue, left yesterday by motor for Montreal, where they will spend the next week or ten days.

Rev. A. J. Thomas and Mrs. Thomas, of Windsor, are guests of Mrs. E. E. Harvey, 212 Brock street, while in the city in connection with the dedicatory services of the George Street United Church Memorial Hall.

Mr. and Mrs. T. E. Curvin were hosts at "Clearview," their summer home, on Saturday, to the choir of St. Pauls Presbyterian church.

Miss Mary Mulholland entertained at tea on Saturday afternoon for a number of her girl friends who are leaving this week for college.

Miss Florence Giroux spent the week end in Toronto.

Mr. F. A. Hodgson has secured a position in the Department of Records, Parliament Buildings, Toronto.

On Friday evening, Mr. and Mrs. Albert Carpenter, Rogers Street, Ashburnham, were at home to a large number of their friends who gathered to congratulate them on the attainment of the fiftieth anniversary of their wedding, which was celebrated here half a century ago in the then newly-erected building of St. Luke's Anglican Church, Mr. and Mrs. Carpenter being the first couple to be married in the sacred edifice, on the day of its opening. Guests at the dinner which was held on Friday evening at their home included Rev. G. J. and Mrs. Bousfield, the former proposing the toast to the health of the hosts, also four sons and their wives: Mr. and Mrs. Albert Carpenter, Junior, Mr. and Mrs. Fred Carpenter, Mr. and Mrs. S[illegible]penter, and Mr. and Mr[illegible]penter, all of Peterborough, and their nine children. Two daughters, Miss Mary Carpenter, at home, and Mrs. Bray of Westwood, and her husband, were also present, and a brother of the host, Mr. George Carpenter of this city, with his wife. Several handsome gifts were received by the hosts, one being a substantial cheque from their children, the presentation of this being made by Mrs. Bray, the accompanying address read by Mr. Albert Carpenter, Junior. Decorations were carried out in white and gold, with a quantity of flowers. Mr. and Mrs. Carpenter are highly respected citizens of Ashburnham, where they have resided for the past five years, after Mr. Carpenter retired from active work on his farm in Otonabee.

Mr. John Langley of Toronto, violinist of the Prince George Hotel Symphony Orchestra, was a week-end guest of Mr. Fred Hodgson, Bank of Nova Scotia Apartments.

Mrs. R. McQuade, who has been visiting her mother here, left to-day for Toronto, to take a nine months' course in public health work at the University of Toronto.

Miss Betty Burkett of Toronto spent the week-end in the city.

Miss Elizabeth Mulholland has gone to Quebec, to study at Compton College.

Miss Beatrice Kent, whose marriage took place on Saturday to Mr. Delbert F. Hillier, was guest of honor last week at a miscellaneous shower given for her by Miss Madeline Bingham.

Miss Sheila Thomson has resumed her studies at the University of Toronto.

Mr. J. W. Firth, a former teacher on the staff of the Peterborough Collegiate Institute, and now of the Normal School staff in Toronto, accompanied by Mrs. Firth, spent the week-end in the city.

Miss Annie Amys has gone to Toronto to resume her studies at the University. She is at St. Hilda's College.

Miss Molly Wood of Montreal, daughter of Mrs. T. J. O'Conor-Fenton, formerly of Peterborough, has entered this year at Compton College, Quebec.

Mr. Frank Hillier and son Bruce, of Odessa, Ontario, attended the wedding on Saturday of Miss Beatrice Kent and Mr. Delbert Hillier.

Miss Dorothy Moir is resuming her studies at the University of Toronto this week.

Miss Nora McDonnel of Toronto returned this morning after spending the week-end with her mother, Mrs. M. McDonnel, at 201 Stewart Street.

On Thursday evening, at the Paragon Hall, Mr. Johan Krough entertained about forty of his friends at an enjoyable dance given on the occasion of his birthday anniversary. Dancing and dainty refreshments were enjoyed. During the evening, the presentation of a silver Eversharp pen and pencil, encased, was made to the host.

A miscellaneous shower was held at the home of Mrs. George H. Rowe, 538 Chamberlain Street, on Friday evening of last week, when about forty friends and neighbors of Mrs. James Hall (nee Jean Moore) gathered and presented her with many pretty and useful gifts. The evening was enjoyably spent in contests and music. Miss Edith Pilling rendered a vocal solo, with Mrs. E. A. Rowe accompanist, and musical numbers were given by the Misses Irene Killingbeck and Marion Pilling. Dainty refreshments were served and everybody joined in wishing Mrs. Hall, who leaves shortly for Toronto, where she will reside in future, every happiness in her new sphere of life.

Evening Examiner Fashions

A Smart One-piece Frock of Slenderizing Lines

Modish distinction is achieved by this smart one-piece frock. In View A contrasting material is effectively used for the plaited front panel, vestee, bands finishing the long dart-fitted sleeves, and laps on the set-in pockets. View B illustrates the frock fashioned of one material having the front of the bodice and lower edge of the loose sleeves simply bound, while a narrow belt across the plain back completes this chic frock. No. 1551 is in sizes 38, 40, 42, 44, 46 and 48 inches bust. View A, size 40, requires 3⅝ yards 39-inch material, and ⅞ yard contrasting. View B, size 40, requires 4½ yards 39-inch material, or 2¾ yards 54 inch. Price 20 cents the pattern.

SAINT and SINNER

By ANNE AUSTIN

(Continued from Saturday).

It was only a few minutes after eleven when George Pruitt left, and Bob had not returned from his unexplained absence. Faith, flushing hot and cold with remorse for having deliberately aroused George Pruitt's love for her for the unworthy purpose of proving to herself that she was still desirable, even if her husband seemed no longer to find her so, dragged herself wearily to her bedroom—hers and Bob's. She stood for a dazed moment in the doorway of the room that had been made sacred by their love, then, awakening suddenly to the enormity of her present unhappiness, she became possessed of a furious, almost hysterical energy. Shaking with haste, she removed the lovely nasturtium chiffon gown, hung it in the closet and snatched nightgown and negligee from their hangers. After making a hasty collection of cold cream, comb, brush and toothbrush, she was about to flee from the room, when she dropped her burdens upon her own bed. With a deft hand, she removed the day spread of rose-colored taffeta from her husband's bed, turned back the light blanket and sheet, adjusted the pillow, switched on the bedside lamp, stooped swiftly to lay her hot cheek for a moment against the pillow upon which his beloved head would rest, then, gathering up her things, she ran, as if pursued; down the hall to the room which had been her father's and was now Joy's.

The ten-year-old child lay sprawling diagonally across the comfortable, wide bed, abandoned to sleep. Gently, Faith moved the thin little body to one side, added a pillow from the closet, then, still frantic with haste, made herself ready for bed in the bathroom which separated the room from hers and Bob's. She was still trembling violently when she crept into bed beside Joy. Until then she had given herself no time to think, but as the thick darkness of the September night closed down upon her, as oppressively as a smothering blanket, she could not longer keep thought at bay.

Why had she fled from her own room? But she knew there was really no use asking herself that question; it had been answered that first moment when she had stood looking dazedly into the room which had always been sacred to their love. She had not been able to bear the thought of sleeping, or trying to sleep, within touching distance of her husband when he was angry and contemptuous of her. She knew that if there had not been another room to flee to she would have walked the streets all night, rather than lie down beside him when he did not want her.

It was so obvious that he did not want her near him tonight. Else why had he left the house, without a word of explanation? Her tortured mind went over and over the terrible events of the day, beginning with the receipt of the bank's letter, returning Bob's check to her marked "insufficient funds."

She shuddered and began to cry, hopelessly, as she lived over again the dreadful moment when Fred Lytton had appeared unexpectedly, had indicated that he had overheard her advice to his wife. No wonder Bob was angry with her for having killed his chance to build the Lytton's country home, a contract on which he had been counting to relieve financial pressure under which he had been struggling for the last few months! But why had he refused to talk the thing out with her, to hear her side of the sordid story? If he loved her could he possibly look at her in that coldly contemptuous way? And she had only been trying to help him—

Her trembling body became taut as she heard the faint sound of the opening and closing of the front door. Would he come to her, pick her up in his arms and carry her back to their room made sacred by love?

(To be continued.)

Dempsey fight up to date.

An auction sale is to be held on Tuesday, September 27, at the home of the late W. Bailey.

Mr. and Mrs. W. Hildred of "Blair Athol" are spending the week end in Toronto.

Mr. Harold E. Burgess left on Wednesday for Toronto.

Mr. James Carnrite's new house is ready for occupancy and the event is being celebrated by giving a dance Friday night to friends and neighbors.

DRESS

By MARY MARSHALL

Light-weight black velvet with collar, vest and cuffs of soft white crepe de chine was used for this afternoon concert frock, designed for a prominent violinist.

A well-known violinist made the confession that she always looks forward to evening performances with greater peace of mind than to afternoon performances. It is not because evening audiences are more responsive or more enthusiastic than afternoon audiences. As a matter of fact this is not usually the case. "It is because it is so much easier to dress for an evening performance than an afternoon one," she explains. I was surprised because it had not occurred to me that a really gifted violinist depended on the effect of her clothes on her audience.

It is really no easy task to select an afternoon frock that will be at once entirely professional, becoming and distinctive. It has taxed the ingenuity of more than one dressmaker called upon to solve the problem.

I am showing you a sketch of a frock recently made for my violinist friend that I think ought to remove her objections to afternoon performances. It suggests somewhat the afternoon black of the man performer without being in fact or effect really mannish, and the removeable washable collar, gilet and cuffs make it eminently practicable.

The shops are showing all sorts of tempting bargains at this time of the year, and lucky is the woman who finds in her purse surplus money enough to buy some of the really good things that are reduced in price simply because it is approaching the time when room will be needed for new things for autumn.

I was interested to hear the other day that merchants no longer found it profitable to cut up material to make remnants. I was interested not so much to hear that this was no longer profitable—but in learning that it ever had been profitable. Of course there always were merchants who did not do it—now apparently it doesn't pay anyway. So you may be sure that when you buy remnants now you are really buying short lengths put upon the remnant table merely for the sake of quick disposal—and you may also be sure that they are bargains—honest injun.

It really is a wonderful time to buy shoes if you can find any among the "broken lots" that fit your feet. Light shoes of the sort that most women wear only in the summer are reduced to a surprising price.

HOROSCOPE

The Stars Incline, but do not Compel.

(Copyright, 1927, McClure Syndicate.)

TUESDAY, SEPTEMBER 27, 1927

Benefic aspects dominate today, according to astrology, which finds this configuration fairly fortunate.

There is the best sort of a forecast for business, which will be brisk in many lines of trade.

While merchants and manufacturers are to be kept exceedingly busy they are warned that sudden and unusual conditions may arise to affect business.

Banks today are subject to the best sort of a planetary government, which appears to presage increase of power in keeping financial matters stabilized.

The seers predict a new crop of fortunes made suddenly, owing to spectacular opportunities.

Disarmament problems will now assume a new phase, owing to unexpected international complications, it is forecast.

Mars is in a place making for dissensions and misunderstandings between men of families as well as nations.

Envy and jealousy are supposed to be strongly brought out under this rule of the stars.

Both men and women are held to be peculiarly susceptible to covetousness at this time when greed is likely to take hold of the average mind.

This is not a lucky day for love affairs, for mercenary motives may easily become involved with romance.

Colleges continue under the best possible planetary government and there is a sign indicating immense bequests.

Millionaires will establish new foundations for the betterment of humanity, through the attainment of varied knowledge, the seers prophesy.

Persons whose birthdate it is have the augury of a year that is fairly fortunate. Gain through diplomacy is indicated.

Children born on this day probably will have the gift of eloquence. Orators and linguists are born under this sign.

Why Women Wanted

And Science Developed

A New-Type Hygiene

By ELLEN J. BUCKLAND
Registered Nurse

MODERN women with the business world to face, and a more tense social life to lead, demanded greater protection in meeting their greatest hygienic handicap. As a result, the old-time sanitary "pad" is fast disappearing.

Over 80% of better-class women now employ KOTEX—more than a sanitary pad; *true scientific protection.* Filled with Cellucotton wadding, the newly perfected super-absorbent, it is *five times* as absorbent as ordinary cotton pads.

Kotex also DEODORIZES while it acts. Also, it is discarded easily as tissue. No laundry, no disposal problem.

Packed 12 in a box. At any store. Look for name Kotex on the box. If it is not there, *take care;* it is not real Kotex.

KOTEX

No laundry—discard like tissue

Uncle Wiggily

By Howard . Garis

To-day's Bedtime Story

(Copyright, 1927, McClure Syndicate.)

UNCLE WIGGILY'S SAND WELL

"I wonder what those little tykes are going to do now?" asked Uncle Wiggily of himself as, sitting on the shady side of the seashore cottage, he watched some of the little rabbit girls hopping down the beach with their pails and shovels. "I wonder what they are going to do?"

"I know!" called Scooter, who, with his brother Tooter, was gathering drift wood to make a fire at which they intended to pop corn and make it into balls.

"Well what are your sisters going to do with their sand pails and shovels?" asked the rabbit gentleman.

"They are going to dig a well in the sand," explained Scooter. "I heard them talking about it."

Into the water with both legs

"And Baby Bunty said maybe she would dig a hole down all the way through to China," added Tooter, who was Scooter's brother.

"She would be a long time doing that!" chuckled Mr. Longears, and he twinkled his pink nose very, very gently, for it was sunburned and it hurt when he wrinkled it.

"China is far away. But digging a well in the sand is safe play for the little girls. I don't need to follow them to see if they are all right, as I did when Jingle tried to make taffy by boiling salt water! Ha! Ha! Uncle Wiggily had to laugh when he thought of that.

Feeling sure that his little rabbits would come to no harm while digging a sand well, and knowing that Baby Bunty never could dig all the way through to China, Mr. Longears hopped off to the pine woods which grew a little way back from the beach, thinking he might have an adventure there.

And he did, for as he was hopping along he lost a button from his coat. The button fell on the ground and Mr. Longears picked it up and said:

"Dear me, how unstylish it will be to hop along with a button off my coat. I wish I had a needle and thread and I would sew it back on. I didn't know that button was loose."

Mr. Longears tried to fasten his button on his coat with some sticky gum from the pine tree, but it did not stay long. And then he heard a voice saying:

"I'll sew that button on for you, Uncle Wiggily!" At first the rabbit thought it might be the Bob Cat wanting to play a trick, but when the rabbit gentleman looked he saw the tailor bird flying amid the pine trees, and the bird sang again: "I'll sew that button on for you, Mr. Longears."

"Oh, thank you," said the rabbit. "But have you a needle?"

"I'll use a pine needle from one of these trees," the bird said, and soon she sewed the button back on the rabbit's coat. Thanking his friend most kindly, Uncle Wiggily hopped along, but he found no more adventures in the pine woods that day, and soon he was on the beach.

Uncle Wiggily was looking for his little rabbit girls, but he did not see them.

"Though I may find the sand well they dug," he said. And just then all of a sudden Uncle Wiggily found it. He found it by stumbling into it, for he wasn't looking where he was going and in an instant he had fallen plop into the water with both legs. For after digging a deep hole in the sand with their shovels, the rabbit girls had filled the well with water, carrying it in their pails up from the ocean. Then they had gone away to play some other game, leaving the well uncovered.

"But I will cover it up so no one else will stumble and fall into it," said Uncle Wiggily after he had hopped out. The sun soon dried his wet legs and then he placed some driftwood sticks over the sand well and on top of the sticks he laid seaweed so if you didn't know the well was there you never would have dreamed of it.

Uncle Wiggily covered the well and was about to hop on his way when, all of a sudden, the sly Weasel, who had come to the shore to try and catch Mr. Longears, darted out from behind a sand dune.

"I've caught you now!" snarled the Weasel, rushing toward the rabbit. But Uncle Wiggily was on one side of the sand well and the hungry Weasel on the other side. The Weasel, not knowing the sticks and seaweed covered a hole full of water, ran right across them. And in the middle he broke through the well cover and fell ker plop into the salt water.

"Help! Help me out!" begged the struggling Weasel.

"Ha! Help you out so you can bite me? Never!" cried Uncle Wiggily, and away he hopped leaving the sly chap floundering in the sand well. The Weasel may be there yet if the Bob Cat hasn't helped pull him out.

But the rabbit gentleman was saved.

TRENT RIVER NEWS.

TRENT RIVER, Sept. 24.—Mr. and Mrs. George Green and children and Mrs. Wight, Sr., of Hornepayne are visitors with Mrs. A. Wight and family, Cedar Isle.

AT BURNBRAE.

BURNBRAE Sept. 26. — Following are the week-end retail market prices:

Beef, sirlon, 20c; round, 20c, roast 15c; stew, 10c. Pork 20c Breakfast bacon, 30c. Eggs, fresh, 40c. Chickens 25c. Potatoes $1.75 a bag.

Livestock and grain prices are:—Cattle, selects, 5 1-2 a pound; common butchers, 4 to 4 1-2c. Hogs, live, thick smooth, $10.25 cwt.

Oats, 50c a bushel; wheat, $1.20 a bushel. Whey cream 32 cents pound fat.

Cheese prices reached 25 1-4 cents last week. Some believe this to be the peak price but there is little sign of a drop in the market as yet Hog prices are slightly off. Prices for young hogs low around $3.00 each.

ALDERVILLE INDIANS UNVEIL MEMORIAL

(Continued from page one.)

The crowd which had stood at the unveiling continued standing while the bereaved children, Alvin Hagar, Amy Simpson, Evelyn Simpson, Annie May Stevenson and Billie Stevenson led the procession that soon covered the lower part of the monument with wreaths.

The Cobourg Band played during the offertory on behalf of the memorial fund Two more addresses—from Major Belford and Col. Snider—were heard. The assembly sang 'Lead Kindly Light,' and Trumpeter W. Lowe sounded the joyous notes of Reveille. The Benediction, O, Canada and the National Anthem brought an impressive service to a close.

Pride and patriotism were the notes of all the speeches.

W. R. Coyle.

Mr. Coyle said that for twelve years he had been Indian agent at the reservation. He knew the people well. He had often visited them in their homes, and had never met a more hospitable people. They were a well behaved people and they responded nobly when the call came. Out of sixty-six men of military age, thirty-three enlisted. A number worked in the shell factories and the women at home labored for the Red Cross. The men who went out, crossed the seas in defense of Canada. He had heard some very unkind things said of the Indians. People had said, "Let them go. Its all they are good for." People who spoke in this manner forgot that Indian sons were as dear to Indian mothers as those of white families. And every man was a volunteer. The Indians were wards of the government; they were allies of the king. They could not be conscripted, but the men went of their own free will.

Mr. Coyle related the progress of the movement to erect a memorial, which at first moved slowly on account of lack of funds, and paid tribute to the Cobourg Kiltie Band for giving concerts in aid of the fund, to A. H. McKeel and Son for their generous assistance, and to Delanty and Son who supplied the material at reasonable cost. In 1923 the capital on the reservation doubled, when the Ontario government paid $100,000 to the Dominion government for hunting and fishing privileges. Along with the Chief he journeyed to Ottawa and attained the sanction of the Department of Indian Affairs for the turning over of $800 of the funds of the band for the committee in charge to defray a portion of the cost of the memorial. He also wished to thank Mr. Loucks, who donated the land. Next year, he declared, the committee intended to beautify the site by planting flowers and maintaining it in good condition.

A. McKeel.

Mr. McKeel reminded his hearers that when the Indians of Alderville were called they were not found wanting. His heart went out to the returned men. They fought for the British Empire. One of the Indians said, "Well never let the old flag fall while we have life in our bodies." In defense of that flag, these Indians of Alderville stepped out and faced a mighty enemy. Their record was glorious

Judge Huycke.

His Honor, after expressing his pleasure at being asked to take a part in the ceremony, congratulated the committee on the splendid appearance of the monumental tower. He had noted with interest the names of the veterans on the back of the programme. Many of them were familiar to him, although he had been away for years. He remembered them. He had known them when he was at Cobourg and had always counted them as his friends and well wishers. He saw the names of the sons and brothers of those he had known, those who had defended the cause of honor, truth and right. So far as he knew the band contained sixty or seventy men, old and young. Fifty per cent. of the number offered themselves and their lives and left all that that was near and dear to them in defence of right. He wished to bring a message to them. He had the honor of being an honorary vice-president of the Canadian Legion. In some way or other, the officers of the Legion in Toronto got to know that he was coming to the unveiling of the monument at Alderville and he had direct instructions from the executive committee of that great and splendid organization to convey their good wishes. They were thinking of the people at Alderville and did not forget the men who suffered for their sake. "For their sake. Yes, and for our sake as well." For it was a momentous time in 1914. Then, as never before since the Dark Ages, was the iron hand of oppression raised to menace the world. These men who left Alderville went out to fight for not only for home, for Canada, for the Empire. They went out to fight for fair play, for truth, honor and justice, for if the Allies had failed, we would have had to say farewell to all we held dear in the world. The men from Alderville were not conscripts. They rose to the call at once or very soon. It had been well said they were wards of the government. They claimed with pride that they were not Britons but allies of Britain—allies of fidelity. Too much honor could not be given to those men who had offered themselves. He was there to tell them in the name of the great Canadian Legion soldiers of the King in all Canada, from Vancouver to Halifax, from the Atlantic to the Pacific that their great and glorious organization was with them. He would like to draw a parallel. The soldiers who had fought for the Union during the American Civil War formed themselves into an organization at the conclusion of the struggle. It was known as the Grand Army of the Republic. It was still in existence, although the survivors had become few in number. In the decades from 1860, till now that that Army had been the directing energy and heart of the United States as no other organization had been. He hoped the Indian soldiers present were members of the Legion. In the days to come the soldiers of the Canadian Legion, whose country was dearer to them than life itself would be the power behind the throne, not as a political party, but behind all parties that stood for right and fair dealing.

He was thinking of an old legend. It came down to us from our old Nordic ancestors who worshipped Woden. They thought Woden sat up in Valhalla watching the deeds of valor among his sons below. When he saw a warrior whose bravery pleased him well he sent down to the battlefield his winged daughter who carried the fighter to Valhalla. The opponent thought he had killed his enemy, who had really been carried up and up to Valhalla on the wings of the daughter of Woden. Similarly, God had simply taken our brave fallen to himself.

Col. Snider.

Col. Snider was convinced that nobody had been more closely associated with the Alderville Indian soldiers than he had been. As second in command of the 139th Battalion and in charge of the recruit for the 139th throughout Northumberland, he came close into contact with them. During the time of organization and recruiting 135 recruiting meetings were held in Northumberland. They did not at any time think it necessary to hold one in Alderville. Twenty-one of the soldiers who enlisted in Alderville, joined the ranks of the 139th. Four of them still were sleeping in Flanders. To the credit of the men from Alderville, there was not one of their names on a conduct sheet; not a black mark against any of them.

It had been said they were fighting for democracy. People were now inclined to ask, "What did the Great War accomplish after all?' Col. Snider enumerated the Arms Conference at Washington and the League of Nations as two things that would not have come into being except for the Great War. He believed that world peace would ultimately become a reality.

Col. J. W. Odell, V.D., addressed himself first to Chief Marsden, expressing his pleasure at being present. The monument and the huge crowd, he said, reminded him of a motto which he had once seen hanging in a bedroom. It was exceptionally fitting to the occasion: "I shall pass this way but once. Any good or kindness that I may do must not be neglected, for I shall not pass this way again." The Indians, knowing that they will not pass this way again, have seized the opportunity to erect an everlasting memorial to the loving memory, patriotism and kindness of their comrades who gave their lives on the field of battle.

He was also pleased to see so many of the younger generation present. They have their lives still in front of them. Long after the older members of the community have passed, they will continue to honor the memory of the men whose names are engraved on the stone tablet.

Colonel Odell said that he did not know that military service could not be forced on the Indians, and expressed the opinion that volunteers were much more desirable than conscripted men. He was very proud of and wished to do honor to the fifty per cent enlistment of the Alderville Indians. It was very good indeed to have them here, and not in a foreign land.

Here Colonel Odell made reference to St. Paul's Cathedral, London. He recalled his visit there and the inscription on the vault of Sir Christopher Wren. It was written in Latin, and is interpreted to read: "Sir Christopher Wren, born ——, died——. If you want to see his monument, look around." Therefore, said the Colonel, if you Indians wish to see what we think of you, look about you at the huge crowds They have not come in idle curiosity, but to honor your noble dead."

Major James Belford

Rev. Major James Belford began his brief remarks by expressing his appreciation of being asked to speak since he had known most of the Indians who had gone overseas when they were mere boys. He was better acquainted with the fathers of the fallen heroes. He was not surprised at the splendid service of the Indians during the Great War. He had always known them for their high standard and loyalties to the British Crown, and if the call to arms should be repeated they would respond as readily as they had done before. The Major did not believe that this was a time for condolences. He thought it a time in which to be proud, since life was only what we ourselves make it, and the Indians had won everlasting glory, as trusty allies well worthy of rubbing shoulders with the Canadians in arms.

In closing, Major Belford wished to congratulate the Indians on their determination to erect such a fine memorial; Mr. McKeel, Campbellford, for his part in its erection, and in other ways in which he had been of service to the returned men, and also the people of Alderville on their high percentage of enlistment and their loyalty. He further hoped that the ex-service men on the reserve would decide to join the Canadian Legion, which is not a political organization, but a means of getting the full weight of the overseas men behind their own cause. This, he claimed, would give the returned men the chance for first opportunity in most things.

Chippewa Descent.

Alnwick Indians are descendants of the Mississauga Indian band, a branch of the Chippewa tribe and at one time occupied an island in the Bay of Quinte. At that time, almost a century ago, the band numbered over 500 members, all of whom resided within an area of sixteen acres Conditions became serious owing to overcrowding and the Idians were moved to the Alnwick reservation, an area of 3,600 acres, where 265 descendants at present reside.

One of the points of interest on the reservation is the quaint old church located just east of Alderville where dozens of members of the tribe attend service every Sabbath. In the church is a tablet erected "by Alnwick Indians to the memory of Rev. W. Chase, who died Ocotber 19, 1884." A well equipped school adjoins the church.

Drop Ancient Tongue.

Although the full blood of the Chippewa has been retained by intermarriage on the reservation, the ancient Indian tongue has been dropped into disuse and only on rare occasions is the dialect heard. In a few homes, children are taught both Indian and English languages but in the majority of cases, the younger generation is unable to speak in the tongue of the forefathers. Ancient customs are forgotten and the Indian goes about his daily tasks, farming, trading, etc., after the fashion of his white brothers. Many of the Indian names, Crowe, Smoke, Comego, Marsden, Beaver, etc., are still widely heard.

Indians on the reservation are lovers of music and a band of some eighteen pieces is known throughout Canada for the excellence of its public performances. In addition, a fine choir leads the singing at the weekly church services.

There was a very large representation of the Rotary and Kiwanis Clubs of Peterborough.

To Whiten "Off-Color" Teeth

and Firm Gums to healthy color quickly, remove FILM FROM TEETH as dentists advise

"OFF-COLOR" teeth can be lightened amazingly, even to often give dazzling whiteness.

With right daily care you can work a great change in the color of your teeth. Can give them clear and charming gleam.

There is a new way in tooth and gum care. A way that removes the dingy film that clouds your teeth . . . A film that absorbs discolorations and keeps teeth dingy looking.

Just run your tongue across your teeth. And you will feel that film. It is the great enemy of pretty teeth and healthy gums.

It clings to the teeth, gets into crevices and stays. It forms a breeding place for germs. It lays your gums open to bacterial attack, your teeth open to decay. Those germs, with tartar, are the chief cause of pyorrhea.

Old-time methods failed in successfully fighting film. So ugly teeth were common. You must remove it. Ordinary brushing won't do it satisfactorily. Under it are the clear, whiter teeth you envy in others.

Now modern science has perfected an effective film combatant, called Pepsodent. It acts to curdle film, then remove it. It firms and protects gums; beautifies teeth quickly and *correctly*.

Mail coupon for full 10-day tube to try. Or purchase large tube at any drug store. Note the amazing difference in your teeth . . . in your whole appearance.

$100 floats around in your washtub every washday

WHEN you sort out the soiled clothes from the hamper, try to decide which articles cost so little that you can afford to endanger them by washing them with anything but Lux.

Shirts, pyjamas, house dresses, the children's clothes, sheets, linens,—just think how quickly they total up to $100 or over.

You know how Lux saves your fine things. How it guards your pretty silks and chiffons, your soft woollens—keeps them always looking like new! Why not use it for the everyday things too?

Because they've learned it is *true economy*, the thriftiest women are now plunging the regular family washing, every stitch of it, into bubbling, penetrating Lux suds each week. Lux saves many, many dollars by prolonging the usefulness of both simple and costly fabrics.

In many homes Lux alone is used for the whole family wash, week in and week out, at a real saving.

You, too, will find that to use Lux for everything washable is cheaper in the end.

Use nothing but LUX for washday.

The Produced-In-Canada Bond Selling Contest Committee desires full information regarding how many tickets have been sold to date.

The first three young ladies making the largest returns at Mr. Joseph Wearing's Office, Water Street, before Monday at 5 p.m. will receive the following prizes:

1st Prize—$15.00 Fur Scarf, or its equivalent on other purchase, kindly donated by Barries', Ltd.

2nd Prize—Black Leather Boston Bag, valued at $6.00, kindly donated by The Hall Store.

3rd Prize—Ladies' Silk Umbrella, valued at $4.00, donated by The Canadian Department Stores, Ltd.

Each contestant must make returns of her sale each week.

PETES WIN FINAL GAME FROM ST. GEORGE'S

PETES HAMMER THEIR WAY TO ONTARIO FINALS BY CRUSHING ST. GEORGE'S IN THIRD BATTLE

Drive Verrall to Showers in Less Than Two Frames, and Give Gillespie Bad Lacing in Beating Saints 15 to 10.

HECKMAN GOES ROUTE FOR PETES

Toronto Champions Score First, But Petes Crash Out Eight Hits for Seven Runs in Second Inning and Are Not Headed.

(By F. D. C.)

The Petes literally clubbed their way into the Ontario Senior finals on Saturday when they out-slugged the St. George's, T.A.B.A. champions to win the third game of the semi-final series, 15 runs to 10.

The old sock failed to win for Jack Dempsey at Soldiers' Field the other night, but it brought home the bacon for the Petes at the Leafs' Stadium on Saturday, Manager Swanston's crew making every one of their sixteen hits count.

It was the best exhibition of concentrated swatting the Lake Shore winners have given this season and the artillery work was needed for the Petes were shaky defensively, and every one of their misplays, not all of which are to be found in the official box score, hurt worse than a cinder in the eye.

But if they were jumpy in the field the Petes could do nothing wrong with their bats, producing the hits in bunches to pile up the score. They jumped into the offerings of Frankie Verrall, Buck McKenna's southpaw, in the second inning and drove him to the showers with five ringing hits in a row, and when Gillespie relieved his left-handed team mate they continued to crash out hits until seven earned runs had crossed the plate before the Saints could get the side out.

And when they came back in the fourth with five runs on three bunched hits, and three errors, making the count 12 to 3 the series was captured, although the Saints, to give them credit, kept hammering away and had the satisfaction of cutting down the Petes' lead in the later sages.

St. George's sprung a surprise by starting Verrall instead of Gillespie. He looked like a million dollars when he set the Petes down in order in the first frame but the fierce bombardment of the second inning drove him off the mound and Gillespie, the Saints' right-handed ace, came in to take a good lacing, although it meant nothing to his record—the loss going to the left-hander.

Al. Heckman went the route for the Petes and should have escaped with a much smaller score against him. Most of the Saints' hits came after defensive slips had paved the way and right off the reel the Petes made gifts of three runs to the Toronto champs, putting Heckman in the hole at the go-in. The crew made up for these misplays, however, by collecting a dozen runs in the second and fourth for Heck to work on and, although the mussing up of an opportunity to pull off a double play in the seventh made five runs for the Saints possible when the side should have been retired without a score, the Petes had such a big lead that no particular harm was done, and Heckman registered his second win of the series by a comfortable margin.

Everybody Hit.

Every one of the Petes scored at least one run and made at least one hit, with Fred Ash and Hap Harrison leading in both departments, each having three hits and crossing the plate three times. The Hall brothers each had timely doubles and Tommy Holyman's contribution was a triple and a single.

There were several outstanding fielding displays with Shiner Johnston reserving the most spectacular stunt to wind up the game. In the ninth, with two out and two Saints on bases, Johnston ran over to the grandstand and made a circus bare-handed catch of a high twisting foul from Boyd's bat. Ash had a beautiful play in the second when playing deep for Sniderman he tore in and grabbed a line on the run and Jimmy Hall covered a lot of ground to make a spectacular catch of O'Driscoll's long fly. Evans, in left field for the Saints, made several nice catches.

The victory puts the Petes into the Ontario finals against the Western winners, the first time since 1920 that they have reached the last stage in the Provincial series.

Not A Rosy Start.

Erratic work around the keystone sack put the Petes under a handicap of two runs in the first frame. Boyd struck out to start with, but Fraser singled past third. Radke rolled one to Holyman, who fumbled long enough to lose a chance for a double play, and then tossed to Rose, who dropped the ball; Fraser being safe at second. Sniderman walked, filling the bases. Younder lined to Jack Hall, whose quick return held Fraser at third. The inning should have been over when Swing tapped to Rose, but the latter made the play to second instead of first and Umpire Barridge called Sniderman safe, claiming Holyman was off the bag. Both Fraser and Radke scored on the play. O'Driscoll rolled to short.

The Petes were easy. Rose fouled to O'Driscoll, Johnston fanned, and Swanston flied to Swing.

An error by Jimmy Hall gave the Saints another run in the second. Swan fanned. Verral singled through short. Boyd singled to left and Hall let the ball roll through, Verrall scoring from first and Boyd pulling up at third. Fraser drew a pass and stole second, but Radke struck out and Ash made a beautiful running catch of Sniderman's hard smash to right.

With three runs in the Saint supporters thought the game was in the bag but the Petes in their half of the second uncorked an assault upon Verrall that soon changed the whole complexion of the battle. Heckman lined to Swing for the first out.

Then came the bombardment.

Ash singled through short and Harrison followed with a smash to centre for a base. Jimmy Hall ripped a single past third and Ash was in with the first run. Verral tried to pick Harrison off second and the ball got away from Boyd, both runners advancing. Jack Hall slammed a double to left centre, scoring Harrison and Jim Hall. Holyman hit one down the left field foul line for three bases, Jack Hall crossing the plate with the counter that put the Petes in front.

Verrall to the Showers.

That was enough for Verrall and Gillespie came in from the bull pen to save the day.

He didn't seem to have much with which to do it.

Rose smashed his first offering to left centre for a line single, scoring Holyman. Johnston forced Rose at second, but the Petes were not through yet. Swanston lined a single to left. Gillespie deliberately passed Heckman, filling the bases, but his strategy didn't mean a thing for Ash, up for the second time, got his second hit of the inning, a single to left on which Johnston and Swanston crossed the plate.

Gillespie finally stopped the slaughter by a jumping stop of Harrison's high bounder that was nearly another hit.

Neither team scored in the third and the Saints were also blanked in the fourth.

The Petes, however, had another big inning. Rose was hit and when Johnston hit to Fraser everybody was safe on the first baseman's high toss to second. Swanston moved the pair ahead with a neat sacrifice and Heckman slammed a single to left to score Rose. Ash singled to left, his third hit in a row, and Johnston came home. Harrison singled over second, filling the bases. Jim Hall popped to Boyd. Jack Hall raised a fly to short right field which Younder got under and then dropped. Heckman and Ash scored and when Younder made a wide throw home Harrison also registered. Jack Hall was out trying to make third on the play.

That made it 12 to 3 and the figures remained that way until the seventh, neither team threatening seriously in the next two frames.

Saints Strike Back.

In the Saints' end of the seventh the Petes mussed up an easy chance for a double play that should have resulted in a scoreless inning. Instead St. George's scored five runs. Boyd opened the inning with a single over second. Fraser hit sharply to Heckman and an easy double killing was in sight. Rose failed to hold the throw, however, and both runners were safe. The official scorer, a Toronto official, gave the error to Heckman. Radke singled to centre, scoring Boyd. Fraser and Radke stole second and third, on a short passed ball. Sniderman walked, filling the bases. Younder struck out. Green, batting for Swing, singled off Johnston's glove, scoring Fraser and Radke. Green stole second and scored with Sniderman on Evans' double to centre. Gillespie fanned.

With the count 12 to 8 the Petes decided to widen the margin. Harrison opened with his third hit, a single to left. Gillespie struck out Jim Hall and got Jack Hall on a rap to the box, Harrison going to second. Holyman singled to right, scoring Harrison and going to second on the throw-in. Rose singled on the ground into right and Holyman scored. Rose stole second. Johnston singled over second. Evans took Swanston's long smash to left.

In the eighth Boyd was given credit on a roller to Holyman, although the throw was high. Fraser doubled over third. Radke rolled to Harrison, Boyd scoring. Fraser crossed the plate on Sniderman's sacrifice fly to Jack Hall. Holyman tossed out Younder.

In the Petes' half Heckman drove a long one to Evans in left. Ash was safe on Radke's fumble and went to second as Gillespie was tossing out Harrison. Jimmy Hall doubled down the left field foul line, scoring Ash. Younder threw out Jack Hall.

Green, first up in the ninth, was thrown out by Johnston. O'Driscoll got his first hit of the series, a single to centre. Evans walked. Gillespie rolled to Harrison and Johnston ended the game with his spectacular catch of Boyd's foul.

The Toronto official scorer gives the box score as follows:

Peterboro:	AB	R	H	PO	A	E
Rose, 2b	4	1	2	2	4	1
Johnston, 3b	5	2	1	1	1	0

By innings:
Peterboro .. .. 07050021x—15
St. George's .. .. 21000030—10

Two base hits—Jack Hall, Jim Hall, Evans, Fraser. Three base hits—Holyman. Sacrifice hits—Swanston, Sniderman. Bases on balls—off Heckman 4, off Gillespie 1. Struck out—by Heckman 7, by Verrall 1, by Gillespie 1. Left on bases—Peterboro 5, St. George's 9. Hits—off Verrall 5 in 1 1-3 inning, off Gillespie 11 in 7 2-3 innings. Losing pitcher—Verrall. Hit by pitcher—by Gillespie (Rose). Umpires—Sheppard and Burridge.

* * *

Mayor Holloway and Ald. Nagle Phelan were among the one hundred Peterborough fans who saw the game.

* * *

The Toronto International League Club was well represented by President Lol Solman, Manager Bill O'Hara and Scout Knotty Lee.

* * *

"Dubby" Shea, former Peterboro player, both in the Midland League and the old Canadian League, dropped in to the Petes' dug-out before the game was over. He was one of the Petes most ardent supporters.

* * *

"Big Noise" Palmer, the well-known Toronto rooter went off the air for the day after the Petes' big second inning.

* * *

The Petes outhit, outfielded and outscored St. George's during the series, making 21 runs to 16, 34 hits to 26, and only 6 errors as against 11.

* * *

In Saturday's game ten of the Petes' runs were earned and even liberal scoring gives the Saints but two earned runs.

KIWANS TEAM LOSES IN FINALS WITH TORONTO

Moss Park Bantams Add O.B.A.A. Title to T.A.B.A. Crown.

OVER ANXIETY COSTLY.

Young Petes Make Many Errors Because of Nervousness—Try Hard.

Kiwanis Bantams lost to Toronto Moss Park at James Stevenson Park on Saturday afternoon, and as a result the Toronto champions are Ontario title-holders as well. The score of Saturday's game was 10 to 3, while in Toronto a week ago the score was 11 to 9.

Saturday's result was largely brought about by the over-anxiety of the Peterborough team. The players swung wildly at Hirst's fast offerings in the effort to get hits, and the Toronto pitcher had fourteen strikeouts, many on high, wide balls, while they made many useless throws and wild pegs which enabled the Toronto boys to count ten runs on five hits.

The visiting pitcher, Hirst, relied on a straight fast ball. His control was none too good, and the adoption of waiting tactics in the eighth filled the bases. Braund used a slower ball which the visitors were unable to hit with success.

The Toronto boys led from the start. They scored three runs in the first without a hit and made the game safe with another in the second. The Kiwanis boys kept trying up till the last man was out, but could not earn enough runs to make up what they had given away earlier.

The batteries were probably the best parts of the two team. The pitchers fielded their positions well, and the catchers held up their offerings in good style. Whatley excelled his rival in throwing to the bases, turning back two of the three visitors who attempted to steal, while the Petes succeeded in pilfering a sack in nine out of ten tries.

The Toronto infield had an edge because the players knew better when and where to throw the ball. None of their players could get the ball across like Cuff or Cuthbertson, but they didn't waste any throws. Both teams were about equally good on ground balls.

The high wind made things rather difficult for the outfielders, the light ball used in this series being easily carried, especially into left field.

The visitors scored three in the first. C. Murphy walked and O'Brien sacrificed. Hirst hit to Cuthbertson, who tossed to Sproats to hold Murphy. The second baseman threw past first after the batter had arrived and Murphy went all the way in on the error. Hirst took second and scored on a passed ball and a wild pitch. Selkirk struck out. J. Murphy was safe on Cuff's error and stole second, to score when Cuthbertson mussed up Irvine's grounded. White rolled to short.

The local boys went out easily on a strikeout and two flies.

Moss Park made one in the second. Ferguson was safe on an error. Shea sacrificed and C. Murphy rolled to Sproats, putting the runner on third. The wind carried O'Brien's lift over Johnston's head, giving him a double. Hirst struck out.

Kiwanis got two men on but could not score. The three outs were strikeouts.

The visitors made two in the third. With one out, J. Murphy was safe on Cuff's error. Irvine singled to left and Murphy scored when Johnson threw past second. The runner stopped at third but the umpire waved him in and Irvine to third. The latter scored on White's top to the box. Ferguson walked, but went out stealing second.

The home team scored its first run in the third. With one out, Sproats singled and stole second and third, to score when Irvine booted McCullough roller. The batter made a break for second and then stood near the bag while Irvine threw him out.

Braund fanned three men in the fourth, and then his team mates whittled a little off the Toronto team's lead. Cuff was safe on an error and stole second and third. Dalley and Whatley struck out, but Foley's tap was mussed up by White, Cuff scoring. Johnston forced Foley.

Another Toronto run was chalked up in the fifth. Hirst was safe on Cuff's error, but was forced on Selkirk's attempt to sacrifice. The latter moved up on a wild pitch and took third when Whatley had to throw out J. Murphy, who had fanned. Cuff dropped Irvine's slow fly, and Selkirk scored. White struck out.

The sixth, seventh and eighth were scoreless. In the eighth the home team waited Hirst out, when two were out, and made two singles when he had to groove the ball, and drew a walk. With the bases full, Foley struck out, the third strike being called with the count two and three. Apparently both teams and the umpire had lost track of the outs, because Cuff tried to steal home and Murphy tagged him out, and the umpire called him out.

The visitors counted three in the ninth. C. Murphy fanned, but O'Brien singled and scored when Hirst doubled. The drive went nearly to the left field fence, but Johnston was playing deep because of the wind and made a quick recovery. He took third when Sproats missed Selkirk's roller and both moved up when J. Murphy bunted to McCullough. Selkirk scored on a passed ball and Irvine rolled to McCullough.

The home team made a gallant last stand but counted only one. Johnston reached second when White missed his roller, and stole third. Braund **struck out, but** Sproats singled to score Johnston. Sproats was caught stealing **second** and Cuthbertson grounded out to O'Brien.

Put one on—the pain is gone!

DELORO WINS FINAL FRAME OF THE SERIES

Defeat Kingston to Win Right for Place in Finals.

OVERCOME LEAD

Will Meet the Winners of Leamington-Coppercliff Series.

BELLEVILLE, Sept. 26.—(Special.)—The third and deciding game of the Kingston-Deloro series played at Belleville on Saturday afternoon ended in Deloro's favor, the score being 11-5. Manager Elliott's boys will once more figure in the finals since they have been given a bye and will meet the winners of the Leamington-Copper Cliff series for their last clash. Things looked glum for the 1926 champions at the end of the second when four runs were registered by the Circle Six, three of them being made on Wood's errors. In the third, Deloro halved the lead, and in the fourth established a big lead over their opponents with another half dozen runs with the bases loaded in this frame, A. Quinn came with a double which sent all three home. Deloro got two nice double plays, one in the sixth and the other in the eighth. In the second and fourth "Southy" Hughes obtain a neat triple Hit. Jack pitched throughout for the victors, but Reid was pulled in the seventh for Buck. A splendid attendance was seen at the game, each team being well supported.

Deloro—J. Quinn, c.; Brown, l.f.; A. Quinn, 2b.; Jack, p.; Regan, 3b.; Bond, c.f.; Hughes, 1b.; Boudreau, r.f.; Woods, s.s.

Kingston — J. Arniel, s.s.; Buck, r.f.; H. Elliott, 3b.; Purvis, 1b.; Jimmy Arniel, c.f.; Tetro, c.; McPherson, 2b.; Thompson, l.f.; Reid, p., r.f.; xJoyce. Batted for Thompson in the 8th.

Umpires — Sullivan at the plate, Gerow on bases.

Kingston .. .. .. 040000100— 5 8 2

PIRATES GAIN LEAGUE LEAD

Win Double Header To Increase the Lead Over the Cardinals.

DEFEAT CHICAGO.

NEW YORK, Sept. 26—(Canadian Press). — The pace-making Pirates increased their lead in the National League pennant race over the Giants by two and a half games and held a two game lead over the St Louis Cardinals by taking both games of a double-header yesterday at Chicago from the Cubs by scores of 2 to 1 and 6 to 1.

Stellar pitching by the League leaders coupled with opportune hitting and fast fielding was responsible for both victories.

The first game was a pitching duel between Guy Bush and Vic Aldridge, the latter allowing the Cubs only four scattered hits, one of which was a homer by Heathcote saving Chicago from a shutout.

Singles by the Waner brothers, Paul and Lloyd, Wright's sacrifice and a double by Traynor gave the Pirates their first run in the fourth inning. Harris' double and Aldridge's single put across the winning marker in the seventh.

The Cubs were unable to solve Kremer's delivery in the second game. Becks' double, a sacrifice and Adams single gave the Cubs their only run of the game.

On the other hand, Charley Root out after his 27th victory of the season, was unable to stop the slugging Pirates and he retired after the fifth inning for a pinch hitter. Root was freely batted in the sixth, the Pirates scoring three more runs. Singles by Barnhardt, P. Waner and Wright gave Pittsburgh its final run in the sixth with Jones on the hill.

The world's champion Cardinals wrung out a double victory over Boston at St. Louis 4 to 1 and 6 to 5.

Winning of both games enabled the Cardinals to gain a full game on the Giants, and kept the St Louis team two games behind the Pirates as before.

"Old Pete" Alexander, relieving Reinhart in the seventh, saved the second game for the Cardinals by holding the Braves scoreless after they had crept up to one point of St. Louis.

In the first game Bill Sherdel pitched the Cardinals to victory.

A crowd of 32,000 saw the Giants and Brooklyn battle to a scoreless tie in seven innings at Ebbets Field, Brooklyn. The game was called because of darkness.

It was a tight pitcher's battle. Jesse Petty holding the Giants to three hits while "Dutch" Henry held the Robins to two. The only clean hit of the game was Mann's single to centre in the sixth.

Philadelphia stopped over in Cincinnati long enough to win a ball game, 8 to 3, from the Reds. They hammered Jimmy Beckman hard enough to drive him from the box.

BASEBALL TEAM RECEIVES CUPS

Campbellford Players Make Presentation To Manager at Happy Dinner.

WON LEAGUE TITLE.

CAMPBELLFORD, Sept. 26.—The baseball fans and the citizens generally have been praising their home town team for the splendid showing they made this season on the ball diamond. By continuous hard playing and an average amount of luck, they wrested the Clark Cup from Hastings who have had it in their possession for two years. This trophy represents the baseball championship for the county of Northumberland and required considerable real ball playing to win.

But the players themselves are certainly beholden to their manager, C. H. Davidson, for a most enjoyable dinner and presentation. It was only through his influence and effort that they were able to stand back of their chairs at six-thirty Saturday evening while the Rev. C. D. Daniel said grace, and then sit down to a perfect dinner. There were twenty-six players and benefactors of the team seated at the table, with his Worship Mayor Kingston, at its head. The table was laid in the Clifton Tea Room which had been reserved for the occasion.

When all, even the late arrivals, had finished and the smoke of contentment rose all round the board, Mayor Kingston rose to address the diners. His remarks were brief but to the point. He congratulated the team on its success and assured them that the town was interested in their doings to a remarkable degree. He further expressed a desire that there would be other fields to conquer next year. Without further delay, Mayor Kingston introduced Mr. Wellman, Hastings, who was to present the trophy which had been the property of his team for the past two seasons.

"Bill" Wellman was not one to tire his listeners with long addresses. He smiled as he requested the Campbellford captain to come forward and, after wishing him many more successful ball seasons, placed the trophy in Jack Cowells hands. It was not necessary for Wellman to make an address of length. He is known to players and fans alike as a referee who gives fair decisions. They knew him on the diamond and he is just the same when he is off it.

Jack Cowell expressed briefly his appreciation of being captain of a winning team, hoped for future successes, and returned to his chair.

Major Bygott, well known in the field of sport, was called on to present the individual cups. The Major is at the present time suffering from a slight illness, and in reply to some witty remarks from the table, stated that his lungs were perfectly sound after attending most of the games of the past season. He explained that he had taken a keen interest in the team, not only because they were winning and from his own town, but because he himself was an old ball player. The cups he would present, he said, were donated by the club and manager and were to be the permanent property of those who received them. These were: Jack Cowell, Thornton Ibey, Charles Holmes, Frank DeCarrol, Malcolm Cook, Walter Blakely, Douglas Maybee, Earl Fox, Eric Coulter, Howard Davidson, Jack Nesbitt, Rev. C. D. Daniels, Perry Saunders, "Bugs" Christie, and Barney Eagleson.

Before introducing the next speaker, Mayor Kingston recalled a story of a ladies' society which was to have a rummage sale and all the ladies were to bring something that was not really of any use, but was also too good to destroy or discard. Their president was duly shocked at the next meeting when the majority of the women appeared with their husbands. The ratio of value between the ladies and their husbands was in direct proportion and equal to his relation to baseball, he said. There was no doubt that Mr. Kingston referred to his use as a player, as he certainly was a friend of the ball team.

C. S. Gillespie, veteran sportsman of the town, and for fourteen years Reeve of Campbellford, rose to address the meeting. Thunderous applause greeted the old gentleman. Mr. Gillespie's years in the various fields of sport gave him the privilege of speaking his mind frankly. He did so, and with the entire approval of all present. In his forty-five years in sport, he has shown a liking for good, clean, oragnized sport, and a violent dislike for any other variety.

It is the best thing for youth, he claims, but must not be overdone. He himself had, perhaps, devoted a little too much of his time to it and not enough to business. But he still has his health, and though he is not rich, he certainly is not poor. Therefore he does not regret his connections with sport. At the age of seventy-seven years, he goes regularly to the woods to hunt when the deer season opens. This, he claims, is the healthiest thing any person can do.

Returning to the affairs of the team, Mr. Gillespie stated that he was pleased to note that the town was following a wise course in concentrating effort on one line of sport at a time. Before, there had always been a division of interest and none of the branches received its fair allotment. The team, he said, seemed to have a good outfield, but their batting was not most most reliable. But he wished to congratulate them on their success, and wish them many more similar seasons. Then the veteran managed to locate Roy Bell and made him a presentation which came as such a surprise that Roy could not find words to reply till it was too late.

The Rev. Mr. Daniels was next to speak. He did not keep the players and their friends long in suspense. After a few witty remarks, he said that everyone seemed to have received something except the manager, to whom the lion's share of the credit was due. But Bugs Christie had provided for such an emergency and Chief Davidson received a beautiful, heavy, wool sweater coat, done in the colors of the club and with their crest as well. In reply, Mr. Davidson stated that he regretted that the party had been so small, but that funds would not permit a larger gathering. He also asked the players' goodwill when changes on the team were made during the season. It was not done for any other reason than that of improving the team as a whole. There was nothing personal ever considered. It was all a case of "Play Ball."

Rev. Ernest Harston, who had been referred to as the man who was to make the heavy speech of the evening, rose to the occasion admirably by saying that he was at least ten pounds heavier than the man who had thus made reference to him. Mr. Harston's wit was at its height. He stated that ever since his arrival in town, Campbellford had pushed itself further into the limelight. He proved his statement to his astounded listeners, by reminding them of tennis and other victories and gave as the reason for their success, the fact that he had not attempted to play any of them.

As a baseball fan, he had become one of the best. He had known nothing of the game, till after his arrival some years ago, but had made it his business to understand it since it seemed the proper thing to do. On his regular trips to the games, his sister was always his companion, and she, too, became a regular fan. Their conduct on one occasion when they had prevailed upon their mother to accompany them, so shocked that dear lady, that she expressed her shame at their antics in no uncertain terms. But it only required one game to convert her. She was as ardent as her children at the next game.

Mr. Harston expressed regret at having seen only two games during the season, but reminded the players that he had been on his vacation. He also expressed his approval of clean, healthy sport as not only an attraction to youth but as a builder of a clean mind in a sound body. In closing, he assured the team that he would be glad to offer his services in any capacity at any time and hoped that they would continue to maintain their present high standards.

Mr. Wilson of Oshawa, who is interested in many ways in Campbellford, spoke briefly, congratulating the team on its success and thanking them for their invitation to join them at dinner. He was, he said, a dyed-in-the-wool baseball fan.

The president, on behalf of the club, expressed his appreciation of the excellent meal they had been served by the Clifton. Mrs. Smith, proprietress, replied, saying that she was always glad to be of service. After singing the National Anthem, the party broke up.

TIGERS WIN FINAL GAME

Pound Hoyt and Shocker For 6-1 Victory Over Yankees.

GEHRIG FANS TWICE.

NEW YORK Sept. 26. — (Canadian Press). — Detroit closed its season in New York yesterday with a 6 to 1 victory over the Yankees, Earl Whitehill being master of the American League champions in the pinches.

The Tigers pounded Hoyt and shocker hard, Blue and Tavener betting home runs, each with a runner on base.

Whitehill let Yanks down with six hits. Lou Gehrig fanned twice with men on bases. Combs was the only New York player who gave the big southpaw trouble. Combs got three singles, his last sending in the New York run in the eighth.

New York won the season's series from Detroit, 14 games to eight.

Cleveland drew close to fifth place yesterday when they defeated Chicago 10 to 1 at Cleveland. The White Sox gathered but four hits off Hudlin. The visitors escaped a shut out in the ninth when Hudlin passed the first two men up. Neis later scoring.

Heavy hitting of the home team coupled with loose fielding by the Browns, gave Washington its fourth straight victory over St. Louis yesterday, 10 to 0. Zachaery kept his former teammates' seven hits scattered.

LEAGUE TEAM 5, DIE HARDS 2; IN SOCCER GAME

Regular Players Added Two Goals in the First Half.

VETERANS REAL SPORTS.

Die-Hards Evened Up the Game, But They Lost Three Goals Rapidly.

The exhibition game between the Pick-of-the-League and the Die-Hards in the soccer match resulted in the former winning by five goals to two in one of the most versatile tussles that provided mirth and enjoyment to the fans. There is no doubt that some of the Die-Hards players are worthy of a regular position in any of the present teams. A good attendance of spectators witnessed the encounter at King Edward Park on Saturday afternoon.

First Half.

The Die-Hards began in spicy style repeatedly attacking the Select's goal and their second visit saw Dyer initiate a movement in which he was the performer with an oblique shot that the opposing goal-keeper had to divert around the corner-post. Nothing resulted from the flag kick.

Select Opened The Scoring.

After a continued seige upon the Select's citadel, Robb broke up the attack and carried the ball up-field where Cameron-McPhate combination worked the opening on the defence when the former sent a low grounder into the far corner of the net.

H. Turner Always Dangerous.

Just afterwards, Cameron rapped the cross-bar with a rising shot from mid-field. Time and again, the Die-Hards made tracks for the other end, with Hutton and Clark, keeping Henry Turner busy on the wing and he was always dangerous when in proximity of goal, although over anxious when in front of goal while in possession of the ball, that finally let the defence clear the situation. At last, the Select found their bearings when a raid by Lang terminated in Burrows, the Die-Hards custodian, being the master of the events that prevailed during the bombardment. He punted clear with two fists, then grabbed the ball in succession while being attacked by the forwards.

Lang-Dawson Goal.

During this period, the Die-Hards replied with many raids that provided exciting scrimmages in front of goal. Wilson cleared to mid-field. Beggs carried the play into the veterans territory when Lang was given an excellent opportunity to show "his stuff" when he outwitted the defence near goal and finally leaving Dawson to beat Burrows close-in. In the remaining minutes of the first half, the Die-Hards showed the chosen eleven that they had not lost their cuteness of tactics and flight of foot on the field of play. Half-time—Select 2, Die-Hards 0.

HALF- TIME.

Two goals in arrears, the Die-Hards resumed the second half and there didn't seem much hope of their being able to make any headway. The Select dominating the proceedings in the early stages but they gradually fell away when the Die-Hards registered their first account. Dyer, at centre-half, was conspicious with his experienced movements that gave Hutton the chance to break throughg.

Hutton Scored.

He beat the full-backs and sent out the ball to Clark on the wing who sent one of his "favorites" across to Hutton. The defence closed in upon the goal but the later picked the vacant spot to find the net. Encouraged by their success and the fans encouragement, they added to their total through Hodgson, with a left foot drive.

Lacked Training.

Both teams now on an even basis, brought out forcing tactics by the forwards. Play was of a ding-dong nature until seven minutes before the final whistle when the regular players applied the pressure to the lack-of-training Die-Hards to add to their total through George Logan with two goals and McPhate one. Final—Select 5, Die-Hards 2.

Goal-scorers — Selects: Logan, 2, Dawson, Cameron and McPhate.

Die-Hards—Hutton and Hodgson.

The Teams.

Die-Hards— Burrows (Vets) goal; Anderson (Caledonians) and Chambers (Can. Woollens) full-backs; Bromley (Thistle), Dyer (Vets) and Hodgson (Blue-Birds) halves; Clark (Can. Woollens), Henry Turner (G. G. E.), Hutton (Thistle), Gaskill, (Can. Woollens) and Foster (C.P.C.) forwards.

Select—Fowler (Masseys) goal; Mitchell (Quakers) and Wilson (Quakers) full-backs; Buchan (Masseys), Robb (Quakers) and Beggs (Masseys) halves; Lang (Thistle), Logan (Masseys), Dawson (Thistle), Cameron (Thistle) and McPhate (Thistle) forwards.

Referees—J. C. Russell and Wm. Rickard. Linesmen—J. Baldry and C. Fenner.

MAJOR LEAGUE RECORD

Schneider Cup Race Will Be Held To-Day

VENICE, Sept. 26 (Canadian Press).—High winds, accompanied by heavy seas, yesterday afternoon forced a postponement of the Schneider Cup race until today.

While it is hoped the contest may be staged today, there is no great degree of confidence that conditions will be sufficiently improved to permit the Anglo-Italian speed test of the air.

Continued storms which have been sweeping the region of Padua and Venice may cause the race to be put off for several days.

During Saturday night and Sunday afternoon thousands of visitors, a large proportion of whom were foreigners, continued to pour into the city by special trains. Huge throngs immediately rushed to Lido Beach, which by noon was literally black with spectators.

Excitement, which was running high, was rudely dampened when the loud speakers installed on the beach announced from the office of the sporting committee that the agitated condition of the sea made it impossible to start the race because of the danger under such conditions in taking off and landing. The racing pilots were vastly more disappointed than the spectators, because they were on edge and prepared for the test.

NOT CONSIDER DEMPSEY APPEAL

Athletic Commission Will Not Reverse Verdict Given in Ring.

CHICAGO, Sept. 26. — (Canadian Press). — John C. Righeimer, chairman of the Illinois State Athletic Commission, closed the door on Saturday to any appeal that Jack Dempsey might file demanding a reversal of the decision in his world's heavyy-weight championship match with Gene Tunney.

The decision, unanimously rendered by Dave Barry, referee, and the judges, George Lytton, millionaire Chicago merchant, and Sheldon Clark president of the Sinclair Refining Company stands, and the State Commission, will give no consideration to an appeal for reversal, Chairman Righeimer said.

The commission made it clear that it would give either Dempsey or his manager, Leo P. Flynn, a hearing at any time on any score, but the boxing authorities, also made it equally clear that the commission had no idea of reversing the verdict given in the ring at Soldiers Field last Thursday night.

Flynn said he intended pushing the issue, despite the ruling of the commission, and would present a communication signed by Dempsey, as requested by Chairman Righeimer when Righeimer told him yesterday that Flynn was not recognized by the commission as Dempsey's manager.

O.B.A.A. UPHOLDS HAMILTON PROTEST

Teams Must Replay Game on Wednesday—Three Players Suspended.

TORONTO, Sept. 26.—At a meeting of the O.B.A.A. Executive held Saturday for the purpose of dealing with the Windsor Club's appeal against the decision of the O.B.A.A. sub-committee, ordering Hamilton and Windsor to replay a game at Windsor, the sub-committee's action was upheld. The game has been ordered to be replayed at Windsor Wednesday. Hamilton has one victory to its credit, and, in the event of Windsor winning Wednesday a third game will be played at London on Saturday, Oct. 1.

The status of one of the Windsor players was also dealt with by the O.B.A.A. officials. Charges have been made that this player has participated in games in a Class A.A. Industrial League in Detroit. The player has been asked to appeal before the committee, and unless he clears himself he will be suspended from further O.B.A.A. competition.

The O.B.A.A. announces the suspension of the following players: J. Walsh, Brantford Juveniles, for playing on an altered birth certificate; Oscar Kaiser and J. Manning, Guelph Bantams, for playing on an alleged false birth certificate.

The following bulletin has been issued to the play-offs:

Senior.

Peterborough v. winner Hamilton-Windsor series.

Intermediate.

Semi-final.

Copper Cliff v. Leamington, Sept. 27, 29.

Final.

Winner Copper Cliff-Leamington series v. Deloro.

Junior.

McCormicks, Toronto, win championship.

Bantam.

Moss Park, Toronto, wins championship.

Juvenile.

Finals.

Ottawa v. Toronto Elizabeths (being arranged).

THEATRES

AT THE REGENT.

"VALENCIA" HER BEST PRODUCTION.

"Valencia," May Murray's new Metro-Goldwyn-Mayer starring vehicle now playing ata the Regent Theatre, is said to be one of the most dramatic films of the year.

Under the direction of Dimitri Buchowetzki, the famous Russian director, she has done some of the best work of her career in a role more vivid and colorful than any that have previously fallen to her lot.

It is the romance of a Spanish gypsy who falls in love with a sailor, and is pursued by the governor of Barcelona. The play is gorgeously costumed and staged, with hundreds of people in picturesque Spanish garb, great reproductions of castles and an entire street in Barcelona, and other thrilling details.

The cast includes Lloyd Hughes in the leading male role, Roy D'Arcy as the villainous governor, Michael Vavitch, Michael Visaroff, Max Barwyn and others of note. This group of players has been skillfully manoeuvred through innumerable scenes of dramatic and spectacular appeal, by Director Buchowetzki, who has made "Valencia" the best picture of his career. Miss Murray's work under his direction as a spirited and hoydenish gypsy girl, is a singularly effective piece of acting.

How Many Can You Answer To-Day?

Each question counts 10. If you answer 8 correctly, your intelligence rating is 80%. Actual tests reveal that 8 out of 10 correct is College Standard; 6 out of 10 correct is High School Standard; 4 out of 10 correct is Grammar School Standard. Less than 4 correct is Uneducated Standard.

WINS NATIONAL WOMEN'S TITLE

Mrs. Miriam Burns Horn New Holder of Golf Championship.

PLAYS ACCURATE MASHIE.

GARDEN CITY, September 26 (Canadian Press). — Mrs. Miriam Burns Horn, of Kansas City, on Saturday pulled a deadly accurate mashie from her bag to win the national women's golf championship, defeating Miss Maureen Orcutt, of Ht-worth, N.J., five up and four to play over the final stretch of 36 holes.

Miss Orcutt was much the longer from the tee and had a very slight edge in the putting, but Mrs. Burns was able to place her approaches much closer to the cup. The Missourian also had a less intimate acquaintance with traps, although the winner and the loser managed to inspect many of the sand-infested hazards during the day.

The match required 6 hours 15 minutes to play. The players were taking their time and an enthusiastic gallery of close to 2,000 persons slowed the performance.

Mrs. Horn, the new champion, took full advantage of her first real chance to win the title. She had never before progressed to the finals, although she won the western women's championship in 1923, and was runner-up the next year. Miss Orcutt, too, was a national finalist for the first time, but holds the metropolitan women's championship for the second time.

The play was not sensational except at rare intervals. Mrs. Horn sent many booming brassie shots roaring through the fairways, and Miss Orcutt contributed perhaps the best individual shot of the day when she fired a great iron full on the 17th to make a par four certain beyond all question when she needed the hole.

Mrs. Horn's steadiness stood out most prominently on and near the greens. She took as many putts but her mashie approaches were unbeatable.

LAKEFIELD NEWS

LAKEFIELD, Sept. 24.—Miss Edith Bullock, who has been visiting Mrs. Robert Bullock, is visiting friends in Dummer before leaving for her home in Flint, Mich.

Mr. E. Bickell was visiting relatives in Peterborough last week.

Mr. John Caughan, who spent the summer at Viamede, Stoney Lake, passed through the village on Friday en route to his home in Brechin.

Mrs. J. Fitzpatrick and daughter, Phyllis, who have been visiting the former's parents, Mr. and Mrs. R. J. Crawford, have returned to their home in Farnham, Que.

Miss Vera Botterill was in Peterborough on Thursday.

Mrs. L. H. Grahame has returned from McCrackens Landing, where she spent the summer, and is again residing at "Uplands."

Messrs. R. J. and M. J. Gray, of Cornwall, were guests of Rev. and Mrs. A. W. Mackenzie at "The Grove" last week.

Mr. Glenn Griffiths, of the Ontario Agricultural College, Guelph, was in the village last week for a few days visiting Rev. and Mrs. A. W. Mackenzie at "The Grove."

Mr. W. G. Garbutt, of Hamilton, was in the village last week.

Mr. G. G. Connell was in Peterborough on Thursday last attending the fair.

Mrs. (Dr.) Bell, Sr., and Mrs. (Dr.) Bell, Jr., and small son, of Hamilton, have returned home from a visit to Miss Bella Hamilton.

Mr. Roy Everett, of Peterborough, spent the week-end in the village.

Mrs. W. L. Ianson and daughters and Miss Mildred Miller, of Viamede, Mount Julian, passed through the village on Friday last en route to Sunderland.

Mr. Fred Moor was in Peterborough last week attending the Exhibition.

Mrs. Lawrence M. O'Neill and son, who spent a month with the former's parents, Mr. and Mrs. George Charlton, have returned to Buffalo.

Mr. E. Hummell, of Peterborough, was in the village on Saturday on business.

Mr. and Mrs. Wellington Quinn and daughter, of Gurney, Ont., were in the village last week visiting the former's parents, Mr. and Mrs. A. Quinn, and other relatives.

Mr. Mark Paul was in Peterborough on Saturday attending the Exhibition.

Mr. Gordon Porter left on Monday for Kingston, where he has entered Queen's University.

Mr. J. W. Ridpath spent the week-end with friends in Toronto.

Mr. and Mrs. Thomas Shields, of Flint, Mich., who have been visiting Mrs. Robert Bullock, spent a few days in Dummer last week.

Mr. and Mrs. C. E. Strickland and daughters returned to the village last week from McCracken's Landing.

Miss Maud Stenner and Mr. Cecil Stenner, of Toronto, are guests of Mr. and Mrs. C. C. Stenner.

Mrs. Wynnearls and Miss Wynnearls, of Winnipeg, are guests of Mrs. E. Cameron at "Alton" cottage.

Mrs. McMillen, of Pittsburgh, Pa., is visiting Mr. and Mrs. Oliver George in the village.

Mr. and Mrs. F. J. Burgess and Miss Helen Burgess were in Peterborough on Thursday attending the Exhibition.

Miss Jean Hamilton, of Douro, is the guest of Miss Bella Hamilton.

Mr. A. H. Clarke was in Peterborough attending the Exhibition.

Mr. F. M. DelaFosse, of Peterborough, and Mrs. Frewer, of Toronto, were in the village on Sunday morning.

Mr. William Brown, who spent the summer at Viamede, Stoney Lake, passed through the village on Friday en route to his home in Whitby.

Miss Phyllis Atwood, of Toronto, spent the week-end with her grandmother, Mrs. Atwood, at "Ashelworth."

Mr. and Mrs. H. Beavis and Miss Webster left last week for Detroit.

Mr. and Mrs. Rodney Cameron and daughters, of Toronto, are visiting Mrs. E. Cameron at "Alton" cottage.

Mrs. H. S. Greenwood, of New York, is the guest of Mr. and Mrs. E. R. Tate at "Bendennas."

Mr. and Mrs. J. R. Hull and daughter are at their cottage on Stoney Lake.

Dr. and Mrs. M. P. Kennedy were at their cottage, "Ailsa Craig," near Crowe's Landing, last week.

Mrs. T. A. Simpson and Miss Kate Simpson motored from Toronto for the week-end in the village.

Miss Jean Erskine spent a few days in Toronto last week.

Mrs. Bert Kidd, of Syracuse, is visiting Mr. and Mrs. W. J. Madill.

Mr. John Maloney, of Scottsville, N. Y., is visiting Mr. and Mrs. G. A. Charlton.

Mrs. Harvey spent a few days in Peterborough last week attending the fair.

Miss Mary Johnston was in Peterborough on Monday night with friends.

Mrs. Stephen Nicholls, of Port Colborne, spent the week-end with Miss Nelson.

Mr. and Mrs. J. A. Porter and Mr. Gordon Porter were in Peterborough on Thursday last.

Mr. Elwood Rowe, who spent the summer in Rochester, N. Y., was in the village on Saturday en route to Peterborough to attend the fair.

Mrs. Rutland, of Detroit, who has been visiting Mr. and Mrs. Crawford in the village, left last week to visit Mrs. Fitzpatrick (nee Opal Crawford) in Farnham, Que.

Miss Gwenyth Northey spent Saturday in Peterborough attending the Exhibition.

Mr. J. H. Chant, of Unionville, was in the village on Monday.

Miss Sadie Young, of Warsaw, spent the week-end at her home in the village.

Mrs. R. J. Crawford and Master Richard Page left last week for Farnham, Que., where they will visit Mrs. Fitzpatrick.

Mr. A. J. Young was in Whitby last week attending the district conference of laymen of the United Church.

Miss Maxwell Hamilton left to enter Compton College, Compton, Que.

Mr. H. Wynnearls, of New York, is the guest of Mrs. E. Cameron.

Miss Elsie Ogilvie, of Toronto, is visiting at her home in the village prior to going to McGill University to take an eight months' course in hospital administration.

BLACKHEADS

Blackheads go quickly by a simple method that just dissolves them. Get two ounces of peroxine powder from your druggist, rub this with a hot, wet cloth briskly over the blackheads—and you will wonder where they have gone.

YOUNG'S POINT

YOUNG'S POINT, Sept. 24.—Miss Bess. Wilson, who has spent the summer at Viamede, returned to her home in the village on Tuesday.

Mr. and Mrs. Percy Hockaday spent a few days in Toronto last week.

Miss Margaret Ianson was the guest of Miss Bess. Wilson on Wednesday.

A number of local people attended the School Fair held at S. S. No. 7 this year. Miss Daisy Wilson, of Young's Point School, won first prize for public speaking.

Mr. and Mrs. Stanley Johnston and baby spent the week-end with friends in Chandos.

The annual harvest home of the Anglican Church was held on Sunday last. The church was beautiful with flowers, fruit and vegetables, and the Rev. R. T. C. Dwelly gave a very forceable address on "Giving."

On Wednesday last at the Burleigh Fishing Club the Rev. R. T. C. Dwelly united in marriage Mr. E. Cresswell and Miss Sexsmith, of Buffalo. The immediate friends of the contracting parties were in attendance, and after the ceremony a sumptuous wedding breakfast was served to about thirty guests.

Of the millions of packages of Red Rose Tea sold, few, if any, are returned as unsatisfactory. That's because Red Rose is packed only in Aluminum. There is never any loss of flavor through dampness. Never any staleness or deterioration. The bright, clean aluminum container keeps Red Rose as fresh and flavory as the day it was packed.

BOWLERS WIN MANY TROPHIES

Past Season Has Been Very Successful For Local Club.

AT HOME AND AWAY,

The past season has been the best in competition, ever experienced by the Peterborough Bowling Club. The trophies that have been won by the club and and some that are being presented in local tournaments not yet completed, are shown in the display window of the Regent Tailors.

The centre of attraction is the large trophy presented at the Cobourg tournament, the John W. Bickle Memorial Cup, to be competed for in the annual doubles competition, won this year by Joe Bennett and J. J. Howden of Peterborough. In the same competition T. C. Elliott and R. Dyer were second and H. Martin with A. Brown won third place, bringing home "everything but the lake" as one of the bowlers remarked.

The Nicholson File Company Trophy from Port Hope, presented this year for the first time, was won by a rink skipped by Walter Oke. This cup for annual competition will be given outright to the club winning it the oftenest in ten years.

George Cairns' rink brought back the Carew Trophy of Lindsay, for the winning of which each member of the ring was presented with a miniature cup. This rink was also successful in winning the Cobourg Lawn Bowling Club trophy.

The rink skipped by J. H. Sedgewick, president of the Peterborough Club, took high honors in winning the Wilbur S. Gordon Trophy, donated by the manager of the Steel Trough and Machine Co. of Tweed. Each member of the team got a miniature cup.

In the local tournament the Warne Trophy was won by J. W. Mayneord's rink as was also the R. M. Glover Challenge Cup. This rink was successful, too, in winning a first in the Consolation Tourney at Bowmanville.

The Frank Clarke Cup for doubles was won by J. W. Mayneord and R. Sorensen.

In the open competition J. T. Braund on the singles event. Reg. Fox and Harold Freeman came out on top in the doubles.

The rink skipped by Rex. Fox was runner-up in the primary competition which was won by an outside rink.

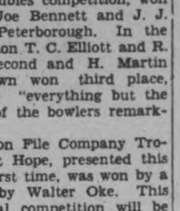
Besides these winning rinks there were several local rinks finished in the money at the various tourneys.

Reg. Fox was a runner-up in Campbellford.

The singles competition is not yet finished.

The Ladies' Club, which is a subsidiary of the mens, won the Roland Denrie Trophy for annual competition, Mrs. George J. Johnsons rink being the victors, while Miss Allen's was runner-up.

Soccer Notes



A special meeting of the P and D. F. A. will be held To-night in the Chamber of Commerce Rooms at 8 o'clock. Representatives and officials are requested to attend.

A very good propostion has been forwarded to the local fans in soccer by the Toronto Scottish who are passing through the city en route to Montreal on Saturday at noon and desire to play a game in the city against the pick of the league, providing that they get remuneration for staying off until Saturday evening before going on to Montreal to play Carsteel on Monday. This would be a great opportunity to boost along the scientific code. What about it local teams or local executive.

RUGBY NOTES.

The Junior Rugby team will hold a full uniform practice tonight in Confederation Square and all players are requested to be on hand.

An Open Letter

TO THE PUBLIC:

The management of Canadian Department Stores, Limited, takes this opportunity of expressing to citizens of Peterborough and surrounding country their grateful appreciation of the wonderfully generous response to this store's Capacity Day Event.

The unqualified success of this sale is unquestionably due to the good will of the people, and proves that the Canadian Department Stores, Limited (late Cressman Co., Ltd.) is handling clean-cut merchandise and selling only such goods as this firm can conscientiously guarantee, is to-day, and always will be, appreciated by discriminating women, misses, and men. Pronounced public approval of our business policy is irrefutable evidence that Chain Stores Buying is not an experiment, but an efficient service that gives BETTER VALUES.

In conclusion, we extend our warmest thanks to all who by their patronage contributed to the marked success of our Capacity Day event. And the buying public can at all times rest assured of getting from us, SUPER-QUALITY, EXCELLING SERVICE and the VERY UTMOST SATISFACTION.

Yours Sincerely,

Canadian Department Stores Limited

BOOKLET ON RUGS IS BEING ISSUED

Toronto Carpet Company Discusses Importance in Decorating.

"The Importance of the Rug in the Decorating Scheme" is the title of a fine little booklet just published by the Toronto Carpet Manufacturing Company, Limited, dealing with the Barrymore line of rugs. This is the first book of its kind ever published in Canada, and copies may be had free on application to the publishers.

It is an extremely attractive booklet of good size and beautifully designed with colored plates illustrating the beauty of the Barrymore rugs as manufactured for various uses. An introductory article deals with the importance of the rug as a decorative adjunct to a room, and later articles outline the proper method of choosing rugs for different interiors and describe the good qualities of the Barrymore product.

Finely colored plates show in detail the designs and shades of the rugs mentioned, illustrated for use in the library, the dining room, the boudoir, bedrooms and halls, with full descriptions of the color scheme of harmonizing furniture and fittings. An illustration in colors of half a dozen attractive Barrymore mats closes the very interesting and informative material featured in this desirable little book, where one paragraph gives a hint of the excellence of the contents: "Long ago a carpet ranked with gold and precious stones, and even today when modern mechanical genius has made it possible for practically everyone to own rugs of quality and beauty, a sense of romance still clings about their selection. But the practical aspect must outweigh the romantic, if satisfaction is to dwell with the new rug."

CRICKET NOTES

In the return match played at Oshawa recently, the Peterborough Cricket Club won handsomely by 5 wickets and 101 runs. Peterborough batted first and scored 138 runs for 5 wickets, when the innings was declared closed. Oshawa replied with the small total of only 37 runs.

For Peterborough, Elliot bowled magnificently taking 9 wickets for 19 runs. P. Dyer made 38 runs, C. Thorpe 36 not out, Elliot 24 not out, and Dunkerly 12. This was Peterborough's last scheduled match for the season.

BEAUTIFY RAIL LINES.

BERLIN, Sept. 26.—In Germany, the term "down by the railroad tracks" no longer implies a locality of squalid ugliness. The German Railways Administration has set aside 100 monetary prizes to be awarded to persons along the rights-of-way who have cleaned up and beautified their property.

HARRIERS CLUB.

Meeting Is Transferred From Tuesday To Wednesday Evening.

he Harriers Club will meet Wednesday night at 7 o'clock, instead of uesday, as previously announced, for the membership corps is holding a meeting on Tuesday night which would conflict.

FIND ANCIENT FOREST.

WOODLAND, Wash., Sept. 26.—Receding flood waters of the Lewis River have uncovered an ancient forest believed to date back three or four thousand years. Stumps of trees, in perfect state of preservation, were discovered. Growing forests lived in new soil above them. The old stumps were 5 to 8 feet in diameter.

Bobbing of school girls' hair is favorably regarded by medical authorities, who wish boys wore their hair correspondingly short.

YOUTHFUL GOLFER.

Here is Colin Peter Rutherford, aged six and a half years, of Shanghai, ready for his daily practice on the putting green at the Empress Hotel, Victoria, B.C. In his travels Peter has crossed six of the seven seas.

YOU POOR KID, WHY ARE YOU SO SKINNY

Don't your Mother know that Cod Liver Extract will put pounds of good healthy flesh on your bones in just a few weeks?

Tell her every druggist has it in sugar-coated tablet form now so that in just a few weeks she can help you get back your appetite —make your body stronger—your feet nimble and your mind keener.

Tell her if they don't help greatly in 30 days she can get her money back.

Tell her that McCoy's Cod Liver Extract Tablets are chock-full of vitalizing vitamines and are the greatest flesh producers and health builders she can find.

One sickly thin kid age 9, gained 12 pounds in 7 months.

She must ask McDermid & Jury, Bond's Drug Store, McDermid Drug Co., Jas. Lynch, or any good druggist for McCoy's Cod Liver Extract Tablets—60 tablets—60 cents.

WHAT'S YOUR RATING?

Y.W.C.A. WEEK'S ACTIVITIES

Rally, September 30:

The Y.W.C.A. Rally marks the beginning of the Fall and Winter activities of the Association. This year the program for the Rally will be in the nature of an exhibition. Each class will be represented by a pretty display and the gymnasium classes by drills and dances. Girls and posters will explain about the numerous delightful things to do at the Y.W.C.A. Everyone is cordially invited to come to the Rally, Friday, September 30 at 8 o'clock.

Classes Already Planned.

All interested in the following classes should plan now to attend the Rally and register for the classes as early as possible; Gymnasium for Juniors and Seniors; Home Nursing and First Aid Courses, Elocution Lessons; Ukulele Club, Basketry, and Wood Carving; Christmas Novelties Club; English Literature Course, and Junior Cooking and Junior Story Hour. There are also Junior and Senior Clubs for all-round programs, interesting Bible Study Courses, Sunday Song Services and Friendly Hours.

Big Junior Rally, October 1:

All Junior friends of the Y.W.C.A. are invited to a Junior Rally at 2 o'clock on Saturday. There will be an interesting program of games, stories, drills, dances and refreshments. This is the first party of the season and is for Babies' and Junior gymnasium classes. Intermediate and Junior dancing classes, swimming Juniors, Junior Club members and all children of the city under 14 years of age. Come and have a good time.

Gymnasium Classes:

All gymnasium classes will commence the week of October 3. As the "Y" is anticipating a big registration this term, all are asked to register early and be ready for the first classes.

The following classes are asked to meet for special practices this week for the faily program:

Monday and Wednesday, at 6.30: Advanced Class. Special Senior School Girls and Senior Dancing Class.

Tuesday and Wednesday, at 4 p.m., Special Babies' Class and Special Juniors and Junior Dancing.

Swimming:

All those who have not completed their Swimming Lesson Tickets are reminded that this is the last week for lessons. The month of October the swimming pool will be open for swimmers and life-saving and competitions.

All girls wishing to enter the Y.W.C.A. swimming contests are asked to notify the Physical Director Special competitions are being arranged for the big exhibition in October. Enjoy a swim now in warm, filtered water.

Holders of Junior, Senior and Babies' swimming championship cups are requested to return same to the Y.W.C.A. office by September 20.

Classes for this week are:

Nurses Class—Tuesday and Wednesday, 2.30.

Junior and Babies—Tuesday and Wednesday, 4.30.

Junior Diving—Wednesday 5.

Junior Life Saving—Wednesday 5, and Saturday 11.

Senior Classes—Monday 8, and Tuesday 6.30.

Morning Classes—Tuesday, Wednesday and Thursday.

Senior Life Saving—Monday 7.30, Wednesday 8.

Friday night, Special Swimming Meet at 9 p.m., in connection with the Rally.

Leaders' Conference:

Girls who are especially interested in the four-fold program of the Ycung Women's Christian Association are invited to register for the week-end conference, October 8 and 9.

Are You a Member of the Y.W.C.A?

The Young Women's Christian Association is the largest national and international organization that stands back of girlhood to build for character and womanhood. Join Now. 1d, 73, 2718

AROUND THE CITY

On Saturday at 11.40 a.m., the Fire Department had a call to 201 Romaine Street. The cause was a chimney fire, which did no damage.

Immediately after, at 11.41 a.m., a small roof fire claimed attention, and there was some slight damage done before it was extinguished.

At 11.21 p.m. a contractor's truck employed by the Hydro Commission for work on the power lines outside the city, took fire at the corner of Braidwood Avenue and Lock Streets. The cab was thoroughly gutted by the fire, all the woodwork being burned, the glass cracked, and the steering wheel burned. So intense was the heat that the aluminum spokes of the steering wheel melted away. The grease taking fire, carried the blaze to the hood, from which all the paint was burned and the left front tire was burned through. The roof was burned off the cab, but the fire did not extend back to the rack to any marked degree.

The panel was burned from about the instruments on the dash, leaving them suspended by their connections, and much damage is probably done to the mechanism of the truck, but the garage in charge of repairs cannot do anything until the insurance company sees it in its present condition, although the company is impatient to have it at work again.

The police on their arrival could find no trace of the driver, but he was taken into custody at the fire station yesterday.

BLUEBIRD DIAMONDS

There's a lot of personal satisfaction in owning the Highest Quality Diamond. Bluebird Diamond Rings are of this quality, high in brilliancy, purity, and cutting. Every mounting is made by expert craftsmen, hand-wrought from solid gold.

These Rings are moderately priced from $35.00, $37.50, $50.00, and up.

Ask to see these.

A.Y.P.A. EXPECTS 300 DELEGATES

Annual Dominion Convention To Be Held Here Next Month.

MAKING PREPARATIONS.

Peterborough has been chosen for the second time in seven years to entertain the Dominion Conference of the Anglican Young People's Association. This appreciation of the hospitality extended in 1921 has made the members of the local branches determined to outdo their record of that year, and a number of energetic committees are already lining up billets, refreshments, and entertainment for the visitors.

The reputation gained by the Peterborough District branches (for Omemee, Lakefield, Millbrook, Ida, and Lindsay help, principally by supplying good things to eat) has spread around the other branches and there will be at least three hundred happy young people here for four days, expecting a good time and interesting meetings. They will come from all direction sand meet together for devotion, instruction, and entertainment, and go away to spread the name of Peterborough even further as a hospitable city, if the ambitious plans of the general committee, which is headed by Bert Graham of St. John's, and all the subsidiary committees are carried out even half as well as they expect.

LAYS CHARGES AGAINST CHIEF

Windsor Alderman To Ask For Inquiry Into Police Administration.

CLAIMS IRREGULARITIES.

WINDSOR, Sept. 26. — (Canadian Press). — When Windsor City Council meets to-night Alderman C. Curry, a first year member of the council, will bring definite charges of irregularities centreing around Daniel Thompson, chief of Windsor police, he said to-day. These charges will call for a complete report on fees and "extras" which Alderman Curry says, certain officials of the department pocketed in 1926-27 and his resolution calling for the report will also demand a provincial inquiry into police administration.

Sgt.-James Wilkinson, of the city's finger print bureau is also named in alderman's list of complaints.

Chief Thompson has been head of the local force since 1920. He came from Peterborough, Ont.

CORN BORERS IN THIS COUNTY

Quarantine Likely Next Year Unless Proper Steps Are Taken.

METHODS DESCRIBED.

The local Department of Agriculture reports that the European Corn borer, has been found in sweet corn in several sections of the County during the last month. As yet, Peterborough County is not under corn borer quarantine, but if the infestation spreads it will be next year. Professor Caesar, who is in charge of corn borer work in the province, makes the following recommendations for the guidance of the people of Peterborough County:

"Gather up, dry, and burn either this Fall or next Spring all corn stalks and corn refuse. In the case of sweet corn this should be done as soon as the crop is harvested. Included in the clean up all the coarse weeds which may be along the fences or near where the corn was. It is necessary also to plow or dig all the corn ground, so that all the stubbles and small pieces of corn stalk may be buried and the borers so destroyed.

If everyone having sweet corn in this district will follow these recommendations, it may save the County a serious infestation in the next year, says Professor Caesar.

Further information on this subject may be obtained from J. B. Nelson, of the local branch of the Department of Agriculture.

Corn Prices Go Up While Wheat Falls

CHICAGO, Sept. 26 — (Canadian Press.)—Unfavorable weather conditions over the corn belt, threatening widespread serious crop damage, led to a rapid early jump in corn values to-day. Wheat tended downward, affected by lower Liverpool quotations than were looked for. Starting 1¼c. to 3 3-8 up the corn market continued to show strength. Wheat opened unchanged to 5-8c. off and subsequently underwent setbacks all around. Oats were firm. Provisions tended to advance. Opening prices were:

Wheat, September 123¾, December 131¾. Corn, September 99, December 102½. Oats, September 47½, December 49¼.

Oil and Liquor Stocks Are Active This Morning

TORONTO, Sept. 26.—(Canadian Press.)— Oils were very active and strong on the Toronto stock exchange this morning. Heavy trading in Northern Bakeries and Page Hersey also featured the market. Imperial opened at 64½ and receded to 63½, a net gain of 1¼ points over yesterday's close. British American and International Petroleum each at 33 7-8, were up ¼ and 3-8 respectively. McColl gained 1-8 at 50 and Canadian Oil one at 32.

Brewery and Distillery stocks were active, Industrial Alcohol easing ¾ to 38¼ and Walkers ½ to 52½, while Carlings was firm at 26 and Seagrams at 22. Gooderham and Worts was up ½ at 49½. Canada Malting was also up ½ at 32½.

Massey Harris preferred showed the biggest gain of the market at 108½, a net gain of 4½, while Brazilian at 196½ showed an advance of 3¾. Alberta Grain was up ½ at 34¾, while Canada Bread at 160 and Shredded Wheat at 70½ remained firm Page Hersey was off 3½ at 85. The mining stocks were weak, Amulet losing 45 at 655, Kirkland Lake seven at 230, and International Nickel holding firm at 69 7-8, while Noranda recorded ao gain of 20 at 25.00. he bank stocks were also weak, Imperial being down six at 239, Royal five at 320, and Commerce three at 283, while the rest remained firm.

Lake Shore's Advance Features Mine Market

TORONTO, Sept. 26 (Canadian Press).—Lake Shore's advance of 93 to 26.53 was the feature of heavy trading on the Standard Stock and Mining Exchange this morning, when transactions were almost a million shares. Amulet dropped 28 to 669, and Area 3½ to 62½, while Barry Hollinger was up 7¾ to 79¾. Bidgood and Corona were each up one point at 39 and 17 respectively. Argonaut Con. eased 1½ to 41, as did Gold Hill Mines at 29. Dome Mines showed a gain of 35 at 11.25, and Duprat ½ at 12½. Grover Daly at 18, Tough Oakes at 30½, and Cap Rouyn at 17 were firm. Kirkland L. and Laval Quebec each eased one at 254 and 44. Noranda and Wright Hargreaves each showed a gain of ten at 24.85 and 7.25.

Stock Prices Go Down In Wall Street To-day

NEW YORK, September 26 (Canadian Press). — Stock prices turned reactionary after an early display of strength to-day. The selling was believed to have been impaired largely by fears of a huge increase in the brokers' loans this week as a result of the conversion of General Motors stocks. Banks called about $10,000,000 in loans during the morning, but call money appeared to be in plentiful supply around the renewal figure of four per cent.

Outside the stock market, the chief interest centred in the sharp rise of $3.50 a bale in cotton on reports of unfavourable crop weather in the south-west.

The strength and activity of the Public Utilities, a dozen of which attained new peak prices, featured the early trading. Moderate gains also were recorded in a number of mercantile, food, oil, tobacco, and motor shares. The renewal of selling pressure against steel shares reflected disappointment over the failure of the expected fall pick up in demand and operations to materialize. "Bear" traders launched another offensive against some of the specialties, breaking New York Air Brake five points on the publication of a poor semi-annual earnings report and bringing about a similar decline in Houston Oil in the early afternoon.

Such recent favourites as Texas Gulf Sulphur, American Smelting, Kelly Springfield eight per cent. preferred, Goodrich Rubber, General Electric, and Commercial Solvents also sagged two points or more under the weight of selling for both accounts.

BELMONTS PLAY TO-MORROW NIGHT

Good Softball Game Likely in Ontario Finals.

To-morrow evening, at James Stevenson Park, the Belmonts, local softball champions, and conquerors of the fast Kingston nine, meet the best of the Hamilton district in the finals of the play downs for the Ontario softball championship. The local team, although it is some time since the last game, has been practicing conscientiously for this series, and are sure to put up a grand battle in making their bid for the laurels, and a keenly fought contest is inevitable when these two, each champions of their district, and survivors of the strenuous preliminary play-offs, clash for premier honors.

The return game will be played in Hamilton on Saturday, and if the local satellites can carry a one-game margin on the credit side of the books to Hamilton with them, it will take a near-miracle to beat them out of the series.

MELLOR APPEARS IN COURT TO-DAY

New Charge Laid By Authorities Against Picton Pastor.

PICTON, Ont., Sept. 26 (Canadian Press).—Rev. Joseph J. Mellor, former pastor of Picton United Church, who surrendered himself to the police here on Saturday afternoon after being "tipped off" that the authorities had issued another warrant against him, was to have appeared before Magistrate Williams in Police Court early today, but a delay was made until this afternoon in order to permit the attendance of Provincial Police Inspector John Miller of Toronto, who holds the warrant containing a new charge against the minister.

Mellor pleaded guilty last week to a charge of having committed a serious offence against a young resident of Picton and was fined $100 and costs. He also made a settlement with the young woman by which he agreed to pay her $1,000.

MORE APPLYING FOR POSITIONS

End of Outside Work Season Causes Increase at Bureau.

101 NOW ON LIST.

There was a large increase in the number of applications this week at the Employment Bureau, there being 67 new applicants, while only 33 were placed, increasing the number on the list to 101. This increase is due to farm help, now that the harvest season is practically over, coming to the city for winter employment, and also on account of much of the outside work, such as building, etc., being completed, said Superintendent Hugh Robertson.

OBITUARY

B. BINGHAM.

The funeral of the late Mr. B. Bingham took place on Saturday at 2.15 p.m., from the family residence, 595 George street. The pallbearers were six brethren of Lodge L.O.L. No. 1175.

MRS. T. SWITZER.

There died in Peterborough on Sunday, Sept. 25, 1925, Mrs. Catharine Switzer, wife of the late Tobias Switzer, in her 75th year. She leaves to mourn her loss one daughter, Mrs. (Dr.) DeCew, of Buffalo, N.Y.

The funeral will take place from the familly residence, 753 Water street, on Tuesday, September 27th, at 2 p.m., with Rev. J. E. Todd officiating.

WEDDING BELLS.

WELSH—FOSTER.

A quiet but pretty wedding took place on Thursday last, at the residence of Rev. R. K. Mills, who performed the ceremony, when Thelma Geraldine Foster, eldest daughter of Mr. and Mrs. J. Foster, Jackson Park, was united in the holy bonds of matrimony to Mr. Frederick William Walsh of this city.

The bride was attired in grey georgette with overskirt of white silk lace.

Mr. and Mrs. Welsh left for a trip to Niagara Falls, to reside in the city on their return.

HAGERMAN—THOMSON - CURRIE.

The marriage was solemnized quietly at noon to-day, at the residence of the bride's parents, 34 Benson avenue, of Dorothy Louise, only daughter of Mr. and Mrs. R. C. Thomson-Currie, and Mr. Cecil R. Hagerman, youngest son of Mrs. Hagerman, 161 Hunter street east and the late A. Hagerman.

The ceremony was performed by Rev. Wm. Allen, in the presence of the immediate relatives and friends.

SIMMONS—BENNETT

The wedding took place at eight o'clock this morning, at St. Peter's Cathedral, of Violet May, youngest daughter of Mr. and Mrs. Wm. C. Bennett, King Street, to Francis E. Simmons, son of Mr. and Mrs. W. C. Simmons, Crawford's Grove. Rev. G. Maher performed the ceremony. The wedding music was played by Miss Hurley

The bride, who was given in marriage by her father, wore a gown of rosewood georgette with black picture hat and carried a bouquet of Madame Butterfly roses.

The bridesmaid, Miss Isabella Flint, was in lemon-colored georgette trimmed with brilliants, wearing a black picture hat and carrying a bouquet of yellow chrysanthemums.

Mr. R. H. Bennett, brother of the bridegroom, acted as best man.

Later, a dainty wedding breakfast, attended by about forty of the friends of the family, was served at the home of the bride's parents, with a reception. Mrs. Bennett, mother of the bride, was in navy crepe, and Mrs. Simmons, mother of the bridegroom, wore sand colored satin.

Mr. and Mrs. Simmons left at eleven o'clock by motor for a trip to Toronto and Niagara Falls; the bride wearing a sand-colored dress and coat, with hat to match. On their return, they will reside at 266 King Street.

The young couple received many useful and beautiful gifts from a large circle of friends.

HILLIER—KENT. 6

A pretty wedding took place at four o'clock Saturday afternoon in St. John's church, when Kathleen Beatrice eldest daughter of Mr. and Mrs. George Kent, 386 Murray street, became the bride of Delbert F. Hillier, eldest son of Mr. and Mrs. Fred Hillier, Lansdowne street. The ceremony was performed by Rev. Dr. R. C. Blagrave.

he bride, who was given in marriage by her father, was dressed in blue georgette, trimmed with ecru lace and sequins and carried a bouquet of pink roses.

The bridesmaid, Miss Frieda Shurety, wore maize georgette with hat to match and carried a bouquet of white asters.

Little Lucille Hillier and Helen Kent acted as flower girls, dressed respectively in blue silk and white voile, with ribbon bandeaux and carrying baskets of vari..colored asters.

The best man was Mr. Paul Hillier, brother of the bridegroom.

After the ceremony, about seventy-five guests were entertained at a reception held at the home of the bride's parents, Mrs. Kent, mother of the bride, receiving in grey satin and Mrs. Hillier, mother of the bridegroom, in orange satin.

Mr. and Mrs. Hillier left later for Kingston, the bride travelling in a tweed coat with small felt hat and fur neckpiece. On their return, they will reside on Lansdowne street.
